Chapter 511: Yan Ru's worth

Dongfang Mo did not wait for long in Leng Leiting's VIP lounge. In just ten minutes, Leng Leiting had already rushed back.

"Aiya, Dongfang, what's going on today? Why did you come to my dragon and Tiger Pavilion?" Leng Leiting shook hands with Dongfang Mo very warmly because Dongfang Mo's arrival had really surprised him.

"I heard that you caught Xi Muxue," Dongfang Mo went straight to the point. It was clearly a question, but he had used a positive tone. This was actually a reminder to Leng Leiting that there was no need to hide it. I had already investigated it thoroughly.

Leng Leiting did not hide it either. Perhaps he felt that there was no need to hide this matter at all. Thus, he answered very straightforwardly, "Yes, Xi Muxue, this woman, she won't walk on the Path to heaven, and she will walk on the path to hell without a door. Where do you think she's running from?" She insisted on running to the entrance of my dragon and Tiger Pavilion. If I didn't catch her, I wouldn't be able to live up to my name, Leng Leiting."

Dongfang Mo laughed when he heard this, then he said indifferently, "congratulations, CEO Leng. But how much money does Xi Muxue owe you?"

Leng Leiting also laughed when he heard Dongfang Mo's words. "actually, six years ago, the money wasn't that much, but six years ago, it was mainly because she shouldn't have lied to me. And as you know, I'm a loan shark. These six years have passed, and the interest is rolling in, so it's still a little too much."

Dongfang Mo nodded and said plainly, "MMM, you can calculate it according to the interest rate you're charging for the loan shark. Now, how much does Xi Muxue owe you?"

"according to the highest interest rate, it's about three billion, and according to the lowest, it's about one billion." Leng Leiting did not take out his computer anymore and reported the number that he had already calculated.

"How about this, I'll give you three billion and you give Xi Muxue to me." Dongfang Mo was not in the mood to continue arguing with Leng Leiting. Without waiting for his reply, he added, "of course, you also have to give me the Bullsh * T cooperation agreement that you signed with Xi Muxue six years ago. I'll buy it all for you in one go."

When Leng Leiting heard Dongfang Mo's words, his eyes were so wide that they almost rolled out. He immediately asked in a hoarse voice, "what? You want to use three billion to pay Xi Muxue back?"

Dongfang Mo nodded with certainty, then he asked plainly, "why? Are you suspecting that I don't have three billion? Or are you suspecting that I'm lying?"

Leng leiting quickly smiled awkwardly and said, "of course, I can't doubt that you don't have three billion. Who doesn't know that your remaining shares in Dongfang Group are more than three billion?"

“there you go.” Dongfang Mo picked up the tea on the coffee table and took a SIP Then, he looked at Leng Leiting and said, “alright, I’ve already given you the price at your highest interest rate. Hurry up and bring her out. I’ll immediately write you a check for three billion.”

When Leng Leiting heard Dongfang Mo’s words, he was filled with regret. His intestines were about to turn green with regret. He had always thought that Xi Muxue that woman was not very valuable, so when Dongfang Jun offered him one billion, he immediately sold it At that time, he was afraid that Dongfang Jun would go back on his word and not buy it.

But who knew that Dongfang Mo actually wanted to give him three billion to buy Xi Muxue? Why didn’t he know that a female swindler was actually so valuable If he had known earlier, he would not have sold Xi Muxue at such a low price even if he was beaten to death?

“Why, do you think three billion is too little?” Dongfang Mo saw that Leng Leiting didn’t say anything, so he frowned and asked again.

“No, of course not, Dongfang you gave me too little money.” Leng Leiting said with slight regret, “it’s just that you came too late. I’ve already sold Xi Muxue!”

“What? You Sold Xi Muxue?” Dongfang Mo was shocked. He stared at Leng Leiting, and his cold voice rang out in a low and hoarse voice, “sold to who?”

Chapter 512-how much is Yan ru worth

Yan Ru looked at Dongfang Jun with a puzzled expression. “Third Young Master Dongfang, what do you mean by spending one billion to buy me? Don’t tell me you’re planning to use me to make money like Leng Leiting?”

Dongfang Jun looked at her without batting an eyelid. Actually, when he saw her in one inch ink city that night, he already suspected that she wasn’t Xi Muxue because Xi Muxue used to be a singer and dancer, so she didn’t seem to know anything about painting And now, Xi Muxue was actually a painter, and she even chose the name Yan ru.

