Chapter 71 you want me to be cuckolded

“I’ll go. ”

Mu Ru saw that Dongfang Jun was sitting there motionlessly, so she stood up and walked upstairs naturally. Just as she reached the door, she raised her hand and before she could knock, the door was pulled open from inside. Xi Muxue had already changed out of her wedding dress. She was wearing a tight-fitting pink-blue gown, which made her look even more beautiful and charming.

When she saw mu ru, her originally sweet smile froze. Then, the corners of her mouth curled into a mocking smile as she said with a low laugh,

“This is sister-in-law, right? ”

Mu Ru was slightly stunned, then she said indifferently,

“It’s time to eat. ”

After she said that, she immediately turned around and walked downstairs. Xi Muxue’s gentle voice came from behind her

“Ah Yu, your brother shouldn’t be at the dining table when we eat, right? I’m afraid when I see him like that, i... ”

“It’s okay, he doesn’t seem to be here tonight. I heard that he went to the office in the afternoon, and he hasn’t returned yet. ”

Dongfang Yu’s voice was very faint, and no emotions could be heard from it.

As expected, Dongfang Mo wasn’t around during dinner, but Dongfang Mei did come. She looked at Xi Muxue, and her face had changed into a benevolent one. She very politely explained to her that the wedding was a little rushed, and the preparations weren’t very thorough. She hoped that the second young mistress would forgive her or something.

Xi Muxue was originally very dissatisfied with the Dongfang family’s treatment of her. It was obvious that Dongfang Mei was treating her with a smile, and Dongfang Yu reminded her that it was an emergency, so the eldest young mistress finally didn’t get angry.

Mu Ru obviously could not stay for long in such a situation. After dinner, she walked out of the hall. There was a moon in the sky tonight, and she wanted to take a walk in the garden.

Dongfang Jun followed her out and then took the opportunity to slip her a recording pen

“Mu Ru, Cheng feier asked me to give this to you. Recently, she has been recording all the classes for you. You have to find time to study. Don’t give up. ”

“thank you! ”

Mu Ru took the recording pen and thanked her softly, then said softly,

“Ah Jun, you’re so kind. ”

Dongfang Jun was slightly stunned. Then, he smiled bitterly and said,

“What’s the use of being kind? My mother always despises me for not having the ability or ability. She hopes that I can join the Dongfang Group as soon as possible, but I. . . ”

“Ah Jun, what are you saying to sister-in-law? ”

Dongfang Yu’s voice came from behind. Mu Ru turned her head in surprise and saw Dongfang Yu standing right in front of her. He was just one step away.

Oh my God, was Dongfang Yu a human or a ghost?

Why couldn’t she hear his footsteps?

Did his footsteps ever land on the ground It was said that ghosts didn’t land on the ground when they walked.

Thinking of this, Mu Ru instinctively lowered her head to look at Dongfang Yu’s feet. However, before she could see clearly, she heard Dongfang Jun’s mocking voice beside her

“Aiyo, you’re the groom today. This moment of spring is worth a thousand gold coins. If you don’t hurry back to your bridal chamber, how can you have the leisure to admire the moon in this garden alone? Are you planning to let second sister-in-law stay alone in an empty room like eldest sister-in-law? ”

Dongfang Yu’s face was dark as his cold gaze landed on Dongfang Jun’s face. At the same time, he said coldly,

“since third brother knows about eldest brother’s situation, then he should keep a distance from eldest sister-in-law. It’s night now, and you’re actually strolling side by side with eldest sister-in-law to admire the moon in the garden. Don’t tell me you have to leave behind the fact that you’re in a plum field “It’s fine if the two of you don’t care about your own reputation, but I’m afraid that brother can’t afford to be cuckolded, right? ”

Chapter 72: What are you so nervous about

“second brother, what are you saying? ”

Dongfang Jun was furious at that moment and could not help but shout loudly

“Mu ru and I are innocent. What do you mean by ‘melon fields and plum fields’ ? Do you understand the meaning of ‘melon fields and plum fields’ ? If you don’t know how to use idioms after studying for a few days, then don’t show off. You can say anything you want, but how can you say Mu Ru... ”

“and Mu Ru? ”

Dongfang Yu quickly interrupted Dongfang Jun’s words. His voice could not help but raise a few decibels as he growled unhappily

“Dongfang Jun, let me remind you once more. If you call Mu ru and mu Ru sister-in-law again, I will tell big brother about what happened tonight. I reckon that you will have to go abroad to study earlier, right?”

Mu Ru took the opportunity when the two brothers were quarreling to turn around and walk towards Mo Garden.

