Chapter 641 the sorrow of a substitute

Just as she thought the three animals would let her go, she heard her phone ring. Of course, it wasn't her phone, because her phone had been smashed and thrown away by the animals.

She lay on the cold ground, her eyes still covered, but her ears could hear. She heard a man in black answer the phone and he answered in a low voice, "yes, I got it."

She couldn't help but feel nervous. The person who called the man in black at this time was probably the boss of the man in black. who was the one who wanted to harm her? No, who wanted to harm Yan ru Because at this moment, her identity was Yan ru.

When she thought about her identity as Yan ru, she could not help but shudder. Meng came to her senses. Everything that she had just endured should have been borne by Yan ru because these people did not know that she was not yan ru at all.

When she thought of this, she used all her strength to support her body. Then, she forced herself to open her mouth and shout, "I'm not Yan ru... I'm Xi mu..."

Unfortunately, she had just shouted a few words when she quickly felt the pain of a sharp blade cutting her face. She could not help but shout out in pain, "ah... it hurts so much..."

Out of instinct, she reached out her hands to cover her face. Unfortunately, her hands were forcefully pulled away again, and the sharp blades fell on her face like hail.

On the left side of her face, the right side of her face, her forehead, lips, and even her jaw, Xi muxue could only feel intense pain on her face. She could no longer remember how many times her face had been stabbed. The only thing she knew was —

She had been disfigured, completely disfigured. Her face, which was so beautiful that it made people jealous, had completely disappeared under the cruel and merciless torture of the three men in black.

Xi Muxue, who had already been tormented by the three men in black until she did not even have the strength to struggle, quickly fainted when she was disfigured by the men in black.

Dongfang Mo brought his men and quickly drove to the outskirts. According to the location of his car, he quickly found the abandoned car, and the security guard in one inch ink city was still tied up, gagged, blindfolded, and thrown into the car.

Fortunately, they arrived in time and smashed the car window, so the security guard did not suffocate to death. However, after the rescue, the security guard did not know where Yan ru had been taken to That was because those people left with Yan ru after throwing him and the car away.

However, the security guard provided an important piece of information. The moment he was blindfolded, he saw that the car was a minivan, and the minivan was dark green in color. It was heading in the direction of Henglong road.

Heading in the direction of Henglong Road Dongfang Mo immediately told the police who came with him about this news. He asked the police to quickly contact the traffic control department to check the dark green minivan that had been heading in the direction of Henglong road in the past two hours.

Of course, there were more than a dozen dark green minivans that had been driving in the direction of Henglong road in the past two hours. However, they finally locked onto a minivan that was heading to the abandoned suburb.

Ahao was a very experienced person. Moreover, the Binhai police station had also been mobilized. They immediately confirmed that the kidnappers must have brought Yan ru to this abandoned area. Then, they quickly came here and began a thorough search.

Fortunately, this time was not long. Because the police had brought along a detector, they could detect any place that was popular. Therefore, in this abandoned area, they only used less than half an hour to find Yan Ru, who was actually Xi Muxue.

Chapter 642 sorrow of a substitute

Mu Ru wandered around the streets of Binhai. She didn't know what to do. Because she had switched identities with Xi muxue today, she was forced to separate from little feather.

At this moment, little feather was brought back to one inch ink city, which was heavily guarded. Obviously, not just anyone could enter.

Of course, if she were still yan ru, she could walk in openly. However, at this moment, she wasn't Yan ru because Xi Muxue had replaced her identity, and she didn't know where Xi Muxue was at the moment.

Pu Zhihui comforted her softly, "don't think too much. Let's find a hotel to stay for a night outside. We'll think of a solution tomorrow after we see the situation. Besides, little feather is very well protected in one inch ink city. Even though she's leaving with you temporarily, at least she won't be in any danger, right?"

Mu Ru could only nod when she heard Pu Zhihui. Although she missed little feather very much, she hoped that little feather would be as smart as usual and recognize Xi Muxue when she saw her.

Mu Ru's idea was right, and little feather was indeed very smart. When she saw Xi Muxue for the first time, she could quickly tell that this was not her mother.

