

never divorce 241

Chapter 241

Zheng Yifan drove directly to the hospital. Mu Ru not only had a bump on her head, but she was also running a fever. It was probably because she caught a cold in that damp and dark room, so she caught a cold.

Fortunately, the fever had not been long. Although it was a high fever, Mu Ru's body was still pretty good. When she was young, she rarely fell ill and rarely took medicine. She almost never had an injection. Therefore, she went to the hospital to hang two bottles of intravenous drip, and the fever subsided.

After the fever subsided, Zheng Yifan brought mu ru home. The Sky was already numb and bright. Mu Ru slept in his guest room for more than an hour before she got up because she still had to rush to the flower market to help.

Zheng Yifan said, "don't go to the flower market. It's the New Year's eve today. Why are you still working?" "Besides, you ran out of that room. If people find out that you ran away, they won't be able to catch you anymore, right?" "maybe they're waiting for you at the flower market??"

Mu Ru felt that Zheng Yifan's words made sense. She really couldn't go to the flower market to work, so Zheng Yifan drove her to the staff dormitory of the flower shop. She used the key to open the dormitory door and went in to pack up her things Then, she quietly left.

When she returned to Zheng Yifan's residence again, Mu ru saw his haggard face. She knew that it was because he didn't sleep last night to look for her, so she felt bad in her heart. She quickly said that it was all thanks to him this time. When she found a job in the future and earned money.. She must treat him to a good meal. He could choose any place he wanted.

Zheng Yifan laughed when he heard Mu ru say that. As he helped her move her luggage into his guest room again, he smiled and said, "Mu Ru, you don't have to treat me to a meal because I'm not interested in eating."

Mu Ru was stunned when she heard this, then she asked in a low voice, "then what are you interested in?"

"I'm interested in you," Zheng Yifan said very naturally He turned to look at her and smiled. "If you really want to thank me, then give yourself to me and marry me as my wife. This way, I can protect you at any time, and no one will dare to capture you to blackmail the Dongfang family. Because if that happens, you really won't have anything to do with the Dongfang family."

Zheng Yifan said this in a slightly joking tone, but his face was full of anticipation. He looked at Xi Muru beside him. Even though she had a birthmark on her forehead, and even though she had lost some weight and turned a little dark.. He still felt that she was very suitable for him.

Mu Ru was stunned when she heard his words, then she glared at him. She turned her back to him and said, "Zheng Yifan, if you really think so, I think I'd better move away quickly. This place is not suitable for me to live in."

"Sigh, looks like my charm is not enough." Zheng Yifan sighed and reached out to turn her back around. He lowered his head slightly towards her head. He said softly, "alright then. My request for you to repay me is too low. Then I'll lower my request a little. Can you at least kiss me?"

Mu Ru's face instantly flushed red. She lowered her head and did not even have the courage to look up at Zheng Yifan. She only said softly, "about that, Zheng Yifan, I was very tired last night. I also hung up the IV drip. My head is still a little dizzy. I want to sleep for a while. I woke up in the afternoon to help you cook. Can you go out first? Also, you should go and sleep for a while. Look at you..."

"Then, can we sleep together?" Zheng Yifan's hand did not release Mu Ru's shoulder. He lowered his head and pressed his forehead against her forehead. He said softly, "Mu Ru, look at yourself. Your body is still cold. And last night, in order to smash through that wall, my hand was bruised by that Hammer. Don't you feel sorry for me?"

Chapter 242: Thank you

As Zheng Yifan spoke, he reached out his palm to Mu Ru and said softly, "Mu Ru, why can't you feel my sincerity? Don't tell me you really have to be like your eldest cousin to remember him?"

Mu Ru's heart ached when she heard this. She looked at the blood blisters on Zheng Yifan's palm and the ones on his fingers. She could not help but think of the scene last night in the dark and damp hut. If Zheng Yifan had not come to save her in time.. She might still be in Leng Leiting's hands now. Perhaps he would hit her on the head with a wooden stick again or hit her on the body because of Xi Muxue's whereabouts.

When she thought of this, her heart could not help but heat up. Zheng Yifan was able to rush to her side in time last night and think of a way to save him at all costs. To put it bluntly, he truly treated her as a friend.

