Chapter 261: Do you really want to get married

“Is that so?” Zheng Yifan was a little depressed, then he asked, “then do you have a visa? If you do, we can go to Las Vegas and get married.”

“Visa?” Mu Ru was slightly stunned, then she frowned and said, “I applied for a visa to go to the United States last July, but I don’t know where I put it, and I don’t know if it has expired.”

Actually, Mu Ru had never thought about applying for a visa, even though her twin sister, Mu Xue, already had a visa when she was 15 years old, and she had even traveled abroad several times.

However, her real identity in the Xi family was that of a servant. A servant could not hope for such things. Therefore, other than studying in peace, she hoped to rely on her own efforts to win a higher life for herself in the future. She did not have to be a servant for the rest of her life like mother Wang.

It was after the college entrance exam last June that Xi Yuancheng proposed to let her apply for a visa. At that time, she had gotten the first place in the city and earned glory for Xi Yuancheng. At the same time, she had also received a 100,000 yuan bonus.

100,000 yuan was nothing to Xi Yuancheng at that time, but the city scholar’s father had indeed given him a boost. Therefore, when the television station host asked him if he would send this genius daughter to study abroad in the future, Xi Yuancheng was overjoyed. He was too happy for a moment and immediately decided that he would definitely do it. Since his daughter was promising, as a father, he naturally had to help his daughter pave the way.

Thus, the next day, Xi Yuancheng asked her to go to the American Consulate to apply for a visa to the United States. He said that he would take her to Harvard University in the United States during the October National Day holiday. If she liked it, he would send her to Harvard to study in the future.

At that time, Xi Yuancheng sighed and said, “Xi Muru, you’re so ugly. You can only rely on studying. Since you’re more or less promising, you can study in Binhai for two years. When you’re in your third year, you can go to the United States.”

This was the only time that Xi Yuancheng considered for her as her father. Moreover, that time, it was under the encouragement of the host that he made the decision. However, the top scorer’s fame only lasted for a few days. After that, Xi Yuancheng still treated her the same as before. It was just that her living quarters were now on equal footing with Xi Muxue.

However, after the mishap at Xi Empire, after she replaced Xi Muxue to marry Dongfang Mo, and a series of things happened, her dream of going to America was completely shattered.

Zheng Yifan was impressed by her. He did not even know where his visa was, so he urged her to quickly look for it. He said that Las Vegas belonged to America, so she could go to Las Vegas if she had a visa to go to America.

Mu Ru nodded. Actually, she did not have much hope for this visa because she had forgotten how long it took her to fill it in. It was like a year, or half a year.

After the mishap at the Xi family, a lot of Mu Ru's things were gone, but her documents were still there, and her passport and visa were all with her documents, so she did not need two minutes to find them.

Zheng Yifan took the visa from Mu Ru and looked at it. Then, he smiled happily and wrapped his arms around her. He shouted happily, "Mu Ru, that's great! Your Visa hasn't expired yet. Your visa is valid for one year. We can totally go to Las Vegas and get married."

Mu Ru was still confused. When Zheng Yifan put her down, she looked at him and asked, "Yifan, do you really want to marry me? I'm talking about the kind of marriage where two people cuddle and walk hand in hand for the rest of their lives?"

Chapter 262 decided to get married

Zheng Yifan chuckled, but he didn't let go of her slim waist. He lowered his head slightly, pressed his forehead against hers, and pressed the tip of his nose against hers. He asked in a low voice, "why? Are you doubting my sincerity?"

Mu Ru was stunned again. Was she doubting Zheng Yifan's sincerity?

Perhaps ever since she had experienced Dongfang Mo, Dongfang Yu, and Nangong Xun, she no longer trusted any man, because men always planned for themselves. They never planned for their own women, even their own wives.. Or the people who had saved her.

"What's wrong? Mu Ru?" Zheng Yifan saw that she did not say anything, so he became even more flustered. He let go of her waist, took her hand, and went to the SOFA, asking her to sit down.

"Mu Ru, I know you must think that we haven't known each other for very long. We've only been dating for more than a month. To tell you that we're getting married so soon, you must be feeling very uneasy," Zheng Yifan squatted down beside her. Then, he pulled her hand to his chest, making her feel his heartbeat.

