Chapter 661 I always know who you are

Mu Ru ran to the wardrobe as fast as she could and opened the wardrobe door. There were many women's clothes inside.

At this moment, she could no longer care about who these clothes were prepared for. Because the wet clothes stuck to her body and it was winter, Dongfang Mo's room had not turned on the heat yet, so it was so cold that her teeth were chattering and coughing.

Fortunately, she had winter pajamas, so she changed into a set in a few seconds. At this moment, she could no longer care that this was Dongfang Mo's room and the huge bed was Dongfang Mo's bed. She ran barefoot into the bedroom and jumped onto the bed. Then, she pulled the blanket over herself and completely wrapped herself in it.

Cold, still cold, very cold. Her entire body trembled under the blanket, but she did not know why she was still so cold despite wearing pajamas and wrapping herself in the blanket.

Actually, Mu Ru had applied it. She was a top student and had studied physics before. The blanket had the function of keeping you warm, but the prerequisite was that your body had to be warm in order for it to make your body warmer and warmer.

On the other hand, if your body was cold and you hid under the thick blanket, it would not make you warm up in a short period of time. Instead, it would make you colder and colder until your body heated up. Only then would it slowly make you warm up.

Just as Xi Muru was shivering from the cold, she heard footsteps approaching the bed. Before she could reach her head out of the blanket, she was immediately lifted up by someone in a corner of the blanket. Then, a cold breeze came in.

Just as she was about to make a sound, she immediately felt that the other side of the bed had sunk quite a bit. The cold breeze was gone, and a warm air came from the other side of the blanket. Before she could react, an arm reached out and exerted a little force. It pulled her into a warm embrace.

Mu Ru instinctively struggled, but unfortunately, Dongfang Mo's arms were as tight as two iron pincers, and she could not break free from his embrace at all. Thus, she could not help but use her hand to pry open the hand that was tied to her waist, and she cried out in a hoarse voice, "hey, Dongfang Mo..."

"Stop fooling around," Dongfang Mo's mouth blew out a warm breath on her neck, and he muttered in a muffled voice, "I'm very sleepy, and I just want to sleep. Can you let me have a good sleep? I just want to hug you and sleep, I won't do anything else."

Mu Ru was stunned for a moment. The hand that was holding his finger loosened and she turned her head slightly. She realized that the man who was hugging her tightly had already closed his eyes and there was even a slight snoring sound.

Dongfang Mo was really not ordinary sleepy. He really fell asleep just like that. It must have been a long time since he had slept, right?

He must have been worried about Xi Muxue for the past two days. He must have stayed by her side day and night. Xi Muxue had to undergo surgery and his heart ached for her, so he did not even sleep?

Xi Muxue, was he that good to Xi Muxue?

When she thought of this, she could not help but feel an inexplicable jealousy. Dongfang Mo had made an engagement with the Xi family when Xi Muxue was very young. He must have loved Xi Muxue very much.

However, that was not right. Xi Muxue's current identity was yan ru, and the real yan ru was Yan ru. Could it be that Dongfang Mo's actions over the past two days and nights were all because of her? That was also not right. She immediately rejected this thought in her heart.

That was because Dongfang Mo had called her when he returned from Korea and asked her to go home. He had told her explicitly that he knew that she was Xi Muru and also knew that she was Yan ru. Moreover, he also knew that Xi Muru in one inch Mo city was Xi muxue in disguise.

Chapter 662 I always know who you are

Alright, from the beginning to the end, he knew who she was. In other words, from the beginning to the end, he knew that the Xi Muru in one inch Mo City was Xi Muxue. From the beginning to the end, he also knew that the Korean Yan ru was actually Xi Muxue.

When she thought of this, she felt extremely sad. For so many years, Dongfang Mo did not remember his first love, Fang zining. However, he always remembered that Xi Muxue was his destined wife. That was why he was so good to her. When she was in danger.. He stayed by her side all night without sleeping.

Perhaps this was her sorrow, Xi Muru. She and Xi Muxue were twin sisters, but she could only be her substitute forever. Even if she was entangled with Dongfang Mo, it was the same.

The Person Dongfang Mo would always torture was Xi Muru, and the person he would always take care of was Xi Muxue. He gave her the cruelest side, but he gave Xi Muxue the gentlest side.

