Chapter 541: whose is this little girl

In one inch ink city, Xi Muru was drinking Yan Hua tea in a pavilion in the Black Garden. In the past month, Dongfang Mo seemed to be very busy. Of course, he was busy with Yan ru's matters.

And she was also very busy. She was busy doing something that no one else knew about.

Anyway, Dongfang Mo rarely stayed in one inch ink city this month. Even if he was there, he probably wouldn't think of her, so he didn't know what she did.

Originally, when Dongfang Mo and Yan ru went to get married, she was going to move out. But because Yan ru disappeared, Dongfang Mo was busy looking for Yan ru all day long, so he forgot about sending her out to live.

In the evening, the scenery in one inch ink city was very beautiful. Although it was already winter and Christmas was about to arrive, one inch ink city was still full of trees and flowers.

She could not help but think of 12 years ago. That year, she was only 13 years old. The eldest young master of the Dongfang family came to her house to propose marriage. At that time, she had followed her father to one inch ink city once.

At that time, one inch ink city was not as beautiful as it was now. However, because of the mountains and rivers, she still felt that this place was as beautiful as a paradise. She immediately fell in love with this place.

She originally belonged to this place. She was born with a rich life. It was only after Dongfang Mo got into a car accident and became a eunuch that she thought of avoiding this marriage. That was why she thought of letting her ugly sister, Xi Musru, marry Dongfang Mo in her place.

This was not her fault to begin with. She did not do anything wrong. She kept analyzing her relationship with one inch ink city in her heart. In the end, she came to a conclusion:

It was not her fault. It was Dongfang Mo's fault!

If Dongfang Mo had gone for plastic surgery six years ago, if he had told her six years ago that he was not a eunuch, then she would definitely have happily married him back then.

Five years ago, she had already successfully swapped Xi Mumu away, and three years ago, Dongfang Mo had broken off the engagement with Kuang Yingying. She had originally thought that her identity as Mrs. Dongfang was just around the corner and that she could rest easy now.

But who would have thought that that damned Xi Mumu would give up the chance to marry Nangong Xun and instead become some bullsh * t painter? It was one thing for her to be a painter, but she actually wanted to do it right under Dongfang Mo's nose. Wasn't she deliberately making things difficult for her?

No, she could not let these few years of her life be wasted. Dongfang Mo belonged to her, Xi Muxue. This was fate. No one could snatch him away from her, not even her own sister.

Just as Xi Musru was thinking, she looked up and saw that the railing at the entrance of one inch ink city had already been lifted, and Dongfang Mo's car was driving into the courtyard.

Dongfang Mo was back?

She was slightly stunned, then she quickly put on a gentle and calm smile and walked over to the car. She silently muttered in her heart, no matter what, she would give Dongfang Mo the most beautiful smile.

However, when she was just a meter away from his car, Dongfang Mo's car had already stopped. Then, the car door opened, and Dongfang Mo stepped out. Then..

A little girl followed behind Dongfang Mo. the little girl was wearing kindergarten clothes. She looked about five years old, and her little face was flushed red as if she was angry.

Xi Mumu was stunned. Dongfang Mo had been out for a few days, and she thought that he had gone to settle some matters. Recently, Dongfang Mo seemed to be discussing shares with Dongfang Corporation, so it was natural that he was very busy.

Chapter 542 whose little girl is this

Who knew that after not seeing her for a few days, he would actually bring a little girl back? Moreover, looking at the way he held the little girl's wrist tightly, it was as if he cared about this child very much.

Xi Muru was stunned, and little feather was stunned the moment she saw Xi Muru because she never dreamed that not only was there a man who looked exactly like her daddy in this world, there was also a woman.. Who looked exactly like her mommy.

If she did not know that her mommy never had bangs on her forehead, if she did not know that her mommy's hair was straight down to her shoulders.. If she did not know that her mommy never wore heels that were more than three inches long, she would have thought that this woman was her mommy.

She was sure that this was not mommy, but she still stared at Xi Muru's face and asked curiously, "who are you?"

