Chapter 421: Never Flatter Yourself

When Yan ru heard Yu Yu's words, three black lines immediately appeared on her forehead. She could not help but glare at the little girl beside the bed. Then, she roared angrily, "Yan Fei Yu, what benefits did the Qi Xuan Give you? Now, you actually dare to say that your mommy is a lioness?"

"Daddy said that this time when we return to Korea, he will take me to Jeju Island to play," Yu Yu honestly explained the bribes she had accepted. Under the lioness' threat, she did not dare to hide the crime of taking bribes at all.

"Alright, Yan Fei Yu. Just by agreeing to take you to Jeju Island to play, you have already lumped mommy and the lion together. Watch how I punish you today," Yan ru said as she jumped down from the bed. She immediately grabbed the pillow in Yu Yu's hand and pulled her little body over. She used the pillow to smash her butt.

"Mommy, Mommy, I was wrong," little feather hurriedly said. His voice was not loud, but his attitude was extremely sincere. He carefully explained, "I just told daddy a few days ago that mommy is not a mother lion. She is just the little lion's mommy."

When Yan ru heard this, she glared at her angrily and threw the pillow on the bed. She looked at the little girl who was still standing in front of her. She coldly snorted and ordered, "Yan Feiyu, quickly recite du Fu's 'Song of the barrier of mountains and rivers' for me. If you can't recite it, you are not allowed to go to the great antelope National Park to see me sketch."

Yu Yu immediately had a mournful look on her face. When she saw her mother walking towards the wardrobe, she could not help but laugh and mutter, "Lioness Mommy, do you know that international law prohibits child abuse? Child abuse is punishable by imprisonment?"

Yan Ru completely ignored the muttering of the little feather. Instead, she quickly found her own clothes in the wardrobe and quickly walked towards the bathroom. She still had to wash up and change her clothes.

When she had just turned on the water to wash up, the little feather was soft and squishy. The sound of a lark reciting a poem could already be heard. "The hall does not have a maple tree, but the strange land and mountains are filled with smoke. Wenjun swept the Chachi county painting and used it to draw the interesting Cangzhou. There are also countless painters, but good hands can not be met..."

She looked at herself, who had no birthmark on her forehead, and could not help but let out a satisfied smile. She was already satisfied with having a girl like this.

Heaven was actually fair. Five years ago, she thought that she would never be able to escape from the hands of the devil, Dongfang Mo, but who knew... ..

Five years ago, she was mistaken by two people for Xi Muxue and moved onto the yacht. Then, the yacht sailed forward vigorously. Of course, the sea was pitch black and she could not tell the direction.

About two hours later, the yacht stopped at the shore. The two people carried her down and threw her on the shore. The moment she looked up, she saw Leng Leiting.

Just as she was thinking about how she should tell Leng Leiting that she was not Xi Muxue, Leng leiting had already torn the tape off her mouth Hence, she quickly said loudly, “Mr. Leng, I’m sorry. I’m Xi Muru. Did you catch the wrong person again? You can’t catch the innocent every time, right?”

Leng Leiting was stunned when he heard her words. Then, he quickly used his hand to lift the bangs on her forehead to take a look. Indeed, there was a birthmark. He was so angry that he stomped his feet. He could not help but scold the two men and ask them what was going on They captured her without even figuring it out Where was the Real Xi Muxue?

The two people were also stunned. They quickly expressed that they might have made a mistake, so they hurriedly carried her back to the yacht and then quickly drove back. However, this time, they did not stick her mouth to hers.

Chapter 422-meeting Dongfang Yu 1 again

Two hours later, she was sent back to the island by the two of them. However, the island was empty. The large room that Nangong Xun had temporarily built was gone, leaving only the small wooden house that had locked her up.

The two of them searched the island for a while, but they could not find Xi Muxue, so they turned around to sail the yacht away Mu Ru quickly pleaded for them, “little brothers, can you please take me away too?” “As you can see, this place is a lonely island with nothing but small animals. I don’t have any grudges with you. It was you who captured me wrongly and delayed the opportunity for me to be taken away by Nangong Xun. You can’t just leave me on this lonely island to feed the snakes, right?”