These few days, he had gotten someone to investigate an artist named Yan Ru. He did not expect that before the results of the investigation were out, the news of Yan ru being captured by Leng Leiting came. Then, his mother told him that this Yan ru was very likely to be Xi Muxue.

At that time, he was still a little puzzled. He asked his mother, what do you mean very likely Wasn’t XI MUXUE IN ONE INCH INK CITY?

His mother smiled and told him that the woman in one inch ink city was definitely Xi Muxue. As for this Yan ru If it wasn’t an outsider who went to get plastic surgery to look like this, then it must have been Xi Muru who removed the birthmark on her forehead back then.

When he heard this, he immediately confirmed that this was Xi Muxue and not the very possibility that his mother had mentioned. This was because Xi Muru used to be an art student. She had loved painting since she was young.

Yan Ru was Xi Muxue. This realization made him extremely excited. When he knew that Leng Leiting had mistaken her for Xi Muxue, his first reaction was to save Yan Ru.

Of course, he had to save her. Dongfang Yingwu and Dongfang Mei said the same thing at the same time, completely agreeing with his idea.

He was immediately stunned. He wanted to save Yan Ru because she was Xi Muru, and he had always liked Xi Muru. He saved her because he liked her and because he wanted to be with her.

However, Dongfang Yingwu and Dongfang Mei wanted to save Yan ru from Leng Leiting because they wanted to use Yan ru as a bargaining chip to negotiate with Dongfang Mo. because the Dongfang group was now hidden by DFM's CEO, Rodger He still owed Dongfang Group A huge sum of money that he had yet to pay.

And Dongfang Mo's final withdrawal period had already arrived. It was actually five billion. Dongfang group could barely cope with one billion at a time. If they took five billion at a time and left, it would be a severe injury to their bones and might even be in danger of bankruptcy.

And Dongfang Mo's current level of importance towards Yan ru made Dongfang Mei and Dongfang Yingwu feel as if they were drowning people who had seen a piece of driftwood. They had originally planned to make a move on Yan ru.

However, they did not expect that Leng leiting would unintentionally help them greatly this time. Therefore, they did not need to set up any methods to kidnap Yan ru. Instead, they directly spent one billion to buy her.

After Dongfang Jun heard Dongfang Yingwu and Dongfang Mei's plan, he frowned and asked, "do you think Dongfang Mo will use five billion to exchange for Yan ru to go back?"

"Five billion?" Dongfang Mei snorted coldly and said, "Jun'er, you are now the CEO of the Dongfang Group. Although you are still young, you have been the CEO for five years. How can you still not have a thorough analysis of the situation?"

Dongfang Jun was unhappy when his mother said that. "Mother, what are you saying? Didn't I do everything according to your request? Why are you still so dissatisfied with me?"

Dongfang Mei was stunned for a moment before she quickly said, "Jun'er, I'm not dissatisfied with you. What I mean is that Yan Ru, who's also Xi Muru, is definitely worth more than five billion."

Chapter 513: How much is Yan ru worth

Yan Ru is worth more than five billion How much is she worth?

She was worth the remaining one-third of Dongfang Mo's shares in Dongfang Group, plus six billion. In this way, Yan Ru, who was the real Xi Musru, was worth 11 billion.

Yan Ru was worth 11 billion. Dongfang Jun was stunned after listening to his mother's analysis. Never in his wildest dreams would he have thought that Yan ru, whom he had spent one billion to save, would be

able to earn 10 billion just by selling her. It was more than what he had earned in the past five years at Dongfang Group.

No, in the five years he had been at Dongfang Group, he had actually not earned much money at all. In the first two years, he had earned some money, and Dongfang Group was still thriving. However, with Dongfang Mo's withdrawal of shares, Dongfang group slowly began to decline Especially in the past year, Dongfang Group had already been unable to make ends meet.

Therefore, between wanting to keep Yan ru by his side and using yan ru to earn 10 billion yuan, Dongfang Jun only hesitated for less than three seconds before making a decision. First, he would use yan ru to earn 10 billion yuan. In the future, when he became stronger.. He would then go and snatch Yan ru back.