However, this time, no matter how smart little feather was, she could not tell because Xi muxue's face had been completely destroyed. Her entire face looked extremely terrifying.

In Binhai Sunshine Hospital, Dongfang Mo's face was cold and dark. Little feather stayed beside him and cried softly because she had just seen her mother completely stunned. Then, she could not accept the fact that she was sad and sad.

Dongfang Mo's heart was so painful that he could not breathe. He would never forget the scene he saw when he walked into the room. Yan Ru was lying on the ground with her clothes disheveled, and her lower body was red and swollen. What was even more tragic was her face, which had been cut countless times. It was a bloody mess. It was so horrible.

He bent down and picked her up. He sent her to Sunshine Hospital as fast as he could. However, he did not expect that when little feather found out that he was looking for him to find Yan ru, she actually said that she wanted to see Mommy. Dongfang Yunxia could not resist little feather, so she could only bring her here.

When little feather saw Yan ru's bloody face, he was completely stunned. Then, he cried out loud and ran towards Yan ru, who was being pushed to the emergency room He kept shouting, "I want Mommy, I want mommy. Who Hurt my mommy? I WANT DADDY TO AVENGE MOMMY! "

At that time, little feather was completely on top of Yan Ru's body. His hands were tightly holding onto the edge of the bed, refusing to leave. Everyone was helpless. Later, he went up to carry her away Then, he softly said to her, "Yu Yu, daddy is here. Daddy will definitely avenge Mommy! "

At this moment, he hugged the trembling little feather tightly and listened to her soft sobs. He did not know how to comfort her, because he could not accept such a fact himself, let alone the little feather who grew up with Yan ru That was her biological mommy!

His phone vibrated. He took out his phone with one hand. It was a Hao calling. He told him that he had already caught three kidnapers. Tonight, he estimated that he could find out who was behind the scenes.

"keep an eye on Fang Jinxin and his daughter, " he ordered coldly.

Although the three kidnapers had yet to reveal the identity of the person behind the scenes, he vaguely knew who it might be because some people were too jealous to tolerate others.

Chapter 643 sorrow of a substitute

Although he had never thought of marrying Fang zining because he already knew who she was, he could also vaguely guess the reason why she wanted to go back to Binhai to look for him.

However, the engagement step had to be taken because there were many things in the company that needed to be redone, especially Fang Jinxin's 10 billion. At the moment, it could indeed play a supporting role for him At least it could help him grow stronger in a short period of time.

Perhaps, it was because he had expressed Fang Jinxin's desire for the 10 billion that Fang Jinxin was convinced that he could not leave the 10 billion now, so he could not wait to make a move His goal was to think that he would not pursue this matter because of the 10 billion.

Unfortunately, she did not see him clearly in the end. She thought that she could use the 10 billion to blackmail him, and he, Dongfang Mo, had never been coerced.

The three kidnapers, under the identification of the young driver of the Dongfang family, and after the police's coercion and enticement, as well as clearly stating the severe relationship between leniency and severity, the three kidnapers finally revealed the mastermind behind the kidnapping of Yan Ru, Fang Zining.

The mastermind was Fang Zining, which surprised even the police. Yesterday, Fang Zining was engaged to Dongfang Mo, but why did she do this to Yan ru?

When the police reported the situation to Dongfang Mo, they would ask him what to do. Did he do it privately with Fang Zining, or did he let the police do it according to the law?

“Do it according to the law, according to your procedures?” Dongfang Mo’s voice was clear and crisp, without any hesitation.

Dongfang Yunxia frowned and could not help but remind him, “Ah Mo, Fang Jinxin’s 10 billion has not been transferred to the Dongfang Group. Originally, it was supposed to be transferred the day after you and Zining got engaged, but...”

“great-aunt, without the Fang family’s 10 billion, Dongfang Group won’t collapse anytime soon,” Dongfang Mo comforted Dongfang Yunxia calmly.

Although Dongfang Yunxia was his great-aunt, she was old and didn’t know much about the operations of Dongfang Group in recent years. And this time, it was because Dongfang Yunxia brought Fang Zining to Binhai.. That made him so passive, and that made Yan ru suffer such misfortune.

