Chapter 631: Who was the substitute for whom

"If you can get the birthmark out, of course you can get it out." Xi muxue rolled her eyes She said Snappily, "alright, quickly take off your gown and give it to me. Then, take out the things in your bag and give it to me. Then, you can wear my clothes and escape. "

"How can that be?" Yan Ru refuted without even thinking Then, she said very unhappily, "Mu Xue, I understand that you want to live in the Dongfang family, but my little feather is still in Dongfang Yunxia's hands. At this moment, she has already taken her to Dongfang Mo and Fang Zining's engagement banquet hall. I do want to escape, but I can't leave my little feather behind and escape. "

"Are you stupid?" Xi muxue immediately revealed a mocking expression Then, she lowered her voice and said, "after we change our clothes here, you can leave through the fire passage at the back door of the Qiluo hotel and wait for me at the back door of the Grand Hotel. When I arrive at the Grand Hotel, I'll bring little feather to the toilet. Then, I'll give you little feather to secretly take away. Isn't that enough? "

Yan Ru was slightly stunned. She frowned and could not help but ask in a low voice, "is this really okay? "

"Of course it's okay. Why are you so stupid?" Xi muxue could not help but scold her. As she spoke, she quickly snatched her bag As she took out the things inside, she said, "quickly take off your gown. People will be suspicious after a long time. "

When Yan ru heard this, she was stunned. Although she knew that Xi Muxue was lying to her, because Xi muxue would not be so kind as to really bring little feather to the back door of the Yuntian hotel and let her take him away.

Moreover, if Xi Muxue really did that, how could she pretend to be her in one inch ink city Without little feather, great-aunt Dongfang Yunxia and Dongfang Mo would definitely find trouble with her.

Xi Muxue thought that she was still that fool from back then, the Xi Muru who would believe whatever she said.

However, this was not the case. All these years of experience had taught her to be vigilant and learn not to trust anyone. Of course, this included her twin sister Xi Muxue.

At the same time, she also knew that this was indeed a difficult opportunity for Xi Muxue to act as her while she could think of a way to blend in with the waiters or the ordinary guests. This way, she could also take little feather away.

Anyway, there were many people at the engagement party, and it was impossible for the Dongfang family to know every guest, let alone the waiters. This made it even more impossible for them to know each other.

With this thought in mind, Yan ru no longer said anything to Xi Muxue. Instead, she very obediently changed out of the gown she was wearing and handed it to her, while Xi Muxue had already changed everything in her bag.

Xi Muxue put on her gown and carried her bag. Then, she swaggered out of this cubicle. She took a look at herself in the mirror by the sink and then walked elegantly towards the VIP dressing room not far away.

Yan Ru put on Xi Muxue's clothes. Needless to say, Xi Muxue was really well-prepared today. She wore a jumper, a scarf, and a pair of wide-brimmed sunglasses.

She dressed up as Xi Muxue like this. Actually, she did not need to dress up much. They looked exactly the same anyway, so she swaggered out of the door of the DAMASK.

The car that had just sent her was still waiting at the door. Of course, it was not her who was waiting, but Xi Muxue who was still in the dressing room putting on her makeup. As for her, to the Dongfang family's security guard who drove the car, she was already a passerby.

Chapter 632: Who became WHO's stand-in 6

Yan Ru, also known as Xi Muru, grew up in Binhai city. Even though she was also the eldest daughter of the Xi family, because she had been ugly since she was young, Xi Yuancheng had never taken her to public places. Instead, he made her work as a maid at home all day long.

Therefore, Mu Ru was not familiar with the hotels in Binhai city, but she was very familiar with the Yuntian hotel because it was opened by Leng Leiting. She had even sent butterfly orchids to the Yuntian hotel when she was a flower delivery worker.

Because she was familiar with the Yuntian Hotel, she knew that there was a very small alley at the back door of the Yuntian hotel, and that alley led to a courtyard, which was an underground casino run by Leng Leiting. She had once been caught by Leng Leiting's men as Xi Muxue at that place.

Because she was worried about Little Feather, she chose to take a taxi. Fortunately, the Qiluo gown styling house was not far from the Yuntian hotel. Ten minutes later, she arrived at the entrance of the Yuntian hotel.