Xi Muru was stunned when she heard the little girl's words. Then, she looked at the little girl and then looked at Dongfang Mo who was holding the little girl's hand. Then, she asked gently, "Ah Mo, whose child is this? Is it a relative of yours?"

Before Dongfang Mo could answer, little feather had already answered for him. "I have nothing to do with him. I have nothing to do with him at all. I'm not a relative of his family. He's a big liar!"

Xi Muru was shocked when she heard little feather's words. She could not help but be puzzled. This child was not a child of a relative of Dongfang Mo's family. Then, why did Dongfang Mo bring it back?

“This is Yan Ru’s child, ” Dongfang Mo said plainly. He looked at Xi Musru calmly and said, “Oh right, didn’t I ask you to move to Zixia villa outside? Why haven’t you moved there yet? ”

“Aren’t you... not married yet? ” Xi Musru immediately became unhappy. She did not expect that Dongfang Mo had not looked her in the eye for a month. Today, she finally managed to speak to her, yet he actually asked her why she had not moved away ?

He could not wait to chase her away He could not wait to marry that Yan ru, the Real Xi Muru?

Did he not think about her He had been by his side for the past few years, quietly playing the role of his mistress. Was He not hoping that he would fall in love with her again?

Dongfang Mo frowned, then said plainly, “move over as soon as possible. Because I’m getting married in a few days. She doesn’t like you living in one inch Mo city, and I don’t want her to be unhappy. ”

Actually, Dongfang Mo’s words had distorted Yan ru’s meaning. What Yan Ru said was that she did not want to work with Xi Musru as a husband, which meant that he had to choose between the two sisters.

However, Dongfang Mo thought that he had never asked the two sisters to work together as a husband. Although the two of them often made people mistake their identities, he had never made a mistake.

Xi Musru secretly clenched her fists, and her heart felt as if it was stabbed by a sharp blade!

Back then, when Xi Musru had taken her place to marry Dongfang Mo, Dongfang Mo had been furious when he had seen through Xi Musru’s identity. At that time, he had longed for her to be by his side, and he had longed for her to marry him.

Now, things had changed. In just six years, no matter how hard she had worked, no matter how much she had changed herself into the Xi Mumu she used to be, he still did not even look at her.

Chapter 543: whose child is this little girl

She could not help but look at the little girl in Dongfang Mo’s hand. She could not help but snort coldly in her heart. If it was Yan ru’s child, then it was the Real Xi Musru’s child!

This child looked to be around five years old. Could it be the child that Xi Musru was carrying five years ago?

Back then, Dongfang Mei had told her that Xi Musru was pregnant, but she was carrying Dongfang Yu’s child. Dongfang Yu had been killed in an explosion on a cruise ship on international waters, so the child in Xi Musru’s stomach was a posthumous child.

Now, she also knew that Dongfang Mo was not a eunuch, so she could not help but wonder if the child that Xi Musru was pregnant with back then was Dongfang Yu’s or Dongfang Mo’s?

Of course, regardless of whether Xi Musru was pregnant with Dongfang Yu’s or Dongfang Mo’s, they were both children of the Dongfang family, and Dongfang Mo would probably want them all.

Dongfang Mo said that he would be getting married in a few days, so what he meant was that Yan ru's child was in his hands. Yan Ru had no choice. For the sake of the child, she could only come over and marry Dongfang Mo obediently.

No, she could not let Yan Ru, the Real Xi Musru, marry Dongfang Mo again because once they registered their marriage, it would be very difficult for her to separate the two of them in the future.

Therefore, regardless of whether the child that Dongfang Mo brought back was the child of the Dongfang family or not, it was still Yan Ru's child. As long as she found a way to make this child disappear in one inch ink city, then Yan ru would definitely ask Dongfang Mo for a child.

When that time came, the two of them would not even talk about getting married. Based on Yan ru's personality, she would most likely become sworn enemies with Dongfang Mo..

Dongfang Mo did not know what Xi Mumu was thinking. He just finished what he needed to say before he led little feather towards Mo Garden.

