Chapter 551: Good Aunt 3

“But Dongfang Group is the blood and sweat of my parents. It is the pride of our Dongfang family. Do you have the heart to watch Dongfang Group GO BANKRUPT?” Dongfang Jun looked at Dongfang Mo. Then, he sighed and said, “big brother, Dongfang Group is an old company in Binhai. In the blink of an eye, it has been almost twenty years. Once it goes bankrupt...”

“there are many big companies that go bankrupt,” Dongfang Mo quickly interrupted Dongfang Jun’s words. Then, he said indifferently, “third brother, don’t always say such things about Dongfang Group. To be honest, if you are not a member of the Dongfang family, even your mother doesn’t have much shares in Dongfang Group. Originally...”

Dongfang Mo paused for a moment as he said this. He looked at Dongfang Jun’s red and white face and gave a bitter smile. Then, he stood up. As he walked out of the door, he said indifferently, “alright, I won’t say anymore. In short, I won’t foolishly invest more money into the Dongfang Group. You’d better think of a way to give me my funds. Otherwise, don’t blame me for not caring about brotherhood. Some things should be followed by legal procedures. I’m afraid the legal procedures will have to be followed.”

Dongfang Mo turned around and walked out the door. It wasn’t that he underestimated Dongfang Jun, but he knew him very well because his personality wasn’t suited for management. He was suited for technical or academic work.

Dongfang Jun looked at Dongfang Mo’s back as he walked out. His hands clenched into fists as he thought coldly, big brother, don’t blame me for not giving you face. You’re just too cold and heartless. You were like this to the Xi family back then. He still treated his younger brother the same way now. He would never save him.

When Dongfang Mo drove back to one inch ink city, it was already evening. On the way, aunt Liu called him and told him that little feather was very obedient. She was also very curious about one inch ink city’s courtyard and had a good breakfast and dinner. Moreover, she was still having fun with Xi Muru. In the afternoon, Xi Muru even took her to the small fishing pond to fish. Of course, she did not catch a single fish, but the child was very happy and laughed loudly, filling the entire one inch ink city with joy.

Dongfang Mo hung up the phone and the corners of his mouth curled up into a smile. It seemed that this little feather was quite adaptable. She had just arrived at an environment, yet she had gotten familiar with it not long after. She had even played together with Xi Muru.

Of course, he knew that the reason why little feather and Xi Muru could play together was because this Xi Muru looked exactly like her mother. Furthermore, he had told little feather that Xi Muru was her mother’s younger sister.

In little feather’s understanding, his mother’s younger sister was his aunt, and his aunt was naturally the person closest to him.

Little feather must have thought of Xi Muru as the closest person, but would Xi Muru think of little feather as the closest person?

These few years, Xi Muru seemed to be living peacefully on the surface, but she was also content with the current situation. Every day in one inch ink city, she quietly acted as Dongfang Mo's mistress. Occasionally, when she went out, she would only go to the mall to buy some clothes or something.

In these five years, this fake Xi Muru and Real Xi muxue seemed to have changed into a different person. If he did not know that she was not Xi Muru, he would probably have been deceived by her disguise.

Regardless of whether she had really changed, he still had to be a little wary of her. After all, the Xi Muxue from five years ago had left a very bad impression on him, especially when she pretended to be Xi Muru.

He received news in the afternoon that Yan ru had left Korea, which meant that she was already thinking of a way to come to Binhai. This time, he definitely could not let her see Xi Muru's shadow in one inch ink city.

Chapter 552: The kind aunt 4

When Dongfang Mo returned to one inch Mo city, Xi Muru had already brought little feather to the dining table to eat. When she saw him return.. Xi Muru hurriedly stood up and explained, "Fei Mo, I'm sorry. I didn't know that you were coming back for dinner tonight, and Yu Yu was hungry, so..."

"It's fine." Dongfang Mo generously waved his hand Then, he said nonchalantly, "hurry up and eat. After you eat, pack your things. Tomorrow morning, get Uncle Liu to send you to the Ziyun villa. From now on, you don't have to stay here anymore. Just stay at the Ziyun villa."

