**Chapter 571: whose child is it**

Dongfang Mo walked into Mo Garden with this question in his mind. As soon as he entered the hall, he saw Yan ru running down the stairs with a face full of anger. Seeing him, he could not help but shout, "Dongfang Mo, what do you mean? It's not enough to trick my daughter into coming here. It's not enough to use Yu Yu to blackmail me. Now, you actually want someone to kidnap her? What exactly are you trying to do?"

"What did you say? Little feather was kidnapped?" Dongfang Mo's brows knitted together instinctively. He reached out to grab the furious Yan ru and said in a slightly hoarse voice, "how did you know that she was kidnapped? Who told you?"

"Of course it was..." Yan ru stopped immediately after saying those three words. Meng de remembered that Che Qi Xuan's identity was special. She could not mention Che Qi Xuan in front of Dongfang Mo because Che Qi Xuan was Dongfang Yu. And Dongfang Mo and Dongfang Yu seemed to have some sort of grudge.

"Of course it was what?" Dongfang Mo disliked people who stuttered the most.

"Of course it was little feather who called me to tell me." Yan Ru immediately reacted. Then, with an angry face, she growled at Dongfang Mo, "Dongfang Mo, if anything happens to little feather, I will find you and fight with my life. It's all because of you, you F\*cking Devil. Little feather and I are living well in Korea. You have nothing better to do in Binhai and want to disturb the peaceful life of others. You are simply a devil, A... ". ... ..

Yan Ru stopped cursing at this point, because she quickly realized that her words were directed at the air, and Dongfang Mo had long left Mo Garden under her angry scolding.

Little feather had been kidnapped!

This news made Dongfang Mo instinctively choke up because this was a problem that he had never thought of before. He had always thought that little feather did not want to stay in one inch ink city and climbed over the wall to escape.

So today, other than keeping an eye on Xi Muru, his men were also conducting a thorough search for little feather in Binhai City. Thinking about how she was such a small child, even if she escaped from one inch ink city, she would probably still not be able to leave Binhai city within a day or two.

However, who would have known that little feather would actually be kidnapped?

Then, who would come and kidnap little feather?

Dongfang Jun It seemed unlikely, because he didn't even know the existence of little feather.

Nangong Xun seemed even more unlikely, because Nangong Xun had been in Singapore recently. He probably didn't even know about Yan ru, so how could he possibly know about the existence of little feather?

Then, was it Leng Leiting?

It was also unlikely Leng Leiting had captured Yan ru back then because he mistook Yan ru for Xi Muxue, and the purpose of capturing Yan ru was just to get back the money that Xi Muxue once owed him.

Xi Muru That was Xi Muxue herself?

His heart shuddered instinctively, but he felt that it did not seem like it. His men had been staring at Xi Muru the entire day, and they really did not notice anything different about her.

No matter who had kidnapped little feather, he would definitely not let him off. The person who dared to harm Yan Ru's child could also be Dongfang Mo's child. He must be someone who was extremely impatient with life.

He took out his phone and quickly called his subordinate, a Hao. He relayed the news that Yan ru had just told him to a Hao. Little feather had not gone missing, but had been kidnapped.

Of course, Yan ru said that little feather had called her, so he had to quickly investigate Yan ru's phone records. Although he did not quite believe that little feather had called her, it must have been someone else who had called her.

#### **Chapter 572: whose child is it**

Che Qixuan was supposed to go directly to Binhai, but after he got off the plane, he quickly detected that the signal from little feather's card was no longer in Binhai, but in a city hundreds of kilometers away from Binhai.

He quickly rented a car and headed there. He, who had once vowed not to drive again, made an exception this time for little feather.

He wore an extremely low cap, a high-necked jacket, and a pair of wide-brimmed sunglasses on the bridge of his nose. After renting the car, he quickly drove to city G.

Before he set off, he called the two daring kidnapers and asked for their location. The two of them were indeed bold enough to ask him to go to the bank to deposit 30 million first. He even said that when he saw the 30 million on the card, he would naturally return the child to him.

