## **Chapter 431 who is the expert on the subject 2**

Mu Ru rolled her eyes at him. Shrugging his shoulders, he said helplessly, "I am not a problem expert, but I have to get to the bottom of these things. Otherwise, how can I believe that you are not Binhai's Dongfang Yu?" Don't forget, I told you last night, I got married in Binhai and Dongfang Yu, and then he and I. . . ."

"Oh, I remember now," said Che, patting himself on the head with his hand. "You said you were pregnant with Dongfang Yu's child, but I'm really not that Dongfang Yu from Binhai. Also, I don't have the ability to make a woman pregnant. I've been away from Binhai for 12 years. 12 years ago..."

12 years ago, Dongfang Yu was 18 years old. He was at the peak of his adolescence. He was naturally outgoing. Not only was he surrounded by beautiful women, but he was also very interested in new and exciting things.

At that time, the underground underworld organization had organized a life and death race. He was a racing enthusiast at that time, so of course he wouldn't miss such an opportunity. Besides, Qin Xun was going, so of course he had to go.

That time, the racing car had signed a life and death contract, and he had been focused on winning, so he had never put the life and death contract in his eyes. At that time, his eyes were only on the championship, because the championship was a reward of 100 million.

Unfortunately, the more you wanted to win, the more you could not win. At a sharp turn, he was attacked by a few cars, and then he was knocked down the cliff next to him.

His memory from 12 years ago had stopped at the moment when the car overturned, and then there was a long blank. When he woke up and asked if the race was over and who was the champion..

His brother Dongfang Mo coldly told him that the car race was a matter from 10 years ago. He had been lying in a hospital bed for 10 years and had been a vegetable for 10 years.

Life was so incredible and so cruel. He simply could not accept that he had been a vegetable for 10 years. He could not accept that he had jumped from the age of 18 to the age of 28. He could not accept it... ..

However, what he could not accept the most was his body. That fatal part of his body had completely broken down. In this life, although he was still alive, he could not be a man anymore because he had become a real eunuch.

He was in pain and he was sad. He wished that he had died 12 years ago, because dying was better than living. Living like this was worse than death.

Therefore, he thought of committing suicide and swallowed a lot of sleeping pills. In the end, he was discovered to have his stomach pumped and forcefully brought him back to life. After he came back to life, Dongfang Mo gave him a fierce slap.

Dongfang Mo said that something happened to him 12 years ago. His father was anxious and his mother cried like she was crying. She knelt outside the operating theater and begged the doctors and Bodhisattvas, hoping that they could save him.

Now, his parents were no longer around, but when they were alive, they kept talking about when Yu would wake up. But now, he finally woke up, and he was going to commit suicide?

He was so ashamed that he could not even show his face. However, he still could not accept the fact that he was a eunuch, so he refused to go back to the Dongfang family with Dongfang Mo. he said, "just pretend that I died 12 years ago. Just pretend that I don't exist in this world." "Just pretend that I really don't exist. "

Actually, at that time, he wanted to stay far away from the Dongfang family and the world that he used to be familiar with. It was entirely because he did not dare to face the people he used to know, and even more so, he did not dare to imagine that he would have to experience such an embarrassing thing like getting married in the future.

### **Chapter 432: Who is the expert**

Thus, he said to Dongfang Mo, "I can choose not to die, but I want to become a monk. I will definitely not follow you back to the Dongfang family, and I will definitely not return to the circle of life that I used to be familiar with. "

In the end, Dongfang Mo lamented his misfortune and was angry that he did not fight for it. Under his bitter pleas, he agreed to let him become a monk. However, he could not use Dongfang Yu's identity to casually get a foreign identity. If he wanted to become a monk, he could also become a monk in a foreign country. He did not want to return to the country.

"Then, are you a monk now?" When Mu ru heard this, she quickly interrupted Che Qixuan's words. Then, she looked at him from head to toe and drove him from his feet to his head. Her eyes were as wide as Tongzi's. "Are you a layman's disciple? Are you practicing cultivation with your hair? "

Che Qixuan's face turned slightly red Then, he said in a low voice, "No, I originally wanted to become a monk in Las Vegas because there's a Lianhua Temple in Las Vegas. However, who knew that I would meet Pu Yongjun and his sister in Las Vegas, and then... .. I became friends with them .. In short, I didn't use the use of becoming a monk after that."

