Chapter 501 escaping into the Tiger's den 5

Speaking of which, when Dongfang Mo realized that the old woman might be lying to him, he immediately drove back. Of course, he wasn't stupid enough to pass through the market again. Instead, he went in the direction of the main entrance of the Civil Affairs Bureau.

By the time he returned to the small alley behind the civil affairs bureau, the old woman was already cooking at home. She heard a knock on the door and pulled it open. When she saw that it was him, she was slightly stunned. Then, she hurriedly asked him, "what's wrong? "

Of course, Dongfang Mo was asking his wife which direction the girl just ran in. The old woman insisted on her initial words, saying that she ran in the direction of the market.

Of course, Dongfang Mo did not believe her. She said that he did not find her at all in the direction of the market. What does it have to do with me if the Old Lady said that you did not find her?

Besides, the market was so big, there were so many people and cars, and it was so chaotic. Since she wanted to run, and you were still chasing her in the car, how could you see her in the car if she just randomly threw a cat into a corner of the market?

Dongfang Mo was choked by the Old Lady's words and immediately could not say anything because this was the truth. He was in the car and was only passing by the market. If that woman, Yan Ru, really ran into the market, he would not be able to see her.

Just as he was considering whether to call Hao and the others to search the entire market, a Hao's phone call came. On the phone, a Hao reported to him that Xi Muru had already returned to one inch mo city.

He was shocked and quickly reacted. The Xi Muru that a Hao mentioned was definitely the fake Xi Muxue who was acting as Xi Muxue. As for the Real Xi Muxue, even if it was the current Yan ru, she would not stupidly run back to one inch Mo city.

Hence, he quickly told a Hao that it was not Xi Muxue who had run away, but Yan ru who had run away. It was the current Xi Muxue who told him to quickly send people to the market behind the Civil Affairs Bureau to conduct a thorough search.

Just as Dongfang Mo was conducting a thorough search for Yan ru, Yan ru had already fallen into Leng Leiting's hands. She was even facing Leng Leiting's snowball bill.

When Leng Leiting saw Yan ru.. He snorted coldly and said, "Xi Muxue, I told you that we split the money evenly when we earned it back then, but you ran away with the money alone. Now, I'll calculate for you how much money you took from me back then. "

As Leng Leiting spoke, he immediately took out the computer that he had brought with him. Then, he flipped open the bill that he had recorded back then and started typing on the computer's keyboard.

Very quickly, in less than two minutes, Leng Leiting immediately received a new set of data. From the 35 million that Xi Muxue owed him, the interest rolled into 3.5 billion.

Yan Ru did not know how Leng Leiting calculated the interest roll, but she did not care about this problem because whether it was 3.5 billion or 35 million, to her, it was an astronomical figure. She could not pay any of the numbers.

“I don’t have money.” Yan Ru looked at Leng Leiting and said truthfully, “I’m just a commoner. I’m penniless now. I can’t even take out 3.5 yuan.”

Yan Ru was telling the truth. After she was captured by Dongfang Mo in Paris, even her bag was confiscated by Dongfang Mo, so she was truly penniless.

“NO MONEY?” Leng Leiting frowned. Then, he looked at her coldly and said, “Xi Muxue, don’t joke around. These five years have already passed. A person like you who specializes in deceiving people for a living could have swindled tens of millions from me back then. How could you not have swindled money from other places?”

Chapter 502: People’s lack of heart 1

Yan Ru was so angry when she heard Leng Leiting’s words that she almost vomited blood. In his eyes, Xi Muxue was a liar, as if she was a money swindler.

Well, she really did not know whether Xi Muxue was a liar or not, because she was only in primary school and junior high school in the same class as Xi Muxue. Later on, when they went to high school, although she and Xi Muxue still went to the same school, they were not in the same class anymore.

At that time, Xi Muxue was already very old and had started a new way of socializing. Moreover, she was beautiful and had many friends by her side. She had almost no interaction with her sister who lived in the maid’s room all day long.

However, even so, she did not think that Xi Muxue was a liar, right?

