

Chapter 311, so-called Secret 8

"Aunt Gu, are you looking for me for something?" Although Mu ru was a little worried that Dongfang Mei had found out about her trip to the anglo-american Company yesterday, her expression was still very natural.

"Oh, it's like this." Dongfang Mei looked at mu ru meaningfully and said faintly, "I heard from Amin that you're learning painting in the oil painting village, right?"

"Yes." Mu Ru nodded and answered truthfully Then, she said in a flat tone, "I have nothing to do during the day. I'M BORED IN ONE INCH INK CITY, so I went out to learn a few strokes of painting. I asked the eldest young master about this, and he agreed."

"Hehe, I didn't say that you shouldn't go. Besides, you're the eldest young master's person, so I don't have the right to control you." Dongfang Mei laughed, and then quietly asked, "by the way, are you busy today?"

"What can I be busy with? I'm just going to the oil painting village to learn how to draw," Mu ru answered truthfully, because she really didn't have anything else to do.

"Oh, it's like this. Isn't it may now?" "second young master is going to marry Miss Kuang in early July. His New House on the third floor of the ink garden needs to be redecorated. The eldest young master handed this job to me, but I don't know anything about interior design and decoration. So I thought, since you're learning how to draw, you must know more about the color layout and style of the room. Why don't I hand this job to you?"

"How can I do that?" Mu Ru quickly rejected. "Aunt Gu, you know my identity in one inch ink city. I'm just a servant, how can I interfere with second young master's new house renovation? Besides, I'm not learning interior design, right?"

"Why not?" Dongfang Mei quickly explained, "just take it that you're the designer I hired?"

"No, no, definitely not." Mu Ru quickly waved her hand to reject Then, she looked at the time and quickly said, "Aunt Gu, I don't have time. I'm going to the oil painting village. You should find someone else to renovate second young master's new house. I'm just a servant, I can't take on such a big responsibility."

After saying this, Mu Ru did not wait for aunt Gu to speak. She then quickly walked towards the entrance of one inch ink city, as if afraid that Dongfang Mei would stop her.

Dongfang Mei's gaze followed Mu Ru's back and her heart immediately skipped a beat. This Xi Muru with a birthmark on her forehead, did she underestimate her?

When Xi Muru was once Dongfang Mo's wife, she was able to dig out the anglo-american Company from the mess of bills that Dongfang Mo brought back. This caused her company to not have a fixed source of income for a long time.

Now, she had become Dongfang Mo's mistress and was once again living in one inch ink city. Would this cause some kind of trouble for her anglo-american company?

Was she the one who sent the painting to anglo-american Company yesterday Why didn't anyone sign for the payment and the person who sent the painting disappeared?

Yesterday, the company's surveillance camera was broken. The Front Desk Lady said that the Gallery's people were repairing the surveillance camera when they sent the painting, so the video was blank.

Xi Muru, you jinx, just let the Xi family suffer enough. Don't get involved in our Dongfang family's domestic affairs. If you obediently leave early and leave late every day like this, then we won't meddle in each other's business. Of course.. If you don't behave yourself and insist on getting involved in the family affairs of the Dongfang family, then don't blame me for being rude to you.

### **Chapter 312 the life of Zhu Bajie 1**

Mu Ru came to Jingxuan gallery in fear, thinking about how she would answer Shangguan Jingtian's question about the three paintings yesterday?

Of course, if Anglo American company didn't pay for the three paintings, she would have to pay for it herself. Fortunately, the money had already been taken from Dongfang Mo, that devil.

More importantly, she was worried that she had offended Shangguan Jingtian's client. No matter what, the client was God, and Anglo American company had called Shangguan Jingtian to order the paintings, so naturally, it was Shangguan Jingtian's God.

However, when she rushed to Jingxuan Gallery, she didn't see Shangguan Jingtian. Xiaoyun said that the boss hadn't come today, and she didn't know if he had come back from city g yesterday.

Xiaoyun was a colleague of the company, an Old Lady. She was thirty-one years old this year, a woman over thirty years old, and had already entered the marriage-crazy industry. No, to be precise, she had entered the marriage-crazy industry.

The boss didn't come, so mu ru decided to put aside the matter of the three paintings yesterday. She chatted with Xiaoyun casually for a while, then went upstairs to draw.

Two of her paintings were already hanging in the gallery, but they were newcomers. Moreover, the paintings couldn't be compared with the works of Shangguan Jingtian and the other teachers, so they were hung in a corner and hadn't received any attention for a week.

During lunch, Xiao Yun told her the good news. The people from the anglo-american Company called and said that the three paintings hadn't been signed for yesterday. They asked her to sign the delivery order today so that they could pay for it.

Mu Ru quickly said that her painting hadn't been completed yet, so it was better for one of you to take the delivery order and collect the money. She wanted to stay in the gallery to finish her painting.

Xiao Yun said that you were stupid. Yesterday, you sold the painting and you gave it to me. Today, if you send the delivery order and collect the money, you will get a 2% commission, which is four to five hundred dollars.

Mu Ru quickly said that she didn't want it anymore. Well, if one of you goes there, the commission will be on your head. Oh right, when the time comes, you can just tell boss Shangguan that the painting was sent by you.

Xiao Yun and Xiao Wang were naturally happy about such a good thing, but in the end, Xiao Wang went because Xiao Yun was going on a blind date tonight. She was afraid that if she came back late, she would miss the scheduled meeting time.

No one was surprised that Xiao Yun was going on a blind date tonight. Mu Ru had been here for more than a month and knew that Xiao Yun had gone on no less than five blind dates, and each time, it ended in failure.

In the afternoon, Mu Ru had just finished painting and was washing her brush when Xiao Yun came in. She patted her shoulder and said, "Mu Ru, accompany me on a blind date tonight."

"A blind date?" Mu Ru immediately raised her head to look at her, then shook her head and hurriedly said, "I have something to do tonight. Can you find someone else?"

Xiao Yun was a famous marriage maniac in Jingxuan gallery. No, it should be the entire oil painting village. The desire of a woman over thirty to get married was indeed not something that ordinary people could understand. According to Xiao Wang.. The sisters in the neighboring gallery, including herself, had of course gone on blind dates with Xiao Yun.

However, every time someone accompanied her on a blind date, it would end in tears. So now that Xiao Yun wanted to go on a blind date, no one was willing to go. They all found excuses to turn it down.

Mu Ru had also gone on a blind date with Xiao Yun once. It was half a month after she came to Jingxuan Gallery. That day, it was noon. She went to KFC restaurant with Xiao Yun to meet her uncle, who was in his late twenties. However, that uncle was really too disgusting. He even went Dutch on a blind date. The three of them spent 96 yuan, but he only paid 25 yuan for his own expenses. The rest was paid by Xiao Yun and mu ru themselves. Xiao Yun was so angry that she couldn't marry such a man even if she was beaten to death.

### **Chapter 313: Zhu Bajie's life 2**

Thus, Mu Ru said to Xiao Yun, "well, sister Xiao Yun, I really have something to do tonight, so I won't accompany you on the blind date. You can ask Ah Mei from Lin Hong Gallery to accompany you. Ah Mei has free time every day anyway."

"Ah Mei is so beautiful. If she goes with me, what if she falls for her?" Xiao Yun rolled her eyes at Mu Ru. Then, she added, "besides, if I want to make ah Mei look ugly, I have to spend money, right. If I ask you to accompany me on the blind date, you only need to comb your bangs. There's no need for any makeup. When the two of us are together, we can directly reveal my beauty, grace, elegance, and beauty."

Upon hearing Xiao Yun's words, mu ru was immediately petrified. Was Xiao Yun praising her for being ugly? But why did this praise sound so awkward? Why did it make people feel uncomfortable?

Mu Ru still did not want to go, but Xiao Yun begged her again, "Mu Ru, I'm already 31 years old. Tonight, I heard that this is a famous school seaweed. My annual salary is 300,000, and I have a house and a car. Do you think I can miss such a good opportunity?"

"No, of course not." Mu Ru blurted out almost instinctively, but after saying this, she wished she could slap herself. Hence, she hurriedly added, "however, if you miss out on someone with an annual salary of 300,000 yuan, there might be someone with an annual salary of 500,000 yuan waiting for you in a few days."