Anyway, he was still young. He was only two years older than Yan Ru, while Dongfang Mo was already old. He was 10 years older than Yan ru and eight years older than Dongfang Jun..

Now, when faced with Yan Ru's question of whether he planned to use her to earn money like Leng Leiting, Dongfang Jun's face turned slightly red Then, he smiled faintly and replied, "I don't want to use you to earn money. I just want to use you to exchange for the part that should belong to me. "

Although Dongfang Jun's words were very short, Yan ru immediately understood. Dongfang Jun had spent one billion to buy her from Leng Leiting. His purpose was not to save her, but to use her to blackmail Dongfang Mo. He just wanted to get more property from Dongfang Mo..

Alright, the human heart was not ancient. She had never thought that Dongfang Jun would one day become such a mercenary person.

Some people said that society was a big Dye Vat. Once a person was integrated into society, who knew how he would be dyed!

Yan Ru did not know how Dongfang Jun had been dyed, but she knew that she had never changed. For so many years, she had always maintained her true colors.

"I don't want to return to Dongfang Mo's hands," Yan ru told Dongfang Jun honestly. "Can you sell me somewhere else?"

Dongfang Jun was a little surprised when he heard Yan ru's words, then he smiled and answered her, "sure, then who do you think I should find to take over you? I don't ask for much, just 11 billion. "

Yan Ru almost fainted when she heard this. Never in her wildest dreams did she expect her price to double so quickly. No, to be more precise, Xi Muxue's price had actually doubled so quickly!

Leng Leiting had sold her to Dongfang Jun for only 1 billion, and now, Dongfang Jun was going to sell her for 11 billion. This was practically a drop of gold from the sky, he could just pick up the gold from the bamboo basket.

Yan Ru had originally wanted Dongfang Jun to find Pu Yongjun to sell her, but when she heard Dongfang Jun say this, she immediately dismissed this idea because she believed that Pu Yongjun, Che Qixuan, and Pu Zhihui would not be able to come up with so much money.

Dongfang Jun saw that she did not speak, so he did not say anything more. He just stood up and walked to her side. He placed his hand on her shoulder and said softly, "don't worry, Yan Ru. You will only temporarily return to Dongfang Mo's side. Not long from now, I will..."

Chapter 514: How much is Yan ru worth

Dongfang Jun did not continue. He was determined to get the woman he liked because he was no longer the silly boy who wanted his big brother to treat mu ru well six years ago.

His big brother was an extremely cruel man, especially when he forced mu ru to drink medicine and have a miscarriage. Those cruel methods and methods did not deserve to have a beautiful and innocent girl like Mu Ru.

Yan Ru did not know what Dongfang Jun would do, but since Dongfang Jun was planning to let her return to Dongfang Mo's side, she was not in the mood or interest to know what he would do in the future.

She no longer had any illusions about Dongfang Jun. she was only thinking about whether she could bring mother Wang back with her if she returned to one inch Mo city, because Leng Leiting had already sent mother Wang over.

Mother Wang could only walk in after Dongfang Jun walked out of the secret room. When she saw Yan ru, she could not help but wipe her tears and say, "Miss, what kind of life is this?"

Yan Ru shook her head and raised her head slightly. Warm liquid swirled in her eyes.

She did not know what kind of life she had. She had been labeled as an evil creature since she was young, saying that she would bring disaster to her family. Now that she had grown up, the Xi family had indeed suffered a disaster, but..

She was a jinx, but that devil, Dongfang Mo, refused to let her go. He abandoned the beautiful Xi Muxue and actually captured her from Paris and brought her back to one inch Mo city in Binhai city.

Now, she had finally escaped from Dongfang Mo's hands, and in the end, she had fallen into Dongfang Jun's hands!

God, do you have to be so cruel Do you have to treat her like this This was clearly sending her into Dongfang Mo's hands, wasn't it?

"Miss, don't be sad," mother Wang came over to persuade her. Then, she sighed softly and said, "a person has to go through many things in his life, and there are some things that even if you're sad or sad, it's useless."

Yan Ru nodded and used all her willpower to reverse the warm tears in her eyes. Then, she looked at mother Wang and asked softly, "mother Wang, where have you been all these years? I've looked for you before, but I couldn't find you."

