## **Chapter 441 are you really ugly 6**

Yan Ru ate something at the mall and rushed to Zheng Yifan's place. This time, the security guard recognized her, so he didn't say anything and let her in.

She was already familiar with the road, so she quickly walked into the alley that led to Zheng Yifan's place. Just as she turned into the alley, she saw a car slowly driving in front of her. Then, the car stopped in front of the villa.

Seeing that the car door was pushed open, she immediately quickened her pace, thinking that Zheng Yifan must have come back, but —

When she was only three meters away from the car, she saw a man and a woman hugging each other at the entrance of the courtyard. Then, the woman stood on her tiptoes and passionately kissed the man.

However, she was very familiar with this man. It was actually Zheng Yifan!

Yan Ru stood there like a clay sculpture, looking at Zheng Yifan who was hugging an Asian girl. She really wanted to chase after him and question him, "Yifan, why is it like this? " Why is this happening How long have we been apart You said that you wanted to spend the rest of your life with me. Now, I finally came to look for you, but you betrayed our love and your promise?

Yifan, you came to look for me the last time. You said that you wanted to take me away. You said that you would never find another woman in this life. You said that you would make yourself stronger. You said... ..

Yifan, you said so much. I remember every word in my heart. But why did you abandon your promise so quickly?

No, her Yifan was not like that. She did not believe that Zheng Yifan was such a person. Although seeing was believing, she still did not want to believe it. She had to make Zheng Yifan tell her personally that he did not want her anymore and did not love her anymore. He had already fallen in love with someone else The oath he had once made had long turned into a lie.

Hence, she could not help but walk forward. Just as she was about to call out to Zheng Yifan, she realized that he had already raised his head and looked straight at her. Then, his gaze seemed to stop on her... ..

She was so nervous that her heart was about to jump out. She thought that Zheng Yifan would call out to her and ask in surprise, "Mu Ru, why are you here in America? "

Unfortunately, this was her imagination. The truth was that Zheng Yifan did not seem to have seen her. Then, he quickly withdrew his gaze and lowered his head to look at the woman in his arms He said softly, "Alicia, let's go in. I seem to be hungry. "

She did not know how long she had walked for. Because she did not have any destination or goal, she just kept walking with her feet in a daze. It was as if there was only hope if she walked forward... ..

However, a person's energy was limited. A pregnant woman's energy was even more limited. Finally, her feet could not move anymore. Finally, she did not have any strength to support herself anymore.

In the end, she finally collapsed. She stopped at a large square and sat down on the Marble beside the fountain.

Looking at the pool of water that was constantly spraying, for a moment, she almost wanted to jump down and let the water drown her.

However, as soon as this feeling appeared, it was suppressed by the movement of the fetus in her stomach. She suddenly remembered that she was not alone. She still had a child. It did not matter if she died, but this four-month-old child died with her. Wasn't it too innocent?

Moreover, she was not familiar with this place and was new here. If she jumped into the fountain with the Child and drowned, it would bring a lot of trouble to the American police. If the police thought that he killed something, they would have to file a case to investigate How much manpower and Financial Resources would that waste?

Well, she could not die. She had to live. At least she would not waste the manpower and financial resources of the American Criminal Police Department, right After all, she was not an American, so she was embarrassed to waste them.

However, she could not walk anymore. She was tired and hungry. She did not have any strength in her body. She did not even have the strength to go to the mall to buy something.

In the end, she fell into a deep sleep by the fountain. After falling asleep, she actually had a dream. In the dream, she seemed to see Dongfang Yu again. She was sitting in the car with him, on the way to Hongfa Temple to burn incense.

The car was so small, and she was so close to him. His breath was all over her face, and he even pushed her against the car door. He whispered, "I forgot, then I'll help you find him! "

She was tired and hungry. She did not know how long she slept. When she finally woke up, she found that she was still by the fountain, but she was wearing a piece of clothing.