Dongfang Mo and Fang Zining's engagement party was held here. Of course, there was a luxurious wedding reception line at the entrance. At the same time, many guests were already entering the venue one after another.

Of course, Mu Ru did not know these guests. Moreover, most of these people were related to the Dongfang family or had dealings with the Dongfang Group. Of course, some of them were Dongfang Mo's friends.

Of course, it was not easy for her to sneak in, so she could not help but walk to the side. Just as she was thinking about how to get in, someone suddenly tugged at her clothes from behind. She turned around and almost cried out in surprise.

Of course, she did not succeed because Pu Zhihui had already covered her mouth with her hand and pulled her to the side. She looked at her in surprise. She asked softly, "what's going on? Aren't you attending as a guest? I saw Little Feather dressed so beautifully and went in with an old lady."

"I switched with Xi Muxue," Mu ru quickly explained to her. "It's that twin sister of mine. I don't know which part of her body is acting up, but she's now bent on living in one inch ink city. I guess she can't find a job that can earn money elsewhere."

Pu Zhihui could not help but laugh when she heard her words. She tapped her forehead with her hand and said, "can't you be more enlightened? Do you think Xi Muxue is living in one inch Mo city for the sake of luxury and endless money?"

Mu Ru kept quiet. Of course, she knew that the current Xi Muxue was probably in love with that Bastard Dongfang Mo again. However, did Dongfang Mo need a woman to love him?

She was not sure what Xi Muxue was thinking. If she was Xi Muxue and Leng Leiting did not ask her for a debt, then she would be free of debt. She should just find a job and go to work There was no need to put herself in the hands of Dongfang Mo in one inch ink city.

"Okay, tonight is an opportunity, but you have to bring little feather out," Pu Zhihui said when she saw that she was silent Then, she said, "I thought I was going to blend in, but it seems like there's no need. You blend in, I'll help you from the outside..."

"How am I supposed to blend in?" Yan Ru glared at Pu Zhihui. "What do you think this place is? Didn't you see the guests at the hotel go in with their invitations?"

"Who told you to pretend to be a guest?" Pu Zhihui rolled her eyes at her, then said snappily, "if you pretend to be a guest, wouldn't you be pretending to be Xi Muxue? You have to pretend to be a waitress."

"waitress?" Mu Ru was stunned for a moment, then she nodded and said, "I've thought of this method before, but where am I going to get a set of clothes for a waitress at the hotel?"

Chapter 633: Who became WHO's stand-in 7

Pu Zhihui rolled her eyes at Mu Ru's words Then, she sighed. "after all, she's a woman who was raised in a secluded room by Xuan Jun. She doesn't know anything about these things in the Jianghu. The waiters of the Yuntian hotel are all in the hotel right now. You're behind a telephone pole 200 meters away from the hotel. Do you have the chance to pretend to be a waiter of the Yuntian hotel?"

"this..." Mu ru was speechless. Then, her face turned red and she immediately asked, "then what should we do? I can't think of another way."

"This is very simple. Dongfang Mo and Fang Zining are engaged to make a nine-story cake. The cake was custom-made at Binhai Fortune Western bakery, and you just have to pretend to be the cake delivery lady."

Yan Ru was stunned when she heard this, and then she nodded and said, "good idea, but the key is... how do I pretend to be the cake delivery lady at Fortune Western Bakery?"

"follow me." Pu Zhihui held Yan ru's hand and quickly walked toward a large parking lot. At this time.. The cake delivery truck of Happy Western bakery was moving at a snail's pace towards the parking lot of Yuntian hotel.

Because this truck was loaded with nine-story cakes, the speed of the truck was particularly slow. At this speed, anyone with a little strength could climb up from the back of the truck.

Pu Zihui had brought mu ru up from the back of the truck. There was a female attendant guarding inside the truck. When she saw the two people who suddenly climbed up, she was so scared that she wanted to shout.

Of course, she didn't have the chance. In the hands of a quick-witted woman like Pu Zihui, her mouth was immediately covered. At the same time, after Pu Zihui used a piece of gauze to let her sniff her nostrils, she quickly fell asleep. Pu Zihui and mu ru quickly moved and stripped her of the happy western bakery's coat.