"That's not the main thing." Mu Ru finally opened her mouth and looked at Zheng Yifan. She gently bit her lips and said in a low voice, "Yifan, I think you should also know that I'm ugly. There's no need to say that. But just as your sister said, I'm no longer innocent, and..."

"Alright, Mu Ru." Zheng Yifan quickly interrupted Mu Ru's words. Then, he stood up and sat down beside her. He reached out and pulled her into his arms again, gently hugging her.

"Mu Ru, don't say these words anymore. What society is this now? Who would care about this?" Zheng Yifan's fingertips brushed across the birthmark on her forehead. Then, he could not help but lightly kiss the birthmark with his thin lips. "Mu Ru, this birthmark of yours is actually not ugly. If you really don't like it, wait until we get married and then go to Korea to get rid of it. Anyway, I don't mind this birthmark of yours."

When Mu Ru heard this, her heart gradually calmed down. She did not know if Zheng Yifan's feelings for her were more than love or more than love. However, since he said that he sincerely wanted to marry her, then..

Zheng Yifan was indeed a good man, and he was indeed a good man who was suitable to be chosen as a partner. Xi Muru was originally an ugly monster. To be able to marry a man like Zheng Yifan, to be honest, she was already high up in the world.

“Alright then.” Mu Ru finally nodded. She pulled herself out of Zheng Yifan’s arms and looked at him. She seemed to have made up her mind. “then let’s go to Las Vegas and get married. It’s just that it’s the New Year’s holiday now. I guess we’ll have to wait until after the New Year’s holiday to get married, right?”

“hehe.” Zheng Yifan couldn’t help but laugh. He took over Mu Ru’s words and said, “Mu Ru, the new year is a Chinese holiday. Foreigners celebrate Christmas. Their New Year’s holiday has already passed, so we can get a marriage certificate even if we go now.”

“Go now?” Mu Ru’s eyes widened, and then she asked in a daze, “can we go now? It’s not that easy to buy a ticket to fly to Las Vegas in the United States, right?”

“Of course it’s not that easy to buy. It’s the peak season for Chinese people to travel abroad. I have to make use of the time to make a call and book a ticket. I have to see if I can book a ticket before the fifth day of the Lunar New Year. Because I’m on vacation until the tenth day of the Lunar New Year, I have to wait until I go to work before I can apply for my marriage leave. The day is a little tight.”

Zheng Yifan had already taken out his cell phone to call the airline as he spoke. It was obvious that he was booking a ticket to Las Vegas. Mu Ru heard him say that if there was anyone who wanted to refund the ticket, she would inform him immediately.

Chapter 263: The Best of both worlds

Dongfang Yu had been driving with a gloomy face. Perhaps he was too immersed in his own thoughts, so he didn’t even look at Zheng Yiping, who was sitting in the passenger seat.

The car was very fast, so they entered one inch ink city in less than half an hour. Zheng Yiping rarely sat in such a fast car, so after the car stopped, she felt a little elegant.

It was only when she saw Dongfang Yu push the door open and get out of the car that she suddenly realized that the car had stopped, so she quickly got out of the car and saw Dongfang Yu walking toward the hall. He could not help but shout, “second cousin, I won’t go in. I’ll just drive straight back to Hong Kong. Tell Auntie and first cousin to wish them a happy new year.”

“What? You’re not going in?” Dongfang Yu turned around and walked a few steps towards Zheng Yiping. He asked in puzzlement, “What’s wrong? Yiping, you’re not going to Stop Yifan?”

Zheng Yiping smiled bitterly, then sighed heavily and said, “you saw it today. Do you think I can stop him? Will he listen to me?”

Dongfang Yu was slightly stunned. This time, Zheng Yifan’s attitude was very firm. He did not listen to a single word from Zheng Yiping and him. It seemed that Zheng Yiping really could not persuade him.

“Then what does cousin mean?” Dongfang Yu looked at Zheng Yiping. In fact, he already vaguely felt that she was going to compromise.

As expected, Zheng Yiping sighed helplessly and said, “second cousin, please tell eldest cousin that I really can’t do anything about this matter. ALSO — ”

Zheng Yiping paused for a moment and then smiled bitterly She said helplessly, “also, what mu ru said makes sense. Mu Ru wasn’t a bad girl in the first place. The reason why she had to go through all those things was completely forced on her by others. In fact, her own nature wasn’t bad at all. Besides, Yifan didn’t even dislike her. I’m just an elder sister... “... “...”