That was because at that time, Xi Muxue already knew that her boyfriend was Dongfang Mo. Furthermore, she also knew that after she graduated from university, she would marry Dongfang Mo and be the future mistress of the Dongfang family. The Dongfang family was rich and powerful, and she enjoyed endless riches and riches, so.. There was no need for her to be a liar.

As for what had happened in the past few years after she went to university, that was after she married Dongfang Mo, she was not too sure. In short, she felt that Xi Muxue was a vain person who loved to enjoy life, and she liked to bully others. She was also a person who was self-centered.

Of course, the person Xi Muxue liked to bully the most was actually her twin sister Xi Muru. If she could bully outsiders, she would do it. If she couldn’t, she would just forget about it.

When she thought of this, she almost instinctively retorted, “WHO’S scamming money? Don’t slander me, okay?”

“SLANDER ME?” Leng Leiting was very dissatisfied with Yan ru’s words He could not help but snort coldly, “Xi Muxue, how can you say slander in front of me? You took my money away. This is an ironclad fact. You can’t deny it even if you want to.”

Yan Ru originally wanted to say that she was not Xi Muxue’s, but she took it back when she was about to say it. This was because she had said it countless times. Reality proved that no matter how many times she said it, it was useless. People had already confirmed that she was Xi Muxue.

Hence, she could only say helplessly, “I’m sorry, I really don’t have money. Believe it or not, it’s up to you.”

“Okay, you don’t have money if you don’t have money.” Leng Leiting was obviously very angry at her He could not help but say loudly, “Xi Muxue, I think you’re a dead pig that’s not afraid of boiling water. Since you don’t have money and you don’t think of ways to borrow money from others, then I’m sorry. I’ll definitely think of a way to get my money back.”

Leng Leiting then thought about it and said, “how about this, Xi Muxue, I’ll give you one last chance. Do you want your friend to send you money to exchange for you, or do you want me to deal with you?”

“How can my friend have so much money?” Yan Ru glared at him fiercely She said Snappily, “Do you think everyone is like you? You Open Casinos, loan sharks, and do all sorts of shady things. How can a normal person have billions? I don’t have friends with that kind of money.”

In fact, Yan ru had thought of Che Qixuan before. Of course, if this Damn Leng leiting wanted her to return the 35 million, she would probably call Che Qixuan to try it out. Maybe Che Qixuan would look for Pu Yongjun and his sister to think of a way.. It was very likely that he would be able to collect the 35 million.

It just so happened that Leng leiting insisted on 3.5 billion, so she directly gave up on this idea. According to her observation of Che Qixuan, his assets should not exceed 100 million, so it was better not to call Che Qixuan. Even if she did, it would be a waste.

Chapter 503, the human heart is less than 2

Leng leiting laughed when he heard Yan ru’s words. Then, a mocking expression quickly appeared on his face He said coldly, “Then, Miss Xi Muxue, since you’re not willing to look for your friend, I can help you look for him. If I remember correctly, five years ago, it seems that you and Nangong Xun had a pretty good relationship.”

Leng leiting paused for a moment before continuing, “as for Nangong Xun, he is now a person who can summon the wind and rain in Singapore. I personally think that he should be considered your friend, right?”

“I’m not familiar with Nangong Xun,” Yan ru immediately denied Leng Leiting’s words without even thinking Then, she quickly added, “Mr. Leng, I don’t think you’ve asked about Nangong Xun. Back then, he was only interested in my sister, Xi Muxue. I think Xi Muxue once saved him or something, but he doesn’t have a good impression of me at all. You want him to help me return the 3.5 billion? That’s just a dream.”

Actually, Yan ru did not know if Nangong Xun and Xi Muxue were close, but she knew one thing — she definitely could not fall into Nangong Xun's hands. Because it was very likely that Nangong Xun knew that the Xi Muxue in one inch ink city was the original Xi Muxue, then when he saw her, it was very likely that he knew that she was the Real Xi Muxue now.

She absolutely could not fall into Nangong Xun's hands again. This was unquestionable, because she had fallen into Nangong Xun's hands twice before. Her life was very miserable, even miserable.

When Leng Leiting heard Yan ru say this, he instinctively frowned. Five years ago, he heard that Xi Muxue seemed to have gone to look for Nangong Xun, but in the end, he was not too sure how the two of them worked together.

