Chapter 351, please allow me to struggle a little

Looking at her wet clothes, he instinctively frowned. Could it be that this woman Xi Muru had a fever and was confused tonight Even after taking a shower, she was still wearing clothes How could she take a shower if she was wearing clothes?

“Take off your clothes and take a shower! Can you wash yourself clean with your clothes on?”

Dongfang Mo called out coldly in a low voice as he moved to help her remove the wet clothes that stuck to her body.

Mu Ru’s body was forced to stick to Dongfang Mo’s chest. One of the nerves in her body was so swollen that it was about to explode. Tonight, after stabbing that strange man outside the sex toy store.. She was really not afraid of anything.

She even dared to kill someone. What was there to be afraid of?

Tonight, could she stab again? Could she kill again?

Anyway, Dongfang Mo would not allow her to end her own life. However, he did not say that he would not allow her to end his life.

What a funny mistress agreement, and what a flawed mistress agreement?

She Killed Dongfang Mo and then killed herself. At most, she would commit suicide because of guilt. In short, she was free, and Dongfang Mo could no longer look for Zheng Yifan.

In any case, this world was a f * Cking mess. No one was cleaner than anyone else!

Mu Ru thought to herself. She slowly raised her head, wanting to maintain the faint smile. However, just as the corners of her mouth curled up, the smile froze into ice before it could take shape.

Dongfang Mo was looking at her with a face full of frost, making it extremely difficult for her to fake a smile. In the end, the faint smile was forced to die.

Thus, she quickly calmed herself down. At this moment, her upper body was pressed against Dongfang Mo’s chest very tightly. However, because her lower body was separated by the bathtub, she was a certain distance away from Dongfang Mo’s abdomen.

Her body moved towards Dongfang Mo without leaving a trace. She lowered her head slightly and her gaze circled around Dongfang Mo’s abdomen. The hand that had been in her pocket all this while was firmly holding onto the handle of the Swiss army knife Her thumb was already placed on the spring button on the handle.

Dongfang Mo’s thick brows were tightly knitted. Seeing that the woman standing in the bathtub still had no reaction, he could not help but reach out to undo the buttons on her clothes. The moment he lowered his head, he realized that Mu Ru’s clothes seemed to have two buttons missing.

He could not help but feel shocked. He immediately lowered his head to look at the water in the bathtub. Only then did he realize that the water was actually light red. His nose twitched slightly, and only then did he smell a hint of blood.

Had She met a pervert Or was it her... ..

Could it be A bad thought suddenly appeared in his mind.

Thus, he instinctively became nervous and reached out to pull the woman next door, wanting to pull her out. Mu Ru stood there without moving, so he was slightly angry and reached out to pull her pants, wanting to examine her lower body.

Unfortunately, because of the water, Mu Ru's pants were tightly stuck to her body, so it was not easy to pull them down. Moreover, he was worried about the child in her stomach... ..

Finally, her pants were pulled down by him. He saw that her two fair legs were clean and bloodless, and it seemed that there was no blood flowing out.

Mu Ru had been quietly looking at the mirror opposite her. She did not resist Dongfang Mo's actions at all. It was as if she had turned into a statue made of mud and wood.

Chapter 352, please allow me to struggle a little

Dongfang Mo could not stand Xi Muru's treatment. At this moment, he was like air to Xi Muru. Looking at her stiff and cold expression, one could tell that at this moment, in her world, he, Dongfang Mo, did not exist at all.

How could this be?

No, he had already occupied her entire person, occupied her entire life. Her life trajectory was arranged by him, so how could he disappear from her world?

No, absolutely not. He would not allow his existence to be absent from her world. He absolutely would not allow it!

Thus, he reached out a hand and clamped her arm like a steel pincer. With a slight pull, he pulled the expressionless woman into his embrace again.

"Xi Muru, tell me now, why is this water red?"

Dongfang Mo hugged the naked Mu ru tightly, and his cold voice had softened quite a bit. His thin lips moved closer to her ear and asked gently, "what happened?"

"Did... did something happen?"

"Do you really want to know?"

