### **Chapter 671: There was no third option**

After breakfast, Yan ru and little feather wanted to take little feather out, but the security guard stopped them. The reason was that it wasn't safe outside, so they had to stay in one inch ink city Because there was no safer place than here.

Yan Ru was so angry that she wanted to curse, but because she didn't have much experience in cursing, she could only stare. Little feather was also very helpless, so the two of them could only stay in one inch ink city obediently.

Little feather asked Yan ru what had happened that day, and Yan ru told her about the situation When little feather heard this, he said gloomily, "that aunt is really hypocritical. Since the big liar won't let him attend his engagement party with Miss Fang, she can just not go. Why does she still want to go

Even if she's pretending to be you, she still wants to go?"

When Yan ru heard little feather's words, she laughed. She used her hand to scratch her delicate nose and said, "that's not your aunt, that's your aunt. It's not wrong that she and I are twin sisters, but she's a sister and I'm an elder sister. "

"Your sister? " Little feather was confused. Her delicate face frowned and said, "but that aunt said that sister's name is Xi Muru, and sister's name is Xi Muxue? Could it be that... Your name is Xi Muru? "

After little feather asked this question, without waiting for Mu Ru to answer, she frowned and looked like she suddenly understood. "Oh right, you're called Yan ru in Korea, and the last person is ru. Then you should be Xi Muru, or else your name would be Yan Xue. "

"Okay, little feather, you're such a small giant that knows how to reason. " Yan Ru had to praise her daughter She gave her little pink face a heavy kiss. "Good Baby, we're going to the Plum Garden to study. We can't go to kindergarten, but we can't neglect our studies either, right? "

"I'd rather go to kindergarten? Kindergarten teachers don't know how to judge children, " little feather whispered. Then, he looked at Yan ru and asked, "then... is my Daddy Che Qixuan or a big liar? "

Mu Ru was stumped by little feather's question. She didn't expect little feather to ask this, so she didn't know how to answer this question.

"This... actually... " Mu ru opened her mouth with difficulty and quickly organized the sentence in her mind ...

"actually, both of them are my daddies, right? " It was little feather who quickly opened her mouth to help yan ru out of her predicament.

Mu Ru immediately understood and quickly nodded at little feather. "Yes, yes, yes, that's right. In short, that... Anyway, the big liar will not harm you. "

"I know that the big liar will not harm me, " little feather said very confidently. Then, he turned to look at Mu Ru and said, "mommy, you didn't see the big liar's painful look when he faced the disfigured you in Korea. I think... "

“Alright, Yu Yu, it’s time for us to recite the book of Wisdom,” Yan ru quickly interrupted little feather’s words. Then, she took the lead and recited, “in the past, the words of wisdom were taught to you diligently. They were collected and broadened, and you have seen and heard many things. When you look at the present, you should reflect on the past. There is no past that can not become the present. Know Yourself, know your enemy, and compare your heart with your heart...”

Listening to little feather’s crisp and melodious voice, Yan Ru’s heart felt bitter. There was a faint trace of regret in it.

Little feather said that Dongfang Mo was in great pain towards the disfigured her in Korea. It was probably at that time that Dongfang Mo moved little feather, so much so that little feather now had a good impression of Dongfang Mo. .

However, little feather did not know that Dongfang Mo had actually known from the beginning that the person was not her. In fact, Dongfang Mo had been tormented not by her but by Xi Muxue.

### **Chapter 672: There was no third option**

It was late at night

Dongfang Mo stood up from his office and quietly walked out. He pressed the lights on the wall and Dongfang Group’s family fell into darkness.

He walked step by step towards the VIP elevator. Fortunately, the street lights in the corridor were voice-activated. Wherever he went, the street lights would automatically turn on and light up for him.

It was a busy afternoon. After Dongfang Mei left, Dongfang Yunxia also left with a disappointed expression. Fortunately, Dongfang Yunxia did not kick him when he was down like Dongfang Mei did.

During the afternoon meeting, the management of Dongfang Group heard the news from somewhere. Everyone felt that Dongfang Group did not have any external assistance at the moment because everyone was waiting for the 10 billion investment.

He tried his best to tell everyone calmly that Dongfang group was indeed in a very difficult situation. However, without the 10 billion, he could still let Dongfang group survive, and the better he could do it, the better he could do it.