The two of them might have felt pity for her, and she was wearing a man’s suit. She looked neither proper nor proper, and she looked haggard and exhausted. Her hands and feet were even deeply scarred because they had tied the wrong person.

In the end, with mu ru begging for mercy, the two brothers who worked for Leng Leiting did not abandon her. Instead, they brought her back to the yacht and brought her with them to look for Xi Muxue.

Of course not. They had searched all the nearby islands, but they still could not find her. The two of them were frustrated and said that Xi Muxue was born to die. She did not return the money she owed CEO Leng, and she actually dared to hide.. If CEO Leng caught her one day, he would definitely sell her to a sex scene.

Mu Ru was terrified when she heard their words. She felt that Leng Leiting was probably not a good person, so when she saw a huge island with buildings on it.. She said to the two of them, “why don’t you put me on that island?”

The two of them found it strange and could not help but ask, “do you know anyone on that island?”

Mu Ru shook her head and said softly, “No, I’m alone. The only person I know in this world is Xi Muxue. If you can’t find her, I can’t find her either.”

“since you don’t know her, why are you going to the island?” The two of them were puzzled.

“I don’t know anyone anywhere. Isn’t it the same no matter where I go?” Mu Ru looked at the two of them and quickly put in a good word. “Please, let me go down. I don’t want to go back with you guys. Your CEO Leng...”

“CEO Leng is a Nice Person. It’s mainly because your sister Xi Muxue is too vicious,” one of them quickly took over Xi Muru’s words. Before Mu ru could speak, she continued, “stop talking. Since Xi Muxue hasn’t been found, we should bring you back to CEO Leng to be dealt with. It has nothing to do with us where he wants to put you.”

“But, I’m not the person you want to arrest,” Mu ru yelled anxiously. She could not help but say loudly, “If I knew this would happen, I would have let you throw me on that island. It’s better than being dragged back to Leng Leiting.”

“stop arguing,” another person driving the yacht growled impatiently. “If you keep arguing, you’ll put tape on your mouth.”

Mu Ru immediately knew not to make a sound. It was very uncomfortable to put tape on her mouth. Most importantly, when the tape was torn off, it could even pull off the hair around the mouth. It was very painful

The two of them drove the yacht for another hour. One of them received a call. Then, he shouted to the person who was driving the yacht, “CEO Leng just called. He asked us not to go back to our original place. Now that he has boarded the Babu cruise ship, he wants us to quickly go to the Babu cruise ship. He said that he would take us to visit the Casino on the sea. Quickly change the direction and head West.”

Chapter 423: Meeting Dongfang Yu 2 again

Babu cruise ship was a cruise ship located on the high seas that provided gambling and various underground transactions to the underworld. Usually, the people on this cruise ship had some kind of connection with the underworld.

Leng Leiting was in Binhai. On the surface, he was a hotel owner, but in reality, he was also a casino owner. Moreover, the money he earned from the casino was far more than the money he earned from the hotel, so he had been very interested in the cruise casino on the sea recently.

When the two of them brought Xi Muru to Babu cruise ship, Leng Leiting saw that Xi Muru was obviously unhappy. He could not help but ask, “why did you bring her back? Where’s Xi Muxue?”

“There’s no Xi muxue on that island. She must have been taken somewhere else by that Brat Nangong Xun,” one of the two quickly explained. “There’s nothing on that deserted island. This woman has no enmity with us. If we leave her there, what if... “. ...”

“Alright, alright, stop talking,” Leng Leiting interrupted his subordinate. Then, he frowned and said, “this woman isn’t simple either. Dongfang Mo’s ex-wife, take her with you on the cruise ship. When we return to Binhai, we’ll bring her back. Then, we’ll send Dongfang Mo back. We can even ask Dongfang Mo for a favor.”

When Mu Ru heard Leng Leiting’s words, her heart turned cold. She originally thought that she would be able to escape Dongfang Mo’s clutches this time. She did not expect that Leng Leiting would still want to send her back to Dongfang Mo..