Perhaps this was her fate. Even if she helped him give birth to a child, and he guessed that it was his daughter, this still could not change the fact that he loved Xi Muxue the most in his heart.

That night, Dongfang Mo and Xi Muxue finally lay down in their room on the second floor of Mo Garden and slept. Dongfang Mo still used his usual forceful method to lock mu ru in his arms, not allowing her to struggle at all. Even when he fell asleep, he did not let go.

Mu Ru's body slowly warmed up in Dongfang Mo's arms. Later on, she was no longer cold or trembling, but her heart had never warmed up. It was even because Dongfang Mo had helped the Korean Yan ru.. It was also because of Xi Muxue's two days and two nights of traveling that her heart grew colder.

In the early morning of Dongfang Mo's engagement, Dongfang Mo came to the Plum Garden to look for her after being poisoned by spring. At that time, she thought that he still had her in his heart. Otherwise, even if he did not want to touch Fang Zining.. He could also find another woman to solve his physiological problems.

Later on, at his engagement party, she saw with her own eyes that he had fallen out with Fang zining because of the news of Yan Ru's disappearance. She saw with her own eyes that he announced the cancellation of the engagement and then left in a hurry.

She admitted that she was touched at that time. No matter what, he would rather give up Fang Zining for her. In other words, he would give up the Fang family's 10 billion yuan sponsorship. This really required a lot of courage and boldness.

She had been staying in Binhai for the past few days and had not returned to Korea. The reason she told herself was that what if she returned to Korea and Dongfang Mo brought little feather back?

But she knew that in her heart, she vaguely hoped that Dongfang Mo cared about her and little feather. She even thought that when she saw Dongfang Mo, she would have to be honest with him. She was the real Yan Ru, the Real Xi Muru Little feather was his biological daughter.

However, these thoughts of hers now seemed childish and laughable. It turned out that from the beginning to the end, she had underestimated Dongfang Mo. It turned out that from the beginning to the end, he knew who the missing person was and who he was fighting with Fang Zining for.

Binhai was not a place for her to stay for long, and one inch Mo city was definitely not a place for an ugly duckling like her to stay. What bullsh * T wife and 100-year-old mistress agreement? That was just Dongfang Mo's way of controlling her He was just using her as a tool to vent his lust.

Tomorrow, when she saw little feather, she would definitely think of a way to contact Pu Zhihui and let her think of a way to contact Che Qixuan. She couldn't just foolishly stay in one inch Mo city as Dongfang Mo's mistress for the rest of her life.

Chapter 663 I always know who you are

That night, Mu Ru did not fall asleep until midnight because she was thinking about something. She slept for a long time and when she woke up, it was already past 9 am. Dongfang Mo was long gone by her side

She felt hungry and only then did she remember that she had not eaten dinner last night. She was originally having fast food with Pu Zhihui at the small hotel, but after a few bites, she was called away by Dongfang Mo..

Dongfang Mo, who was by her side, was long gone. She was so hungry that she could only get up from the bed. However, the clothes that Xi Muxue had changed into for her yesterday were still missing.

She had no choice but to take some clothes from the closet and put them on. There were many clothes in the closet anyway, and these clothes seemed to fit her well.

It was probably Xi Muxue's. Because she and Xi Muxue were twin sisters, their figures had not changed much over the past few years, so she could wear all of her clothes.

There was a whole new set of toiletries in the bathroom. It must have been prepared by Dongfang Mo for her. She did not stand on ceremony, and of course, she did not have the opportunity or need to stand on ceremony. She quickly picked it up and washed up.

When Mu ru finished packing up and walked down to the dining room on the first floor, she immediately saw little feather eating breakfast at the dining table. Before she could walk down the last step, she could not help but shout out, “Yu Yu...”

Because of her excitement, her voice trembled a little. When little feather heard her shout, she immediately turned her head and stared at her with wide eyes.

“Yu Yu,” Mu ru shouted again and quickly ran towards little feather. She stood a meter away from her and squatted down. She looked at her daughter, whom she had not seen for three days and four nights.

“Mommy...” after staring at her for a few seconds, little feather immediately rushed towards her and threw himself into her arms. He hugged her neck with his small arms and cried out with a choked voice, “mommy... so you’re here... Mommy... so you’re okay...”