"Do you think I'm a pig?" Xiao Yun immediately roared. She said very unhappily, "Xi Muru, don't you think about it? I've been on a blind date for three years, and I've only met someone with an annual salary of 300,000 yuan. If I don't seize this opportunity this time, I probably won't have such an opportunity again in my life. Sister, no, little sister, just go with me once. Sacrifice your ugly appearance, and I'll pay for your performance fee, okay?"

Mu Ru was a soft-hearted person after all. Xiao Yun had already said so much. It seemed that if she did not accompany her, it would be a little unreasonable. Therefore, she gritted her teeth and decided to sacrifice her ugly appearance to contrast Xiao Yun's beauty. Tonight, she would try to help Xiao Yun get that annual salary of 300,000 yuan.

Thus, Mu ru combed her bangs that she had never combed before. She was afraid that the bangs would accidentally fall down and cover the birthmark and scar on her forehead. Xiao Yun even specially used a hairpin to hold it.

The clothes on her body were originally very casual. In fact, they were all old clothes from the past. She had been Dongfang Mo's mistress for so long, but Dongfang Mo did not seem to have thought of buying her any clothes.

Even though that was the case, Xiao Yun still felt that her skin gloss was very good and very fair. Even if she had a birthmark, it would still make her look younger than her?

Thus, Xiao Yun took out her own makeup and put it on Mu Ru's face. Of course, it was to make her look older. She put on a thick layer of makeup and exaggerated blush for her. Then, she found a middle-aged woman's dress that she had bought for Mu Ru.

Thus, Xiao Yun dressed mu ru up as an ugly middle-aged woman without spending a single cent.

Just as they walked out of the door, they happened to see Shangguan Jingtian driving back. When he saw mu ru like this, he was shocked and quickly asked her what had happened. Why did she disfigure herself like this?

Mu Ru smiled wryly when she heard this. Before she could answer Shangguan Jingtian, Xiao Yun had already grabbed her hand and rushed to the main road because they were going to take a taxi to go on a date with that seaweed.

### **Chapter 314 Zhu Bajie's life 3**

Xiao Yun and Hai Cao, who wanted to go on a blind date with her, arranged to meet at a famous French Western restaurant on the shore.

When she walked into the French Western restaurant, Mu Ru was still thinking that this was a young genius from a famous school who had returned from overseas. He might not even know how to pick up chopsticks after being abroad for so many years, which was why she wanted to meet Xiao Yun at a Western restaurant.

Mu Ru's main job today was to make Xiao Yun look like a beautiful flower, so Xiao Yun put on Smoky make-up for her. Also, because Xiao Yun's make-up skills were really terrible, an exaggerated smoky make-up was applied. It directly turned her into a giant panda. Coupled with the thick makeup on her face that could shake off the ground, this effect directly made Xiao Yun look like a pure and beautiful woman.

However, when Mu Ru saw this so-called young talent from famous school seaweed, she could not help but silently mourn in her heart. Although this young talent could not be considered fat, he was indeed a little far from handsome, and he even had a little bump. Fortunately, his figure was still considered tall. This way, it would not make him look like a potato.

Of course, good looks could be seen at a glance. As for whether he was talented or not, he didn't know.

Xiao Yun's move was indeed good. Moreover, Mu Ru had been sitting next to Xiao Yun in silence. Her expression was dull and stiff. Other than dealing with the steak in front of her, which was unknown how well-done it was, she only grimaced and smiled at that famous school returnee. She didn't even bother to make a sound.

Mu Ru's dressing and acting had indeed made Xiao Yun look like a graceful lady. Perhaps Xiao Yun had fallen in love with the so-called famous school seaweed at first sight today, so she had been trying her best to act like a lady. Therefore, her performance was more reserved than usual, and she spoke more appropriately. Occasionally, she would say fashionable English, but her English was a little left-footed, so Mu Ru often did not understand what she was saying. Of course, she did not know if the seaweed had understood.

Mu Ru was just a foil, so while Xiao Yun was chatting with the seaweed to get to know each other's situation, Mu Ru had been working hard on the steak in front of her. However, this steak was probably too raw. Moreover, she did not know how to use a knife and fork, so after a round of random cutting, a steak actually flew in an arc toward Xiao Yun, landing directly on Xiao Yun's light pink dress.

Xiao Yun was so angry that her face turned green. She was about to get angry at Mu Ru. Mu Ru quickly gave Xiao Yun a look, indicating that seaweed was sitting opposite her. If she got angry at her now, wouldn't it ruin her image as a graceful lady?

Xiao Yun also immediately reacted. Realizing that now was not the time to get angry, she still stood up with a smile on her face. She gently apologized to seaweed and said that she needed to go to the bathroom.

Hai Cao nodded and was very satisfied with her magnanimous behavior. Mu Ru, on the other hand, sat at the side and secretly heaved a sigh of relief. She thought to herself that it was fortunate that it was such a scene. Otherwise, Xiao Yun would have scolded her to the bone Xiao Yun's light pink dress cost more than 600 yuan.

Xiao Yun had gone to the washroom to wash the mark on her dress. Hai Cao probably felt that she had nothing to say to a vulgar woman like her, so she also used a knife and fork to deal with the steak in front of her.

Mu Ru prayed in her heart that Xiao Yun's blind date would end as soon as possible because she needed to hurry back to one inch mo city. If she returned late, if that Devil Dongfang Mo had nothing to do today and went to the plum garden to look for her earlier and found that she was not there.. She still didn't know how to torture her?

However, just as Mu ru was still thinking about what would happen to Dongfang Mo if she returned late at night, she suddenly heard a familiar voice at the dining table.

#### **Chapter 315 Zhu Bajie's life 4**

However, just as Mu ru was still thinking about what would happen to Dongfang Mo if she returned late at night, she suddenly heard a familiar voice at the dining table.

"Li Yiming, what a coincidence. You're eating here today too? Is it a gathering with friends?"

Sea Weed Mr. Li immediately stood up from the opposite side. The overconfident expression on his face, which was full of boasting and boasting, instantly disappeared without a trace. He quickly changed into a humble and fawning expression He was slightly embarrassed as he said,

"President Dongfang, I'm here for a blind date."

"A blind date?"

Dongfang Yu's gaze quickly swept across Mu Ru's face, then his expression darkened, and his deep, cold voice rang out,

"Li Yiming, are you going on a blind date with her?"

"Yes... Yes."

For some reason, this Li yiming was like a mouse seeing a cat when he saw Dongfang Yu. He couldn't even speak clearly, and he was rambling incoherently. He was clearly going on a blind date with Xiao Yun.. But now, he actually answered Dongfang Yu's question.

"Not bad, you have good taste."

Dongfang Yu looked at mu ru meaningfully, then nodded at Li Yiming indifferently

"Then, I wish you good luck!"

"Thank you, thank you, President Dongfang!"

Li Yiming bowed repeatedly and thanked her. Then, he watched Dongfang Yu walk down the stairs respectfully. When Dongfang Yu's figure disappeared from the stairwell, he turned around and looked at Mu ru proudly

"I'm working at the Dongfang Group. I'm the department manager."

Mu Ru had no interest in where he worked or what position he held because her heart was racing. An ominous premonition instantly rose in her heart. At this moment.. She only wanted to rush back to one inch Mo city at the speed of a rocket.

Fortunately, Xiao Yun had already returned from the bathroom. The large amount of moisture on her dress should have been washed with hand sanitizer. However, the mark was still obvious. The dress was probably going to be ruined.

Seaweed Li Yiming saw Xiao Yun return and immediately waved for the bill. The three of them walked out of the French restaurant together. Li Yiming wanted to send Xiao Yun back, so mu ru quickly bade them farewell and went to the roadside to hail a taxi.

However, when she reached the roadside, she did not see the shadow of a taxi. Instead, a mercedes-benz private car quickly stopped beside her. Then, the car window rolled down, and a familiar but obviously angry voice was heard

"Get in the car!"