Mu Ru's face finally cracked. Perhaps it was because her cold body suddenly leaned closer to the warm embrace, but a faint smile actually appeared again.

"Yes."

Dongfang Mo nodded, and then said in a low voice,

“You are my... mistress, aren't you? ”

“Okay, then I'll tell you now! ”

Mu Ru replied gently. Her clear eyes stared at his eyes that were no longer cold. The hand hidden in the bag of clothes pressed the switch of the Swiss army knife at the fastest speed.

With a 'Chi' sound, the snow-white Sharp Blade stabbed out rapidly!

“Ah! ”

Dongfang Mo let go of Mu Ru at the fastest speed and instinctively took two steps back. He looked at the tip of the knife in Mu Ru's hand that was already stained with blood, and then looked at the indifferent woman in front of him with an incredulous look.

“You're courting death! ”

Dongfang Mo threw a slap straight at Mu Ru's indifferent face. Immediately, five finger prints were imprinted on it. No, they were five miniature versions of the five finger mountains.

Mu Ru fell to the ground and fell into the bathtub filled with Pale red blood. She knew that she had failed. She had failed in this competition with Dongfang Mo..

Although she had prepared for a long time and waited for this opportunity for a long time, she was still extremely nervous on the surface. Therefore, when she pressed the switch button, she was one step faster. At that time, his abdomen was not even close to her body There was a certain gap.

Dongfang MO lifted up his clothes to check his abdomen. There was already a small hole. Fortunately, the hole was not deep. It was probably only five millimeters deep.

This damned woman, he did not expect her heart to be so vicious. She went out tonight and actually bought sharp weapons, even to assassinate him?

Looking at the woman who had been knocked unconscious by his slap, he gritted his teeth and endured the pain in his abdomen. He bent down and scooped her out of the bathroom. In a few seconds, he took off the wet clothes on her body and wrapped her in a large towel Then he turned around and walked out of the bedroom, threw her on the bed, and quickly walked out of the room.

Damn, so he was wrong. Not only did this woman grow sharp claws tonight, she even had fangs. She was not a cat. She had clearly turned into a fierce tigress. She was about to bite someone.

As he walked towards the medical room of Mo Yuan, he quickly took out his phone to call a Hao. He instructed him to quickly investigate where Xi Muru went and who she met after she went out tonight Who Did she meet.

He had to find out who gave Xi Muru such courage to actually attack him?

Chapter 353, please allow me to struggle for a while

Mu Ru lay on the bed for a long, long time until she felt a cold sensation on her body. Only then did she wake up and cover herself with the cold air.

She let out a deep sigh. She had stabbed Dongfang Mo tonight. Who knew what he would think of to torture her tomorrow?

It didn't matter. It didn't matter. At worst, he could just torture her to death. It would be good if she died.

With this thought in mind, Mu Ru buried her head deeply into the pillow and closed her eyes to sleep. After all, sleeping wouldn't kill anyone.

Dongfang Mo cleaned up his wound in the medical room. It was actually very simple. He applied some hemostatic medicine and used a piece of gauze to cover it up. The wound was not deep, and it would probably heal in a few days.

Just as he left the medical room, his phone rang. It was a Hao calling. He told Dongfang Mo about the places that Xi Muru had gone to that night and the incidents that she had encountered.

"Right now, that man's is still in the hospital. It's said that Miss Xi's stab was very deep and injured that man's intestines. He'll probably be in there for ten days to half a month. "

Ahao ended his report and asked, "boss, what do you plan to do with this man? "

"boss, what do you plan to do with this man? "?

"since he likes to find women at night and force himself on them, then... we'll remove the tools he used to commit crimes and make sure he can never commit another crime in his life! "

Dongfang Mo's deep and hoarse voice rang out in the darkness. There was not a hint of hesitation in his tone, which showed how decisive he was.

After hanging up the phone, his gaze was fixed on a certain spot in the darkness. It seemed that some people were still holding their breaths, but they could not hold their breaths either. Tonight, he really did not expect them to use such petty tricks, but.. It almost hurt his woman and child.

Damn it!

He couldn't help but curse in a low voice. That damn woman, why didn't she tell him clearly when she encountered such a thing She actually came back and stabbed him again?