Yan Ru was not lying. She had indeed looked for mother Wang before. That was six years ago, when her mother, Lin Xinyi, was sick and needed money to treat her illness. At that time, she thought of the check she had given mother Wang for five hundred thousand.

However, she did not know where to look for it, so she did not find it. She did not expect to see mother Wang at Leng Leiting's place after six years.

"When the Xi family went bankrupt, I was dismissed..." mother Wang reminisced.

It turned out that when the Xi family was surrounded by creditors, Xi Yuancheng was busy trying to raise money while Lin Xinyi arranged for things to happen at home. First, she dismissed the servants.

Mother Wang was also dismissed. Lin Xinyi remembered that she had stayed at the Xi family for a long time, so before she left, she gave her a few pieces of jewelry. Mother Wang originally didn't want them, but she said that the Xi family was in need of money. This could be exchanged for money to pay off the debt.

Lin Xinyi cried and said that the Xi family owed a huge debt. The amount of money that she could exchange for these things was the same as if they didn't have any effect at all. She might as well let her take them and see if she could give them to the two daughters of the Xi family in the future.

Thus, mother Wang immediately left and brought the few pieces of jewelry that Lin Xinyi gave her and the check that Mu ru had given her for five hundred thousand yuan.

Chapter 515: How much is Yan ru worth? 4

Mother Wang did not return to her hometown because her son and daughter-in-law had all come to work in the big city. However, her son and daughter-in-law were not in Binhai but city G, so she went to city G to look for her son and daughter-in-law.

At that time, her son and daughter-in-law thought that she was rich, so she quickly said that she did not have any money because the Xi family had gone bankrupt and the Xi family could not even pay their debts. Therefore, they did not pay her for the last three months and only gave her a few pieces of jewelry.

Therefore, the few pieces of jewelry were taken by her son and daughter-in-law. She had been hiding the 500,000 yuan that mu ru gave her because she didn't dare to give it to her son and daughter-in-law. In her heart, she always remembered that this was mu ru's money, not her own money. She had to find a chance to return it to mu ru in the future.

Furthermore, because Mu ru had followed her since she was young, she had unknowingly treated Mu ru as her own child.

Mother Wang had originally planned to stay at her son and daughter-in-law's place for a period of time, but this person was too old to eat at home all day. Therefore, within three months, she was chased out by her son and daughter-in-law.

She wasn't familiar with city G, so she had to come to Binhai once again. It was not long after the Spring Festival, and her first stop after returning was actually the former Xi family. The former Xi family had already been occupied by strangers, and the people living there were also strangers.

She lamented outside the courtyard for a long time before turning around and walking out of the Xi family's residential area. However, not far away from the residential area, she met Xi Muxue. At that time, Xi Muxue asked her for the check for 500,000 yuan and said that she had been looking for her for a long time.

She was immediately shocked and asked Xi Muxue where she had been looking for her. Xi Muxue scoffed coldly and said, "of course, she went to the rented house of her son and daughter-in-law in city G. Only then did she know that she had come to Binhai."

Mother Wang was even more confused. She quickly asked her how she knew that she had a son and daughter-in-law because only one person in the Xi family knew about her. Other than that person, even Lin Xinyi did not know.

Xi Muxue said, of course, it was her father who told her. Otherwise, how would she know about a servant's family situation? Furthermore, she never cared about servants.

Yan Ru's eyes widened when she heard this. She looked at Mother Wang and asked involuntarily, "Mother Wang, you mean... my father, Xi Yuancheng, is still alive?"

Mother Wang shook her head "I don't know. I really don't know. At that time, Xi Muxue didn't tell me. She only told me to quickly give her the check and said that she was in danger. If her creditors found out, she would probably be in big trouble and she was waiting for the money to be used."

Yan Ru frowned instinctively. Xi Muxue was looking for Mother Wang, and she even knew that Mother Wang had a son and daughter-in-law in City G. Mother Wang said that only one person in the Xi family knew about her situation, and that person was obviously her father, Xi Yuancheng.

Mother Wang and her mother were very close to Lin Xinyi. Of course, if it wasn't good, Lin Xinyi wouldn't have left her with Mother Wang all those years ago.

However, similarly, the relationship between Mother Wang and her father, Xi Yuancheng, was also very hazy. When she was young, there was once when she forgot to bring her homework to school, and the school teacher told her to rush home to get her homework.