She was in no mood to bother with the two brothers-in-law behind her. Dongfang Jun’s sincerity and Dongfang Yu’s wickedness were two people she did not dare to provoke.

Just as she walked into the hall, she saw mother Liu carrying a tray upstairs. When she saw her, mother Liu smiled and said,

“The eldest young master has instructed me to send a bowl of peanut and Lotus seed Porridge to the second madam. I hope that the two of them will have children soon. The Dongfang family is in urgent need of an heir.”

Mu Ru was slightly stunned when she heard this. Her footsteps paused for a moment before she looked at mother Liu’s back as she walked upstairs. She could not help but smile bitterly in her heart.

When she and Dongfang Mo got married, mother Liu cooked Lily and red date porridge for her, saying that it was to calm the nerves. When Xi Muxue and Dongfang Yu got married, mother Liu cooked peanut and Lotus seed porridge for them to have children early.

That day at the Xi family, she heard from Xi Muxue that Dongfang Mo had skin cancer. He probably did not have two years left to live.

As for her, in this life, she was probably a jinx. That was why the heavens allowed her to marry such a husband.

When he was alive, she was a widow. After he died, according to the rules of the Dongfang family, she would probably only be able to remain a widow in one inch mo city for the rest of her life, right?

When she reached the door and pushed it open, she realized that Dongfang Yu had also come up. He was pushing the door next door, but his gaze was meaningful as he looked at her.

She felt her heart beat faster, so she was anxious to quickly turn the lock and push the door open. However, the more anxious the person was, the slower he became. She did not know why her palms were suddenly sweaty, but when she held the door lock handle tightly, it always slipped, but she could not turn it open.

Dongfang Yu saw her like that and reached out his hand. His big hand, her small hand, and the door lock handle were held in his palm. His head was above hers, and because he lowered his head, a warm breath came out and sprinkled on her neck. It made her, who was originally flustered, quickly turn pink.

“sister-in-law, what are you nervous about?”

Dongfang Yu’s teasing voice came from above her head. Then, he exerted a little strength with his hand, and the door lock was turned away.

She quickly pulled her hand out of his large palm and took a step into the door. Then, with a bang, she closed the door. She was so busy that she forgot to thank him.

Once she entered, she leaned against the door and pressed her hand on her chest, which was rising and falling rapidly. She was panting heavily.

That d * Mn Dongfang Yu was so close to her just now. His breath sprayed onto her neck, making her feel strangely familiar.

After panting for a long time, her heartbeat calmed down. She went to the closet, grabbed her pajamas, and quickly walked into the bedroom. She only wanted to take a shower as soon as possible. A shower should calm her down a little.

Chapter 73: Who is getting married

While she was still showering in the bathroom, she heard flirtatious sounds coming from next door.

Mu Ru could not help but grumble in her heart. The Dongfang family was so rich, yet they did not know that the walls were made of better materials, and the sound insulation was so poor.

She hurriedly took a shower and came to the bedroom. The sounds from next door seemed to be even louder, and she could vaguely hear Xi Muxue's exaggerated screams

"Ah... AIYO..."

Mu Ru quickly took out the recording pen Dongfang Jun gave her and quickly turned it on. Soon, the sound of the teacher's class was heard. She steadied herself a little and quickly took out her textbook, notebook, and pen to make notes.

She turned the sound of the recording pen up very loudly. She did not know if the voice next door had turned down or if it had been suppressed by the sound of the recording pen. In short, very soon, she did not hear that voice anymore.

She secretly heaved a sigh of relief and calmed herself down. Finally, she was at ease to study. She only wanted to stay up late tonight and see if she could finish the lessons in the recording pen.

However, the tree was still, but the wind did not stop. Not long after, about half an hour later, the ambiguous voice from the next room sounded again. Moreover, the decibel of that voice was very high, and the sound of the recording pen could not be suppressed.

"Ah..."

Xi Muxue's voice seemed to be crying out in pain, but it also seemed to be conveying some kind of indescribable joy. It sounded exaggerated.

Mu Ru was so angry that she quickly covered her ears with her hands, trying to isolate the voice from her hearing. However, her hands did not seem to be able to isolate it at all. The voice seemed to be penetrating.

She finally could not bear it anymore and pushed the recording pen and book away. She quickly jumped onto the bed and pulled the blanket to cover her head. She wondered if this would isolate the F * cking voice.

It did seem to be isolated. Of course, it wasn't 100% , but the sound was indeed much softer. Although she still heard it, it wasn't that clear anymore.

She was about to let out a long breath, but before she could open her mouth, a clear voice suddenly fell into her ears

"It's very uncomfortable, isn't it?"