“Mommy is fine.” Mu Ru hugged little feather tightly, as if she would be snatched away if she let go. She used her hand to pat her trembling back. She comforted her softly, “Yu Yu, mommy is fine. Mommy wasn’t the one who was in trouble.”

Little feather nodded. After a while, she lifted her head from Mu Ru’s shoulder and used her hand to caress Mu Ru’s face. She sobbed, “It’s good that Mommy is fine. When Yu Yu saw that Auntie with a bloody face, she thought it was mommy. Yu Yu is so sad...”

Mu Ru was stunned. Yu Yu had just said that her face was mangled, didn’t that mean Xi Muxue had been tortured badly?

She had only heard Pu Zhihui say that Xi Muxue had been disfigured, but she did not expect her face to be so mangled. Would her face recover?

When little feather saw mu ru stunned, she quickly pushed her and shouted, “Mommy, let’s go eat. Yu Yu is hungry. Mommy, are you hungry?”

“Yes, Mommy is hungry too.” Mu Ru came back to her senses and held Yu Yu’s hand as they walked towards the dining room.

However, just as she and little feather sat down, great-aunt Dongfang Yunxia came in again. When she saw mu ru and little feather sitting at the dining table, she was stunned for a moment before she asked in a trembling voice, “who are you?”

“great-aunt, this is my mommy, yan ru,” little feather answered before Mu ru could.

“You are little feather’s mommy, Yan Ru.” Dongfang Yunxia was even more confused. She looked at Mu Ru and was stunned for a moment before she asked again, “then who is the woman who was sent to Korea?”

Chapter 664 I always know who you are 10

When Dongfang Mo was still in bed in the morning, his phone rang. Of course, he also pressed the answer button when the phone rang for the first time because he was worried that the ringtone would wake the woman in his arms.

Ahao's voice came from the phone. He said that Fang Jinxin had found him and was waiting for him at the entrance of the Dongfang Corporation, asking him to hurry over.

His heart immediately skipped a beat. He knew what Fang Jinxin was talking about. In fact, he had already anticipated this day when he returned from Korea, but he did not expect Fang Jinxin to be even more impatient than he had expected.

He did not rush over as fast as he could, and of course, he did not deliberately delay the time. He just followed the usual procedure and asked Uncle Liu to drive him to the Dongfang Corporation after breakfast.

"Dongfang Mo, Zi Ning is your first love. You know how many years she has loved you. How could you bear to let her be taken away by the police and not ask about it?" On the way to the police station, Fang Jinxin and Dongfang Mo sat together in the back row. His well-maintained face was slightly distorted due to the suppressed anger.

"President Fang, our President Mo has already arranged for someone to handle Miss Fang's matter." Ahao, who was driving, immediately took over Fang Jinxin's words and played the role of fawning over Fang Jinxin.

"Dongfang Mo, although I've never interacted with you before, I know about Dongfang Corporation," Fang Jinxin said earnestly. "Recently, Dongfang Corporation has been facing a lot of negative news, and its stock has been falling again and again. Zi Ning was secretly wiping her tears in America. I asked her what was going on, and only then did she tell me that you were her first love, and she had once let you down. All these years, I had thought that you were doing very well, but who knew that your Dongfang Corporation would actually fall to the point of bankruptcy and bankruptcy... . Now she regrets, she wants to go back to you, want to share your burden with you, want to help you in your most difficult time, but also worried that you do not want her... ."

Fang Jinxin paused for a moment. Then he said, "Dongfang Mo, my daughter may have been a little willful in the past, but you can't deny her infatuation for you. Now that she's been wronged, you only care about that woman who gave birth to a child for your brother and don't care about Zining at all. What do you want Zining to think? How can I trust you with Zining... ."

Fang Jinxin was an old fox in the pugilistic world. He had always understood what it meant to advance by retreating and to defend by attacking. Therefore, at this moment, he was clearly using the 10 billion yuan in his hand to pressure Dongfang Mo. But on the surface, I still act like I'm just making a point.

Dongfang Mo listened to Fang Jinxin's words and smiled slightly. Light Way: "Fang General, since Purple Ning is innocent, so what we have to worry about it?" Besides, the police have to rely on evidence, right? "I believe that the police wouldn't dare to frame my Dongfang Mo's girlfriend, unless he has the guts to do so."