"then you... don't care about your brother's matters?" Mu Ru still felt that he was somewhat incredulous. Then, she continued to ask, "your brother doesn't care about you anymore? "

"when I left, I already made an agreement with my brother. If I became a monk, it would be equivalent to death. From now on, there will be no one in this world who can control the East. Tell him not to look for me or care about me in the future, and I won't pay attention to him anymore because monks can't be bothered by family matters. "

Che Qixuan paused for a moment Then, he said plainly, "So, in these two years, although I have not truly become a monk, I still have the mentality of a monk. I no longer pay attention to my brother, the Dongfang family, Binhai, or even China. I'm just afraid that if I pay attention to a little, I will involuntarily

pay attention to him. So, I don't know anything about him, just like how he doesn't know anything about me."

"Doesn't he know that you're called Che Qixuan?" Xi Muru found it strange and couldn't help but ask, "what identity did you use when you left?"

"He helped me set up an American identity overseas, but after I met Pu Yongjun in Las Vegas, I no longer used that identity. He didn't know that I came to Korea at all. He probably thought that I was still a monk in the Lianhua Temple in Las Vegas."

"Oh, okay." Mu Ru was convinced by this Che Qixuan She sighed softly and said, "I'm Binhai Xi Yuancheng's daughter. I'm also his most disliked daughter. Initially, it should have been my twin sister Xi Muxue who married Dongfang Mo because the person Dongfang Mo loved was also Xi Muxue. It should have been the two of them who got married, but... ". "... "..."

Mu Ru told Che Qi Xuan about her experience in Binhai in detail. Finally, she said, "now, I'm even more confused. Since you haven't returned to Binhai and you don't live in the Dongfang family, then who is that Dongfang Yu in the Dongfang family?"

"It's my brother Dongfang Mo," Che Qixuan answered without much thought. Then, he rolled his eyes at Xi Muru. "STUPID!"

"How is that possible?" Mu Ru immediately retorted, "your brother is like that. It's scary to look at him. Moreover, he was in a wheelchair at that time, and Dongfang Yu had all four limbs. He looked exactly like you. How could he..."

### **Chapter 433: Who is the expert**

"It's makeup." Che Qixuan glared at Xi Muru. "Don't you know how good makeup is nowadays? There's nothing that can't be done..."

"The key is that they existed at the same time?" Mu Ru immediately interrupted Che Qixuan Then, she hurriedly said, "on the night of Dongfang Yu and my sister Xi Muxue's wedding, your brother was in my room, but Dongfang Yu was also in the room next door."

"This..." Che Qixuan's head started to hurt as well He thought about it and said, "then, I'm really not sure about this situation. I'm guessing that Dongfang Yu should be my brother, but I'm not sure if that person who's completely unrecognizable is really my brother. After all, with two people appearing at the same time, it's very likely that he found a substitute to pretend to be him who's completely unrecognizable. In fact, he's just trying to cover his tracks... ". "...". "..."

Before Che Qixuan could finish his sentence, he heard a "Dong" sound beside him. The moment he turned his head, he realized that Xi Muru, who was originally sitting and listening to him, had already fainted on the floor.

He was shocked. He quickly rushed over and grabbed onto mu Ru's body in a fluster. He shouted in panic, "Hey... Xi Muru... don't scare me like that... wake up quickly... Hey... if you want to fall, go outside and fall... Hey..."

After Che Qixuan shouted and pinched her, Xi Muru finally woke up after about two seconds. When she saw Dongfang Yu, she wanted to cry but had no tears.

“I’d rather that Dongfang Yu in Binhai is you. I don’t want that Dongfang Mo in Binhai to be disguised by someone from the outside,” Mu Ru’s voice trembled as she said this. She thought about the interactions between her and Dongfang Mo, about him using the simulator, and about him... ..