“The key is that Xi Muru used to be mine. She’s my sister-in-law! ” Dongfang Yu said quickly, but he hit a joke in his words Then, he continued, “that is, you and Yifan’s sister-in-law. If News of Yifan and Xi Muru getting married spread, Yifan marrying his former sister-in-law, do you think... ”

“I’ve just thought about this in the car, ” Zheng Yiping Cut Dongfang Yu off again Then, she nodded and said, “yes, their marriage reputation is definitely not good. Once it gets out, it will indeed be hard for them to raise their reputation. They will inevitably be criticized, so... ”

Zheng Yiping paused for a moment As if she had made up her mind, she said, “So, I plan to help Yifan settle down and let the two of them live abroad after they get married. In that case, it won’t have any impact on the Dongfang family and the two of them, don’t you think so? ”

Dongfang Yu was completely stunned. He had never expected that by bringing Zheng Yiping here, not only did she not help to dissuade Zheng Yifan, but she had even changed her mind in favor of the two of them getting married. She had even thought of a way to get the best of both worlds.

However, this method had no effect on him at all. He wanted to stop the marriage between the two of them, even at all costs.

There was no reason for his woman to marry another man, let alone his own cousin!

Therefore, he had to get a Hao to pay close attention to the two of them. He wanted to separate them as soon as possible, and then get Xi Muru to crawl back to him obediently.

Chapter 264: You must propose

Mu Ru thought that it wouldn’t be so easy for Zheng Yifan to book a ticket to Las Vegas. Although Zheng Yifan said he wanted to book a ticket before the fifth day, she felt that it was the peak of the Spring Festival. There were too many people traveling abroad, so it would be difficult.

Therefore, she still planned to contact her good friend Cheng Feier on the second day of the New Year. Then, she would ask her to ask her classmates who used to be close to Xi Muxue, to see if anyone knew Xi Muxue’s whereabouts.

That Leng Leiting was not a good person. Xi Muxue took his 40 million and ran away. She was really worried for Xi Muxue. If she was caught by Leng Leiting, she did not know if she would still be alive.

Xi Muxue had always been selfish and only thought about herself. In fact, her personality was the same as her father, Xi Yuancheng, so mu ru did not have much sisterly love with her.

But in the end, she was still her sister, and she was also her twin sister. At the same time, she was her only family in this world. No matter what, she still had to find out about her, right?

However, early in the morning on the second day of the Lunar New Year, when Mu ru and Zheng Yifan were having breakfast, Zheng Yifan's phone rang. Then, Mu ru saw him go to the balcony to answer the phone. A few minutes later, he came over happily.

"Mu Ru," Zheng Yifan bent down and planted a heavy kiss on her cheek. Then, he shouted happily, "our tickets have been booked. Someone just called and refunded three tickets. My friend from the airline gave us two tickets. We will fly to Las Vegas at 11 o'clock tomorrow afternoon. We can go get married tomorrow."

"Is that true?" Mu Ru was still a little confused after listening to him. She was afraid that he would make a mistake. She could not help but remind him, "Yifan, it's hard to get a ticket at this time. How can there be a refund?"

"It's true, it's absolutely true." Zheng Yifan was only concerned about being happy. Then, he sat down at the dining table and ate the sandwich breakfast that Mu ru prepared for him. He said excitedly, "Oh right, I haven't proposed to you yet..."

"Didn't you propose to me two nights ago?" Mu Ru interrupted him and reminded him, "two nights ago, in the kitchen..."

"PFFT..." Zheng Yifan couldn't help but laugh out loud. Then, he quickly said, "Mu Ru, how can that be considered a proposal? It's a proposal. There must be fresh flowers and rings. Tomorrow, we'll fly to get married, so today, I must propose to you. Let's hurry up and eat breakfast. After that, we'll go buy rings."

"You're really going to propose?" Mu Ru looked at his serious look and finally knew that he was serious.

"Of course. Before getting married, you must propose once." Zheng Yifan put down the milk in his hand and patted her shoulder. "Mu Ru, I hope you can let me succeed in proposing the first time."