She used to live in the same room as Mother Wang, so of course, she went straight to Mother Wang's room. Usually, Mother Wang's room was not locked during the day. Usually, she would open it directly with her hands.

However, today, she could not open it with her hands. She was puzzled. Just as she was about to turn around to look for Mother Wang, she heard a strange sound coming from the room. The sound was mixed with Mother Wang's voice, which sounded like both pain and joy.

Chapter 516 how much is Yan ru worth? 5

She was stunned. She lived with mother Wang every day and had never heard such a strange sound coming from her mouth. Thus, she thought that mother Wang was sick and pushed the door open while calling her mother Wang.

The strange sound in the room immediately stopped, but mother Wang did not answer her. She thought that she had heard wrongly and called twice, but there was still no answer, so she could only turn around and walk away wearily.

Of course, she did not really go back to school, but came to the back of the house, because she remembered that the window at the back seemed to have a piece of broken glass, and the glass was facing the bed. If her homework book happened to be on the bedside table.. Then she could use two sticks to make a clip to get it out.

First, she came to the window with a hole. First, she wanted to see if the homework book was on the bedside table, so she used her hands to climb up the window and tiptoed to look into the window. As a result, she was stunned for two seconds Then, she slipped down quietly and quickly ran away.

That year, she was only eight years old. She did not understand those things, but she knew clearly that her father, Xi Yuancheng, was wrong in mother Wang's bed, but she could not figure out what was wrong.

From then on, she never left her homework book at home. Of course, from then on, she never saw Xi Yuancheng and mother Wang together again.

Now, mother Wang said Xi Muxue was looking for her and knew about her situation, and Xi Muxue said that Xi Yuancheng had told her these things. From this, it could be deduced that Xi Yuancheng was probably still alive.

When Xi Yuancheng was alive, he would never have told Xi muxue about mother Wang's situation because Xi Yuancheng had hidden his relationship with mother Wang so deeply that even Lin Xinyi did not know about it.

However, how could Xi Yuancheng still be alive?

She remembered that when she returned to the Xi family, she saw Xi Yuancheng being beaten to death. Lin Xinyi was crying her eyes out while Xi Yuancheng lay on the floor of the house, his body covered in blood and flesh.

His body covered in blood and flesh, she could no longer see his face clearly, and Lin Xinyi covered Xi Yuancheng with a white cloth. Mu Ru did not have a good impression of Xi Yuancheng to begin with, so of course, she did not open the cloth to take a look.

Now that she thought about it, Yan ru still felt that there was something suspicious about it. However, when she thought about it, she realized that something was not right. If Xi Yuancheng really was not dead and only had a fake corpse to confuse the public, then how could Lin Xinyi not know about it?

After that, Lin Xinyi and she lived together for more than two months. In those two months, how miserable were their lives However, from the beginning to the end, Lin Xinyi had never told her that Xi Yuancheng was not dead?

Until her death, Lin Xinyi had never told her. She even buried Lin Xinyi and Xi Yuancheng Together!

Could it be that Xi Yuancheng had even lied to Lin Xinyi, so Lin Xinyi did not know that the man who had been beaten to death at home was not her husband, Xi Yuancheng?

If that was the case, then wasn't Xi Yuancheng too sinister?

No, no, that shouldn't be the case!

Yan Ru shook her head. She already did not understand what kind of person her father was. She also did not understand how sincere the relationship between mother and father was, and how much hypocrisy and deception was involved?

However, this was not important anymore because whether Xi Yuancheng was alive or not, it had nothing to do with her!

And now, she had to think of a WAY TO ESCAPE BACK TO KOREA!

Chapter 517"there is no path that heaven forbids. "

This was because Binhai, this godforsaken place, was full of traps. Moreover, she was now Xi Muxue. She did not even know how many enemies Xi Muxue had out there. If all of them came looking for her.. Then, she would probably not be able to sell it even ten times in her lifetime.

Yan Ru wanted to escape back to Korea, but of course, she could not say such things to mother Wang. Originally, she trusted mother Wang very much, but ever since mother Wang told her that the check for 500,000 yuan had been given to Xi Muxue, ever since she knew that Xi Yuancheng might still be alive.. She had no choice but to take precautions against mother Wang.