When Che Qixuan heard her words, he didn’t know what to say. When she calmed down a little.. Then, he hurriedly said, “alright, I’m just making wild guesses. Who knows what my brother is up to  
“Moreover, I’ve been lying in bed for ten years. I don’t know what kind of changes happened to the Dongfang family during those ten years. I don’t know how my parents died either. In short... ”

When Che Qixuan said this, he paused for a moment Then, he said faintly, “alright, when Yong Jun comes back, I’ll ask him to send you back to Binhai. Since you’re pregnant with my brother’s child, of course, you have to go back to the Dongfang family. No matter what, the Dongfang Family’s child can not be left outside. ”

“I’m not going back.” Mu Ru denied Che Qixuan’s decision without even thinking. Then, she looked at Che Qixuan and said, “It wasn’t easy for me to escape from your brother’s evil clutches. I don’t want to go back to his side. He’s simply... A bt...in his heart. ”

“You’re not going back?” Che Qixuan heard his words and snorted coldly. “But do you think you can escape “Moreover, you were taken away from that cruise ship by Pu Yongjun and his sister. There are usually surveillance cameras on the cruise ship. It shouldn’t be difficult for my brother to find you. It doesn’t matter if he finds you. What if he finds me, then what should I do I don’t want to see him again, and I don’t want to know about his messy matters.”

“Then I’ll just leave.” Mu Ru immediately stood up when she heard Che Qixuan say this. Then, she said angrily, “the world is so big, I don’t believe that there isn’t a place for me to stay. Can’t I just not stay here with you?”

“where can you go?” Che Qixuan looked at her walking towards the door and sneered. “Xi Muru, you haven’t experienced much in society, right? Don’t you know that it’s difficult to walk in this world without a license?”

#### **Chapter 434 who is the problem expert 5**

When Mu ru heard Che Qixuan say this, her hand that was about to open the door stopped abruptly. She turned around to look at Che Qixuan, but she did not know what to do.

When Che Qixuan saw her like that.. En Bu sighed and tried to persuade her, “Xi Muru, it’s fine if you’re penniless now, and you don’t even have an ID. I guarantee that you’ll be arrested by the Korean police in less than two days, and then you’ll be sent back “Do you think you can leave?”

Mu Ru didn’t say anything. In fact, she knew that she couldn’t leave. Even though she had never been abroad before, she still knew that any country would crack down on illegal immigration, and she was purely an illegal immigrant Even though she didn’t know how she got here.

Mu Ru now fully understood what it meant to say that an arm couldn't wring a thigh. In the past, when she was at Binhai, she couldn't wring Dongfang Mo because that was a huge leg.

Now, she had come to Korea by accident with great difficulty, but she couldn't wring Che Qixuan, also known as Dongfang Yu. This person seemed easy to talk to, but in fact, he was extremely difficult to talk to.

Che Qixuan asked her to go back to Binhai, but he did not send her back himself. He said that he would let Pu Yongjun send her back, because he had said that he would not go back to Binhai or the Dongfang family. Moreover, he had made an agreement with Mu Ru that she was not allowed to say that she had seen him when she went back. Otherwise, he would let Pu Yongjun hypnotize her. He would erase this memory from her mind.

She had stayed in Korea for three to four days. Originally, Pu Yongjun was the one who sent her back to Binhai. However, when she was about to leave, Pu Yongjun had something to do and could not leave. In the end, it was Pu Zihui who sent her back to Binhai.

She still took the sea route. In Pu Zihui's words, a person like you who didn't have any documents wouldn't be able to sneak across without taking the sea route. The Sea was the only opportunity.

Mu Ru actually didn't know how Pu Zihui smuggled her back to Binhai. She only knew that they boarded the yacht, then she brought her on the yacht. After that, they got off the yacht and changed to another yacht. In the end, they changed to a yacht.

In short, it took two days and two nights to successfully send her back to Binhai. Originally, Pu Zihui's mission was completed, but she was still a girl. She was only three or four years older than Mu Ru. Therefore, she was very curious about Che Qixuan's twin brother, so she decided to be a good person to the end, saying that she would personally escort her back to the Dongfang family.

Although Mu Ru was extremely unwilling to go back to the Dongfang family, it was not up to her now. Moreover, Pu Zihui insisted that she promised Che Qixuan that she would send her back safely, so she could not go back on her word.

