### Chapter 251, I won't allow it

Unfortunately, when Dongfang Yu was shouting these things, Mu Ru was also shouting at him, "Dongfang Yu, of course you won't differentiate. What's there to differentiate? You Beast, no, you're even worse than a beast..."

The two of them shouted at each other, then Dongfang Yu kept shaking Xi Muru's head. This created a situation where no one could hear who was shouting.

At this moment, the door was pushed open. Zheng Yifan walked in with a bottle of vinegar in his hand and shouted, "Mu Ru, I bought vinegar back. I bought your favorite..."

Zheng Yifan stopped before he could finish his sentence. He was shocked to realize that Xi Muru was not in the dining room but in the living room. Beside her was a man, and this man was mu ru's former brother-in-law His second cousin, Dongfang Yu!

"second cousin, today is the New Year's Eve. You're not going back to the Dongfang family for the New Year, but you're here with me? Are you planning to spend the New Year with me?" Zheng Yifan was slightly stunned Then, he quickly walked to the living room and signaled mu ru to go into the room. He would take care of things here.

"A reunion with you?" Dongfang Yu snorted He said with a cold face, "Yifan, I've told you before that Xi Muru is your ex-cousin-in-law. It's impossible for you to be with her. I told you to stay away from her. It's impossible for you to be with her. We won't agree to be together with you."

"Did I say that I need you to agree?" Zheng Yifan scoffed at Dongfang Yu's words "second cousin, let me make it clear again. My matters have nothing to do with the Dongfang family. It's my freedom to be with whoever I want. The Dongfang family has no right to control me. At most, we won't interact with our relatives."

"Hehe, you are so determined. You even said that we will not interact with our relatives." Dongfang Yu's face was filled with mockery as he snorted coldly. "Do you think that just because we do not interact with each other, it means that we are not related? Do you think..."

"I don't think anything." Zheng Yifan coldly interrupted Dongfang Yu He looked at him indifferently and said, "that's right. Half of the Dongfang family's blood flows in my body. But what does this mean? Does this mean that you can control me? I'm afraid not."

"You mean you must be with her, right?" Dongfang Yu was so angry that his face turned green. This damn Zheng Yifan, he really wouldn't turn back until he hit a wall.

"Yes," Zheng Yifan replied very straightforwardly. Then, without even looking at Dongfang Yu, he said, "I think Xi Muru is a good woman, and there are very few good women in this society. It's not easy for me to meet one, do you think it's okay if I don't hurry?"

Dongfang Yu was stunned when he heard Zheng Yifan's words, then he snorted coldly and said, "there are many good women, why do you have to be with Xi Muru? If you break up with her, I'll help find a few..."

"Hehe, second cousin does have a lot of women," Zheng Yifan continued with a sneer. He looked at Dongfang Yu mockingly and said, "however, second cousin, are you sure that the women who sleep with you for your money are good women?"

"You?" Dongfang Yu was so angry that he almost vomited blood. Then, he glared at him coldly and said, "Zheng Yifan, don't be stubborn in front of me. I'm telling you, it's impossible for you and Xi Muru to be together. I WON'T ALLOW IT!"

### **Chapter 252: I'm serious**

Mu Ru hid in her room and locked the door. Dongfang Yu and Zheng Yifan's argument came from the Living Room. She felt extremely uncomfortable, especially when she heard Zheng Yifan say that she was a good woman. Her cold eyes instantly filled with warm liquid.

Zheng Yifan was a doctor who had returned from studying in the United States. He was a rookie in the field of heart disease. He was a future expert and professor. There should be a lot of beautiful women around him.

However, he said that she was good, that he liked her, and that he wanted her. Any woman would be moved by this, not to mention that she was an ugly woman with a birthmark on her forehead.

In this world, no matter how a woman looked, in fact, everyone longed for the chance to be an immortal Doraemon, to have the chance to wear crystal shoes, and to have the chance to meet prince charming.

She was the same. Although she was abandoned by her parents since she was young, grew up with the servants, and was discriminated against since she was young, she was still a young girl. In the end, she also had the heart of a young man who dreamed.

Because she was immersed in her own thoughts, she did not even know when the quarrel in the living room ended. Of course, she did not even know when Dongfang Yu left.