Thus, she could not help but reach out and hold his hand. Her fingertips carefully caressed the blood blisters. Her clear and bright eyes gradually became misty. She asked softly, "it hurts, doesn't it?"

Zheng Yifan heard her soft voice and lowered his eyes. His gaze was somewhat infatuated as he looked at her. He grabbed her hand and held it in his palm. Then, he slowly pulled it to his chest and said softly, "my hand doesn't hurt that much, but it hurts here."

Mu Ru's cold fingers instantly came into contact with the skin on Zheng Yifan's chest because of Zheng Yifan's pull. The cold and hot instantly came into contact. She was so scared that she instinctively wanted to pull her hand back.

However, Zheng Yifan did not let go of her hand and held it tightly to his chest. In his chest, the healthy heart was beating vigorously. It was transmitted to Mu Ru's heart through mu Ru's palm, causing mu RU's face to instantly turn red to her ears.

Zheng Yifan looked at her flushed face and could not help but chuckle. He moved closer and lifted her hair, which was still disheveled because she had just washed her hair, and looked at the slightly dry lips under her fair and delicate nose.

In the end, he could not resist the temptation. He lowered his head and pressed his forehead against her forehead. The tip of his nose pressed against the tip of her nose, and his thin lips slowly pressed against her lips... ..

Mu Ru's lips were dry and soft. Her body, which had just taken a shower, carried a faint fragrance. She inexplicably wanted to gently draw the outline of her lips.

Mu Ru was stunned because she felt his strong heartbeat when her hand touched his chest, so she did not react when his forehead touched hers, but —

When Zheng Yifan's thin lips touched her pink lips, her originally lowered eyelashes suddenly rose, and she completely reacted. Therefore, her hand immediately withdrew from his chest, quickly raised, and quickly pushed his head away.

She took a step back and could not help but use her hand to cover her chest, because she clearly felt that her heartbeat was accelerating, as if she had run 800 meters in a short time.

She raised her head and looked at Zheng Yifan, who was standing there with an injured look on his face. She immediately felt a little guilty, so she could not help but walk forward. She stood on Tiptoe, put her hands on his shoulders, and kissed his cheek. "Zheng Yifan, thank you!"

However, before Mu ru could completely withdraw her mouth, Zheng Yifan quickly held her little face and pressed his thin lips tightly against the pink lips that had just withdrawn from her face... ..

Chapter 243, where's Dongfang Yu

"What? Xi Muru ran away last night?" Dongfang Mo heard Dongfang Jun's report. The old man's hoarse voice clearly revealed his surprise. "could it be a scheme played by Leng Leiting? How could Xi Muru, an unarmed person, escape from the room where Leng Leiting imprisoned her?"

"She did escape. I personally went to see the venue," Dongfang Jun said truthfully. "initially, Leng Leiting did not expect Xi Muru to be so capable, so he only had her imprisoned in a certain house in the Old City district. Moreover, when he saw the chain in Mu Ru's hand, he was also worried about the Dongfang family, so he did not dare to Lynch Mu Ru. He only thought of using her to exchange for 40 million... "...". "Okay."

"okay, I got it. Since she has already escaped and the chain is back, this matter ends here." Dongfang Mo waved his white-gloved hand impatiently. Then, he looked at the other people in the restaurant. "where's second young master? Did any of you see him today?"

Everyone shook their heads, indicating that they hadn't seen him. Dongfang Yu had left last night and hadn't come back yet.

“Second Young Master called this morning. He said he had something to do, so he won’t be coming back today.” Mama Liu walked out of the kitchen and looked at Dongfang Mei. “By the way, aunt Gu was there when I answered the phone.”

Dongfang Mei nodded and said impatiently, “Ah Yu is probably either at Tang Lili’s or mayor Kuang’s house. Who knows? He doesn’t like to be at home anyway.”

“I think ah Yu has a wild personality and it’s hard to keep his heart. Why don’t we think of a way to get him to start a family as soon as possible?” Dongfang Yingwu looked at Dongfang Mo from the side and asked in a probing tone.