In fact, Mu Ru could tell that Pu Zihui liked Che Qixuan very much. It was just that Pu Zihui did not know that Che Qixuan could not be a man right now, so her secret love was definitely empty love.

Of course, she wouldn't tell Pu Zihui the secret of Che Qixuan, because she had promised Che Qixuan that this secret could only be known by herself. Moreover, she immediately forgot about it after hearing it back then.

After returning to Binhai, she took a taxi to one-inch ink city on the East Coast. Mu Ru felt very uncomfortable. She thought that she had escaped this time, but who knew... ..

The taxi had just arrived at the gate of one-inch ink city. Before it stopped, she saw a car driving into one-inch ink city. A Min was clearly sitting in that car, and beside her was a min.

She was so shocked that she did not recover for a long time. Pu Zihui, who was beside her, was also shocked. She looked at her and then looked at the car that had already entered. She could not help but ask, "what's going on? Why is there another you?"

## Chapter 435 who is the problem expert 6

Mu Ru only reacted when she heard Pu Zhihui's words. Then, she smiled wryly and said, "I don't know what's going on either, but it should be my younger sister, Xi Muxue. Only she looks exactly like me, but why is she back in one inch ink city? I can't figure it out."

"Your sister?" Pu Zhihui felt strange when she heard her words. She was about to ask something when the taxi stopped.

Pu Zhihui gave her the money, and Mu ru quickly got out of the car. However, she didn't dare to go to the entrance of one inch ink city. Instead, she quickly pulled up the hat on her clothes to cover her head and then slowly walked along the walls of one inch ink city.

"Hey," Pu Zhihui caught up to her and grabbed her wrist. "What's going on? You were clearly here, but that car just now..."

"I have a twin sister. She had been missing for a long time, but why is she here now? I don't know," Mu ru looked at Pu Zhihui and told her the truth.

"I know," Pu Zhihui patted her head and said, "it must be like this. Isn't your family bankrupt?" "Your sister must have been in trouble outside and had a bad life. Then, she heard that you were Dongfang Mo's mistress and had a good life. Coincidentally, you went missing this time, so your sister immediately came to pretend to be you because she also wanted to live a rich life?" "Who wants to be homeless outside?"

"impossible." Mu Ru immediately denied Pu Zhihui's words. Then, she quickly explained, "although my sister and I are twin sisters, she and I aren't exactly the same. I have an obvious birthmark on my forehead, but my sister doesn't. So, I can pretend to be her as long as I lower my bangs to cover the birthmark, but she definitely can't pretend to be me because she doesn't have a birthmark on her forehead."

"This..." Pu Zhihui heard mu ru say this. She instinctively frowned. Then, she thought for a moment and said, "how about this, you wait for me here. I'll pretend to be your former friend and go find you. Then, we'll see what the security guard says. Does the Dongfang family know what kind of friends you have? Have they met your friends?"

Mu Ru shook her head. "I don't know. I don't have any status in the Dongfang family. They've never paid attention to me."

Pu Zhihui snorted twice and looked at her meaningfully. She didn't say anything more and just quickly walked forward. After turning a corner, they were not far from the entrance of one inch ink city.

Mu Ru was slightly stunned. Then, she quickly followed Pu Zhihui and stopped at the corner. Then, she stuck her head out and watched as PU zhihui walked to the entrance of one inch ink city and watched as she talked to the security guard.

Because they were far away, Mu Ru did not know what Pu Zhihui said to the security guard. She only knew that she had been standing at the entrance for a long time before she seemed to be talking to someone inside. In the end, she turned around and walked over.

“What did the security guard say?” Mu Ru could not wait to speak as soon as Pu Zhihui walked over. “Did he say that I’m missing?”

“MISSING MY ASS!” Pu Zhihui could not help but curse. She glared at Mu Ru and said, “I just saw you at the entrance of one inch ink city. You said you couldn’t remember me and asked if you were a primary school classmate?”

When Mu ru heard this, she almost fainted. Fortunately, she was leaning against the wall. She looked at Pu Zhihui and was stunned for a long time before she asked again, “Um, did you see a birthmark on my forehead?”

