Chapter 331 angels with Broken Wings 6

A week had passed in the blink of an eye since that day. She had never seen Dongfang Yu or Kuang Yingying again, and Dongfang Mo had been very busy lately, perhaps because he found her dirty. In short, he had not come to her room for a long time.

She was happy and relaxed. She did not want to see either of those two bitchy brothers anyway. It was better if she did not see them for the rest of her life. At worst, she could just be a free servant in one inch Mo city for the rest of her life.

“Hey, Xi Muru, what are you thinking about?” A Min saw that Mu ru beside her did not react at all, so she used her hand to push her.

“Oh, what’s wrong?” Mu Ru came back to her senses, so she quickly looked at her and asked, “Oh right, what did you say just now? What’s wrong with second young master’s new house renovation?”

A Min rolled her eyes at her. She had already mentioned about the renovation of the new house. Now that they were talking about Kuang Yingying’s wedding dress, she saw that mu ru was at a loss. So she had to repeat herself, “I’m talking about Miss Kuang’s request for a French wedding dress. It’s said to be pure white, and the roses for the wedding should also be light purple. Tell Me...”

Before a min could finish her words, the security guard ran in and shouted while running towards the ink garden, “Aunt Gu, something bad has happened. Second Young Master’s car accident...”

A Min and Mu Ru, who were chatting, were also shocked. They quickly walked towards the ink garden. When they were two meters away from the door, they heard the security guard’s voice. Just then, he heard the security guard report to aunt Gu, “I just received a call. The cruise ship Spring Breeze No. 1, where second young master is, has exploded on the high seas. Eldest young master and Uncle Liu have rushed over. Just now, uncle Liu called and asked aunt gu about you... .”

“Of course I’m going,” Aunt Gu said anxiously. Then, as he ran inside, he shouted to the security guard, “help me prepare the car and inform the manager to contact the helicopter that blew up the second young master’s yacht. I want to get there as soon as possible. That’s my nephew...”

Mu Ru was completely stunned on the spot. She could no longer hear what Dongfang Mei was mumbling about. Her ears kept ringing with the news that something had happened to Dongfang Yu. The cruise ship that he was on had exploded, and the cruise ship had exploded... ..

A Min was also shocked as if she had been petrified by the wind. It was only after she heard aunt Liu’s crying that she came to her senses. Then, she muttered to herself, “how could this be? How could this be?”

No one knew the reason. Aunt Gu drove away very quickly. The servants in one inch ink city started to gather together and discuss. Mu Ru only found out from their discussion that Dongfang Yu had left the night before last. It was said that he was going to sign a contract with the president of a company called DFM, rodge. However, the contract was signed on the cruise ship.

However, no one expected such a thing to happen. It was said that after Dongfang Yu took over the Dongfang group in the past six months, he was no longer losing money like last year. Moreover, in the past six months, the higher-ups of the Dongfang Group had gradually started to submit to his management. Everyone said that he already had the demeanor of his brother, Dongfang Mo. Of course, if there were less gossip about him.

The cruise ship that Dongfang Yu was on exploded, and it was still unknown whether Dongfang Yu was okay or not. It was said that the cruise ship was on the high seas, and it was said that Kuang Yingying had already gone with aunt Gu... ..

In short, one inch Mo city was very far away from the high seas, so no one knew what happened on the sea. Like everyone else, Mu Ru could only guess what the situation might be based on the phone calls that came back every day.

Chapter 332 angels with Broken Wings 7

Ten days later, Dongfang Mo and Dongfang Mei returned. They brought back Dongfang Yu, but it was not a person, but —

An Urn Dongfang Yu's urn!

The URN was exquisite and beautiful, like a small safe. No, to be precise, it was like a small, exquisite, and luxurious coffin!

When Dongfang Mo and Dongfang Mei's car drove in, the front of the car was covered in a black veil, while Dongfang Yu's coffin was placed in his old car. Kuang Yingying sat in the car in white, crying like a tearful person.

One Inch Mo city of the Dongfang family had been covered in black and white. All the flowers had been plucked and piled up beside Dongfang Yu's coffin. The servants stood on both sides, looking at the coffin with a sorrowful expression.

As for Mu Ru..