Xi Muru was obviously unhappy, but she didn't show it on her face. She just nodded meekly and replied with a slightly aggrieved tone, "okay, I got it. I'll definitely leave tomorrow morning."

Dongfang Mo nodded and stopped talking to her. Instead, he came over and sat beside little feather. He asked gently, "how was your day? Did you have fun?"

"MMM." Little feather nodded heavily. Then, he said a little unhappily, "but when you let that Auntie move away, I'm not happy anymore."

Dongfang Mo smiled faintly and took the rice from Auntie Liu. Then, he said while eating, "your mommy might be coming soon. When you can see your mommy, won't you be happy?"

I don't want my mommy to come, feather thought, but he didn't express it. He just pretended to be happy and asked, "when can my mommy come?"

"This..." Dongfang Mo pondered for a moment, then thought for a while and said, "it will take about two or three days?"

Actually, Dongfang Mo didn't know how many days Yan ru would take to come to Binhai. Because Yan ru's identity card was still in his hands, it wasn't an easy task for Yan ru to come. He reckoned that Dongfang Yu would have to think of a way for her.

Just a few more days, little feather thought to himself. I must think of a way to escape as soon as possible. I must not let mommy fall into the hands of this devil. She must escape before mommy does.

Of course, Dongfang Mo didn't know what little feather was thinking at all, so he didn't think too much when little feather went upstairs after eating. He only thought about what a four-year-old child like her could do?

Feather went up to the second floor and found that Xi Muru, who had already gone upstairs, was still waiting for her at the stairs. When she saw that she did not say anything, she just handed a beautiful gift box to her. She said softly, "this is a gift from Auntie to you. You must keep it well. Auntie has put in a lot of effort."

Feather nodded to show that she understood. Then, she waved to Xi Muru, pushed open the door to Dongfang Mo's room, and walked in. The first thing she had to do, of course, was to look for Dongfang Mo's cup.

Xi Muru asked her to pour Dongfang Mo a cup of water or something. She would never do that because it would be too obvious. That liar, Dongfang Mo, would probably suspect that she was trying to curry favor for no reason.

So, she chose another method. She would smear this thing into Dongfang Mo's cup. As long as he drank from the cup, he would swallow this so-called sleeping pill.

Sure enough, Dongfang Mo went upstairs and saw that little feather had obediently climbed onto the bed. Without suspecting him, he naturally turned around and took the cup to the kettle next to him to pour himself a cup of water.

He turned around and walked over to the sofa beside him. He placed the water on the coffee table and then took a book from the cabinet at the side to read. He always liked to drink some warm water when he was reading.

Chapter 553 the kind-hearted aunt 5

Usually, Dongfang Mo would go to the study room to read after dinner, but yesterday and today, he changed this habit because of little feather's arrival. He felt that the moment he sat on the sofa reading and occasionally looked up.. It was very gratifying to be able to see the small body on the big bed.

Ahao called him in the morning and told him that little feather's ID showed that she was still five months away from turning five, but her kindergarten teacher said that little feather would soon turn five, which seemed to be at the end of December.. This was because they had helped little feather celebrate her fourth birthday once in the kindergarten for seven years.

When he heard this news, his heart skipped a beat. If little feather really celebrated her fifth birthday at the end of December, then it was very likely that she was his child. This was because it was very close to the month when Xi Mushu was pregnant back then.

When he thought of this, he did not even know what was written in the book in his hand. He just looked up and saw that the little one had turned over on the bed. It was obvious that she could not fall asleep.

He frowned and took a sip of water. Then he looked at her and asked, "what's wrong? Didn't a Min help you bathe today?"

"I only ate after I took a shower," little feather answered truthfully. Then he looked at Dongfang Mo pitifully and said, "I Miss Mommy. When will my mommy come?"

"Aren't you talking nonsense?" Dongfang Mo glared at her and said in a bad mood, "since you've already taken a shower, why don't you go to bed obediently? Your Mommy will naturally tell you when she comes."