Mu Ru was shocked. She instinctively moved two steps back and looked into the car window. Only then did she see that Dongfang Yu was sitting in the driver's seat. So this was his car, but she was not familiar with this car at all.

Moreover, Dongfang Yu's tone and the way he stared at her was like an angry dragon. The fire in his eyes seemed to burn her.

Mu Ru did not know what kind of crazy Dongfang Yu was. They did not get into each other's business. Wasn't she just accompanying her friend like a close relative How did she offend him again Why was he so angry?

"Xi Muru, get in the car!"

Dongfang Yu could not help but raise his voice a little. He glared at her fiercely. His cold but threatening voice sounded again. "Do you want to get in the car or do I have to get out of the car to bring you up?"

Mu Ru finally came back to her senses when she heard this. So Dongfang Yu had stopped the car by the roadside to ask her to get in the car Could it be that he just happened to be returning to one inch mo city, so he suddenly showed kindness and wanted to take her back with him?

### **Chapter 316 Zhu Bajie's life 5**

With this thought in mind, Mu ru quickly reached out to open the passenger door and got into the car in a flurry. Because she was moving too fast, she did not notice the door frame, so she accidentally bumped into her right knee again The pain was so painful that her tears almost rolled down.

The moment she closed the car door, Dongfang Yu stepped on the accelerator, and the Mercedes-Benz suddenly flew up. Mu Ru was so scared that she did not bother to rub her knee with her hands. She quickly reached out to pull the seatbelt and hurriedly fastened it.

Finally, she sat properly. Looking at the high-rise buildings and scenery outside the car window, she could not help but pray in her heart that Dongfang Yu would not get into a car accident. He was a rich man, so it did not matter if he got into a car accident. At worst, he could just live like Dongfang Mo.. But he was still living a comfortable life.

But for her, once she got into a car accident, it was fine if she died immediately. What she was most afraid of was being half-dead and getting a cripple out. At that time, Dongfang Mo would not want her to be his mistress anymore. What would she do if he asked her to return 200 million yuan? Wouldn't that be worse than death?

Dongfang Yu drove for 15 minutes before he used his extremely high-tech skills to finish the viaduct. Only then did he gradually reduce his speed. At this moment, Mu Ru was already dizzy from the shock of the car. When the car came to a stop.. She did not even dare to open her eyes.

"We're at the beach. Get Down and wash off those disgusting, low-quality cosmetics on your face!"

Dongfang Yu's cold and stiff voice rang out. Due to the sound insulation in the car, the voice actually echoed in the car, causing her eardrums to tremble.

Mu Ru opened her eyes with difficulty and looked out of the car window. As expected, it was still on the edge. The Sea was pitch black and nothing could be seen. It was like black silk, but there were lights on the beach. Vaguely, she could see people moving on the beach.

Mu Ru rolled and crawled out of the car and quickly ran to the beach. Although she could see the beach not far away, Dongfang Yu did not park at the beach, but at the end of the beach. The end of the beach was rarely visited, especially at night. Everyone was gathered in the middle of the beach, and there was no one at the end.

Mu Ru Shen walked slowly to the beach. It was mid-May, and the temperature was very high during the day, but the beach was still a little cold at night.

She tugged at her clothes, which were lent to her by Xiao Yun. She was originally wearing her own clothes, but Xiao Yun said that her clothes did not match her age after makeup, and they did not match her smoky makeup either. So she gave her this tacky Auntie's blouse that was neither red nor pink.

Mu Ru sighed softly and slowly squatted down. She picked up the seawater to wash the shoddy makeup on her face. Fortunately, the makeup had stayed on her face for less than three hours, and the seawater contained salt, which was said to be anti-inflammatory. She hoped that she could wash the shoddy cosmetics off her face and not let her face get pimples.

"Xi Muru, are you on a blind date?"

Dongfang Yu's gloomy voice rang behind Mu Ru, who was so quiet that only the sound of the waves hitting the shore could be heard. However, Mu Ru was so shocked that she staggered and almost fell into the sea.

“No... No...”

Mu Ru steadied herself and took out a tissue from her bag to wipe the seawater off her face as she denied it.

### **Chapter 317 Zhu Bajie's life 6**

“No?”

Dongfang Yu's brows knitted together instinctively. Then, as he turned around and walked towards the car, he scoffed sarcastically

“Xi Muru, do you think I'm blind? Tonight, you and that Li Yiming are having dinner at a French restaurant, and Li Yiming himself admitted...”

“that Mr. Li must have been confused at that time. I don't know why he would say such nonsense.”

Mu Ru hurriedly explained,

“I really didn't go on a blind date with him. I just accompanied my friend Xiao Yun to go on a blind date with him. At that time, my friend happened to go to the washroom, so you only saw me sitting there with him. Actually...”

“since you're not going on a blind date, then why are you still putting on makeup like a ghost?”

Dongfang Yu's voice suddenly rose and he could not help but growl angrily

“Xi Muru, don't you usually look at yourself in the mirror?” “You're just like Zhu Bajie to begin with. Do you think that using inferior makeup can turn you into a fairy?” “actually, you can barely look at it without putting on makeup. With this makeup, you look even uglier than Zhu Bajie “No, even Zhu Bajie looks better than you!”

Mu Ru felt even more uncomfortable when she heard these words. Zhu Bajie, Zhu Bajie. Her Q name was Zhu Bajie, and this q name was changed by Zheng Yifan for her.

After her mother died, she collapsed. She had a cold, fever, and even pneumonia. She stayed in Zheng Yifan's hospital for a week.

At that time, she had just met Zheng Yifan, so she was embarrassed to tell Zheng Yifan everything. Moreover, she did not have any family members to take care of her, so she could only sit on the hospital bed and stare out of the window in a daze all day.

Zheng Yifan would come to visit her after work every day, and every time he came, he would see her staring out of the window in a daze, so he could not help but call her a nerd, a Nerd, a nerd. Later, when the head nurse heard it, she said jokingly,

“Zheng Yifan, isn't a Nerd Zhu Bajie? Are you praising your girlfriend or insulting your girlfriend?”

Zheng Yifan immediately continued,

“Of course I’m praising her. If Mu ru is a nerd, I’m monkey, I’m the eldest senior brother, and she’s the second junior brother, monkey sun, and Zhu Bajie. How good is that? ”

Thus, her nickname of pig Bajie was established. Later, she was discharged from the hospital and stayed at Zheng Yifan’s house. That day, she used Zheng Yifan’s computer to surf the Internet. Zheng Yifan saw that her q name was little rabbit Greyish, so he said that this name was not loud enough to let pig Bajie have a good time He immediately changed her name to pig Bajie’s Nerd Q. of course, he also changed his name to Sun Wukong.

It was just that she rarely used q and generally did not like to surf the Internet. Moreover, she stayed at Zheng Yifan’s house for two days. However, he saved her later and stayed at his house again. He even joked, “look, am I right? Sun Wukong is specialized in saving pig Bajie, so...” You are born to be my nerd.

In the blink of an eye, she had been separated from Zheng Yifan for almost three months. She had never used the computer again, and of course, she had never logged into the q number. Similarly, no one called her a nerd and called her Zhu bajie anymore.

But today, Dongfang Yu said that she was uglier than Zhu Bajie. She thought of Zheng Yifan again, the only man in the world who loved her, the man who called her a nerd, the man who said that he wanted to spend his life with her in love... ..

She was the one who harmed him. Now, he didn’t know where he was, and she didn’t know if he was doing well He did not know if he was still working in the medical field that he was good at. He did not know... ..

When she thought of Zheng Yifan, Mu Ru felt extremely guilty and sad. Hence, the warm liquid in her eyes was like a flood that had broken the dam. No matter how hard she tried, it could not be restrained and surged out... ..

### **Chapter 318 Zhu Bajie’s life 7**

Dongfang Yu disliked women who cried the most. He did not like any woman who would shed tears at any time. Therefore, Xi Muru’s crying annoyed him, and he became even angrier.

