

Chapter 361 "a humble attitude is only for those who love me. "

As soon as she walked out of the main gate of Mo Garden, she saw a group of people surrounding the small square in one inch ink city from afar. Mu Ru was shocked and quickly walked towards the small square.

When she reached the edge of the small square and was still climbing the two small steps, she already saw Zheng Yifan, who was tied under the Kapok Tree. Her heart instantly felt as if it was tied up by a rope, and it was very tight.

"Young Master Dongfang, what... Do you mean?" Mu Ru tried her best to calm herself down, and her tone was a little indifferent, afraid to reveal even the slightest bit of her own fear and uneasiness ...

"What do you mean you don't know?" Dongfang Mo's brows furrowed instinctively. He turned to look at the woman who had already walked to his side, his face cold and dark.

"We signed the agreement. I'll be your mistress and you won't cause trouble for Yifan. What are you..."

"You still have the face to bring up the agreement?" Dongfang Mo scoffed at Mu Ru's words. He then snorted coldly and said, "since the agreement was written so clearly, why did he come back to take you away?"

Mu Ru was silent for a moment. She looked at Zheng Yifan, who was tied up like a meat dumpling, and her heart started to race. Then she looked at Dongfang Mo and said, "He didn't take me away. He just wanted to come and see me. To see if I'm doing well, to see if I'm..."

"ENOUGH!" Dongfang Mo quickly cut off Xi Muru's words. He snorted coldly and said, "do you think I'm a three-year-old child? He even found a car and..."

Dongfang Mo did not continue speaking. He only thought of Zheng Yifan carrying Xi Muru on his back, and Xi Muru leaning on Zheng Yifan's back. When he thought of their intimate actions, the flames of jealousy in his heart could not be suppressed.

Mu Ru was stunned for a moment, then she smiled bitterly. She looked at Dongfang Mo and said calmly, "then, young master, what do you want to do to let Yifan go?"

She looked at Dongfang Mo calmly. The smile on her lips was faint, a little desolate, but there was a hint of mockery. Dongfang Mo's anger did not affect her at all, but..

If Yifan was implicated because of this, she would be sad and would not be able to bear it!

Dongfang Mo's cold eyes flashed with a sharp and cold light. One of his hands was playing with the ring he wore tonight, whether intentionally or not. He snorted coldly and said, "what do I want? Naturally, I want to send him to where he should go. Because he violated the agreement, it's not my fault!"

Mu Ru and Zheng Yifan's bodies trembled almost at the same time. Their gazes met under the street lamps of one inch ink city's quiet night, but they quickly separated in an instant.

Mu Ru's body could not help but shiver. Then, her clear, spring-like eyes glared angrily at Dongfang Mo. She couldn't help but curse, "Dongfang Mo, you're a devil with a human face and a beast heart. You deliberately caused Yifan's medical accident back then. Now, you actually have the face to talk about it. Yes, Binhai is your Dongfang Mo's world. You have the final say in everything. You're a rich man, but you set people up like this. You'll definitely die a horrible death in the future!"

"You don't have to worry about whether I'll die a good death or not." Dongfang Mo's expression was sinister and sharp. "However, if someone doesn't keep the agreement with me and insists on breaking the agreement, then I'll make his life a living hell!"

"Dongfang Mo, you can do whatever you want to me." Mu Ru looked at Dongfang Mo without any fear. Then, she said word by word, "however, you have to let Zheng Yifan go!"

Chapter 362: A humble attitude only for those who love me 5

"Dongfang Mo, you're despicable and shameless. Don't let me live. As long as I'm alive, I must find the evidence that you framed me. I must send you to prison!" Zheng Yifan finally knocked the cloth out of his mouth with his tongue and teeth. Hence, he roared angrily at Dongfang Mo..

Zheng Yifan had always thought that this person was Dongfang Yu because Dongfang Mo was sitting in a wheelchair and had a face that could not be seen by others. However, he only found out after mu ru called him Dongfang Mo. So this person was Dongfang Mo and not Dongfang Yu.

Therefore, he used the night light to take a closer look, and only then did he realize that there were indeed some fine lines on this person's face. It was probably left behind during plastic surgery. It might not have been long, so it had not fully recovered yet.