She was slightly stunned. She opened her eyes instinctively and looked up. Only then did she realize that there was a handsome and somewhat devilish man sitting beside her

This man was actually Dongfang Yu?

No, IT WAS CHE Qixuan!

#### **Chapter 443: Two men are willing to marry you**

"Why are you here?" Yan Ru felt that it was a little surreal. She rubbed her eyes and asked, "are you in America or Korea?"

“nonsense.” Che Qixuan glared at her. “I just happened to be in America on business. I was supposed to meet someone in this small square. Who knew that you would sleep here for no reason? Are you so poor You can’t even afford a hotel Where’s the money I gave you Did you spend it all in one day?”

Yan Ru blushed at his question and quickly shook her head. “The money is in my bag, and there’s still a lot of it. I didn’t spend much money today other than taking a taxi. ”

“Then why didn’t you go to a hotel? Don’t you know you’re pregnant?” Che Qixuan glared at her and said, “If you don’t care about your body, why would you care about the baby in your belly? ”

Yan Ru was speechless at his question. It seemed that it was indeed very indecent for her to sleep here. The floor was cold, and it was easy to get sick. Moreover, she was pregnant, so it might hurt the baby.

Seeing that Yan ru did not say anything, Che Qixuan stopped talking about her. He reached out and pulled her up. “Let’s go. Have you eaten? ”

Yan Ru shook her head. She had not eaten for a whole day. In order to find Zheng Yifan, she went out in the afternoon to buy two loaves of bread and a box of milk to eat while waiting for Zheng Yifan.

“then let’s go eat first.” Che Qixuan helped Yan ru with the luggage with his other hand. As he led her forward, he said, “after we eat, I will personally send you to find Zheng Yifan. You look so worried. ”

“I’m not going to find Zheng Yifan,” Yan ru blurted out without even thinking about it.

Dongfang Yu immediately looked at her in shock and quickly asked, “what’s wrong? What’s the matter? Didn’t you say that the man who treats you the best in the world is Zheng Yifan? And you like Zheng Yifan the most, why don’t you go find him? ”

“No reason.” Yan Ru thought for a moment before answering, “Zheng Yifan does like me, but I was alone at that time. And now, I’m pregnant with a child. It’s already been four months. I don’t know if Zheng Yifan will accept this child. Even if he does, I feel that it’s unfair to him. So after thinking about it, I think it’s better not to look for him. ”

“If he really loves you, he will treat your child the same as his own child.” Dongfang Yu frowned and continued, “you must have heard of the idiom ‘love the house and the Crow’ . I think Zheng Yifan...”

“Let’s not talk about Zheng Yifan, okay?” Yan Ru quickly cut him off and turned to look at him. “Che Qixuan, didn’t you say you were going to take me to eat? Why are you talking nonsense on the roadside? I’m so hungry that I don’t have any strength left. ”

“Okay, okay, let’s eat first.” Che Qixuan saw that she was acting like she was about to collapse from hunger and immediately let her go. Fortunately, there was a restaurant not far away and he immediately brought her there.

“Are you really not going to look for Zheng Yifan?” Che Qixuan looked at the woman who was wolfing down her food and frowned. This woman was more real, unlike some women who liked to act like a delicate little woman in front of handsome men.

“I’m not going,” Yan ru answered very straightforwardly without any hesitation.

In fact, she thought to herself, I've already gone to look for Zheng Yifan. The truth has already defeated me. Now, I'm probably going to avoid Zheng Yifan when I see him. How am I going to look for him?

#### **Chapter 444: Two men are willing to marry you**

When Che Qixuan heard her resolute words, his face darkened slightly. So he quickly said, "did you and he have a misunderstanding because of something? It's not like you only found out today that you're pregnant. You've thought about it for so long in Korea. Why did you change your mind after only coming to the United States for one day?"