Mother Wang had once treated her well from the bottom of her heart. She knew this, but she was only worried that the current mother Wang might be used by Xi Yuancheng?

Of course, mother Wang did not know about the changes in Yan Ru's heart. She just continued to say what she said to Yan ru, "Mu Ru, I know you're a little strange about the relationship between your father and me, because... "

When mother Wang said this, her face turned red again. She lowered her head and said in a low voice, "at that time, my family was very poor. My husband died early and left a few-year-old son. I was alone... "

Yan Ru knew from mother Wang's story that mother Wang and her father had an affair purely because of money, and her father did not dare to go out and look for servants It was because he was afraid of his mother's family and wanted to establish the perfect image of Xi Empire's CEO who loved his family, his wife, and his children.

She admitted that she was a very simple person and did not have much brain. Mother Wang's explanation seemed to make sense. It was very fitting for Xi Yuancheng, who wanted to be both a son and a chastity archway.

She told mother Wang that she wanted to escape, and mother Wang quickly advised her not to have that kind of dream. We are on a yacht right now, and we don't know what the yacht will look like. How are you going to escape Jump into the sea. Not to mention that you don't know how to swim, even if you do know how to swim, you won't be able to swim to the shore?

Yan Ru was shocked at mother Wang's words. She quickly stood up and ran to the small window to take a look. It was indeed a vast expanse of whiteness that stretched as far as the eye could see.

It was on the sea But why did Dongfang Jun put her on the cruise ship Didn't he plan to exchange her with Dongfang Mo for 11 billion?

In one inch ink city, Dongfang Mo's face was as black as Bao Gong's.

Uncle Liu looked at him carefully and reported in a low voice, "third young master called just now and said that 11 billion is the lowest price. If you think it's too expensive, you can reject it because Nangong Xun will definitely offer this price."

Dongfang Mo was so angry that he punched the Armguard of the SOFA. Fortunately, spongy was thick. If it was a solid Wood Sofa, he would have smashed it into pieces with one punch.

11 billion. This was the price that his third brother, whom he used to love very much, had offered. He had actually used Singapore's Nangong Xun to blackmail him. This was simply insane.

His shares in Dongfang Group were left with 5 billion. In other words, if he gave all the remaining shares of Dongfang Group to Dongfang Jun, he would have to pay another 6 billion to Dongfang Jun..

Alright, Dongfang Jun's calculations were very precise. The year before last, Dongfang Group had given him a refund of his first share, only giving him a refund of 2 billion. Last year, they had given him a second share, only giving him a refund of 3 billion. The shares of the year before last and last added up to only 5 billion.

The money from the year before and last year, together with Dongfang Group's shares, added up to only 10 billion yuan. It was still 1 billion yuan short of the 11 billion Yuan Dongfang Jun wanted.

Chapter 518 the heavens will never sever the path of Man 2

One billion was the price of one inch ink city. Dongfang Jun had really calculated all of his money and was prepared to use Yan ru to exchange for all of Dongfang Mo's assets. He would not even leave him a place to stay.

Amazing. He was truly better than his master. He was ten times more ruthless than Dongfang Mo back then. He probably wanted to destroy Dongfang Mo in an instant, so that he would never be able to make a comeback.

Uncle Liu saw that Dongfang Mo was silent, so he quietly advised, "eldest young master, forget it. There are plenty of other women in the world. You don't have to give up all your wealth for Yan ru."

Dongfang Mo raised his hand and made a gesture that said no more Then he said indifferently, "don't say anymore. I naturally know what to do about this matter. Since Dongfang Jun brought up Nangong

Xun, if he doesn't agree to give it to him, Nangong Xun will probably give him five billion and he will sell Yan ru to Nangong Xun. ”

Dongfang Mo saw this very clearly. This was because the real Xi Musru had left Nangong Xun's hands five years ago, and the fake Xi Musru had sneaked in at that time.

He had always known that the reason why the fake Xi Musru was so bold was because Nangong Xun had given her an idea, or it was because Dongfang Mei had given her an idea.

However, for so many years, he had always thought that the real Xi Musru was in Nangong Xun's hands and that Nangong Xun had probably hidden her somewhere. But now, it seemed that his guess was wrong. Because the Real Xi Musru was the current Yan ru.. She did not seem to have any contact with Nangong Xun at all.

How did the Real Xi Musru escape from Nangong Xun's hands back then?