“I would like to get him to start a family as soon as possible, but the key is that Mayor Kuang might not agree,” Dongfang Mo’s voice was still hoarse and old.

Everyone kept quiet when they heard this because Mayor Kuang had recently been very dissatisfied with Dongfang Yu. Originally, Kuang Yingying and Dongfang Yu’s engagement was also proposed by the Kuang family, and they thought that after Kuang Yingying and Dongfang Yu got engaged, Dongfang Yu would have some restraint. However, Dongfang Yu was still acting on his own. It was said that the last time Dongfang Yu and Tang Lili ate in a private room in a hotel, Kuang Yingying caught them red-handed, and Mayor Kuang flew into a rage because of this.

“I’ll call ah Yu and ask him to come back tonight no matter what. Where’s the reunion dinner for the New Year’s Eve?” As Dongfang Mo spoke, he turned his wheelchair and walked towards the elevator, still holding his phone in his hand and making a call.

Dongfang Yingwu immediately gave aunt Gu a look, and aunt Gu understood. After Dongfang Mo’s wheelchair entered the elevator, she looked at her son, Dongfang Jun, and asked, “Ah Jun, did you find anything strange at Leng Leiting’s place?”

“No, what strange phenomenon?” Dongfang Jun was confused by Dongfang Mei’s question. He could not help but ask, “mom, what exactly do you want to ask?”

“I want to ask if Xi Muru really ran away on her own or if Leng Leiting made it up as an illusion?” Dongfang Mei saw that her son did not understand her words at all, so she changed the topic indifferently. She did not want to tell her son too much.

“This... I’m not sure,” Dongfang Jun told her the truth. After all, this was his first time participating in this kind of thing, and he had no experience at all. At the same time, he had never interacted with people from the underworld, so he could not judge whether it was true or not ...

“Sigh, you’re really a child who grew up in a honey pot.” Dongfang Mei sighed, but looking at her delicate and tender child, she did not say anything in the end. She just waved her hand and said, “Alright, I’m thirty today. You can tell me about your time abroad. Let’s not talk about the unpleasant things.”

Chapter 244. She was a worrisome person

Dongfang Yu drove out Zheng Yifan's apartment again on the afternoon of the New Year's Eve. He had come here because he had found out that Xi Muru had indeed escaped last night and not because of Leng Leiting's illusion.

At first, he had also suspected that Leng Leiting had made an illusion, but when he thought back, he realized that it was not right. If Leng Leiting had made an illusion, then how could he have given the chain to Dongfang Jun to bring back?

This could only mean one thing. Leng Leiting knew that the chain was actually not worth much because it was a platinum chain that was only worth 10,000 to 20,000 yuan. Dongfang Mo could not have exchanged 40,000,000 yuan for a chain that was worth 10,000 to 20,000 yuan. Therefore, he might as well do a favor and return the chain to the Dongfang family.

Xi Muru had escaped. He asked Ah Hao to check the room carefully. At the same time, he also found the people who specialized in demolition to check the traces. The final conclusion was that the wall was not broken through from the inside, but someone had broken through from the outside.

If it was broken through from the outside, it meant that someone was helping mu ru. To put it bluntly, someone had rushed over to save Mu Ru last night, so who had rushed over to save Mu Ru?

His target was two people. One was mu ru's best friend, Cheng Feier. After Mu ru was chased out by the Dongfang family, she had only been related to this person.

The other person was Zheng Yifan. There was no need to find out the reason for the relationship between Mu ru and Zheng Yifan.

He provided these two names to Ahao. Very soon, Ahao reported back to him that Cheng Feier went to bed very early last night. After she fell asleep, she never went out again.

Zheng Yifan, on the other hand, drove out at around two in the morning last night. He came back at around six in the morning, then drove out again and came back very quickly.

Of course, the surveillance footage of Zheng Yifan's apartment could clearly see that when Zheng Yifan came back at six in the morning, there was a woman in his car.

It went without saying that the person who saved Xi Muru last night was Zheng Yifan. However, how did Zheng Yifan know that Xi Muru had been kidnapped?

A Hao told him that Xi Muru had called Zheng Yifan because he had checked Zheng Yifan's phone records. At around two in the morning last night, he and Xi Muru had called many times and each time was very long.