"No, why would there be so many misunderstandings?" Yan Ru rolled her eyes at Che Qixuan. She said snappily, "didn't you come to the United States to do some business? Why did you become a busybody in the blink of an eye? The matter of me looking for Zheng Yifan ends here. I'll never look for him again, and I'll never miss him again."

Che Qixuan could not help but make an exaggerated gesture to wipe his sweat. Then, he nodded and said, "alright then. You have refreshed my understanding and understanding of love. I always thought that women were more infatuated, especially ugly women. But now it seems that my understanding is wrong. In fact, ugly women are even more heartless than beautiful women."

Yan Ru could not be bothered with him and buried her head in her meal. Although it was just hamburgers, chicken, rice, and chips, which were not very delicious, to her at this moment, filling her stomach was the first factor. Whether it was delicious or not was the second factor. She could not care less about the second factor.

Che Qixuan waited for her to finish eating, paid the bill, and walked out of the restaurant with her. Then, he asked, "where are you going now?"

"I don't know." Yan Ru looked at Che Qixuan, then looked at the unfamiliar street. Then, she shook her head and said truthfully, "I haven't found a hotel to stay in yet. Do you have a place to stay? I'll go with you. I don't have many places to sleep. Anyway, the hotel room is big. If worst comes to worst, you can sleep on the bed and I'll sleep on the SOFA."

"F \* ck, you're obviously taking advantage of me, right?" Che Qixuan could not help but glare at her and said, "you're a pregnant woman. Would I let you sleep on the SOFA? If you want to snatch my bed, just say it."

Yan Ru immediately fell silent. Fortunately, Che Qixuan did not say anything else and brought her back to his room in the hotel. It was indeed very big and luxurious. A rich man was living an incomparably luxurious life. It was estimated that Che Qixuan had never experienced hardship since he was young.

"What are you going to do now?" Che Qixuan waited for Yan Ru to wash up before sitting down on the Sofa with her. Then, they began to seriously discuss her matter.

"I don't know." Yan Ru still shook her head. Then, she looked at the ceiling and said, "if I were alone, I think I might go to France because I once had a drawing teacher in France. I have his phone number in France, but..."

When Yan ru said this, her gaze fell on her lower abdomen again. She sighed softly and said, "I don't know where I'm going with a child now. And in the next few months, it will be very difficult for me to find a job. I guess there are very few companies that want to hire pregnant women, right? "

Che Qixuan nodded at the side. Then, he looked at her and thought for a while before saying, "have you ever considered taking the child and getting married? "

"taking the child and getting married? " Yan Ru was instinctively shocked. When she saw Che Qixuan nod seriously, she could not help but laugh again and said, "who would want to marry me? "

"There are two men who are willing to marry you now. " Che Qixuan heard her words and laughed. Then, he said jokingly, "you say you're ugly, but look at how charming you are. All the handsome men like you. "

Yan Ru rolled her eyes at him when she heard his words. She was not in the mood to joke with him, so she seized the time to ask, "which two men are willing to marry me? Are they the two big brothers? "

#### **Chapter 445 two men are willing to marry you 4**

"Tsk... " Che Qixuan could not help but laugh out loud. Then, he looked at Yan ru and said sarcastically, "you really flatter yourself. Don't the two big brothers of ox-head and horse-face have to marry Xishi Diao Chan? Don't they feel ashamed to marry you? "

Yan Ru was stunned when she heard his words. Then, she glared at him fiercely and said, "alright, Che Qixuan, don't talk to me about this chat room. I'm going to sleep now. "

Yan Ru yawned as she spoke. Then, she instinctively walked towards the big bed. She only remembered when she walked to the side of the bed that this was Che Qixuan's room. The bed was his, so she could only sleep on the SOFA.