He knew that his great-aunt Dongfang Yunxia had good intentions. After all, Dongfang Group was founded by Dongfang Yunxia with a huge investment. No one could bear to see their hard work go to waste.

However, many times, good intentions might not be able to accomplish good things. Just like Dongfang Yunxia this time, in fact, Dongfang Mo hoped that she would be able to retire peacefully in Hawaii instead of returning to Binhai to care about the development of Dongfang Group.

Fang zining was stopped by a police car on the way to Sunshine Hospital. Of course, Fang Zining obviously did not expect that she would be exposed so soon, so when the police handcuffed her wrist and took the test.. Her face was full of shock and shock, followed by hysterical anger. She said that the police had arrested the wrong person and that she wanted to sue them for arresting people randomly.

Dongfang Mo received a call from Fang Zining at the police station in the corridor outside the hospital ward. Fang zining was crying in a low voice at the police station. She then said that she had been wronged and hoped that Dongfang Mo would quickly investigate the situation. At the same time, she said that she did not want to stay at the police station. This was not a place for people to stay.

Dongfang Mo listened quietly and then comforted her symbolically, telling her not to think too much. The police would not randomly arrest a good person. After the police investigated the situation, if she was really wronged.. They would definitely let her go.

Chapter 644: The sorrow of a substitute

A Hao listened to Dongfang Mo’s words and looked at him worriedly. He couldn’t help but whisper, “boss, Fang Jinxin is still in Binhai. If we really let Fang zining go to jail and you don’t bail her out, I’m worried that Fang Jinxin...”

“Don’t worry. Some things will come sooner or later.” Dongfang Mo was very calm. He said indifferently, “at worst, he will join forces with them. I don’t believe that we can’t beat them.”

A Hao obviously knew who Dongfang Mo was referring to, but he had not found any traces of Fang Jinxin and them. Therefore, he could not determine what Fang Jinxin would do next.

Ahao was worried that he did not know how to deal with Fang Jinxin, because according to the information he had found, Fang Jinxin was not as simple as outsiders thought. He was just a professor in the finance department.

However, Dongfang Mo was not worried about how to deal with Fang Jinxin because he already had a plan in mind for that matter.

What he was worried about was Yan Ru's face. After Yan Ru's surgery was done in the wee hours of the morning, the dermatologist told him with regret, "there are large areas of nerve scratches on Ms. Yan Ru's face, and the scars are very deep. I reckon that it will be very difficult for her to have skin grafts..."

"Can't you use plastic surgery to recover?" He immediately cut off the doctor's words. Actually, he only needed to listen to the results. He did not have the patience to listen to the process, and most importantly, he could not understand it

"No," the expert answered with certainty. Then, he added, "At least with my ability, I can't do plastic surgery on her. However, I don't know if foreign specialists can do it. However, one thing is certain. Even if they can do plastic surgery, they will definitely not be able to recover to their original appearance. At most, they will only be able to repair a small area. At most, plastic surgery won't scare people."

When Dongfang Mo heard these words, his thick eyebrows instinctively furrowed. He immediately wished that he could throw this specialist into the Pacific Ocean to feed the fish. It was just a scratch on his face. His own ability was limited, yet he still said such words that made people angry.

Liu Hao was the family doctor of the Dongfang family. After receiving a call from Dongfang Mo, he also rushed over. When this specialist was speaking, he did not say a word. However, after the specialist left.. He then whispered to Dongfang Mo, "this is Binhai's most famous dermatologist. What he said just now was extremely authoritative. The possibility of Miss Yan Ru's face recovering is indeed not high..."

Liu Hao's words finally did not finish under Dongfang Mo's cold and angry gaze. He could not help but sigh in his heart. Now that he cared so much, what did he do back then?

Of course, he did not say the words in his heart. He just changed his tone and said, "since we're going to send her overseas for plastic surgery, then it's better to do it as soon as possible. While the wound hasn't healed yet, we should seize the time to repair it. Let's see if there's a 90% chance of recovery."

Dongfang Mo liked what Liu Hao said. He immediately got uncle Liu to contact a chartered plane and directly sent Yan Ru to Korea because the country with the best plastic surgery technology in the world was Korea.