She was instinctively shocked and was slightly stunned. She immediately recognized that the voice didn't come from the next room, but from her own room. Moreover, the voice came from... ..

She slowly pulled her head out of the blanket and realized that Dongfang Mo and his wheelchair were already beside the bed. In his hand was a CPU.

"although I can't have sex with you as a husband and wife, but..."

As Dongfang Mo said this, he instinctively paused for a moment and a strange smile appeared on his face. Because of his old tree bark face, this smile looked more and more like the devil from a horror movie.

"But I can't let you be bullied by your sister so arrogantly, can I?"

Dongfang Mo's Voice was obviously filled with mockery.

Before Mu ru could react, he reached out his hand and quickly pressed the lights on the wall. The originally bright room instantly plunged into pitch-black darkness.

The Dongfang family's room was not soundproof, but it was well-insulated from light. Even the thick floor-to-ceiling curtains were black and gray. When the lights were turned off at night, there was not a single gap in the light from one inch ink city's garden.

In the darkness, Mu Ru was so scared that she curled up in the blanket. Rustling sounds came from her ears. She knew that Dongfang Mo was taking off his clothes. Obviously, he planned to stay in her room for the night.

Chapter 74: Who's getting married 1

"Xi Muru, why are you so afraid?"

In the darkness, the Voice of the devil was heard, followed by the feeling of the other side of the bed sinking.

"I... I didn't..."

Mu Ru's voice kept trembling, almost unable to say the whole sentence accurately.

"Didn't?"

The old and Hoarse Voice was obviously filled with mockery. Before Mu ru could react, an arm reached out and pulled her into his arms along with the blanket.

“I don’t...”

Mu Ru’s voice had reached the point of terror. She was on the verge of crying as she shouted,

“Dongfang Mo... I beg you... I’m not in pain... I can hold on...”

“You can hold on?”

Dongfang Mo’s old voice was obviously filled with mockery in the darkness. The strength of his arm that was hugging mu ru was obviously increased

“If you can hold on, why did you hide under the blanket when you heard the sound from the next room?”

“because the sound from the next room was too shocking, like a ghost’s cry...”

Mu Ru quickly defended herself, but she did not add anything else

“I’ve been afraid of hearing the sound from horror movies since I was young.”

Unfortunately, Dongfang Mo did not answer her. Instead, he reached out his hand and quickly pulled away the blanket that was wrapped around her body. Then..

Thus, she could not help but use her hand to feel and push away the demon that was approaching her. However, she understood that her action was completely unnecessary. Not only did Dongfang Mo not dodge, but he also quickly reached out. Then.. Her skin came into contact with the skin that was like tree bark. It was as cold as a snake, and she immediately cried out in fear.

“Yes, just scream like this. Scream louder.”

Dongfang Mo’s voice was obviously filled with satisfaction towards her scream

“Let’s try to suppress the sound from the next room.”

Mu Ru immediately shut her mouth. She gritted her teeth and endured the cold hands that were moving on her skin that was like tree bark, but she did not make any more sound.

Meanwhile, the room next door seemed to have entered a white-hot state. Xi Muxue was not sure if she had been stimulated by her scream earlier, but at this moment, she screamed even louder

“Ah... Ah Yu... oh...”

Mu Ru felt extremely uncomfortable. Xi Muxue’s voice was so loud that it not only penetrated the wall, but also seemed to penetrate her eardrums as it kept ringing in her mind.

She almost instinctively raised both her hands to cover her ears, but she could no longer care about her body. The only thought in her mind was to isolate Xi Muxue’s voice from her hearing.

“Hehehe, she barks so loudly like a female dog in heat. It’s useless even if you cover your ears.”

Dongfang Mo’s old and hoarse voice rang clearly in her ears with a hint of mockery

“The only thing you have to do is to bark louder than her.”

Mu Ru was so angry that she almost vomited blood when she heard Dongfang Mo’s words. Just as she was about to open her mouth to scold him, she heard his voice continue

“I’ll think of a way to make you bark louder than her. You can’t lose to her in everything, can you?”

“No...”

Mu Ru had just opened her mouth to say a word when Dongfang Mo’s mouth quickly covered her mouth before she could say the last word. Then..

She felt Dongfang Mo’s hot breath on her face, and the skin on his face that was like old tree bark almost stuck to her face, rubbing against her skin, as if there were countless leeches crawling on her face.

She closed her eyes. Although she was in the dark and could not see Dongfang Mo’s appearance clearly, she was still worried. She was worried that her eyes would adapt to the darkness and gradually see his appearance.