When he heard this, he snorted coldly and told the two kidnapers over the phone that he did not believe anyone's promises. He had brought cash with him for 30 million, but it was only 4.2 million USD, which was equivalent to 30,000 RMB. But he had to hand over the goods one by one.

After hanging up the kidnapper's call, Pu Zhihui's call came in. She must have received a call from Pu Yongjun. After asking about the situation, Pu Zhihui said, "I'll rush to city G immediately. I'll meet you in city G."

At night, Binhai was once again shrouded in bright neon lights, and Dongfang Mo's car was speeding on the highway to city G.

A Hao reported the latest news to him. Yan Ru had received a call today, but it wasn't from little feather. It was from Che Qixuan. In other words, it was Dongfang Yu who called her.

The other news was that Dongfang Yu had arrived at Binhai and was on his way to city G. This fully proved that little feather was no longer in Binhai. She should be in City G.

Little feather stayed in the damp and dark room. At night, someone delivered a few cold and hard mantous, then slammed the door shut with a bang.

When it was dark, the window did not let in any light. The damp and dark room was suddenly shrouded in darkness. She could not even see Ni Yunxia and the other little girls in the iron cage.

"Will Your Daddy really come to save you?" Ni Yunxia's voice came from the darkness. There was a hint of timidity in her voice, and of course, there was also a hint of anticipation.

"Yes, definitely," little feather answered with incomparable determination. "I believe in my daddy." She believed in her daddy because daddy loved her the most. He would give her whatever she wanted. Now that she had been kidnapped.. Of course, daddy would also come to save her.

"It's useless even if your daddy comes," another slightly older little girl said in the darkness. "This room is built with iron plates. Your daddy can't open this door at all."

"If my daddy can open it, he can definitely open it." Little feather still insisted on his own point of view. Then, his hands secretly clenched into fists in the dark As if he was cheering himself on, he said, "my daddy is very capable. He knows everything. He's really powerful."

At this time, Che Qi Xuan had already met with the two kidnapers. He coldly stared at Dao Ba and evil dragon and said, "I've already brought thirty million. Where's my daughter?"

Dao Ba and evil dragon never dreamed that this little girl's father would really find them. And they didn't even have a plan to hand over the money with one hand and hand over the person with the other. They also didn't reveal where the two of them were hiding.

### **Chapter 573, whose child was it**

Of course, scar and dragon definitely didn't know that the card in little feather's phone wasn't an ordinary card, but a special card. This kind of card could also send out a location signal in an ordinary phone And Che Qixuan found them based on the location signal.

These two people were scared shitless after seeing Che Qixuan, because they shockingly discovered that this little girl's father was actually Dongfang Mo, and Dongfang Mo was a famous figure in Binhai. Ordinary people didn't dare to provoke him.

Dongfang Mo had always been rumored to be a eunuch in the outside world, so when big sister asked them to kidnap a little girl who crawled out of one inch ink city, they didn't think that this little girl was most likely Dongfang Mo's child.

Now that Dongfang Mo had come to find them, the two of them weighed the pros and cons between big sister and Dongfang Mo and finally made a decision. They would rather offend big sister than Dongfang Mo. it was the same principle as offending a villain rather than a gentleman.

The two of them immediately obediently told the whole story of how little feather had been sold to that black shop. Finally, they knelt on the ground and kowtowed, begging for mercy. "I'm sorry, young Master Dongfang, we really didn't know that you weren't... ". ... We also didn't know that it was your child. If we knew that it was your Dongfang Mo's child, even if we were given ten guts, we wouldn't dare to kidnap it ... ..

"then who asked you to kidnap my daughter?" Che Qixuan didn't reveal his true identity to the two of them. They wanted to mistake him for Dongfang Mo and let them mistake him for Dongfang Mo. . Right now, his focus was on little feather. Nothing else mattered.

"Yes... "

The two men had just opened their mouths to say the word "Yes" when they were immediately killed by two consecutive shots from the back. Che Qixuan quickly rolled to the ground. The moment he raised his head, the surroundings were silent. There was no one around.