It seemed that no matter what, he couldn't let her walk out of one inch ink city alone. No matter how bold those people were, they wouldn't dare to make a move against her in one inch ink city.

Of course, if she really had something to go out of, she had to have someone follow her to prevent such an unexpected incident from happening again tonight.

But then again, it was a good thing that this woman had some brains and courage tonight. Otherwise, she might really have been killed tonight.

That damned person who had the guts to even dare to touch his Dongfang Mo's woman. It was already a light punishment for him to have removed his murder weapon. According to his usual temper, he would only vent his anger if he didn't chop him into pieces.

Mu Ru slept very soundly. Reality proved that when a person was exhausted to the extreme, it was easy to fall asleep. Moreover, one could sleep until daybreak. If one didn't fall asleep, they wouldn't be able to wake up.

Mu Ru was the same. She fell asleep in bed last night. Before she fell asleep, she still felt cold. Her entire body was wrapped in a cold blanket, but she still could not feel any warmth.

She had no choice but to curl up her body. Eventually, she was like a baby. Later, she slowly fell asleep. In her dream, she seemed to have become a small baby. She returned to her mother's stomach and found a warm little house. Her whole body felt warm, so she gradually fell asleep soundly.

She slept until noon the next day. When she finally woke up, she yawned and slowly opened her eyes, only to find a familiar and strange handsome face in front of her in an instant.

Chapter 354, please allow me to struggle for a while

"Have you lost your mind?" Dongfang Mo saw that the woman in his arms had woken up and was staring at him with a dumbfounded expression. It was as if she was an idiot. Fortunately, she did not drool.

Mu Ru regained her senses from his question. Only then did she realize that she was actually nestled in his arms like a Koala. And the most damnable thing was that she was actually..

She was actually... not wearing any clothes?

Oh my God, was she really that miserable?

Her and Dongfang Mo She... ..

Thinking of this, Mu Ru quickly broke free from his embrace and pulled the blanket over herself, afraid that even a tiny crack would be revealed.

Dongfang Mo found her actions funny and could not help but mock her in a low voice

"You stayed in my arms for the whole night last night. I've seen and touched you. Aren't you lying to yourself by doing this now? "?"

Mu Ru glared at him with a cold gaze, then turned her head to the side and ignored him. In short, he was a b * Tch and she had nothing to say to a b * Tch.

Dongfang Mo saw that she was ignoring him, and he had many things to do. Moreover, it was already noon. In order not to disturb this woman's sleep, he had delayed half a day's work.

He quickly put on his clothes, turned around, and quickly walked out of the door. He had no time or mood to coax the woman in bed.

Mu Ru waited for Dongfang mo to leave before she slowly got up. Alright, her husband-killing operation last night had completely failed. Not only did she not assassinate Dongfang Mo, but she also did not force Dongfang Mo to retreat.

After Mu Ru left, a min had already watered the flowers in one inch Mo city for the whole morning. She smiled at her and said,

“If you sleep until noon every day, my work will become more relaxed. ”

When Mu ru heard this, she was stunned. Then, she rolled her eyes at her

“You mean that it’s very hard for you to take care of me, right? ”

“Yes. ”

A Min answered very honestly. When she saw Mu Ru’s puzzled expression, she chuckled and explained,

“Miss Xi, don’t you think about it? You’re a pregnant woman. You’re still young and your belly can’t be seen. Your actions are the same as ours, but in another two or three months, your belly will be big and it’ll be difficult for you to walk in the future. Don’t you think it’s hard for me to take care of a pregnant woman like you? ”

Mu Ru female listen to say so, in the heart Mengmeng Leng for a while, later belly big?

Are you pregnant HER BELLY’S GONNA get bigger And the baby in her belly will grow, and... ...

She could not help but use her hand to stroke her flat belly. Only then did Meng ran feel that her life was no longer one person, but two people, because she still had a child... ...

The word child was not unfamiliar to her, because last year, when she was still Dongfang Mo’s wife, she had also had a child, but... ...

But that time, not long after she knew she had a child, that child had already left her, so she became somewhat sensitive to the term child.