There was a saying, “out of sight, out of mind.” This saying was really true. Mu Ru closed her eyes and tried her best to imagine that the man lying on top of her was the man who would hold her wedding. She thought that he was the face of the groom. Of course, it was Dongfang Yu’s face. However, she knew that Dongfang Mo’s face was just like that before he got into the car accident.

Fantasy was the best medicine to soothe her. Her body no longer trembled. Instead, she slowly let her hand, which was like the bark of an old tree, move around her body.

“Ah...”

Her scream of pain and fear came out of her mouth and instantly tore through the sky above one inch ink city. At the same time, she also fainted in an instant.

Mu Ru did not know how long she had fainted. To be precise, she did not know how long Dongfang Mo had tortured her last night. In short, when she woke up, there was no one on her body, and there was also no one on the bed.

There was a faint ray of light outside the black-gray window. It seemed that it was daybreak. She used her hands to support her body as she sat up from the bed. Then, she lifted the blanket and..

“Ah!”

She screamed again, but she covered her mouth with her hands... ..

She buried her head in her palms and cried silently. Last night, Dongfang Mo had used this disgusting thing to consummate their marriage with her.

Last night, Xi Muxue had enjoyed the service of her husband, Dongfang Yu.

And she had suffered the humiliation of Dongfang Mo using disgusting things. Perhaps, this was the difference in fate between her and Xi Muxue?

Chapter 75: What was she doing last night

It was already too late by the time mu ru finished her sentence. Dongfang Yu and Xi Muxue were already eating at the dining table. Dongfang Jun was sitting at the side, Dongfang Mo was nowhere to be seen, and Dongfang Mei did not come downstairs either.

She had just walked to the dining table when Dongfang Jun immediately pulled the dining chair beside him away and quickly sat down after getting used to Mu Ru. Mu Ru nodded and thanked Dongfang Jun in a low voice.

“Did you finish listening to last night’s class?”

Dongfang Jun asked her in a low voice as he ate breakfast.

“Not yet.”

Mu Ru lowered her head and answered softly.

“Huh?”

Dongfang Jun was obviously a little surprised. He turned his head to look at her and asked in puzzlement,

“Didn’t you go back to your room very early last night? What did you do? Why haven’t you finished listening?”

“Last night?”

Mu Ru lowered her head and couldn’t help but blush. Dongfang Mo had used a simulator to make her faint last night, and she had slept all the way until daybreak, so she didn’t have time to listen to the recording pen’s lesson last night.

“sister-in-law was listening to the class last night, but she was listening to an adult class.”

Xi Muxue, who was across the dining table, suddenly interrupted. Her Voice was obviously filled with mockery and ridicule

“Isn’t that right, sister-in-law?”

Mu Ru bit her lips lightly and raised her head. Coincidentally, she saw Xi muxue raising her head and looking at her with incomparable sympathy, and she was wearing a low-cut v-neck skirt It revealed her fair and smooth neck and beautiful butterfly bones.

However, today’s Xi Muxue’s neck and butterfly bones were not fair and smooth. They were covered with deep and shallow purplish marks.

These marks were silently showing off to Mu ru how wonderful her wedding night was. It was completely different from her lonely room.

Mu Ru glanced at her coldly and said plainly,

"I might have to disappoint second madam. I caught a cold yesterday and went back to my room to take two cold medicine before falling asleep. So, I didn't hear anything."

"really?"

Dongfang Yu's lips curled into a mocking smile as he wiped his mouth with a Napkin and teased,

"Why did I hear a scream that almost tore apart the sky above one inch ink city last night? And that sound just happened to come from sister-in-law's room?"

"I had a dream last night."

Mu Ru gritted her teeth as she glared at Dongfang Yu. She spat out each word from between her teeth

"I had a ghost in my dream. Can't I scream in my dream?"

"Sure, sure, sure!"

Dongfang Yu looked at her expression and immediately raised his hand in surrender. Then, he stood up and prepared to leave the dining chair. He said mockingly,

"looks like sister-in-law had a nightmare last night. I thought sister-in-law would have a sweet dream."

Mu Ru was so angry that she was about to speak again when Zhang Yusheng's song suddenly rang in the dining room

"I miss you every day, I ask myself every day, when will I be able to tell you, I miss you every day, I guard my heart every day, I leave my best love to you..."

Everyone was stunned. They looked up and saw Dongfang Yu elegantly taking out his phone from his bag as he walked towards the living room while talking on the phone

"Ah, Lili, what? You're waiting for me to have breakfast? I've already eaten. What? Okay, okay, I'll be right there. The usual place. See you there!"