Thus, she came over to chase him away. "Che Qixuan, hurry up and sleep on your bed. We agreed that the SOFA is mine. You can't occupy my sofa. I don't care about your stinky bed. "

"Yan ru, are you bullying the weak and fearing the strong? " Che Qixuan sat on the sofa and didn't move. Instead, he looked at her sideways and said, "did you dare to talk to Dongfang Mo like this in Binhai? "

Mu Ru was stunned. Then, she asked coldly, "Qixuan Jun, may I ask WHO Dongfang Mo is? Yan Ru has never known such a person. "

"Ok. " Che Qi Xuan gave her a thumbs up, then said seriously, "alright, let's get back to the main topic. I just said that there are two men who are willing to marry you. One is Pu Yongjun, and the other is... "

"One is you, right? " Mu Ru said before Che Qi Xuan could.

Che Qi Xuan's face turned slightly red, then he growled angrily, "so what if it's me? Didn't you say that you're pregnant with my child? Isn't it good to marry me? "

“Go to hell. How can it be good to marry you?” Mu Ru immediately glared at him angrily. Then, she snorted coldly and said, “Che Qixuan, I said that I’m pregnant with Dongfang Yu’s child, but you’re not Dongfang Yu. You’re just Che Qixuan, and...”

When Yan ru said this, she paused for a moment. Her face quickly pulled out a trace of ridicule as she said, “besides, do you think I can’t tell what kind of relationship you have with Pu Yongjun? I think it’s fine if the two of you get married, I...”

“Yan RU, don’t go too far,” Che Qixuan couldn’t help but growl and stop her. Then he sighed softly and said, “alright, I’m just giving you a suggestion. If you don’t want to, then forget it. Hurry up and go to bed and sleep. I’ll sleep on the SOFA. I still have to go back to Korea tomorrow, don’t I?”

Yan Ru saw that he really did lie down on the SOFA and was slightly stunned. So as she walked to the bedside, she said, “actually, it doesn’t matter if I marry you. At least I have someone to rely on. The key is that I don’t want Pu Zihui to be sad, and even more so, I don’t want her to hate me...”

Che Qixuan did not reply. She did not know if he had really fallen asleep. Yan Ru could not wait for his reply for a long time. She could only lie on the bed obediently, but she could not fall asleep.

Where were they going tomorrow?

Were they going back to Korea with Che Qixuan? Or were they going to stay in an unfamiliar place like America? Or were they going to France to look for teacher Nanke?

If they were alone, they might be able to do whatever they wanted. However, it just so happened that they were pregnant, and their bellies were gradually protruding. It was estimated that in another month, it would be completely obvious.

In a few months, the child would be born. After the child was born, what would she do? How could a woman live with the child?

In the past, she always thought that if she was not in one inch ink city and not by Dongfang Mo’s side, she would definitely be able to live freely and happily outside. She could do whatever she wanted and was not restricted by anyone. She could do whatever she liked.

Now, she was truly free. There were no restrictions at all. Only then did she realize that her ideals were once very full, but the reality now was very harsh.

#### **Chapter 446 two men are willing to marry you**

The next morning, when he woke up, Che qixuan stared at Yan ru in an exaggerated manner. Then, he pretended to be surprised and shouted, “Oh my God, what is this place? Chengdu? The hotel room even provides panda services?”

Yan Ru glared at him and couldn’t be bothered with him. She turned around and picked up her luggage.

“Hey, where are you going?” Che Qixuan saw that she was leaving noisily, so he quickly chased after her. Then, he carefully smiled and said, “I’m sorry, I said it wrong. Actually, you don’t look like a panda. At most, you’re just a national treasure.”

Yan Ru did not want to bother with him and continued to walk out of the door. Then, she lightly said, "I'm going to look for a job today. I can't possibly sit around and eat nothing, right? Moreover, with the little money you gave me, I can still use it for ten days to half a month at most. I have to prepare for my future life..."

"What kind of job are you looking for?" Che Qixuan snatched the bag from her hand and walked with her to the elevator. As they walked, he scolded her, "look at you. You're a pregnant woman. Which Company would hire you?"