When she thought of that child, she suddenly thought of the long-haired woman in one inch ink city because the child she was pregnant with at that time was very likely the child of that strange, long-haired man.

“A min, did anyone in one inch ink city have long hair in the past? ”

Mu Ru could not help but ask a min who was watering the flowers. Without waiting for her answer, she quickly added, “a Min? ”

“I’m talking about a man with long hair. ”

“A man? ”

A Min glared at Mu Ru and then looked at mu ru like she was looking at a monster

“Miss Xi, are you okay? How can men still have long hair? It’s not ancient times. ”

Chapter 355, please allow me to struggle for a while

Mu Ru thought about it and agreed with Ah Min's words. If there really were long-haired men, they would most likely be in the arts, while the people in one inch ink city were all bitchy. How could they know anything about the arts?

She smiled. Aunt Liu happened to call for her to have lunch at the entrance of Mo Yuan. She quickly turned around and walked towards Mo Yuan, not bothering about the long-haired stranger anymore. After all, she had become Dongfang Mo's mistress. That strange long-haired man had not appeared again.

During lunch, Dongfang Mei was unexpectedly at home. Mu Ru felt a little uneasy because she was not the master of the Dongfang family. She was Dongfang Mo's mistress, so she should not be eating with Dongfang Mei and the other masters.

Therefore, she was very sensible. She gave Dongfang Mei a light signal and then turned to walk into the kitchen. She would rather eat with aunt Liu in the kitchen than eat with Dongfang Mei at the dining table.

"Miss Xi, come and eat with us."

Dongfang Mei was particularly enthusiastic. When she saw mu ru walking towards the kitchen, she immediately stopped her.

"There's no need."

Mu Ru immediately rejected her kind intentions and said calmly,

"I'd better go to the kitchen and eat with aunt Liu. I'm just the eldest young master's servant."

"hehehe."

Dongfang Mei could not help but laugh out loud, then she said in a friendly manner,

"Miss Xi, aren't you being too modest? You're already living in the second young master's room, so how can you be considered a servant? Moreover, you're pregnant with the heir of our Dongfang family, aren't you?"

Mu Ru was stunned. She did not quite understand the meaning behind Dongfang Mei's words, but she still said calmly, "you're not a servant, are you?"

"about that, aunt gu, thank you for thinking highly of me. Mu Ru knows her own identity, i..."

"Aiyo, Mu Ru, what are you talking about?"

Dongfang Mei quickly cut her off and then quickly explained, "you're not a servant, are you?"

"I was just about to discuss this with you. Ah Mo and Miss Kuang are getting engaged in three days. I plan to announce your identity as second young master's wife at Ah Mo's engagement ceremony. This way, you can live in one inch Mo city with your child, don't you think so?"

"I don't have any relationship laws with Dongfang Yu."

Mu Ru quickly rejected Dongfang Mei's good intentions. Before she could reply, she added,
"Also, the child in my stomach is not the result of my love with the second young master. It's just... just...
"

Mu Ru could not finish her sentence. The child in her stomach was just a product left behind by Dongfang Yu after he raped her. She had never thought of relying on this child to raise her status Or to fight for her position as the master of the Dongfang family.

Actually, it wasn't that she had never thought of getting rid of this child. Of course, if she really wanted to get rid of it, there were many ways to do so. For example, if she ran long distance every day or intentionally wore a pair of slippers and fell down the stairs, the child would naturally be aborted.

However, every time she thought of these ways, she couldn't bear it. Once, she ran to the second floor of the Plum Garden and almost rolled down the stairs. However, at the last second, she stopped.

The child was innocent. No matter what, the child was not guilty.

If she took out her anger on the child because she hated Dongfang Mo or Dongfang Yu, it would be an inhumane action. Moreover, she really could not bear to abort the child.

Chapter 356, please allow me to struggle for a while

"Hehe, no matter how the child came about, it's still from the Dongfang family, isn't it?"

Dongfang Mei laughed again, and then comforted Mu Ru

"Alright, Mu Ru, don't think too much. Ah Mo's temper is a little strange, but he's about to get engaged to Miss Kuang, and Miss Kuang definitely won't allow him to have anything to do with you. So I discussed it with AH MO's second uncle, and I feel that it's better to help you up and become the second young mistress... "..."