After Dongfang Yu finished talking on the phone, he walked straight towards the main entrance of the living room. Dongfang Jun and Xi Muru were already used to it and did not find it strange. They lowered their heads again and ate breakfast quietly.

However, the silence did not last for more than two minutes when they heard a high-pitched female voice in the living room

"Dongfang Yu, get your ass back here!"

Chapter 76-two sisters-in-law face to face

Of course, Dongfang Yu did not roll back, so Xi Muxue chased after him with all her might. Unfortunately, she was wearing high heels. When she ran to Dongfang Yu's car, Dongfang Yu's car had already started.

Therefore, not only did she not successfully get into the car, but she also ran too fast and her heels were too high. Then, she stumbled and fell to the ground.

When the servants saw this, they could not help but cover their mouths and laugh. However, Xi Muxue was so angry that she struggled on the ground for a long time, but she could not get up.

Mu Ru could not stand it. Xi Muxue had always been a high and mighty princess in the Xi family. She had just married into the Dongfang family.

On the second day of their marriage, Dongfang Yu had blatantly gone to find another woman, and now she was in such a sorry state.

Out of instinct or habit, she walked over to her and reached out to pull her up.

However, just as her hand and Xi Muxue's hand were pulled together, she suddenly felt Xi Muxue pulling her down forcefully. Before she could regain her senses, she had already been pulled down by Xi Muxue and fell to the ground.

"Go to hell and watch me make a fool of myself?"

Xi Muxue quickly got up from the ground. At the same time, she used her high heels to step on the instep of Mu Ru when she was caught off guard.

Mu Ru immediately cried from the pain. Never in her wildest dreams would she have thought that when she came to pull Xi Muxue, not only did she not let her pull her up, she even pulled her up and threw her onto the ground.

Xi Muxue had already used the dust from her skirt to pat herself off before turning around and elegantly walking into the living room. Meanwhile, Mu Ru sat on the ground and rubbed the instep with her hands. She could not get up for a long time.

"Mu Ru, are you alright?"

Dongfang Jun carried his bag out and looked at Mu Ru who was rubbing her feet. He quickly bent down to pull her up and gently advised her, "Mu Ru, I'm fine. I'm fine."

"Mu Ru, I don't know how your sister used to be, but from the way I've seen her these two times, she has malice towards you. You don't have to sympathize with her."

Mu Ru bit the corner of her lips and smiled bitterly

"Thank you, Ah Jun. I know. It's just that I've gotten used to it at home. I might not be able to change it in a while. I'll slowly ignore her."

Dongfang Jun nodded and then sighed.

Actually, he knew that Mu Ru really wanted to go to school, but at the same time, he also knew that his big brother would not allow Mu Ru to go to school.

Dongfang Jun drove to school. Only then did Mu Ru slowly walk towards Mo Garden's living room. However, when she reached the door, she saw that Xi Muxue had already changed into a new set of clothes. She carried a bag on her back and was ready to go out.

“sister-in-law, do you want to go to school? ”

Xi Muxue raised her head and asked proudly. Then, she waved a bunch of keys in her hand and said,

“If you want it, I’ll send it to you. This is a wedding gift from the imperial. It’s a MASERATI. ”

Mu Ru glanced at her and instinctively moved aside

“thank you. I’m not going to school anymore. My husband said that after a woman gets married, she can’t think about studying in textbooks. I’m the XI family’s first young Madam. What I want to learn now is how to manage the XI family. ”

“Huh, First Young Madam? ”

Xi muxue could not help but snort coldly. She said mockingly, “what’s wrong with first young madam? ”

“So what if you’re first young mistress? Aren’t you still a widow every night? Can you enjoy the pleasure of being a woman? ”

When Xi Muxue asked this question, her fingers gently caressed her neck and collarbone without leaving a trace. Then, she muttered to herself,

“being a royal on the bed is too much... like a wolf... but... it’s really... ”

Chapter 77-who is worse than a beast

“Second Madam, are you showing off to me that your husband is a beast? ”

Mu Ru quickly cut off Xi muxue’s words and asked with a cold face.

“He is indeed a beast, so what? ”

Xi muxue proudly shrugged her shoulders, then put her mouth close to Mu Ru’s ear and mocked in a low voice

“Xi Muxue, your husband, Dongfang Mo, probably has no way to be a beast because — ”

Xi muxue suddenly stopped here and then laughed out loud. Looking at Mu Ru’s face that was green and white with anger, she said loudly,

“because he’s worse than a beast! ”

Mu Ru was so angry that she gritted her teeth and clenched her fists. Just as she was about to lose her temper, she heard an old and hoarse voice from behind her

“Who’s worse than a beast? ”

She instinctively turned around and saw uncle Liu Pushing Dongfang Mo over. Dongfang Mo was still wearing a cap that was pressed down very low, but he was not wearing a mask. His high-collared clothes covered him very well.