It was not until Zheng Yifan knocked on the door and called for her that she opened the door and walked out. She saw Zheng Yifan standing at the door with a swollen face. It was obvious that he had been beaten up by Dongfang Yu.

"Did you fight with him?" Mu Ru carefully used her hand to caress the redness at the corner of his mouth and asked softly, "does it hurt?"

Zheng Yifan shook his head and said softly, "it doesn't hurt. With your words, nothing hurts."

His voice was very low, and the corner of his mouth twitched slightly. In fact, it was still painful, but because of Mu Ru's concern, he felt extremely warm in his heart.

Mu Ru quickly went to find alcohol to help him wipe a few times, and then found blood circulation and stasis medicine for him to eat. Fortunately, Zheng Yifan was a doctor, so he had all these common medicines at home.

Zheng Yifan was slightly injured, so mu ru did not let him go to the kitchen to help. She let him sit on the Sofa and said that she would be done with this small matter in the kitchen very quickly. He would watch TV for a while, and then he could eat it later.

Mu Ru always did things very quickly. In half an hour, she had made three dishes and a soup. She brought the dishes out and asked Yifan to eat first while she went to the kitchen to cook dumplings.

“Of course we have to eat the reunion dinner together.” Zheng Yifan stood in the kitchen and watched her turn the dumplings in the pot with a slotted spoon. He could not help but get closer to her. He rested his Chin on her shoulder and looked at her from the side He asked softly, “Mu Ru, can we live together forever?”

Mu Ru was stunned. She turned to look at his expectant gaze before she reacted. She quickly said, “Yifan, you know my situation very well, and...”

“It’s precisely because I know that I’m saying this,” Zheng Yifan quickly interrupted her. He then covered her mouth with his hand and said softly, “Mu Ru, you don’t have to answer me now. You can think about it carefully, but I’m serious.”

Mu Ru looked at his expression and knew that he was serious. But it was precisely because he was serious that she was afraid and terrified. Because she knew his relationship with the Dongfang family and what status she had in the Dongfang family.

This was impossible. She said in her heart that no matter what, she could not agree to him. Because Dongfang Yu was right about one thing. If she was really with him, she estimated that she would make him turn his back on everyone And she did not want him to turn his back on everyone for her.

### **Chapter 253 guests of the Dongfang family**

On the first day of the Lunar New Year, in the Dongfang family’s one inch Mo city

Early in the morning, there were already guests visiting the Dongfang family. This was an extremely rare occurrence for the Dongfang family.

The person who came was Zheng Yiping, Yifan’s sister. Of course, she had received a call from Dongfang Yu last night and rushed over.

“Yiping, how many years has it been since you’ve come to our house?” Dongfang Mei looked at her niece and politely took out a red packet as she asked very intimately.

“It’s been many years since I’ve come to my uncle’s house.” Zheng Yiping’s voice was indifferent and distant, but it cleverly avoided Dongfang Mei’s word ‘our house’ .

Although Dongfang Mei had never married, she had given birth to a child. Although her child was named Dongfang Jun, according to Dongfang Mo’s and Dongfang Yu’s ranking, the outside world was called

Dongfang Third Young Master, but the Dongfang family still knew that.. Dongfang Jun was actually not a member of the Dongfang family at all.

When Dongfang Mei heard Zheng Yiping's words, her brows immediately furrowed, and her expression also darkened. She then said coldly, "that's true, but what brings you here today?"

"nothing much. I'm just here to look for second cousin." Zheng Yiping's expression was still indifferent and distant. She said indifferently, "second cousin called me last night. He said that Yifan had an accident, so I rushed over. No matter what, Yifan is my younger brother. He's the only family I have in this world."

Zheng Yiping emphasized the word 'only'. The meaning was very obvious. Dongfang Mei, you're my aunt, but you're not my family.

Dongfang Mei was obviously unhappy when she heard this, but she did not show it on her face. She only said plainly, "look for ah Yu. He came back very late last night. He said that he went to the beach to set off fireworks. He has a childish temperament. He is probably still chatting with Eunuch Zhou."

"Oh, then I will wait for him." Zheng Yiping heard that Dongfang Yu had not woken up yet, so she could not say anything. She immediately changed the topic and asked, "What about your eldest cousin?"