Finally, the truck stopped. Mu Ru was already wearing a white hat with the logo of the happy Western bakery on it.

The driver got down from the car and carried the cake down with her. Perhaps it was because the driver was busy with work, but he did not look carefully to see if the waitress wearing the mask and hat was an employee of his shop.

Happiness Bakery was particularly strict. For the sake of cake hygiene, all the waiters were required to wear masks and hats, even if they were the waiters who were out delivering the cake.

Therefore, Mu Ru, who was wearing the mask and hat, was not recognized by the driving colleague of happiness bakery. The driver helped her push the car to the door and then turned around to go back. Because the rest of the work only required one person to push the car into the hall.

Mu Ru carefully pushed the car with the nine-layer cake and slowly walked towards the cloudy Sky Hotel. In the eyes of outsiders, she was an extremely serious person because the cake was in the car. If she walked quickly, she was afraid that she would bump into something and break the cake.

In fact, Yan ru was worried that she would be discovered and she was worried that she would be stopped by the security guards at the door and questioned. She still did not know the name of the waitress at the western fortune bakery.

Fortunately, her worries were unnecessary. Everything went smoothly. When the security guards of the Yuntian hotel saw her pushing such a big cake in alone, they even ran over to help. At the same time, they softly scolded the boss of the Fortune Western bakery for being stingy. They did not even know that they had sent an additional employee over.

Everything went extremely smoothly. Mu Ru followed the nine-story birthday cake into the Yuntian hotel and successfully snuck into the engagement banquet hall of Dongfang Mo and Fang Zining.

Chapter 634 who did WHO's double 8

After Mu ru sent the cake in, a waitress from the hotel came up to greet her and asked politely, "where's the delivery list?"

Delivery list Mu Ru was stunned. She was only concerned about changing the waitress's clothes, but she didn't check if there was a delivery list in her bag. Obviously, she couldn't have rummaged through the other person's bag.

However, she still reacted in time and said a little embarrassedly, "maybe I left in a hurry and forgot to bring the delivery list."

"Oh, it's okay if you forgot. We'll write a receipt for you. You can just fill in the delivery slip for us." The person who spoke was probably the lobby manager or something. He immediately asked Mu Ru to follow him.

After mu ru followed him, she soon received a receipt for the delivery. She knew that she should leave after taking the receipt, but she could not leave because she had not found her little feather yet.

Therefore, she pretended to be in a hurry to pee and immediately asked, "excuse me, how do I go to the bathroom?"

This person seemed to be very busy. He pointed in a certain direction and said casually, "just walk straight ahead. When you reach the end, you can just use your right hand."

"thank you," Mu Ru thanked him and turned to leave immediately. At this moment, she had to use the fastest speed to go to the washroom to dress herself up again.

This was very simple because the clothes she was wearing were the clothes Xi muxue had given her. When she went to the washroom, she only needed to take off the clothes from the blissful pastry shop. Then, she took out the makeup that Pu Zihui had prepared for her and put it on in front of the Mirror.

Of course, because Xi Muxue was going to appear later, in order to not let others think that she was similar to Xi Muxue, she first applied a layer of brown powder on her face. After this powder was applied, her skin was no longer fair. It was a wheat-colored skin color, as if she had basked in the scorching sun for half a month on the beach in California.

Next, she put on a fake golden hair cover for herself. Coupled with the wheat-colored skin color that she had just put on, it gave people the feeling that she was asian-american. Then, she put on a pair of black-framed glasses for herself, giving people the illusion that she was nearsighted.

After successfully dressing up, she walked into the banquet hall. There were already many people in the hall. She saw feather at first glance. She was sitting beside Dongfang Yunxia and was looking around. Clearly, she was waiting for her arrival.

She frowned instinctively. The engagement ceremony was about to begin, but Xi Muxue, that woman dressed as her, had yet to arrive. What was going on? Didn't she have a private car to pick her up?