When he heard the news, Dongfang Mo was so angry that he almost vomited blood. When Xi Muru was in deep trouble, the first person she thought of was Zheng Yifan and not him, Dongfang Yu. No, she probably did not even think of him.

Damn woman, he was once her man, wasn't he? It was fine if she didn't think of Dongfang Mo because Dongfang Mo was indeed very cold-blooded towards her.

But didn't she think of Dongfang Yu too? Was Dongfang Yu very bad to her? Why couldn't she think of him when she was in trouble?

Ahao said that Xi Muru was now living in Zheng Yifan's apartment, so he was furious. He had warned her not to be with Zheng Yifan.

Ever since she moved away from Zheng Yifan's place, he had no need to look for her because he had promised her not to see her again, so he simply didn't even ask about her.

But who knew that she was so worrisome. How long had it been In less than ten days, she had encountered trouble again. She had to look for Zheng Yifan whenever she encountered trouble. Wasn't this deliberately causing trouble for him?

Although today was the New Year's Eve and he should not have come to disturb Zheng Yifan, he could not let those two people live together without regard for their integrity.

Chapter 245: a virtuous woman

Mu Ru and Zheng Yifan went out in the afternoon because it was the New Year's Eve. The Chinese custom was to make dumplings on the eve of the New Year. Zheng Yifan said that he liked dumplings and asked Mu ru if she knew how to make them.

Of course Mu ru knew how to make dumplings. She grew up beside mother Wang and had been working in the kitchen since she was five, so she usually knew how to do the work in the kitchen.

Zheng Yifan opened the door and the two of them went to a large supermarket three kilometers away from the apartment. Of course, it was to buy new year goods and ingredients to make dumplings.

Zheng Yifan was originally going back to Hong Kong to celebrate the New Year with his sister on the 30th day of the Lunar New Year. However, because of Mu Ru, he gave up on going to Hong Kong to reunite with his sister. Instead, he went to Binhai to spend the new year with Mu Ru.

Because their goal was very clear, they came to buy ingredients for the New Year's banquet tonight. Therefore, after entering the supermarket, they went straight to the vegetable section. Zheng Yifan pushed the shopping cart while mu ru followed beside him. He smiled as he watched her pick out these green leafy vegetables.

Mu Ru looked at the vegetables on the shelves. She looked at them one after another. After looking at them, she put them down again and again. She did not feel satisfied. From this, one could see that she was actually quite picky about the ingredients.

"Why did you put down the Broccoli after taking it? Broccoli is very nutritious." Zheng Yifan couldn't help but ask when he saw her put down the Broccoli.

"Broccoli is good, but there are also a lot of bugs hidden in it," Mu ru quickly explained to him "Broccoli usually needs to be soaked in water for two to three hours before it can be fried. It's so late now. We probably won't have that long to soak the Broccoli when we go back."

"Oh, I see." Zheng Yifan scratched his head with his hand and said a little embarrassedly, "I'm not very good at cooking. I can cook some noodles or fry a steak occasionally."

Mu Ru nodded. She knew that Zheng Yifan grew up in Hong Kong and went to the United States to study, so it was not that he did not have any culinary skills, but that his culinary skills were mostly in western cuisine.

“Oh, there are tomatoes here.” Zheng Yifan walked to another row of shelves and could not help but shout, “Mu Ru, come over quickly. These tomatoes are so fresh.”

Mu Ru immediately walked over and looked at the tomatoes. She frowned and said, “tomatoes are good, but tonight, we are making dumplings. The tomatoes are too watery, so it’s not easy to make dumplings, in case the filling leaks.”

“It’s okay if the tomatoes don’t hold the dumplings. It’s good to make tomato egg flower soup and scrambled eggs with tomatoes.” Zheng Yifan put the tomatoes into the shopping basket and said, “buy it, buy it. The tomatoes are for beauty. It’s good for girls’ skin to eat more tomatoes.”

Mu Ru didn’t say anything more after hearing what he said. She let him pick a few tomatoes and then walked forward.