Little feather was forced to follow Dongfang Mo. at the same time, he turned around to look at Xi Mumu who was still standing in the courtyard. He could not help but ask, "big liar uncle, who is that Auntie who looks exactly like my mommy?"

"It's your Mommy's sister," Dongfang Mo replied naturally without even looking at little feather. Then, he added very patiently, "it's your Mommy's twin sister?"

"Twin?" Little feather frowned and thought for a moment before asking, "does it mean that twins are twins?"

"That's right, looks like you're very smart." Dongfang Mo held little feather's hand and walked into the hall. Then, he called out to aunt Liu, "Aunt Liu, help me prepare two lion heads. I reckon that this child will like eating lion heads."

"I don't like lion heads." Little feather quickly denied Dongfang Mo's words. Then, he called out to aunt Liu, "grandma, I like eating nest hair. Mommy says that nest hair is coarse grain. Only when children eat coarse grain will they grow tall."

"then prepare nest hair." Dongfang Mo obviously did not have the patience to argue with little feather. Then, he continued to hold her hand as they walked towards the second floor. At the same time, he said, "I'll bring you to see the room you're going to stay in tonight."

Little feather knew that it was useless to struggle, so he could only obediently follow him to Dongfang Mo's room on the second floor. When they walked in, they saw a huge wedding photo hanging on the wall.

The man in the wedding photo was his own father's car. No, it was the big liar, Dongfang Mo, who was holding his hand. And that woman was the Auntie who looked exactly like his mommy in the courtyard just now Because the woman in the photo also had thick bangs on her forehead. She was definitely not his mother.

Chapter 544: Are you related

Feather stared at the photo and looked at it again and again. Then, he stared at Dongfang Mo and asked, "you and my Daddy, Che Qi Xuan, are you also twins?"

Dongfang Mo, who was about to turn around and walk to the bathroom, turned around and looked at feather who was standing there. A smile appeared on his face and he could not help but praise, "it seems that you are not stupid. You know how to infer from one example."

"What infer from one example? I am just infer from one example, okay?" Feather Corrected Dongfang Mo seriously Then, he shouted very unhappily, "since you and my daddy are twin brothers, then aren't you my uncle or uncle?"

"This..." Dongfang Mo hesitated for a moment, then thought for a moment and said, "this is still uncertain at the moment. We will only know when your mommy comes. You can be quiet for a while. I'm going to shower and change my clothes."

"Hey, I want to shower and change my clothes too." Feather saw that Dongfang Mo had already entered the bathroom and could not help but rush forward to stop him. Unfortunately, the child's footsteps were short. By the time she rushed to the bathroom, the bathroom door had already been closed by Dongfang Mo..

Little feather was so angry that she could not help but kick the bathroom door. She shouted very unhappily, "what is the meaning of this? Since we are relatives, why are you still lying? Why don't you go find my daddy and Mommy directly?"

Unfortunately, Dongfang Mo's voice did not come from the bathroom. Instead, it was the sound of running water. Little feather was so angry that she used her foot to kick the bathroom door again. This time, she accidentally kicked her toenail, causing her to cry out in pain.

Little feather jumped on one foot twice on the ground. Then, she quickly sized up this extremely large room. Only then did she realize that the size of this room was a little shocking. She was a small person walking in this room, and it was as if she had walked into a maze.

Not only was the wedding photo hung in the room, but there were also two mommy paintings hanging in the room. She did not know how these paintings came to be here, but she tilted her head and thought for a moment. Since this Dongfang Mo and her father were twin brothers.. And Dongfang Mo's wife and her mother were twin sisters, then with such a relationship, she reckoned that someone as generous as her mother would definitely give Dongfang Mo two paintings, right?

But, that was not right. Since they were relatives, why didn't Dongfang Mo go to his father and mother instead of going to the kindergarten to pretend to be her father and lie to her?

By the time Dongfang Mo came out after showering and changing his clothes, little feather had already walked through his large room. When he saw that he was wearing a shirt and his hair was still slightly wet, he couldn't help but ask, "do you have a cell phone?"

"I do," Dongfang Mo answered without thinking and continued to ask, "do you want to call your mommy?"