Yan Ru did not say anything. How would she know which company would hire her? She had not gone to look for a job yet?

Che Qixuan quickly paid the bill at the hotel and dragged her hand out of the door.

Yan Ru very naturally broke free from his hand and could not help but mutter, "men and women should not be intimate with each other. I don't know. Don't come and pull my hand so often."

Che Qixuan was stunned for a moment before he could not help but laugh out loud. Then, he nodded and said, "okay, okay, okay. I can't be bothered with you. Now Hurry up and tell me. Do you want to return to Korea with me or become a vagrant in the United States?"

Yan Ru looked at the unfamiliar street. There were many cars on the street, but most of them had yellow hair, high noses, and Blue Eyes. It seemed that they were very far away from her.

"Alright, I'll go back to Korea with you." She sighed softly and added, "At least Koreans are like Chinese. They have black hair, yellow skin, and black glasses. They look a little more friendly and less fearful."

Che Qixuan did not know whether to laugh or cry when he heard her words. He immediately took her to hail a taxi and rushed to the airport. Only then did Yan Ru react. So, she quickly asked, "aren't you here to do something in the United States?"

"I went to do it after you fell asleep last night," Che Qixuan said nonchalantly. Then, he rolled his eyes at her and said, "you slept like a dead pig. Fortunately, it's a hotel. If it was by the roadside, who knows what would have happened?"

Yan Ru couldn't be bothered with him. Fortunately, they arrived at the airport very soon. The summer sun in California was particularly scorching. Even in the morning, they could feel the heat of the Sun.

When they returned to Korea, Pu Zhihui welcomed her very much. She said that she had stayed here for a month and helped them cook and clean up every day. She had saved a lot of trouble, so she simply couldn't bear to let her go.

Yan Ru smiled and said in a low voice, "of course it's not good for me to eat and drink for free here. Actually, I want to find a job, but I have a big belly. It's really troublesome."

"Why are you still looking for a job?" Pu Zhihui quickly smiled and said, "my brother said that he likes you and wants to marry you. If you don't mind my brother, I think..."

"Yan Ru has already agreed to marry me." Che Qixuan didn't wait for Pu Zhihui to finish speaking and immediately snatched her words away. Then, he looked apologetic and said, "I'm sorry, Zhihui. I didn't know that Yong Jun likes Yan Ru, I..."

## Chapter 447 two men are willing to marry you 6

“Don’t say anymore,” Pu Zihui immediately growled, then turned around and walked to her room. With a bang, she closed the door. Obviously, she was angry.

Yan Ru was shocked. She looked at Che Qixuan and said, “why are you spouting nonsense? When did I say I’m going to marry you?”

“then you mean you’re going to marry Pu Yongjun?” Che Qixuan frowned. Then, he said, “actually, it’s not a bad thing for you to marry Yongjun, but the key is the child in your belly. I think... You’d better marry me. I’ll really love this child.”

Yan Ru widened her eyes as she looked at Che Qi Xuan. Would it be good to marry him? How would it be good to marry him?

“Mommy, are you done washing up? I’ve memorized all my poems. Why are you so slow?” Little feather’s voice came from outside. At the same time, it pulled Yan ru back from her memories. She quickly wrung the water on the towel with her hands.

Outside, little feather did not wait for Mommy’s reply. He could not help but pat the bathroom door with his little hands and shout loudly, “Mommy, mommy, hurry up. Daddy is already waiting for us in the living room. It’s really late.”

“Oh, I know. you go out and eat with daddy first. I’ll be out soon,” Yan ru quickly shouted to the door and sped up the washing up.

After she washed up and changed her clothes, she came out. Little feather and Che Qixuan were already enjoying breakfast in South Africa. One was big and the other was small. They sat at the dining table. From Afar, they actually looked 70-80% similar. No one would believe that they were not father and daughter.