"since you don't have any friends, then tomorrow I'll bring you to..."

"boss, Elder Dongfang Yingwu is here," someone shouted from outside, interrupting Leng Leiting.

"invite him to the reception room. I'll be right there," Leng Leiting instructed outside the door. Then, he turned to look at Yan ru and said, "Xi Muxue, think about it carefully here. See if you have any friends or backers. I'll go meet the guests first. When I come over later, I'd better hope to hear your good news."

"I'm hungry. Can you give me some food?" Yan Ru did not answer the question directly. When she saw Leng Leiting's face darken, she quickly added, "it's okay if you don't have any food or a glass of water. Otherwise, if I die, you won't get a single cent."

Leng Leiting glared at her angrily. Then, as he walked out of the door, he instructed the person outside, "get mother Wang to send some food in for her. Be careful."

When Yan ru saw that Leng Leiting had left, she started to look around the room seriously. Based on her experience of running away in the Civil Affairs Bureau's washroom this morning, she was now thinking about whether she could find another breakthrough.

However, she was soon disappointed because there was no breakthrough in this secret room, not even a window. Therefore, not to mention that she was alone, even a fly would find it difficult to fly out.

She was finally discouraged and sat weakly on the sofa. She thought to herself, no wonder Leng Leiting did not tie her hands and feet, because this place was the same whether it was tied or not.

Just as she was feeling depressed, the door was pushed open at this moment, followed by the sound of footsteps.

Chapter 504

Yan Ru raised her head instinctively and saw a woman carrying a tray. She was petrified when she saw the woman

This was because this woman was actually mother Wang, who had brought her along since she was young. She was a hundred times better than her biological mother.

When mother Wang saw her, she was also shocked. The tray in her hand was almost unsteady. Fortunately, she quickly steadied it so that the tray did not fall to the ground.

“Mother Wang, why are you here?” Yan Ru’s voice was a little shaky. She could not remember to take two steps forward and directly grabbed mother Wang’s hand.

Mother Wang quickly put down the tray in her hand. Then, she looked at Yan ru from head to toe and asked in a low voice, “second miss, why are you here?”

Yan Ru immediately looked at the door. Fortunately, the door was already closed. So, she put her mouth next to mother Wang’s ear and whispered, “mother Wang, I’m not mu Xue. I’m Mu Ru. I removed the birthmark on my forehead.”

Mother Wang was even more shocked when she heard Yan ru’s words. She could not help but take two steps back and scrutinize Yan ru again. In the end.. She pointed at the Sofa and said to Yan ru, “sit down and eat first. I’ll get a pair of slippers to help miss change her shoes.”

Yan Ru immediately knew what mother Wang meant, so she quickly took off her shoes with her hands and socks. Then, she revealed the inconspicuous red words on the soles of her feet.

No one knew that she had a red mole on the soles of her feet. Only she and mother Wang knew about it. Even her mother, Lin Xinyi, did not know about it.

This was because she did not have this red mole when she was born. When she was three years old, she had been walking barefoot on the ground when a piece of broken glass pierced the soles of her feet. At that time, a small piece of broken glass had not been removed from the flesh, and it had grown into a hemorrhoid Perhaps because the blood had covered the small piece of broken glass, this hemorrhoid was red.

“Are you really the eldest miss?” Mother Wang was excited. She could not help but hug her. Then, she thought of something and quickly let go Then, she pointed at the food on the coffee table and said, “Miss Xi, hurry up and eat. Boss Leng ordered to Cook for you.”

Yan Ru was actually very excited. She had a lot to ask mother Wang, but she knew that now was not the time to reminisce. She also knew that this was not a place to recognize family.

Therefore, she nodded and picked up her chopsticks to eat. Mother Wang looked at her from the side. When she saw her wolf down her food, her heart could not help but ache.

Yan Ru finished her food very quickly. Nanny Wang came over to clean up the bowl and chopsticks. Then, she whispered to Yan ru, “don’t worry. I will think of a way to help you escape.”

Yan Ru’s heart skipped a beat. Her nose turned sour and warm liquid swirled in her eyes. She really wanted to tell nanny Wang not to bother. If she were to be caught by Leng Leiting, she would be harmed instead.