Hearing his words, little feather's tears immediately fell. Then, as he cried, he shouted, "I don't believe you. You're a big liar. You must be lying. Incheon of Korea should have arrived here within a few hours by plane, but I disappeared the night before yesterday. Mommy hasn't come yet..."

"I'm not lying. If you don't believe me, then forget it," Dongfang Mo interrupted little feather impatiently. Then, he picked up his book and turned around to walk towards the door. He walked to the door and threw a sentence at Dongfang Mo, "I'm not sleeping here tonight. I'm going to sleep in the study. You go to sleep by yourself. If you don't listen to me, I'll spank you in the morning."

After saying this, Dongfang Mo immediately walked out of the door and paid attention to the door. It was obvious that he did not want to continue discussing mommy's problems with little feather. In fact, he did not want to see little feather cry.

When little feather saw that he had left just like that and that Dongfang Mo had only taken a sip of the water in the cup that she had applied medicine on, it was clear that he would not fall asleep tonight.

No, she had to let him fall asleep, so she quickly jumped down from the bed, took the cup of water, and walked towards the door. In her heart, she was thinking that she had to curry favor with Dongfang Mo tonight.

Dongfang Mo's study was on the fourth floor. Little feather was small, and she held a cup of water in her hand. So when she rushed to the door of Dongfang Mo's study on the fourth floor, Dongfang Mo had already entered the study.

She quickly placed the cup of water on the ground, and then used her little hand to knock on the door. However, no one responded after she knocked for a long time.

Could it be that this big liar, Dongfang Mo, had fallen asleep after drinking a mouthful of water? Little feather was puzzled. Was the sleeping pill so effective?

Actually, little feather did not know that Dongfang Mo had not fallen asleep at all. Instead, the door to the study on the fourth floor was just like that. If one really entered, they would realize that it was not a study, but... ..

Chapter 554 the kind aunt 6

Little feather could not knock on Dongfang Mo's study door. She could only glare angrily at the study door before carrying the cup of water to the second floor.

However, she was small and carried a cup of water. Furthermore, it was a small staircase, so she was very careful with every step. Furthermore, with every step, the water in the Cup would spill out.

She was a little frustrated. When she reached the third floor, she felt that the half-spilled cup of water was no longer of any use. Hence, she poured it at the door of the third floor and walked towards the second floor with ease.

Because she did not let Dongfang Mo drink the glass of water with sleeping pills, little feather had been worried that Dongfang Mo would suddenly come back at night, so she did not dare to let herself fall asleep.

It was not until early in the morning when there was a knock on the door. She quickly got up from the bed and brought the things in the gift box with her before quickly opening the door.

Standing outside the door was of course Xi Muru, whom she had discussed with her. However, the current Xi Muru was a little different from the day because her face was actually red and swollen, and her nose was bruised.

“What happened to you?” Little feather asked softly as he carefully walked out of the door.

“I don’t know which heartless person spilled a pool of water at my door. When I came out at night, I didn’t turn on the lights and slipped and fell asleep.” As Xi Muru spoke, she used her hand to touch the bridge of her nose. The pain almost caused her tears to fall down. She didn’t know if the bridge of her nose was broken.

When little feather heard Xi Muru say that, he immediately stopped chewing because that was half a cup of water that she had poured there. However, who knew that Xi Muru would fall when she walked out of the door?

This was not her fault, it was Xi Muru’s fault for not being able to see when she walked!

Xi Muru did not know that Dongfang Mo was not in little feather’s room at the moment. She assumed that little feather had already let him drink the glass of water, so she pointed out the window to little feather. She whispered to her, “just follow the instructions that I gave you during the day. You’ll definitely be able to climb out of that place smoothly.”

Little feather nodded to show that she had remembered it. Then, she gave Xi Muru a thank you gesture and quickly walked towards the first floor of Mo Garden.