“Are we really going to the Antelope National Park today?” Yan Ru sat down at the side and looked at the man who was eating his breakfast elegantly. Then, she picked up a sandwich and took a bite.

“Don’t tell me you don’t want to go?” Che Qixuan looked at her and then added, “actually, I don’t really want to go either, but little feather really wants to go. She said she wants to see the lions.”

“Well, I don’t know how many times I’ve seen the lions in the zoo.”

Yan Ru was biting the sandwich in her mouth. Then, she turned to look at her precious daughter and said softly, “let’s not go to the Antelope National Park today. Let’s go to Table Mountain, okay?”

“No,” Yu Yu rejected Yan ru’s suggestion immediately. Then, she said like a little adult, “what’s so good about Table Mountain? I saw it on the balcony yesterday. Isn’t it just a mountain that looks like a table? I don’t want to see a mountain. I want to see a lion, see a lion!”

Yan Ru sighed deeply and then glared at the man not far away. She couldn’t help but growl, “Che Qixuan, are you the one who spoiled little feather?”

Che Qixuan smiled. He came over and hugged little feather. He kissed her pink cheeks and then said with a proud smile, "people say that my daughter is my lover in my previous life. Who Do you think I don't spoil?"

Yan Ru was stunned and didn't say anything. Seeing that the father and daughter had already left the room, she quickly finished her breakfast, grabbed her bag, and quickly chased after them.

South Africa's giant Antelope National Park was also a natural wild zoo. The animals that could be seen here were obviously not like the animals in cages in other cities. They were all wild animals that ran freely in the jungle.

Yan Ru wanted to bring her paintbrush and Easel with her before she went out because she wanted to go and write a few drawings Che Qixuan rolled his eyes at her and said, "come on, you're still sketching? If there really is an animal pouncing on you, you won't even have time to run. What's the point of sketching? Hurry up and bring your DV with you. Shoot it first and come back to slowly draw it."

### **Chapter 448 who is the Saboteur 1**

Che Qixuan was right. This antelope national park was not a place for drawing, because when you really went deep into the hinterland, you would not even dare to get out of the car to look at the animals, let alone draw them.

Little feather was naturally bold. She had been sitting in the car watching the animals run, but it was not enough. She even said that she wanted to get out of the car to take photos.

Fortunately, Che Qixuan hugged her As he hugged her tightly, he quickly comforted her, "baby, you can't just get out of the car in this place. You don't have that wolf or bear. They are all so hungry. If you get out of the car, you will become their delicacy. You are such a pink and tender little thing. Maybe they will swallow you in one bite. Then, where will your mommy and I find you?"

"You can cut open their bellies and dig me out of their bellies?" Little feather had an innocent look on her face. She was not scared at all by Che Qixuan's words of being eaten by the animals.

Che Qixuan took a deep breath and wiped the sweat off his forehead Then he said nervously, "Baby, how strong do you think your mommy and I are We are not as brave as you. Besides, even if we have the courage to fight with bears, wolves, and lions, we can't defeat them What if they eat US too?"

"Then we will live in their stomachs? hehehe..." little feather laughed proudly without any fear. In her mouth, the stomachs of the animals were like a house.

Yan Ru was speechless after hearing little feather's words. Was this child really insensible or pretending to be ignorant She usually watched so many cartoons. Could it be that she had become an idiot?

After playing in the Antelope National Park for a day, it was actually a day of watching wild animals. Yan Ru was so tired that she almost collapsed, but Che Qixuan and little feather were still energetic.

When they returned to the hotel, Che Qixuan's cell phone rang desperately. He quickly took out his cell phone and went to the balcony to answer the call while Yan ru was busy organizing the DV she had shot today.

Before she could finish organizing, Che Qixuan walked in. He looked at the two of them and said helplessly, “we’re going back to Korea tomorrow. Just now, Pu Yongjun called...”