Of course, she could not bargain with Leng Leiting. Moreover, she did not have the capital to do so. So when Leng Leiting said that he wanted to send her back to Dongfang Mo, she pretended to be happy and said to him, “thank you. As long as you don’t leave me on an isolated island.”

So, she followed Leng Leiting and the other two on the Babu cruise ship and followed them to visit the so-called maritime casino.

Actually, Mu Ru had never even seen a place like a casino, let alone a casino on a cruise ship. Therefore, she felt dazzled when she walked on it, and everything she saw was extremely rare.

Leng Leiting could not help but say, “Xi Muru, you said that you and Xi Muxue are twin sisters, but why is the difference so big? Xi Muxue is extremely excited when she walks into the casino, but you’re like grandma Liu entering the Grand View Garden?”

Mu Ru could not help but retort, “CEO Leng, you said that. Haven’t you heard of such a saying “everyone is different. Flowers are different. “. “Even though Xi Muxue and I are twin sisters, I’ve been disliked by my parents ever since I was young because of my ugly appearance. I’ve grown up by the servants’ side. I rarely go to the mall, let alone the Casino.”

When Leng Leiting heard what she said, he felt that she was actually quite pitiful. She was also Xi Yuancheng’s daughter, but just because she had a birthmark on her forehead, she actually ended up as a servant.

The Babu cruise was filled with all kinds of entertainment. Not only did Leng Leiting visit the Casino, but he also had to gamble. Mu Ru felt sleepy and hungry. After all, she was pregnant for three months, so she was already exhausted.

Therefore, she could not help but tell Leng Leiting that she was very hungry and asked if she could borrow some money to buy a meal for her. She was so hungry that she almost fainted.

Leng Leiting rolled his eyes at her, then pointed at the top of the ship and said, “the third floor is the dining area. There should be breakfast available at this time. You can eat it yourself. Anyone who gets on this cruise ship can eat it for free.”

“thank you!” Mu Ru quickly turned around and quickly walked towards the stairs. At this moment, there was nothing more important to her than to eat.

Chapter 424-meeting the Oriental Royal 3

The dining area on the third floor of the Babu cruise ship was not big, but the decorations were extremely elegant and luxurious. Obviously, the people on this cruise ship were either rich or noble, so the owner of this cruise ship was also very thoughtful.

At this time, it was already past breakfast time, so there were very few people in the restaurant. A few sparse guests were sitting in their seats and eating their breakfast in peace.

Mu Ru took her plate and went to get some food. She was extremely hungry and could not care about her ladylike image at the moment. Moreover, she was wearing a large suit and had long lost her ladylike image.

A woman who was famished — no, more accurately, a pregnant woman — had lost her ladylike image when she ate. She had long forgotten about elegance and all that. At this moment, Xi Muru could only be described as wolfing down her food.

A man and a woman walked into the dining room. They were obviously here for breakfast. When the woman saw Mu Ru, she was obviously stunned. Perhaps she was attracted by the suit she was wearing, so she actually walked straight towards her.

“You are...” the woman stood in front of her. When she realized that she was a woman, she was even more shocked. She covered her mouth with her hand and after a while, she asked in English, “you are a woman?”

Mu Ru rolled her eyes at her. Although she was only a high school graduate, she was very good at learning English. Therefore, she understood what the woman asked and nodded lightly, “yes, is there anything wrong?”

“You are a woman, why are you wearing a man’s suit?” When the woman saw that Mu Ru was speaking Chinese and immediately changed to Mandarin, she could not help but mutter, “looking at how you ate just now, how did you eat like a woman?”

When Mu ru heard her words, she was unhappy Hence, she said coldly, “it’s not like there’s a rule that a woman has to eat slowly. What’s wrong with me eating like a wolf Is it bothering you Besides, I’m a pregnant woman. I’ve been hungry for a day and a night. My stomach is rumbling with hunger. It’s not easy to get something to eat. Of course, I only care about filling my stomach. Why do I need to look good?”

When the woman heard her words, she was stunned again. Then, she said to the man who carried a tray to her side, “brother, this woman is also pregnant? Do pregnant women nowadays not need to wear maternity clothes? She has to wear...”