Regarding the issue of capital turnover, he promised that if he gave it to everyone, he would try his best to recover the debt owed by DFM company. The debt owed by DFM company was enough to let Dongfang group tide over the difficulties.

In the afternoon, they discussed many issues. Of course, it was inevitable that they would have to lay off staff. This was the practice of any large group in the face of difficulties. Saving costs and expenses was the first condition.

In the afternoon, Ning Sicheng asked him worriedly, how to collect the debt owed by DFM. He said that the financial director, Dongfang Yingwu, had collected the debt for almost a year. Now, even the president of DFM, Rodger, was nowhere to be seen. Where could he find him?

When he heard this, a mysterious smile appeared on his lips. It was normal that Dongfang Yingwu could not find Rodger because Rodger did not want to see Dongfang Yingwu, but he could find rodger, and he could see rodger at any time.

When he walked out of the VIP elevator, a Hao's car had already driven to the outside of the elevator and was waiting for him quietly. When he saw him coming out, he immediately helped him open the car door and respectfully invited him to get in the car.

When the car drove out of the underground parking lot, he glanced at the towering Dongfang Building that reached into the clouds. At this time, all the floors of the Dongfang building were pitch black, and only the searchlights on the top of the building were constantly sweeping around.

In the eyes of outsiders, he was an insufferably powerful person. In fact, he himself knew that he was an ordinary person. Under the proud, confident, strong, and shiny appearance, there was hidden his fatigue and worry.

However, he never showed his true self to others. At the same time, he was not afraid of anyone... ..

No one knew that he actually hated the darkness, especially after his parents died. As a student who had yet to graduate from university, he had to support such a large family business like the Oriental Group alone. No one around him could be trusted, not even the people closest to him... ..

At that time, he felt as if he had reached out to a pitch-black darkness. It was as if it was difficult to see the light of dawn. Perhaps, the light of dawn in this world had already been taken away from him the moment his parents died... ..

Over the years, he had walked step by step, as if he was stepping on a tightrope. Especially after he was set up for a car accident, he even had to hide his healthy body and disguise himself as a eunuch to numb the enemies around him.

Later, he found out that it was inconvenient for him to be half-paralyzed in Binhai, so he had no choice but to turn himself into Dongfang Yu again. He appeared in the Dongfang family as two identities and wandered around the big black and white places in Binhai.

### **Chapter 673. There was no third option**

Perhaps it was because it was late at night, but the streetlights outside the window were especially quiet. The car was quietly driving toward one inch ink city, and the interior of the car was quiet.

Ahao quietly drove the car to the entrance of one inch ink city's ink garden. He stopped the car and was about to open the door for Dongfang Mo, but Dongfang Mo had already taken the lead to open the door and get out of the car.

Ahao was slightly stunned. Dongfang Mo had already walked past him and whispered to him, "spread the news that the president of DFM Company, Rodger, will be lurking in Italy soon. "

Ahao was instinctively shocked. He raised his head and wanted to ask more questions. Dongfang Mo had already walked into the ink garden. Obviously, he would not give him the chance to ask any questions.

The hall on the first floor of the ink garden was pitch black. However, the staircase light leading to the second floor was quietly lit. The corners of his mouth could not help but curl up into a smile because she was the only one who would leave a light for him in the ink garden.

A warm feeling slowly rose in his heart. Although he knew that it would take some time for him to take over her, it would probably take even longer for her to be willing to be with him for the rest of her life.

However, he was not afraid of the long time. He only hoped that she could be by his side at all times, because she was the closest person to him, and their child, feather.

Although he had not brought feather to do a DNA test, he felt that there was no need for it anymore, because feather's fifth birthday had already passed, and feather had personally told him that the date on the certificate was not accurate.

His parents had died ten years ago, and his biological brother had left him eight years ago. He did not stay with him in the Dongfang family, leaving him alone in the turbulent waves.

Therefore, now, his wife and his children were the people closest to him. For the sake of the two of them, he had to work hard to overcome the difficulties in front of him.

In the face of difficulties, he was never afraid... ..

When he came to the second floor, the door was ajar, and there was a weak light inside. He was slightly stunned, then gently pushed the door open and walked in. He was surprised to find that the light in the room was not turned on, and the weak light was emitted by a candle.