“I hate Pu Yongjun the most,” little feather quickly interrupted Che Qixuan’s words and said in a Huff, “every time we go out to play, he’ll call us before we’ve had enough. He’s always so destructive. He’s a saboteur!”

Yan Ru was stunned when she heard little feather’s words. Then, she couldn’t help but laugh out loud. Then, she echoed her daughter’s words and said, “yes, yes. Not only is Pu Yongjun a saboteur, that Pu Zhihui is also a saboteur. The brother and sister are always making things difficult for us.”

Che Qixuan glared fiercely at Yan ru and said, “fine, isn’t that scoundrel of a friend of yours a saboteur? They are very good. I haven’t seen anyone treat my little feather very well, especially that Nan Ke...”

Just as Che Qixuan said this, Yan Ru’s cell phone rang. She immediately made a pause gesture to him. Then, she quickly picked up the cell phone and took a look. It was indeed a call from Nan Ke.

She immediately made a pause gesture to Che Qixuan, then took her phone and walked towards the balcony. As Nanke was in France, this was an international long-distance call.

#### **Chapter 449: Who is the Saboteur 2**

Yan Ru answered the phone for ten minutes. After receiving the call, little feather lost his temper in the room before walking in. Then, he said with a smile, “just now, Nanke called me and said that there is an art exhibition in France. That company sent me an invitation letter. Of course, they sent it to the address I left in France, which is where teacher Nanke is. So, they told me to hurry to France to attend the art exhibition in ten days.”

“Go to France?” Little feather was immediately interested, so she couldn’t help but shout loudly, “Mommy, I want to go to France too. I want to see Uncle Nanke.”

“Aren’t you going to attend the ballet performance at the end of the month?” Yan Ru quickly reminded her, “little feather, you’re representing your kindergarten to participate in the competition. Don’t you want to go and get a big prize?”

Yan Feiyu was stunned when she heard this, and then she said helplessly, “alright then. Mommy will go to France, and Yu Yu can only dance ballet in Korea. But, I don’t want to dance ballet. My feet hurt so much when I dance ballet.”

Yan Ru felt uncomfortable when she heard this. Then, she squatted down and stroked her little shoulder. “Yu Yu, we are strong warriors, aren’t we?” “before I went to learn ballet, mommy asked you if you would be afraid of pain in the future. You said that you wouldn’t. Mommy told you at that time that perseverance is victory. You also said that you would always persevere. Now that you can dance with great difficulty, do you want to give up again?”

Yu Yu bit her lips and thought for a moment. Then, she shook her head and said, “I won’t give up. I’m not afraid of pain. I want to go to ballet. This time, I’m the lead dancer.”

Yan Ru nodded and sighed in satisfaction. "Alright, Yu Yu. We went to the Great Antelope National Park Today. Everyone is tired. Let's eat together in the restaurant. Come back early and sleep. We'll go back to Korea early tomorrow morning."

Yu Yu was happy again Then, she ran to pull Che Qixuan's hand and said as they walked out of the door, "Daddy, actually, I don't hate uncle Pu Yongjun that much. It's just that he always likes to talk to you, so it's hard for Yu Yu to talk to Daddy."

Che Qixuan couldn't help but laugh. He bent down and picked Yu Yu Yu up. He pressed his forehead against hers and said softly, "then this time when mommy goes to France, Daddy will sleep with little Yu Yu every day, okay? We'll talk a lot every day."

"Okay." Yu Yu was happy again. The moment she turned her head, they arrived at the restaurant. So she happily shouted to Yan ru who was following behind them, "mommy, hurry up. I want to sit by the window."

Yan Ru nodded and quickened her pace to follow. Che Qixuan and Little Yu were together. One of them was particularly handsome and charming, while the other was as beautiful as an angel. They immediately attracted the attention of many people in the restaurant.

She and Che Qixuan had been husband and wife for five years. In fact, they usually got along very well. Moreover, Che Qixuan was an extremely competent husband, especially when it came to Yu Yu. It could be said that he was an extremely qualified husband.