The woman suddenly stopped at this point. Then, she pointed at the suit on Mu ru and immediately said, “that’s not right. Where did you get this suit?”

“suit?” Mu Ru was slightly stunned. Then, she lowered her head to look at her own clothes and immediately understood. So, she quickly said, “of course, my old... my lover gave it to me.”

Mu Ru originally wanted to say that it was her husband, but she just remembered that Dongfang Mo was no longer her husband. Now, he was just her lover.

“Your Lover?” said the man next to the woman, the brother she had just called, frowning And then asked faintly: “that, you said you are pregnant, then, who is the child in your stomach? Is it your lover’s?”

“No,” Mu ru immediately denied, and then looked at the handsome man and beautiful woman standing next to him, said lightly: “The child in my belly is Oriental Yu!”

“Si Li Hua la” the man next to the original hand holding a tray fell to the floor, and the tray of bowls, chopsticks, China plates and so on fell to pieces.

“Dongfang Yu?” The woman next to him exclaimed as well. Then, she looked at Xi Muru and asked after a while, “is the child in your stomach really Dongfang Yu’s?”

Chapter 425: Meeting Dongfang Yu again 4

Mu Ru felt that the siblings were strange, but from the looks of it, they seemed to have known Dongfang Yu before. She took a sip of soy milk and nodded. “Of course. Am I lying?”

The man’s expression immediately changed. He reached out and grabbed her wrist. He said coldly, “you better not lie to me. Otherwise, you’ll definitely be in big trouble.”

“What lie?” Mu Ru struggled as she could not help but growl. “What lie do I have to tell? This child was originally Dongfang Yu’s...”

“enough,” the man could not help but growl, his face full of anger and impatience. “Shut your mouth, I’m taking you to see ah Xuan now. I want to ask him when he got together with you. How come I don’t know?”

“Who is AH XUAN?” Mu Ru did not understand what the man was saying. She was pregnant with Dongfang Yu’s child, but he wanted to take her to see ah Xuan. Where did he come from?”

“Shut up!” The woman beside her also growled, and then walked up to the deck with the man who was pulling her.

“Hey, what are you guys doing?” Mu Ru could not help but yell again. When she saw the woman put the yacht away, she instantly felt that something was not right.

“get down.” The man pushed mu ru toward the yacht.

“I’m not going with you guys. I don’t know you guys.” Mu Ru was anxious, so she could not help but shout into the yacht, “Mr. Leng, where are you? I’ve met a bad person. Can you...”

She could not continue shouting until this point because the woman covered her mouth with her hand. Then, together with the man, they lifted her onto the yacht that the two of them had put down.

“where are you taking me?” Mu Ru looked at the man who was driving and could not help but shout, “I don’t even know you guys. Why are you taking me away? Did Xi Muxue owe you guys money again?”

Mu Ru could totally guess that because she had been wrongly arrested by Leng Leiting twice in a row because Xi Muxue owed Leng Leiting money. Now that these two siblings had arrested her, she guessed that it must be related to Xi Muxue again?

However, the siblings turned a deaf ear to her words and acted as if they did not hear her. They just quickly drove the yacht forward.

When Mu ru saw the two of them acting like this, she was even more certain that Xi Muxue had something to do with it. Hence, she quickly went to their side and used her hand to lift up the bangs on her forehead. She revealed her ugly birthmark and said, "look carefully. I'm really not Xi Muxue. My Name is Xi Muru. You must have found the wrong person today. Quickly send me back to that yacht..."

"What nonsense is this?" The woman was getting impatient. She looked at Mu ru and glared at her coldly. "We don't know any Xi Muxue. Stop shouting. Be quiet and affect our mood."

"You don't know Xi Muxue?" Mu Ru was completely confused. She looked at the siblings in front of her. After a while, she asked curiously, "if it's not related to Xi Muxue, then why are you arresting me? I don't have any grudges with you?"