Dongfang Mo's dark eyes narrowed dangerously, and he swept a sharp glance at Zheng Yifan. A cold mocking voice sounded, "Zheng Yifan, if you want to go to jail as soon as possible, you can scold me as much as you can. I don't care."

When Mu ru heard Dongfang Mo's words, her heart could not help but tremble. Then, she used her willpower to control the fear in her heart and calmly walked forward. A thin and delicate figure stood in front of the Tall Dongfang Mo. Her voice was as calm as water as she asked, "what does eldest young master want in order to let Zheng Yifan off?"

Dongfang Mo's cold and sharp gaze swept across Mu Ru's face. Then, he used his hand to lift her chin. A strong masculine aura assaulted her face, causing the originally calm and composed mu ru to involuntarily shiver. His ambiguous gaze.. It made her involuntarily recall the scene of being humiliated by Dongfang Yu in the car that night.

"Zheng Yifan is that important to you? HMM?" Dongfang Mo's hand swept across Mu Ru's face with a demonic charm. They groped in an ambiguous manner, but their eyes were fixed on Mu Ru. The distance between the two of them was very close, almost touching each other's bodies. At the same time, the sound of heartbeats in each other's bodies could be clearly heard.

Mu Ru subconsciously took two steps back. She was not used to Dongfang Mo's sudden intimate action towards her.

Dongfang Mo was very unhappy with her retreating. He reached out and pulled mu ru by the waist. With a little force, his delicate body once again slammed into his chest.

Looking at the woman in his arms who was as panicked as a little rabbit, Dongfang Mo smiled cruelly. Then, he smiled wickedly He said in a low voice, "if you can please me here... and use the thing you bought yourself, perhaps when I'm happy, I might not settle the score with Zheng Yifan and let him go?"

Mu Ru's body trembled instinctively, and her face instantly turned as Pale as paper. The feeling of humiliation overwhelmed her for a moment.

She clenched her fists and used all her willpower to control the fear and trembling in her heart. She looked up at Dongfang Mo's cold black eyes and asked softly, "eldest young master, do you... have to do this?"

Dongfang Mo was suddenly enlightened by Mu Ru's clear and penetrating gaze. His indifferent expression and clear eyes made his heart skip a beat, and a faint sense of compassion flashed through his heart.

"What's wrong? Don't you want me to let Zheng Yifan go?" Dongfang Mo raised Mu Ru's chin again His cold and thin lips pressed against Mu Ru's Pale and colorless lips, and his smile became even more wanton. "As long as you're here to please me, then I won't bother with him tonight and let him leave safely."

Chapter 363: Humble attitude only for those who love me 6

Zheng Yifan watched the scene from the side as his heart felt like it was being cut by a knife. The woman he loved was being humiliated by Dongfang Mo so relentlessly for his sake. He did not dare to think about how much more pain and humiliation mu ru would have to endure if she continued to stay here?

"Mu Ru, don't beg him!" Zheng Yifan twisted his bound body forcefully, wanting to quickly break free and rush forward to save the woman he loved.

"Dongfang Mo, if you're a man, then come at me. I'm not afraid of you at all. Tonight, I was the one looking for mu ru. I wanted to take her away. Everything has nothing to do with Mu Ru... ". "...". Zheng Yifan saw Dongfang Mo humiliating Mu Ru He could not help but shout at him loudly.

Dongfang Mo's cold eyes narrowed dangerously. His sharp eyes were like sharp blades that flashed with a cold light as they struck Zheng Yifan's body. It was as if they were going to penetrate Zheng Yifan's body. His cold voice rang out in a deep voice, "you don't know life from death!"

Zheng Yifan laughed in spite of his anger when he heard his words He looked at Dongfang Mo without any fear and said, "yes, I don't know life from death. Anyway, I've already fallen into your hands. Anyway, I've already been framed by you. Stop talking nonsense. If you have the ability, kill me on the spot. Don't go looking for trouble with Mu Ru. Let her out of one inch Mo city and return her freedom. Let her have nothing to do with you forever!"

"Do you want to die?" Dongfang Mo snorted coldly when he heard his words. His lips curled up in ridicule A trace of a cruel smile flashed across his face as he said, "Zheng Yifan is a top student after all.