Mu Ru originally did not know that Dongfang Mo and the others would return today. However, she had been feeling a little dizzy for the past few days. Every time she woke up to rinse her mouth, she would feel nauseous and retch, making her very uncomfortable.

Her status in one inch mo city was very special. She was not Dongfang Mo's wife, but she was Dongfang Mo's woman. She was not a servant, but she ate in the servants' cafeteria.

And she herself did not have anyone to arrange work for her. If she was bored, she could help a man or someone else do something. Of course, she did not do anything, and no one came to talk to her.

So she woke up late that morning. When she came down from the Plum Garden, she saw that one inch ink city had become a black and white world. She also saw the servants on both sides of the city wearing black and white Yifan. They were facing a beautiful long box.

She was immediately stunned. Before she could react, she was seen by Kuang Yingying who was kneeling on the ground. Mu Ru's peach-colored clothes obviously pricked her eyes, so —

Kuang Yingying immediately stood up and rushed to Mu Ru. She was so angry that she raised her hand and slapped her. At the same time, she shouted hysterically, "Xi Muru, AH, you're happy that Yu died, aren't you? You're dressed so jubilantly. Do you wish for him to die early every day?"

Mu Ru did not have the chance to figure out the situation in the first place. Now that she was slapped by Kuang Yingying, she immediately saw stars and her brain buzzed. She did not even hear what Kuang Yingying was shouting.

It was one thing that Mu Ru did not hear clearly, but it was another thing that Kuang Yingying's slap was too heavy. Her body almost instinctively took two steps back. She was about to open her mouth to ask Kuang Yingying why she hit her, but she did not provoke her.

However, before she could open her mouth, Dongfang Mei quickly pulled her to the side of the coffin and then shouted fiercely, "kneel down. Ah Yu is dead. You were his woman before..."

Mu Ru's brain was pulled back by Dongfang Mei, so when Dongfang Mei pushed her to kneel down and shouted 'ah Yu is dead', she heard it clearly and clearly.

Ah Yu is dead Dongfang Yu is dead?

Mu Ru felt as if there was a sudden clap of thunder above her head, and she immediately fell to the ground. The rumbling sound in her brain was thunder.

Dongfang Yu was dead, the man who bullied her, the F * Cking Man, was finally dead!

The man who tried his best to save her when she fell into Nangong Xun's hands

The man who ignored her relationship with her uncle and sister-in-law when she was poisoned, and even bore the blame for the chaos

The man who was so contradictory to her, Xi Muru, that she didn't know how to face him

That... ...

Mu Ru only felt the world spin. Her vision turned black, and she fell straight down... ...

Chapter 333 Angel with Broken Wings 8

Mu Ru woke up once again. She was no longer in one inch ink city. Instead, she was in her room in the Plum Garden. As she lay on the bed, her room was filled with people.

Dongfang Mo, Dongfang Mei, and Dongfang Yingwu were all there, and there was also the Dongfang family's family doctor, Liu Hao!

At that moment, Liu Hao was holding a piece of paper in his hand. Mu Ru did not know what kind of paper it was, but on her bedside table, there was something that looked like a laptop.

“Miss Xi is pregnant, and she’s been pregnant for more than six weeks,” Liu Hao looked at the three people in the room and then, according to the duties of a doctor, he very responsibly told everyone a ruthless truth.

Mu Ru’s head immediately boomed. She had just woken up and almost fainted again!

Pregnant She was pregnant Heavens, why did he have to make such a big joke on her?

She was pregnant, of course, it was Dongfang Yu’s. Dongfang Mo used a simulator, and Dongfang Mo did not have the ability to make a woman pregnant.

However, so what if it was Dongfang Yu’s Dongfang Yu was already dead Moreover, the child in her stomach might be labeled as a bastard like last time. Then, she would experience another incident from last year.

This child in her stomach, would Dongfang Mo say that it would flow down and be thrown into the fish pond to feed the fish Or He might as well throw her into the fish pond together... ..

Mu Ru had not finished thinking when she heard Dongfang Mo’s old and hoarse voice ring out in the room

“Since the child is ah Yu’s, and Ah Yu has left, this child is the only bloodline he left behind. It’s better to stay!”