Things went even smoother than expected. The door to the lobby on the first floor of Mo Garden opened with a gentle twist of his hand. Little feather could not help but laugh in his heart. Although one inch ink city was heavily guarded, it was used to prevent outsiders from entering. As for the people inside who wanted to escape, they did not seem to have made very effective precautions.

This was the truth because one inch ink city was not a place to lock people up. Although five years ago, the Real Xi Musru had been grounded, that woman was very stupid. Moreover, she had never thought of escaping. Therefore, one inch ink city did not have any facilities to prevent the people inside from going out.

Little feather quickly came to the wall behind the plum garden, then carefully climbed up the branch next to it, and then climbed up from the branch to the place where the iron fence was broken.

The opening was not big, and little feather's body was still somewhat strong, so it was somewhat difficult to drill through. She first stretched out one leg over, then stretched out the other leg over. Finally, she carefully and slowly pulled her little body over.

She finally climbed over the wall of one inch ink city. She let out a long breath and was about to think of a way to get down the wall when her small body was suddenly grabbed by something and pulled hard. Her body involuntarily broke away from the iron fence of the wall and fell toward the ground.

Chapter 555 kidnapping 1

"Ah!" Little feather could not help but let out a scream. However, her mouth was instantly covered by someone. She quickly turned her head around. With the help of the dim light outside, she realized that her body was grabbed by an adult.

She immediately shut her mouth. Of course, she had to shut her mouth because her mouth was covered. Fortunately, this person quickly grabbed her and ran to a car at the side. The car door was quickly pushed open and a man got out of the car to receive little feather. He shouted to the person just now, "hurry up, I'm going to drive."

That person quickly ran forward and got into the car in a hurry. He looked at little feather, who was sitting in the back seat without crying or making a fuss. He immediately took out a dagger from his body and threatened her, "Little Brat, be good and don't shout. Otherwise, I'll cut your throat with a knife."

Little feather didn't know if she was really frightened, but her body instinctively shivered. She looked at the man with a ferocious face and a terrified face. He even exposed his arm in the middle of winter. Moreover, the man who had drawn a similar hideous face on his arm, a snake with a bloody mouth, nodded to show that he understood.

In the car where little feather was held hostage, the man saw that little feather was so easy to threaten, so he did not take out a rope to tie her up. Apparently, he felt that if a little girl who was not even five years old still used a rope to kidnap her, it would be an insult to the rope.

The car finally stopped at an abandoned factory area with words written on the wall. Then, the man who was driving got out of the car first, came over to open the back door, and then signaled the man to take little feather out.

Little feather was pulled out of the car by a ferocious man with a bloody mouth drawn on his arm. Then, he was directly pulled into a dirty room with abandoned unknown things everywhere, and even a musty smell. The room gave people goosebumps just by looking at it.

"Should we tie her up?" Another man with a scar on his left face asked the man with a bare arm, "will she run away?"

"Uncles, are you kidnapping Yu Yu?" Little feather asked them before the man with a bare arm. She blinked her eyes, as if she still didn't understand what was going on.

"nonsense. Do you think I'm kind enough to help you escape?" The man with a bloody snake drawing on his arm said snappily.

Little feather didn't get angry at his words. He just tilted his head slightly and pointed at the snake on his arm. "Uncle, is that a snake?"

"Shut up, YOU STUPID BRAT! If you talk nonsense again, I'll kill you!" The man was so angry that his face turned green. Then, he growled at little feather.

F * Ck, this was a huge dragon that he had spent hundreds of dollars to Tattoo. In the eyes of this Brat, it actually turned into a snake. It was really unlucky, and it made people very unhappy.

"Ah, you want to kill me?" Little feather looked at the two men and blinked twice. There was not the slightest hint of fear on his face He looked at the two men with a mocking gaze and said, "If you want to kill me, you can directly drag me to a place with no one to kill me when I come out from one inch ink city. Why do you need to spend so much effort to drag me to a place with no one?"

"Little Brat, I didn't expect you to be so smart." The scarred face smiled sinisterly and then walked two steps closer to little feather. He snorted and said, "unfortunately, what's the use of being smart? If you were smart, you would have obediently walked into the trap."