"Who's arresting you?" The woman replied impatiently and rolled her eyes at Mu Ru. "Didn't you say you're pregnant with Dongfang Yu's child? We'll take you to Dongfang Yu Now!"

Chapter 426: Meeting Dongfang Yu again

Meeting Dongfang Yu?

Mu Ru was completely stunned. Dongfang Yu had been dead for two months, and if the siblings wanted to take her to see Dongfang Yu, wouldn't they send her to the afterlife?

"No, I don't want to see Dongfang Yu," Mu ru quickly shouted, then looked at the siblings. She begged, "please, let me go. I don't know you, you can't do this to me, right. Even if Dongfang Yu had offended you before, other than being pregnant with his child, I really have nothing to do with him. Please let me go... .."

"Shut her mouth, are you bored?" The man driving the yacht instructed his sister impatiently. "Zhi Shan, use the tape to cover her mouth. Don't let her make any more noise."

Mu Ru did not wait for the girl named Zhi Shan to take out the tape and immediately shut her mouth. After all, the people who appeared on the oil tanker were not good people, and good people would not appear on those oil tankers that gathered pornography, gambling, and drugs.

Alright, she had never known that Dongfang Yu had so many enemies outside. He had been dead for two months, and there were still enemies who wanted to take revenge on him. They could not find him, but now they were looking for his child.

Although there was a saying that said a father should repay his son, but Dongfang Yu's child was still in her stomach. Wasn't it too unfair to repay the debt. My poor child, what kind of fate is this. It's even more bitter than mine.

Mu Ru obediently sat down and stopped arguing. The siblings stopped arguing and only focused on getting on the yacht and speeding forward. It was as if they had no interest in talking to Mu Ru.

Mu Ru thought to herself, since she was going to die anyway, wasn't it just going to see Dongfang Yu Well, she probably owed Dongfang Yu in her previous life, which was why she was tormented by Dongfang Yu in this life. Moreover, even after he died, he still did not let her off. He actually sent people to find her. He was really her fault.

Perhaps it was because she had moved on, or perhaps it was because she was no longer afraid of death, so she didn't struggle anymore. Since she couldn't speak, she simply closed her eyes and went to sleep.

Mu Ru slept for nearly ten hours. When she opened her eyes, the yacht had already docked. The lights were on on the shore, so it was obviously night again, but the two siblings on the yacht were still there.

She blinked twice, looked at the siblings, and asked, "you came down too? I thought I was supposed to see bull's head and horse's face?"

"Do you have to be so white?" The girl named Zhi Shan rolled her eyes and couldn't help but mutter, "I wonder what Qi Xuan Jun likes about you?"

Mu Ru didn't understand who Qi Xuan Jun was at all. However, due to the weird personalities of the siblings, she didn't dare to ask. However, she understood a little. She hadn't gone to hell yet, so she should still be alive.

They went ashore and followed them to the parking lot on the shore. Then, they got into a car. Zhi Shan's handsome brother drove the car with a gloomy face and quickly drove in a certain direction.

Mu Ru obediently sat in the back seat and didn't dare to say anything. She had just woken up, so she turned her head to look at the scenery outside the window. Based on her intuition, she knew that this wasn't Binhai.

When she entered the city, she was even more certain that this wasn't Binhai because the signs were all in Japanese. No, they were all in Korean. They were probably in Korea.

Chapter 427 Meeting Dongfang Yu 6 again

They had indeed arrived in Korea. When the car stopped in front of a certain house, Mu Ru could clearly see that the words and the number of good cards in front of the house were all in Korean.

She was not familiar with Korean, but she knew a few of them, such as Jin, Li, and the heavens. When she saw the Korean character Pu written on the house door plate, she knew that the family name was Pu. She knew that this family was probably surnamed Pu.

"My name is Pu Zhishan," the girl explained to herself as she pushed the door open. Then, she pointed at the handsome man beside her and said, "he's my brother, his name is Pu Yongjun."

Mu Ru immediately nodded politely at Pu Yongjun and called out in a low voice, "Mr. Pu."