After hearing Dongfang Mo's 'righteous' words, Fang Jinxin didn't say anything else. He just rubbed his temples with his hands, his face cold.

Fang Jinxin didn't say anything, and Dongfang Mo didn't say anything either. He closed his eyes and pretended to sleep, letting Ahao drive the car in the direction of the police station.

Dongfang Group wasn't very far from the police station. A Hao quickly drove the car into the parking lot of the police station.

Fang Jinxin followed behind Dongfang Mo like he was a newcomer who didn't know which direction to go in. He was completely like he would follow Dongfang Mo wherever he went.

Dongfang Mo was wearing a handmade Armani iron gray suit. His deep black eyes were well hidden under his sunglasses, and Ahaio followed him respectfully.

Chapter 665: There was no third option 1

As soon as he walked into the police station hall, Chief Li, who had already known that Dongfang Mo was coming, came out to welcome them personally.

A Hao had already called chief Li before he came, so chief Li clearly knew that Dongfang Mo had come to bail out Fang zining. Therefore, he immediately ordered the police officers to bring Fang Zining to the interrogation room.

In fact, according to the police station's rules, no one, especially the prisoner's relatives, had the right to ask the police about the interrogation process of the prisoner. However, this time, perhaps because this case was a little special, and also because of the powerful forces behind Dongfang Mo.. Thus, chief Li broke down and allowed Dongfang Mo and Fang Jinxin to see Fang Zining.

Fang zining had been locked up for three days and three nights. When she did not see Dongfang Mo and Fang Jinxin, she pretended to be deaf and mute and refused to give any testimony. She only curled up in the room where she was locked up and slept with her back against the wall.

In fact, she was a little surprised that she was caught because she did not expect the three people to expose her. She had never thought that she did not reveal her face and identity when she was looking for them. How did the three people know who she was?

Of course, none of this was important. What was important was that she knew that her father, Fang Jinxin, could completely solve all of this for her. Moreover, she was now an American citizen. She reckoned that she would have to inform the American embassy. If they were to send her back to the United States for interrogation.. Then it would be a piece of cake for her father.

However, when Fang Zining saw her kind father and her beloved boyfriend, her originally watery eyes instantly turned red. The tears that she had been feeling wronged for the past few days instantly rolled down from her eyes She could not help but look at Dongfang Mo with a gentle gaze, and said with a sobbing and trembling voice, "Mo... I miss you so much..."

Dongfang Mo only glanced at her indifferently. He did not go forward to comfort her, nor did he say anything. It was as if the person that Fang Zining was calling out to was not him.

"Zining, come here..." Fang Jinxin took a step forward and squeezed Fang zining into his arms with heartache. He used his hand to gently pat her back to comfort her, "Zining, don't be afraid. Daddy is here. Daddy will accompany Zining..."

“Daddy, I want to leave this place.” Fang zining broke free from Fang Jinxin’s arms. She looked at director Li and the police officer and said in a trembling voice, “they are so scary. I don’t want to stay here, not even for a moment...”

“okay, okay, okay. Daddy will take you out later...” Fang Jinxin immediately comforted his daughter gently Then, he turned his gaze to Director Li He said with a slightly stiff tone, “director, although my daughter is 33 years old, she has been pampered since she was young and has always been innocent. How could she be the person who instructed people to frame Miss Yan ru “Now, I want to bail her out. I can let my daughter continue to cooperate with your various investigations, but I can’t let her stay here.”

Chief Li smiled when he heard Fang Jinxin’s words Then, he said indifferently, “Professor Fang is an American, but I think you should know a little about Chinese law, right? The police station doesn’t allow bail for suspects who are suspected of felonies such as robbery, Qj, and murder...”

“But, all of this must be based on solid evidence, right?” Fang Jinxin immediately retorted, “you are now sure that it’s my daughter based on the three people’s accounts. How do you know if those three people are talking nonsense?”

Chapter 666: There was no third option 2

“Daddy, those three people set me up on purpose. They set me up on purpose.” Fang zining immediately echoed her father’s words. Her voice trembled, making people feel that she was indeed wronged.