Chapter 556: kidnapping 2

"walking into a trap?" Little feather blinked his eyes, then looked at the man with bare arms and said, "uncle, walking into a trap means voluntarily letting you kidnap me? But what's the use of kidnapping me?"

"nonsense, if kidnapping you is useless, why would I waste so much effort?" scarface couldn't help but growl, then he pulled the corner of his mouth and stretched out three fingers to little feather, saying, "you're worth this number."

"What's that number?" Little feather looked at scarface's three thick fingers and frowned. He looked as if he was thinking, "three hundred dollars?"

"Cheh, three hundred dollars is worth it for me to use?" The man with bare arms replied disdainfully. Then, he quickly said, "It's thirty thousand, okay?"

"Aiyo, you only sold me for thirty thousand? That's a huge loss." Little feather shook his head With a regretful look, he said, "let me tell you, last time, some gang also kidnapped me. They asked my daddy for thirty million, and my daddy gave it to them."

"30 million?" scarface looked at the man with bare arms, and their eyeballs almost fell out. The two of them looked at each other, then looked at little feather at the same time and asked in unison, "is it true?"

"Tsk, looking at you guys, you definitely haven't kidnapped anyone before. The gang isn't big, right?" Little feather's expression was very disdainful Then, he said to these two fierce-looking people in a serious manner, "uncle, uncle, do you know the Tianchen Gang?" The Tianchen gang is the worst, especially the leader of the Tianchen Gang. He even slapped my ass once. I hate the Tianchen gang to death. How about we cooperate and take down the Tianchen gang together, and then divide up the Tianchen Gang?"

The corners of the two men's mouths twitched. The Tianchen gang was the largest and most mysterious organization in the world. It was said that the Tianchen gang had always been elusive. Until now, they still did not know who the leader was.

The TIANCHEN gang was not only mysterious, but it was also extremely threatening in the underworld. It was said that the Italian mafia and the largest gang in Asia, the sanguine alliance, did not dare to touch the Tianchen gang easily, let alone a small gang like theirs that was not even in the upper class?

"Little Brat, do you think you are dreaming when you are asleep?" scarface growled fiercely at little feather. Then, he reached out his hand and grabbed little feather's collar. He directly lifted her up and walked into a dirty and messy room at the side. He threw her forcefully He threw her at the corner of the wall, and then closed the door with a bang.

"Hey, how can you do this?" Little feather immediately climbed up the window Then, she looked at the two people outside the window and said, "I just want you to earn more money. Besides, you only sold me for 30,000 yuan. It's really not worth it, don't you think so?"

"then you mean... you are really worth 30 million yuan?" The man with bare arms looked at little feather with a look of disbelief. "Can your father really redeem you with 30 million yuan?"

"Aren't you talking nonsense?" Little feather directly retorted the man with the bare arms. "Can't you see that I climbed over the wall from one inch ink city "Why would I climb over the wall "Isn't it because that big liar, Dongfang Mo, kidnapped me "You said that the person worth Dongfang Mo kidnapping is only worth 30,000 yuan "Would Dongfang Mo do it for 30,000 yuan?"

Chapter 557: kidnapping 3

The two men heard little feather's words and immediately looked at each other. They felt that the little Brat's words were more and more reasonable.

That's right. This little Brat was locked up in one inch ink city and was not allowed to come out. From this, it could be seen how much importance Dongfang Mo placed on this little Brat. According to this reasoning, it was probably a loss to sell it for 30,000 yuan.

"We've made an agreement with them. We'll kidnap you for 30,000 yuan," scarface spoke first Then, he looked at little feather and said, "besides, you said that you're worth so much money, but other than big SIS, we can't find anyone else who's willing to pay for you."

"Big Sis?" Little feather's heart skipped a beat. Tonight's escape was arranged by Xi Muru, who looked exactly like her mother in one inch ink city.