“We’re not used to calling you ‘sir’ Here, ” Pu Zhishan reminded mu ru and corrected her, “you have to call me brother Yongjun from now on. This is what Koreans are used to calling me. ”

“Oh, okay, Yongjun, ” Mu ru quickly replied. Then, she thought of something and quickly asked, “Um, how did you bring me to Korea? I don’t seem to have a Korean visa? ”

Pu Yongjun glanced at her coldly and did not answer her question. When he saw that Pu Zhishan had already used the key to open the door, he gestured with his finger, signaling for her to hurry in.

Mu Ru quickly took off her shoes like Pu Zhishan did. Of course, she found them on that island in the room that had closed her. They fit perfectly, and she did not know if Xi muxue had worn them before.

She changed into the slippers that Pu Zhishan handed her. Just as she walked in, Pu Zhishan threw out a set of clothes for her. “Hurry and go to the bathroom to change. I’ll go upstairs and call Qi Xianjun down. ”

Mu Ru nodded. She took the clothes, turned around, and walked to the bathroom. She was indeed wearing Dongfang Mo’s suit, which was not appropriate. Moreover, that stinky man’s suit was heavy, so it was very uncomfortable to wear it.

When she was still changing in the bathroom, she heard the sound of footsteps coming down the stairs, followed by the sound of people speaking Korean. Even Park ji-san was speaking Korean.

Mu Ru was not familiar with Korean, so she could not speak it. Of course, she could not understand it, so she also did not know what Park ji-san was talking about with her brother outside.

After she changed her clothes, washed her face, and combed her hair, she came out of the bathroom. From Afar, she saw three people sitting cross-legged in the living room, and one of them looked a little familiar. She could not help but feel her heart skip a beat.

Park Ji Shan looked up and saw that she had already come out. She was wearing her clothes, so he waved at her. “COME OVER! ”

Mu Ru nodded and walked over with the long dress in her hand. She had just taken two steps when she saw the slightly familiar figure turn around. Then, she saw that familiar face, and she was so scared that she almost fainted.

Because the person who turned around was clearly Dongfang Yu!

She stood rooted to the spot and stared at the man who had already walked up to her. After a while, she asked, “Dongfang Yu, are you still alive, or am I already in Hell? ”

The man in front of her frowned and looked at the stunned woman. His beautiful thick brows furrowed and he asked, “Um, how did you know that I used to be called Dongfang Yu? Who Are you? ”

“I’M XI MURU! ” Mu Ru was awakened by his question, so she quickly looked at him and said, “Dongfang Yu, did you lose your memory? Don’t you remember me? I’m pregnant with your child? ”

“Child? ” Dongfang Yu was obviously shocked. His body involuntarily took two steps back and stared at Mu Ru for a few seconds. Then, he looked at the man next to him and asked, “Yongjun, did she run out of the Mental Hospital? ”

Chapter 428: Meeting Dongfang Yu again

“according to my diagnosis, she is not mentally ill,” Pu Yongjun answered very seriously. Then, he looked at Dongfang Yu and said, “but I don’t know why she said she was pregnant with your child. You can ask her yourself. Perhaps only you and she will know.”

“What do I know?” Dongfang Yu could not help but laugh when he heard Pu Yongjun’s words. Then, he looked at the woman in front of him and asked, “you said Your name is Xi Muru? And you’re pregnant with my child?”

“Yes.” Mu Ru nodded and answered with certainty. Without waiting for Dongfang Yu to ask again.. She asked first, “Dongfang Yu, two months ago, the cruise ship exploded. You didn’t die at all, did you You just escaped to Korea, didn’t you But since you didn’t die, why didn’t you return to Binhai Did you know that at that time, I was already pregnant? I I was pregnant with your child. I”

“Stop, stop!” Dongfang Yu immediately used his hand to stop mu ru from crying as she spoke. He pulled her over to sit down and handed her a pack of tissues He said plainly, “Wipe your tears and tell me slowly. What happened? How did I die two months ago? I clearly died two years ago, okay?”

“Two years ago?” This time, it was mu RU’s turn to be surprised. She looked at Dongfang Yu blankly and asked mechanically, “then have you stayed in Binhai for the past two years?”