"AH MO? I haven't seen him either," Dongfang Mei said calmly. Then, she looked at Zheng Yiping and smiled. "Yiping, you haven't been to the Dongfang family for a few years, so you might not know much about your eldest cousin's situation. I think it's better if you don't see him..."

"Aunt Gu, who are you talking to?" A slightly aged and hoarse voice came from the elevator, interrupting Dongfang Mei's unfinished words.

"Oh, ah Mo is here." Dongfang Mei immediately changed her face. Then, she pointed at Zheng Yiping and said to Dongfang Mo, "Ah Mo, this is your cousin Yiping. She hasn't been to our house for five to six years. Do you still remember?"

Dongfang Mo, who was sitting in the wheelchair, was still wearing a cap that was pressed down very low. His face was still covered with a white mask. He wore a white scarf under his high-collared jacket. He wore white gloves with both hands, and he was well-armed. Most people would not be able to see the potholes and scars on his face.

"I remember. How could I not remember?" Dongfang Mo's voice was still old and hoarse. He raised his head slightly and looked at Zheng Yiping. "What are you doing here today? You actually brought your eldest cousin here?"

Before Zheng Yiping could say anything, Dongfang Mei had already spoken first. "Yiping is here to look for ah Yu. Tell him that ah Yu called him. It seems that something happened to Yifan here. Yiping is very concerned about her younger brother."

### **Chapter 254 an uninvited guest on the first day of the Lunar New Year**

Dongfang Mei's meaning was: Dongfang Mo, your cousin is not here to visit you. Even if you are injured to such an extent, her heart is still only for her younger brother. She no longer has a cousin like you.

Dongfang Mo was 29 years old this year, while Zheng Yiping was 28 years old. Zheng Yifan was 26 years old, so Zheng Yifan and his sister had to call Dongfang Yu and Zheng Yifan cousins.

Dongfang Mo did not get angry when he heard Dongfang Mei's sarcastic words, because Zheng Yiping had liked him eight years ago. However, they were cousins, so it was impossible. He was one year older than Zheng Yiping, and he was also more rational than Zheng Yiping. Therefore, he naturally rejected his cousin's sincerity.

Because of this, Zheng Yiping rarely came to the Dongfang family. In the past five or six years, she had stopped coming. It was as if she had forgotten that the Dongfang family was her mother's maternal home.

"since cousin Yiping is here to look for ah Yu, then I will kick that kid ah Yu up. Since I called my cousin to come over, why don't you get up earlier?" As Dongfang Mo spoke, he turned his wheelchair and walked towards the elevator.

"Ah Mo, it's not convenient for you to go up and down the stairs. Why don't I go up and call Ah Yu?" Dongfang Mei stood up as she spoke and immediately wanted to run upstairs.

"Aunt Gu, don't you know Ah Yu's habit?" Dongfang Mo quickly called out to Dongfang Mei, who had just climbed up three steps. An old and hoarse voice rang out, "Aunt Gu, ah Yu has been lying on the hospital bed for ten years and has been in a vegetative state for ten years. He has already developed the habit of sleeping naked. I've gone to wake him up several times, but he always came to open the door naked. That's why I usually don't let the maids knock on Ah Yu's door. If aunt Gu Mei... ". "... "..."

"Okay, okay, I won't go." Dongfang Mei's face was flushed red with embarrassment, especially when she met Zheng Yiping's mocking gaze.

Dongfang Mo then quietly turned his wheelchair and continued to walk towards the elevator. Today was the first day of the Lunar New Year, and Uncle Liu was on holiday, so he could only rely on himself for all his actions.

Meanwhile, in Zheng Yifan's apartment, mu ru did not sleep in. Instead, she woke up at seven in the morning.

The reason why she woke up so early was because of the habit she had formed from working at the flower market in the past week. When she woke up, Zheng Yifan's master bedroom door was still tightly shut. Presumably, he was still sleeping.

Actually, the two of them watched the Spring Festival gala a little late last night. They only turned off the television and went back to their rooms to sleep when the clock struck midnight.