“Miss Fang’s words are a little funny.” Director Li still had a business-like look on his face. “There are so many people in China, and you just came back from the United States not long ago. How would a person like you who frequents high-end places usually have dealings with people like them If you don’t have a grudge against them, why would they frame you for nothing?”

“I ask you to contact the American Consulate,” Fang Jinxin said, and then said with a tough attitude, “our American government will give us a fair...”

“naturally, we will contact the American consulate in City G.” director Li nodded seriously. “However, before contacting them, we must first investigate the whole matter clearly. If Miss Fang Zining is really wronged, we will let her go without the American consulate appearing. On the other hand, if she is really the mastermind behind the scenes, we will not let her go even if the American consulate appears in time... “. “... “...”

“I don’t think Miss Fang Zining is a woman in her thirties.” Dongfang Mo, who had been standing quietly by the side, suddenly had an accident and interrupted director Li’s words Then, he glanced at Fang Zining and said, “I don’t think this Miss Fang Zining is like the Miss Fang zining that I broke up with 14 years ago...”

“Mo, how can you say that?” Fang zining immediately shouted in exasperation. She rushed out from her father’s arms and rushed in front of Dongfang Mo. her face, which was filled with tears, instantly became even more aggrieved due to her anger Her voice trembled as she shouted, “Mo, I know that 14

years ago, I shouldn't have been so vain to fall in love with that playboy, the Saudi prince. I know that it was wrong of me to abandon you at that time. I know that I hurt you. I know..."

"Idiot, why are you here again?" Dongfang Mo suddenly said something inexplicable. Not only was Fang zining confused, even Fang Jinxin and director Li were confused. Everyone looked at each other, not knowing who the idiot that Dongfang Mo was calling was And no one walked in at the door?

"Director Li," Dongfang Mo looked at director Li Then he said indifferently, "I have enough reasons to suspect that the current Miss Fang Zining is not the Miss Fang zining that I used to know. Because the Miss Fang Zining from 14 years ago was my first love, and I was one grade higher than her, so she called me eldest senior brother, and I called her second junior brother. I even gave her the nickname blockhead."

Dongfang Mo paused at this point, and the corner of his mouth lifted into a smile. "Director Li saw it just now. When I called her blockhead, this Miss Fang zining actually didn't have any reaction at all."

"That's because Zining had a car accident five years ago." The Cunning Fang Jinxin quickly reacted Then, he looked at director Li and said, "five years ago, Zining was hit by a car and suffered a head injury. The doctor said that she had selective amnesia. Maybe she just forgot what Dongfang Mo said."

Dongfang Mo nodded Then, he looked at Fang zining with a sympathetic gaze and said, "that's why I'm suspicious. How about this, director Li, in order to dispel my suspicions and to verify the truth of Professor Fang's words, I suggest that Miss Fang zining be given a bone age test. I can pay for the bone age test

Chapter 667: There was no third option

"No!" Fang zining shouted at the side. Then, she shouted at Director Li, "I don't want to have my bone age measured. I'm Fang Zining. Why would I want to have my bone age measured?"

"because the real Miss Fang Zining is 34 this year," Dongfang Mo answered on behalf of Director Li. Then, he glanced at Fang Jinxin Then, he said lightly, "of course, it's fine if Miss Fang zining doesn't want to have her bone age measured. Then, you can do a DNA test with Mr. Fang Jinxin to see if the two of you are father and daughter."

"Of course we are father and daughter." Fang Jinxin quickly interrupted from the side Then, he shouted at Dongfang Mo angrily, "Dongfang Mo, it's fine if you're angry, it's fine if you don't want to be engaged to zining. But, you can't just make up lies to frame zining. Zining loves you so much, in the end..."

"I didn't deny zining's feelings for me," Dongfang Mo cut off Fang Jinxin's words indifferently Then, he looked at director Li and said, "in short, I came here today with this attitude. I will not bail Miss Fang zining out until I confirm whether she is real or fake. In addition, I think that after we find out her true identity, we will naturally be able to find out if she is the mastermind behind framing yan RU."

Director Li nodded after listening to Dongfang Mo's words Then, he said to Fang Jinxin and Fang Zining, "I think this is also a way. Miss Fang Zining, do you want to accept the bone age test to prove your true identity, or do you want to accept the DNA test with Mr. Fang Jinxin to prove your true identity as father and daughter?"