Mu Ru could not help but laugh out loud. Then, she deliberately mischievously said, "that may not be true. If I don't agree to your proposal by then, then we won't have to fly to Las Vegas to get married tomorrow, right?"

Zheng Yifan immediately became nervous when he heard mu ru say that. Then, he quickly held her hand and said, "Good Mu Ru, you must agree. You must agree. I even booked the plane ticket. You can't change your mind. You can't change your mind. I will definitely make the proposal scene extremely romantic tonight, okay?"

Mu Ru saw his extremely serious look and finally stopped joking with him. She gently bit her lips and nodded. "Okay. I hope that your proposal scene will be remembered by me for the rest of my life."

Chapter 265: The choice of simplicity and luxury

Zheng Yifan brought mu ru to buy a ring in the morning. It was one of the nine famous fortune jewelry stores in Binhai.

This was the first time mu ru was in such a high-class and luxurious jewelry store. Inside, there was a dazzling array of gold, jade, and jewelry. especially the diamonds. One by one, they were like teardrops, reflecting light, so dazzling that people couldn't open their eyes.

Zheng Yifan originally wanted to buy diamonds, but mu ru insisted on not wanting them. Although diamonds were beautiful, they were too extravagant and flashy. They gave people the feeling of stars in the sky. Beauty was beautiful, but the distance was too far, so beautiful that it was unreal.

So, in the end, she chose platinum. In fact, she wanted silver, but JIU FU jewelry store did not have silver, so in the end, she chose Platinum plain rings. They were simple and practical, and the price was not expensive.

After buying the ring, it was almost noon. Zheng Yifan originally wanted mu ru to go to the revolving restaurant for lunch, but just as the two of them walked out of the jewelry store, Zheng Yifan's phone rang, and it was a call from the hospital.

Zheng Yifan was a cardiologist. Although he was on annual leave, because he would not leave Binhai during the Spring Festival holiday, the hospital would call him as soon as there were patients who needed his surgery or something.

This was the responsibility of a medical staff. Regardless of whether it was a doctor or a nurse, they could not turn off their phones 24 hours a day because they had to maintain a state where the hospital could contact them at any time.

Zheng Yifan finished the call Then, he said to mu ru with regret, "I'm sorry, Mu Ru. I can't accompany you to the revolving restaurant for lunch. A serious patient with heart disease has arrived at the hospital. Coincidentally, our department director has gone back to his hometown, Shanghai, so the hospital wants me to hurry over for surgery... ". . ."

"then hurry up and go. Don't waste any more time." Mu Ru immediately pushed him into the car with her hands. At the same time, she also said with understanding, "of course, saving lives is important. We can eat whenever we want. We don't care about this moment. We have a lifetime. "

Zheng Yifan listened to Mu Ru's words and laughed from the bottom of his heart. This was the good woman he was looking for. Such a woman was suitable to be his wife, Zheng Yifan. He had to cherish her and cherish her for life.

Mu Ru saw that Zheng Yifan's car had left and she strolled around the streets alone. At noon, it seemed that going home alone was also about cooking. Moreover, it was troublesome. She might as well find a food stall to eat at.

Just as she was thinking about this, her phone rang. She thought it was Zheng Yifan, so she quickly took it out and answered it without even looking. Then, she brought it to her ear and shouted, "Hey, Yifan, you got to the hospital so quickly... "

"WHO's Yifan?" Cheng feier's words came from the phone. Without waiting for Mu Ru to answer, she asked, "who's Yifan?" Then, she quickly asked, "right, Xi Muru, why did you call my phone at midnight that day? I turned off my phone and went to sleep at night. I only found out the next day, but when I called you the next day, you turned off your phone again? "

“Oh, I’m fine now.” Mu Ru heard Cheng Feier’s voice, and then she said, “right, Fei’er, are you free now? If you are, come out. Let’s have lunch together. I’m flying to Las Vegas Tomorrow...”

“What?” This time, it was Cheng Feier’s turn to be shocked. Then, she hurriedly asked, “Xi Muru, what did you say just now? You’re flying to Las Vegas? What are you flying there for? Could it be that you’ve found a job in a multinational company?”

“No,” Mu ru quickly explained, then softly said, “I’m going to Las Vegas to get married...”