Xi Muxue did not come all this while. Then, it was Dongfang Mo and Fang Zining's engagement ceremony that started. Feather was held by Dongfang Yunxia's hand. Mu Ru wanted to go over, but because Dongfang Yunxia was in the VIP seat, she could not just rush over. That was because the person sitting next to Dongfang Yunxia was actually Fang Zining's father whom she had seen at Nishang yesterday, while Dongfang Mei was standing next to Dongfang Yunxia.

The host walked up to the stage with a microphone in hand and announced that today was Dongfang Mo and Fang Zining's engagement ceremony. Of course, there was a long prefix, except that today was a good day for the wedding, such as the wind and the sun shining brightly.

Mu Ru was not in the mood to listen to the host's nonsense. She just stared at her daughter little feather, hoping that she could go to the bathroom alone or something, because that would give her a chance to interact with little feather.

Chapter 635: Who became WHO's double 9

"Now, let's welcome Mr. Dongfang Mo and Miss Fang Zining to the stage to complete their solemn and sacred engagement ceremony." After the host finally finished his long-winded speech, he loudly announced this moment that everyone was looking forward to.

Dongfang Mo, who was wearing a white Tuxedo, and Fang Zining, who was wearing a white strapless dress that covered the floor, slowly stood up. The two of them held hands as they walked towards the stage. The aisle that led to the stage in the middle was not only covered with a red carpet The red carpet was also covered with roses that symbolized love.

Not only did Yan ru remember that early in the morning, Dongfang Mo came to the Plum Garden to look for her after being poisoned by the spring poison. At that time, he was in so much pain that he almost died, but under such painful circumstances, he actually thought of her.

If he was poisoned by the spring poison, why didn't he look for Fang Zining Wasn't Fang Zining in his room on the second floor of the Mo Garden last night?

Thinking of this, Mu Ru's heart could not help but quiver. When she went to look for Dongfang Mo last night, Dongfang Mo and Fang Zining were still in Dongfang Mo's room on the second floor of the Mo Garden. Then how could Dongfang Mo have been poisoned by the spring poison?

Who was the one who poisoned Dongfang Mo And why didn't Dongfang Mo look for Fang Zining to detoxify the poison after he was poisoned Was it because his heart ached for Fang Zining?

The man who was poisoned was very fierce. Was He afraid that he would accidentally hurt his first love because he could not control his body?

Mu Ru still did not understand these things. Dongfang Mo held Fang Zining's hand as they walked to a spot one meter away from the stage. Suddenly, a person rushed in and quickly ran to Dongfang Mo's side He whispered something into Dongfang Mo's ear.

"What?" Dongfang Mo was shocked and could not help but look at this person and ask, "Yan ru is missing? And she was kidnapped? Are you sure?"

"I'm sure. I've also investigated the surveillance equipment outside the Qiluo gown styling house. After Lady Yan ru walked out of the Qiluo gown shop and got into the car, she was kidnapped because the driver of the car was already controlled by someone while waiting for Yan ru..."

“cancel the engagement ceremony. Send someone to protect little feather’s safety, ” Dongfang Mo immediately ordered. Then, he quickly turned around, threw away Fang zining’s hand and walked towards the door.

“Ah Mo, ” Fang zining called out to Dongfang Mo from behind. She was slightly stunned as she chased after him, “Ah Mo, how can you do this? Ah Mo, can’t you wait until the engagement is over before you go look for Yan ru? ”

Unfortunately, Dongfang Mo’s footsteps were very fast, and he quickly left the banquet hall. Therefore, he did not need to hear Fang zining’s words at all. Perhaps he heard one or two sentences, but he did not need to turn his head back at all.

Fang Jinxin’s face immediately darkened. Seeing that his daughter could not catch up to Dongfang Mo, he could not help but quickly rush forward. Finally, he stopped Dongfang Mo at the main entrance of Yuntian hotel.

“Dongfang Mo, what do you mean by this? Are you going to abandon my daughter, Zining, on the spot? ” Fang Jinxin’s face was as dark as the prelude to a storm. His questioning tone was obviously filled with suppressed anger.

“I’m going to look for Yan ru now. I’ll temporarily put aside other matters. As for you, you can understand it as me abandoning my precious daughter on the spot. ” Dongfang Mo was very indifferent to Fang Jinxin’s questioning.