His idea is not bad. He wants me to kill you here. Then, if you die, I will bear the crime of murder and also have to die. On the road to the underworld, you even dragged me along as your companion... are you dreaming? ”

“You... ” Zheng Yifan was so angered by Dongfang Mo’s words that he almost vomited blood. However, he was unable to say a single word.

Mu Ru’s heart grew colder when she heard Dongfang Mo’s words. She knew that Dongfang Mo would not let Zheng Yifan off so easily. Moreover, with his F * cking mentality, he would not let Zheng Yifan die so easily, just like how he would not let her die.

She could not live, nor could she die. This kind of life was enough for her to live alone. She could not let Zheng Yifan get involved again.

However, Mu Ru was not willing to do such a thing. She wanted her to please him here, in front of Zheng Yifan, in front of so many of his subordinates, and take out that disgusting simulator. She wanted to be like a prostitute and throw away all her dignity.

Moreover, she could not use her death to show her determination. Because if she died, Dongfang Mo would torture Zheng Yifan even more, and Zheng Yifan’s life would probably be completely ruined.

Thus, Mu ru slowly took two steps forward and came before Dongfang Mo. she paused for a moment, then with an indifferent expression, she slowly knelt down. Her delicate body slowly prostrated on the ground, and finally, her head knocked against Dongfang Mo’s toes Her voice was weak but extremely clear as she begged, “I beg eldest young master to be merciful and let Zheng Yifan Go. ”

Everyone in one inch ink city’s small square was shocked, including Dongfang Mo and Zheng Yifan!

Especially Dongfang Mo. his originally cold and dark expression instantly became complicated. A strong and uncontrollable storm appeared in his pitch-black eyes, and it was as if a storm was about to come.

Xi Muru, this damn woman, actually knelt down and begged Zheng Yifan for his sake? ! !

Chapter 364: No help from kind-hearted people

Such a Mu Ru made Dongfang mo very angry. If it weren’t for the fact that she was pregnant, he would have slapped her hard.

“Mu Ru, get up quickly. Don’t ask him. He’s not human at all. He doesn’t know what love is!” Zheng Yifan shouted from the side in extreme pain. He was so angry that he wished he could just bang his head against the wall and die.

Although he and Mu ru were in love and were about to get married, he had always thought that Mu ru didn’t love him enough. However, who would have thought that mu ru would actually kneel down to Dongfang Mo for him? His position in Mu Ru’s heart was actually so important.

Zheng Yifan did not know that in Mu Ru’s 20 years of life, Zheng Yifan was the only boy who treated her well. He was the only boy who did not think that the birthmark on her forehead was ugly He was the only boy who did not think that the birthmark was an evil creature.

In her past 20 years of life, in the Xi family's servants' room, apart from mother Wang, no one else would treat her well. Even her own mother found it hard to remember her.

From primary school to high school graduation, and even into university, the boys who met her would be interested in her. However, after she used her hand to lift up the fringe on her forehead to reveal the birthmark, all the boys would feel like they had seen a ghost. They would never look at her again.

They met Zheng Yifan when life was at its most difficult, they met Zheng Yifan when life was at its most difficult, and they met Zheng Yifan when life was full of vicissitudes... ..

He was the one who gave her warmth, he was the one who gave her strength, he was the one who came to her side when she was in the most dangerous time, he was the one who gave her the kind of love that men had for women, he was the one who made her feel that she also had the right to be a woman who was loved and loved by others. It was him... ..

She had not dated Zheng Yifan for long, but every day made her miss him. She used to think that it would last forever, but..

Now, she was reluctant to leave Zheng Yifan, but she did not regret it!

From now on, her life would once again return to loneliness. She would return to the days when she was abandoned and looked down upon by others. She would slowly get used to it, get used to being looked down upon, and even..

She would also get used to Dongfang Mo's cruelty and cruel methods towards her!

Zheng Yifan looked at Mu Ru, his heart aching. He had once sympathized with a woman, but he had unknowingly fallen in love with her. He knew that she was a gentle person on the surface, but she was actually a noble person deep down in her bones. She had never worshipped foreign beauties, nor did she lower herself to the secular world.

Such a Mu Ru was now kneeling in front of an ice-cold, heartless person. She even held such a humble posture, allowing Dongfang Mo to trample on her!

His heart was quickly filled with bitterness, like an ant gnawing at him. Zheng Yifan almost lost control.