Chapter 266 meeting an old friend

Xi Muru and Cheng Feier had lunch together at noon. The two of them went to the BLA BLA BLA that they had not been to for a long time and ate a lot of snacks.

When Cheng Feier heard that she was going to Las Vegas to get married, she was surprised but also envious. Especially when she heard that the person she was going to marry was her mother’s former attending doctor, who also had a master’s degree from America, she was even more envious.

“Xi Muru, do you think your fate is good or bad?” Cheng Feier asked with a sigh. Without waiting for mu ru to answer, she continued. Then, she answered for her, “all in all, your fate is bad before your fate is good. It seems that God is fair. You’ve experienced so much pain, and now you’re finally happy. You have to cherish the happiness Zheng Yifan gave you.”

Mu Ru nodded and said softly, “of course. He’s the first man in the world who treats me well. He’s also the first man who treats me sincerely. I must love him well and live a good life with him.”

“Then, will you still study after you get married?” Cheng Feier was chewing on the Indian barbecue as she asked vaguely.

“This... I don’t know,” Mu ru answered truthfully because she had not considered this question. At the same time, she did not mention this question to Zheng Yifan ...

“Hey, you, what a good painting genius you are. You are actually buried just like that,” Cheng Feier said as she held her hand and said, “since you are free now and your husband has gone to work, let’s go to the oil painting village for a walk. It has been a long time since you went to see a painting, right?”

Mu Ru nodded. Her life in the past six months had been a mess. She had almost forgotten about painting. How could she have the time and mood to see a painting?

During the New Year, coincidentally, the oil painting village held a painting exhibition. Mu Ru and Cheng Feier came to the oil painting village hand in hand. They strolled from house to house, admiring the exquisite paintings.

In fact, they had never thought that they would meet an acquaintance, but they just had to meet one. Moreover, it was the art teacher, Nan Ke, who mu ru had studied painting when she was young. However, they had not met for eight years.

Mu Ru recognized Nanke at once, and after a careful identification, mu ru finally lifted the fringe on her forehead. Only then did Nanke remember her.

Nanke said that ever since Mu ru and the others were in junior high school, he had gone to France to further his studies. He had just returned from the New Year, and this gallery was not opened by him. It was opened by his friend. He had only hung a few paintings in it to help his friend keep up appearances.

Because Mu ru had been very serious in learning to paint when she was young, she was also very talented. Moreover, because she could not afford to pay tuition fees, she had been helping him with chores, so Nanke had a deep impression of her. Therefore, when he left, he even gave mu ru his phone number in France He said that one day, when she went to France, she could look for him.

Mu Ru thanked teacher Nanke and said that if she had the chance to go to France, she would definitely visit teacher Nanke. Then, she chatted with teacher Nanke for a while before going to another art gallery with Cheng Feier.

The oil painting village was very big. Mu Ru did not know when she would be able to come again, so she decided to visit them all. However, she and Cheng Feier had just transferred two-thirds of the time. At around five in the afternoon, Zheng Yifan's phone called.

Mu Ru picked up the phone and told Cheng Feier that she had to go back because her husband was looking for her. Cheng Feier wished her a happy wedding and reminded her to bring her a gift from America.

Chapter 267, I'm willing

Zheng Yifan said that he was going to propose to Mu ru today, so he didn't want to have dinner at home tonight. He wanted to eat out because eating out would make the atmosphere more lively.

Mu Ru, who was sitting in the front passenger seat, couldn't help but say, "how much can two people eat? It's enough to have a meal at home. What a waste of money to go out." Moreover, he had spent so much money on the wedding ring today.

Zheng Yifan couldn't help but laugh when he heard her say that He sighed and said, "Mu Ru, it's great to marry you. There are very few women who know how to manage the house like this now. But since it's a proposal, I want to give you a romantic environment, so let's break up tonight. It'll be better if we're more frugal in the future."

Mu Ru rolled her eyes at him and said, "it's very expensive to eat outside these few days. During the Spring Festival, there's also a service fee. Actually, you can propose at home."

"Alright, we won't eat expensive food. Can we at least eat roadside stalls?" Zheng Yifan could not help but ask with a smile.

Mu Ru was slightly stunned, then she nodded and said, "okay, sometimes roadside stalls are better than big restaurants."