Three more thunderclaps rang out in Mu Ru’s head, and her eyes instantly widened. She had never dreamed that such a dramatic situation would occur. Dongfang Mo actually wanted to keep the child in her womb?

“I don’t want to stay!” Mu Ru almost blurted out, and then she looked at Liu Hao and hurriedly said,

“Doctor Liu, please prescribe medicine for me. I want to abort this child. I want to abort this bastard child. This is the product of rape, I want to...”

“You don’t have the right to decide this!”

Dongfang Mo’s old and hoarse voice sounded coldly from the side. Then, he looked at Liu Hao and said,

“It’s settled then. Liu Hao, give her a needle and let a min take care of her.”

“Ah Mo, this isn’t good, is it?”

Dongfang Mei spoke calmly from the side. Then, she looked at Xi Muru and looked at Dongfang Mo.

“Ah Yu and Xi Muru have nothing to do with each other. This child that was born...”

“Then, does aunt gu mean to make them have something to do with each other?”

Dongfang Mo coldly took over Dongfang Mei’s words. Without waiting for her reply, he continued

“What relationship? The child was born under my name. The child that aunt Gu gave birth to in the past can be registered under my parents’ name. Could it be that Ah Yu’s child can not be registered under my name now?”

Dongfang Mei's face immediately turned red, but she could not say a single word to refute. She could only nod and agree with Dongfang Mo's words

"Alright, although ah Yu met with misfortune at such a young age and left early, he still left behind some blood and bones. This will at least give my brother and sister-in-law some comfort in heaven."

"Then this matter is settled."

Dongfang Mo immediately looked at Mei yuan and could not help but frown as he said,

"since Yu's new house has been renovated and there is no one to live in, I think we should let mu ru and her son move in. No matter what, she is relying on her son."

Chapter 334: Awkward Identity 1

Dongfang Yu was dead, but there was no funeral. Mu Ru had heard from Amin that the cruise ship that Dongfang Yu was on had exploded. At that time, there were more than 800 people on the cruise ship. There were more than 500 survivors and more than 100 injured people. There were more than 100 people who could be identified by their dead bodies. There were also 30 people whose bodies could not be found completely. It was said that Dongfang Yu was among these 30 people.

Therefore, in Dongfang Yu's exquisite and luxurious urn that was as beautiful as a small coffin, there were no real ashes. Instead, there were ashes from the burning of some of Dongfang Yu's old clothes.

Dongfang Yu was dead, and Mu Ru's identity had become delicate because of her pregnancy. She was originally Dongfang Mo's mistress, but now, she had suddenly become Dongfang Yu's child's mother.

Mu Ru felt very uncomfortable. She had originally thought that Dongfang Mo would give her an identity or something, but Dongfang Mo said coldly that he was a man of his word. The child was born to him, and she, Xi Muru.. She still wanted to be his mistress for 100 years. Don't think that just because you were pregnant with Yu's child, you could change that agreement. Nothing could be changed.

Mu Ru finally understood that Dongfang Mo was not just a normal b * Stard, but a very b * stard. His B * Stard was not only for her, but also for other things.

It was said that because of Dongfang Yu's death, the piece of land that the Dongfang Corporation wanted to fight for became more delicate. That piece of land was extremely important to the Dongfang Corporation. Most importantly, the Dongfang family's old house from 100 years ago was on that piece of land.

Mu Ru moved into the third floor of the Black Garden a week after Dongfang Yu's ashes came back. It was the new house that Dongfang Yu had originally prepared to use to marry Kuang Yingying.

She used to live on the second floor when she was married to Dongfang Mo. now, she lived on the third floor. In fact, the style and layout of the room were similar to before. It was just that the messy decorations that Kuang Yingying liked had been moved away by someone.

Her identity did not change. It was just that the place she lived in had changed. Of course, because she was pregnant with Dongfang Yu's child, Dongfang Mei was more polite to her on the surface, but her gaze was even more vicious.

After Dongfang Yu's death, Mu ru moving into Dongfang Yu's new house was a big deal. Another big deal was that Dongfang Mo was going to Korea for plastic surgery. The reason for the plastic surgery was because Dongfang Group wanted to get the land, and that land was under Mayor Kuang's responsibility.