"Who is it?" He was slightly stunned for a moment and immediately knew that he had fallen into a trap. The sound of a siren came from behind him. Clearly, it was coming in his direction.

He quickly rolled to the ground and slid down the sewer pipe next to him. The motorcycle that Pu Zhihui was riding was waiting for him below. Seeing him slide down, the motorcycle quickly went to meet him. He just happened to land on the back seat of the motorcycle. Pu Zhihui stepped on the accelerator, and the motorcycle quickly flew out.

Dongfang Mo had people follow the clues of Che Qixuan. As soon as he arrived in city G, a Hao told him that he had found the place where little feather was imprisoned. Now, he could immediately go and rescue little feather. He hoped that he could personally rescue little feather. This would more or less ease the tense relationship between him and Yan ru.

Dongfang Mo immediately gave a Hao a look of appreciation. Although he did not tell a Hao that Yan ru was the former Xi Muru, the smart a Hao must have guessed it, so he said so.

Little feather had been curled up in this cold room on the national road. She looked up at the only small window, thinking that if daddy came, he would definitely come to the small window to find her first.

However, she looked at it for a very long time, so much so that her neck ached. She had not waited for daddy to come. After all, she was a child, so her body's support was limited. In the end, she could not endure it. She sat on the aisle and fell asleep due to exhaustion.

Che Qixuan and Pu Zhihui came to the building where little feather was imprisoned. They were originally going to find the place where little feather was imprisoned, but when they sneaked into the basement of this building, they were shocked to find that.. This place was simply a place without humanity.

**Chapter 574: whose child is it**

The sign in front of the building indicated that it was a nightclub, which was a place that provided nightlife for the rich. It was not unusual for such a place to be found in a large city.

What was strange was that this so-called nightclub was different from other nightclubs. On the surface, there were so-called entertainment programs such as bar performances, but behind the scenes, it was an extremely inhumane child abuse trade.

It was when he was passing by a window close to the wall that he inadvertently looked inside. When he looked inside, Che Qixuan was so shocked that he almost lost his grip on the window bar, because inside the window, it was an extremely unsightly scene.

A few girls who were not even ten years old were actually being forced to do something that didn't belong to them at their age. Beside them stood a man who was neither male nor female, holding an iron whip in his hand. If that person dared to disobey the order and didn't do it, her iron whip would fiercely fall on that little girl's body.

Pu Zhihui was so angry that she couldn't help but ask Che Qixuan in a low voice, "what kind of people's territory is this? If I don't flatten this place today, my surname isn't Pu. This isn't something that humans do at all. They're all animals."

"I'm not familiar with this place," Che Qixuan was telling the truth. He had already left Binhai for 15 years, so he wasn't even familiar with Binhai now. Moreover, this wasn't Binhai, but city G.

"I don't care whose territory this is. I'm going to destroy this place today." As Pu Zhihui spoke, she had already jumped up and slipped through the window of a washroom.

Che Qixuan originally wanted to stop her from meddling in other people's business, because their purpose of coming here was to save Little Feather. There was no need to get involved in other things.

However, Pu Zhihui had already gone in. He was slightly stunned, and quickly followed her into the bathroom window. He thought to himself, maybe we can find Little Feather's hiding place faster from here.

When Dongfang Mo rushed to this building, Che Qixuan and Pu Zhihui had already gone into the building, so he didn't need to see them at all.

However, he was with Hao, and Hao was experienced in searching for people. The two of them circled around the wall behind them and used the detector to immediately take out the iron-sheet room.

Dongfang Mo looked at the palm-sized window and was slightly stunned. He immediately said to Hao, "let's not go through the window. We'll go through the main door. I reckon that there's more than one child locked in there, and the cutting of the window is very slow. It'll be much easier to open the main door directly."

Hao nodded and immediately ran silently to a side door with Dongfang Mo. Of course, there were people guarding the door, but these two people were nothing in his eyes. Before he could make a sound, he had already knocked them out.

The Little Feather in the room was originally drowsy, but suddenly there was the sound of fine lines at the door. She was shocked and immediately opened her eyes.