"Yes." Little feather nodded his head heavily and extended his hand towards him. "Uncle, uncle, give me your cell phone!"

"I'll call for you." Dongfang Mo was rarely enthusiastic. He took out his phone from his bag and quickly entered Yan ru's phone number that he had found in Korea.

The phone was quickly connected. It rang for less than three seconds before it was picked up immediately. He did not have the time to speak Yan Ru's voice was heard in a hurry. "Dongfang Mo, you devil, where did you hide little feather? How did you torture her? You're a super B * Tch, you inhumane devil..."

Just as Yan ru was cursing, Dongfang Mo had already handed the phone to Yan Feiyu. Little feather frowned and listened to a few sentences Then, she had no choice but to interrupt her mother's series of curses and asked, "Mommy, I'm Yu Yu, I'm not a great devil."

Chapter 545: Relatives 2

Just as Yu Yu finished her sentence, Dongfang Mo took the phone and said to the woman on the phone, "Yan ru, I think you know what to do."

"Dongfang Mo, what do you want?" Yan Ru's hysterical voice came from the phone.

"You don't know what I want?" Dongfang Mo's lips curled into a mocking smile, and he quickly hung up the phone.

Little feather stared at Dongfang Mo with his eyes wide open. His hands were on his waist as he shouted angrily, "you big devil, are you using me to blackmail my mommy?"

Dongfang Mo shrugged his shoulders and did not comment on little feather's question. As he walked out of the door, he asked calmly, "are you hungry? If you're not hungry, stay in the room. If you're hungry, come down with me to eat."

"I..."

Little feather wanted to say that she was not hungry, but her stomach growled. The growl was not small either. She had heard it herself, and it was obvious that the devil, Dongfang Mo, had heard it too.

So she walked towards the door angrily, thinking that she should eat more. Then, when the devil disappeared, she could run away secretly.

When she was on the phone with the devil and Mommy, she said, "I think you know what to do." From this sentence, it could be seen that the devil was using her to coerce mommy into doing something that mommy was unwilling to do.

She had to run away. She had to not be a bargaining chip for the devil to Coerce Mommy. She had to not let mommy do something that she was unwilling to do for her sake.

Dongfang Mo did not know about these thoughts of little feather. One of them was that he did not understand psychology. The other was that when little feather thought about these things, his face did not show anything.

The Dongfang Family's restaurant was very big and luxurious. Little feather couldn't even reach the dining table when she sat on it, so she couldn't help but curse in her heart, "this damned great devil liar, why did he make the dining table so big and so high? "

Dongfang mo saw that little feather was having some difficulty sitting down and eating. He was about to order a Min, who was standing at the side, to get a small stool to put on the dining chair for her to sit on, but before he could open his mouth.. He realized that little feather had already stood up on the dining chair.

He glared at little feather, but he did not scold her. He just let her pick up the chopsticks and randomly pick up the table, making the dining table a mess. It looked like a wolf borrowing.

Aunt Liu and Amin, who were at the side, were shocked when they saw little feather like this. They thought that Dongfang Mo would be angry, but later, when they saw that Dongfang Mo only frowned with a gloomy face and did not get angry or stop the little girl.. They could not help but feel puzzled again.

Who was this little girl Dongfang Mo brought her back. This was already surprising. Moreover, she dared to act so atrociously in front of Dongfang Mo. this fully showed how much Dongfang Mo doted on this child.

Little feather's atrocious behavior at the dining table was coincidentally seen by the banquet curtain when she walked into the dining hall. She frowned instinctively and her thoughts could not help but move.

It seemed that this little girl had quite a background. This was because Dongfang Mo had always been an extremely serious person. Furthermore, the Dongfang family's rules were to eat without speaking, sleep without speaking. Usually, no one was allowed to make any loud noises during dinner Not to mention acting so atrociously at the dining table.

Actually, little feather did not mean to act atrociously. She just saw that the dining table was filled with delicacies and was curious. Moreover, she had not eaten many of the dishes before, so she wanted to try them all. Therefore, she did not miss out on any of the dishes.