However, before she could say anything, Nanny Wang had already carried the tray and quickly left. She walked to the door and gave her a look, indicating that she should not be anxious. She would definitely think of a way.

Yan Ru felt even more uncomfortable. Would Nanny Wang think of a way What other way could she think of?

Leng Leiting's place was surrounded like an iron wall. Moreover, there were people standing guard everywhere. How could a woman like nanny Wang bring her out of this place?

Chapter 505: The human heart is not strong enough

Dongfang Mo had only returned to one inch INK CITY AFTER DARK!

Of course, Xi Muru was still in one inch ink city. The only one who was not there was Yan ru, who he had captured from Paris.

When Xi Muru saw him, she still walked over obediently. When she saw him sitting on the Sofa with a frown, she could not help but ask in a low voice, "what's wrong? Are you not feeling well? "

Dongfang Mo shook his head, then waved his hand to signal her to leave. Because at this moment, he really did not have the slightest mood to care about this fake Xi Muru.

Xi Muru could not help but feel angry again. She could not help but frown. It seemed like she could not stay in one inch ink city anymore because staying there would not be of any use anymore.

Her beautiful dream had been completely shattered by that woman called Yan Ru. In fact, it was completely shattered by the Real Xi Muru.

The most foolish thing she had done in her life was to refuse to marry Dongfang Mo who had been burned beyond recognition by the fire!

These words were Xi Yuancheng's original words. At that time, she had scoffed at them, but now she felt that these words were the absolute truth!

Five years ago, in order to get the most stupid thing she had ever done right, she had sacrificed her looks and turned her beautiful self into the ugly pig Ba Jie. In the end, she had successfully moved into one inch ink city as she wished.

In these five years, she had been hiding her true nature and playing a role that was completely different from herself. All she wanted was to one day fly back to the top and become a phoenix.

However, with the arrival of this woman called Yan Ru, she finally understood that her dream had come to an end. If she did not think of a way now, she would probably be chased out of one inch Mo city in a few days.

Last night, Dongfang Mo had told her that he was going to marry that Yan ru today. Her heart immediately skipped a beat. Then, she thought that she had to think of a way to change the name on the marriage certificate to her own.

The current Yan ru was actually the former Xi Muxue, but her appearance was the same as her original appearance, which was Xi Muxue.

Moreover, the most important thing was that Yan ru did not like Dongfang Mo. of course, Yan Ru was also the Real Xi Muxue. She was a fool and a fool. She could not understand the way a fool thought, nor could she understand it.

However, this was an opportunity for her because Yan ru was willing to work with her and was willing to let her replace her. In other words, she really wanted to escape one inch mo city.

She put Xi Muxue's identity card and household register in one place, so she left early in the morning. Of course, she went to that place to get her identity card and household register. Then, she wanted to find an opportunity to give this identity card to Yan ru.

Dongfang Mo said that he was bringing Yan ru to get a marriage certificate, so she went to the Civil Affairs Bureau early in the morning and found a quiet corner to hide herself. Then, she waited for Dongfang Mo and Yan ru to arrive.

The Heavens did not disappoint those with good intentions. She finally waited for these two people, and her heart was secretly elated. She was thinking that she had already disguised herself to look completely different from herself, so she would go over to look for Yan ru who was waiting in line later.

But who knew that Dongfang Mo did not even bring Yan ru to line up. Instead, he directly brought her to the second floor of the building next to them. Obviously, Dongfang Mo wanted to use the back door and directly looked for an official to get their marriage certificate.

She was so angry that she almost vomited blood, but there was nothing she could do. She could only leave listlessly. In her heart, she thought that since Dongfang Mo and Yan ru were married, then she had to think of a way to turn herself into Yan ru.

Chapter 506

She went to see an important person in the morning and then slowly returned to one inch Mo city.

However, as soon as she returned to one inch Mo city, she heard aunt Liu say that Yan ru had disappeared. She seemed to have run away when she was applying for a marriage certificate with Dongfang Mo. she said that Dongfang Mo was sending people to conduct a thorough search of Binhai city.