Mu Ru was already used to seeing her, so she did not feel afraid. However, when she thought of his behavior last night, she suddenly felt that he was indeed a beast worse than a beast.

Xi muxue rarely saw Dongfang Mo. this was the second time she had seen him. The first time, she was so scared that she screamed. This time, she was still so scared that she kept stepping back. Her feet kept shaking, as if she was afraid that Dongfang Mo would reach out to grab her.

However, Dongfang Mo did not seem to be interested in her. He just glanced at her indifferently and then looked at mu ru coldly

“Hubby is already here. Can’t you see? What are you still standing there for? PUSH ME IN!”

“Yes!”

Only then did mu ru reply. She immediately took Dongfang Mo’s wheelchair from Uncle Liu and pushed him from behind, walking step by step towards the hall of Mo Garden.

As soon as they reached the main hall, Dongfang Yingwu walked in through the back door. Mu Ru immediately pushed Dongfang Mo to the SOFA and tactfully turned around to go to the kitchen to make tea for them.

Dongfang Yingwu handed Dongfang Mo a leather bag and said respectfully, “young master.”

“eldest young master, recently, one inch Mo city’s expenses have been a little over the top. Although the second young master did not hold a wedding banquet, he bought a Maserati for the second young Madam. At the same time, to meet our promise, we have to give the XI family a 200 million betrothal gift. Now, Bei Chen is chasing after the first half of the year... “. “...”. “...”

“second uncle, the DFM company in the US still hasn’t paid that sum of money from last year, right?”

Dongfang Mo quickly cut off Dongfang Yingcai’s words and said indifferently,

“This sum of money isn’t small. The President of DFM Company, Rodger, is cunning and unpredictable. I feel that this sum of money shouldn’t be delayed any longer. Looks like I’ll have to trouble second uncle to make a trip to the US.”

Dongfang Yingwu was slightly stunned, then nodded and said,

“Alright, then I’ll make a trip to the US. I only heard that Rodger has dealings with the Italian Sanguine Alliance, I’m worried...”

“second uncle, are you afraid of Rodger?”

Dongfang Mo quickly cut off Dongfang Yingwu’s words and said indifferently,

“If second uncle is afraid, then it’s alright. I’ll make a trip to America myself.”

“How would I dare trouble the eldest young master to personally handle such a small matter?”

Dongfang Yingwu immediately finished his sentence and said with a smile,

“I’m just afraid that this trip will take a little too long. Rodger is just helpless. I’m afraid that the account won’t be very good. I’m worried that once he leaves...”

“Don’t worry about this second uncle. Just go to America without worry.”

Dongfang Mo quickly replied. Then, he looked at Dongfang Yingwu and said,

“I’m in charge of the company’s matters. Aunt Gu is in one inch ink city. You just need to do everything you can to get that huge sum of money back.

Chapter 78: Who did the two hundred million go to

Dongfang Yingwu had gone to America. Aunt Gu was an old lady, but she still dressed like she was at the forefront of fashion trends. Every day, she would either go shopping or go shopping, so she rarely stayed at home.

Dongfang Yu and Xi Muxue were married, but his philandering habits did not change because of the marriage. He still left early and returned late, or stayed out all night. He often lingered at some romantic places or gambling places outside.

Dongfang Jun still went to school quietly. It was said that he was going to study abroad in France at the end of the year. There were only a few months left, so now he was busy with exams.

Xi Muxue was not at home either because not only was she the second young mistress of the Dongfang family, she was also a student at Binhai Arts School. She sang and danced well, and when she married the empress of Dongfang Yu, Dongfang Yu did not ask her not to go to school So she was still free.

In one inch ink city, the only person who did not have freedom was mu ru. Because she was the first young mistress, and at the same time, her husband, Dongfang Mo, did not allow her to go to school, so she could only stay in one inch ink city obediently.

Every morning, when everyone had left, she could only do things with the maid, a Min. She watered the plants in the yard, pruned the leaves, or helped mother Liu prepare dinner.

After Dongfang Yu got married, the days in one inch ink city had been very quiet for a week. However, this peaceful life was torn apart by Xi Muxue’s screams on this Sunday morning.