They did eat roadside stalls at night, but Zheng Yifan brought mu ru to a roadside stall on the Seafood Street on the beach of Jinsha Bay in the east. The roadside stalls here were even more expensive than the average high-class restaurant.

Mu Ru had fallen in love with Zheng Yifan, but since he was already here, and he also said that life was just a marriage proposal, what was the big deal about being a little extravagant?

The dinner was a seafood feast, charcoal-grilled Oysters, braised nine-section prawns, spicy crab, steamed scallops with Vermicelli... ..

This roadside stall had been eaten for a long time. Mu Ru rarely sat down quietly to taste the delicacies of seafood. Moreover, the seafood here had just been fished out from the sea, and the taste was much more delicious than the ones in the city.

Zheng Yifan ordered a bottle of red wine. Mu Ru would not drink wine initially, but Zheng Yifan said that since he was going to propose, how could she not drink wine. Moreover, red wine was the key to the atmosphere.

Mu Ru could not dissuade Zheng Yifan, so she finally clinked glasses with him and drank the half glass of red wine. She thought that a little red wine should not be a problem, even though she did not have much tolerance for alcohol.

After dinner, the two of them held hands and strolled to the beach. A crescent moon hung on the beach and shone on the sparkling white sand, casting a long shadow on the two of them. The sound of the waves gently patting the shore was like a beautiful serenade... ..

Because of the seafood they ate at night, Mu Ru felt a little drunk. She insisted that cooking wine was added to the seafood, and she drank half a glass of red wine. Cooking wine and red wine made her drunk.

Zheng Yifan said that he was also drunk. She was drunk because he was drunk, but he was drunk because he was not drunk.

Mu Ru's face instantly turned red when she heard Zheng Yifan's words. She strolled with Zheng Yifan on the beach that was illuminated by the crescent moon. The night was silent, and only the sea breeze blew.

The ocean was surging around them. The waves crashed against the shore, and the waves surged higher and higher. It was a magnificent sight.

In the sky, the moon only had a little tooth. It was just a new eyebrow, but the sky was filled with stars. In the dark and vast sky, it radiated a charming and cold light.

On the surface of the sea, there was a flowing black brocade-like glass. It was as if many stars had fallen into the sea and broken. They also shone brightly in the sea, decorating the surface of the sea with countless sparkling spots of light.

Zheng Yifan pulled Mu Ru's hand and sat down on a large rock by the sea. Then, he took out a large bouquet of champagne roses from the rock behind him. On the slightly taller rose, there was clearly a sparkling ring.

Zheng Yifan got up slightly and knelt on one knee. He raised the rose with both hands and sent it to Mu Ru. He said sincerely, "Xi Muru, do you want to marry me?"

Mu Ru's eyes instantly filled with warm liquid. She looked at the rose that represented love, the ring that shone with happiness, and the sincere yet handsome man. She finally cried out loud. At the same time, she knelt down and took the rose and the ring with both hands. She sobbed, "I do!"

Chapter 268: Bring Forward the wedding

It was already past 11 p.m. when Zheng Yifan and Xi Muru returned home. They would fly to Las Vegas at noon the next day. This afternoon, after Zheng Yifan finished the extremely difficult surgery, he applied for leave from the hospital and said that he would be going overseas tomorrow. The rest of the matters were handed over to the doctor on duty.

Because he would only be going to Las Vegas for a few days, Zheng Yifan's vacation was limited, so he did not have to bring much luggage. He only needed two sets of clothes for one person. Of course, the identification was the most important.

Zheng Yifan said that he had someone record the scene of them eating seafood on the beach at night, and then the scene of him proposing to her on a DV, and played it on the computer for Mu ru to see.

Mu Ru looked at the image displayed on the computer and realized that she didn't eat at all when she was eating seafood. Later, when Zheng Yifan proposed to her, her face was at a loss at first. Then, when she hugged the rose, her face was filled with tears and she cried profusely. There was no sense of beauty at all.

But Zheng Yifan said that she was very beautiful, very beautiful, just like Cinderella. He liked girls with true personalities like her. He disliked those who pretended to be weak the most and ate little by little like a chicken pecking at rice. A woman who walked like a willow in the spring breeze.

Mu Ru looked at herself on the computer screen. Perhaps it was because the person who filmed it was more professional. The image was indeed clear and beautiful, but she always had the illusion that it was too good to be with Yifan. And such a beautiful day.. She was worried that it wouldn't last.