Outsiders might not know, but they would definitely think that they were an extremely harmonious and happy family. Even Yi Yi was extremely happy that she was born into such a family.

Of course, Yu Yu was not completely satisfied. There were times when she was not satisfied. Especially in the past two years when she went to kindergarten, she gradually felt that there was something wrong with her family.

One night, Yan ru took her to sleep She actually asked Yan ru a strange question, "Mommy, Mommy, other children say that their daddy and mommy sleep on the same bed. Why don't you sleep on the same bed as Daddy?"

#### **Chapter 450: Who is lying**

Yan Ru naturally could not answer a question like little feather's, so she did not answer every time. Instead, she quickly changed the topic. The child was young, so if she changed the topic slightly, she would naturally forget about her own question.

Unfortunately, as Yu Yu grew older, it was gradually difficult for her to change the topic. For example, tonight, she pulled Yan ru and asked, "Mommy, why doesn't daddy sleep in the same room as us?"

"Daddy always snores when he sleeps. He will disturb us," Yan ru answered seriously and added, "didn't Yu Yu dislike the sound of snores?"

“You’re lying. Daddy doesn’t Snore when he sleeps,” Yu Yu immediately refuted Yan ru and said seriously, “the one who snores is Uncle Yong Jun. I passed by Uncle Yong Jun’s room a few times and heard him snoring.”

Yan Ru was embarrassed So she quickly changed the topic, “Yu Yu, go to sleep. The plane is flying to Korea tomorrow morning. If you don’t sleep now, you won’t be able to get out of bed tomorrow morning.” “But I want daddy to come in and sleep with us,” Yu Yu still refused to let go of her question She wasn’t affected by Yan Ru’s new love at all.

“Our bed is small.” Yan Ru found an excuse again. “Your daddy is tall and big. If he sleeps here, we won’t have any place to sleep.”

“WHO said that?” Yu Yu, who was lying on the bed, immediately got up and jumped on the bed. “Look, this bed is so wide. It must be enough for us to sleep. I’ll call daddy to come in and sleep with us.”

“Hey.” Yan Ru was shocked and immediately got up from the bed. She wanted to grab little feather, but Yu Yu was fast and ran out of the room in no time.

Yan Ru had a headache. Just as she was thinking about what to do, the door was pushed open from outside. Yu Yu had already entered with Che Qixuan’s hand, and Che Qixuan was only wearing a nightgown.

Yan Ru quickly tidied up her conservative nightgown and looked at Che Qixuan. “You’re not asleep yet? Didn’t you say you were flying to Korea tomorrow morning? Why didn’t you sleep earlier?”

Actually, what Yan ru meant was, Che Qixuan, if you fell asleep now, Yu Yu wouldn’t be able to wake you up It’s all your fault. Are you okay now? You actually came to my bed.

“I just took a shower,” Che Qixuan explained and carried Yu Yu onto the bed and placed her in the middle Then, he looked at Yan ru and said, “since Yu Yu wants to sleep next to daddy and Mommy, then let Yu Yu sleep in the middle. This way, she can be next to daddy and Mommy, okay?”

“Okay, okay.” Little feather immediately clapped his hands and squeezed Yan ru. “move over, Mommy. There are so few seats on daddy’s side. We have to leave some space for him.”

Yan Ru felt a little helpless. Since things had come to this, she could only move her body to the side Then, she said helplessly, “fine, how wide does your daddy want to sleep? If he really wants to sleep wide, then he can go back to his room and sleep. Our bed is narrow, so we can’t sleep with him.”

Che Qixuan smiled and then slightly shrank his body to lie down beside feather. He looked at her satisfied smile and couldn’t help but be stunned. Then he looked at the woman on the other side of feather He could only see her back.

He sighed. It seemed that he was destined not to sleep tonight. However, he could not leave at this time. He had to wait for feather to fall asleep before he left.