"Mu Ru, get up. Don't kneel to him. Don't ask him. At worst, I'll just die. I'm not afraid of death. You don't need to ask him. Hurry up and get up. He's not a person at all. He's a eunuch, a Eunuch who's F * CKED UP IN HIS HEART!" Zheng Yifan, who was tied to a tree trunk, shouted loudly. At this moment, he had completely forgotten that Dongfang Mo did not like to hear the word 'eunuch' the most.

Mu Ru turned around and looked at the man who was tied to the tree trunk. He was the only man in the world who treated her sincerely.

The corners of her mouth curled into a faint smile. She said softly, "Yifan, you can't die. You're not alone. You still have your sister and brother-in-law. You've studied medicine for so many years. There are still many patients who need you to save them. You're a useful person in this society. Your hands can save many people. Many people need you. Therefore, you can't die. Dying is a foolish act."

Chapter 365: Rejecting the help of kindhearted people 2

Zheng Yifan's heart trembled instinctively. He still had his sister and brother-in-law, and there were even more patients. He wanted to use a scalpel with both hands, and he wanted to save those who had heart problems. His dream was to be a good doctor, and he... ..

"HMPH, you knelt down and begged me for him?" Dongfang Mo's voice was as cold as the snow wind that blew across the Tianshan Mountains, cold and piercing to the bone.

Mu Ru's body prostrated on the ground again, and she kept kowtowing. Her weak voice rang out clearly, and she slowly repeated one sentence after another, "I beg eldest young master to be merciful and let Zheng Yifan Go!"

The surroundings fell into a deathly silence. The evening wind blew gently. Mu Ru's entire body felt cold because she had not eaten anything hot at night and had been kneeling on the floor for a long time.

It was clearly summer, and she was already wearing short sleeves. It was clearly... ..

However, the summer night was really cold... .. So cold !!

Summer had just begun, so why did she feel the cold of winter?

Because the person who could give her warmth, and the only person who was willing to give her warmth, had to say goodbye to her forever.

GOODBYE — Never again!

Dongfang Mo's face was filled with anger. His hands could not help but clench into fists, and the veins on the back of his hands were violent. He could clearly feel that the bloodthirsty factor in his blood vessels was currently flowing in a certain direction. He lowered his eyes and looked at Mu Ru, who was kneeling at his feet. He had almost lost his reason.

Mu Ru, this woman who had once been his wife and was now his mistress, had actually —

The Young Lady's humble posture, her pleading tone, and her kneeling at his feet. Her dignity had long been trampled under his feet, allowing him to humiliate her, but —

Why was he not happy at all? Why didn't he feel any joy at all. Instead, what surged up in his heart was incomparable anger?

He was so angry that he wished he could stab Zheng Yifan, who was on the tree trunk, with a knife and make him never appear in this world again!

"I beg eldest young master to be merciful and let Zheng Yifan Go!" Mu Ru spoke for the third time, her voice low and hoarse with a hint of trembling.

She was a pregnant woman. because she had been kneeling on the ground for a long time, she was cold and hungry. Her body could no longer support her to raise her head, so she could only lie on the ground and not move. Her forehead was pressed against the floor and she kept knocking on it.

This scene, in the eyes of Dongfang Mo and Zheng Yifan, was completely different.

Mu Ru's humble figure, her weak and trembling but incomparably clear voice, was like a silent cry. However, her delicate but strong back Ridge was so pitiful that it made people want to immediately hug her in their arms!

Zheng Yifan's eyes were red. Tears flowed uncontrollably from his eyes. People said that a man should not cry easily, but it was not the time to be sad.

He really regretted, regretted that he did not listen to his sister's advice, regretted that he could not endure the pain of missing her, regretted that he was so reckless and ran to binhai to look for mu Ru. Not only did he not take her away, but he also put her in a disadvantageous position.

Mu Ru, Mu Ru, the strong you, the pure you, for such an ordinary Zheng Yifan, humbly begged a devil. How could I let go of you How could I let go of you Leave you here?

There was a deathly silence around them. The three people, three different thoughts, kept surging in their hearts for the most important person in their hearts.