### **Chapter 436 are you really ugly**

“I am.” Pu Zhihui rolled her eyes. Then, she added, “she wore a hat before, but it was a pompon hat without a brim, so it didn’t cover her forehead. When she saw me, perhaps her bangs made her feel a little uncomfortable. She even took the hat off and used her hands to fix her bangs. Then, I saw the birthmark underneath the BANGS. It’s exactly the same as you.”

Mu Ru was slightly stunned when she heard Pu Zhihui’s words. Then, she understood. Xi Muxue must have avoided Leng Leiting’s debt, so she put a birthmark on her face. Of course, it wouldn’t be easy to hide outside, so she took this opportunity to.. Hide in one inch ink city.

She must have thought she was dead because she had fallen into Nangong Xun’s hands. She just didn’t expect that she wasn’t dead and even miraculously went to Korea to meet the Real Dongfang Yu.

“Are you Xi Muru or Xi Muxue?” Pu Zhihui stared at her with wide eyes. Without waiting for her to answer, she continued, “the woman I saw at the gates of one inch ink city said that she was Xi Muru.”

Mu Ru didn’t want to bother with her anymore. Then, she said plainly, “you go back to Korea. My matters have nothing to do with you. I’ll live and die on my own from now on. Anyway... No one in this world will care about me anymore. From now on, I can’t even be myself anymore...”

When Mu Ru said this, she could not help but feel uncomfortable. Was there anyone in this world who was more miserable than her?

She was already so ugly. In the words of that devil, Dongfang Mo, she was so ugly that she was like a pig.

But even so, there was actually someone who pretended to be her to replace her. Presumably, she really should not be living in this world, right?

Perhaps even if she was alive, she would have to change her name. Otherwise, if Xi Muxue was like her now, after a long time, Leng Leiting would find out and probably capture her as Xi Muxue again.

This time, she couldn’t even prove that she wasn’t Xi Muxue, because Xi Muxue was exactly like her now.

“since you can’t even be yourself, why not be someone else?” Pu Zhihui probably thought that she was too stupid. Hence, she couldn’t help but say, “not only are you penniless now, you don’t even have any documents. Don’t you know that it’s difficult to make a single step in this world without documents? What are you staying at Binhai for?”

“Then where am I going?” Mu Ru looked at Pu Zhihui and said with a blank expression, “I don’t have any documents anywhere?”

“How about this, you go back to Korea with me. I’ll ask my brother to get you a set of documents. From now on, you’ll be a different person. You’ll live in another place, just like Qi Xuan Jun. You don’t have to worry about Binhai or the Dongfang family anymore.”

Mu Ru was slightly stunned when she heard Pu Zhihui’s words. She then nodded and said, “okay, but... This will add a lot of trouble to you, right?”

“Go.” Pu Zhihui rolled her eyes and snorted coldly. “You’ve already given me a lot of trouble. Do you think you’ve never troubled me before?”

Mu Ru immediately fell silent. In fact, she thought to herself, Pu Zhihui, this is simply unreasonable. I was originally in the hands of Leng Leiting, and Leng Leiting originally wanted to send me back to the Dongfang family.. Wasn’t it all because of the two of you who forcefully brought me to Korea?

However, she didn’t say it out loud. In any case, it was better to go to Korea with Pu Zhihui than to stay in one inch Mo city in Binhai. And she finally had a chance to let her ‘natural and man-made disasters’ happen and leave Dongfang Mo forever.

### **Chapter 437 are you really ugly**

Thinking of leaving Dongfang Mo forever, for some reason, the three-month-old child in her belly moved for some reason. Her heart could not help but twitch.

That day, she had fallen into Nangong Xun’s hands. He had rushed over, but he had not abandoned her. In fact, for her sake, he had actually agreed to race with Nangong Xun. However, she wondered how the race had turned out?

Thinking of this, she could not help but sigh. It was probably Dongfang Mo who had won. Otherwise, why would Xi MUXUE BE IN ONE INCH MO CITY?

That day, Leng Leiting’s men came to the island to capture Xi Muxue. From this, it could be seen that Xi Muxue should be on the island. However, it was unknown whether she was captured by Nangong Xun or went there by herself.

Xi Muxue must be hiding in the dark. When she saw that she was captured, she quickly disguised herself as her and went to see Dongfang Mo, so she could pass the test.