“Is there any direct connection between this and whether Zining ordered those three people to kidnap QJ and disfigure Miss Yan ru?” Fang Jinxin was so embarrassed that he became angry. Then, he said to Director Li angrily, “Director Li, as the head of the bureau, you can’t just listen to Dongfang Mo, right? I don’t think it’s necessary to do anything that has nothing to do with this case at all.”

Director Li nodded. He still answered in a very formal way, “It’s true that there is no direct connection between the bone age test for Miss Fang Zining or the DNA test for Miss Fang Zining and Mr. Fang Zining, but now we suspect that Miss Fang Zining is a fugitive from Binhai who has undergone plastic surgery, so we think it’s necessary.”

When Dongfang Mo heard Chief Li’s words, he immediately nodded at him and said indifferently, “Then I’ll leave everything to Chief Li. I hope to obtain a fair and just result. Of course — ”

Dongfang Mo then looked at Fang Zining. Then, he said seriously, “I also hope that you are indeed Fang Zining. I hope that you don’t remember the nickname ‘nerd’ because you have lost your memory. I hope even more that you are not the mastermind behind framing Yan RU.”

After saying this, Dongfang Mo immediately turned around and left. He did not look at Fang Jinxin, who was still in the police station, nor did he ask him to leave with him.

Fang Zining was slightly stunned. Then, she hugged her head and squatted on the ground, almost breaking down as she shouted, “This is not true. My Ah Mo would not treat me like this... Dongfang Mo, I truly love you. No matter what my name is, I truly love you!”

Director Li immediately ordered the police officers to bring Fang Zining to the detention room.

Fang Jinxin saw that his daughter’s crime had not been cleared, and another crime was about to be convicted, so he quickly walked out of the director’s office and chased after Dongfang Mo angrily.

Chapter 668 did not have a third option

In the parking lot outside the police station, Fang Jinxin strode over to Dongfang Mo. He stared at Dongfang Mo with a pair of dark eyes and said, “Dongfang Mo, what did you mean when you said that at the police station? You suspect Zi Ning? You suspect me?”

The corners of Dongfang Mo’s mouth curled up into a faint smile. His deep black eyes were unfathomable. He only glanced at Fang Jinxin indifferently and distantly, but did not answer his question.

Ahao naturally understood what Dongfang Mo meant at this moment. He quickly opened the car door for Dongfang Mo and respectfully invited Dongfang Mo to get into the car and sit down. He did not put Fang Jinxin, who was standing in front of Dongfang Mo, in his eyes at all.

Fang Jinxin did not expect that Dongfang Mo would be so arrogant and conceited. Fury quickly surged up from the bottom of his heart. Thus, he lost control and shouted at Dongfang Mo, “Dongfang Mo, don’t forget, your Dongfang Group does not have my 10 billion. It will be closed down immediately!”

Dongfang Mo acted as if he did not hear Fang Jinxin's angry roar and directly got into the car. Dongfang Mo, who had an ice-cold and dark expression, had the arrogance of a king. He did not care about Fang Jinxin's anger and threats at all.

Ahao quickly started the car. Just as the car was about to leave Fang Jinxin, Dongfang Mo suddenly rolled down the car window and looked at Fang Jinxin coldly. His ice-cold black eyes were even more confident under the reflection of the sunlight. He said mockingly, "Fang Jinxin, didn't Kuang Yingying tell you that Dongfang Mo has never been afraid of anything?"

After saying that, he immediately rolled up the car window and ignored Fang Jinxin who was dumbstruck when he heard the words "Kuang Yingying". A Hao directly drove the car out of the police station.

"President Mo, where are we going now?" After A Hao drove the car to the police station, he lost his direction because Dongfang Mo only told him to come to the police station today. He hadn't told him about the rest of the matters.

"Let's go to Dongfang Group." Dongfang Mo's thick eyebrows were knitted together. He knew that at this moment, Dongfang Group would be in a panic because they lost the 10 billion yuan investment from Fang Jinxin. What he needed to do now was to appease the people.