"thank you, aunt Gu. "

Mu Ru quickly interrupted Dongfang Mei's words, and then said indifferently,

"However, Mu Ru has no interest in being the second young master's wife at all, so aunt Gu, you don't have to worry about it, right? Besides, even if I agree, it's useless, because if the eldest young master doesn't agree, it's useless to talk about these topics. "

After saying this, Mu Ru immediately walked into the kitchen, ignoring Dongfang Mei who was at the dining table. As for why Dongfang Mei suddenly wanted to help her up to be the second young master's wife, she didn't want to think about it, because she knew that it was absolutely impossible.

Dongfang Mei's face darkened the moment mu ru walked into the kitchen.

This Damn Xi Muru was not tactful at all. She was trying to please her out of goodwill and rope her in. She did not expect that she would not leave her any face at all.

It seemed that this woman could not be kept. She had to be chased out of one inch Mo City, especially the child in her belly. She had to think of a way as soon as possible.

Dongfang Mo and Kuang Yingying's engagement ceremony was held three days later. However, it was not held at the Fragrant Plum Garden Hotel, but at the Wuzhou International Hotel.

Dongfang Mo's engagement ceremony. A Min and aunt Liu had said that Dongfang Jun was going to rush back from abroad. However, Dongfang Jun was nowhere to be seen until the day of Dongfang Mo's engagement. It was likely that he would not be able to make it back in time.

Regarding Dongfang Mo and Kuang Yingying's engagement ceremony, Mu Ru did not want to attend it because Dongfang Yu and Kuang Yingying were once engaged. She had even sent flowers to Kuang Yingying.

However, Dongfang Mei said that she had to go because Miss Kuang had personally invited her. Mu Ru naturally did not believe her, so she wanted to ask Dongfang Mo. However, she did not see Dongfang Mo for the entire morning. She was probably busy rehearsing the engagement ceremony.

A Min said that the engagement ceremony between the eldest young master and Miss Kuang was much grander than the engagement ceremony between the second young master and Miss Kuang. It was said that all the white roses were transported from Hawaii.

Mu Ru saw that a min's eyes were shining when she said these words. She could not help but sigh in her heart. The envy and yearning for roses was the nature of every woman, even a min who was just a servant.

Mu Ru did not want to go, but Dongfang Mei insisted on her going. Just as she was feeling depressed, aunt Liu asked her to pick up the phone again, but it was Kuang Yingying who called.

Kuang Yingying invited her to go very sincerely over the phone. She even specifically said that she wasn't inviting Xi Muru, but the mother of her child. Because her child would be born under Dongfang Mo's name, and Kuang Yingying was about to marry Dongfang Mo.. So that child would be Kuang Yingying's child in the future.

Mu Ru frowned when she heard Kuang Yingying's awkward words, but Kuang Yingying invited her again and again sincerely. She thought that she had nothing to do in one inch ink city anyway, so it was better to join in the fun and see how many people were there, so she agreed.

Chapter 357, please allow me to struggle a little

Dongfang Mo and Kuang Yingying's engagement ceremony was held at night. Normally, one would have to wear a formal dress to attend such a party, but mu ru did not have a formal dress.

No, she did not have a formal dress now. When she was Dongfang Mo's wife, she still had a formal dress. It was bought for her by the Xi family during her wedding with Dongfang Yu.

Sometimes, when she thought of these things, she felt a little confused. Every time she thought of how she used to be Dongfang Mo's wife, the scene of her and Dongfang Yu's wedding appeared in her mind again.

Of course, she also wore a gown once, when she accompanied Zheng Yifan to Dongfang Mei's birthday dinner. However, that time, the gown was ruined because of a fall.

In short, going to Dongfang Mo and Kuang Yingying's engagement ceremony was a headache because there was no gown. In the end, she thought about it and decided not to go.

However, aunt Gu was very proactive. She said that she had a lot of gowns, and of course, there were bright colors that were suitable for mu ru. However, Mu Ru's figure was very different from hers, so it looked terrible on her. In the end, none of them fit her.