When she heard this, she was stunned. Then, she could not help but laugh. She did not find it strange that Yan ru had run away from the marriage because Yan ru was also Xi Musru. Her thick head could not think of the benefits of marrying Dongfang Mo at all She only remembered that Dongfang Mo used to be a devil. Of course, Dongfang Mo had indeed tortured her very badly.

However, she knew very well that Dongfang Mo had been very good to her these past few years. Although she was only a mistress, other than not having the identity of Mrs. Dongfang, she enjoyed the treatment of Mrs. Dongfang.

The most shocking thing was that the person she met this morning told her that Dongfang Mo was most likely not a eunuch. Of course, this was just a suspicion, so she had to personally go and verify it.

Appraising whether Dongfang Mo was a eunuch was not a difficult task for her because she was his mistress. It was normal for her to occasionally go to his room or ask him to occasionally come to her room.

Therefore, now that Dongfang Mo had waved for her to leave, of course, she was unwilling. She had prepared meticulously for the entire afternoon, and now that he had finally returned, she had to personally appraise the authenticity of the legend.

“Ah Mo, I made your favorite lion head this afternoon. Would you like to have a bite?” Xi Mumu squatted down beside him and said gently, “you’ve been looking haggard these past few days, and today, because of that Yan ru, you haven’t even eaten.”

Dongfang Mo was initially slightly mesmerized because he felt tired. Of course, this tiredness was not just physical, but more importantly, it came from the tiredness in his heart.

This was not the first time Xi Musru had made food for him to eat. In fact, over the past three years, this Xi Musru had indeed been a little tired in one inch Mo city because in order to please him, she would often cook something for him to eat. Of course, this included the lion head that Xi Musru used to be best at.

Hence, now that Xi Musru had said that she had made him a lion head, he did not doubt it. Moreover, he had indeed not eaten anything today to look for that woman, Yan Ru. His stomach had long been starving.

Hence, he nodded and said plainly, “alright, help me pack another bowl of rice. I’m really hungry too.”

Xi Mumu nodded immediately, then she quickly got up and turned around to walk out the door. There was no better opportunity than tonight.

Three dishes, one soup, and a big bowl of rice. If Dongfang Mo had a good appetite, he could still eat something.

Today, he was in a bad mood and did not have much of an appetite, so he frowned when he saw so much food, but he still picked up his chopsticks to eat.

Because he did not have a good appetite, he did not eat much. He barely ate one of the two lion heads, and he could not eat the other one anymore. He only ate half a bowl of rice.

Xi Mumu saw that he could not eat anymore, so she did not try to persuade him anymore. She just quickly removed the bowl, chopsticks, and the remaining food. In her heart, she only prayed that the effects of the medicine would take effect quickly.

The effects of the medicine did take effect quickly. Because the medicine she had given him was heavy, when she went to Dongfang Mo’s room on the second floor again, Dongfang Mo was already lying on the Sofa.

His entire face was slightly flushed. She could not help but use her hand to feel his forehead. It was indeed a little hot. She could not help but feel happy in her heart. Then, she looked at his pants very naturally... ..

Chapter 507: Yan Ru’s worth

However, Dongfang Mo was leaning sideways. His two legs were stacked together, so it was impossible to see anything.

Xi Musru was a little unwilling. When she saw that Dongfang Mo's eyes were closed, she could not help but lean forward. She reached out to grab his belt buckle, wanting to examine it personally. She even wanted to... ..

Unfortunately, her hand had just placed on Dongfang Mo's belt buckle. Before she could pry it open, Dongfang Mo's large hand had already swiftly grabbed her hand. His pair of dark eyes instantly opened. His sharp gaze was like an ice blade as it landed on Xi Mumu's face.

Xi Mumu could not help but panic for a moment, then she quickly calmed down "Ah Mo, I thought you were asleep. I didn't have the strength to get you onto the bed, so I wanted to help you take off your clothes to make you sleep more comfortably. "

Dongfang Mo shook her hand off, then got up to sit properly. He said coldly, "you can go out now. You don't need to worry about my matters. You just need to worry about your own matters. "

When Xi Muru heard this, her expression was still gentle, but her heart was already in turmoil. Dongfang Mo did not want her to help him take off his pants. Did this mean that his place was really fine?