The custom on the first morning of the new year was to eat glutinous rice balls. Mu Ru had learned how to make them from the Xi family, but she didn't buy glutinous rice noodles at the supermarket yesterday. Instead, she bought frozen glutinous rice balls because Zheng Yifan said that it was just the two of them. Did he think it was too troublesome to make them.

She didn't need to make the glutinous rice balls herself. She just needed to add some water to the pot and boil it. The job was very simple. Mu Ru washed up before slowly making the glutinous rice balls.

She boiled the water and put the frozen dumplings into the pot. Just as she was about to turn around and knock on Zheng Yifan's door to wake him up, the doorbell suddenly rang.

Mu Ru was shocked out of instinct. She did not know who would knock on the door early in the morning. However, the person who knocked on the door was definitely looking for Zheng Yifan and not her. Therefore, she did not dare to open the door rashly. Instead, she quickly knocked on the master bedroom door. She kept shouting, "Zheng Yifan, someone is ringing the doorbell. GET UP QUICKLY!"

### **Chapter 255 you're my cousin's sister-in-law, right**

"Oh, I haven't changed yet. Open the door first," Zheng Yifan's voice came from the room, followed by a rustling sound. He was probably getting up from the bed.

Mu Ru was slightly stunned. She looked at Zheng Yifan's tightly shut door and listened to the doorbell that was constantly ringing. In the end, she went to the door and pulled it open.

However, when the door was only one-third open, she saw Dongfang Yu's face. She hurriedly wanted to close the door, but of course, she could not. Dongfang Yu pushed the door open slightly and walked in immediately.

"Dongfang Yu, you're okay..." Mu Ru stopped before she could finish her sentence, because she suddenly realized that a woman who was not even thirty years old had followed behind Dongfang Yu.

Mu Ru couldn't help but frown. What kind of crazy was Dongfang Yu? Not only did he knock on the door so early in the morning, he even brought a woman here. Could it be that he was here to kiss her?

"You're my ex-first cousin-in-law, right?" Zheng Yiping paused on Mu Ru's face for a few seconds and then said coldly, "where's Zheng Yifan? Tell him to come out!"

Mu Ru did not know who this woman was, but when she heard her address her as her ex-sister-in-law, her heart skipped a beat. Could this woman not be Dongfang Yu's mistress or something? Could she be a relative of Dongfang Yu?

"Yifan is still sleeping," Mu Ru said truthfully. She looked at the woman and continued, "I've already called him just now, I think..."

Before Mu Ru could finish her sentence, she heard the door of the master bedroom open behind her. Zheng Yifan's voice was heard, "sister, why are you here?"

Sister Zheng Yifan called this woman sister?

Mu Ru was stunned for a moment before she quickly reacted. Zheng Yifan had once said that his parents were overseas and he had a sister in Hong Kong, but she had already married.

Could it be that the woman in front of him was Zheng Yifan's sister in Hong Kong?

Mu Ru was still puzzled when she heard Zheng Yiping's slightly angry tone say to Zheng Yifan, "if I don't come over, I'm afraid you'll turn the world upside down here."

Zheng Yifan laughed out loud when he heard this. Then, he pointed at Dongfang Yu and said, “sister’s so-called turning the world upside down is from second cousin, right?”

“It doesn’t matter who you heard it from.” Zheng Yifan glared at him, then looked at Mu ru and said, “my second cousin said that the woman living in your house is the wife of my eldest cousin, and you and she...”

“We’re very close, and I like her very much.” Zheng Yifan quickly cut off Zheng Yiping’s words and then said calmly, “if that’s why you’re here, then I’d better go back. I don’t need you to worry about me.”

Zheng Yiping was slightly stunned, then she turned her gaze to Mu ru who was standing at the side and nodded. “Xi Muru, I know that your family has been going through a lot of changes recently, and I also know that it’s not easy for you to be alone, so...”

As Zheng Yiping spoke, she took out a check for one million and placed it in front of her. She said softly, “although it’s only one million, I still hope that you don’t think it’s too little. I think this money is enough for you to finish your university studies and even take the postgraduate entrance exam.”

Mu Ru glanced at the two million dollar bill and said calmly, “Miss Zheng, you won’t be rewarded for doing nothing. I don’t know you at all, so why are you giving me one million?”