Ahao was slightly stunned. Then, he pulled the steering wheel and quickly changed lanes. He turned the corner in front and sped in the direction of the Dongfang Corporation.

Ahao knew, he knew that Dongfang Mo usually needed enough quiet space before making a major decision. Therefore, it was not appropriate for him to say anything at this moment. Moreover, his words would not help Dongfang Mo. It might only cause more trouble.

Similarly, he also knew clearly that Dongfang Mo said the words "Kuang Yingying" at the police station's entrance today was a showdown with Fang Jinxin. Fang Jinxin probably would not let Dongfang Mo off.

However, he wasn't worried about this. There was a saying that a strong dragon couldn't suppress a local snake. After all, this was Binhai, and it was Dongfang Mo's territory. If Fang Jinxin wanted to take down Dongfang Mo, he wouldn't agree.

He could share Dongfang Mo's safety with him and not let Dongfang Mo worry about it himself. However, he couldn't do anything about the Dongfang Corporation's matter. He could only rely on Dongfang Mo himself, and he couldn't help at all.

Ahao thought about this, but Dongfang Mo just leaned back on the chair and closed his eyes to take a nap. His brain wasn't really resting, and it was also working at a high speed... ..

Today, he had shed all pretense of cordiality with Fang Jinxin. So, there was bound to be a tough battle coming up. He was actually not worried about Fang Jinxin. He was worried about that old lady in one inch ink city who was a little confused. And that aunt, Dongfang Mei, who had never given up. They probably could not sit still after hearing that he and Fang Jinxin had fallen out, right?

Chapter 669 did not have a third option

The facts proved that Dongfang Mo's guess was correct. He had just arrived at the Dongfang Group for less than ten minutes when his great-aunt, Dongfang Yunxia, and Dongfang Mei arrived one after the other.

"Ah Mo, what's the matter with you?" Dongfang Yunxia walked in and did not even bother to catch her breath before she looked at Dongfang Mo and said, "Mr. Fang came to Binhai from the United States with such great sincerity just because his only daughter, Zi Ning, likes you, so she wanted to do her best to help you. But you, now, for a woman ah Yu used to be outside, you actually have the cheek to throw away your face with Mr. Fang. Why are you so confused?" "Can't you decide which is more important?"

Dongfang Yunxia was obviously very angry. She had said so many words in one breath, and she was so tired that she almost couldn't breathe. She sat down on the Sofa and opened her mouth to pant.

Dongfang Mo waited for the old lady to catch her breath before he said, "great-aunt, there are some things that you can only see on the surface. Fang Jinxin is a sly old man. He invested 10 billion to me with a purpose..."

"even if he has a purpose, it's still better than not having 10 billion, right?" Dongfang Mei, who had just walked in, quickly took over Dongfang Mo's words. Then, she looked at Dongfang Yunxia and said, "Ah Mo, this child, he has rested here for a few years. Now, his feelings for the Dongfang Group are getting weaker and weaker. He would rather the Dongfang Group shut down than accept external help."

"Ah MO," Dongfang Yunxia, under Dongfang Mei's blatant provocation.. Immediately, she yelled at Dongfang Mo with a face full of anger, "Ah Mo, what's going on with you Are you really going to fall out with Mr. Fang over a woman "Moreover, this morning, I saw a woman who looked exactly like Yan ru in one inch ink city. Little Feather said that she was Yan ru. Who exactly is the woman whose face was disfigured?"

"great-aunt, I'll explain these things to you later when I have time." Dongfang Mo was not in the mood to Nag his great-aunt about the matters between him, Xi Muru, and Xi Muxue. He still had many other things to deal with.

"Ah Mo, what do you plan to do now?" Dongfang Mei did not dwell on the problem that great-aunt mentioned about a woman who looked exactly like Yan ru in one inch ink city because she knew that.. That woman was probably the fake Xi Muru and the Real Xi Muxue.

"Of course, we have to think of a way to get through this." Dongfang Mo glanced at Dongfang Mei and asked casually, "could it be that aunt Gu has a better idea? Or that you and second uncle are going to invest another sum of money into the Dongfang Mo Group?"

"How would I have the money to invest in it?" Dongfang Mei immediately retorted. Then, she sighed deeply and said, "Ah Jun is injured and may be transferred to the United States in the next two days. I was just about to ask Ah Mo if you could return our shares to us, because we don't know when we will be able to come back after we go to the United States."