“Why did I run to Binhai?” Dongfang Yu glared at her and said snappily, “I didn’t tell you just now. Three years ago, Dongfang Yu died. Now I’m calling Che Qixuan, don’t Call Me Dongfang Yu...”

“But, I was in Binhai with you... we were in the car... don’t you remember?” Mu Ru looked at Dongfang Yu in front of her. No, it was Che Qixuan. This time, she felt that it was very likely that this Dongfang Yu really lost his memory.

Was it because he didn’t actually die when the cruise ship exploded two months ago? He was saved by a kind-hearted person. Then, because he lost his memory, he couldn’t remember his past.

“Qixuan has been in Korea for the past two years,” Pu Yongjun added, “he rarely leaves Korea. Even if he does occasionally, he goes to Europe, America, or other countries. He has never returned to Binhai...”

“But, didn’t you have a wedding with me last year?” Mu Ru looked at Che Qixuan in front of her and could not help but remind him, “think about it carefully. Last year, you married me in place of your brother Dongfang Mo. we...”

“You married Dongfang Mo?” This time, it was Che Qixuan’s turn to be shocked. He looked at the woman in front of him and was stunned for a while. Then, he asked with a faint smile, “So, you are my sister-in-law?”

“I am no longer your sister-in-law.” Mu Ru felt that it was extremely exhausting to talk to Dongfang Yu, no, to this Che Qixuan Then, she sighed heavily and said, “alright, hurry up and find a doctor for treatment. When you’ve recovered your memory, we’ll talk about this again.”

“Hahaha,” Che Qixuan could not help but laugh out loud. Then, he quickly said, “sister-in-law, no, Miss Xi, let me tell you, I’ve never lost my memory, and I don’t know what happened when you said that I married you in Binhai on behalf of my brother, but I can tell you with absolute certainty that that person isn’t me. Of course, the child in your belly is definitely not mine.”

Chapter 429: Meeting Dongfang Yu again

“What?” Mu Ru was so shocked by Dongfang Yu’s words that she almost fainted. Her eyes widened as she looked at the handsome man before her. She muttered to herself, “if that person isn’t you, then who is it?”

“Then who else could it be? Aren’t you married to my brother? Of course it’s my brother, Dongfang Mo!” Che Qixuan rolled his eyes at Xi Muru. Then, he added, “your brain is so slow. Can My brother like you? And marry you? Are you dizzy?”

“your brother?” Mu Ru shook her head immediately after hearing Che Qixuan’s words. “How is that possible?” “Didn’t he get into a car accident two years ago?” “The fire burned him beyond recognition, and... “He was in a wheelchair. The one who married me was clearly you. The one who married me was your brother, the devil beyond recognition.”

Mu Ru paused at this point and patted her head with her hand. She immediately thought of something and quickly asked, “Oh right, is your family triplets? You have a twin brother, right?”

Che Qixuan rolled his eyes at her. He was no longer in the mood to discuss these questions with her. Then, he said plainly, “we’re just twin brothers. There’s no third one. Alright, Miss Xi Muru, you can go and rest first. As for these questions, I can’t be bothered to answer you. The Dongfang family has nothing to do with me anymore. I’m a dead person in the Dongfang family. As for whose child you’re carrying, I have no interest in knowing. Since you were once married to Dongfang Mo, I’ll take you in for two days. Then, you can go wherever you want. It has nothing to do with me.”

When Mu ru heard what he said, her heart turned cold. She was pregnant with his child, but he was not happy at all. Now, seeing her was like seeing a passerby. He looked like a complete stranger.

She still wanted to say something, but Dongfang Yu, no, Che Qixuan had already stood up and walked upstairs, and Pu Yongjun followed him upstairs. Only Park ji-san remained.

“Hey, you’re sleeping next door to me,” Park ji-san shouted at her. Then, he pointed at a door and said, “over there. Oh right, take that suit of yours over yourself. I initially thought it was his, but now I know it’s his brother’s. I’m sorry, I was rough with you this morning and misunderstood you. I’m sorry.”