“Dongfang Mo, if you don’t complete the engagement ceremony today and walk out of Yuntian hotel like this, I’m afraid you won’t be able to bear the consequences. ” Fang Jinxin could not help but increase the intensity of his threat, and Fang zining had already come to his side crying.

Chapter 636 who was the substitute for whom

Dongfang Mo was obviously not threatened He looked at the father and daughter coldly and said, “I also want to give you a piece of advice. Everything should be done in moderation. I hope that Yan ru’s kidnapping has nothing to do with you two. Otherwise, don’t blame me, Dongfang Mo, for not recognizing her. ”

After Dongfang Mo said this, he immediately turned around and walked towards the entrance of Yuntian hotel. At this moment, saving Yan ru was more important. He did not have time to waste with Fang Jinxin and Fang Zining, the fake father and daughter.

“Yan ru, Yan Ru, is there only one yan ru in your heart? ” Fang zining cried and shouted from behind, “she is just a woman who gave birth to a child for the Dongfang family. She is worthy of you... ”

“Don’t say that she gave birth to a child for the Dongfang family. ” Dongfang Mo turned around and quickly interrupted Fang Zining Then, he said with a cold face, “even if she is just a dog in one inch ink city, you still have to look at the owner before you can beat a dog. I, Dongfang Mo, do not allow anyone to touch my things. ”

After Dongfang Mo said this, he immediately turned around again and quickly walked towards the Ferrari outside the front door of the Yuntian hotel. At this moment, nothing was more important than saving Yan ru.

After Dongfang Mo's figure disappeared from the Ferrari, Fang zining's face became twisted. The long nails of her hands that were clenched into fists dug into her flesh. The pain made her think back to that summer five years ago.

At that time, she and Xi Muru were kidnapped by Nangong Xun. At that time, Nangong Xun did not make things difficult for her. He only made things difficult for that ugly Freak, Xi Muru.

However, Dongfang Mo, that disgusting F * Cking Man, actually went to race with Nangong Xun for Xi Muru, that ugly freak. And it was during that race that Dongfang Mo almost lost his life.

Five years had passed. She was no longer the same person as she was back then. Instead, she had transformed into Dongfang Mo's first love. She thought that with such an identity, she should be able to surpass that ugly freak, Xi Muru.

However, who would have thought that the ugly Freak, Xi Muru, had actually become beautiful now? Moreover, she even gave birth to a daughter for Dongfang Mo. of course, she did not dare to touch that daughter. After all, Dongfang Yunxia treasured it.

However, Yan Ru, who was also Xi Muru, the jinx, was simply an eyesore to her. Hence, she wanted to take this opportunity to make her suffer a little and let her leave Dongfang Mo on her own accord.

However, she had never dreamed that the matter would be exposed so quickly. What was even more unexpected was that Dongfang Mo actually announced the cancellation of the wedding in front of so many guests just for Yan ru and then went to look for Yan ru.

All the guests looked at the father and daughter pair. Their Eyes were obviously filled with mockery and sympathy. These two things were not needed by the father and daughter pair. They only needed to be envious and jealous.

Yan Ru, Xi Muru, this damned woman. This time, she would not rest until she was dead. She would simply be a bad person to the end.

Since Xi Muru was born an ugly freak, then this time, she would fulfill her wish and let her become an ugly freak who would never be able to recover her original appearance.

Thinking of this, she quickly gave her father, Fang Jinxin, a look. Fang Jinxin naturally understood the meaning in Fang Zining's eyes. Then, he turned around and nodded indifferently at Dongfang Yunxia. He took Fang zining's hand and walked out the door.

Fang zining was filled with anger. At this moment, her heart was filled with hatred towards Yan ru, which was also Xi Muru. Because five years ago, she lost to her, and five years later, she still lost to her.

So, after she got into the car, she picked up her phone Then, she yelled hysterically into the phone, "not only do I have to rape that woman, Yan Ru, but at the same time, I want to completely destroy her seductive face and make her an ugly freak for the rest of her life."