Of course, little feather's skill in using chopsticks was really not to be praised. Therefore, after she picked up a mouthful of chopsticks, almost half of the dishes were tossed onto the dining table or onto other plates It looked like a cat and mouse performing at the dining table.

Chapter 546: Relatives

When little feather woke up, it was already noon the next day.

She could not be blamed for sleeping late. In all conscience, she never slept late in Korea because she had to go to kindergarten in the morning. People always woke up on time at seven o'clock.

The reason why she slept so late today could not be blamed on her, because it was all the fault of that big liar, Dongfang Mo!

Last night, after she had eaten her fill in the Mo Yuan restaurant, she asked the big devil where she lived. At that time, the Auntie who sat opposite her and looked exactly like her mommy answered first, asking her to sleep with her at night.

She immediately answered yes because this auntie looked exactly like her mother. The Great Liar also said that she was her mother's sister, which meant that she was her aunt. She finally found a relative.

But who knew that the great liar coldly said, "you stay in my room at night and sleep with me!"

Of course she didn't want to. The Great Liar said that if she didn't want to, then she would send her to the tiger cage and let her sleep with the tiger.

Little feather was immediately frightened. She didn't expect that the great liar had a tiger at home. Although she liked tigers and had gone to the zoo to feed tigers, in the end, she still didn't have the courage to live with tigers.

Therefore, she chose between the tiger and the big liar, so she slept with the big liar last night.

The Big Liar somehow got her a few sets of clothes and asked an aunt named a min to help her take a bath. Finally, she put on her new pajamas and was thrown on the big bed of the big liar.

The big bed of the big liar was very soft, and she was not used to sleeping on it. Because Mommy said that children had to sleep on a hard bed, and only a hard bed could grow tall, she tossed and turned on the big liar's bed for the whole night. She did not fall asleep until dawn.

But the big liar did not come to bed last night. He sat on the sofa and looked at her, as if she was a cute little animal. She was so angry that she pulled the quilt over and covered herself up, not letting him see.

Because of this, she did not know when the big liar left. Anyway, when she woke up, there was no longer a big liar in the room, and there were new clothes on the bedside table.

Little feather changed her own clothes and came downstairs. She happened to see the Auntie who looked exactly like her mother sitting on the sofa. When she saw her, she smiled warmly.

"Your name is Yu Yu, right?"

Xi Muru's voice was very similar to Yan ru's voice. Normally, people who did not interact with them often would find it difficult to tell who was who from their voices.

However, Yan Feiyu had grown up by YAN RU's side since young, so she could instantly tell that this woman was not her mother through her voice.

She nodded and answered truthfully, "yes, I heard the big liar say that you're my mommy's sister?"

Big Liar Xi Mumu was stunned for a moment before she reacted, so she quickly corrected little feather, "wrong, I'm not your Mommy's sister. I'm her elder sister. My Name is Xi Mumu, and your Mommy's name is Xi Muxue."

"My Mommy's name isn't Xi Muxue," little feather corrected Xi Mumu seriously, "my mommy's name is Yan ru, the color of Yan, if of RU."

A Min, who was mopping the floor, only understood after hearing little feather's words. So this little girl was Yan ru's child, and Yan ru was Xi Muxue. Then, wouldn't this little girl be Xi Muxue's child?

Chapter 547: Relatives

Of course, Xi Musru did not argue with little feather about whether Yan ru was Xi Muxue's problem. Instead, she quickly changed the topic. "Auntie, can I bring you around the courtyard? This courtyard is very big. There are many flowers and trees inside. You can even climb halfway up the mountain to see the sea. Do you want to go?"

"Yes," little feather answered without thinking. Then, he said crisply, "but I'm very hungry now. I haven't eaten breakfast yet."

Xi Muru was slightly stunned. Just as she was about to say something, a min walked over. She smiled and said to her, "Aunt Liu has already prepared breakfast for you. Come and eat quickly. Mr. Dongfang said that you like to eat seaweed-wrapped rice the most, so aunt Liu specially went to learn seaweed-wrapped rice last night."