#### **Chapter 256, I’m willing**

“Miss Xi, you’re still young, so of course, you don’t have to look at the birthmark on your forehead. You’re still pretty, but you’re barely worthy of my Yifan.”

Zheng Yiping sat down on the SOFA Then, she looked at Dongfang Yu on the Sofa beside her and said, “but, Miss Xi, I think you understand that you were once Dongfang Mo’s wife, and Dongfang Mo was Yifan’s form. So, if you say something like this, can my eldest cousin and I agree to it?”

Zheng Yiping was a straightforward person, so she didn’t beat around the Bush. When she opened her mouth, she made it clear that she wouldn’t agree to Xi Muru and Zheng Yifan being together. This was for sure She also didn’t want her younger brother’s marriage and her cousin’s family to become enemies.

So, after she received Dongfang Yu’s call last night, she didn’t sleep the whole night. She got up early in the morning and drove straight to Binhai, wanting to stop her younger brother from doing something stupid.

Mu Ru heard Zheng Yiping’s words and bit her lips. She raised her head and looked at Dongfang Yu, who was beside Zheng Yiping. The unyielding factor hidden in the corner of her heart suddenly surged up at this moment.

Last night, Zheng Yifan just asked her if it was good to live together forever?

She didn’t answer. Zheng Yifan said that he wanted her to think about it carefully and wasn’t in a hurry for her to answer.

But now, at this moment, she felt that she could tell Zheng Yifan. Since the Dongfang family was risking their lives to stop it, then she was determined to do it.

Moreover, Zheng Yifan was sincere to her. As long as Zheng Yifan was not afraid of the Dongfang family, and as long as Zheng Yifan insisted on being with her, then what was there to be afraid of?

Why shouldn't she be with Zheng Yifan? The Dongfang family had caused the death of her parents and destroyed her family. She lived a life of displacement, while the Dongfang family lived a life of peace.

As for her, she was an innocent student. Ever since she married Dongfang Mo, she had encountered a lot of messy things. However, when she was homeless, she was kicked out by Dongfang Mo..

Why couldn't she just openly start dating again? Why couldn't she be with a man who liked her?

She had never thought of marrying Zheng Yifan. Although Zheng Yifan was indeed very good to her, she knew her identity. She had never thought of harming Zheng Yifan's relationship with the Dongfang family.

However, Dongfang Yu was too despicable. It wasn't enough for him to make a scene yesterday. Today, he even brought Zheng Yifan's sister. It was obvious that he couldn't find a place for Xi Muru to stay. It was obvious that he wanted to chase her out of Zheng Yifan's residence and let her live on the streets.

Since that was the case, then they were determined to stop her. She had to persevere. She wanted to be with Zheng Yifan, and she wanted to be with him for the rest of her life.

Those who once treated her like a vile creature, those who once trampled her feelings under their feet, those who thought that they could instruct her or even control her at any time, those who couldn't see her living well..

They didn't want her to marry Zheng Yifan because they felt that it would be a disgrace to them. Then, she had to marry Zheng Yifan. She had to make them lose face and see who would have the last laugh.

Thinking of this, Mu ru turned to look at Zheng Yifan beside her and said softly, "didn't you ask me last night if I wanted to live with you forever? I've thought it through. "

Mu Ru paused for a moment. Then, she clenched her fists and mustered up her courage to say to Zheng Yifan, "I'm willing. I'm willing to live with you forever! "

### **Chapter 257 was not worthy**

Zheng Yifan heard Mu Ru's words and immediately smiled happily. He reached out and tightly gripped her little hand in his palm. Then, he could not help but kiss mu ru on the forehead. "Mu Ru, thank you so much. This is the best gift I've received on the first day of the New Year. I will always be with you, and I will never abandon you. "

"HMPH, you're not even married yet, and you're already saying you want to live forever?" Dongfang Yu snorted coldly from the side. He was very annoyed by Zheng Yifan's kiss on mu ru's forehead just now. If Zheng Yiping was not here, he would probably have thrown a punch.

Zheng Yiping's face immediately darkened. She said coldly, "Miss Xi, I think you've studied for a few days too. How can you be so shameless? Besides, I've already said that we won't agree to Yifan's marriage."