And now, these two fierce-looking people said they were going to sell her to big SIS. Could it be that the big sis they were talking about was the little aunt Xi Muru who was kind enough to help her escape?

"Alright, kid, you stay inside. When the sun rises, we'll hand you over to someone else according to big SIS' instructions. Then, we can complete the mission and collect thirty thousand yuan." The man with bare arms waved his hand He gestured for little feather to stop leaning against the window.

“since big sister only gave you 30,000 yuan, why do you still want to give me to her?” Little feather was still kind enough to remind these two ferocious men. Then, he sighed softly and said, “actually, if you call my Daddy, my daddy will definitely give you 30 million yuan.”

“Your Daddy?” scarface looked at little feather and sneered, “do you really think we are stupid? We call your daddy to ask for money. That’s actually not asking for death. What if your daddy calls the police? On the other hand, not only will we not get the money, we will even pretend to be in it. Will we do such a stupid thing?”

“I promise you, my daddy will not call the police.” Little feather saw the two fierce-looking men turn around to leave, so he hurriedly shouted, “because my daddy is...”

“Kid, if you don’t shut up, I will cut off your tongue!” scarface roared with a headache. Because of his anger, scarface’s face became even more ferocious and cooperative, putting on a terrifying expression to scare little feather.

Unfortunately, feather’s expression did not even change. He just smiled at him, which made scarface even angrier. Hence, he waved his dagger and cut off a bamboo pole outside the window.

This really shocked feather, so he slid down from the windowsill obediently and returned to his dirty and messy room.

The man with bare arms outside the window said to scarface, “Damn it, I thought kidnapping a little girl would be very simple and easy. Who knew this little girl who’s not even five years old would talk so much nonsense?”

“Forget it, forget it. Tomorrow morning, I’ll hand it over to that woman, Xi Muru, to finish the job.” The scar-faced man took back his dagger. Then, he walked to a low table in the courtyard and said, “let’s drink. Tomorrow morning, we’ll just hand this person over and take 30,000 yuan to finish the job.”

Little feather was nestled in the corner of this dirty and messy room. She heard the sounds of the two men who had kidnapped her drawing their fists outside the window. The buzzing sound of mosquitoes kept circling around her ears. She could not help but pat them with her hands.

Of course, she could not pat them away, so she took out the cell phone that Xi Muru had prepared for her. She was indeed a wicked little aunt. The Cell Phone that Xi Muru had prepared for her would have electricity when the time came, but the card in the phone did not have money. It was obviously impossible for her to call her father.

Chapter 558: kidnapping 3

Dongfang Mo was busy with some things last night, so he didn’t have much rest for the whole night. It wasn’t until three in the morning that he closed his eyes in the lounge outside the secret room.

He had wanted to have a good sleep, but he was woken up by a fierce knock on the door at six in the morning. He got up from the SOFA UNHAPPILY and growled at the door impatiently, “what’s the matter?”

“eldest young master, Yan ru is here, ” Uncle Liu’s voice came from outside the door, “she’s here to ask you for her child, Yan Feiyu. ”

“got it. Tell her to wait for me on the second floor of the Plum Garden, ” Dongfang Mo replied. Then, he quickly turned around and walked to the changing room at the side to change his clothes.

When Yan ru heard Uncle Liu’s words, she instinctively frowned. Uncle Liu asked her to wait for Dongfang Mo in the room on the second floor of the Plum Garden. It seemed that Dongfang Mo really knew that she was the former Xi Muru and not Xi Muxue.

Even though she was puzzled, she didn’t show it on her face. Then, she nodded and thanked Uncle Liu softly. Then, she turned around and walked towards the Plum Garden.

She was sent here by Pu Zhihui on a yacht. Since she didn’t have any documents, she took an unconventional route. Fortunately, Pu Zhihui was familiar with the route, so she was sent to Binhai very quickly.

The Plum Garden was very quiet. Presumably, no one lived there normally. When she walked in, the hall on the first floor was still filled with the brushes and paper that Dongfang Mo had bought for her last month.