She still couldn't see everything in the room, but the sound of fine lines could still be heard clearly from the door. She hesitated for a moment, then immediately went to the door and put her ear against the door frame to listen carefully.

That's right, there was indeed the sound of a key turning the door lock, and it shouldn't be the half-male and half-female Mommy, because that mommy wouldn't have been unable to open the door for a long time.

"knock, knock, knock." She stretched out her small hand and knocked on the door three times, and then asked instinctively, "is it Daddy?"

### **Chapter 575: whose child is it**

Outside the door, Dongfang Mo, who was using the master key to open the door, instinctively trembled. Little feather's cry, 'Is it Daddy?' made his heart tighten instantly, and a sense of sadness and sadness instantly surged into his heart.

Little feather had been kidnapped, but the first thing she thought of was her Daddy, and her daddy was Che Qixuan, not him, Dongfang Mo. this made his heart involuntarily ache.

"boss, speed up!" A Hao saw him stop at the side and urged him in a low voice, "otherwise, it'll be troublesome if someone comes later."

Dongfang Mo nodded and quickly turned the lock. Although it was a universal key, it was not easy to use a universal key to open the door.

Fortunately, it did not take long for the lock core to be turned open. He exerted a little strength and the lock core was opened. Dongfang Mo gently pushed the door open and the little feather behind the door quickly dodged.

Little feather used the Ray of light from the door to see Dongfang Mo. she was stunned for a moment, then pounced on him and shouted happily, "Daddy!"

Dongfang Mo hugged little feather tightly in excitement. Then, he patted her back and comforted her in a low voice, "don't be afraid, daddy is here. Don't be afraid. Daddy will take Yu Yu away immediately, okay?"

"okay," little feather replied in a nasal voice. Then, she quickly slid down from Dongfang Mo's body and pulled his hand to the iron cages She pointed at the iron cages and said, "Daddy, these children are the same as me. They were all tied up and sent here. Quickly think of a way to save them. Otherwise, they will all be sold by that F \* Cking, Androgynous Mommy."

Dongfang Mo nodded and gave a Hao a look, signaling him to call the police. He quickly took out the wire cutters to cut the chains of the metal cages.

At this moment, Che Qixuan and Pu Zihui had already quickly entered the so-called nightclub's enzyme, which was of course the room they had just seen.

Pu Zhihui was filled with anger. She quickly reached to the main electric switch of the nightclub and leaped slightly. With the strength of the wire cutters, she immediately cut off a crucial line. The lights of the nightclub flashed three times and were all extinguished in an instant.

The androgynous mommy who was scolding the boss in the room was stunned for a moment and quickly asked what was wrong. Then, she pulled the door open, wanting to find someone to find out the truth.

Unfortunately, before she could open the door and step out, Che Qixuan had already quickly controlled himself and kicked the door open. Then, he shouted at the little girls in the room, "hurry up and escape. Use your fastest speed. "

The little girls were scared silly for a moment before they immediately fled in panic. Meanwhile, the other man was exasperated. He pounced on Che Qixuan with a shiny dagger in his hand, looking like he was going all out.

It was a pity that this action of his was like that of a child Gamer in Che Qixuan's eyes. His body had just approached Che Qixuan's side, and the dagger did not even touch Che Qixuan's clothes, but he was subdued by Che Qixuan.

"Hurry up and bring me to the place where the children are being held? Otherwise, I'll immediately send you to hell. " Che Qixuan controlled his kick to knock one out Then, he used the muzzle of the gun to point at the back of the head of that androgynous woman. His voice was low and contained a restrained fury.

This androgynous mother was already pissing her pants. She did not dare to quibble any further. Immediately, she brought Che Qixuan and Pu Zhihui to the place where the little girl was held. To their surprise, they discovered that the door to the place was open However, none of the girls inside were missing.

### **Chapter 576 you're not my daddy**

The girl's disappearance meant two things. One was that she had been moved by the people here, and the other was that she had been rescued.

But which one was it?