Zheng Yifan assured her that his sister, Zheng Yiping, wouldn't stop them anymore. Moreover, his sister, Zheng Yiping, called him this afternoon and suggested that they hurry up with immigration after they got married, so that they could go abroad in the future. She said that as long as they were not in Binhai, there would be no need for people to say anything.

When Mu ru heard Zheng Yifan say this, her heart was relieved. Thinking about it, it made sense. When they were abroad, in a strange place and in a strange crowd, who would know that she had once been Zheng Yifan's cousin?

Therefore, Mu Ru hoped that her marriage with Zheng Yifan in Las Vegas would go smoothly. She hoped that there would not be any accidents. After all, she and Yifan were both foreigners, so she did not know if the documents were complete?

Mu Ru was originally going to sleep in the guest room, but Yifan said that they were getting married the next day. Moreover, he had already laid out all the bedding that he had bought. The curtains were also brand new. The entire room was decorated like a new room.

It was indeed like a new room!

The curtains were in the spring color of a pink foundation with a Red Peach blossom pattern. There were also two magpies chirping on it. Such a scene not only gave off a festive atmosphere, but it also gave off a sense of vitality.

The red bedsheets were embroidered with Mandarin ducks swimming in the water. The quilt was covered with golden threads embroidered with dragons and Phoenixes. A pair of pillows were embroidered with blooming flowers.

Mu Ru's face immediately turned red, and she whispered, "we're not married yet?"

Zheng Yifan immediately laughed out loud. He hugged her from behind and whispered, "Mu Ru, we're going to Las Vegas to get married. That place is the world's gambling city, so the hotel room prices are naturally sky-high. Moreover, my vacation doesn't allow us to stay in La city for long, so after we get married, we'll immediately fly back to Binhai, and our wedding night might have to be spent on a plane, so —"

Zheng Yifan paused for a moment, then his thin lips exhaled a warm breath into her ear. He whispered, "Mu Ru, can we bring forward our wedding night by one day? Let's have our wedding night tonight..."

Chapter 269, bringing forward the wedding by 2

Mu Ru's face was flushed red from embarrassment. Her hands were shaking nervously as she bit her lips. After a moment of silence, she raised her head slightly and finally nodded heavily in response to Zheng Yifan's dark and clear eyes.

Zheng Yifan immediately became happy. Then, he turned around and ran towards the bathroom. As he ran, he shouted, "wife, I'll go take a shower first. I'll warm your bed after I shower."

Mu Ru's face became redder and redder, especially when Zheng Yifan called her 'wife'. It made her heart beat faster because she used to be the wife of a man called Dongfang Mo..

She did not know why, but she suddenly thought of Dongfang Mo. In fact, ever since Dongfang Mo chased her out of one inch Mo city, she had never seen Dongfang Mo again.

However, she felt as if she had just seen him two days ago. This feeling was strange, wasn't it? The person she had seen two days ago was clearly Dongfang Yu, but..

Thinking of this, she suddenly remembered that there seemed to be something familiar between Dongfang Yu and Dongfang Mo, but what exactly was it?

The smell, the smell on their bodies, and the look in their eyes. She remembered that night, the Night Dongfang Yu and Xi Muxue got married, Dongfang Mo used an emulator to humiliate her. That night, the way he looked at her.. It was very similar to the way Dongfang Yu looked at her.

Sigh, they were twins after all. Dongfang Mo must have been as handsome and handsome as Dongfang Yu when he wasn't burned by the fire, right?

“Mu Ru, what are you thinking about?” Zheng Yifan’s voice rang out at the bathroom door, interrupting Mu Ru’s thoughts.

Mu Ru turned her head instinctively and realized that Zheng Yifan had already come out of the shower. There was a loose towel wrapped around his waist and most of his body was exposed.

Mu Ru looked over and saw his strong muscles and muscular body. The loose towel seemed to be in danger of falling off because of his walking.

“honey, do you feel that your husband is actually very capable?” Zheng Yifan walked over and saw that she was still stunned and could not react. He could not help but pinch her cheek with a wicked smile.

When Mu ru heard him call her husband, her face, which had not yet returned to normal, turned as red as a piece of red cloth. She immediately ran to the wardrobe to get her pajamas, turned around and ran to the bathroom. She could not wait to find a sealed place to hide herself.