On the afternoon of the New Year’s Eve, the green leafy vegetables were actually not very fresh. Mu Ru picked the leeks and coriander and said that they were used to make dumplings. She bought a few other dishes and then went to the freezer.

Fortunately, the two of them did not have many things to buy and their goals were clear, so they bought them very quickly. Then, Zheng Yifan pushed the shopping cart to the cashier to queue up to pay the bill.

At this time, there were quite a lot of people paying the bill. Zheng Yifan was quiet and mu ru patted him on the back. Occasionally, she would turn her head and look at the woman beside her. She was calm and peaceful with a faint smile on her face. She put one hand on the side of the shopping cart They walked slowly forward together. They did not have the impatience and annoyance that normal women had when they queued up.

Chapter 246: The ex-brother-in-law

Zheng Yifan’s heart felt slightly strange. When she left ten days ago, she had cooked a full table of dishes for him, and those dishes were all so delicious. It took him three whole days to finish them. It was not because she had cooked too much, but because the taste was too good He could not bear to eat them.

In his 26 years of life, it was not that he had never been in a relationship before. However, those girls were never touched by the sun. They were always waiting for his services or restaurants. No one had ever washed their hands and made soup for him.

As for Mu Ru, this little woman, she was so indifferent. Although she had a birthmark on her forehead, that birthmark could not hide her own radiance. The kindness and innocence in her body made his heart, which had been calm for a long time, waver again.

However, Mu Ru was always very indifferent. It was as if he had kissed her this morning. She was so indifferent that there was almost no reaction. This indifference made him feel uneasy.

Was it because she was too naive and had not experienced much that she did not know how to kiss, or did she not have any feelings for him? Or perhaps, in her heart, Dongfang Mo had already caused some kind of trauma to her?

Looking at her beside him, his heart inexplicably became nervous. He could not help but reach out to grab her hand and hold it tightly in his palm, afraid that if he was not careful, she would disappear from his sight like ten days ago.

Dongfang Yu arrived at Zheng Yifan's apartment at three o'clock in the afternoon and rang the doorbell, but no one opened the door. He went to the security office to ask. The security said that Zheng Yifan's car had just driven out for a while, perhaps he had gone out to buy something.

So he parked his car in the parking lot next to Zheng Yifan and waited. He thought that if he came back, he could just stop the two of them in the parking lot, so that he wouldn't have to wait for them in the corridor upstairs.

However, he waited and waited for more than two hours, but Zheng Yifan's car still hadn't arrived. Meanwhile, Uncle Liu kept calling him, asking when he would be back.

He finally got annoyed. He opened the door and got out of the car. He quickly walked to the elevator, wanting to go upstairs to take a look. Could it be that Zheng Yifan's car had some kind of malfunction when he drove out, so he couldn't drive it back?

When Dongfang Yu rang the doorbell, Mu ru was making dumplings at the dining table. Because the dumplings had to be arranged neatly in rows after they were made, it took up a lot of space. The kitchen's preparation table was a little narrow, so she chose the dining table in the restaurant.

She made three fillings: Leek, coriander, and tomato. Although the tomato stuffing was a little difficult to wrap, Zheng Yifan liked it, so she decided to wrap some.

In fact, Zheng Yifan came back with her, but the car had already driven downstairs of the building. Only then did he remember that he hadn't bought vinegar yet, and there was no lack of vinegar when eating dumplings. Therefore, Mu ru came back with the ingredients, and Zheng Yifan drove back to the supermarket to buy vinegar.

It wasn't easy to wrap the tomato filling, so she wrapped the tomato filling first. Just as she finished wrapping the tomato filling, and was about to pack the basin to wrap the Leek filling, the doorbell rang.

She didn't think much and directly opened the door, thinking that Zheng Yifan had bought vinegar. As she opened the door, she shouted, "Yifan, why are you so fast..."

However, before she could finish asking, the smile on her face completely froze when she looked up and saw the man standing at the door. This was because the man standing at the door wasn't Zheng Yifan, who had gone to buy vinegar, but..

Her former brother-in-law, the second young master Dongfang, who had an incestuous relationship with her and had promised to never see her again — Dongfang Yu!