This question was originally not complicated because the real Xi Musru, the current Yan ru, would definitely be very clear about it.

However, the key point was that this woman refused to admit that she was Xi Musru. She insisted on saying that she was Xi Muxue. Of course, she would not say that she had experienced all these years because she was completely on guard against him.

Alright, he would slowly understand what Yan ru had experienced in the past five years. The key point now was that he could not let her leave again. Even if he had to give up all of his assets temporarily, he had to get her back first.

Of course, if Dongfang Jun thought that by taking away all his assets, he would completely trample on him, Dongfang Mo, that would be a huge mistake. Because he, Dongfang Mo, would not be so easy to trample on.

In today's world, it was not that there were no people who could trample on him, but there were pitifully few of them. At least, he had not met them yet. Therefore, he did not care that the more than ten billion yuan in his hand would temporarily fall into Dongfang Jun's hands.

“where is Dongfang Jun hiding Yan ru now?” Dongfang Mo looked at Uncle Liu and asked with a frown.

“according to the latest news, Dongfang Jun did not bring Yan ru back to the Junfeng forest that he built four years ago,” uncle Liu quickly replied. “according to the news from Leng Leiting's men, Dongfang Jun seems to have brought Yan ru on a cruise ship. As for the destination he is heading to, it is still not clear. He probably informed Nangong Xun at the same time.”

Dongfang Mo nodded, indicating that he understood. Then, he looked at uncle Liu and said, “call a Hao and ask him to help me prepare the fastest yacht and related detection equipment. I want to catch up with him as fast as possible.”

No matter where Dongfang Jun brought Yan ru to in the end, he could not let that woman disappear from his sight again because he did not have many five years to waste.

Chapter 519 heaven never shuts off a path 3

Korea, Che Qixuan's mysterious residence.

Che Qixuan stood in front of the French window and looked out at the boundless sea. The cigarette in his hand that had not been lit had already been crushed into powder by him.

He had initially listed out the four people who would attack Yan ru. Later, after an investigation in Paris, he had come to the accurate conclusion that Dongfang Mo had snatched Yan ru back to Binhai.

At that time, he was not anxious because based on his understanding of Dongfang Mo, since he could capture this woman who was no longer Xi Muru's appearance.. This meant that Dongfang Mo had long suspected that the Xi Muru in one inch ink city was fake.

Well, a gentleman had the beauty of a grown man. Although he and Yan ru were married, this marriage was really too unfair for Yan ru. Although deep down, he actually still liked yan ru very much, it was just that he could not show his affection.

However, who knew that the subsequent developments were out of his expectations? The latest news was that Yan ru had actually fallen into Dongfang Jun's hands. In fact, it had fallen into the hands of Dongfang Mei and Dongfang Yingwu.

Actually, he had long forgotten about the Dongfang family's situation. For so many years, he had definitely been a dead person in the Dongfang family. No one would remember him, including himself. He had even forgotten that he had once been a member of the Dongfang family.

However, with Yan ru's disappearance, he had no choice but to investigate the Dongfang family's situation again. Only then did he know that the CEO of the Dongfang Group had long since changed hands. Now, it was actually Dongfang Jun's world.

He did not have to worry about these situations because Dongfang Mo's ability could deal with more than ten Dongfang Jun. he just wanted to know the latest situation of Yan Ru.

Pu Yongjun stood not far away and looked at him He said with a slight heartache, "the current situation is a little complicated. Dongfang Jun is on a cruise ship with Yan Ru, and that cruise ship is heading towards the open sea. The purpose of the trip is not clear, so it's probably not ice fire island or star Moon Island. The possibility of the Fourth Ring Island is very small, because Dongfang Mo and Nangong Xun once competed in a car race at that place. Dongfang Jun would not choose that island."

Che Qixuan nodded, then looked at Pu Yongjun with a frown and asked, "now do you know how much property Dongfang Jun is going to use Yan ru to ask Dongfang Mo for?"

Pu Yongjun shook his head Then, he smiled bitterly and said, "I haven't found out about this yet, but I reckon that it won't be a small amount. This time, Dongfang Mei and her son have already gone all out, even going so far as to shed all pretense with Dongfang Mo. their appetites will definitely not be small. If they only want Dongfang Mo's entire fortune, that's already very benevolent. I reckon... ".