Actually, the reason was very simple. It was because the person that Kuang Yingying originally liked was Dongfang Mo. the reason why she was willing to date Dongfang Yu was entirely because Dongfang Yu had the same appearance as Dongfang Mo..

Regarding Dongfang Mo's plastic surgery, Mu Ru was his mistress, so she naturally did not have the right to participate in the opinion. However, Dongfang Mei and Dongfang Yingwu both opposed it.

Dongfang Mei said, "Ah Mo, you can't only care about the interests in front of you and ignore your own health. Now that Ah Yu is no longer around, you have to take care of yourself even more. The Dongfang family is counting on you. Your plastic surgery, as long as it's done, it's good. What If... "

"What if? " Dongfang Mo's slightly aged and hoarse voice rang out He said lightly, "Aunt Gu, you don't have to worry about these things. Besides, if I don't get plastic surgery, Kuang Yingying will definitely not be willing to marry me. And we definitely won't be able to get that piece of land with unlimited prospects. If we don't get that piece of land, in the next two years, the Dongfang Group will be surpassed by others... "... .."

Chapter 335: Awkward Identity 2

"It's only right for the eldest young master to consider many aspects of the Dongfang Group, " Dongfang Yingwu said indifferently Then, he said meaningfully, "but is Miss Kuang Yingying really willing to marry you? Don't forget, she may not be a person who can endure loneliness... "

"I know that, " Dongfang Mo interrupted Dongfang Yingwu with an old and hoarse voice "Now that science is so advanced, I still have a way to satisfy a woman's needs. As long as she doesn't mind, it's fine. Second uncle, why do you have to worry so much? "

Dongfang Yingwu was stunned, but he didn't say anything else. He looked at Dongfang Mei again and saw that she didn't say anything else. He just reminded ah Mo to be careful.

Dongfang Mo had originally decided to go to Korea for plastic surgery. Later on, because Dongfang Group wanted to make a new bid for the land, he didn't go to Korea himself. Instead, he hired a doctor from Korea to come to one inch Mo city The doctor specialized in plastic surgery for him.

Dongfang Mo had undergone plastic surgery and hadn't come to look for mu ru in the past few days. Mu Ru had become quiet and at ease. Moreover, because she was pregnant with Dongfang Yu's child, she was once again given limited freedom after being grounded.

That morning, she wandered around the courtyard and felt bored. Hence, she said that she wanted to go out for a walk. Amin immediately said that she would accompany her and even quickly went upstairs to help her carry her bag.

Now, Amin's responsibility was to take care of her. A Min could walk out of one inch ink city, but she had a spy by her side. The so-called taking care of her was actually keeping an eye on her.

Fortunately, she did not have anything to keep a secret, so she did not mind a min following her. Instead, she felt that having someone to accompany her was better than going out alone.

In fact, she did not know where to go when she went out. In the end, she came to the oil painting village and came to the Jingxuan gallery. Xiao Wang and Xiao Yun were both there, and they were very enthusiastic when they saw her.

Xiao Yun, in particular, said that she was grateful for her outfit that day, which allowed her to finally fish seaweed. Now, she was more in contact with that seaweed. After a period of observation, if both parties had no objections, they would probably settle down their relationship and get ready to get married or something.

When Mu ru heard this, she forced a smile to congratulate her, but her heart was even more bitter than her gall. It was because she had accompanied Xiao Yun on a blind date that night, and Dongfang Yu had bumped into her, and then... ..

If it hadn't been for that night, she might not have been pregnant with Dongfang Yu's child. Of course, if it hadn't been for that night, Dongfang Mo probably wouldn't have sent him on a cruise to the international waters because he didn't like Dongfang Yu. Then, he might still be alive.

On the same night, Xiao Yun had received love, and might even have gotten married. And she had received Dongfang Yu's humiliation, as well as his child.

As for Dongfang Yu He had gotten into trouble because of this, and eventually lost his life.

Mu Ru went upstairs to see Shangguan Jingtian. Shangguan Jingtian Jokingly said Xi Muru, you're really a jinx. You went to deliver a painting to anglo-american Company, and anglo-american Company went bankrupt ten days later. I also lost a client.

Mu Ru's heart immediately skipped a beat. anglo-american Company went bankrupt?

Could it be that she told Dongfang Mo about her meeting Dongfang Yingwu and Dongfang Mei at anglo-american company?