“Have you cried enough? ”

Dongfang Yu saw that she was crying endlessly and had no intention of stopping, so he could not help but growl in annoyance

“Didn’t I say that you’re even uglier than Zhu Bajie? Why are you crying endlessly? ”

Mu Ru immediately stopped crying after hearing his low growl. However, she could not stop her tears at once. They were still rolling in her eyes. Dongfang Yu was really annoyed. He waved his hand and said,

“Alright, alright. I can’t do anything to you. However, my brother definitely has a way to deal with you. How about this? I’ll call my brother right now and tell him that you’re going on a blind date with another man tonight. I want to...”

“No! ”

Mu Ru immediately shouted. Then, she pounced on him and grabbed Dongfang Yu's hand that was about to take out his phone. Then, she looked at him and begged,

"please, don't call him. I will never go on blind dates with my friends in the future. In the future..."

"You still want to go on blind dates?"

Dongfang Yu snorted

"Xi Muru, do you even need to talk about blind dates? Of course, you can't go. The key is, do you still want to leave one inch Mo city?"

Mu Ru was stunned. Of course, she wanted to leave one inch mo city every day, but the problem was, if Dongfang Mo knew about what happened to her tonight, he probably wouldn't allow her to leave one inch Mo city.

Seeing that Mu ru didn't say anything, Dongfang Yu couldn't help but laugh, then he said calmly,

"I don't want my brother to know, then..."

When Mu ru heard his words, she raised her head and looked at Dongfang Yu who was closing in on her. She couldn't help but step back, then nervously asked,

"You, what do you want to do?"

"What do I want to do?"

Dongfang Yu felt that her question was funny. He reached out and pinched her chin, lifting it up slightly, and said in a low voice,

"Xi Muru, we're so familiar with each other. Do you think I can think of anything else about you other than that?"

"No."

Mu Ru used her hand to push his hand away and then shouted loudly,

"Dongfang Yu, you can't do this. I'm your brother's woman..."

"You were once my sister-in-law, and we've both been in a mess before. What's more, you're only my brother's mistress now?"

Dongfang Yu said nonchalantly and then took a step closer to her

"Now, we're together, and we're not even uncle and sister-in-law anymore..."

"You just said that I'm uglier than Zhu Bajie."

Mu Ru quickly found an excuse. Her eyes were filled with unconcealable fear, but she tried her best to keep her voice steady

"Don't tell me you're interested in Zhu Bajie?"

"You're uglier than Zhu Bajie."

Dongfang Yu followed her words and forced her into a corner

“However, your figure is indeed very attractive. This place is pitch-black. I won’t look at your face, I only want your...”

“You do...” Mu ru opened her mouth Before she could say the word ‘dream’, Dongfang Yu’s thin lips covered her pink lips without warning. She could not help but agree or disagree. He blocked her mouth with a cold and domineering, forceful and irresistible force.

Pain It was the kind of heartache that came from being humiliated and humiliated by others.

Mu Ru was forcefully kissed by Dongfang Yu with a cold and domineering force. Her lips that had just been washed with seawater were rubbed by his lips, causing a burning pain. Her mind instantly went blank.

### **Chapter 319 Zhu Bajie’s life 8**

Dongfang Yu disliked women who cried the most. He disliked any woman who would shed tears at any time. Therefore, Xi Muru’s crying annoyed him, and he became even angrier.

"Xi Muru, we're so familiar with each other. Do you think I can think of anything else about you other than that?"

"No."

Mu Ru used her hand to push his hand away and then shouted loudly,

"Dongfang Yu, you can't do this. I'm your brother's woman..."

"You were once my sister-in-law, and we've both been in a mess before. What's more, you're only my brother's mistress now?"

Dongfang Yu said nonchalantly and then took a step closer to her

"Now, we're together, and we're not even uncle and sister-in-law anymore..."

"You just said that I'm uglier than Zhu Bajie."

Mu Ru quickly found an excuse. Her eyes were filled with unconcealable fear, but she tried her best to keep her voice steady

"Don't tell me you're interested in Zhu Bajie?"

"You're uglier than Zhu Bajie."

Dongfang Yu followed her words and forced her into a corner

"However, your figure is indeed very attractive. This place is pitch-black. I won't look at your face, I only want your..."

"You do..." Mu ru opened her mouth Before she could say the word 'dream', Dongfang Yu's thin lips covered her pink lips without warning. She could not help but agree or disagree. He blocked her mouth with a cold and domineering, forceful and irresistible force.

Pain It was the kind of heartache that came from being humiliated and humiliated by others.

Mu Ru was forcefully kissed by Dongfang Yu with a cold and domineering force. Her lips that had just been washed with seawater were rubbed by his lips, causing a burning pain. Her mind instantly went blank.

## Chapter 320: abandoning her

"I won't go on blind dates anymore," she quickly promised.

"Xi Muru, do you even need to talk about blind dates? Of course, you can't go. The point is, do you still want to leave one inch Mo city?"

Mu Ru was stunned. Of course, she wanted to leave one inch mo city every day, but the problem was, if Dongfang Mo found out about what happened to her tonight, he probably wouldn't allow her to leave one inch mo city.

Seeing that Mu ru didn't say anything, Dongfang Yu couldn't help but laugh, then he said plainly,

"I don't want my brother to know, then..."

Mu Ru heard his words and raised her head. Looking at Dongfang Yu who was approaching her, she could not help but step back. Then, she asked nervously,

"You, what do you want to do?"

"What do I want to do?"

Dongfang Yu felt that her question was funny. He reached out and pinched her chin. Lifting it up slightly, he said in a low voice,

"Xi Muru, we are so familiar with each other. Do you think I can think of anything else about you other than that?"

"No."

Mu Ru used her hand to push his hand away and then shouted loudly,

"Dongfang Yu, you can't do this. I'm your brother's woman..."

"You were once my sister-in-law, and we've both been in a mess before. What's more, you're only my brother's mistress now?"

Dongfang Yu said nonchalantly and then took a step closer to her

"Now, we're together, and we're not even uncle and sister-in-law anymore..."

"You just said that I'm uglier than Zhu Bajie."

Mu Ru quickly found an excuse. Her eyes were filled with unconcealable fear, but she tried her best to keep her voice steady

"Don't tell me you're interested in Zhu Bajie?"

"You're uglier than Zhu Bajie."

Dongfang Yu followed her words and forced her into a corner

“However, your figure is indeed very attractive. This place is pitch-black. I won’t look at your face, I only want your...”

“You do...” Mu ru opened her mouth Before she could say the word ‘dream’, Dongfang Yu’s thin lips covered her pink lips without warning. She could not help but agree or disagree. He blocked her mouth with a cold and domineering, forceful and irresistible force.

It hurt It was the kind of heartache that came from being humiliated and humiliated by others.

Mu Ru was forcefully kissed by Dongfang Yu with a strong and cold kiss. Her lips that had just been washed with seawater were rubbed by his lips, causing a burning pain. Her mind instantly went blank.

... ..

Mu Ru was already extremely short of oxygen. At this moment, she finally regained her air. Therefore, she supported herself with both hands on the car hood. She could not be bothered to look at Dongfang Yu. She only opened her mouth wide and greedily breathed in the fresh air.

Damn Dongfang Yu, the Devil Dongfang Yu, the F \* Cking Dongfang Yu. It was the same every time. Seeing her pounce on him like a hungry wolf, she reckoned that she would probably be kissed to death by Dongfang Yu in the end.

Dongfang Yu leaned against her side and looked at the woman who was still sitting on the hood of the car, breathing in the fresh air. He could not help but reach out and gently pat her flushed cheeks. Then, he said mockingly,

“Xi Muru, could it be that my kissing skills are top-notch? It makes you feel extremely reluctant to part with me?”

Actually, when Dongfang Yu asked Mu ru this question, it was as if he was asking himself at the same time. Just now, when he kissed Mu Ru, he could not help but recall that he was on the yacht with her, on the car to the Dharma Temple, and in her fragrant mouth.. It was all a taste from the depths of his memory.

## **Chapter 321: Abandoning Her 2**

The smell was so familiar that it made one yearn for it. It deeply attracted his senses. It was like an indescribable magic that was slowly corroding his heart that was as cold as ice.