A Min said, "come on, it's fine if you don't have a gown or not. It's summer anyway, so you can just wear a dress. Moreover, a gown is similar to a skirt, and you have to wear high heels for a gown. Miss Xi, I don't think you can wear high heels now."

A Min's words made a lot of sense to Mu Ru, so she gave up on the so-called gown and found a milky-white dress from last year. Fortunately, she was less than 12 weeks pregnant, so her stomach was still flat and her waist had not thickened. So the dress was just right.

Flat shoes with a dress looked very refreshing. A Min helped her comb down the bangs on her forehead to cover the birthmark on her forehead. She looked as innocent as a high school student.

Dongfang Mei originally asked Mu ru to take her car, but mu ru shook her head and refused. She said that it would be fine if she and a min took a taxi there together. Moreover, taking Dongfang Mei's car would attract others' attention. She did not want to attract anyone's attention now.

Dongfang Mei didn't say anything after hearing Mu Ru's words. She only gave them two invitation cards, saying that they couldn't enter the venue without the invitation cards, so that they didn't have to lose the invitation cards.

When Mu Ru and a min arrived at the Wuzhou International Hotel by taxi, it was already 20 minutes late. When the two of them walked into the venue, Dongfang Mo and Kuang Yingying had already sworn under the guidance of the host on the stage.

Dongfang Mo was the male lead. He was in charge of telling the story of his love experience with Kuang Yingying. He used extremely simple words to say that it was fate to know Kuang Yingying, and he was willing to take care of her for the rest of her life.

Although many of the guests knew that Dongfang Yu had once been engaged to Kuang Yingying, Dongfang Yu was already dead. It was normal for Dongfang Mo and Kuang Yingying to be engaged now. Moreover, the person that Kuang Yingying originally loved was Dongfang Mo and not Dongfang Yu. When Kuang Yingying and Dongfang Yu were engaged, many people knew that Dongfang Yu was actually just a substitute in Kuang Yingying's heart.

Mu Ru stopped at the door for a moment. When she looked up at the stage, Dongfang Mo's gaze happened to sweep towards her. At that moment, her heart beat faster. This was clearly Dongfang Yu who had once married her. How was he Dongfang Mo?

She shook her head and shook off some unnecessary feelings. A Min whispered to her that she needed to go to the washroom. Then, she turned around and walked towards the direction where the Arrow pointed to the washroom.

It was the time for the engagement ceremony. The washroom was empty. Just as she was about to walk in, she felt someone pat her on the shoulder from behind. She immediately turned around but was so shocked that she almost cried out!

Chapter 358: Humble attitude only for those who love me

Yifan, it was actually Zheng Yifan. She only felt her heart beat faster, and she couldn't help but tremble in excitement.

"SHH." Zheng Yifan put his index finger on his lips, indicating for her not to make a sound. Then, he took her hand and gave her a look, indicating for her to go with him.

Mu Ru nodded, indicating that she understood what he meant. Then, she quickly followed him to the fire passage beside the washroom. In her heart, she didn't think about whether she could run away like this.

It was already night. The entire Binhai was covered in neon lights. In a blink of an eye, it looked like a city made of neon lights. Zheng Yifan and mu ru didn't dare to walk toward the main door because they were afraid of being discovered. So, they walked toward a small alley behind.

There were very few people in the alley behind the hotel. However, perhaps because the street lights were broken, this alley seemed particularly deep and long.

Mu Ru didn't know what would happen after they walked out of the alley. It was just that Zheng Yifan held her hand too tightly. At this moment, her palms were full of sweat. Moreover, because she was pregnant, she couldn't keep up with Zheng Yifan's footsteps.

"Mu Ru, what's wrong?" Zheng Yifan saw that mu ru was panting and could not catch up with him, so he quickly stopped his hurried footsteps. He looked at the pale-faced woman beside him and asked carefully.

"I... I can't walk anymore..." Mu ru panted heavily. She had just run down the stairs with Zheng Yifan and then trotted for some distance. She only felt her heart beating very fast, and the child in her stomach seemed to be restless. At this moment, she felt a faint pain.