Chapter 637 sorrow of the double

At Dongfang Mo's engagement party, Yan ru was originally sandwiched in the middle of the crowd. Of course, her gaze did not completely fall on Dongfang Mo and Fang Zining. Her gaze was mainly focused on little feather.

However, when Dongfang Mo and Fang Zining walked hand in hand to the aisle made of roses, her heart could not help but tighten. Because once upon a time, six years ago, she once walked hand in hand with him on the red carpet leading to marriage.

She still remembered that six years ago, on September 19th, at Binhai Five-star Hotel, the five Continents Hotel, Binhai held an unprecedented wedding. This wedding belonged to Dongfang Mo and Xi Muxue.

At that time, she was Xi Muxue's stand-in. She was wearing Xi Muxue's wedding dress and her head was draped in Xi Muxue's wedding gown. She held Dongfang Mo's hand as they walked along the rose-covered aisle towards the wedding stage.

She still remembered that when Dongfang Mo extended his hand towards her with a smile, she was so nervous that her heart was about to jump out. She was afraid that he would recognize her. She was afraid that this wedding would end because she was a substitute before it even started.

Fortunately, everything went smoothly as expected. Dongfang Mo did not realize that she was not Xi Muxue. He just held her hand and walked forward while her hand became colder and colder in his warm palm.

He measured her face and whispered into her ear, "don't be nervous. This is just a ceremony, and people have to go through some kind of ceremony in their lifetime."

She was so scared that she did not dare to say anything because she was a substitute. She was afraid that she would expose her identity the moment she opened her mouth, so when Dongfang Mo told her this, she just nodded. She didn't know if she nodded because she heard what he said or because she agreed with what he said.

Fortunately, the process of the wedding that day wasn't complicated. After the priest read a long list of enzymes that she didn't understand at all, he asked if she and Dongfang Mo were willing to be married.

Of course, she didn't want to because Dongfang Mo's original Love wasn't her but Xi Muxue. Any woman, even if they were ugly, she also wanted to marry the man who loved her.

Of course, she didn't say she didn't want to, but she said "I do" because at that time, she had already accepted her fate. Since this was God's arrangement, then what else could she do but to be willing?

Of course, Dongfang Mo was also willing. After all, this was the wedding he emphasized. He was the one who proposed to the Xi family, and he was the one who asked to marry Xi Muxue.

Now, Dongfang Mo wanted to be with another woman again. He wanted to announce their engagement on the stage with another woman, and then he would make a promise to another woman. Of course, he also wanted to marry another woman.

For some reason, Mu Ru's heart started to hurt for no reason. At that moment, she actually had the thought that she shouldn't get involved because many things were actually out of sight.

"What's going on?" "Why did Dongfang Mo Stop?" "Is he going to cancel the wedding?"

The surprised voices of the people around her pulled Mu ru out of her memories. She immediately raised her head and looked in the direction of the ceremonial stage.

As expected, Dongfang Mo's nerves were acting up. He actually didn't walk up the ceremonial stage to get engaged with Fang zining. There was a man in black standing in front of him. She didn't know what he said to him. At this moment, his face was dark as if someone had provoked him again.

Chapter 638: The sorrow of a substitute

In Mu Ru's memories, Dongfang Mo's face was covered with the bark of an old tree. At that time, she could not see any expression on Dongfang Mo's face.

Later, because of Dongfang Yu's death, he went to have plastic surgery for Kuang Yingying, and his face recovered. However, she left him very quickly, so she was not sure if his expression changed after the plastic surgery.

However, ever since she was captured by him in Paris, she felt that Dongfang Mo was indeed unpredictable, especially last night. To be precise, it was early in the morning. She had personally experienced his fickleness.

She had originally thought that Dongfang Mo's capriciousness was only directed at her. She had not expected that it would be the same for Fang Zining. She could not help but feel happy in her heart. It seemed that Fang Zining had also provoked Dongfang Mo at times.

While Mu ru was still thinking about this, Dongfang Mo had already swiftly walked towards the main entrance of the banquet hall. It was obvious that he was unwilling to continue the engagement ceremony with Fang Zining here.

Fang zining and her father chased after him and called out to Dongfang Mo at the entrance. They seemed to be discussing something. Mu Ru did not hear a single word because she was far away.