Zheng Yifan saw that she had already run into the bedroom, so he immediately went to the wardrobe to get his pajamas and put them on. He then looked at the brand new bed that was filled with happiness. He lifted a corner and quickly hid under the blanket.

Mu Ru took a long shower in the bathroom. Ever since she left one inch ink city, she had not had any intimate contact with any other man. Even when she had sent flowers to the Fragrant Plum Garden Hotel and met Dongfang Yu, she had luckily escaped from his clutches.

Now, she was going to marry Zheng Yifan. Tonight, she was going to share the bed with him in advance. She could not help but feel uneasy.

Yifan had already proposed to her that night, and their flight tickets to Las Vegas had already been packed in their luggage bags. She never doubted Yifan’s sincerity in marrying her, but... ..

Thinking about what was going to happen later, thinking about how she was going to lie under Yifan, her entire body turned red from her forehead to her neck!

So, she dawdled in the bathroom for a very, very long time until the water in the bathtub was no longer warm. Then, she had no choice but to get out of the bathtub, dry the water droplets on her body, put on her proper pajamas, and push open the bathroom door. She carefully walked out.

Zheng Yifan had already turned the lights in the bedroom to orange. At this moment, he was lying on the bed. The bright red bedding looked especially warm under the orange lights. Zheng Yifan’s face was currently resting on the peony flower, which symbolized the blooming of flowers and wealth. He was wearing an expectant smile.

Mu Ru could not help but feel nervous. She took off the shower cap on her head and hung it on the clothes drying rack. It was as if she was treading on a sharp blade as she staggered towards the bedside. She kept telling herself to relax a little bit, and then relax a little bit more, but the expression on her face.. She was obviously so nervous that she was about to cry. She could not get up no matter what.

Zheng Yifan could not help but sigh when he saw her like that. He sat up and immediately stretched out a hand to grab mu Ru's wrist. He pulled with a little force, and Mu ru staggered and was directly pulled onto the bed by him.

"Ah!" Mu Ru could not help but cry out in shock. However, before she could react, Zheng Yifan's arm had already wrapped around her waist. With a little more force, her body rolled directly into her embrace.

Mu Ru's body froze in an instant. Zheng Yifan, on the other hand, laughed lightly. His hand was placed on the waist of her pajamas. He did not carelessly touch her up and down. Instead, he placed his Chin on the top of her hair.. He took a deep breath and said in a low voice, "wife, your body smells so good!"

Mu Ru, who was initially frozen in Yifan's embrace, was jolted awake by his cry. She felt her heart beating wildly while her face seemed to be burning like a burning cloud.. Then, she quickly buried her face deep into his chest, afraid that he would discover her current embarrassment and helplessness.

"What's wrong?" Yifan immediately noticed that something was wrong with her. His other hand gently patted his back, and his thin lips moved to her ear. He asked in a low voice, "are you... very nervous?"

Mu Ru nodded. Nervous, very nervous. How could she not be nervous about sleeping on the same bed with a man she had not known for long?

Although, know that this man is about to become my husband, although, know that this man and I will walk hand in hand for a lifetime, and, after every night, they will embrace each other like this for a long night, but in the end... ..

"Don't be nervous, just relax a little bit." Zheng Yifan's thin lips were already close to her ear, perhaps because of excitement or also because of nervousness His voice slightly trembling in Mu Ru's ear gently sounded: "Wife, I can not sleep."

When Mu ru heard his words, the heart in her chest began to beat faster and faster. She even found it difficult to breathe. She buried her head deeper into Yifan's chest and did not dare to raise her head. She also did not dare to face his pair of expectant eyes.

"I can't sleep either." Mu Ru's voice sounded like a mosquito. Her hands were so nervous that she did not know where to put them.

"..." Zheng Yifan laughed in a low voice that was almost inaudible. His arms hugged her even tighter and held her body tightly. However, he did not move. His slightly trembling voice sounded softly in her ear again, "then can we chat for a while?"

"Okay." Mu Ru secretly heaved a sigh of relief. Her body also relaxed a little. She moved slightly in his embrace and chose a more comfortable position. She rested her head on his strong arm and asked softly, "then what shall we talk about?"