With such a doubtful heart, under Dongfang Mo's cold gaze, she slowly exited Dongfang Mo's room and then deliberately walked up the stairs.

However, she was very smart. She only took a few steps up the stairs before she took off her shoes and tiptoed towards Dongfang Mo's room.

The door was still ajar as before, but the sound of running water could be heard coming from the room. It was obvious that Dongfang Mo was taking a shower, and it was very likely that he was taking a cold shower.

She could not help but feel regret. Why didn't the medicine focus on the main point tonight? If it was the main point, he would definitely not only have a reaction, he would probably not be able to control himself and would definitely want her.

Her heart was filled with regret. She had lived in one inch mo city for five years, and Dongfang Mo had returned from America for three years.

In these three years, she had never thought that Dongfang Mo was not a eunuch at all. He was actually a normal man?

If she had known earlier, she would not have missed these three years for nothing. Then, she had waited for Xi Musru to return to her natural state. She had even threatened the low position that she thought she could enjoy without any worries.

Damn it, damn it. It was all that damn woman. Why didn't she tell her this news earlier?

If she had known earlier that she had gotten Dongfang Mo three years ago, she might have been able to conceive his child then. Now that the child was more than two years old, she might have been able to become Mrs. Dongfang with her child.

No, she could not fail just like that. Dongfang Mo was hers, and it had been decided 12 years ago. Even though she did not understand why Dongfang Mo would come to the Xi family 12 years ago to propose marriage, saying that he wanted her to get engaged.

However, when she thought about it carefully, 12 years ago, she was exactly 14 years old. She had just grown into a beautiful girl. Perhaps Dongfang Mo had met her father, Xi Yuancheng, at a banquet So, he fell in love with her at first sight.

In short, at that time, she was as beautiful as a flower bud. There were many men who fell in love with her at first sight. Otherwise, she would not have lost her first time when she was 16 years old Wasn't it all because she was too beautiful and surrounded by too many tall, rich, and handsome people?

Chapter 508: Yan Ru's worth

Yan Ru was locked in this secret room by Leng Leiting. After seeing mother Wang, her heart relaxed a little. She thought that after running for several hours today, she was too tired and tired. So after mother Wang left, she leaned against the wall and slowly fell asleep.

When she woke up again, it was already the next morning. Moreover, she was awakened by the sound of the door being pushed open. When she opened her eyes, she just happened to see Leng Leiting's half-smiling eyes.

"Hehe, it seems that you are quite good at enjoying yourself?" Leng leiting looked at her with a mocking gaze.

"Don't tell me I should bang my head against the wall and die?" Yan Ru scoffed at Leng Leiting's words Then, she asked in return, "if I really Bang my head against the wall and die, then wouldn't you suffer an even worse loss? Not to mention 35 million, even 3.50 yuan would be gone. At that time, you'd still have to pay a few hundred yuan for the cremation fee, wouldn't you?"

Leng Leiting was stunned when he heard this, then he smiled and said, "Xi Muxue, I only remember that you like to lie the most, but I didn't expect that after five years, you'd become so sharp-tongued."

Yan Ru ignored Leng Leiting's words. She was not Xi Muxue, but Leng Leiting had never believed her words, so there was nothing he could do about it. He could say whatever he wanted. After all, she did not have money, she wanted her life.

Leng leiting seemed to already know Yan ru's personality. This woman was like a dead pig that was not afraid of boiling water, so he did not waste his time with her He said directly, "congratulations, you don't have to worry about me looking for you anymore. You don't have to hide anymore."

Yan Ru widened her eyes and looked as if she didn't understand Leng Leiting's words. She was stunned for a moment before she asked, "Mr. Leng, you mean you don't want me to return the 3.5 billion to you? You have a lot of money and you don't care about the 3.5 billion?"

“nonsense.” Leng Leiting was so angry that he almost vomited blood when he heard Yan ru’s words. He then glared at her and said, “are you dreaming? I sold you. Although the price didn’t reach 3.5 billion, it still sold for 1 billion.”

Leng leiting paused when he said this He looked at Yan ru who was stunned and sighed. “Xi Muxue, I never thought that you would have such a valuable day. I thought that no one would want tens of millions. Who knew that when they heard it was you, they would offer 1 billion.”