What did he mean by adding insult to injury This was what he meant by adding insult to injury. At the most difficult time for the Dongfang Group, when he was struggling to maintain his status, it was fine if

his biological aunt did not extend her hand to help him, but she actually extended her hand to push him into the abyss.

Lu Yao knew the horse's strength. As time goes by, one can see the heart of a person. Showing one's true feelings in a difficult situation was absolutely not wrong. Of course, showing one's true feelings meant showing one's true feelings, such as Dongfang Mei at this time.

Dongfang Yunxia, who was originally filled with anger, was also shocked when she heard Dongfang Mei's words. She looked at Dongfang Mei with a puzzled gaze and asked in puzzlement, "Ah Mei, you don't even have the money for Ah Jun's treatment?"

Chapter 670 did not have a third option 6

Of course, Dongfang Mei had the money to treat Ah Jun, but she was worried that Dongfang Group would close down because they did not have Fang Jinxin's 10 billion investment. If they really went bankrupt, wouldn't her and Ah Jun's shares become waste paper?

There was an old saying that people were not selfish. In the past, she had thought of ways to get her son to become the CEO of Dongfang Group. Her goal was to make Dongfang Group successful and let her son stand higher than Dongfang Mo. She wanted the world to see that the son that she, Dongfang Mei, gave birth to was bigger and stronger than Dongfang Mo..

But who knew that over the past five years, the Dongfang Group, in the hands of the mother and son, or more accurately, the three of them, not only did they not become stronger, but because of all sorts of difficulties, they actually became weaker and weaker. Now, they were already in a predicament of insolvency.

However, speaking of which, the insolvency of the Dongfang Group was no longer her problem. Because Dongfang Mo had already taken over the Dongfang Group a month ago, that was Dongfang Mo's personal matter. And she did not care so much, it was her money. She had to take back every single cent.

Thus, when Dongfang Yunxia asked her.. She pretended to be red-eyed and said, "all these years, ah Jun has been the CEO of the Dongfang Group, and there has often been a shortage. In order to give face to my son, I took out my private money. I originally thought that when the Dongfang Group rises, Ah Jun could return it to me, but who knew... .."

At this point, Dongfang Mei could not help but wipe her tears and said, "great-aunt, I'm the same as you. Although I'm a woman, for the sake of our Dongfang family's business, I've also been worried a lot. I want my brother and sister-in-law to leave early. Ten years ago, when AH MO came back from America to take over the Dongfang Group, I was worried a lot. I really don't want to see the Dongfang Group go out of business. After all, that was the hard work of three generations of the Dongfang family. "

"I know that. " Dongfang Yunxia was infected by Dongfang Mei's words, and her eyes also turned red. Then, she looked up at Dongfang Mo and said, "AH MO, although your aunt and I don't know how to manage a company, we also know that we can't let the Dongfang Group go bankrupt, right? How about you apologize to Mr. Fang, and then let go of Fang Zining's actions? It's just yan RU. Moreover, she's only disfigured, and she didn't take her life. Just think of a way... ". "... ". "... "

“I’m sorry, aunt. I won’t do such a thing that goes against my conscience.” Dongfang Mo quickly cut off Dongfang Yunxia’s words. Then, he looked at Dongfang Mei and said, “Aunt Gu, you can withdraw your shares, but I have to remind you that Dongfang Group’s shares are not worth much right now. It might not be worth it if you withdraw your shares.”

“There’s no other way.” Dongfang Mei was a little surprised by Dongfang Mo’s decision, but she had already said that she wanted to withdraw her shares. She had no choice but to bite the bullet and say, “even if it’s not worth it, it’s still better than turning into waste paper. For example, after Xi Empire closed down, the shares in the hands of Xi Empire’s shareholders turned into waste paper.”

“Okay then.” Dongfang Mo nodded quickly and said to Dongfang Mei, “how about this, I’ll get the finance department to help you calculate how much your shares are worth. I’ll return your shares to you in a week.”

“This... Okay then.” Dongfang Mei hesitated for a moment before she looked at Dongfang Yunxia and said, “then, great aunt, I’m relieved. But you... you have to be careful of your shares.”