He shook his head forcefully, as if he was trying to shake off some emotions that he should not have in the sea breeze. He could not help but think that it was probably because he had drunk alcohol that night Alcohol always caused people to have some absurd thoughts at some point in time. He found a reasonable reason for himself to explain his illusion just now.

When mu ru heard his sarcastic words, she could not help but glare at him fiercely. She quickly jumped down from the car hood and used her hand to touch her red, swollen, and ruptured lips. Then, she quickly turned around and prepared to leave.

However, because she had been pressed against the car hood by Dongfang Yu for a long time, her calves were a little numb from maintaining this position. Therefore, the moment she turned around and took a step forward, her body instinctively staggered forward. In the end, she bumped into Dongfang Yu's body again.

"What? I just kissed you. Are you really going to throw yourself into my arms?"

Dongfang Yu used his hand to straighten her up. There was a mocking expression on his face. At this moment, her expression and actions made him feel much better.

Throw myself into my arms Mu Ru was obviously stunned. Then, when he was not paying attention, she lifted her foot and stomped on his instep. She only hated that she did not wear high heels today. Otherwise, she would have used her sharp heels to stomp on his foot.

"Sigh..."

Dongfang Yu could not help but groan in pain. Then, he stared at the woman in front of him who was turning around to tidy up the clothes that he had torn.

Mu Ru was very distressed. At this moment, she really wanted to go to the bus stop to take the bus back. However, her clothes were torn by Dongfang Yu, this B \* stard. How could she take the bus in this state?

"here."

Dongfang Yu suddenly handed the car keys to her

"Take it." Mu Ru was obviously stunned. She held her Satchel in one hand and tightly gripped the clothes in front of her chest with the other. She stared at the string of car keys in Dongfang Yu's hand. She did not understand what he was trying to do.

"You hurt my foot just now. I can't drive now, so you have to help me drive the car back."

Dongfang Yu quickly explained when he saw her stunned look. At the same time, he added,

"Moreover, you can't stand it when I drive. I'll let you drive now. You can drive at whatever speed you want. That should be enough, right?"

"Let me drive?"

Mu Ru finally understood what Dongfang Yu meant, so she looked at him in surprise and said,

"I can't..."

"Don't you know what I mean by 'don't you know what I mean'? Why aren't you driving? Don't tell me you want to play with me?"

Dongfang Yu's face was full of impatience, so he directly threw the car keys to her. Then, he turned around, pulled open the door of the passenger seat, and sat in it.

"I..."

"What do you mean by 'I'? GET YOUR ASS UP HERE!"

Dongfang Yu, who was sitting in the passenger seat, growled impatiently.

Mu Ru no longer gnashed her teeth. Actually, she didn't know how to drive very well. It was just that when she was in high school, which was after she got the top scorer in the college entrance examination, she went to play with Cheng Feier and Wang Yiming one day. At that time, Cheng Feier wanted to learn how to drive, so she asked Wang Yiming to teach her.

At that time, Wang Yiming was interested in Cheng Feier, so he patiently taught her how to drive. However, Cheng Feier was clumsy, so mu ru understood Cheng Feier's words.

### **Chapter 322 abandoned her**

Cheng Feier didn't want to learn it anymore and said it was boring. She asked Mu ru if she wanted to learn it. Mu Ru had a whim at the time, so she said she wanted to learn it to pass the time.

She learned it for about two hours. At that time, Wang Yiming said that she had a high comprehension ability. In fact, she could drive on the road. As for reversing, she didn't know anything about it.

She only had two hours of driving experience, and now she wanted to drive Dongfang Yu's mercedes-benz. Her heart was beating wildly, but under Dongfang Yu's cold gaze, she still dared to climb into the driver's seat.

Although all cars in the world were connected, and last year when she practiced with Wang Yiming's car, it seemed to be a small car, so mu ru tried her best to recall the important points that Wang Yiming had mentioned in those two hours, and then started the car foolishly... ..

Mu Ru was a real rookie. She had never officially learned how to drive, and she had only practiced privately for two hours. Now that she was driving such a famous car, not to mention that she was nervous, even her hands and feet were a little out of control.

Her foot was on the accelerator, and she did not dare to step on it forcefully. Her heart was pounding, and her hands were gripping the steering wheel tightly. Her eyes were staring straight ahead. A famous car that should have been able to move freely on the road.. Now that she was driving, it was like a turtle crawling slowly. The cars on both sides passed by it one after another. The whistling sound was completely a mockery of her car!

"O, Maga!"

Dongfang Yu, who was sitting in the front passenger seat, could not help but rub his forehead with his hands. Not only did he curse out loud, but he also cursed out loud.

At this moment, he felt that his dizziness was even more severe than before. This was because he had never enjoyed such an exciting and torturous speed before.

"What's wrong?"

Mu Ru had been staring at the road ahead and was focused on driving the car. Hence, she did not hear Dongfang Yu's voice clearly, so she could not help but ask.

Dongfang Yu turned his head lazily and looked at the woman who was driving with utmost seriousness. He could not help but ask impolitely,

“Xi Muru, are you driving or are you torturing me on purpose?”

Such a speed was torture for someone like him who liked to race. He had never known that someone drove like this.

Could it be that Xi Muru was driving like this on purpose Was it to torture him?

Torture him?

Mu Ru could not help but smile wryly when she heard Dongfang Yu’s words. She really wanted to torture him. If she knew how to drive, but the point was that she did not know how to drive this car at all She was purely torturing herself!

“I... I actually...”

Mu Ru was about to explain why her speed was so slow, but Dongfang Yu did not wait for her explanation at all. He extended his leg and kicked her foot away from the accelerator. Then, he put his foot on it and stomped down hard.

“Ah!”

Mu Ru screamed in shock and then shouted loudly,

“How can you be so fast all of a sudden?”

The speed of the car increased by 20 times in an instant. Mu Ru immediately became flustered and her hands gripped the steering wheel tightly. Her only thought was that she could not let the car run around, or else she would crash into the car next to her.

However, she soon realized that her ability was limited. Her small hands could not control the huge enlightenment under her body at all. Because the speed of the car increased in an instant, the steering wheel turned to the side without listening to her commands.

#### **Chapter 323: Abandoning Her 4**

Seeing his car lose control in an instant, Dongfang Yu also went crazy. He really didn’t know what kind of mental state he had gone into just now. He actually threw the car keys to her to let her drive, and Xi Muru’s driving skills.. He really didn’t dare to compliment her anymore.

Thus, the moment his car was about to crash into a car next to him, he quickly grabbed the steering wheel and pulled it back. At the same time, he quickly stood up from the front passenger seat He took a big step and moved to the driver’s seat with lightning speed.

Mu Ru was originally sitting, but now Dongfang Yu suddenly stepped over and squeezed her behind him Mu Ru, who was completely shocked by the thrilling scene of the car that almost crashed into the next car and quickly pulled back, was completely stunned She had completely forgotten that Dongfang Yu was a dangerous man.

Dongfang Yu saw that Xi Muru was still sitting behind him foolishly and did not move. He could not help but frown and growl impatiently

“Get over there and sit! Why are you sticking behind me?”

“Oh, okay.”

Mu Ru immediately reacted to Dongfang Yu’s growl and quickly got up. She reached out to grab the back of the seat over there, thinking of moving herself over as soon as possible.

However, the seat was not very wide after all, and Dongfang Yu was tall and strong. Mu Ru carefully moved her body, but unknowingly, she accidentally touched Dongfang Yu’s body. Her heart beat faster and faster. She kept muttering in her heart that she had to hurry over and get further away from him.

Her soft body rubbed against Dongfang Yu’s back, and a wonderful warmth entered her body and quickly surged into her heart. Dongfang Yu could not help but grunt

“Damn it, can’t you move faster?”

Move Faster?

Mu Ru also wanted to move faster. Wasn’t she already moving to the side?

However, the space here was so small, and Dongfang Yu was sitting casually in front occupying three-quarters of the seat. In this situation, it was indeed difficult for her to move.

However, after her hard work, finally, huff huff Huff, Mu Ru let out a huge sigh. She had finally moved to the front passenger seat. She was now some distance away from the dangerous and F \* Cking Dongfang Yu, and she instantly felt much safer.