Could it be that Dongfang Mei and Dongfang Yingwu were really going against Dongfang Mo in the dark The three of them looked friendly on the surface But in reality, they had been fighting each other to the death behind their backs?

Chapter 336 Awkward Identity 3

Mu Ru bade farewell to the Jingxuan Gallery and then went out on the street with a min. It happened to be noon, and she felt a little hungry, so she suggested to find a restaurant to eat.

A Min immediately nodded and said that if she wanted to eat, she had to find a good restaurant. Those small restaurants were not clean, and their hygiene was worrying. If she ate them, she might have a bad stomach.

Mu Ru found it funny when she heard this. She really wanted to say, a Min, when I stayed in a small hotel alone, when I brought my mother out of the village in the city, when I was alone by the roadside handing out flyers, I bought a few mantous in the morning and needed to eat them for the whole day. During the day, she would just put them in the white plastic bag and stuff them into her pocket.

Of course, she did not say these words out loud in the end. Instead, she went to a Western restaurant called Hua Mu Xi with a min. Mu Ru did not really like Western food at first, but a Min said that she liked western food. The main reason was that the Western restaurant was clean and the western food was nutritious.

Mu Ru obeyed her and thought that a min also ate staff meals in one inch ink city. Of course, she did not use western food for staff meals. Recently, because she was pregnant, she did not eat staff meals anymore. Her life had improved.

Mu Ru had just gotten pregnant, so her appetite wasn't very good. However, she had ordered steak. The chefs in Western restaurants didn't like to cook, so she couldn't eat after two bites. She also felt nauseous, so she instinctively walked to the washroom.

The washroom in the Western restaurant was spacious and bright. A Min and mu ru had come early, so there was no one in the washroom. She lowered her head and vomited by the sink, then used her hand to hold the water to rinse her mouth.

When she raised her head, she suddenly saw her in the mirror. She was slightly stunned, and the exact same her whispered in her ear, "come with me!"

Mu Ru frowned. She could not help but think of Leng Leiting, who had caught her by mistake last year. She felt the need to remind her, so when she saw her walking towards the fire stairs, she followed her.

"How dare you appear here?" Mu Ru had just walked into the fire stairs when she could not help but shout at Xi Muxue, "that Leng Leiting is looking for you..."

"If Leng Leiting is looking for me, then let him look for me," Xi muxue cut off Mu Ru's words without a care. She reached out her hand and said, "Do you have money? Give me some money."

Mu Ru instinctively took two steps back and stared at her with wide eyes. "Mu Xue, you took the Xi family's ten million and left. After you left, father died and mother had a heart attack. To treat mother's illness..."

"I asked you if you have money?" Xi muxue interrupted Mu ru impatiently. Then, he could not help but yell, "Xi Muru, I know dad is dead, but mom is also dead because of you. You're a jinx. You've ruined our family. Now, I'm homeless and hiding everywhere. The Xi family's creditors were still looking for me, but you're fine. No one knows you're Xi Yuancheng's daughter, so no one is looking for you, so... "... "..."

"I don't have any money." Mu Ru was not in the mood to listen to her anymore. Then, she looked at her coldly and said, "Mu Xue, father and mother's graves are in the western suburbs cemetery. Of course,

it's not some luxurious cemetery. It's just the smallest place. If you have the heart, go and take a look. If..."

"enough. Why are you saying this nonsense to me?" Xi muxue interrupted Mu ru impatiently and then yelled irritably, "hurry up and give me the money you have on you. Otherwise, I'll tell Nangong Xun where you are!"

Chapter 337: Awkward Identity 4

Nangong Xun?

Mu Ru felt a sudden clap of thunder above her head. She had not thought of this name for a long time, and didn't he go back to Singapore?

Mu Ru did not know why Xi Muxue was in contact with Nangong Xun again, but when she thought about Nangong Xun, she thought about how he was also very bitchy. She thought about how she had captured her last time and actually wanted to marry her. She thought about the last time he actually gave her medicine, and that time... ..

That time, it was Dongfang Yu who had rushed over to save her, and at the same time, he had also harmed her. In short, she absolutely did not want to meet Nangong Xun again, so..