Mu Ru heard their words and pondered for a moment. Then, she raised her slightly pale face and looked coldly at Zheng Yiping and Dongfang Yu. She said indifferently and distantly, "I'm sorry, second young master Dongfang, Miss Zheng. I think you should be people who have read books. You should know that this society is a legal society, not a feudal society. The era of marriage between men and women, arranged by parents and elders, has long passed 60 years ago. Yifan and I are in a free relationship. Now that we feel that we are in a relationship, we feel that it is suitable for us to live together. Therefore, we don't care about other people's gazes and thoughts. Our feelings, our marriage, we can make our own decisions. We don't need others to tell us what to do because we are not children anymore."

Mu Ru's words were reasonable and flawless at the same time. Moreover, she did not leave any room for negotiation with Dongfang Yu and Zheng Yiping.

She told them clearly and clearly that she wanted to be with Zheng Yifan. As long as Zheng Yifan did not dislike her, she would not consider other people's feelings.

When Zheng Yifan heard Mu Ru's words, he was even happier. He stood with her with his fingers clasped tightly together. Then, he looked at his sister and Dongfang Yu and said, "alright, sister, second cousin, what Mu Ru said just now was also what I wanted to say. My marriage with Mu Ru is not for you to worry about. You guys should worry about your own matters instead. At most, you guys won't come to the wedding when Mu Ru and I get married."

Zheng Yiping was unhappy when she heard this. She glared at Zheng Yifan fiercely. It was obvious that she was unhappy that he was completely on Mu Ru's side and did not leave any face for her sister.

Therefore, she decided not to argue with her brother for the time being. Instead, she looked at Mu Ru. She said coldly, "Xi Muru, you used to be the eldest daughter of the Xi family, but what is your identity now?" "My Yifan has a master's degree from the American Medical University. He has a bright future, a bright future. Of course, he will definitely get married, but he has to marry an innocent girl without any blemishes. What about you?" "What is your previous identity? What have you done in the Dongfang family?" "I think you should be very clear about this in your heart, right?" "Do you think you are worthy of my Yifan?"

After Zheng Yiping said this, Mu Ru's originally indifferent face instantly split into two. She turned her head and looked coldly at Dongfang Yu, laughing in extreme humiliation.

"Miss Zheng, you have said so much. Your goal is to say that I am not worthy of Yifan. Then, I would like to ask, what is it that I am not worthy of Yifan?"

### **Chapter 258: This is not my fault**

Zheng Yiping was slightly taken aback. She did not expect Xi Muru to be so sharp-tongued even though she seemed gentle. She did not like this point either. Yifan was her younger brother, and he had always respected her as an elder sister. And this Xi Muru did not even have the slightest bit of respect for her. She was still so aggressive in her questioning?

Dongfang Yu heard Xi Muru's words, and the corners of his mouth unconsciously curled up into a smile. Xi Muru was just like that. She was usually like a gentle little white rabbit that could be bullied however she wanted, but if you really provoked her.. Actually, she still knew how to bite people.

"Hehe, so Miss Xi has no sense of shame to this extent," Zheng Yiping snorted coldly He could not help but raise his voice a few decibels. "Xi Muru, you were once the wife of Yifan's eldest cousin, Dongfang Mo. although eldest cousin has a hidden illness, when you were his wife, you actually got pregnant and miscarried. Do you think you're innocent "A person like you, do you think you're worthy of my Yifan?"

Mu Ru was slightly taken aback when she heard Zheng Yiping's words. She then glanced at the calm Dongfang Yu before she burst into laughter. In fact, she was laughing so hard that tears were streaming down her face.

Dongfang Yu and Zheng Yiping were instantly stunned. For a moment, they did not understand why Xi Muru was suddenly laughing out loud. Zheng Yiping's words did not seem to contain any element of amusement.