After taking a look at these things, she quickly walked towards the second floor. The room on the second floor was very cold. It was obvious that no one had lived there for a long time. The morning breeze was a little cold. It blew in through the window and was a little cold.

The blankets and pillows that she had used last month were still on the bed. It was obvious that no one had come to pick them up. She naturally walked in and sat down on the Sofa to wait for Dongfang Mo..

Fortunately, this did not take long. In less than ten minutes, heavy footsteps could be heard coming from the stairwell outside the door. It was obvious that Dongfang Mo had arrived.

It was indeed Dongfang Mo. when she heard the sound of the door being pushed open and turned her head, she saw Dongfang Mo walking in. She frowned instinctively and quickly asked, “where’s little feather? Where did you hide her? ”

“Is your daughter my child? ” Dongfang Mo did not answer but asked instead. He quickly approached her, his expression cold and grave.

“I asked you where you hid my daughter? ” Yan Ru asked again in frustration. She looked at Dongfang Mo who was approaching her and stood up. She could not help but step back. This time, her tone was clearly filled with anger.

Dongfang Mo approached the woman who was constantly retreating step by step. Very soon, he had Yan ru near the corner of the wall, so he used his hand to support her against the wall His deep voice was filled with doubt, “Yan Ru, let me ask you, is your daughter my child? ”

Yan Ru was instinctively stunned when she heard his words. Then, the corners of her mouth curled into a sneer, “Mr. Dongfang, are you sure you have the ability to do this? ”

Dongfang Mo’s originally cold face was instantly like the darkness before a storm. Then, he growled in a stern voice, “woman, let’s try it now! ”

The moment he finished speaking, the hand that was supporting the wall quickly tightened, and he controlled the woman who was close to the corner of the wall in his arms. His thin lips that were filled with anger forcefully pressed against the slightly dry lips.

Chapter 559: Is Your Daughter My 1

“Try now, my ass! Try Now?” Yan Ru did not even think about it and immediately pushed Dongfang Mo’s head away with her hand. Then, she glared at him with eyes that were so angry that they were smoking. “Dongfang Mo, are you a demon? There are so many women in this world, why can’t you just let me go? How did I offend you?”

Dongfang Mo’s body, which was about to move, stopped. Looking at the angry lioness in front of him, he could not help but be stunned. Then, he calmly said, “I have a strange habit. Once I take a fancy to someone or something, I have to get it. And you are very unlucky. You happen to be the person I take a fancy to, so...”

“Don’t talk so much nonsense!” Yan Ru was so angry that she cut off Dongfang Mo’s words. Then, she raised her voice and growled, “Dongfang Mo, tell me. What do you want me to do to return my Yu Yu to me?”

“Your Yu Yu?” Dongfang Mo’s face was quickly filled with mockery. Then, he said mockingly, “Xi Muru, do you think you are the Virgin Mary? How can a person give birth to a child? Quickly tell me, is Yu Yu my daughter?”

“No!” Yan Ru answered very straightforwardly.

“Then who did you have a child with?” Dongfang Mo’s cold eyes were gradually filled with anger. Before Yan Ru could reply, he added, “don’t tell me it’s Dongfang Yu’s, he doesn’t have that ability yet.”

Yan Ru glared at him with anger burning in her eyes, then she said angrily, “It’s not Dongfang Yu’s, it’s a beast’s, alright? That beast ignored my wishes and forcibly occupied me...”

Yan Ru didn’t have the chance to finish her sentence, because Dongfang Mo’s thin lips quickly covered her chattering mouth. He was using his actions to explain the nature of a beast to her.

“Mu Ru...” Dongfang Mo muttered Yan Ru’s former name. His hand quickly landed on her neck. She was wearing thick clothes because it was already winter. Furthermore, she was likely to be traveling through the night last night. Thick clothes could keep out the cold.

“Mu Ru...” Dongfang Mo muttered Yan Ru’s name. His hand quickly landed on her neck. She was wearing thick clothes because it was already winter. Furthermore, she might have been traveling through the night last night. Thick clothes could protect her from the cold.