She still took out the card that Dongfang Mo had given her from her bag and handed it to Xi Muxue. She said plainly, "all my money is in there. Thirty thousand dollars, and it was given to me by Dongfang Mo last month..."

"Thirty thousand dollars? Are you trying to get rid of a beggar?" Xi Muxue snatched the card and said coldly, "Xi Muru, quickly think of a way to help me raise fifty million dollars. Otherwise, I won't have a good life. Of course, if I don't have a good life, do you think you can still have a good life?"

"50 million?" Mu Ru could not help but shout out loud immediately. Her eyes widened as she looked at the person who looked exactly like her and said, "where can I help you get 10 million? Do you think I have the ability to rob a bank?"

"Of course you have the ability." Xi Muxue's lips could not help but curl into a mocking smile She said mockingly, "If you don't have the ability, how did you end up living in one inch Mo city again If you don't have the ability How did you get pregnant with Dongfang Yu's child "I never knew that you could be between Dongfang Mo and Dongfang Yu. Did I really look down on you in the past?"

"where did you get all this information from?" Mu Ru's expression turned awkward. She was pregnant with Dongfang Yu's child, and only the people in one inch ink city knew about it. Why did Xi Muxue know about it?

Of course, Xi muxue would not tell her where she got all this information from She just continued to say coldly, "Xi Muru, where I got it from has nothing to do with you at all. Now, I only want 50 million. Otherwise, don't blame me for not caring about our sisterhood."

"I don't have that ability." Mu Ru immediately turned around and walked up the stairs Then, she said coldly, "similarly, you've never cared about your sisterhood with me. Every time there's trouble or

danger, you push me over. You've always been selfish and only care about yourself. I'm an idiot if I believe in you."

After Mu Ru said that, she turned around and walked in the direction of the restroom in the dining room. A Min happened to see that she had not gone out to look for her for a long time. When she saw that she had come over, her nervous face finally relaxed.

"Miss Xi, you can't scare me like that," a Min said to her as she ate. "You don't know. You haven't been back for a long time and I didn't find you in the restroom. I was so scared that I broke out in a cold sweat. If you still didn't show up, I'd probably call the police."

Mu Ru could not help but laugh when she heard her. She quickly reminded her that a person needed to be missing for 24 hours before they could call the police. I haven't even been missing for 24 minutes, so why would you call the police Aren't you afraid that the police will call you crazy?

A Min immediately felt embarrassed after hearing Mu Ru's words She only said in a low voice, "in short, just don't make any mistakes. Otherwise, I won't be able to shoulder the responsibility. You have two bodies, and the one in your stomach is the only bloodline of the Dongfang family."

Chapter 338: Awkward Identity 5

After lunch, a min had originally planned to go shopping because she usually could not walk out of one inch Mo city. Today, she could only come out because of Mu Ru.

However, Mu Ru said that she was very dizzy and that western food did not suit her taste, so she wanted to go back to one inch mo city to eat something. Then, she would lie down at home to rest. Shopping was very tiring.

A Min considered that she was pregnant and thought that she was really tired, so after lunch, she and mu ru hailed a taxi back to one inch Mo city. Of course, she did not know that Mu Ru was actually worried that Xi Muxue was following her somewhere.

Just as she walked into Mo Park's lobby, aunt Liu saw her enter and immediately told her that Dongfang Mo was looking for her and told her to hurry upstairs. Her expression and tone were as if she had something urgent to say.

Mu Ru could not help but frown. Dongfang mo had recently undergone plastic surgery and she had not seen him for a week. She did not know how much he had undergone plastic surgery. Why did he not stay in his ward to look for her?

Although she could not guess what Dongfang Mo was looking for her for, she still rushed to the room on the third floor and pushed the door open. She was immediately shocked because she saw a person with a head full of bandages.

She covered her chest with her hand to calm her racing heart. Looking at the person in the wheelchair, she suddenly felt as if she had returned to the days when she went to the hospital to accompany Dongfang Mo two years ago.

At that time, she went there as Mu Xue. However, she only saw Dongfang Mo like this every day. His entire head was covered with bandages, so she could not see his face at all.

“Am I that scary?” An old and hoarse voice rang out in a low voice. No emotions could be heard from it.