Mu Ru laughed for a few seconds before she stopped. She looked at the two people in front of her and said, "Miss Zheng, regarding the question you asked just now, I'll answer you clearly and clearly now. "

When Mu Ru said this, she broke free from Zheng Yifan's grip. She held the back of the SOFA with one hand and lifted the bangs on her forehead with the other She said extremely seriously, "firstly, it's not my fault that I'm not a pure and innocent girl. This is the fault of Dongfang Mo, who is not only completely unrecognizable but also a eunuch. It's because I met a stranger in his one inch ink city, Qiangjian, that I became pregnant with a bastard child. This is because the security in his one inch ink city is not good, or it's because he didn't use the right people. In short, the bad people are caused by his appeasement and nurturing of evil. Secondly, it's true that my reputation is not good and I'm not pure after such a scandal, but Yifan himself doesn't mind. What do you guys mind "thirdly, Yifan was the one who pursued me. He was the one who said that he wanted to marry me and live with me for the rest of his life. He didn't think that I'm not worthy of him. What use do you think that is "It's not like I want to live with you guys for the rest of my life. "

When Zheng Yiping and Dongfang Yu heard Mu Ru's words, they could not help but feel embarrassed. Xi Muru's three points were too incisive, and every single point was critical and crucial. According to the current marriage law.. They indeed had no right to stop the marriage between Xi Muru and Zheng Yifan.

However, they had to stop it. They could not let the marriage between Zheng Yifan and Xi Muru continue because it was related to the reputation of the Dongfang family and the Zheng family.

Thus, Dongfang Yu said with a gloomy face, "Xi Muru, although what you said makes sense, don't forget that Yifan and we are cousins..."

"So what if we are cousins?" Zheng Yifan quickly interrupted Dongfang Yu. He walked over and put his hand on Mu Ru's shoulder to hug her tightly, standing side by side with her.

"enough, Zheng Yifan!" Dongfang Yu obviously did not have the patience to continue talking with them, so he stood up and said coldly, "marriage is not something that we play House and play games when we're young. Do you think you can do whatever you want to do?"

## Chapter 259, what is nonsense

Zheng Yifan could not help but sneer when he heard Dongfang Yu's words. "second cousin, what is nonsense?" I'm in a proper relationship, and I'm supposed to be living with the person I like. Is that considered nonsense? If that's the case, then what about someone like second cousin who quietly married Xi Muxue, married Xi Muxue, and then chased Xi Muxue back to the Xi family after Xi Muxue's pregnancy and miscarriage? And everyone else thought Xi Muxue was the first lady of the Dongfang family. If that's not nonsense, then what is? Is that nonsense?"

"You?" Dongfang Yu's face instantly turned green. The short marriage between him and Xi Muxue was only two months, and it was entirely out of revenge against a woman like Xi Muxue. At that time, there wasn't even a wedding or a banquet. Of course, it had never been announced to the outside world, so very few people knew about it, not even their relatives and friends.

Now that Zheng Yifan knew, it seemed like it was Xi Muru who told him. The two of them really had a heart to heart and talked about everything?

"Me? What me?" Zheng Yifan completely ignored Dongfang Yu's dark face. Then, he said coldly, "I'm sorry, second cousin. Although we are related by blood, we can't even control our parents' marriage anymore. Besides, you're just my cousin. You really don't have any right to criticize my marriage."

"Yifan?" Zheng Yiping quickly stopped her brother and said unhappily, "What are you saying? Second cousin is here on behalf of eldest cousin. Eldest cousin is very disgusted with your marriage with Xi Muru, and eldest cousin..."

"eldest cousin is also not qualified to control us," Zheng Yifan quickly interrupted Zheng Yiping. Then he snorted coldly and said, "not to mention that second cousin is here on behalf of eldest cousin, even if eldest cousin came personally, I would still be like this. My marriage with Xi Muru is our own matter and has nothing to do with any of you. If you don't like it, you don't have to come and see. Just pretend that I'm not here."

Zheng Yiping saw that her brother had already said so much, and it seemed like there was no point in saying anything more. So she looked at Dongfang Yu and suddenly did not know how to continue.

Zheng Yifan did not give them any chance to speak at all. He quickly walked to the door and pulled it open. Then, with a cold face, he made an inviting gesture. "I'll have to trouble sister and second cousin to go back. You don't have to worry so much about Yifan's matter. When the time comes, you'll be worried to death. Although I'm a cardiologist, I don't want to mend my heart with people like you."

Zheng Yiping was slightly stunned when she heard this. Then, her face turned red and white. She came to the door, and when she stepped out.. She looked at her younger brother and said softly, "Yifan, I still hope that you can think about what I said. I'm doing this for your own good. I hope that after you think about it, I will tell you about the new decision. Of course, if you insist on doing this, then... ". "...". "..."