Chapter 366: Rejecting the help of good Samaritans 3

After a long, long time.. Dongfang Mo's cold, cold voice finally rang out in a low, hoarse voice, "Zheng Yifan, seeing that mu ru is begging me so sincerely, I'll let you off tonight. However, you'd better scam far away, to a place where I'll never see you again. Otherwise, the next time you dare to act rashly, I'll definitely not let you off. "

As soon as Dongfang Mo finished speaking, he immediately waved his hand to signal for the people beside him to Untie Zheng Yifan!

"I can leave, but I can also go abroad. " Zheng Yifan looked at Dongfang Mo coldly Then, he warned in a low voice, "however, if you dare to mistreat / Mistreat Mu Ru, or if anything happens to her, Dongfang Mo, I will not let you off even if I become a ghost. "

"Yifan, leave quickly. Don't bother about me anymore. Hurry up and realize your dream. Go and save more people. " Mu Ru quickly urged Zheng Yifan to leave. If it took too long, wouldn't it be troublesome if the devil, Dongfang Mo, went back on his word She had finally begged for a chance to let him leave safely?

"Mu Ru... you must take care! " Zheng Yifan was stopped by someone and could not come to Mu Ru's side. He could only turn back to look at her a few times before he was half-pushed and half-dragged into a car.

He knew that at this moment, he could only leave obediently. Otherwise, he and mu ru would only have a dead end.

Mu Ru stared at Zheng Yifan's back until his figure disappeared in the car. Until the car disappeared in one inch ink city, her heart that she had been worried about finally slowly returned to her stomach.

Yifan, you must be happy Don't come back to find me again. Don't ever come back to find me again. Give the love you gave me to another woman worthy of your love. Xi Muru doesn't know that you love her. She really doesn't know that you love her.

When Zheng Yifan was far away, Dongfang Mo finally turned around. His cold gaze swept across Mu ru who was still kneeling on the ground. He frowned and said coldly, "He's already gone. Why aren't you getting up?"

Mu Ru's body continued to prostrate on the ground. She did not react at all to Dongfang Mo's words. The knuckles that pressed on the ground turned white, giving off a strange feeling.

"Xi Muru, stand up. Do you hear me? !" Dongfang Mo could not help but raise his voice by two decibels. Could it be that this woman had fallen to her knees?

He could not help but bend down. He reached out to grab her wrist and pulled hard, trying to pull her up. Only then did he realize that the woman who had been pulled up could not stand steadily at all.

It turned out that she had already fainted!

"Xi Muru! " Dongfang Mo could not help but growl in a low voice. In his panic, even his old and hoarse voice had disappeared. He quickly carried her horizontally and then shouted to the people around him, "hurry up and call Liu Hao! Do you hear me? !"

Everyone was shocked. Aunt Liu quickly ran back to Mo Garden to make a phone call. A MIN quickly ran to help mu ru boil some water.

Dongfang Mo carried the woman whose body was cold and her forehead was hot as he quickly walked upstairs to Mo Garden. He could not help but think angrily in his heart, this damn woman, not only did she have a fever, but she actually... ..

She even knelt down for that man. Was Zheng Yifan really that bad Was it worth it for her to even sacrifice her own dignity?

Liu Hao arrived twenty minutes later and quickly checked on Mu Ru. Then, he whispered to Dongfang Mo, "low fever, nothing serious. I gave her some medicine and she will be fine after two days of rest."

Chapter 367: rejecting the help of a kind-hearted person

"Um... is the child in her belly okay?" Dongfang Mo's brows were tightly knitted together, and his face was dark as he asked in a slightly aged and hoarse voice ...

"The child is fine. " Liu Hao nodded, then looked at Dongfang Mo and said, "Um, she is a pregnant woman after all, and she is already three months pregnant. You shouldn't be too..." "

"I didn't think of torturing her, " Dongfang Mo interrupted Liu Hao's words in annoyance. He rolled his eyes at him, then snorted coldly and said, "she didn't know what was good for her and insisted on leaving with Zheng Yifan. I Will Capture Zheng Yifan..." "

Dongfang Mo paused for a moment. Meng ran came to a realization. Why should he explain to Liu Hao?

Hence, he quickly extended his hand and said impatiently, "alright, alright. If she's fine, you can leave now. Hurry up and leave. Don't bother me here anymore. "

Liu Hao was someone who knew when to advance and when to retreat. Since Dongfang Mo was unwilling to speak and wanted him to leave as soon as possible, he could not stay here for another second. In short, Dongfang Mo's words were the imperial edict.