When Xi Muxue woke up, it was already the next morning. After the surgery, her face was covered with gauze. Fortunately, her eyes were covered by black gauze at that time, so she was not injured.

When she got up to go to the bathroom, she saw in the mirror that other than her two eyes, they were all white gauze. She immediately let out a scream that almost tore through the sky above the hospital. "Ah..."

Chapter 645 the person he cared about the most

Mu Ru only found out about what happened to Xi Muxue the next afternoon, and she knew that the source was still in a small hotel room.

Actually, she woke up early in the morning. Although she slept very late last night, her mind was still thinking about little feather, so she did not sleep well. When she woke up in the morning, she was thinking about how she could save little feather.

Pu Zhihui said that a person needed to eat and sleep enough to be energetic. Yan Ru, you don't eat or sleep. You don't even have the energy or strength. How are you going to save little feather?

Therefore, Pu Zhihui forced her to eat breakfast and forced her to eat two steamed buns and a glass of milk. However, she didn't expect the milk to contain a light sleeping pill, so after breakfast, she actually fell asleep on the bed again.

When she woke up again, it was already past four in the afternoon. When she opened her eyes, she saw Pu Zhihui surfing the Internet. She couldn't help but growl at her, "Pu Zhihui, what do you mean? You didn't help me save little feather, and you drugged me to sleep? Did you betray me?"

Pu Zhihui heard her and said angrily, "why would I betray you? Did I betray Dongfang Mo? But the question is, are you and Dongfang Mo Mortal Enemies? Are the two of you enemies?"

Mu Ru was speechless. She and Dongfang Mo, cough cough cough, she and Dongfang Mo, what was their relationship?

Enemies It did not seem like there was a deep hatred to that extent. Although the XI family's downfall was indeed related to Dongfang Mo, Dongfang Mo was not the one who really framed the XI family. He was just cold and didn't lend a helping hand when the XI family fell.

Were they friends? Of course, they couldn't be considered friends because regardless of whether she was Dongfang Mo's wife or lover, Dongfang Mo had tormented her many times.

"You two can be considered a family!" Pu Zhihui said with certainty.

Mu Ru widened her eyes and wanted to defend herself, but before she could say anything, Pu Zhihui scoffed, "because little feather is the child of the two of you, and Dongfang Mo now treats Yan ru very well and cares about her."

This time, mu ru not only widened her eyes, but her eyeballs were about to fall out of their sockets.

Dongfang Mo treats her very well and cares about her. Pu Zhihui was lying through her teeth, right?

Dongfang Mo, that bastard, other than torturing her, tormented her. She never knew when he treated her well and when he cared about her?

If he really cared about her, he wouldn't have chased her out of one inch ink city six years ago, just a few days after she was forced to have a miscarriage. If he really treated her well, he wouldn't have plotted

against Zheng Yifan when she and Zheng Yifan were about to get married Then, he would use Zheng Yifan to be her mistress for the rest of her life. If he... ..

“Yan ru was raped last night, and her face was completely disfigured. ” Pu Zihui seemed to know what she was thinking.

“What? ” Mu Ru was completely shocked. She walked to Pu Zihui’s side in a few steps and looked at her from head to toe. In the end, she asked doubtfully, “are you sure you’re awake now? Were you talking in your sleep just now? ”

“Go, you were talking in your sleep. ” Pu Zihui pushed her away Then, she pointed at the computer screen and said, “did you see that? The latest news is that Miss Fang Zining, who was supposed to hold an engagement ceremony with Dongfang Mo last night, was stopped by the police early this morning for questioning. It is reported that Fang zining ordered someone to kidnap Yan ru last night and instructed someone to turn her over. Furthermore, she was extremely disfigured... “...”. “...”

Chapter 646, the person he cared about the most

Mu Ru stared at the computer screen with her Eyes Wide Open. The words on the screen blurred in an instant. What she saw was not the words, but a glistening piece of light.

She had been gang-raped by three kidnapers And she was deeply disfigured How could Xi Muxue, who had always loved to flaunt her beauty, endure this?

When she met Xi Muxue at the Qiluo gown styling room yesterday, she still had a confident look on her face. She changed into her gown and walked to the dressing room with her back straight.