"Oh," Yu Yu replied. Then, she followed a min to the dining room. Just as they reached the dining table, aunt Liu brought out the seaweed-wrapped rice that she had prepared.

"Little Yu Yu, hurry up and eat." Aunt Liu smiled as she looked at the little girl in front of her. "I don't know if the seaweed-wrapped Rice that I made is to your liking, but ah mo especially liked to eat the food that I made when he was young. Of course, he still likes it now."

"Liar, no, Dongfang Mo ate your food when he was young?" Yan feiyu looked at aunt liu, her delicate little eyebrows furrowed for a moment. Then, she thought for a moment and said, "then... grandma, do you mean... you have stayed in the Dongfang family for many years?"

"Of course," aunt Liu answered very naturally. Then, she sighed and said, "I came to the Dongfang family when I was 20 years old. At that time, Mrs. Dongfang was still pregnant. In the blink of an eye, 35 years have passed. The young Master Dongfang from back then is already 35 years old now."

"Then Grandma, is Dongfang Mo a twin?" Feather asked hurriedly.

Although Dongfang Mo had already admitted that he and her father, Che Qixuan, were twins, feather felt that Dongfang Mo was a big liar, so she did not completely believe Dongfang Mo's words.

Because a person looked exactly the same as another person, it did not mean that they were twins. It was also possible that they had undergone plastic surgery. Now that technology was so advanced, it was not difficult to replicate a person.

"They are twins," aunt Liu answered very naturally. Then, she sighed softly and said, "it's a pity that second young master Dongfang passed away five years ago. Otherwise, this one inch ink city would not be so deserted."

Rumble. Little feather felt three thunderclaps above her head, which stunned her on the spot.

Dongfang Mo's younger brother, second young Master Dongfang, passed away five years ago. Then, Dongfang Mo said that her father, Che Qixuan, and he were twin brothers. What exactly was going on?

Such a question was too profound. Of course, little feather could not figure it out even if she racked her brains. Moreover, she also knew that this matter would only be known when she returned to Korea and saw her father, Che Qixuan.

Hence, little feather did not ask aunt Liu any more questions. By the time she finished breakfast, Xi Musu had already changed her clothes upstairs and came downstairs. Of course, she came over to bring her around one inch ink city to look at the scenery.

One inch ink city's courtyard was very large. There were bridges, flowing water, and long corridors with Lotus ponds. Little feather could not take in all of them, so of course, she had a lot of fun. When she walked to the fish pond, she even said that she would come fishing when there was time.

When Xi Muxue heard this, she could not help but mutter in her heart. He really had the guts. Dongfang Mo loved fishing very much. This little feather was so small, yet he actually liked fishing.

Chapter 548: Relatives

Xi Muxue led little feather around the courtyard of one inch ink city. Of course, she also led her up the mountainside and told her that she could see the sea when she reached the mountainside.

Little feather was not interested in the sea because she lived in Incheon and often went to the seaside. Hence, she shook her head when Xi Muxue suggested walking up the mountainside.

"Then, let's go over there and take a look." Xi Muxue pointed at another house on the mountainside and then quickly added, "that place is a small villa. It's also where your mommy used to live."

"Where my mommy used to live?" Little feather was instantly interested, but at the same time, he asked in confusion, "my mommy lives in Korea, and our whole family lives in Korea. When did my mommy live here?"

"Your Mommy last month..." Xi Muxue immediately stopped when she said this, then she immediately reacted, so she added with a smile, "that was five years ago."

"Five years ago?" Little feather's delicate little brows furrowed out of habit, then she asked with a deep expression, "why did my mommy come to live here five years ago?"

"Because your mommy is my sister," Xi Muxue answered smoothly. Then, she very naturally told the lie that she had already made up. "Five years ago, Mr. Dongfang Mo and I got married. Your Mommy is my sister. She came to one inch Mo city to play, and then she lived here."

"Oh, I see," feather nodded, not fully understanding. Then, as she followed Xi Muxue to the Plum Garden, she muttered to herself, "the Dongfang family has so many buildings. Why did they arrange for the guests to stay in this old house halfway up the mountain? Can't they stay down there anymore?"