"I've already thought of that." Che Qixuan took over Pu Yongjun's words and quickly changed the topic, "Yu Yu's safety isn't a problem, right? What does wisdom say?"

“My sister did have some opinions about Yan ru in the past, but...” Pu Yongjun paused for a moment. Then he lowered his head slightly and said, “I told Hui about our relationship. She cried for a few days in sadness, and then she finally accepted reality. She no longer holds a grudge against Yan ru, so Yu Yu’s safety is now in her hands.”

“That’s good.” Che Qixuan immediately felt relieved after hearing Pu Yongjun’s words. He threw the cigarette that had been crushed into powder into the trash can not far away and immediately made a decision.

“Yongjun, I’ll set off immediately to Ice Fire Island and Star Moon Island. You can arrange for the submarine to arrive later.” As Che Qixuan spoke, he had already turned around and walked out of the door. When he reached the door, he turned around and said, “I absolutely can not let Yan ru fall into a disadvantageous situation.”

Chapter 520 there is no escape from heaven

Yan Ru sat in this enclosed room. It was actually a room on a cruise ship. She had nowhere to go, and even if she wanted to jump into the sea to escape, it would be impossible.

Ever since mother Wang told her that she was on a cruise ship, she had indeed thought about jumping into the sea. But soon, her determination was shattered by reality.

Because she saw that the small window in the vast white sea outside was not a real window, but a special one, about the size of a ticket window in a railway station.

And this window was surrounded by stainless steel plates. Not to mention using one’s hands to break it open, even a hammer would not be able to break it open.

Alright, now she had no way to survive, but what if she wanted to die?

This secret room of hers looked simple, but it was actually meticulously prepared. Because the walls around the secret room were covered with thick sponges, even if she wanted to smash her head against the wall and kill herself, it would be impossible.

And the ground was even softer. It was unknown how thick the carpet was. It seemed that Dongfang Mei and her son had indeed done a very thorough job of guarding against her. They also knew that she was a living person who was worth money. If she became a dead ghost.. It would probably be worth nothing.

Alright, what did they mean by saying that every day should not be called and every day should not be called? At this moment, she had truly experienced it.

What did they mean by saying that there was always a way out? It was not the first time that she had experienced the inaccuracy of this sentence. Because right now, she really had not found her way out?

The ancient people said that there was always a bright future, but she really did not see the shadow and direction of another village!

Some people said that there would always be a path before the car reached the mountain, but even though she had driven halfway up the mountain, she still did not see a single road, even if it was a muddy and rugged path.

Well, Yan Ru's life had long been written down by the King of Hell. She was born to die, but because of Lin Xinyi's kindness, she did not die.

Later, when she fell into Nangong Xun's hands, she thought that she would definitely die. However, Dongfang Mo rushed over again. Moreover, because of Leng Leiting's interference, she accidentally met Che Qixuan, who was the Real Dongfang Yu.

Now, she had fallen into the hands of Dongfang Jun, a friend whom she had once trusted very much. She also knew that Dongfang Jun would definitely inform Dongfang Mo. However, she did not want to become a tool that Dongfang Jun used to demand money from Dongfang Mo..

Alright, she could only pray to the heavens that she could be like five years ago, where Leng Leiting would come and stir up trouble for no reason and give her another chance to successfully escape.

However, she stopped when she thought of this because she remembered that she had been sold by Leng Leiting to Dongfang Jun. Leng Leiting had already doubled the amount of money that Xi Muxue owed him, so now, Leng Leiting would not come and stir up trouble again.

Alright, if Leng Leiting did not come and stir up trouble, then this time, she would either die at Dongfang Jun's hands or be captured by the devil, Dongfang Mo, and returned to one inch Mo city. These two outcomes were not what she desired.

She was somewhat regretful. She regretted that when she fell into Leng Leiting's hands, she did not let Leng Leiting inform Che Qixuan. Now, even if she died, Che Qixuan probably would not even know.

It was fine if Che Qixuan did not know. The key was that her daughter, Yu Yu, would no longer have a mother from then on. Her little feather was not even five years old. Such a small person would become a child without a father or mother.

Yan Ru thought about it and unknowingly fell asleep in this secret room. In her sleep, she seemed to see Che Qixuan walking towards her with Yu Yu.