On the side of the coffee table, a woman was lying on the Armrest of the SOFA asleep. Perhaps she heard the sound of his footsteps entering the door, but when he was about to Walk to the SOFA, she had already raised her head and opened her hazy eyes.

"Why don't you sleep on the bed?" He scolded her in a low voice. "Don't you know that it's cold at night? Besides, we southerners don't have the habit of installing heating in our homes, so I didn't install it in my room."

"Be Quiet." Mu Ru put her index finger on her lips and shushed for a moment. Then, she stood up and blew out the lamp on the coffee table with her mouth. Only then did she hold Dongfang Mo's hand and walk out of the door.

"What's so mysterious?" Dongfang Mo was confused by her. Didn't she usually not see him Tonight, she took the initiative to pull his hand, even though her hand was only holding his wrist.

Mu Ru pulled him out of the door and gently closed it. She then looked at him and asked in a low voice, "did you have a falling out with that Fang Jinxin?"

"How do you know?" Dongfang Mo frowned. He didn't expect mu ru to ask him such a question. He thought that if she saw him, she would chase him away again.

"It's great-aunt, your great-aunt told me." Mu Ru rolled her eyes at him Then, she sighed softly and said, "she scolded me terribly, saying that I was pretending to be a ghost for no reason. Now, you want to break off with the Fang family because of me. If that's the case, Dongfang Group will lose 10 billion

yuan of investment, and Dongfang Group doesn't have this 10 billion yuan. It's very likely that... ". "...  
"..."

#### **Chapter 674: There was no third option**

"Don't listen to her." Dongfang mo quickly stopped Mu Ru's words and held her hand as they walked towards the fourth floor. "Let's go to the study and have a seat. Don't tell me you're in the mood to talk to me calmly tonight."

Mu Ru couldn't help but sweat when she heard this. She was talking to him calmly Who Knew? Actually, she really wanted to get angry and scold him, alright?

That afternoon, that Old Lady Dongfang Yunxia went to look for her as soon as she came back. Then, she scolded her harshly and finally asked her what was going on. Wasn't she disfigured Why was she still here?

Therefore, she had no choice but to tell the truth. That day, she had swapped identities with someone at the Qiluo dress styling shop. Then, that person had pretended to be her and wanted to attend Dongfang Mo and Fang Zining's wedding. However, no one had expected that someone would kidnap her Therefore, she was fine, but the person who had pretended to be her was in trouble.

After hearing her story, Dongfang Yunxia was still angry Then, she said with a Huff, "no matter what, it's all your fault. Even if you weren't the one who was disfigured, ah Mo thought it was you. He fell out with the Fang family because of you. Now, Dongfang Group is in a difficult situation and is on the verge of bankruptcy. Little feather is the child of the Dongfang family, and you are little feather's mother. You should at least do something for Dongfang Group, right?"

Mu Ru didn't know whether to laugh or cry when she heard Dongfang Yunxia's words. She was a woman, and she was unarmed. What could she do Besides, what did the Dongfang Corporation have to do with her?

Besides, was Dongfang Mo falling out with the Fang family because of her It was because of Xi Muxue, okay Why did she have to take the blame Why was it that every time Xi Muxue got into trouble, she had to take the blame?

Hence, she had a belly full of anger and wanted to vent it on Dongfang Mo. that was why she did not bring feather to stay at the Plum Garden tonight but stayed in Dongfang Mo's room on the second floor of the Black Garden. Her purpose was to wait for Dongfang Mo to come back.

Earlier, she had spoken calmly to Dongfang Mo at the door, but that did not mean that she was not angry. It was because feather was in the room. Now that she was asleep, she did not want to wake up feather.

Dongfang Mo held mu Ru's hand and went to the study on the fourth floor. He used his fingerprint to unlock the door and brought her in. Then, he took out two bottles of Latte from the fridge and handed one to her. "since you want to talk, then let's wake up."

Mu Ru took the bottle of cold latte angrily. She opened the lid and took a SIP. It was a rough action. It really did not have the grace of a woman.

Dongfang Mo could not help but laugh. As he elegantly opened the lid of the latte bottle, he said softly to her, "slow down, be careful not to choke. Oh right, don't take my words to heart..."