After Liu Hao left, Dongfang Mo closed the door and locked it. He then turned around and looked at the woman on the bed whose face was as pale as paper. He reached out to pick up the pork liver and lean meat porridge that Aunt Liu had brought over from the bedside table. He stirred it with a spoon and blew it cool with his mouth. Then, he slowly put the spoon into her mouth.

The dazed Mu Ru was half asleep and half awake. Fortunately, she still had some reaction. When his spoon touched her lips, she would take the initiative to open it and let him feed her the pork liver and lean meat porridge.

As he fed her, he could not help but sigh in his heart. Xi Muru, everyone says that you look like Zhu Bajie and that you're a scoundrel. You've been bullied and bullied since you were young. Why is it that when you're with me, it becomes you bullying me and becoming you slaughtering me?

There was a phone ringing, but he did not pick it up. He just quickly cut it off and turned it off. Then, he continued to feed the woman in bed. At this time, nothing was more important than letting this woman eat and sleep well. Because she still had a three-month-old baby in her stomach.

After a bowl of fragrant porridge, he fed her some milk and water. Seeing that her face was gradually getting better and the temperature on her forehead was no longer hot, and she was gradually sleeping soundly, he slowly walked out of the room.

He turned on the phone just now and looked for the phone call from Du Du. He immediately dialed back. Soon, the phone was picked up. Ahao's voice came through, "boss, we have sent him out of the country."

"Well, have you found out who he has contacted since he returned to Binhai?" Dongfang Mo asked faintly in an old and hoarse voice. He didn't have any emotion, just like the voice of a machine.

"I have contacted a person called Little Diamond, and Little Diamond is..." Ahao's low voice came through. It was obvious that he had found new information.

"I got it. Continue to keep an eye on them," Dongfang Mo ordered coldly and quickly cut off his phone.

He stood by the window in the corridor and looked at one inch ink city for a long time. He gritted his teeth and could not help but snort coldly. He wanted to see how long they could keep their composure. The bankruptcy of a British and American company was probably not enough to make them submit, so...

...

After a long while, he shook his head again and shook off some of the emotions that he should not have. He turned around and walked back into the room. At this moment, he really wanted to sleep. He really wanted to sleep quietly beside her.

Surrounded by scheming people, he was very tired. Lying next to a heartless woman, he felt safe. At least, she did not need him to put in any effort now.

Chapter 368 rejecting the help of a kind-hearted person

Mu Ru's fever was not high, but it did not recede quickly. It repeated itself over and over again. Because she was pregnant, the medicine Liu Hao prescribed was mostly proprietary Chinese medicine. It was very bitter, and she did not like to drink it. Therefore, she often drank half of it and poured half of it out. Her illness also recovered a little slower.

Dongfang Mo had not come back since that night. He must have been busy dealing with his own fiancée. Moreover, she had helped his fiancée buy an imported simulator. She wondered if he had been using the simulator to make out with his fiancée these past few days?

Zheng Yifan had left, but she knew that Zheng Yifan was also very stubborn. She wondered if he would come looking for her again in the future. She hoped that Zheng Yifan would wake up early and come to his senses early so that he would not come looking for her again. This was because she reckoned that she would not be able to escape Dongfang Mo's clutches for the rest of her life.

Today, her fever had finally subsided completely. It had taken a whole week. Liu Hao had said that he had never seen a low-grade fever take so long. This was the result of her not liking to drink Chinese medicine.

The evening sun was still effective and scorching. It was the dog days in July, and the temperature was so high that it was unbearable. Fortunately, it was a coastal city. The sea breeze blew in the evening, and it felt a little cool.

Mu Ru had just sat down on the Rattan Chair on the balcony. A Min walked in before a cup of boiling water was even cold. She whispered to her, "Miss Xi, aunt Gu invites you to the Gazebo at the long corridor for tea."

"Tea at the Gazebo?" Mu Ru stared at a Min with her eyes wide open. She wondered if her ears had misheard?

Aunt Gu had always looked down on her, especially after she became Dongfang Mo's mistress. Aunt Gu looked down on her even more. After she became pregnant with Dongfang Yu's child, aunt Gu looked at her with a hint of hatred in her eyes.