“It’s okay,” Mu ru quickly replied, then stood up. Meng’s stomach was rumbling with hunger, so she couldn’t help but ask, “Um, is there anything to eat? I’m so hungry.”

“Yes, there is.” Pu Zhishan suddenly understood. He went to the fridge to take something out and explained, “on the yacht, my brother and I ate something. You were asleep, so we didn’t have to wake you up.”

Mu Ru thanked Pu Zhishan and felt that she was a good person. After she baked the bread, she had dinner with her. Pu Zhishan didn't eat much, but she was pregnant, so she ate a lot.

After dinner, Pu Zhishan went back to his room. She came to the guest room alone and looked at the strange room, strange furniture, and strange supplies. The only thing she was familiar with was the suit that Dongfang Mo left for her.

She was unfamiliar with it and couldn't fall asleep as she lay on the strange bed. In her mind, she was thinking about where she should go tomorrow Where is her new home Is She on the other side of the sea?

Chapter 430: Who is the expert

Mu Ru couldn't sleep at first, but she fell asleep again in the early morning. It was already noon.

When she got up and walked out of the room, she didn't see Pu Yongjun, Pu Zhishan, and Che Qixuan in the Living Room.

"Hello, Dongfang... Qixuan Jun." Mu ru greeted Che Qixuan with a smile. Then she looked around and asked, "where are they?"

"They have something to do." Che Qixuan stood up and went to the kitchen to bring out two dishes. He pointed at them and said, "I made it for you. Eat some. It may not suit your appetite. I don't know what pregnant women want to eat."

"You... you know how to Cook?" Mu Ru stared at him with wide eyes, as if she was looking at a monster ...

Che Qixuan frowned instinctively. He was obviously not happy with her fuss. He said lightly, "I can even drive a car. What's the big deal about cooking? It's not a high-level technical job."

After hearing what he said, Mu Ru immediately knew that this person was indeed not Dongfang Yu. No, to be precise, it shouldn't be the Dongfang Yu from Binhai who held her wedding. That was because he was just a playboy who ate, drank, gambled, and idled all day long.

The food that Che Qixuan cooked was not bad. Although it wasn't particularly delicious, it wasn't that bad either. Mu Ru got up late and was hungry, so she swept it aside in a very respectful manner.

"Now, tell me. What is the relationship between you and my brother, which is Dongfang Mo?" Che Qixuan saw that she had finished eating, so he started to discuss her matter with her in a serious manner.

"Didn't I say it last night? I was his wife..." Mu ru stared at Che Qixuan with Wide Eyes. Could it be that he was amnesiac?

"was?" Che Qixuan had a look of complete disbelief as he looked at her with a mocking gaze. "then you're not anymore?"

"I'm not anymore," Mu ru answered with certainty. "I was only married to him for three months, and then he kicked me out of the Dongfang family..."

"But the suit you wore last night was his," Che qixuan quickly interrupted Mu Ru's words and looked at her coldly. The corners of his mouth curled into a sneer. "My brother's life is very strict. He probably wouldn't give his suit to a random woman, especially this suit."

"The suit is indeed Dongfang Mo's," Mu ru admitted honestly. She looked at Che Qixuan and said, "I used to be your brother's wife. Now I'm his mistress..."

"Okay, okay, okay," Che Qixuan interrupted her again. Then, he gestured for her to stop and stood up to pour her a cup of tea. Then, he sat down opposite her "Xi Muru, drink some water first. Then, tell me everything that happened between you and my brother in detail, okay?"

"Don't tell me you don't know anything about your brother?" This time, it was mu RU's turn to be curious. She looked at Che Qixuan in front of her. Puzzled, she asked, "since you're Dongfang Yu and you're still alive, why don't you go back to the Dongfang family? Even if you don't go back to the Dongfang family, how could you not know about your brother?"

"hehehe." When Che Qixuan heard Mu Ru's question, he couldn't help but laugh out loud. He picked up his cup and took a SIP. He looked at her and said, "fine, you're such an awesome person. I was the one who asked you, but you didn't answer my questions and instead asked me a bunch of questions. You're a problem expert, right?"