"Where are the people? Where did you move to? " Che Qixuan held the androgynous Mommy, his deep voice filled with suppressed anger.

"I don't know. We didn't move her. " The androgynous mommy was so scared that she was trembling. Che Qixuan held the cold muzzle of the gun against the back of her head, making her feel the arrival of death Thus, she hurriedly said, "we haven't found enough girls. We want a total of twenty. Now there are only seventeen. We originally wanted to send three more tomorrow, but... "

"What do we need twenty girls for? " Che Qixuan asked softly. A bad premonition inexplicably welled up in his heart.

"I don't know," this androgynous Mommy said truthfully. "I only know that when we find twenty girls, we need to carry out special education. When they all comply, we will hand them over to a mysterious person. It is said that that person wants to take the children to a faraway place. As for where that place is, I don't know."

"How often do you send a child to that person?" Che Qixuan's deep voice rang out once again, and the hand that was grabbing onto this androgynous woman unconsciously increased its strength, wishing that it could tear him into a million pieces.

"Five years." This androgynous mommy stretched out five trembling fingers, and then begged as she looked at Che Qixuan. "Five years ago, we already sent a batch of children over. That time, we sent ten children over, and this time, we want twenty..."

"Don't ask anymore, the police are already here, let's hurry up and leave." Pu Zhihui quickly ran over. Beside Che Qixuan's ear, she said, "we just checked. Little feather was probably rescued by Dongfang Mo. It must have been Dongfang Mo who called the police. We can't stay here for long. LET'S HURRY UP AND LEAVE!"

Dongfang Mo nodded. He grabbed this androgynous Mommy's hand and used force to break her shoulder armor. Then, he lifted his leg and kicked her leg, giving her no chance to escape. Only then did he quickly leave with Pu Zhihui.

They had only left for a few minutes when the police had already rushed into the building. In this so-called nightclub, other than the pitiful few-year-old girls, there were also many underage girls who were used to make money.

"utterly heartless. He's really crazy about money!" Pu Zhihui gritted her teeth as she looked at the already chaotic nightclub. She could not help but curse softly, "if this was a cruise ship on the high seas, I would definitely kill all these human-faced beasts."

"fortunately, the police came and saved some people. Of course, it also made some people's lives not so easy." Dongfang Mo patted her shoulder. "Let's go. Don't stay here. It's time to do our own things."

Pu Zhihui nodded and quickly walked with Che Qixuan to the motorcycle hidden under a big tree not far away. As soon as Che Qixuan sat in the back seat, Pu Zhihui stepped on the accelerator and the car instantly sped up.

"Are you sure that Dongfang Mo took little feather away?" Che Qixuan was still a little worried because he didn't see little feather.

"I'm sure." Pu Zhihui nodded. "On the way to find you, I met two seven or eight-year-old girls who were running away in panic. I asked them if they saw little feather. They said that little feather was saved by her daddy and they were also saved by little feather's Daddy."

## **Chapter 577 you're not my Daddy 2**

Yan Ru was burning with anxiety in one inch ink city. She wanted to run out and look for little feather herself, but Dongfang Mo's security didn't allow her to leave one inch ink city.

Of course, she had thought about climbing over the wall or something, but that was unrealistic because one inch ink city was heavily guarded. Moreover, she was now the most important guardian.

She couldn't go out or save little feather. She called Che Qixuan, but this time, she couldn't get through. She called Pu Zhihui again, but she couldn't get through either.

The call could not get through. She did not know if they had gone to save little feather, and Dongfang Mo, the devil, had disappeared after he went out at night. She did not know if he had gone to save little feather.

Yan Ru paced around the room anxiously. Although she was very sleepy, she did not feel sleepy at all. Before she received the news that little feather was safe, her anxiety was so intense that it was smoking Her heart, which was already in her throat, could not let go no matter what.

In the middle of the night, the sound of hurried footsteps could finally be heard outside the door. Yan Ru, who was so tired that she could not support herself, instinctively felt her heart skip a beat. Then, she jumped up from the SOFA and ran to the door.