Chapter 247 I haven't asked you what's going on yet

Mu Ru was almost instantly terrified. Dongfang Yu definitely wouldn't come here for any good reason. Furthermore, the Dongfang family members were all vicious. Even though she said that she had nothing to do with the Dongfang family and wasn't afraid of anything.. In fact, deep down, she was still terrified and terrified.

Therefore, the moment she saw Dongfang Yu, she didn't even think about it and immediately pushed the door shut with her inner hand. However, Dongfang Yu also pushed the door with one hand. Of course, he didn't want her to close it.

Therefore, she gritted her teeth and used all her strength. However, there was a natural disparity between men and women. Even if she used all her strength, it was useless. Dongfang Yu's body still squeezed his way over.

Looking at the woman in front of him who had just pushed the door hard and wanted to lock him out, looking at her angry gaze that could kill, the corners of his mouth curled up slightly A mocking remark came out of his thin lips. "What, Xi Muru, are you disappointed to see me? "

"Second Young Master Dongfang, ten days ago, you personally promised me that you would never see me again, " Mu ru reminded him coldly. At the same time, her body took two steps back without a trace. She raised her head and tried her best to face it calmly She hid her fear and fear deep in her heart.

"I didn't want to see you, did I? " Dongfang Yu loosened his shoulders and looked completely innocent. "I'm here to look for my cousin, right? Who told you to show up at my cousin's house for no reason? I haven't asked you what's going on yet. "

"What's going on is none of your business. " Mu Ru scoffed at his words Similarly, she retorted coldly, "Second Young Master Dongfang, I'm sorry, it seems like I didn't promise you anything ten days ago. Moreover, I've already said that even your brother has no right to control me. Who I marry has nothing to do with him at all, so... "

"Don't talk so much nonsense. I'm not in the mood to listen to your nonsense, " Dongfang Yu interrupted mu ru impatiently, then walked to the Sofa in the living room and sat down, leaning back lazily He turned his head to look at her pale and haggard face standing in the dining room. His heart twitched slightly, but he did not show it.

"I'm here to look for Yifan. Since he's not here right now, I'll wait for him here. Help me pour a cup of tea first. " Dongfang Yu's tone was natural as if they were not in someone else's house but in his own His tone and actions were completely like he was ordering his wife.

"We don't have tea here, " Mu ru replied coldly. Seeing Dongfang Yu's bossy manner and hearing his natural tone of ordering her to do things, the anger in her heart could not help but surge up.

If this was not Zheng Yifan's home, if it was not for the fact that she could not be a shrew due to her innate upbringing, she would probably have brought Dongfang Yu a cup of boiling water and poured it directly on his head.

However, since Dongfang Yu said that he was here to look for Zheng Yifan, and Zheng Yifan was Dongfang Yu's cousin, she did not have the right to kick him out of here. After all, this was not her home but Zheng Yifan's home.

She glared at the man on the SOFA, picked up the leek stuffing and coriander stuffing on the dining table, and walked into the kitchen. Then, she took the dumpling skins to the kitchen. She would make the dumplings alone in the kitchen so that she would not be upset when she saw him.

Chapter 248: Respect Yourself

When Dongfang Yu saw mu ru bring two pots into the kitchen, he did not come to the dining room anymore. Of course, not only did he not bring the tea he asked for, he did not even bring him a cup of boiled water.

Well, Xi Muru had a lot of opinions about him at the moment, so he did not bother with her. He Sat on the Sofa for a few minutes and felt bored, so he stood up and went back to the kitchen.

The two-bedroom and one-living kitchen was not big. He only came to the kitchen door and did not go in. Instead, he leaned against the door frame and looked at the woman who was concentrating on making dumplings with her head lowered.

He remembered that she would occasionally go into the kitchen at the Dongfang family home. He also remembered that she would accompany her to the kitchen. When she went home, she went into the kitchen and made her famous lion head.

That day, when she went back, she even used an insulated lunch box to bring Dongfang Mo a lion head. She said that he had a face like Dongfang Mo's. She estimated that other than the Dongfang family's food, she probably had not eaten any of the Dongfang family's food.

At that time, her heart was still in Dongfang Mo. she said that Dongfang Mo was her husband. If she did not feel sorry for him, who would?