"You really... fell out with Fang Jinxin, didn't you?" Mu Ru interrupted him. She originally wanted to ask because of Xi Muxue, but she choked the words out of her mouth ...

Dongfang Mo nodded and admitted openly, "MMM, that's true."

"then..." Mu ru was silent for a moment Then, she looked at him and said, "I've earned a sum of money from selling paintings over the past four years, which is equivalent to about one million RMB. Although it might not be of much help to Dongfang Corporation, but... that's all I can do."

The latte bottle that Dongfang Mo was about to drink immediately froze in the air. Then, he slowly put it down. He stared at the woman standing in front of him, and his eyes instantly became moist.

### **Chapter 675: Who is a fool**

What is a real family This is called a real family!

At the most critical moment, the one who extended a helping hand to her was still her wife, even though she had been deeply hurt by her!

Mu Ru saw him standing there in a daze for a long time without saying a word and thought that he thought that it was too little, so she said indifferently, "alright then, I overestimated myself. One million is probably just a drop in the ocean in your eyes, right? There is no difference between having it and not having it."

After saying this, mu ru immediately turned around and was about to leave. Just as she reached the door, her arm was pulled by Dongfang Mo behind her. She was so angry that she wanted to struggle. Unfortunately, Dongfang Mo used a little strength and pulled her directly into his broad and warm embrace.

"silly, why would I think that it's too little?" He pulled her into his embrace His thin lips moved closer to her ear and whispered, "wife, as long as it's given to me by you, I feel that a penny is a lot of money. Moreover, I'm now heavily in debt and have a lot of debts. I don't even have a single cent of my assets. With this kind of me, will you marry me?"

Mu Ru had been quietly listening to his words, especially when he said the first part. She had not paid much attention to him, but when he said the last part, she was completely stunned.

She raised her head to look at him, feeling puzzled and amused. She could not help but ask, "Dongfang Mo, were you just complaining to me or proposing to me?"

Dongfang Mo's face turned slightly red. Actually, he had not thought that he would say such a thing in the end, so he said a little awkwardly, "well, consider it a proposal that sounds like you're complaining."

Mu Ru glared at him fiercely. This man was too much. He even proposed to her like he was complaining. She even promised to marry him, okay But he, the CEO of the Dongfang Corporation, actually took such a tragic path Wasn't it embarrassing?

Of course, Dongfang Mo did not know that Yan ru was criticizing him in her heart. Seeing that she did not say anything for a long time.. He continued to ask, "Mu Ru, from now on, if you and little feather follow me, you will probably only be able to eat the chaff and swallow the vegetables. It is unknown how long this one inch Mo city will last. Perhaps all the creditors will come looking for us, and we will probably sell this place to pay off our debts. We might have to move out to live in a civilian house. "

Dongfang Mo paused for a moment Then, he shamelessly asked, "with my current state, I might not be able to give you and little feather a bright future. I might only be able to bring you and your daughter incomparable suffering. Are you still willing to marry me? "

Mu Ru was stunned for a while after hearing his words. She struggled out of his arms and slightly raised her head to look at him. She saw that his face was serious and didn't seem like he was lying.

She had been in Binhai for a month. In the past few days, she and Pu Zihui had also heard a lot of news outside. Many people were saying that Dongfang Group couldn't take it anymore and had been tormented by Dongfang Jun and his son.

There were also some people who said that Dongfang Mo was stupid. When Dongfang Group was at its peak, he gave up his position as the CEO of Dongfang Group. He only came back to take over after being played by Dongfang Mo until he was left with nothing but an empty shell and a pile of debts This wasn't asking for trouble for himself.

Mu Ru used to think that Dongfang Mo was cold-blooded and ruthless. She thought that he was cold-blooded and cruel. She even thought that he was a cold-blooded animal who didn't know what feelings were.

However, this time, her understanding of Dongfang Mo had somewhat changed. At least he would stand up during Dongfang Group's most dangerous time. This meant that he was a person who understood feelings This meant that he actually could not bear to part with his family business, the Dongfang Group!

## **Chapter 676 who's a fool 2**

Dongfang Mo was a fool, but she felt like she wasn't that smart either, because she was actually starting to sympathize with this fool.