When he called her name, his thin lips had already landed on her lips... .. And she had the smell of lilac flowers on her ...

Yan Ru used her hand to push away Dongfang Mo who was being rude and unreasonable towards her. However, men and women were born with natural strength. Her forceful pushing and pushing had now become an act of resistance in Dongfang Mo’s eyes. Therefore, he was even more proud and forceful.

Yan Ru had been running around all night. Because she was worried about Yu Yu, she had almost never rested. Therefore, she was already exhausted after a few struggles.

When Dongfang Mo saw that she finally stopped struggling, he used a little strength with his arms and carried her horizontally. He turned around and went straight into the bedroom. In just a few steps, he ran to the bedside and placed her on the bed.

Dongfang Mo's body almost pressed down on Yan ru's body. His big hand pulled the belt of her windbreaker. With a little strength, the belt spread open. He could not wait to grab her clothes and tear them apart. The buttons jumped onto the carpet Without a sound, the light purple undershirt was revealed.

Chapter 560-is your daughter my second daughter

Yan Ru looked at the man who was tugging at her clothes and could not help but say mockingly, "did you get chased out by your mistress last night? "

Dongfang Mo's hand that was tugging at her clothes paused for a moment. He raised his head and fixed his cold gaze on the face of the woman whose clothes he had already peeled off. At this moment, Yan ru's face had a smile that was not a smile... ..

"Are you jealous? " Dongfang Mo's lips tugged at the corner of his mouth as he said with a hint of unnoticeable mockery, "or are you starting to care about my nightlife? "

Jealous?

Yan Ru was stunned for a moment instinctively before she said coldly,

"I've never known what vinegar tastes like. I'm just trying to advise you out of kindness. There's already a woman in your one inch Mo city, so don't be so greedy. You should take it easy. I've heard that men often do things that make their kidneys weak. "

Dongfang Mo was angered by Yan ru's words. He no longer gnawed on her clothes. Instead, he used his hands to pull on the few pieces of cloth on her body. With a little force, he directly pulled her off and threw her to the side. Then, his entire body was exposed to the air.

"Kidney Deficiency, right? Then I'll show you the kidney deficiency right now... "

Dongfang Mo's voice was obviously filled with anger. The anger that had long been ignited was now burning even more fiercely due to his anger.

Following his angry roar, he quickly took off all his clothes and stepped onto the huge bed. He reached out and grabbed the woman who was about to roll off the bed.

He had never touched the fake Xi Muru in one inch ink city. Although he and the fake Xi Muru had lived quietly in one inch ink city for three years, the fake Xi Muru had never known that he was a normal man He had always thought that he was a eunuch.

Before he got married, he would occasionally find a woman outside to solve his physiological problems due to his physiological needs and work pressure.

However, ever since he got married six years ago, of course, this was mainly because he had a car accident seven years ago. He had never had that kind of relationship with any other woman because he was publicly recognized as a eunuch in the outside world.

In these seven years, the only woman he had ever touched was the woman by his side. Although this woman had not been by his side for the past five years, he had always been guarding this woman and had never done anything to let her down.

But at this moment, this woman actually asked him if he had been chased out by the fake Xi Muru last night. He instinctively felt a knot in his heart. He had wanted to explain to her, but the moment he opened his mouth, he thought again, why did he have to explain to her.. Who was she to him?

Yan Ru was suddenly pressed down by Dongfang Mo. she instantly felt as if she was being pressed down by a large rock, unable to breathe. However, this hard and cold rock was still torturing her restlessly.

Not only did she recall the time when she was caught by the Demon Dongfang Mo in Paris a month and a half ago, on the plane, this demon had used this method to torture her forcefully, tyrannically, and ruthlessly.

Pain came from the deepest part of her body. She knew that the wolf was using its sharp fangs to bite her, and she had once again become a delicacy in his mouth. It was as if the antelope had become a delicacy for the hungry wolf. She struggled with all her might, but she could not escape!