And now, in less than half a year, she was making dumplings for another man. Her heart that felt sorry for Dongfang Mo was probably also used to feel sorry for Zheng Yifan, right?

Thinking of this, his nose felt inexplicably sore, but his heart was suddenly filled with anger. Why did she have to change her heart so quickly Didn't she say that she would stay by Dongfang Mo's side for the rest of her life?

Looking at the little woman who had her head lowered and her two hands flying rapidly, looking at the dumplings that were like flowers placed next to her, then looking at her slender waist and slightly raised buttocks.. His lower abdomen almost instantly tightened uncontrollably.

In the end, he could not hold it in any longer. He took a step forward and hugged her from behind as she was making the dumplings. His thin lips quickly moved to her ear and he exhaled a warm breath His deep and hoarse voice whispered in her ear, "Mu Ru, i... "

Mu Ru almost instantly threw away the dumplings in her hands. Her Two hands grabbed Dongfang Yu's hands and she gritted her teeth as she forcefully broke them apart. Then, she quickly turned around and struggled out of Dongfang Yu's embrace. She quickly moved two steps to the side Her ice-cold gaze landed on the face of the man in front of her. Her ice-cold voice reverberated in the kitchen. "Second Young Master Dongfang, can you please have some self-respect? "

“SELF-RESPECT?” Dongfang Yu was slightly stunned when he heard this. Then, he immediately smiled and moved two steps closer to Mu Ru. He reached out and lifted her chin. He squeezed it a little harder. He lowered his head slowly. His deep eyes moved closer and closer to her face as he lowered his head. The skin on her face was pale, but it was not fair. The luster on her cheeks was a little dull, but it was still very delicate. Because he was watching her up close, he could almost see the fine hair on her face, which made his heart tighten for a while... ..

“Xi Muru, are you kidding me? Do I need to respect myself to you?” The sarcasm on Dongfang Yu’s lips increased. His slightly rough fingers touched her slightly dry lips. He whispered ambiguously, “woman, what part of your body have I never seen? Never touched. Never touched. On that yacht, when you groaned under me, when I was so considerate to you, why didn’t you tell me to respect myself... ..”

Chapter 249: Stop Dreaming

“Second Young Master Dongfang, let me repeat myself. I have nothing to do with the Dongfang family anymore. I can’t remember anything from the past, including the nonsense you just mentioned.” Mu Ru quickly interrupted Dongfang Yu. Then, when Dongfang Yu wasn’t paying attention, she raised her hands again and forcefully pried the hand that was holding her chin away. She then flung it away forcefully.

After shaking off her hands, Mu Ru quickly turned around and ran towards the door. She ran out of the kitchen and into the living room. She stood in the middle of the living room and glared angrily at the man who had followed her out of the kitchen.

Dongfang Yu looked at the woman whose face was red and her eyes were wide open. He could not help but laugh again. As he walked towards her, he reminded her, “Xi Muru, if you don’t want to be lonely, if you think it’s hard to live alone, you can come and follow me. Anyway, I have many women in the east, I don’t mind adding your name to my lover’s book. Besides, you’re no longer my sister-in-law, so it’s not incestuous for us to be together. How good would that be? Besides, we’re familiar with each other... ..”

“Dream on, you?” Mu Ru angrily growled at him, “Dongfang Yu, your women are mostly your own matters. I, Xi Muru, will never appear in your lover’s book. I’d rather starve to death on the streets than be your mistress. A gentleman can be killed but not humiliated!”

“What?” Dongfang Yu could not help but smack his lips when he heard her words. He then said contemptuously, “Xi Muru, don’t be so full of yourself. Maybe one day you’ll come and ask to be my mistress.”

Xi Muru glared at him fiercely. She had already said that she would rather starve to death on the streets, but Dongfang Yu probably did not understand human language, so she simply did not speak because talking to him was like casting a lute at a cow.

When Dongfang Yu saw that she did not say anything, he did not continue to press her. Instead, he said coldly, “Xi Muru, ten days ago, I warned you not to continue dating Yifan. Now that you’re openly staying at his house, what’s going on? Have you turned a deaf ear to my words?”