Wasn't that funny She knew that the person Dongfang Mo loved in his heart had always been Xi Muxue and not her. Otherwise, Dongfang Mo wouldn't have fallen out with the God of wealth, Fang Jinxin, because of Xi Muxue at such a difficult time for the Dongfang Corporation At the same time, he had used a special plane to send Xi Muxue to Korea to spend a huge sum of money on plastic surgery.

Even though she knew that the reason he proposed to her at this time was more likely to be because he had treated her as Xi Muxue's substitute, she still foolishly thought that for him to think of her in times of danger, this meant that in his heart, there was more or less a place for her, right?

But, to marry him This was not a decision that she could make alone, because little feather was already five years old. She completely had the ability to express her own wishes.

Hence, she said calmly, “Dongfang Mo, don’t complain anymore. Actually, it’s not of much use for me to complain. Not to mention that I won’t agree to marry you, even if I agree, I can’t marry you because the Korean Yan ru had already married Che Qixuan five years ago.”

Dongfang Mo was reminded by Mu Ru and only then did he remember this matter. Hence, he said with a little discomfort, “looks like I have to call Che Qixuan and ask him to hurry up and change your marriage certificate with his marriage certificate into a divorce certificate. Otherwise, I’ll teach him a lesson.”

Mu Ru heard Dongfang Mo’s words and was puzzled. She could not help but ask, “you are already heavily in debt, so poor that you are penniless. In a few days, this one inch Mo city might be sold. You are so poor, how can you teach him a lesson?”

Dongfang Mo could not help but laugh when he heard Mu Ru’s words He scratched her nose and said, “don’t worry. Even if I am penniless, even if I have no fixed residence, I still have a way to teach che Qi Xuan a lesson. At the same time, I also have a way to teach those who want to deal with me a lesson.”

Mu Ru could not help but curse silently in her heart. Dongfang Mo not only sneered cruelly, he was not only cold and black-bellied, not only was he stupid and stupid, but he was also too conceited and arrogant.

“Alright, stop criticizing me in your heart.” Dongfang Mo came over and held her hand Then, as he walked out of the door, he said in a low voice, “let’s hurry back to the second floor to sleep. Tomorrow, Fang Jinxin and I still have a tough battle to fight. Can you not quarrel with me tonight?”

Mu Ru did not say a word. Dongfang Mo was already besieged on all sides. In fact, she could not help him much. The only thing she could do was not to create trouble for him and not to leave with little feather at this time.

Although it was the best time to escape with little feather, she also knew that if she brought little feather away at this time, it would definitely distract Dongfang Mo’s attention because he would definitely send people to chase after her and little feather.

And this would indirectly help the enemy. Perhaps those who wanted to deal with him would attack him at this time. It seemed like she could not help the bad guys frame her child’s father in such a stupid way.

Dongfang Mo pulled Mu ru to his room on the second floor. Little feather was still sleeping quietly on the bed, breathing evenly. He whispered in Mu Ru’s ear, “you go to the bed first. I’ll go wash up and come back.”

Mu Ru’s face could not help but turn red. In an instant, she felt that she and Dongfang Mo were like husband and wife. And they were not husband and wife at all, okay?

## **Chapter 677: Who’s the fool**

Dongfang Mo, on the other hand, appeared more natural than Mu Ru. He quickly went to the bathroom, but of course, he did not dare to use the shower. He was afraid that the sound of the water would wake up his sleeping daughter, so he put some water in the bathtub and simply washed himself.

When he arrived at the bedroom, Mu Ru was already asleep on the bed with little feather in her arms. He tiptoed onto the bed and lay down beside her. He stretched out his arms and pulled her into his embrace.

No, to be precise, he pulled mu ru and her mother into his embrace, because at that moment, Mu ru was lying in mu ru's embrace with little feather, who was sleeping soundly.

Mu Ru could not help but struggle slightly. He whispered in her ear, "Don't move. When you wake Yu Yu up, I will hug you and sleep. I won't do anything else. My daughter is right beside me. Can I do anything else?"

Mu Ru's face turned slightly red. Her struggling body slowly came to a stop. She let him hug her from behind. Her back was pressed against his chest. She could hear his clear and powerful heartbeat.