When Mu ru was still helping mother Liu serve soy milk in the kitchen, she heard Xi Muxue’s shrill cry from the dining room

“Dongfang Yu, what do you mean? Accompany me to Guiyang. You can push tomorrow today and the day after tomorrow. In the blink of an eye, I’ve been married to you for a week and you’re still not willing to accompany me back.”

“Mu Xue, what are you saying?”

Dongfang Yu’s voice was obviously not good either. Then, he said coldly,

“Guiyang Guiyang, you make it sound so simple. Are you going back empty-handed? I don’t even have money now, how can I accompany you back?”

“Guiyang wants a lot of money?”

Xi Muxue obviously did not like Dongfang Yu's explanation. Then, she said angrily,

"Didn't I tell you? 20 million will do..."

"20 million? Where am I going to find that?"

Dongfang Yu said unhappily

"Dongfang Corporation is in a critical period right now. My brother said that he wouldn't allow anyone to pay out a single cent for no reason. So, let alone 20 million, I don't even have 20,000 now."

"What?"

Xi Muxue was shocked when she heard this, then she could not help but ask

"Why didn't your brother pay you? He married himself, and Mu ru returned to peace. Didn't he give 10 million as well? Why..."

"But when I married you, the Xi family paid 200 million."

Dongfang Yu reminded her coldly.

"That wasn't for me."

Xi muxue quickly quibbled

"That was for Xi Muru. If she hadn't gone to save Nangong Xun, this wouldn't have happened. This sum of money..."

"Second Young Master, the eldest young master instructed you to go to work early today."

Uncle Liu just happened to walk in from outside the door and reminded Dongfang Yu in a friendly manner, interrupting Xi Muxue's words.

"I'm going to work."

Dongfang Yu reached out to grab his suit jacket. As he walked out of the door, he said to Xi Muxue,

"My brother said that from now on, I have to earn every cent I spend on myself. To put it bluntly, I'm collecting my salary at the company, so if you want to return to Ning or something, just use your private money first. It's my first day of work today, and there's still a month before I get my salary. It's very far away."

Chapter 79 he came back very late last night

"Dongfang Yu, you..."

Xi Muxue stomped her feet and shouted loudly from behind, but it was a pity that Dongfang Yu had never heard her voice before. He did not even turn his head, let alone come back.

Mu Ru and nanny Liu brought the breakfast to the dining table. When they saw Xi Muxue, who was so angry that her face was red and her veins were bulging, she did not comfort her like she usually did. Instead, she just called out lightly,

“Second Young Madam, it’s time for breakfast.”

“Xi Muru, why didn’t your husband give us money, Yu Hua?”

Mu Xue could not find a place to vent her anger. When she saw Mu Ru, she immediately vented her anger on her.

Mu Ru was stunned when she heard Mu Xue’s words, then she smiled bitterly and said,

“Second Young Mistress, I think you’re asking the wrong person, right? Why didn’t Dongfang Mo give his brother money to spend? You should ask Dongfang Mo this question, don’t you think so?”

“Aren’t you Dongfang Mo’s wife?”

Xi muxue shouted very unhappily

“Can’t you go and tell your husband to give me 20 million to Guining?”

“Mu Xue? What are you yelling about so early in the morning?”

Dongfang Mei happened to walk down from outside. She frowned and her face was gloomy

“I heard your scream when I was still in the Plum Garden. You woke up all the creatures in one inch ink city. Even though my big brother and sister-in-law are no longer around, the Dongfang family still has its rules, right “You’re the second Madam of the Dongfang Family and the daughter of the Xi family. How can you shout like this?”

Xi Muxue’s face turned red and white after hearing Dongfang Mei’s explanation. She wanted to argue with Dongfang Mei, but she swallowed the words at the tip of her tongue.

After all, Dongfang Mei was Dongfang Yu’s aunt and the only elder in the Dongfang family. Before the three Dongfang Brothers got married, Dongfang Mei had always been the mistress of the Dongfang family.

Now that the eldest son of the Dongfang family, Dongfang Mo, was married, according to the family rules, Dongfang Mo’s wife, the first young mistress, should be the mistress of the Dongfang family. However, Dongfang Mo did not give the position of mistress to Xi Muru Therefore, Dongfang Mei was still the mistress of the Dongfang family, in charge of this inch of Mo city.

Dongfang Mei saw that Xi muxue did not continue, so she did not say anything more. Coincidentally, Dongfang Jun had also come over, and the breakfast on the dining table had already been placed.

When she saw mu ru come out of the kitchen, she frowned and asked, “where’s Mu Ru?”

“Mu Ru, where’s AH MO? Why isn’t he downstairs for breakfast?”

“I don’t know.”