When Mu Ru heard his tone and saw his expression, she instantly felt a sense of comfort. Hence, she could not help but say mockingly, “Dongfang Yu, your words have always been a deaf ear to me. I’ve

never put it into my ears. If living at Yifan's place makes you so uncomfortable, then let me tell you, not only do I want to live here, I'm also planning to marry Yifan. When that happens, will you feel even more uncomfortable Did your whole family feel even more uncomfortable Your brother wouldn't be so angry that he would spit out blood and die of skin cancer, would he Would your aunt be so angry that her hair turned white overnight and she aged a few years Of course, if I could anger the Dongfang family to death, then wouldn't I be able to destroy the Dongfang family without wasting a single soldier... "... "..."

"Have you said enough?" Dongfang Yu was so angry that he was about to spit out blood. This damn woman, after all, she was the top scorer in the exam. How could she come up with such a vicious method at this moment.

"No, how can I say enough?" Xi Muru saw Dongfang Yu's angry expression and could not help but feel even happier So she said, "why, is it not good to destroy the Dongfang family? Don't you Dongfang family people always like to destroy people?"

Chapter 250 say what you will

"Xi Muru, don't open your mouth and talk nonsense, okay?" Dongfang Yu was about to be angered to death by this little woman He could not help but raise his voice. "Xi Empire's collapse has something to do with the Dongfang family, but it was Nangong Xun who brought down Xi empire. Don't you know why Nangong Xun brought down Xi Empire? If it wasn't for you..."

Dongfang Yu's words stopped there because he did not dare to think that if Xi Muru did not marry into the Dongfang family, then Xi Muxue did, and Xi Muru would marry Nangong Xun. If that was the case...

...

"Yes, yes, yes, it's all the Xi family's fault, it's all my fault," Xi Muru quickly interrupted Dongfang Yu's words Then, he could not help but shout loudly, "so, second young Master Dongfang, the Xi family was wrong, the Xi family went bankrupt, and I was wrong, so my child was forced down by Dongfang Mo and then kicked out of the house. So, second young Master Dongfang, what right do you have to control me, Xi Muru What do you care where I live What does it matter to the Dongfang family who I am with?"

Mu Ru's tears rolled down her cheeks. She thought of the scene when she was kicked out of the Dongfang family and returned home. She thought of the treatment she had suffered in the Dongfang family's one inch ink city She thought of the pain she felt when she was waiting for her child to fall from the pond. She thought of her mother being beaten to death by a group of people... ..

Every time she thought of these things, it hurt so much that her internal organs felt like they were being cut by a knife. Therefore, she tried not to think about it and tried her best to calm down and be more realistic.

She often used the knowledge from the books she had read to persuade herself that people could not always live in the past. People had to face reality bravely and look forward. Because people lived today and looked forward to tomorrow, yesterday no longer existed... ..

Therefore, after her mother died, she had gradually put down her hatred. She wholeheartedly wanted to find a stable job after the spring festival and move to the dormitory to live a simple life.

She even thought that after she went to work, not only would she have to officially go to work, she would also have to find a few odd jobs in the evening. She would have to return Zheng Yifan's money as soon as possible and then go to a distant and unfamiliar city to start a new life. She would bury the past completely.

However, who would have thought that before the Spring Festival had even started and before she could realize these thoughts, Dongfang Yu, this crazy person, would actually come knocking on her door again.

When Dongfang Yu heard Mu Ru's stern questioning, he originally wanted to explain a little, but now he felt that it was unnecessary. He looked at the woman who was squatting beside the SOFA crying non-stop and his heart trembled slightly. Then, he slowly walked over.

"Alright, Xi Muru, you can say whatever you want. Even if you think that the Dongfang family is the one who brought down the Xi family, I won't be able to differentiate," Dongfang Yu called out in a low voice, then he reached out to pull her up and pushed her onto the sofa to sit down. Then, he grabbed her shoulders and shook her as he yelled at her, "but, Xi Muru, I'll say it again. Zheng Yifan is my cousin. I won't allow you to have any improper relationships with him because I, Dongfang Mo's woman, will never give up my woman to another man. In this life, if you become my woman, you can only be my woman. Other men... ". "... "