Dongfang Mo's frustrated heart gradually calmed down. This was the first time he had slept on the same bed as his wife and child. The warmth made him fall in love with this feeling in an instant.

This was the feeling of home. Mu Ru and feather gave him the feeling of family. He, Dongfang Mo, could finally have a home. He, Dongfang Mo, could finally stop fighting alone.

With his wife and child behind him, he felt more motivated. In the future, any kind of victory would be shared by his wife and child.

The next morning, Mu Ru was woken up by feather. Before she opened her eyes, feather was already calling her, "Mommy, why aren't you up? It's already past nine. You can sleep in more and more now."

Mu Ru hurriedly rubbed her eyes and sat up. She glanced at the clock on the wall. It was really nine o'clock in the morning.

She could not help but look behind her. Of course, there was no sign of Dongfang Mo. that man had probably gone to his Dongfang Corporation to fight for his life a long time ago, right?

Last night, he came back so late. She did not ask him if he had supper. Today, he left early in the morning. She did not even know if he was made of iron. Otherwise, why did he not know how to feel tired?

She remembered that last night, Dongfang Mo said that he and Fang Jinxin had a tough battle to fight today. She did not know what kind of tough battle he had. Of course, she hoped that he would not really fight like a war.

Mu Ru brought little feather down the stairs and was surprised to see Dongfang Mei. She was sitting next to Dongfang Yunxia, and Dongfang Yunxia's face was full of anger, as if she was angry.

She was not in the mood to listen to their conversation, but when she walked down the stairs, Dongfang Yunxia had already stopped her.

Thus, she had no choice but to walk over. Dongfang Yunxia immediately asked, “Yan Ru, I heard ah Mo say that you want to give him one million to save Dongfang Group’s current difficulties, right?”

Mu Ru did not expect Dongfang Mo to tell Dongfang Yunxia about this matter, so she was slightly stunned for a moment. Then, she nodded lightly and said, “yes, that’s all I have. It’s just that this one million yuan might not be of much help.”

Dongfang Yunxia immediately said to Dongfang Mei beside her, “listen, Yan ru only helped ah Yu give birth to a daughter. Ah Yu has never married Yan ru before, but Yan ru is willing to use the one million yuan that she has to help Dongfang Group get through this difficult time. And you are ah Yu’s aunt, yet you took advantage of Dongfang Group’s most difficult time to withdraw your shares from Ah Mo and even came to ask for shares. Don’t you feel ashamed?”

#### **Chapter 678 who’s the fool 4**

Before Dongfang Mo arrived at Dongfang Group in the morning, he received a call from Ning Sicheng, saying that Fang Jinxin was going to make a deal with him and wanted him to contact him as soon as possible.

Actually, Fang Jinxin did not know that Dongfang Mo knew what his deal was, and Dongfang Mo had already made all sorts of preparations last night.

Before going to see Fang Jinxin, Dongfang Mo locked himself in his office, then took off one of his sleeves and let a Hao do something on his arm.

Seeing that a Hao shook his head instinctively, he quickly pulled Dongfang Mo’s sleeve to his arm and said in a low voice, “boss, let me do this...”

“No, it won’t work if you do it,” Dongfang quickly denied. Then, he explained, “Fang Jinxin is not an ordinary old fox. When the time comes, he will definitely not allow me to bring anyone with me. You should seize the time to do it. Do I still fear pain? What pain have I never felt before?”

Ahao nodded. He knew that Dongfang Mo could not change his decision, so he could only muster up his courage and take out the surgical blade that he carried with him. He gritted his teeth slightly and gently pulled a deep cut on Dongfang Mo’s upper arm... ..

When Ahao helped him do this, Dongfang Mo watched without blinking. He had long been used to seeing blood, so he could not even blink at the slight pain and blood.

Before driving to the location specified by Fang Jinxin, he had already arranged for Ahao to inform the police to go to the ambush, while he himself followed Fang Jinxin’s request to drive alone. He really did not bring anyone with him.

The area that Fang Jinxin had arranged was in a quiet area near a mountain in the suburbs. This place could advance and retreat. From this, it could be seen that Fang Jinxin had made a comprehensive understanding and arrangement of the terrain yesterday.

When Dongfang Mo’s car stopped, Fang Jinxin’s people had already quickly surrounded him. Someone had forcefully snatched the car keys from him and drove the car far away.