Just as she opened the door, Dongfang Mo came in with a child in his arms. The child in his arms was clearly the little feather that she had been longing for.

Yan Ru was stunned for a moment. Then, she was overwhelmed with joy. She followed Dongfang Mo into the bedroom and looked at the child that Dongfang Mo had placed on the bed. She cried out in joy, "Yu Yu."

"SHH." Dongfang Mo put his index finger on his lips, indicating that she should not be so loud. Then, he said softly, "she is very tired. Let her sleep first. Don't wake her up."

Yan Ru nodded immediately. Then, she and Dongfang Mo went to the living room outside the bedroom. Before Dongfang Mo could sit down, she was the first to ask, "Dongfang Mo, who kidnapped my Yu Yu? Where did she go?"

Dongfang Mo was slightly stunned when he heard her words. Then, he said softly, "we haven't figured out who kidnapped her yet. We're still investigating. Anyway, the police have already intervened. We'll probably find out tomorrow."

"Then where did she go?" Yan Ru quickly asked, "why did they kidnap my Yu Yu? I don't have any grudges with Binhai."

Dongfang Mo heard her words and frowned. Then, he said faintly, "you don't have any enemies, but the key is that they don't know that she's your daughter."

"What do you mean? They don't know that she's my daughter?" Yan Ru's face darkened. She was stunned for a moment before she reacted So, she said angrily, "you're right. They must have mistaken her for your Dongfang Mo's daughter, so they kidnapped my Yu Yu."

When Yan ru said this.. She couldn't help but curse, "Dongfang Mo, what kind of f \* Cking ability do you have? In the past, when you had a wife, your wife was kidnapped. Later, when you had a mistress, your mistress was kidnapped. Now, a few days after you had a child, your child is kidnapped again."

Dongfang Mo looked at her with a smile that was not a smile. When she finished speaking.. Then, he said meaningfully, "Madam Yan Ru, how did you know that my wife was kidnapped? How did you know that my mistress was kidnapped? Also... is your daughter, Xiao Yu, my child? "

### **Chapter 578 you're not my Daddy 3**

Yan Ru only realized after hearing Dongfang Mo's question. She had scolded him too much because she was angry, so she did not notice that her words were extremely contradictory to her current identity.

"I used to be the second young mistress of the Dongfang Family, Xi Muxue. Of course, I know about your ex-wife being kidnapped. I've heard about it too." Yan Ru quickly reacted and then glared at her fiercely.

"Xi Muxue does know about my ex-wife being kidnapped," Dongfang Mo did not deny this point. However, he continued, "but Xi Muxue doesn't know about my ex-mistress being kidnapped because Xi Muxue was nowhere to be found at that time. Where did you find out about it? "

Yan Ru was rendered speechless by Dongfang Mo's question, so she could not help but say angrily, "you don't care where I found out about it. In short, you can't protect anything, whether it's your wife, mistress, or child... "

Yan Ru immediately stopped when she said this. The child word was forcefully swallowed back by her. She wished she could bite off her own tongue and forget about it.

Dongfang Mo saw her remorseful look and his face flushed red. He couldn't help but laugh in his heart. Five years had passed. This woman had changed her appearance, changed her name, and changed her identity. The only thing that hadn't changed was her personality. She was still as stupid as she was five or six years ago. At the same time, she was still as stubborn as a dead duck.

"Alright, Yan Ru, it's getting late. Hurry up and sleep with Yu Yu." Dongfang Mo Yawned. He had been busy for a whole day and night and also wanted to rest.

"Yu Yu and I are leaving tomorrow. We're going back to Korea," Yan ru said angrily as she walked into the bedroom. "You're not allowed to disturb us. "

Dongfang Mo's mouth twitched instinctively. He wasn't going to disturb them. What kind of joke was this. His wife and children. Who else would disturb them if he didn't?

Of course, he was not in the mood to discuss this with her. Moreover, this wretched woman, Yan Ru, had yet to admit that little feather was his daughter. It seemed that he had to think of a way to make her admit it. Fortunately, there were many ways to do this now.