Mu Ru instinctively used her hand to touch her face. Her heart could not help but tremble. Xi Muxue and she were twin sisters. They had a face that looked exactly like hers. Now, that face of hers... ..

“Don’t be sad over there. ” Pu Zihui noticed that she was staring at the screen without blinking. She had switched to the entertainment channel and Mu ru had yet to react. It was obvious that she was completely immersed in Xi Muxue’s disfigurement.

“How can I not be sad? ” Mu Ru could not help but refute her. “Although Mu Xue is a vain person, she also likes to take advantage of others. She likes to snatch all the good things, and when she makes mistakes, she likes to push them onto me. ”

Mu Ru paused for a moment when she said this, then she said with a little choked up voice, “although she has done a lot of overboard things to me in the past, in the end, she’s still my younger sister. ”

“Fine, you’re just a good person. It’s just that you’ve forgotten the pain after you’ve recovered from your scar. ” Pu Zihui did not want to talk to her anymore Hence, she said calmly, “what are you in a hurry for? Dongfang Mo spent a huge sum of money and booked a connecting flight to send Yan ru to Korea for plastic surgery. Do you think she cares about your sympathy? ”

Rumble. Mu Ru felt as if there were three thunderclaps above her head, and she stood there like a pile of charcoal.

Dongfang Mo spent a huge sum of money to charter a private jet to send Yan ru off. Bah, she was Yan ru, alright? The person who was disfigured was Xi Muxue. Dongfang Mo sent Xi Muxue to Korea for plastic surgery?

Pu zihui looked at Mu ru who was standing there like a clay sculpture. She turned off her computer and stood up She patted Mu ru on the shoulder and said, "alright, don't worry about Yan ru now. It's about Xi Muxue. You should think about how to save little feather tonight. Qi Xuan Jun called this morning to ask if he wants to come to Binhai to help. "

Mu Ru finally came back to her senses after being reminded by Pu Zihui. It seemed like she was a little sentimental just now. She was too busy with little feather's matters right now. Since Xi Muxue was saved by Dongfang Mo, she naturally had someone to take care of her.

Thinking about it, she felt that she was worrying too much. Moreover, the plastic surgery technology in this society was so advanced. It might not take long. After a year or so, Xi Muxue should be restored to her original appearance or even better looking than before, right?

Mu Ru said that it would be evening in one inch ink city. According to Pu Zihui's instructions, she could pretend to be Xi muxue and enter one inch ink city. Anyway, the servants in one inch ink city would not be able to tell who was who between her and Xi Muxue However, little feather would definitely be able to tell when she saw her.

Therefore, when she wore Xi muxue's clothes and carried Xi Muxue's shoulder bag to the entrance of one inch ink city, the security really thought that she was Xi Muxue. Of course, Xi Muxue's identity in one inch ink city was her real identity, Xi Muru.

"Miss Xi, who are you looking for?" The security did not let her in but asked very politely and formally.

Mu Ru was slightly stunned, then she said calmly, "I'm looking for Yan ru, the Yan ru who looks exactly like me. "

Chapter 647, the person he cared about the most

"I'm sorry, Miss Xi, but Ms. Yan ru is not in one inch ink city right now," the security guard replied politely and formally. He had no intention of letting mu ru walk into one inch ink city.

Mu Ru was a little angry when she heard the security guard's words. She could not help but raise her voice by two decibels. "I used to live here, okay? Even if Ms. Yan ru is not here, I can at least go in and get some of my old stuff, right? What do you mean by that? "

The security guard looked at each other when he heard her words. He was stunned for a moment before he walked to the pavilion and grabbed his phone. He was probably reporting the situation to his superiors or asking for instructions from Dongfang Mo..

Mu Ru paced back and forth in one inch ink city in a flustered mood. At that moment, she only wanted to hurry in and find little feather. She only wanted to bring little feather back to Korea. She only wanted to... ..

Before Mu ru could finish her thoughts, the security guard ran over and nodded at her with a smile. Then, he opened the door for her very politely. "Miss Xi, please come in."

"thank you." Even though Mu Ru's voice was soft, she still thanked her very politely. No matter what, this security guard was just a part-time worker. After all, it was not their decision to let her in.