"This... because your mommy committed a crime," Xi Muxue quipped before continuing, "because in the Dongfang family, those who committed crimes would usually arrange for her to stay here."

“committed a crime? What did my mommy commit?” Little feather was immediately shocked, so he quickly asked.

“This...” Xi Muxue pondered for a moment. Then, she deliberately looked around. Then, she squatted down and said softly, “little feather, this is a long story. Moreover, this isn’t the place. I’m asking you now, did your mommy know that you were brought to one inch Mo city by Dongfang Mo?”

“I don’t know,” little feather answered without thinking. Then, she added, “Dongfang Mo is a big liar. He tricked me into a helicopter and then tricked me into this godforsaken place.”

Although one inch Mo City was beautiful, in little feather’s heart, it was still not as beautiful as her own home. There was an old saying, “even the Golden Nest and silver nest of others are not as good as her own nest.” That was exactly the reason.

In little feather’s heart, there was no place in the world that was not as beautiful as her own home, nor was it as warm as her own home.

“So you mean... Dongfang Mo captured you without your Mommy’s consent?” Xi muxue stared at the little girl in front of her and continued to coax her.

Little feather nodded and answered crisply, “of course. Dongfang Mo is a big liar and a big devil. He captured me to use me to blackmail my mommy into doing things that my mommy doesn’t want to do. He’s too bad. He’s a big bad guy.”

“I see.” Xi muxue could not help but feel happy, but she pretended to be silent for a moment. Then, she looked at little feather and asked softly, “Then, little Yu Yu, are you willing to escape from here by yourself?”

Chapter 549, the kind aunty

“Of course I’m willing,” little feather answered without thinking. After she answered, she stared at Xi Muru suspiciously and asked tentatively, “you mean... you have a way to help me escape?”

“Of course,” Xi Muru answered confidently. Then, she whispered to her, “as long as you listen to me, I’ll definitely let you escape one inch ink city as you wish.”

“One inch ink city?” Little feather frowned instinctively and asked Xi Muxue, “are you talking about this godforsaken place?”

“Yes, this courtyard is called one inch ink city,” Xi Muru nodded and confirmed little feather’s words.

“but what’s the use of escaping from one inch ink city?” Little feather said nonchalantly, “I’m not familiar with this place at all, and I’m penniless. My Mommy said before that this is a cruel world. Without a cent, it’s difficult to move an inch, so if I escape like this, I might starve to death before I return to Korea.”

Xi Muru’s heart skipped a beat when she heard little feather say this, then she said very calmly, “MMM, what you said is indeed the truth. How about this, do you know money?”

“Tsk, ” little feather scoffed. Then, she rolled her eyes at Xi Muru and said, “I don’t know much about money in this world, but I know Korean dollars, US dollars, euros, renminbi, Japanese dollars, Hong Kong dollars, Taiwan dollars, but...”

“Okay, okay, as long as you know money, ” Xi Muru interrupted little feather impatiently. Then, she quickly said, “how about this, I’ll give you a sum of money. After you escape, you can take a car back to Korea.”

“Are you stupid? You’ve never been out before?” Little feather looked at Xi Muru with disdain He said with disdain, “don’t you know that Korea and China are not the same country? Can you take a car from Binhai to Incheon in Korea? Then, you’ll have to take a plane. ”

Xi Muru was immediately stunned by little feather’s words. Then, she said with slight displeasure, “okay, can’t I just give you more money? I’ll let you take a plane back to Korea, okay?”

“Tch, you can take a plane just because you have more money?” Little feather showed disdain towards Xi Muru’s words again She snorted coldly and said, “Aunty, I see that you’ve never left your house before. You need documents to take a plane, especially to go abroad. You must have a passport. Can a child like me take a plane with money?”

Xi Muru was very unhappy after being ridiculed twice by little feather, so she said a little unhappily, “then what else do you want? I’m sincerely helping you escape back, but you’re still so picky.”