In short, Dongfang Mo left in the end, and so did Fang Zining and her daddy. As for her little feather, it was still in Dongfang Yunxia's hands, tightly held by Dongfang Yunxia. As for their surroundings.. In an instant, they surrounded Dongfang Mo's subordinates who were hidden among the guests.

Mu Ru couldn't help but feel miserable. She had snuck into this banquet hall with the purpose of taking little feather away. She had been waiting for Dongfang Mo's engagement ceremony to end, and then little feather could move freely.

However, the current situation was that little feather was heavily surrounded, and she couldn't get close to her at all. Dongfang Yunxia's face and Dongfang Mei's expression were also different They probably did not expect such a situation to happen at today's engagement ceremony.

However, Mu Ru did not know what the situation was, and the host announced on stage that Dongfang Mo and Fang Zining's engagement ceremony was canceled. At the same time, he also told everyone that Dongfang Mo had already paid for the food in the banquet hall, so it was not easy for everyone to come. Dongfang Mo was still the host and treated everyone to dinner.

Of course, Mu Ru was not in the mood to eat dinner. She took advantage of the chaos among the guests and quickly left the banquet hall. Then, she walked to a cafe 200 meters away to look for Pu Zhihui who was waiting there.

"What's going on? Didn't you bring Little Feather over?" Pu Zhihui was drinking pure fruit juice. When she saw Mu Ru come in alone, she could not help but frown.

Mu Ru shook her head and immediately told her about the situation at the Yuntian hotel. Then, she sighed heavily and said, "I don't know what's wrong with Dongfang Mo. He actually canceled the engagement with Fang Zining."

"You said Xi Muxue, who dressed you up, didn't come?" Pu Zhihui put down the straw in her hand, and her face obviously darkened.

"Yes, I haven't seen her all this time." Mu Ru nodded. Then, she sighed softly and said, "I don't know where she went. When she was at the Qiluo dress shop, she only needed to put on her makeup. It didn't take much time at all. About twenty minutes was enough."

"Then where did Xi Muxue go?" Pu Zhihui also became melancholic. She looked at Mu Ru suspiciously. "Could it be that she deliberately created some kind of trouble to stop Dongfang Mo and Fang Zining from getting engaged?"

Chapter 639 sorrow of the double

Xi Muxue, who was disguised as Yan Ru at the Qiluo dress shop, where did she go? Why didn't she come when Dongfang Mo and Fang Zining's engagement ceremony was about to begin? Could it be that she had been putting on makeup at the Qiluo dress shop all this time?

Actually, Xi Muxue did not spend much time putting on makeup at the Qiluo dress styling shop. She wore Yan Ru's light yellow dress and returned to the dressing room. Because of her good skin, she was also beautiful. The makeup artist took less than 20 minutes to settle it for her.

The makeup artist looked at her and could not help but say, "You're very similar to the former Miss Xi Muxue. You're exactly the same. Six years ago, Miss Xi Muxue often came to our store."

At that time, she could not help but curse in her heart. What kind of look is that? Am I not Xi Muxue? You people look like dogs who only look an inch away.

However, she was cursing in her heart, but what she said was, "Is that so? What a coincidence? I'm Korean. My name is Yan Ru."

The makeup artist immediately followed her words and complimented her body, skin, and looks. In short, she used all the compliments that could be used. This was also a way to please her clients.

She came out of the dressing room and wore this light yellow gown as she walked downstairs. Along the way, she met many envious gazes. She could not help but feel proud. It seemed that after Xi Muru learned how to draw for a few days, she had gained some insight on how to match the clothes. Today, she had chosen this light yellow gown very well.

Xi Muxue transformed into Yan ru and walked out of the styled room with an extremely confident expression. Then, she naturally walked towards the car that was waiting for Yan ru at the entrance.

The car door was not locked and the driver was still sitting in the driver's seat. She naturally opened the car door and sat on it. As soon as she sat down, the car drove out before she could put on her seatbelt.

She was shocked out of instinct. Just as she was about to scold the driver, she turned her head and realized that there was a black pistol on the driver's head.