The security guard was a little surprised as he watched her back view. This was because the Xi Muru of the past was rarely so polite to the security guard.

When Mu ru walked in, her first thought was to go to the plum garden because she and little feather lived in the Plum Garden. Besides, it was late at night, and little feather had already left school. She should have returned to the plum garden by now.

However, just as she reached the main entrance of Mo Garden, she bumped into aunt Liu who was walking out of the hall. Aunt Liu was stunned when she saw her, then she reacted. She greeted her very politely, "Miss Xi, you're back?"

Mu Ru still remembered that aunt Liu used to treat her very well, especially when she had just married Dongfang Mo. Aunt Liu had even cooked red date and Lotus seed porridge for her to eat, saying that the porridge was to calm her nerves and calm her down.

Mu Ru nodded and looked at aunt Liu. She could not help but ask, "Aunt Liu, have you eaten? Um, are yan ru and little feather here?"

Mu Ru knew that Yan ru was not here, but she had to pretend that she did not know anything at the moment. Otherwise, people would suspect her. In fact, she did not know that her return to one inch mo city was already suspicious.

"We haven't eaten yet," aunt Liu answered truthfully. Then, she looked around and said to her, "Miss Xi, you still don't know, right? Something happened to that Yan ru. Her face was disfigured. The eldest young master has already sent her to Korea. Miss Yan ru's daughter, feather, has also gone to Korea."

"What?" Yan Ru was shocked. She never dreamed that her daughter, Xiao Yu, would go to Korea with Xi Muxue.

Could it be that Xiao Yu didn't know that the person wasn't her? That's not right. Xiao Yu should be able to distinguish between her and Xi Muxue, right?

That's right. The current Xi Muxue was disfigured, and after that, Xiao Yu probably wouldn't be able to recognize her. She heard that it was Yan ru who was disfigured, so she probably thought it was her.

Since Xiao Yu had already gone back to Korea, then she would take this opportunity to go back to Korea. This was also good. She would find Xiao Yu in a Korean hospital and bring her home directly. Moreover, it was much more convenient than finding a way to bring her out of one-inch ink city in Binhai.

With this thought, she immediately felt much more relaxed. Then, she pretended to go up to the third floor of the ink garden and randomly found something that Xi Muxue had used before to take. Just like that, she swaggered out of one-inch ink city.

Chapter 648 the person she cared about the most

Little feather had returned to Korea, so mu ru naturally couldn't stay at Binhai. She immediately wanted to return to Korea.

However, the document in her hand was Xi Muru's, and Xi Muru had applied for a visa a few years ago, but that was to go to the United States, and that visa had long expired.

She couldn't go to Korea through official channels, so of course, she could only rely on Pu Zhihui to go through unconventional channels. Pu Zhihui, on the other hand, was fine She only reminded her lightly, "you have to think carefully. Right now, Yan ru's identity is still in Dongfang Mo's hands, and Korea has yet to make up for it. As for Xi Muru's identity, she doesn't have a legal visa, so going to Korea like this is considered illegal entry. Once the police find out, she will be deported."

Pu Zhihui paused for a moment Then, she continued, "of course, you may not have to consider all of these because the chances of being discovered by the police when you go to Korea are not very high. What you have to consider now is what if you go all the way to Korea and Dongfang Mo takes little feather back to Binhai Wouldn't you be wasting your efforts?"

Mu Ru was stunned when she heard Pu Zhihui's words. It seemed to be the case, because the news she received was that Dongfang Mo brought little feather along to send Yan Ru, which was Xi Muxue, to Korea for plastic surgery However, it was unknown if little feather would stay in Korea to accompany her.

Hence, she thought about it and ultimately decided to stay in Binhai for a few more days. She would make a decision after Dongfang Mo returned. If Dongfang Mo did not bring little feather back, then it would not be too late for her to return to Korea. After all, Dongfang Mo was a busy man He definitely would not stay in Korea for long.

Mu Ru thought that the days waiting for Dongfang Mo to return to Binhai should be spent peacefully. After all, she had nothing else to do. She only needed to stay in the small hotel every day.