"Mu Ru..." Zheng Yifan saw that she was so tired that she could not walk anymore, so he squatted down and shouted at her, "Mu Ru, come up, I'll carry you!"

"No... there's no need." Mu Ru shook her head, then pushed Zheng Yifan with her hand and said, "you should leave quickly. I can see you again and know that you're fine. I know that he didn't make things difficult for you and that you're safe. I'm relieved. Anything else..."

"Mu Ru, I came back specially to find you," Zheng Yifan quickly interrupted mu ru. Then, he hurriedly said, "I want to take you abroad. As long as we go abroad, he won't be able to do anything to us. If we live together, we can still get married."

"Yifan..." Mu ru could not help but cry. Looking at the man in front of her, she choked and said, "Yifan, I can't marry you... i..."

“Why?” Zheng Yifan asked nervously, “why can’t you marry me? Just because you’re his mistress? I don’t mind. You used to be his wife, didn’t you? I don’t mind. I never mind these things.”

“But... I’m pregnant.” Mu Ru’s tears streamed down. Looking at Zheng Yifan’s shocked face, she couldn’t help but SOB, “I’m pregnant with Dongfang Yu’s child. The two of them...”

Zheng Yifan was completely stunned. He had thought that Mu ru would definitely suffer when she went back with Dongfang Mo. he had also heard from his sister that mu ru was now Dongfang Mo’s mistress in one inch Mo city. He knew that Dongfang Mo had some bad feelings after the car accident, but... ..

Never in his wildest dreams would he have thought that Dongfang Yu, Dongfang Mo’s twin brother, the vegetative patient who had been in a hospital bed for ten years, the idle playboy, that... ..

“Miss Xi!” A Min’s voice came from below the hotel stairs. “Miss Xi, where are you? The eldest young master is looking for you.”

Chapter 359: Humble attitude only for those who love me 2

“Yifan, run!” Mu Ru immediately pushed Zheng Yifan, who was hugging her, and said nervously, “a min is looking for me. If she can’t find me, Dongfang Mo will soon find out, and then...”

“I’m not going,” Zheng Yifan insisted. Then, he thought for a moment, squatted down, grabbed mu Ru’s arm, and pulled her onto his back. He quickly said, “I’ll carry you. The car I rented is under the big tree at the end of the alley ahead. This alley is too small, so the car can’t drive in.”

“But...” Mu ru had just said two words. Zheng Yifan had already carried her and walked forward. It was obvious that he had made up his mind to take her away.

Mu Ru lay on Zheng Yifan’s back. Her head was placed on his shoulder and her hands were placed on his neck. As she allowed him to carry her, she whispered in his ear, “Yifan, let me down. The current me...”

“Isn’t it just a child? I want it.” Zheng Yifan quickly cut off mu RU’s words. Then, he looked up at her and said, “didn’t you lose your previous child? Now that you have one, consider it as compensation...”

“But, Yifan,” Mu ru still felt that this was not good. Hence, she hurriedly said, “I don’t think it’s good. If I really want to marry you, I will help you give birth to a child instead of giving birth to someone else’s child. Because this is unfair to you, I also...”

“alright, Mu Ru.” Zheng Yifan quickly comforted her. “Mu Ru, we will have a child in the future. We will definitely have a child that belongs to us. For now, just treat this child as if we adopted it in an orphanage...”

“since when did the Dongfang family’s child end up in the orphanage?” A slightly aged and hoarse voice sounded at the entrance of the alley.

“Ah, why are you here?” Mu Ru cried out instinctively. Then, her entire body slid off Zheng Yifan’s back.

“If I’m not here, then where do you think I should be?” Dongfang Mo’s voice was hoarse with uncontrollable anger. His originally cold eyes were now filled with dancing flames. It was as if he wanted to throw the two people in front of him into a burning pit and burn them to death.

Of course, even if he wanted to burn the two people to death, he would definitely not throw them in one place. Instead, he would throw one at the North Pole and the other at the South Pole!

“Dongfang Yu, you haunting fellow!” Zheng Yifan could not help but roar at Dongfang Mo. “What are you doing? Mu Ru...”