She was so scared that she almost screamed, but the moment she opened her mouth, she immediately felt something cold on her head. She slowly turned her head and realized that there were three men in black wearing sunglasses sitting in the back row. Because of the extreme exaggeration of the sunglasses, it almost covered half of the men in black's face, so it was impossible to recognize the appearance of these men in black.

"Don't scream," the man in black who held the back of Xi Muxue's head warned in a low voice. "If you scream, I'll kill you immediately. This is a silent gun."

Xi Muxue was so scared that she had turned into a puddle of mud. At this moment, she didn't even have the strength to struggle. How could she still have the strength to scream? Thus, she could only be like the driver and obediently be controlled by these men in black.

Under the direction of the man in black, the driver drove the car out of Binhai City and then headed out of the suburbs. Xi Muxue was quickly covered with a black cloth by the man in black. Then, she didn't know where the car was going.

In the darkness, she rushed to the car and seemed to have stopped for a moment. Then, she was dragged out of the car and then pushed into another car. As for the driver, whether he followed her to another car or not, she didn't know.

After turning the car around, she felt that the car continued to drive on the road. At first, it was as smooth as the Dongfang family's car, but later on, she did not know which road it went on, but the car actually started to bump.

Chapter 640 sorrow of a body double

When the car finally stopped, Xi Muxue, whose mouth was covered with a blindfold, was once again dragged out of the car. In the darkness, she felt herself being pushed forward. As for where she was right now, she didn't know because she couldn't see.

Xi Muxue thought that these people might have taken her far away from Binhai. In fact, it wasn't that far. These people didn't take her far away from Binhai. It was just an abandoned community in the suburbs that was still waiting to be developed.

This area was waiting for demolition. All the houses were unoccupied, and these people just pushed her into a dilapidated room. Moreover, after pushing her in.. They immediately pulled out the towel from her mouth, finally allowing her to regain the right to speak.

Xi muxue instinctively felt that something was not right because her nose smelled a stench. She had been pampered since she was young and had never smelled any stench, so this smell made her feel very uncomfortable.

Hence, she could not help but shout in a low voice, "Hey, who are you people? Why did you bring me here? Let me tell you, I'm Yan ru, the mother of the Dongfang Yu's child, little feather. Quickly send me to the Grand Hotel Yuntian..."

Unfortunately, the answer was that someone quickly pushed her to the ground, and the ground was obviously not cleaned up. She felt that there was something hard on her back and it was very uncomfortable.

"Hey, what are you doing?" She finally got scared and struggled to get up from the ground. However, she was still shouting, "you bunch of bastards, I have no enmity with you guys. I'm just a painter and have never offended anyone. Why are you guys treating me like this?"

Xi Muxue did not know that the more she said that she was Yan ru, the more she hurt herself. This was because these people were going to deal with Yan ru and not her real identity, Xi Muxue.

In response to Xi Muxue's shout, these people obviously did not answer with their mouths. They used actual actions because after they pushed her down, they quickly pressed down on her struggling body. At the same time, someone quickly lifted the hem of her dress... ..

The miserable Xi Muxue never dreamed that she would end up in such a state by pretending to be YAN RU. She did not even have the time to return to one inch ink city. She did not even have the time to pretend to be little feather's mommy and continue living a life of luxury in one inch ink city.

These three men in black, three of whom she did not even get a good look at, used such cold-blooded and cruel methods and such animal-like behavior to take turns to sleep with her one by one... ..

She lay on the ground and initially wanted to scream for help, but unfortunately, just as she opened her mouth, her mouth was immediately blocked by another man's mouth, and that foul smell filled her mouth. She did not even know how long it had been since she had brushed her teeth, and it was so bad that she almost died.

Thus, she obediently became obedient and stopped opening her mouth to cry for help. This did not mean that she was willing, but that she had already surrendered to reality, because opening her mouth would only make her more miserable.

One man went down, and the other man pounced on her like a hungry wolf. He did not care about her life or death at all, and he did not treat her as a person. He completely treated her as a tool to vent... ..

After a long, long time, when everything stopped, the men finally stopped pouncing on her. She lay there like a broken doll, with only her last breath.

She thought that her disaster was finally over, but... ..