“I only want a phone, ” little feather answered very naturally, and then said, “after I escape from here, I can use the phone to call my daddy, and then ask my daddy to pick me up and bring me back to Korea.”

“This...” Xi Muxue pondered for a moment, then she nodded and said, “alright then, I’ll give you another phone, that’s fine, right?”

“there must be a phone card in the phone, and it must be fully charged at the same time, ” little feather quickly reminded her, “because you can’t make a call without electricity or without a card.”

“You’re so young, why are you as long-winded as your mother?” Xi Muru asked impatiently.

“Is my mother very long-winded?” Little feather’s little face immediately became unhappy Then, he shouted at Xi Muru, “my mother isn’t naggy. I think you’re the most naggy one. You can’t even say a single thing for a long time, yet you still want me to remind you. Actually, why don’t you just say that I’ll help you prepare a cell phone that can call at any time?”

Chapter 550: The kind aunt 2

Xi Muru was so angry that she almost vomited blood when she heard little feather’s words. Normally, she would definitely slap the little girl twice and throw her to the side.

However, today, she was patient. She reached out and grabbed little feather’s hand to come to the wall behind the plum garden. She pointed at the iron fence above the wall and said, “see that? There’s a broken iron fence there.”

Little feather took a closer look. There really was a broken iron fence. However, because there were so many iron fences, it was impossible to see it without a closer look.

Every single iron fence was relatively dense. Even if there was a broken one in the middle, an average adult would not be able to get out. However, it was not the case for children.

Little feather took a closer look at the iron fence, then nodded and said, “MMM, that iron fence is indeed broken. My body is relatively small, so I should be able to get out through this opening.”

Xi Muxue was immediately happy when she heard this. Then, she quickly pulled her in the direction of Mo Garden. As they walked, she reminded her, “Yu Yu, one inch ink city is heavily guarded. During the day, there are often people patrolling outside the fence, so it’s not appropriate to escape.”

“So you mean to run away at night?” Little feather took over her words. Then, her little face frowned. “But at night, I’m locked in his room by the big liar. I definitely can’t escape from his room.”

“So, you have to think of a way.” Xi Muxue took out a small bag from her bag and stuffed it into little feather’s palm. “You serve Dongfang Mo tea at night and then put this in the tea. He’ll fall asleep soon after drinking it.”

“I’ll escape when he falls asleep,” little feather immediately took over Xi Muxue’s words.

“You’re so smart,” Xi Muxue gave her a thumbs up and complimented little feather.

Little feather gave her a look that even an idiot would know what to do. Then, she tightened her grip on the paper bag and carefully put it into her pocket.

Dongfang Mo had been busy the whole day outside. Of course, he was busy with the Dongfang Corporation’s matters. Since Dongfang Jun had not returned his last share for more than a month, he had no choice but to ask him for it.

In the afternoon Dongfang Jun said to him with regret, “big brother, I’m sorry. DFM Company owes me a lot of money. My funds have been tied up by DFM Company. Now, the turnover is very difficult, so I don’t have any funds to return to you. Not to mention 5 billion, I can’t even take out 500 million.”

Dongfang Mo heard his words and snorted coldly, “third brother, when I quit Dongfang Group, it was written in black and white. I will withdraw my shares for three years. If you win, follow the original agreement and withdraw my shares as scheduled. Now, the deadline has been exceeded. Since you can’t take out the money, then, I’m sorry, don’t blame me... “. “... “...”

“Why don’t you invest some more money into the Dongfang Group, Big Brother?” Dongfang Jun quickly followed Dongfang Mo’s words. Then, he promised, “big brother, although the Dongfang Group is currently in a difficult situation, that’s because the DFM company in the United States hasn’t paid the money. As long as the DFM company’s money is paid, the Dongfang Group will immediately turn the tables...”

“I’m not interested in the Dongfang Group,” Dongfang Mo quickly interrupted Dongfang Jun’s words. Then, he coldly said, “the president of the DFM Company, Rodge, is an extremely cunning and cunning person. When I deal with him, I’ve always been on guard against him. It was you who put yourself in there. I won’t foolishly invest more money into the Dongfang Group.”