“1 billion?” Yan Ru almost fainted on the spot when she heard this.

D * MN, other than that devil, Dongfang Mo, who else in this world would be willing to pay 1 billion for her?

Therefore, the first person in her mind to buy her was Dongfang Mo, and she absolutely could not fall into the hands of that Bastard Dongfang Mo again.

Hence.. She immediately shouted, “Mr. Leng, don’t you think that one billion is too little It’s still 2.5 billion away from your 3.5 billion I think you should look for another one. Maybe someone will give you three billion. Now that you’ve sold me for one billion, won’t you suffer a huge loss?”

Leng Leiting laughed out loud when he heard her words Then, he looked at Yan ru and shook his head. “Xi Muxue, don’t think too highly of yourself. You’ve already exceeded my expectations by selling me for one billion. I’ve never been greedy, so it’s useless for you to goad me like this. I’ve already promised to hand over the person and the money today.”

Yan Ru was so angry that she almost fainted. Actually, she hoped to stay in Leng Leiting’s secret room for a few more days because mother Wang said that she would think of a way to get her out.

However, mother Wang probably hadn’t thought of a way yet, and Leng Leiting couldn’t wait to sell her off. Wouldn’t she fall into the hands of the devil again?

: Chapter 509: Yan Ru’s net worth: 3

Yan Ru had always been certain that the person who bought her was Dongfang Mo, so she had always been thinking about what kind of war she would have with Dongfang Mo when she returned to one inch Mo city.

Leng Leiting’s car had not been driven for long, and Yan ru had yet to figure out what kind of hatred he would have towards Dongfang Mo when she saw him later. Because she had actually helped him escape a billion yuan by running away from the marriage.

However, when the car stopped, when Leng Leiting brought her to a yacht, and when she saw a somewhat familiar yet unfamiliar figure on the yacht, her first reaction was —

This person was not Dongfang Mo, this was for sure!

This person was also not Dongfang Yu, which was also che Qi Xuan, this was also for sure!

But, who was this person Why did she feel that the figure was a little familiar?

Just as Yan ru was puzzled, this person had already slowly turned his body over and looked at her with a smile on his face!

Meanwhile, Yan ru was completely stunned. Even in her dreams, she would never have thought that the person who spent one billion to buy her was actually Dongfang Mo's third brother, the current CEO of Dongfang Group — Dongfang Jun!

Was there such a dramatic thing She and Dongfang Jun had been schoolmates for a few days, had been uncle and sister-in-law for a few months, and had been friends for a period of time.

However, these things had already happened six years ago. Now, she and Dongfang Jun were long strangers, and Dongfang Jun did not even know that she was Xi Muru. Why would he spend one billion on her?

Could it be that the real Xi Muxue and Dongfang Jun had all sorts of connections Or could it be that five years ago, Dongfang Jun and Xi Muxue had actually been in contact secretly?

Furthermore, six years ago, Xi Muxue had cheated Leng Leiting of 35 million, and she had split it with Dongfang Jun?

Yan Ru's mind had been churning with these messy thoughts. In fact, the main reason was that she had never figured out the reason why Dongfang Jun had spent one billion on her.

Regardless of whether Yan ru clearly understood it or not, Leng Leiting had already sold her to Dongfang Jun. on the side, Yan ru saw Dongfang Jun hand over a briefcase to Leng Leiting with her own eyes Then, Leng Leiting opened the briefcase and used his hand to weigh the pink banknote inside.

A total of one billion. This was Xi Muxue's, no, Xi Muxue's price. Yan Ru could not help but feel embarrassed. It seemed that Xi Muxue was indeed much more valuable than her.

Leng Leiting finished counting the money and then took out the agreement that Xi Muxue had signed with him back then. He wanted to tear it up, but was grabbed by Dongfang Jun. Obviously, he did not want him to tear it up.

Leng Leiting did not care too much. In short, his money was already in his hands. Although it was a lot worse than his interest rate calculation, it was dozens of times more than the thirty-five million he put in the bank.