However, she did not know if Xi Muxue knew that she was pregnant. This test was very important, so how was she going to pass it?

Mu Ru felt a headache coming on as she thought about it. However, she thought about it the other way around. She had nothing to do with the Xi family now, and she had even less to do with Xi Muxue. From now on.. She and Xi Muxue were strangers to each other. They did not know each other anymore.

Just like how Dongfang Yu had become Che Qixuan, Xi Muru was going to become another person. However, what was her other identity going to be called?

After returning to Korea with Pu Zhihui, Che Qixuan looked at her and sighed. "Why am I so unlucky? I have nothing to do with the Dongfang family anymore. I've stopped paying attention to the Dongfang family a long time ago, but why are you still looking for me? "

Mu Ru quickly said, "please, Qixuan Jun, you have to understand a little. I'm not the one who came to look for you. It was Pu Yongjun and his sister who dragged me here to look for you. Besides, I'm pregnant with your Dongfang Yu's child. Can you not care about me? "

When Che Qixuan heard her words, he gnashed his teeth in hatred Then, he asked angrily, "is there a man in this world who truly loves you? Please don't tell me it's Dongfang Yu. If you do, I'll vomit blood because you said Dongfang Mo is a devil. "

Mu Ru was stunned when she heard his words. Then, she lowered her head After a long while, she said, "there is. It's just that I don't know where he is, but I know that he treats me well from the bottom of his heart. He really likes me. He really wants to marry me. He wants to be with me for the rest of his life. "

"What's his name? " Che qixuan quickly interrupted Mu Ru's words and could not help but ask.

"Zheng Yifan. " Mu Ru bit her lips gently and finally said the name that had been hidden in the bottom of her heart.

"Zheng Yifan? " Che Qixuan did not think about his relatives for a moment. He frowned slightly and asked again, "is he a former classmate of yours? Or an admirer of yours? "

"He's... He's Dongfang Mo's cousin, " Mu ru looked at Che Qixuan and said carefully ...

"F \* CK! " Che Qixuan couldn't help but swear. He looked at Mu Ru and asked angrily, "are you really an ugly freak? "

Mu Ru didn't understand the real meaning of his question, so she used her hand to lift the bangs on her forehead in a daze and said, "yeah, such a big birthmark. Don't tell me she's a beauty? "

Che Qixuan was so angry by her words that he almost fainted. He couldn't help but growl, "it's a miracle that there's an ugly freak with such great charm like you in this world. You're a brother, and your cousin eats all of them. which man in the Dongfang family haven't you had your hands on? "

### **Chapter 438 are you really an ugly freak**

Mu Ru almost fainted when she heard this. She had a hand in the men of the Dongfang family Please, all the men of the Dongfang family were all bitchy. No, all the people of the Dongfang family were bitchy. Who would want to have a hand in them?

Che Qixuan saw that she did not say anything and only stared at him with a gaze that could kill, so he sighed softly and said, "alright, alright. I'll be a good person to the end. I'll send the Buddha to the West. Zheng Yifan likes you, right?"

Mu Ru nodded and then added, "I like Zheng Yifan too. In this world, he's the only one who treats me well."

"okay, okay, okay. Then I'll help you find Zheng Yifan's current address, and then you can go find Zheng Yifan. Is that okay?" Che Qixuan glanced at Mu Ru with a helpless look.

"Why are you so good to me?" Mu Ru felt strange. Was this Che Qixuan really not a member of the Dongfang family? He was actually not bitchy at all?

"Who wants to treat you well?" Che Qixuan said Snappily, "didn't you say that you're pregnant with Dongfang Yu's child? Since you're pregnant with my child, can I leave you and your mother alone?"

Mu Ru was speechless. This Che Qixuan... Sigh. In short, he was completely different from Binhai's Dongfang Yu. They were not on the same level at all.

Not only did she think that if Binhai's Dongfang Yu treated her as well as Che Qixuan treated her so well, then perhaps she wouldn't be thinking of escaping from one inch Mo city, right?

Mu Ru didn't know what Pu Yongjun and his sister did. She only knew that the two of them didn't seem to go to work. They only played games all day, but it seemed like they couldn't spend all their money.