When Fang Jinxin saw that Dongfang Mo had really come alone, his expression was slightly surprised. However, he still had his people search Dongfang Mo's body to make sure that there were no harmful instruments before he could be at ease.

Fang Jinxin looked at Dongfang Mo coldly and said, "Dongfang Mo, you're really bold. You actually came alone."

Hearing Fang Jinxin's words, the corners of Dongfang Mo's mouth curled up into a smile. His deep eyes narrowed slightly, and his long black eyelashes seemed to cover his eyes. His thin lips curved slightly. "Director Fang, although we've never interacted before, I've more or less heard of you. After all, your biological daughter, Fang Zining, was my first love."

"Zining, you have the nerve to replace Zining for me?" Fang Jinxin immediately became angry from embarrassment. "Dongfang Mo, I've never seen a man more ruthless than you. Zining disregarded her dignity for you and begged me for a long time before I agreed to look for your grandmother Gu and come to Binhai. We father and daughter are full of enthusiasm..." "..." "

"Director Fang, I think it's better for us to enter into a substantive transaction," Dongfang Mo cut off Fang Jinxin's words, which were filled with anger. "Now is not the time to talk about these heartfelt words. Moreover, I am not a sentimental person. I have always been indifferent to feelings. Talking about feelings with me is no different from playing the lute to a cow."

Fang Jinxin was slightly stunned. Then, he ordered the people standing behind him in a low voice, "all of you, retreat to a distance of ten meters. NO ONE IS ALLOWED TO EAVESDROP!"

### **Chapter 679: Who is the fool**

"Yes!" The people behind Fang Jinxin quickly and tacitly retreated ten meters away.

From this action, Dongfang Mo immediately realized that Fang Jinxin was actually extremely afraid of danger. Of course, Binhai was not his territory after all, so it was impossible for him not to be afraid.

At the same time, Fang Jinxin was extremely cautious. He was afraid that these so-called subordinates would hear his conversation with Dongfang Mo..

In fact, most of Fang Jinxin's subordinates were temporarily seconded from somewhere. After all, he didn't come to Binhai with so many people from America.

Fortunately, it was at the edge of a mountain. This place was dozens of kilometers away from Binhai City and hadn't been developed yet. The nearest town was also about ten kilometers away, so this place was particularly empty.

On the empty land, only Fang Jinxin and Dongfang Mo spoke. Only then did Fang Jinxin reveal a confident and conceited expression and said, "Dongfang Mo, we are both veterans. I won't beat around the bush. It's fine if you don't care about Zining's feelings, but I don't want you to get engaged to Zining. I only ask you to bail Zining out now. I can continue to invest 10 billion in you. What do you think?"

When Dongfang Mo heard this, the corners of his mouth curled up slightly. He did not answer, but only shook his head slightly to show his attitude.

Fang Jinxin did not expect Dongfang Mo to have such a reaction. He was slightly stunned and asked, "Dongfang Mo, what do you mean by this? 'Actually, don't you care about that Yan ru?' 'To put it bluntly, isn't she your ex-wife?' 'If you care about her and aren't willing to have Zi Ning, then forget it. I've already regressed and I only want you to bail Zi Ning out. Actually, as long as you say the word, and that ex-wife of yours says the matter has nothing to do with Zi Ning, wouldn't that be enough?'"

When Dongfang Mo heard these words, the curve on his lips became wider. He couldn't help but say mockingly, "It seems that President Fang has really put in some effort to understand my experiences in Binhai over the past few years. Even Yan Ru, who used to be my ex-wife, knows about it. It seems that I've put in a lot of effort for you, right?"

Fang Jinxin was slightly stunned. Then, he said a little unhappily, "I originally thought that since you wanted to be my son-in-law, it's only right for me to inquire more about your situation, right? 'Now, none of this is important. As long as you think of a way to smooth over the matter of Zining, I'll throw my 10 billion yuan to you without asking for anything in return. From now on, we won't interfere with each other's well water... ..'"

"But your river water has already offended my well water," Dongfang Mo coldly cut off Fang Jinxin's words. Then, he coldly snorted and said, "since you know about Yan ru's ex-wife, and you still allow Fang Zining to order people to do such a vicious thing to her, do you think I will let Fang Zining off so easily and let you two father and daughter go?"