Mu Ru shook her head and walked towards him as she said indifferently, “No, I just... I just saw you change your appearance... In short, I’m used to your old face. I’m not used to this sudden change. I should be better next time.”

“You get used to everything slowly.” Dongfang Mo’s voice was still old and Hoarse. “When you first arrived at one inch ink city, weren’t you also not used to my old bark-like face?”

Mu Ru nodded. That was true. The first time she saw him, she was so scared that she fainted. However, after she got used to it, although she was still a little afraid, she could accept the appearance of that face in her sight.

“Why are you looking for me?” Mu Ru suddenly remembered that aunt Liu said that Dongfang Mo was looking for her, so she quickly asked again.

“It’s not a big deal.” Dongfang Mo deliberately paused when he said this Then, he said a little embarrassedly, “after my plastic surgery, I think I will marry Kuang Yingying, and she probably doesn’t know much about emulators, so I hope you can teach her some methods. After all, you and I have experience...”

Mu Ru felt a shocking thunder above her head, which directly burned her inside and outside. She stared at Dongfang Mo’s head wrapped in gauze with wide eyes and couldn’t help but growl, “Dongfang Mo, can you be a little bittier?”

Dongfang Mo, whose head was wrapped in Gauze, could not see any expression on his face. All he knew was that he was sitting motionlessly in his wheelchair. After a long while, he suddenly reached out his hand to grab the crutch beside him and stood up. Then, he walked towards mu ru without saying a word.

Mu Ru instinctively stepped back and could not help but exclaim, “so you can stand up? So you can walk?”

Chapter 339 Awkward Identity 6

“Why not?” Dongfang Mo’s voice was cold with a familiar tone He whispered, “I used to be disheartened and didn’t want to stand up again because I had placed my hopes on Ah Yu, but now that ah Yu is gone and he has a child, I have to stand up for Ah Yu’s child, don’t I?”

Mu Ru was stunned when she heard Dongfang Mo’s words. She saw that he was already in front of her, so she rolled on the bed and immediately rolled over to the other side of the bed. There was a bed between her and Dongfang Mo, so she suddenly felt much safer.

Dongfang Mo walked with a cane, so of course, he could not roll over from the bed. However, when he looked at the bed in front of him, he said coldly, “Xi Muru, did you just remind me that I should have sex with you after I’m done?”

Mu Ru's forehead immediately broke out in sweat. After all, Dongfang Mo was a eunuch. Those time travel dramas said that the hearts of eunuchs in ancient times were very bitchy. Now that she looked at it, it was indeed true because Dongfang Mo was no ordinary bitchy.

Dongfang Mo saw that Xi Muru did not answer, and he did not seem to want her to answer either. He leaned on his cane as he walked towards his wheelchair and said coldly, "alright, don't act like you've seen a ghost. In another month or so, I'll be about the same as ah Yu. Even if I'm not that handsome, I won't be so scared that you'll faint."

When Dongfang Mo said this, he turned his wheelchair again. As he walked towards the door, he said coldly, "don't provoke aunt Gu if you have nothing to do recently. If you're bored, you can read in your room or something."

"got it," Mu ru quickly replied. She watched as his wheelchair turned and walked out of the room. Then, she hurried over and slammed the door shut. Her entire body was so soft that she leaned against the door and slid down.

She did not understand what was going on with Kuang Yingying. Even if the person she liked in her heart was Dongfang Mo, she was still engaged to Dongfang Yu. Moreover, Dongfang Yu was such a playboy. She did not believe that nothing had happened between Kuang Yingying and Dongfang Yu?

Alright, even if Kuang Yingying cared about her younger brother and brother, she only liked Dongfang Mo in her heart. In the past, she had completely used Dongfang Yu as Dongfang Mo's substitute.

However, the situation now was that even if Dongfang Mo was willing to give her plastic surgery, treat her legs that couldn't stand and walk, and give her the appearance of Dongfang Yu, Dongfang Mo was still a eunuch. Could it be that Kuang Yingying didn't even care about Eunuchs?

Kuang Yingying was the mayor's daughter, and she was young and beautiful. She was only 22 years old, and she was young and beautiful like a flower. What kind of man couldn't she marry? Why did she have to marry the Eunuch, Dongfang Mo?