Mu Ru lowered her head and said softly,

“He came back to his room very late last night in the study, and left early in the morning. I think...”

“Aunt Gu, is there something you need me for?”

An old and hoarse voice came from the elevator door and interrupted Xi Muru’s words. Everyone could not help but look up and saw Dongfang Mo already turning his wheelchair over.

“Ah Mo, why would I need you?”

Dongfang Mei was stunned, then she said with a smile,

“Aren’t you going to eat breakfast? I’m afraid that you won’t eat breakfast again. Working on an empty stomach is not good for your health.”

“Thank you for your concern, Aunt Gu.”

Dongfang Mo’s wheelchair turned over. Mu Ru naturally helped him push the wheelchair to the front seat while helping him set up the soy milk and pancakes.

“Our Mu Ru is still the best. She knows how to be considerate, Ah Mo.”

Dongfang Mei could not help but sigh. At the same time, she turned to look at Xi Muxue and said with a hidden meaning

“She’s not like some people who scream at home early in the morning.”

Chapter 80: Women with ulterior motives

Of course, Dongfang Mei’s words were meant for Xi Muxue to hear, but Xi Muxue no longer had the energy to argue with Dongfang Mei. She was a person who knew how to read people’s expressions, so she could not afford to offend Dongfang Mei now.

Of course, another situation was that she was afraid of Dongfang Mo, especially since she did not dare to look at his ghostly face. That was why she had been married to him for a week, but she had yet to really meet Dongfang Mo. Today was her first time.

She sat at the lower seat, her head lowered as she drank soy milk. She only wanted to drink a cup of soy milk and leave quickly, because Dongfang Mo’s ghostly appearance really made her lose her appetite.

Mu Ru sat quietly at the bottom left of Dongfang Mo, using a spoon to stir the pork liver and lean meat porridge for him. As she stirred, she blew on it with her mouth, hoping that it would cool down soon.

When it finally cooled down, Dongfang Mo had already finished drinking his soy milk. He took the porridge that she handed over and tasted it first. He felt that the temperature was moderate, so he began to eat in large mouthfuls.

Dongfang Mo was very serious when he ate breakfast. Of course, he was actually wearing a very low cap. No one could see his appearance clearly. They only knew that there was a hole on his face that was opening and closing slightly, so they knew that he was eating.

Dongfang Mo rarely ate with everyone, so mu ru did not know how he usually ate. The only thing she had seen was him eating porridge and drinking soy milk, and his face looked even more terrifying because of the squirming porridge.

Xi Muxue did not stay at the dining table for more than three minutes before she quickly went down because she was afraid to look at Dongfang Mo's face. The moment she turned around, she saw Xi Muru quietly sitting on the lower left seat of Dongfang Mo. She could not help but secretly feel lucky that she was not the one who married the man with the grimace.

Of course, Dongfang Mo was not only a funny face, but he was also a eunuch. Even if she had been used to seeing his funny face for a long time, she could barely accept it, but she could not bear to live with a eunuch.

Although Dongfang Yu was a little disgusting and idle, and he did not have much ability, at least in some aspects, he still made her feel good. He could make her want to die in bed at night.

Xi Muxue was afraid of Dongfang Mo. if it were any other time, she would have driven her Maserati to school. However, it was Saturday, so she did not have to go to school. If she wanted to go out, she had to inform aunt Gu. This was the Dongfang family's rule.

She had originally wanted Dongfang Yu to accompany her to the capital. However, Dongfang Yu had said that he did not have any money and she was furious. Hence, when she sat on the Sofa in the living room, she turned to look at the dining room and coincidentally saw Dongfang Mo's back.

She knew that Dongfang Mo was the CEO of the Dongfang Group and the money was in his hands. She could not help but feel annoyed. This d * Mn Dongfang Mo, didn't she hear that he had skin cancer Why did his cancer not flare up?

On the surface, the Dongfang family looked like three brothers, but they were actually two brothers. Because strictly speaking, Dongfang Jun was not a child of the Dongfang family. Hence, after Dongfang Mo's death, the person who was truly qualified to take over the Dongfang Group was Dongfang Yu and not Dongfang Jun..

"speak, what are you arguing with Ah Yu so early in the morning? "

Dongfang Mo's old and hoarse voice rang out in the living room. Of course, this question was directed at Xi Muxue, who was sitting on the sofa.

Xi muxue lowered her head, not daring to look at Dongfang Mo's face. She just kept fiddling with the teacup on the coffee table with both hands as she said gently,

"Ah Yu and I have been married for a week, but we haven't returned to the Ning family. Ah Yu said that he doesn't have any money, I..."