"Cousin Yiping, let's go." Dongfang Yu cut off Zheng Yiping's words and looked at Zheng Yifan. He said calmly, "cousin Yifan, don't blame me for not reminding you. There are many things that you can't do as you wish. My brother will definitely not let you get what you want."

After Dongfang Yu said that, he walked out of the door elegantly. However, the moment he turned around, his face instantly darkened. There was a voice in his heart that kept screaming. He wanted to stop it. He had to stop it. Xi Muru was his woman And his woman definitely could not be given to another man. Zheng Yifan was even worse!

### **Chapter 260: Let's get married first**

Mu Ru only softened when she heard Yifan Slam the door shut. She fell onto the sofa and felt like she had just fought a war. She used up all her strength.

She had never been so strong, and she had never been so determined. In the past, whether it was the Xi family or the Dongfang family, she had always been like a chess piece. She would be placed wherever others wanted her to be She had no right to say no.

Now that she had left the Xi family and the Dongfang family, she was free and no longer a chess piece. She finally understood the meaning of not being a chess piece and the meaning of making her own decisions.

"Mu Ru, what's wrong?" Zheng Yifan walked over and looked at Mu ru who was lying softly on the Sofa. He could not help but ask with concern. He squatted down in front of her SOFA and used his hand to stroke her forehead. "Are you feeling unwell again?"

"No." Mu Ru smiled. Then, she suddenly thought of something and jumped up from the SOFA. "Oh no, I'm still cooking Tangyuan in the pot."

After saying that, she immediately ran to the kitchen. The water in the pot had been boiled dry, and all the Tangyuan had turned into a lump of stew. The mixture of peanut and sesame was white, yellow, black, and very ugly.

And because the water had been boiled dry, these Tangyuan were no longer called Tangyuan. They were more like soft rice cakes.

"HAHAHA!" Zheng Yifan could not help but laugh out loud. He came over and turned off the gas stove. Then, he used the Spatula to flip the pot gently and said with a smile, "I think that's how rice cakes come about. Look at how good it is. Tangyuan turned into rice cakes, and we even saved money on rice cakes."

Mu Ru, who was originally upset, could not help but laugh at his words. Then, she hurriedly took two bowls and handed them to him. "Alright, I'll eat rice cake on the first morning of the New Year."

"Mu Ru, I'm afraid that the longer the night, the more trouble it will bring. Why don't we hurry up and get married?" Zheng Yifan asked Mu Ru, who was also eating rice cake, as he ate the white, yellow, and black rice cake.

"Ah? GET MARRIED?" Mu Ru was stunned when she heard this. Then, she looked at Zheng Yifan with some doubt.

Actually, she said that she was going to marry Zheng Yifan today and spend the rest of her life with Zheng Yifan because she was angry with Dongfang Yu She wanted to anger Dongfang Yu's meddlesome

mind and Zheng Yiping, who came up to her and made things difficult for her without asking the right questions.

“Yes,” Zheng Yifan replied very naturally. Then, he looked at her and said, “Mu Ru, you said today in front of my sister and my cousin that you would live with me for the rest of your life. You can’t be shameless.”

Mu Ru finally reacted. Then, she looked at him and said somewhat helplessly, “Yifan, if we were to arrange a wedding with wine, I don’t think the Dongfang family would let it go so easily. I’m worried that they would come and cause trouble at our wedding.”

“Then we won’t arrange a wedding for the time being.” Zheng Yifan also thought of this point. Then, he quickly said, “let’s go and get the marriage certificate first. Whether or not we are a legal couple has nothing to do with whether or not we have a wedding ceremony. The important thing is whether or not we have a marriage certificate. As long as we get the marriage certificate, my cousin...”

“But, I’m not 20 years old yet.” Mu Ru immediately interrupted Zheng Yifan’s words. Then, she said softly, “my birthday is in October. I’m only 19 years old and four months old now. I can’t get a marriage certificate.”

“Is that so?” Zheng Yifan also felt melancholic for a moment, and then asked, “then do you have a visa? If you do, we can go to Las Vegas to get married.”