However, it was not like that. She only stayed in the small hotel for two nights. The next morning, an unfamiliar ringtone came from her bag, scaring her out of her wits.

This was because this was not her ringtone. Her ringtone was designed to be a Korean song, and this ringtone was designed to be a Chinese pop song. It just so happened that it was her least favorite saliva song.

She was stunned for a long time before she took out her Satchel. When she took out the phone, she realized that it was not her phone at all. It was very likely Xi Muxue's. She had changed her bag back then, probably because she was in a flurry She had forgotten to take out her phone.

Mu Ru looked at the unfamiliar number on her phone and pondered for a long time before she pressed the answer button. She thought to herself that her current identity was Xi Muxue, so she should pretend to answer it. Hopefully, she did not ask Xi Muxue for a debt again.

She picked up the phone and placed it beside her ear. Before she could say "hello" , a familiar man's voice sounded, "Mu Xue, what's going on? You haven't come to visit me in the past few days? Are you trying to starve me to death?"

Mu Ru stood there in a daze. She held the phone in her hand like a clay sculpture. She never dreamed that she would hear this voice because in her memory, this person had already died six years ago.

Actually, she only needed to hear the voice of the man on the phone to know that it was Xi Yuancheng. Even though mother Wang had told her that Xi Muxue had asked her for the check for 500,000 yuan, and even though she had suspected that Xi Yuancheng was not dead at the time, but.. That was just suspicion. It was different from actually hearing Xi Yuancheng's voice.

Chapter 649 the person he cared about the most

Mu Ru did not plan to visit Xi Yuancheng because in her heart, this father was like a stranger. He had despised her since she was young and had her mother drown her in the river.

Later on, she found out that she did not die but lived in the maid's room. She did not have a shred of conscience until she was 18 years old when she took the city scholar's exam. Then, she acknowledged her as her daughter and let her live with Xi Muxue in the Xi family villa.

However, her days as the Xi family's eldest daughter were too short. It was less than three months. When the Xi family needed to rely on the Dongfang family, she was asked to replace Xi Muxue and marry Dongfang Mo..

In short, this was not the behavior of a normal father. Therefore, in her heart, she had never used the concept of a father. The only thing she remembered was mother Wang, the person who raised her personally.

However, in the end, she still went to see Xi Yuancheng because the Xi family's long-distance man thought she was Xi Muxue. Furthermore, Xi Yuancheng had repeatedly said on the phone that he did not have any medicine and asked her about the medicine that she had bought for him. Of course, Mu Ru did not know what medicine Xi Yuancheng needed, so she came to see Xi Yuancheng empty-handed. However, she never dreamed that Xi Yuancheng would actually live in the basement.

This place did not see the sun all year round. In her memory, Xi Yuancheng, who was well-built, was now a sick man. He was only fifty-six years old, but his eyes were blurry. He actually could not tell when she was standing in front of him.

"Mu Xue, did you contact that Dongfang Yingwu the last time I asked you?" Xi Yuancheng looked at his daughter who was standing one step away from him. Panting, he asked, "what did Dongfang Yingwu say? How is the Dongfang Corporation now? Is it going to close down under his control?"

Mu Ru never dreamed that Xi Yuancheng would be like this, still thinking of bringing down Dongfang Corporation. Most importantly, he was actually working with Dongfang Yingwu.

Because she was not Xi Muxue, she could not answer Xi Yuancheng's questions, so she stood there resolutely and looked at him coldly, as if she was looking at an outsider.

She herself found it strange. Her mother, Lin Xinyue, had also abandoned her when she was young, but she had stayed by Lin Xinyue's side when Lin Xinyue was seriously ill, taking care of her until Lin Xinyue died.

She thought, perhaps this was because of a trace of kindness. As her mother, even though Lin Xinyue had followed her husband's orders and abandoned her, in the end, Lin Xinyue was not completely evil. She did not throw her into the river to die, but instead, she threw her into the servants' hands.

Moreover, in her experience growing up, although Lin Xinyue did not give her as much maternal love as Xi Muxue, she still more or less missed having her. Every time Xi Muxue wore unwanted clothes or ate something that Xi Muxue could not finish.. She would also secretly ask mother Wang to give it to her.