Although Dongfang Mo was also sleepy, he could not go to sleep with his wife and child. He still had to meet someone.

Thinking of this, he quickly turned around and walked out of the door. Just as he walked out of the hall on the first floor, his phone rang. It was a Hao calling, so he quickly picked it up.

“boss, Che Qixuan is running toward the beach in city G. he probably wants to stay at the sea tonight...” a Hao’s voice came from the phone.

“got it. Stop Him. I’ll immediately drive to the south coast of city G...” Dongfang MO quickly ordered. While he was talking, he had already jumped into his car.

He originally didn’t plan to meet with Che Qixuan because he wanted to live his own life. As long as he didn’t set foot in China, as long as he didn’t set foot on the shore, as long as he didn’t appear in front of him.. He would just treat it as if he was still a monk in the Lianhua Temple in Las Vegas.

However, this time, he had to meet with him. He had to warn him righteously that Yan Ru, which was also Xi Muru, was his wife, Dongfang Mo. he had to behave himself and not always show up in front of Yan ru in the future.

Of course, there was also the marriage between Che Qixuan and Yan ru in Korea. This was a fatal blow to Dongfang Mo. he had to order Che Qixuan to dissolve his marriage with Yan ru as soon as possible because he wanted to marry Yan ru He could not accept it. At the same time, he could not tolerate his wife being his sister-in-law.

#### **Chapter 579 you’re not my Daddy 4**

Initially, Che Qixuan wanted to meet up with Pu Yongjun at sea. Since Pu Zhihui said that Pu Yongjun was coming over, it was obvious that she was still worried about Yan ru and little feather.

In the past five years, Pu Zhihui had a bad relationship with Yan ru due to a misunderstanding between them. However, after the misunderstanding was resolved, her relationship with Yan ru became better.

The five of them had long been like a family. Although Pu Yongjun and Pu Zhihui did not live with Yan ru, they often went to Yan ru’s house for meals and they often gathered together.

When Pu Yongjun came over, his heart immediately skipped a beat. He wondered if he would return to Korea with him later?

But when he thought back, he left just like that. Yan Ru and little feather were still in one inch mo city in Dongfang Mo. although that was originally Dongfang Mo’s woman and child, but in the end... ..

In the end, he had lived with Yan ru and her mother for five years. He personally saw that Yan ru’s belly was getting bigger and bigger. He personally sent her to the hospital and guarded outside the delivery room. When he heard the baby’s first cry, other than the doctors and nurses, he was the first to hold little feather.

Little feather was his daughter. This understanding had been deeply ingrained in his heart, so now that he wanted to leave the two of them behind, he suddenly felt reluctant to do so. He could not bear to do so at all.

Pu Zhihui could see through his thoughts He could not help but mutter, “your brother is a very dishonest person. Yan Ru told me about her and your brother. Actually, your brother’s first love was Yan ru’s twin sister, Xi Muxue, and not Yan ru. It was Xi Muxue who was too hypocritical and snobbish, so she asked Yan ru to marry your brother in her place.”

Pu Zhihui paused for a moment. Then, he instructed, “although Yan ru’s marriage with you is indeed a little unfair, I feel that it’s even more unworthy for her to go back and release that devil with Dongfang Mo. Moreover, Xi Muxue is still by Dongfang Mo’s side. I think the reason why Dongfang Mo keeps looking for Yan ru is actually because he wants to get back that child from before, which is little feather.”

Che Qixuan did not say anything. In fact, he still had the same thought in his heart. That was because in the past five years between Yan ru and Dongfang Mo, Dongfang Mo had never treated Yan ru well. He even broke up the marriage between Yan ru and Zheng Yifan.

If Dongfang Mo really imprisoned Yan ru just because little feather was his child, then it would indeed be too inhumane. He could let little feather recognize him as his father in the future, but he couldn’t imprison Yan ru again. Because Yan ru had no relationship with him at all.

With this thought, he immediately made a decision, “turn around and go straight to Binhai. I want to enter one inch Mo city again.”