Mu Ru could not understand. Of course, Kuang Yingying definitely had her own plans, and she did not need to figure it out. Moreover, Kuang Yingying had been more diligent in one inch ink city in the past few days, and she seemed to be very concerned about Dongfang Mo's plastic surgery progress.

Dongfang Mei seemed to be very satisfied with Kuang Yingying marrying Dongfang Mo. Every time Kuang Yingying came, she would greet her with a smile, unlike her expressionless face when she saw her.

A Min said that Kuang Yingying was probably a little abnormal in her heart. In fact, a slightly normal person would not marry the eldest young master just because he had plastic surgery. Who would want to keep an empty room for a lifetime for a woman? It was your sister Xi Muxue who was more normal. She knew that the eldest young master was a eunuch, so she was determined not to marry him.

Chapter 340 Awkward Identity 7

A Min mentioned Xi muxue before Mu Ru remembered the meeting with Xi Muxue a few days ago. Xi muxue asked her to get 50 million from Dongfang Mo. God, how did she manage to get it?

Forget it. As long as she did not leave one inch Mo City, XI muxue would naturally not be able to find her. Now that she could not save herself, she could not care too much about Xi muxue anymore.

Mu Ru thought that she might only be able to leave one inch Mo city a few years later. Because she had to hide from Xi Muxue, she would not leave one inch Mo city by herself.

However, she did not wait for long. It was only a month, yet she had walked out of one inch ink city once again. This time, she had almost killed two people!

That afternoon, because Dongfang Mei was not at home, she had not been at home for the past few days. She did not know what she was busy with. Perhaps it was beauty, shopping, or something else.

Dongfang Mei was not at home. Dongfang Mo had undergone plastic surgery and his head was covered in gauze, but he had not come out. He was probably afraid of scaring people, so she felt that the air was not so oppressive, so she had been strolling around one inch ink city for the past few days Occasionally, she would go with Ah Min to tidy up the flowers and plants.

In the evening, Mu Ru and Ah Min were weeding the Lilac Flower Garden when Aunt Liu came over to call her. "First Young Madam... No, Miss Xi, first young master wants you to go to his room on the second floor."

Aunt Liu was used to calling mu ru first young madam, so she could not change her words. Every time she saw Mu Ru, she would call her first young Madam. Then, when she realized she was wrong, she would quickly change her words.

The second floor Mu Ru was stunned instinctively. That was Dongfang Mo's territory. She was now living on the third floor. Every time she passed by the second floor, her gaze would not linger on the room she had stayed in before.

"Hurry up and go. If you wait too long, young master will blame you again." Aunt Liu saw that she was standing still and did not move, so she quickly reminded her.

Mu Ru nodded and then reminded a min that she had to finish weeding the lilac flowers before she finished work. Then, she turned around and walked towards Mo Garden. Since Dongfang Mo wanted her to go to the second floor, how could she not go?

She was already 11 weeks pregnant and was about to be three months pregnant. The vomiting phenomenon was long gone, but her stomach was still flat. Even she herself could not feel that there was a child in her belly.

When she walked up to the second floor, the door was ajar. She was slightly stunned as she knocked on the door with her hand. When she heard a slightly hoarse "come in" sound, she pushed the door open and walked in naturally.

However, she had originally thought that he was the only one in the room where Dongfang Mo was looking for her. However, the moment she walked in, she immediately noticed that a man and a woman were hugging each other on the sofa in the living room. Moreover, that man was clearly Dongfang Yu!

She was completely stunned. She rubbed her eyes with her hand and looked carefully. Only then did she realize that her eyes were playing tricks on her. Actually, this man was not Dongfang Yu, but Dongfang Mo!

Because she could still vaguely see some small marks on his face. It was likely that he had not completely recovered to the point where she could not see anything at all.

“Miss Xi, is Mo very good-looking?” A slightly familiar but very stiff female voice sounded.

Mu Ru then came back to her senses and looked at the woman. It was Kuang Yingying. At this moment, she was nestling in Dongfang Mo’s embrace like a little woman.

“Young Master Dongfang, why are you looking for me?” Mu Ru tried to sound as calm as possible. At this time, she wouldn’t have stage fright, right Moreover, Dongfang Mo now looked very pleasing to the eye.