As for Dongfang Yu, no, it was Che Qixuan. He did not seem to have a job, but he would occasionally go out for a while. He would only come back after a day or two. As for what he did, Mu Ru naturally did not know and did not dare to ask.

It was very important to help mu ru get a new set of documents. Pu Yongjun told her to quickly think of a new name. At the same time, he reminded her that the identity documents were no longer Chinese, but Korean.

Mu Ru thought that she would not be able to have the surname Xi in the future and had to find another surname. But what exactly was her surname?

Pu zihui placed a few Korean surnames in front of her. Lee, Kim, and Pu, but after looking at them for a long time, she eventually shook her head. She felt that these names were obedient and did not suit her.

Pu Zihui was convinced and could not help but say, "come on, Xi Muru, don't think too much. Look at Xuan Jun. he just randomly picked a surname. Isn't that pretty good?"

"His surname is weird." Mu Ru quickly glanced at Zihui and said, "is there anyone with the surname che in the world?"

"Of course there is." Pu Zihui rolled her eyes and said, "not only is there someone with the surname che in Korea, there are also people in China. Missy, are you looking at the common surname?"

"Bai Jia has so many names, why did he choose the Surname Che?" Mu Ru heard Pu Zihui's words and was even more puzzled. "Is the Surname Che very good?"

“The surname che isn’t necessarily good.” Che Qixuan walked down from upstairs Then he looked at Mu ru and said, “but I used to like driving very much, especially racing cars. Although I don’t like it now, I chose the Surname Che to commemorate the past.”

“Oh, so that’s the case.” Mu Ru came to a realization and quickly said, “then I like art, which is painting. Can I have the surname Hua?”

“Surname ‘painting’?” Everyone was stunned when they heard this. Then, they quickly looked at the family names of the Bai family. In the end, they all agreed, “there are no people with the surname ‘painting’ in China or Korea.”

### **Chapter 439: Are you really an ugly freak**

“then... can you go by the surname ‘Yan’?” Mu Ru Meng suddenly remembered, so she added, “to draw, you have to use a lot of pigments and different colors. I think the word ‘Yan’ is not bad.”

“I can go by the surname ‘Yan’.” Pu Zhihui nodded. Then, she took out her phone and said to Mu Ru, “then it’s a deal. What do you want to be called?”

“Let’s call it color,” Che Qixuan said jokingly, “the color is easy to remember, and it’s also nice to listen to. It’s just that the word ‘color’ makes people...”

“My name is Yan ru,” Mu ru quickly interrupted Che Qixuan. Then, she glared at him and said, “Don’t forget, your child is still in my stomach. Now, we have to pay attention to prenatal education.”

Che Qixuan’s face darkened, and Pu Zhihui laughed out loud at the side Then, Mu Ru heard her say into the phone, “yes, it’s already decided. It’s Yan. The color’s Yan, is it the colorful yan? The name, the name is still her name. It’s not yan ru, it’s Yan ru. If it’s Yan ru...”

Yan Ru, Yan ru, Mu Ru repeated it a few times in her heart. From then on, she was a brand new person. She was no longer Xi Muru, but YAN RU.

Yan Ru, this brand new ID belonged to her. She only got it a month later, and when she got it, her waist had already become much thicker.

It wasn’t that this child had never thought of being aborted, it was just that she couldn’t bear to do it. Moreover, the child was more than three months old, and it had already taken shape in her stomach. It would be very cruel to do it.

Moreover, before she had the documents, she was still an illegal citizen. She hid in Pu Zhihui’s house and didn’t even dare to come out. She was afraid of being caught, so she couldn’t go to the hospital.

After getting the documents, Che Qixuan gave her a sum of money and an address. Then, he said indifferently, “Zheng Yifan is in California. Go find him. I hope that you and he can live a loving life together.”

When Che Qixuan said this, he paused for a moment Then, he looked at Mu ru and said, “well, my only hope is that Zheng Yifan can accept the child in your stomach. After all, this is also a child of the Dongfang family, although... he won’t be surnamed Dongfang in the future.”

Mu Ru was slightly stunned, then she nodded and said softly, “don’t worry, this child is mine. I believe that Zheng Yifan will have this child. If he really doesn’t want this child, then... I would rather not follow him, and... won’t abort the child.”