Xi Muru moved past, and suddenly there was no more soft rubbing behind her. Dongfang Yu’s originally hot brain also cooled down. The feeling of the warm and soft rubbing against his back could not help but make him reminisce... ..

Thinking of this, the fire that had not completely extinguished from his already hot body suddenly burned fiercely as if someone had added a handful of firewood.

“squeak...”

Due to the sudden braking, the car tires screeched against the ground. Dongfang Yu quickly pulled the car to the side of the road.

A mocking smile appeared on the corner of his mouth. He stretched out his hand and grabbed mu Ru’s arm. He pulled hard. He did not expect that she would still... ..

“You... what are you doing?”

Mu Ru was stunned by Dongfang Yu’s sudden action. Wasn’t he just driving the car quickly?

Unfortunately, Dongfang Yu did not answer her boring question at all. Instead, he used a little strength to pull mu RU’s body from the passenger seat and onto his thigh. His eyes, which had long been dyed

dark red, narrowed slightly like a cornered beast The heat in his body that could not be suppressed lingered in his mind.

“Xi Muru, are you seducing me? ”

### **Chapter 324 abandoning her 5**

Seduce him?

Mu Ru was stunned. Her brain seemed to have been hit by a heavy object and she could not react. When did she seduce him How did she not know?

“I didn’t. How could I seduce you? ”

Mu Ru explained instinctively. Her body could not help but struggle to get onto the passenger seat.

“You didn’t? ”

Dongfang Yu snorted coldly and controlled her body more and more to prevent her from struggling... ..

Dongfang Yu’s handsome face carried a devilish smile as he said in a low voice,

“originally, I didn’t have much interest in you. However, since you always take the initiative to deliver yourself to my door, if I don’t satisfy you, wouldn’t it be a little unreasonable... ”

Take the initiative to deliver yourself to my door?

Mu Ru felt extremely humiliated. When had she ever taken the initiative to deliver herself to his door?

No!

She wanted to resist. She couldn’t mess around with him anymore. Although she was no longer Dongfang Mo’s wife, she was still Dongfang Mo’s woman, and Dongfang Yu was Dongfang Mo’s younger brother.

Thus, her limbs began to struggle restlessly. At the same time, she shouted again,

“Dongfang Yu, please don’t insult me anymore. Let me go now! ”

Insult her?

She was his woman to begin with. It was only right and proper for him to want her. What kind of insult was this?

Wasn’t this woman the top scholar in the city?

She did not even know how to use adjectives when she was studying?

Thus, Dongfang Yu chose to ignore Xi Muru’s words. He continued to move his hands. No matter how mu ru resisted, it was useless!

Mu Ru cried and begged, struggled, and resisted. She only hoped that the man behind her would wake up in an instant and give her a trace of dignity.

Unfortunately, Dongfang Yu could not hear her cries at all. Her prayers were completely indifferent to Dongfang Yu. Her resistance was like throwing an egg at a stone. It was completely useless to Dongfang Yu.

On the side of the highway, under the dim streetlights, cars whizzed past. No one noticed that the Mercedes-Benz parked on the side of the road was currently experiencing a romantic scene... ..

After a long, long time, everything finally stopped. After a long, long time, both men and women finally sat back in their seats.

Dongfang Yu turned his face to look at the woman beside him. Looking at her messy hair and tearful cheeks, his heart moved slightly. He could not help but reach out his hand again and used his rough fingertips to wipe away the tears on her cheeks. His eyes were filled with rare tenderness. He felt extremely guilty for his rude behavior just now.

Mu Ru raised her hand and quickly opened the hand that was moving on her cheek. She stubbornly turned her face away. At this moment, his hypocritical tenderness and apology only made her feel more hypocritical and disgusting.

Dongfang Yu looked at the hand that was removed by her and frowned, but he did not get angry. He used his hand to touch the keys and was about to start the car, but his phone suddenly rang.

He quickly picked up the phone to take a look, then quickly pressed the answer button. Kuang Yingying's voice came from the phone.

"Yu, where are you? Didn't we agree to have supper at the revolving restaurant and watch the stars? I've been here for more than half an hour, why aren't you here yet?"

"Oh, there are some traffic jams on the road, I'LL BE THERE SOON!"

Dongfang Yu quickly responded and hung up the phone. He turned his head to look at Mu Ru, who was sitting in the passenger seat, and said coldly,

"GET OUT OF THE CAR! HURRY UP!"

Mu Ru was stunned for a moment. She looked at the man in front of her with an extremely resentful gaze. Suddenly, she felt a surge of courage from somewhere. She quickly pushed open the car door with her hand, then jumped out of the car and closed the door behind her.

She had just steadied herself, and before she could turn back, the car beside her had already started the engine and sped away like an Arrow leaving the bow... ..

### **Chapter 325 abandoning her**

Mu Ru was abandoned on the side of the expressway. She watched as the cars sped past her. Her body felt like it was falling apart, and she felt the pain of being abandoned... ..

It was late at night, and Mu Ru did not know where to go. In fact, other than the Dongfang family's one-inch Mo city, she had nowhere else to go.

Of course, she had to take a bus to return to one inch Mo city. However, this was the expressway, and it was past 21 pm. Buses rarely took the expressway. Even if they did, there were no bus stops on the expressway.

There were quite a few taxis that took the expressway, but there were usually no empty cars on the expressway. When taxis took the expressway, they usually brought guests with them. They only took the expressway at the request of the guests.

Therefore, in such a situation, Mu Ru could not hail a car at all. As for those private cars, no one would pull over because they were worried that she was a liar or something.

Therefore, she could only walk on the expressway. Fortunately, she did not wear high heels. However, she was physically and mentally exhausted, so she did not have the mood to walk at all.

Therefore, she could not help but think that if she ran to the middle of the road and was suddenly hit by a car and died, would it count as a natural or man-made disaster according to Dongfang Mo's regulations?

However, the key point was that she was worried that if the driver of the car had a conscience and did not hit her to death, he would only injure her and send her to the hospital. In the end, she would be the one who would be unlucky.

Therefore, she walked like this. As she walked, she paid attention to the taxis on the road. Whenever she saw a taxi, she would reach out to stop it, hoping that an empty car would pass by.

After about two hours, she finally stopped a taxi. The kind-hearted driver stopped the car. He said that his car was for the return journey, so the empty car took the expressway. Seeing that she was stopping at the expressway so late at night, he stopped.

Mu Ru quickly put her bag in front of her chest and sat in the back row. She told the taxi driver where she was going. Of course, she did not dare to say one inch ink city, but only the eastern coast.

Twenty minutes later, she finally returned to one inch ink city on the eastern coast. It was almost midnight. The security guard felt strange when he saw her coming back so late, but he did not ask further and let her in directly.

It was very quiet in one inch ink city in the dead of night. Presumably, everyone had fallen asleep. Under the dim streetlights, other than the occasional sound of wild cats and insects, there was no other sound of people.

She carefully walked to the plum garden halfway up the mountain. In her heart, she kept praying that Dongfang Mo did not go to the plum garden tonight, praying that she would not be discovered by him when she returned home late tonight.

However, she had just used the key to open the door to her room on the second floor of the Plum Garden. Before she could reach out to turn on the lights, a slightly aged and hoarse voice came from the darkness, "you're willing to come back? "

Mu Ru's hand, which was originally used to touch the lights on the wall, immediately slid down. Her body involuntarily shivered, and her hands could not help but grip the bag on her chest tightly. With her current state, how could she see Dongfang Mo?

Before Mu ru could think of this question, the lights in the room instantly lit up. The originally dark room suddenly lit up as if it was daytime. Dongfang Mo was sitting on a wheelchair, and his face, which was covered with leeches and old tree bark, was facing her.

"where have you been? "

Dongfang Mo's voice was old and hoarse with a hint of uncontrollable anger. Mu Ru returning home at this time obviously made him very angry.

### **Chapter 326: the Angel with a broken wing 1**

Where did she go?