“Yes,” Pu Zhihui replied. The motorcycle quickly turned around and stepped on the gas pedal. Then, he said to Che Qixuan in the back seat, “my brother will probably reach one inch mo city in Binhai soon.”

One Inch Mo city was heavily guarded, especially against outsiders. It could be said that it was watertight. Anyone who wanted to enter one inch mo city from the outside was more difficult than climbing into the sky.

Therefore, after arriving at one inch Mo city, Pu Yongjun circled around one inch mo city, but he couldn’t find a suitable entrance. This gave him an incomparable headache. If he couldn’t enter one inch Mo city before dawn.. Then tonight’s plan to bring Yan ru and little feather out would probably be ruined.

### **Chapter 580 you’re not my Daddy 5**

One Inch Mo city was indeed heavily guarded. It was indeed more difficult for outsiders to enter than ascending to the heavens. However, this kind of heavily guarded city was not something that everyone could guard against

For example, CAR QI XUAN!

Car Qi Xuan and Dongfang Mo looked exactly the same, and it was night time. Moreover, if he drove in, the security guards would not even look carefully. Therefore, he was completely free to enter and exit freely.

Of course, the car that Dongfang Mo had just driven out, they quickly used special detection equipment to pull it out from the surveillance equipment at the first intersection outside one inch Mo city. Then, they quickly found a car rental company to rent such a car. They made a fake license plate and put it on, and it took less than two hours.

Che Qi Xuan had once sworn that he would never drive again for the rest of his life. He had also sworn that he would never walk into one inch ink city again for the rest of his life, because he was already a dead man.

However, for Yan ru and little feather, he made an exception this time. He drove the car that was disguised as Dongfang Mo and swaggered toward the entrance of one inch ink city.

As expected, there was no obstruction. When the security guard saw that it was his car, he immediately let it pass. Another one even came up to greet him and asked him if he wanted to go out again later.

He nodded and replied coldly, "I still have to go out later. You just have to be at ease and don't leave as you wish." "Yes!" The security guard replied and immediately gave him a standard salute. Then, he quickly ran towards his own security booth.

He quickly parked the car and took the car keys as he walked towards one inch ink city's Mo Garden at a moderate pace. Although he was anxious in his heart, he was currently disguised as Dongfang Mo, so he could not show his anxiety at all.

The Mo Garden's main hall was very quiet in the early hours of the morning. There wasn't a single person. He walked straight upstairs. If he guessed correctly, Dongfang Mo still lived on the second floor because that person was used to living on the second floor.

At this moment, in the room on the second floor, Yan ru and little feather had already fallen asleep. The mother and daughter had already stayed up for a day and a night, and they couldn't endure it anymore.

However, little feather didn't sleep well. She seemed to have been having nightmares, and in her dreams, she kept calling out to Yun Xia, "don't be anxious. Otherwise, my daddy will definitely come to save me. He will definitely come to save us. "

Yan Ru did not know what happened to little feather, but from her frightened state even when she was asleep, she must have encountered something that she could not bear at such a young age.

Yan Ru had no choice but to pat little feather's body gently, and she comforted her in a low voice, "don't be afraid, Yu Yu, mommy is right here. Mommy is watching over Yu Yu Yu, and no one will dare to bully my Yu Yu anymore. "

Just as Yan ru was gently coaxing little feather, she suddenly heard the sound of the door being pushed open from outside. She was instinctively stunned, then quickly stood up and walked towards the living room in a few steps.

Just as she reached the door, she saw Dongfang Mo tiptoeing in. She was stunned for a moment before she took a step back. Just as she was about to speak, Che Qixuan had already placed his index finger on his lips to signal her not to make a sound.

Yan Ru then carefully sized up the man in front of her. When she saw the wedding ring on his ring finger, she recognized that he was Che Qixuan. She was so frightened that she asked, "why are you here? "

"Now is not the time to talk. Quickly Carry Yu Yu and follow me downstairs." Che Qixuan whispered in her ear in an extremely low voice, "quickly, Yong Jun and Zhi Zhi are waiting for US outside. "