Although she was stupid and could not react to many things, she knew in her heart that aunt Gu was extremely dissatisfied with her pregnancy.

After all, Dongfang Mo and Dongfang Yu were the only brothers in the Dongfang family. Dongfang Mo was a eunuch and Dongfang Yu was dead. Logically speaking, the heir of the Dongfang family would naturally fall on aunt Gu's son, Dongfang Jun..

However, she was pregnant with Dongfang Yu's child at this time. This undoubtedly made aunt Gu extremely angry. Moreover, Dongfang Mo was determined to have this child. This indirectly snatched back what should have belonged to Dongfang Jun..

Therefore, she had become an invisible thorn in aunt Gu's flesh. Aunt Gu probably wanted to pull her out at any time.

For such aunt Gu to suddenly invite her for tea, she must be planning something on her, right Could it be that she wanted to take the opportunity to get rid of the child in her belly?

Thinking of this, Mu Ru's heart skipped a beat. When she wanted to go downstairs, she couldn't help but be extra cautious. It seemed that drinking tea was also a skill. However, since it was in the pavilion, aunt Gu probably didn't dare to be so bold, right?

Although she thought of this, she still felt that it was better to be more careful. After all, it was easier to hide than to defend.

Thinking of this, she couldn't help but touch her belly. No matter what, the child was innocent. And as time went on, she slowly fell in love with the child in her belly.

There was a pavilion in the middle of one inch ink city's long corridor. When Mu ru arrived, it was already past 18 in the afternoon. The scorching sun was setting in the West. The sunset had dyed half of the sky red. A Long Rainbow Bridge crossed the sky above one inch ink city It looked very beautiful.

Chapter 369: Rejecting the help of a kind-hearted person

Aunt Gu was sitting on a wooden chair in the pavilion. She was wearing fashionable branded clothes and had gold, jade, and jewelry on her hands. When she saw mu ru coming over, a smile immediately appeared on her face, but her eyes were hiding the coldness and hatred that was absent.

Mu Ru walked forward with a smile on her face. She did not care about aunt Gu's expression at this moment. Buddha said that you would be whatever you saw in your eyes.

"Aunt Gu, I heard that you invited me over for tea." Mu Ru sat down on the wooden chair opposite aunt Gu and said with a smile, "this makes mu ru a little flattered."

Aunt Gu quickly smiled and tried her best to appear friendly. When she saw that Mu ru had already sat down, she immediately waved the maid beside her away as if she wanted to have a heart-to-heart talk with Mu Ru.

Mu Ru saw that the tea in front of her was actually quite good. Even though she didn't drink much tea at the Xi family, she did make a lot of tea, so she could tell what grade the tea was.

She picked up the cup of tea and sniffed it. Then, she frowned and put it down She said calmly, "Aunt Gu, this tea is good tea, but it seems to be from last year. The taste isn't fresh anymore. How about this? I'll get a min to pack some Liu an melon slices for you tomorrow. The eldest young master just gave it to me two days ago. He said it's a new tea that just came out this year."

After Mu Ru said that, she immediately picked up the cup of tea again. Without taking a SIP, she spilled it on the lawn. She looked like she didn't want to drink this kind of tea at all.

Aunt Gu's face immediately darkened. She was very unhappy, but she didn't get angry. She just coughed lightly and then took out a check from her bag and pushed it in front of Mu Ru.

"Miss Xi, I've seen what happened between you and my nephew Yifan a few days ago. Both of you are children with hard lives. It makes me sad when I see you," Aunt Gu paused and looked at Mu Ru There

was a rare sincerity in her expression. “Mu Ru, I’ve been there. It’s not easy for a woman to find someone who loves her. Besides, everyone has their own beauty...”

“Aunt Gu, do you mean to help Zheng Yifan and me?” Mu Ru quickly interrupted Dongfang Mei and looked at the check without batting an eyelid.

“Yes.” Dongfang Mei nodded Then, she sighed deeply and said, “actually, you and Yifan love each other so deeply, especially that night when you actually knelt down for ah Mo in order to save Yifan. To be honest, I can’t bear to watch it anymore. At the same time, I’m deeply moved by your deep affection. So, I’ve decided to help you escape from one inch Mo city and send you to reunite with Yifan.”