Mu Ru's heart trembled. She looked at the face that was originally terrifying but was now so used to seeing it that she did not feel anything. She still used her bag to cover the clothes on her chest. Then, she softly said,

"I went to have a gathering with my friends. "

"Did you have to go to such a late gathering with your friends? "

Dongfang Mo's slightly aged and hoarse voice was clearly filled with doubt. Then, he coldly asked,

"which friend did you go to have a gathering with? What is your friend's name? "

"My friend... "

Mu Ru said these three words, but I couldn't go on anymore because she didn't know whose name she was talking about. Moreover, even if she said a name, Dongfang Mo would immediately know that she was lying after getting someone to check it out.

"Did you go on a date with Zheng Yifan? "

Dongfang Mo saw that she was still standing there without moving, so he immediately turned his wheelchair over and reached out to grab the Satchel on her chest

"Did Zheng Yifan give it to you again... "

Before he could finish his words, he immediately stopped. Then, he stared at the torn clothes on Mu Ru's chest and the bruise on her skin. His aged and hoarse voice sounded with uncontrollable anger

"Xi Muru, what's going on? Did you sleep with Zheng Yifan? Huh? "

"No! "

Mu Ru blurted out almost instinctively, then quickly defended herself

"I don't even know where Yifan is. I've never seen Yifan before, I... "

Mu Ru squatted down and started to cry. Yifan, the man who loved her the most, was also the man she loved the most. She and he were about to get married, but she had yet to hand herself over to him.

Instead, it was the two F \* Cking twins of the Dongfang family who took turns bullying her!

“If it’s not Zheng Yifan, then who is it?”

Dongfang Mo saw her squatting on the ground crying and could not help but growl in annoyance

“stand up and tell me? Could it be that you put it there yourself?”

“It’s Dongfang Yu!”

Mu Ru finally blurted out. Then, she stared at Dongfang Mo with her eyes wide open and her face full of tears. Her entire body was trembling as she shouted,

“It’s that B \* Stard Dongfang Yu. In the past, when I was your wife, he already had sex with me. That time, the child might very well be his. Now, I’m your mistress, but he still hasn’t changed his heart, he...”

Mu Ru said here has clenched his hands into fists, control his trembling body, looked at Dongfang Mo could not help but roar up:

“Dongfang Mo, not only you BT, your brother BT, your aunt BT, your second uncle BT, you... your Dongfang family is not a normal, all the F \* \* King BT!”

POW

A crisp sound of a slap in this old and tattered small villa, of course, Dongfang Mo gave mu ru a hard slap in the face.

“Xi Muru, who are you? What right do you have to criticize the Dongfang family?”

The old and hoarse voice sounded as if he was gnashing his teeth

“Even if it really was you, it was definitely not his fault. You must have provoked him or seduced him. Otherwise, how could he let his fianc❖❖e, Kuang Yingying, not touch you?”

Mu Ru was stunned by Dongfang Mo’s slap. Hearing Dongfang Mo and Dongfang Yu’s words, she could not help but sneer in her heart. After all, they were two brothers, after all, they were BT brothers.. Even their dirty thoughts were the same.

Tonight in the car, Dongfang Yu said that she seduced him, so he naturally pulled her over and insulted her in his car.

## **Chapter 327 Angel with a broken wing 2**

Now that she had returned to one inch ink city, she had told her man about how she had been humiliated by Dongfang Yu. She had never expected him to be so bad-tempered. He had actually said that she had seduced Dongfang Yu, meaning that it was not Dongfang Yu’s fault It was still her fault.

Before Mu ru could react, Dongfang Mo had already turned his wheelchair and left the house. As for Xi Muru, after being humiliated by Dongfang Yu tonight, she had even been given a tight slap by Dongfang Mo..

This was her man. Even if it was just the man who raised her, when he found out that she had been bullied by another man, he did not think of helping her to vent her anger. Instead, he thought of looking for the man who bullied her

Instead, he blamed her, thinking that this was all her fault. Even if she had been forced to stand by another man, it was still her fault.

Mu Ru's heart was dead. She had died completely. Her heart, which had been slightly warm for the past three months because Dongfang Mo had treated her better, had finally dropped to -40. It was so cold that she could not even feel her heart beating.

That night, she was too lazy to even take a shower. She just laid straight on the bed, wearing the clothes that had been torn by Dongfang Yu. She stared at the ceiling with her eyes wide open. Her mind was blank, and she didn't know when she had fallen asleep.

When Mu ru woke up again, it was already past 10 am the next day. Ever since she went to Jingxuan gallery to paint, she had never woken up so late.

In fact, she didn't even want to wake up. Because she hadn't woken up, her mind was dizzy. She had just laid straight on the bed last night without a blanket. She might have caught a cold.

Mu Ru still felt a headache when she got up, so she took out her cell phone and called Shangguan Jingtian. She asked for a day off and said that she wasn't feeling well and would go back tomorrow.

After that, she found her pajamas and went to the bathroom to take a shower. She put her body in the hot water and soaked for half an hour. Then she poured herself two cups of hot water and drank them. After that, she jumped onto the bed and pulled the blanket over her head to sleep.

Mu Ru slept for a whole day. She had a low life before, but she caught a small cold and didn't need to take any medicine or injections. She just drank the hot water and covered herself with the blanket to sleep. She would be fine after sweating all over.

When Mu ru woke up again, it was already past five o'clock in the afternoon. It was almost time for dinner. She could not help but sigh. She was indeed the one who received the least attention in one inch ink city. Perhaps one day, she would die of illness in the plum garden like this Probably no one knew.

Not knowing whether starving to death was a natural or man-made disaster was not a natural disaster. If it was, they could consider starving to death.

Unfortunately, a person would not die from starvation for a day or two. She estimated that she would not be able to endure it for less than two days. Therefore, the plan of starving to death was already killed by her before it was formed in her mind.

When Mu ru walked out of the Plum Garden and slowly came to the staff canteen in one inch ink city, Amin was already eating dinner. When she saw her, she could not help but ask,

“Why didn't you come for breakfast today?”

“Oh, I caught a cold today and slept at home for a whole day. ”

Mu Ru brought over a staff meal and sat down beside Amin.

“No wonder. ”

A Min glanced at her, then looked around, then whispered in her ear,

“You know that second young master was punished to kneel in the Temple Hall, right? ”

“I don’t know. ”

Mu Ru shook her head and then looked at a min. She asked in a daze,

“Why? ”

### **Chapter 328 angels with Broken Wings 3**

“Why? You don’t know the reason? ” A Min was confused by her words. She looked at her with a meaningful gaze. After a while, she asked in confusion, “wasn’t it second young master who bullied you last night? ”

Mu Ru was stunned. She didn’t react for a long time. She looked at a min in a daze, as if she didn’t understand what she meant.

A Min was convinced, so she quickly said, “when I woke up this morning, I heard aunt Gu scolding second young master. She told second young master to go to the temple hall to kneel and Meditate. It seems that he will be punished. Moreover, he will have to write a confession letter for first young master. ”

A min paused for a moment She sighed softly and said, “you still don’t know? Last night, first young master lost his temper. I heard that second young master’s cell phone was unreachable. He even said that he was going to send second young master overseas. He even said that he was going to chase second young master out of the Dongfang family. ”

When Mu ru heard these words, her originally cold heart felt a little warm again. She thought that Dongfang Mo would ignore it and not ask about it. She did not expect that he would still look for Dongfang Yu. However... ..

What was the use of making him kneel for a day Dongfang mo could not really Chase Dongfang Yu out of one inch mo city. Even if he did, Dongfang Yu would still be alive and well. At most, he would not return to one inch Mo city.

Mu Ru was thinking about this in her heart. A Min had long finished eating and was waiting for her. She did not even notice it.

After Mu ru finished eating, a min held her hand and walked out of the canteen. Then, they went to a remote area and asked in a low voice, “are you really with second young master... ”

Mu Ru's face immediately turned red from embarrassment. Then, she glared at her fiercely and said, "what? I was forced to do it. Dongfang Yu is a beast..."

A min laughed when she heard this She said softly, "alright, Mu Ru, even if you weren't forced to do it and were willing to do it, I can understand. After all, the eldest young master is already like that. Isn't it difficult to guard an empty room? No matter what, you can be considered to have been a woman with second young master, right?"