“Take Zheng Yifan away!” Dongfang Mo quickly cut off Zheng Yifan’s words. He did not even bother to explain that he was not Dongfang Yu. He waved his hand and signaled for the people behind him to move quickly.

Ahao immediately brought people up and quickly covered Zheng Yifan’s mouth. In a few seconds, he pulled Zheng Yifan into a car at the side. Then, the car drove away in an instant.

Mu Ru looked at Dongfang Mo, who was approaching her step by step. Her body couldn’t help but retreat. She couldn’t help but be puzzled. Wasn’t Dongfang Mo and Kuang Yingying having an engagement ceremony? How did it end so quickly?

“If you keep retreating, you’ll hit the pillar behind you,” Dongfang Mo coldly reminded the woman who was constantly retreating. He was very angry at her behavior of running away tonight.

That damned woman. He had even asked her to move into the master’s room. He had even assigned a servant to take care of her, allowing her to enjoy the treatment of a master... ..

Chapter 360: Humble attitude only for those who love me 3

She actually ran away. Moreover, she even made Zheng Yifan carry her on his back. She had no sense of shame at all!

“Young Master, Miss Kuang is looking for you.” Uncle Liu quickly ran up and whispered into his ear, “Mayor Kuang is looking for you too...”

Dongfang Mo nodded and pointed at Xi Muru. He said coldly to the people around him, “Send Miss Xi back to one inch ink city.”

“Yes!” Someone immediately came up and very politely but very forcefully invited Mu Ru to get into the car.

Mu Ru looked at Dongfang Mo’s back as he turned around and could not help but ask, “You want to... do something to Zheng Yifan?”

Dongfang Mo’s footsteps stopped for a second. He did not turn around and did not answer her question. He pretended not to see her and continued to follow Uncle Liu to the hotel entrance.

Amin ran up from the alley, panting. When she saw Mu Ru standing there with a pale face, she panted as she asked carefully, “Miss Xi... Umm... are you okay?”

Mu Ru shook her head, and then silently to that side has opened the door of the car to go, she is fine, what can she have?

A Min hesitated for a moment, then quickly ran up to follow mu ru as she got into the car. Seeing that Mu ru was silent, "Miss Xi, from now on, don't go anywhere by yourself. If you get lost or something and the young master can't find you, I'll be in trouble. I have a heavy responsibility to take care of you..."

Mu Ru leaned back on the chair. When she heard Ah Min's words, her heart grew colder. She had never known that so many people's fates were involved in her.

When they returned to one inch ink city, it was already past eight o'clock in the evening. Mu Ru did not eat at the hotel. In fact, she was also hungry, but because she saw Zheng Yifan tonight, her heart was filled with melancholy, so she had no appetite at all.

A min asked her if she wanted to eat something and said that she would get aunt Liu to help her cook. Mu Ru shook her head. She felt tired and did not say a word. Then, she went straight to her third floor.

How did Zheng Yifan come back How did he know that she would appear at that hotel Before she could ask about all of this, she and Zheng Yifan were caught by Dongfang Mo..

This time, how would Dongfang Mo punish Zheng Yifan How would he punish her?

Mu Ru did not know and could not guess because Dongfang Mo was extremely bitchy. No one could guess what he was thinking.

She laid down on the bed in the room and did not even bother to change out of her dress. She buried her head in the pillow, trying to calm herself down. However, she could not calm down because..

Yifan was still in Dongfang Mo's hands. Right now, she did not even know where Yifan was Did he suffer Also, would Dongfang Mo go back on his word and send Yifan back to prison?

Just as Mu ru was at a loss on what to do, there was a knock on the door. At the same time, a Min's panicked scream was heard. "Miss Xi, the eldest young master wants you to leave quickly. HURRY UP!"

Mu Ru was shocked. An ominous premonition welled up in her heart. She immediately got up from the bed. She did not even bother to tidy up her slightly messy hair as she walked straight out of the door.

Since that Devil Dongfang Mo wanted her to leave immediately, she definitely could not neglect him. Otherwise, who knew what kind of torturous method he would think of to torture her.