Che Qixuan nodded, then helped her to carry her luggage and send her to Pu Zhihui’s car.

Actually, she originally had nothing. During this month, she stayed at Pu Zhihui’s house, and Che Qixuan had helped her buy a lot of things. Now that she was leaving, she actually filled up a large luggage bag.

Sitting in Pu Zhihui’s car, she waved goodbye to the handsome man who was standing outside the door. In fact, she was never going to see him again!

Because she knew that if she went to America and met up with Zheng Yifan, she would probably never come to Korea again.

From now on, be it Dongfang Yu or Che Qixuan, her life would truly be far away from the Dongfang family, forever.

Tears silently rolled down when Pu Zhihui’s car started. Fortunately, she was sitting in the back seat. She didn’t know if Pu Zhihui saw it or not, and she hoped that she didn’t. Because she wasn’t used to tears, and even more so, she wasn’t used to crying in front of people.

#### **Chapter 440 are you really ugly**

A silver plane took off, flying through the clouds towards the other side of the earth.

And Yan ru was sitting in this plane!

At this moment, she was looking at the white clouds outside the window. It was August in summer, and the sky was high and the clouds were light, which made people feel happy.

She arrived in California the next day. Although she had never been to California, her English was passable, and she could communicate with Americans in everyday language, so she did not encounter too many obstacles along the way.

The ID that Pu Yongjun gave her was actually valid and legal. She did not even know who Pu Yongjun was to be so amazing.

She was four months pregnant. Although her belly had not bulged out yet, her body was indeed a lot fuller. Fortunately, the skirt on her body was wide, so outsiders could not tell at a glance.

Yan Ru took a taxi to Zheng Yifan’s neighborhood according to the address that Che Qishuan had given her. However, she found out that it was actually a high-end neighborhood, and the security guard at the door would not let her in casually.

She took out her ID to register. The security guard at the door interrogated her again and again, and finally let her in. He even showed her the way carefully, saying that she had to turn after the turn, and that she must not take the fork in the road, or else she would have to walk around for a long time.

Yan Ru felt that the security guard was indeed a bad mouth. In international terms, it was a jinx, because she did take the fork in the road after entering.

Of course, as for why she took the fork in the road, she did not know if she did not understand the security guard's words or if the security guard was wrong in the first place.

Fortunately, they were all in this community. She walked around in a circle and searched for more than an hour before she finally arrived at the address that Che Qixuan gave her, which was outside the villa where Zheng Yifan was.

She didn't know whose villa this was because she didn't think Zheng Yifan was a very rich person. And this villa, if it was in China, should be at least tens of millions of houses.

Of course, the price of a house in the United States was different from that in China. It was said that the price of a house in the United States was actually not as high as that in China. But even if it was slightly cheaper than in China, the price should not be low.

The courtyard door was tightly shut, and a large lock was hung at the door to act as an iron general. She was a little depressed, so she could not help but ring the doorbell. Of course, no one came to open the door.

A car passed by. As it was driving very slowly in the community, she saw her ring the doorbell of this house. Then, she kindly rolled down the car window and said to her, "Alicia has gone out. She will probably come back in the evening, right? You may have to be a little patient. There are still two to three hours left. You can go to the stone bench in the small garden next door and sit on it."

Yan Ru quickly thanked him, then she dragged her luggage and turned around to walk toward the Small Garden of a pavilion not far away. There was a stone bench in the pavilion, so she sat on the stone bench and waited for Zheng Yifan.

She had been looking for the way ever since she got off the plane. After a busy day, she finally found Zheng Yifan, but he was not there. Yan Ru was famished, but there was nothing to eat in the suitcase. There was only water.

Of course, drinking water was not included. If it was an ordinary person, they might be able to endure it. At worst, they would not eat anything today. When they saw Zheng Yifan later, they would not be afraid of not having anything to eat?

However, she was pregnant, and pregnant women naturally could not endure such hunger. Most importantly, the child kept punching and kicking her stomach because of hunger. She could not sit still at all.

Therefore, she had no choice but to drag her luggage and walk out of the garden. Then, she asked the security guard at the nearest mall because she wanted to go to the mall to buy something to eat.