Mu Ru rolled her eyes when she heard this, but her face became even redder until it reached the end of her neck. She pushed a min away and said, "I won't tell you anymore. I don't want this kind of thing to happen a second time. Seeing him is disgusting. I don't want to see him again in the future..."

"It can't be, right?" A Min revealed a shocked expression when she heard Mu Ru's words. She looked at mu ru with an incredulous expression She asked doubtfully, "don't tell me you don't feel disgusted when you see the eldest young master? But when you see the second young master, you feel disgusted? What kind of look is that? Or what kind of mentality are you talking about? The second young master is a charming man. How many women want to give him free love? How can you be pampered by him..."

"pampered?" Mu Ru immediately felt goosebumps all over her body when she heard a Min's words. She glared at a min fiercely. "Do you think he's the emperor? Who Cares about his pampered?"

Mu Ru immediately turned around and walked towards the Plum Garden after she said that. A Min was standing behind a tree not far away. A middle-aged woman was standing there.

She could not help but frown when she saw Mu Ru's figure walk away. It looked like Dongfang Yu really did bully Xi Muru last night. Could it be that Dongfang Yu and Dongfang Mo were really not the same person but two people?

If it was two people, then Dongfang Yu would definitely not be allowed to stay. Dongfang Mo did not have the ability to have children, but Dongfang Yu did. Even if he was idle all day, he could not manage a company well But who could guarantee that the children he would have after marrying Kuang Yingying would be like him?

The Dongfang family did indeed need an heir, but it had to be Dongfang Junsheng. No one else could even think about it!

#### **Chapter 329 Angel with a broken wing 4**

Mu Ru thought that the incident between Dongfang Yu and her was known by the people in one inch ink city. In the end, Dongfang Mo lost his temper and Dongfang Yu knelt down in front of his ancestors in the temple hall and was reprimanded This incident was probably over just like that.

However, the truth was not as simple as she thought. Because the next day, not only did the Dongfang family know about this incident, but all the servants in one inch ink city also knew about it.

When she walked out the door on the morning of the third day, even the security guards looked at her strangely. Their eyes were obviously filled with disdain and contempt.

It was obvious that the news of Dongfang Yu and her spread, and it did not matter to Dongfang Yu because he was already famous for his fickle reputation. However, it was different for Xi Muru. She had become an unchaste slut.

Of course, her unchastity was already known. That was when she was Dongfang Mo's wife. Because of the bastard child in her arms, she was considered unchaste.

Now, she was once again Dongfang Mo's mistress. Yet, she caused such an incident with Dongfang Yu. It was clearly Dongfang Yu who bullied and forced her, but in one inch Mo city, in everyone's eyes, it had become her seducing the second young master.

Thinking about it, it made sense. Dongfang Yu was elegant and handsome. He never lacked women by his side, so how could he take a liking to a pig like her?

Therefore, in everyone's eyes, she naturally became a slut. She became a slut who could not endure loneliness and could not keep an empty boudoir.

Thus, just as she walked to the door, the security guard not only looked at her with disdain, but also very politely and formally told her that the eldest young master, Dongfang Mo, had ordered that from now on, she was not allowed to leave one inch mo city.

As for the reason and reason, the security guard obviously didn't know. He only knew to carry out Dongfang Mo's order!

As for her, she no longer needed to ask for the reason and reason because the reason was very simple. She, Xi Muru, was a slut, a slut who didn't follow the rules. Not only was she looking for a man outside, but she was also looking for Dongfang Mo's younger brother.

Therefore, in order to prevent her from creating such a scandal again, Dongfang Mo could only lock her up in one inch ink city. To be more precise, he locked her up in the Plum Garden.

Mu Ru was unwilling, but she was powerless to resist. She finally understood what a stupid thing she had done the night before. How could she stupidly Tell Dongfang Yu about it? Wasn't this like throwing a stone at her own feet?

If she did not say that it was Dongfang Yu, she would say that she was the one who put it up. The purpose was just to anger Dongfang Mo. perhaps things would not have turned out like this. Perhaps, she could even walk out of one inch ink city and go to Jingxuan gallery to paint.

Now, she had completely turned into a canary and was locked in a cage by Dongfang Mo. No, she was not even a canary. Although a canary was locked in a cage, at least there was good food and drink. But what about her?

She was just an ugly sparrow. Although she was also locked in a cage, she did not have good food and drink. She could only live like a servant, but she was still humiliated by Dongfang Mo at night.

Mu Ru was grounded by Dongfang Mo, so her life became monotonous again. In the first two days, Shangguan Jingtian called to ask her why she was not painting anymore. She always said that she was busy recently, so there was no need to call her again.

Mu Ru also stopped calling Shangguan Jingtian, because she no longer had any hope of going to Jingxuan Gallery to study painting. She only thought about when Dongfang Mo's skin cancer would strike and when he would die?

### Chapter 330 angels with Broken Wings 5

The fact that Dongfang Mo had skin cancer was something Xi Muxue had told her before. Xi Muxue had also said that Dongfang Mo did not have two years to live, so when she could not die, she could only place her hopes on Dongfang Mo's death.

She was Dongfang Mo's mistress for the rest of her life, and she could not end her life on her own. However, if Dongfang Mo's life ended earlier, then she could also be freed earlier, right?

Although she knew that her thoughts were very vicious, a person was already at the point of no return. Who could not come up with a few vicious thoughts?

Thus, when she was free in the Plum Garden, she would curse Dongfang Mo's skin cancer to act up and die early. Unfortunately, she cursed for more than half a month, and not only did she not curse Dongfang Mo until his skin cancer acted up, but instead —

It was the end of May, and the weather in Binhai was already very hot. Mu Ru had dinner in the staff canteen and strolled with a min in one inch ink city. A Min was talking about the renovation of Dongfang Yu's new house on the third floor of the Black Garden.

Dongfang Yu was going to marry Kuang Yingying at the beginning of July, and time was tight. It was said that the renovation of his new house was also nearing its end. Initially, everything was going very smoothly, but who knew that two days ago, Kuang Yingying would come to take a look, and then fly into a rage. It seemed that she was not satisfied with the color of the wallpaper, so she asked aunt Gu to look for someone from the renovation company to redo it.

Of course, Kuang Yingying had been finding fault with the renovation for more than half a month. In fact, she was still dissatisfied with Dongfang Yu because someone leaked the news about Dongfang Yu and Mu Ru, and then Kuang Yingying found out about it.

A week ago, Kuang Yingying came to one inch ink city with Dongfang Yu. That day, Mu Ru happened to have breakfast at the staff canteen, and coincidentally, she bumped into the two of them.

Mu Ru had originally planned to ignore the two of them and leave, but who would have thought that Kuang Yingying would call her a vixen, a slut, and shameless when she saw her.

Mu Ru was already very wronged about Dongfang Yu and her matter. She was the one who had been bullied, and now she was being insulted like this, so she couldn't take it anymore. In front of Dongfang Yu, she asked, "Dongfang Yu, tell your fiancée the truth. Who exactly bullied who between the two of us?"

Who knew that Dongfang Yu was born to be sly? He said nonchalantly, "Miss Xi, it doesn't matter who took the initiative. The key is, did you enjoy the process?"

Mu Ru was so angry that she almost vomited blood, but before she could, Kuang Yingying raised her hand and slapped her. Then, she cursed, “shameless, even more shameless than your sister, Xi Muxue!”

Mu Ru was immediately enraged. Without thinking, she raised her hand and slapped Kuang Yingying as well. Then, she scolded back fiercely, “WHO’S shameless? When did my sister become shameless? No matter how shameless she is, she’ll still marry Dongfang Yu before you. And you? You’RE THE REAL MISTRESS!”

Mu Ru did not want to help her sister Xi Muxue take revenge on Kuang Yingying. She was just angry that Kuang Yingying scolded her for being shameless, and she even came to Xi Muxue to compare!

Kuang Yingying was stunned by Mu Ru’s slap. She immediately clamored to hit her again, but Dongfang Yu stopped her at this time. Then, he gave Mu Ru a wink, indicating for her to leave quickly and not to get entangled with Kuang Yingying anymore.