"You mean... you would rather let your Dongfang Group go bankrupt than accept my 10 billion investment?" Fang Jinxin immediately grasped his center of gravity because he was certain that Dongfang Mo cared about his Dongfang group the most ...

Sure enough, Dongfang Mo was slightly stunned when he heard his words. He then nodded indifferently and said, "Dongfang Group is my life to me. No one is willing to let themselves starve to death. 10 billion is indeed very important to me..."

"Isn't that enough?" When Fang Jinxin heard Dongfang Mo's words, he immediately relaxed and waved his hand. He handed over a long prepared agreement. "Dongfang Mo, this is our agreement. As long as you guarantee the safety of my Zi Ning, then my 10 billion will be given to you without compensation. Is that alright?"

## **Chapter 680 who's the fool 6**

Dongfang Mo only glanced at the contract in front of him, but he did not reach out to take it. His deep, dark eyes reflected a meaningful light as they landed on Fang Jinxin's face.

"Director Fang's conditions are indeed very attractive," Dongfang Mo said bluntly, but the mocking smile on his face unconsciously curved up. "However, the premise is that if this Fang Zining is the Fang Zining from 14 years ago, I will probably consider director Fang's proposal."

"You... what do you mean?" Fang Jinxin's hand that was holding the agreement froze in the air, and his gloomy gaze shot over like an eagle's claw ...

“The same as yesterday.” Dongfang Mo was not afraid of his gaze at all. He still spoke indifferently and steadily, “CEO Fang, the Fang Zining you brought back is not your daughter, Fang Zining, but... the daughter of the former Binhai city mayor Kuang Yingying.”

“Dongfang Mo, don’t open your mouth and spout nonsense.” Fang Jinxin immediately became angry from embarrassment and roared in a low voice, “I have never been to Binhai city before, and I don’t even know any deputy mayor Kuang. Zining is my daughter, how can you say that she is Deputy Mayor Kuang’s daughter? You can’t deny her even if you don’t want Zining. You actually said that she’s another person.”

“Deny her?” Dongfang Mo only thought Fang Jinxin’s words were funny. Then, he lightly reminded him, “Director Fang, you had a good time in Nichang’s private room, right? If Fang Zining is your biological daughter, then what are you? A beast? A beast that even fucks his own daughter?”

This time, Fang Jinxin was obviously stunned. He took a step back and looked at Dongfang Mo. He could not help but growl, “what nonsense are you talking about? Zining and I only went to the hot spring SPA and went to the gym in Nishang. These are not things that we can’t see people about.”

“Director Fang, do you mean that you do less things that you can’t see people about?” Dongfang Mo still stood there calmly, disapproving of Fang Jinxin’s anger. He still said indifferently, “don’t worry, Director Fang. If you really know me well enough, you should know that I, Dongfang Mo, will never talk nonsense, and I won’t make things up out of thin air. If I didn’t have enough confidence and evidence, I wouldn’t say this.”

Fang Jinxin was a little confused. He couldn’t help but feel suspicious. Then, he quickly asked, “Um, did you own Nichang?”

“This has nothing to do with you.” Of course, Dongfang Mo wouldn’t answer his question. Then, he asked indifferently, “director Fang, I want to ask you something. This woman is clearly not your daughter, Fang Zining, but your lover. Why did you change her appearance into Fang Zining and bring her back to Binhai to find me?”

Fang Jinxin was silent for a moment. Then, he looked at Dongfang Mo with a hateful gaze and said, “because my daughter, Zining, died for you. When she was about to die, she kept calling your name. It was you who abandoned her during her most difficult and difficult time.”

Dongfang Mo felt that Fang Jinxin was a little crazy. After he finished speaking.. Then, he reminded him coldly, “Mr. Fang, I think you made a mistake. Between me and Zining, she was the one who held the initiative from the beginning to the end. When we were in love, she was the one who chased me. Later, when we broke up, she was also the one who suggested it. I’ve never...”

“You’ve never had to ask for the reason.” Fang Jinxin took over Dongfang Mo’s words and then shouted at him as if he had a deep grudge against him, “Zi Ning wanted to break up with you. Why didn’t you look for the reason? She said to break up and you agreed to break up...”