It was six years ago when Xi Yuancheng asked her to replace Xi Muxue to marry the disfigured Dongfang Mo, that Lin Xinyue revealed a trace of pity and guilt. It was in direct proportion to Xi Yuancheng's disregard for her life.

Lin Xinyue still had a trace of maternal love for her. Even though that maternal love was extremely faint and subtle, compared to Xi Yuancheng's absolute indifference, it made her feel much warmer.

Therefore, when she saw Xi Yuancheng in such a dire situation, she did not show the slightest bit of sympathy. Her heart was as hard as a rock as she looked coldly at this so-called father.

Chapter 650 the person he cared about the most

Xi Yuancheng asked a lot of questions, but his daughter, who was standing a meter away from him, did not say a word. He could not help but growl, "Mu Xue, what do you mean? Seeing that I'm sick, you want to throw me away, don't you? Let me tell you, there's no way, and Dongfang Yingwu..."

"I'm not Xi Muxue," Mu Ru finally interrupted Xi Yuancheng who was nagging non-stop, then she said very unhappily, "I'm afraid I'm going to disappoint you. You've recognized me as the Jinx Xi Muru since I was young."

"What?" Xi Yuancheng was obviously shocked, and then kept rubbing his eyes, Mu Ru looked and looked, finally, still not quite believe it said: "How can it be?" Didn't you say Mu Ru was dead? Say that you are in one inch ink city is Mu Ru's identity, Mu Xue, are you confused now? I'm not an inch of ink city, I'm not Dongfang Mo, you don't have to call yourself Xi Muru in front of me... ."

"I'm the Real Xi Muru," Mu Ru interrupted Xi Yuancheng once again, and then said a little unhappily, "to be exact, I don't like the surname Xi, so I usually tell people I'm mu Ru."

"The real mu ru?" Xi Yuancheng was stunned for a moment before he finally reacted. Then, he asked in a trembling voice, "then... you didn't die, did you? Mu Ru, where have you been all these years? Where's Mu Xue? Why didn't she come over? And why is her phone with you?"

Mu Ru originally didn't want to pay any attention to Xi Yuancheng and just turned to leave, but she didn't do it. When Xi Yuancheng finished asking, she said calmly, "six years ago, the Xi family collapsed, and you were beaten to death. Mu Xue disappeared too..."

Mu Ru briefly told Xi Yuancheng about her experiences over the years. Of course, she omitted the part where she learned how to paint and become an artist in Korea.

Finally, she said calmly, “the day before yesterday, I was supposed to attend Dongfang Mo and that Fang Zining’s engagement ceremony. Oh, Mu Xue insisted on pretending to be me, so I swapped identities with her, and then...”

Xi Yuancheng was stunned after listening to Mu Ru’s story until mu ru stopped He then roared, “So, this time, Mu Xue suffered for you, didn’t she? Those kidnappers were originally meant for you and not Mu Xue, right?”

Mu Ru was silent. Wasn’t Xi Yuancheng just spouting nonsense Of course, Fang zining wanted to deal with her because that night when she knocked on Dongfang Mo’s door, she noticed the way Fang zining looked at her.

Fang zining probably found out that Dongfang Mo came to the Plum Garden to look for her in the early morning two days ago, so Fang Zining was jealous of her. That was why Fang zining attacked Yan ru.

Seeing that Mu ru did not say anything, Xi Yuancheng was even more certain of his guess He could not help but curse again, “Xi Muru, you jinx. You were born to bring disaster to people. In the past, you brought disaster to the Xi family, and now you’ve brought disaster to Mu Xue. She’s actually disfigured. How are you going to let her live in the future?” She was so young and beautiful. Did she rely on that face to make a living If she became Xi Yuancheng, would Dongfang Yingwu still want her?

Mu Ru turned around and left when Xi Yuancheng was yelling. She originally wanted to leave some money for Xi Yuancheng or ask him what medicine he wanted to buy.

However, never in her wildest dreams did she expect that Xi Yuancheng would not feel the slightest bit of joy that she was still alive when he saw her. Instead, he blamed her again for Xi Muxue’s disfigurement.