Leng leiting raised the heavy one billion Then, he looked at Yan ru and said, "Xi Muxue, you should feel very lucky. From now on, you don't have to worry about my people chasing you everywhere. In the future, even if they see you, they will not recognize you in front of them. "

When Yan ru heard this, she was so angry that she vomited blood. When she saw that Leng Leiting was about to leave, she could not help but call out, "Mr. Leng. "

"Is there anything else? " Leng leiting turned around and looked at her with a smile that was not a smile. His face was full of mockery. "Xi Muxue, don't tell me you really think I sold you cheap? "

Yan Ru glared at her and sighed. "It was mother Wang who delivered the food for me yesterday. She used to be a servant of the Xi family and worked for the XI family for more than 20 years. I... "

“CEO Leng, why don’t you give this servant to me?” Dongfang Jun who had been standing aside said. He looked at Leng Leiting and said, “It’s just a servant. It shouldn’t be a loss for you, right?”

Chapter 510 Yan Ru’s worth: 4

Dongfang Mo did not sleep well last night. Not only was he worried that Yan ru had not been found, but it was also because Xi Musru had given him some Aphrodisiac.

He had never dreamed that Xi Musru would actually give her an aphrodisiac because in everyone’s eyes, he was a eunuch. Although he had already ‘undergone plastic surgery’ to return to his original appearance, everyone knew that.. That place could not be cured by plastic surgery.

The secret that he was not a eunuch should only be known by one person. That was the current Xi Muxue, which was also Yan ru, because he had once made love with her on the private plane in Paris’s flying beach.

However, Xi Mumu had drugged him last night. Although it was not heavy, he could clearly feel it. Although he managed to control himself and did not have anything to do with this fake Xi Mumu, it still caused him a lot of pain.

Last night, he had soaked himself in cold water for three whole hours. In the end, he had to wait for the heat to dissipate before he walked out of the bathroom. He laid on the bed and could not fall asleep for a long time.

Actually, he did not need to do this at all. After all, he was a normal man. Moreover, this fake Xi Mumu was his mistress now. It was only right and proper for him to use her to cure the APHRODISIAC poison. He did not have to do this to himself.

However, for some reason, he didn’t want to. His heart instinctively resisted her approach. In his mind, there was a fixed understanding. It wasn’t her. Even if this woman had a birthmark on her forehead, which was her appearance five years ago, it was still not her!

If it wasn’t her, then he didn’t want it This knowledge, which he didn’t know when it was formed, was actually deeply ingrained in his mind. That was why he would rather soak in cold water than have this Xi Muru at home!

Because he didn’t sleep well, he woke up a little late in the morning. He had just washed up and hadn’t had the time to shave when a Hao’s call came in. Then, he reported an important piece of news to him.

“boss, according to the electronic traffic map of Binhai last night, we finally found Xi Muxue. No, it was Miss Yan ru who ran into the alley behind the Yuntian hotel and never came out again. Our preliminary estimate is...”

After listening to a Hao’s report, Dongfang Mo held the phone tightly in his hand. The Yuntian hotel belonged to Leng Leiting. His relationship with Leng Leiting had always been superficial on the surface, but they did not have much conflict in the dark. They had always stayed out of each other’s way.

It seemed that Leng Leiting had mistaken Yan ru for Xi Muxue. He had experienced this once five years ago, but that time, Xi Muxue had run away on her own.

This time, Yan ru would definitely not be able to run away on her own. Even if she said that she was not Xi Muxue, Leng Leiting would definitely not believe it because she looked exactly like Xi muxue now. Instead, she was the Real Xi Muxue He could muddle through with Leng Leiting.

Alright, regardless of whether Leng Leiting thought of Yan ru as Xi Muxue or Xi Muru, he had to make a trip to Leng Leiting's Longhu pavilion. As for Yan ru, he had to get her back Even if it was to help Xi Muxue repay the debt she owed Leng Leiting six years ago.

When Dongfang Mo arrived at the Longhu pavilion behind the Yuntian Hotel, Leng Leiting was not there. When his subordinates saw that it was Dongfang Mo, they first settled Dongfang Mo down, then called Leng Leiting and told him about Dongfang Mo's arrival At the same time, they asked about Leng Leiting's return time because Dongfang Mo disliked waiting for people the most.