Mu Ru was slightly startled when she heard Dongfang Mei’s words. Her previously indifferent expression quickly dimmed, and her spirited eyes instantly lost their color. The corners of her mouth could not help but tighten slightly, and the grievance and bitterness in her heart were clearly displayed on her face.

Dongfang Mei immediately knew that there was hope when she saw her expression Thus, she struck while the iron was hot and said, “Mu Ru, ah Mo’s personality has changed drastically ever since he got disfigured in a car accident. You know that he has been following him one after another. His heart is extremely abnormal. You left him and met Yifan after that. This is because the heavens are looking after you, and you have suffered so much. Therefore, I want to help you, this pair of miserable lovebirds, no matter what. Although this check isn’t much, it is enough for you and Zheng Yifan to live abroad for 30 to 40 years. Moreover, I will think of a way to send you out safely, and I will also think of a way to send you to Yifan’s side... . . .”

Chapter 370: Rejecting the help of a kind-hearted person

“Then do you know where Yifan is now?” Mu Ru quickly interrupted Dongfang Mei’s words, not wanting to hear her continue.

“This...” Dongfang Mei was at a loss for words. Of course, she did not know where Zheng Yifan was. Who knew where Dongfang Mo had thrown Zheng Yifan Perhaps he had gone to the sea to feed the fish?

But of course, she would not say that she did not know, so she quickly reacted and said, “this, I will find out very soon.”

Mu Ru saw that Dongfang Mei couldn’t answer at once, and she couldn’t help but snort coldly in her heart. Dongfang Mei, although I, Xi Muru, am stupid, I won’t be fooled by you like this. Will you help me out of kindness You probably just want to kill me in disguise, and then indirectly kill Dongfang Yu’s child, right?

No matter how stupid I am, I won’t fall for your trick, right?

However, Mu Ru didn’t reveal this on the surface. Instead, she revealed an expression of surprise and joy. Her long eyelashes flapped a few times as she looked at Dongfang Mei, and then cautiously asked, “Aunt Gu, why are you so good to me?” She asked softly, “Aunt Gu, why are you so kind to me?”

Dongfang Mei had long guessed that Xi Muru would definitely ask her this kind of question because she had always known about her relationship with Xi Muru. Xi Muru could not help but have questions in her heart when she suddenly offered to help her.

Hence, she coughed lightly. Then, she sniffled and said, "Miss Xi, although you're pregnant with second young master's child now, aren't you second young master's wife after all?" Living in one inch ink city was not legal. Moreover, once the child was born, it would immediately belong to the eldest young master. The eldest young master would soon marry Miss Kuang Yingying, so the child would naturally be said to be their child. When that time comes, your child would have no child, no status, and no status. Moreover, Kuang Yingying was the mayor's daughter. Would she allow ah Mo to find a mistress? Would she allow you to live in one inch ink city for a long time? Would it be easy for you to meet the child?"

Mu Ru lowered her head. Every word aunt Gu said seemed to be thinking about her. She was doing this for her future life, for her love with Zheng Yifan, and for the child in her belly not to belong to someone else.

If Dongfang Mei was a sincere person, her words would indeed be able to move mu ru. If she knew a little less about Dongfang Mei, perhaps she would cooperate with Dongfang Mei and accept her help.

In fact, Dongfang Mei's actions were nothing more than driving her out of one inch Mo city. In other words, she was driving the child in her womb out of one inch mo city, so that her own son could monopolize the Dongfang family's estate in the future because Dongfang Mo was a eunuch. He was unable to have children, so Dongfang Jun's child naturally inherited Dongfang Mo's estate.

In fact, she had never thought about the Dongfang family's property. It had nothing to do with her in the first place. She only wanted to live with the people who loved her, to live a normal life.

However, such a good idea came out of Dongfang Mei's mouth, so she had no choice but to doubt how much sincerity she had brought with her. Moreover, did she have an even more vicious motive?

A woman who even wanted to steal her own nephew's property, how could she have much pity and sympathy for an outsider like her?

Actually, Dongfang Mei hated her. She hated the fact that she was pregnant with Dongfang Yu's child. Therefore, Dongfang Mei would never be foolish enough to help someone she saw as a thorn in her flesh.
