Chapter 751 you are my wife 4

Dongfang Mo planned to take mu ru on a honeymoon during the Spring Festival. Mu Ru was still hesitating whether she should go, but little feather was the first to object.

“No,” little feather firmly objected. “The two of you went on a honeymoon Leaving me alone in one inch ink city This place is so big. Many people have holidays during the New Year. Won’t it be lonely for me to live alone “You two selfish guys, don’t you have a conscience? ”

Dongfang Mo couldn’t help but laugh when he saw little feather’s serious look. Then, he said mockingly, “So, Yu Yu means to go on a honeymoon with us? ”

Actually, Dongfang Mo had thought of bringing his daughter along. After all, he and his daughter had not lived together for so many years, and there were very few opportunities for them to get close to each other. That was why little feather’s relationship with him was so estranged.

Furthermore, he had heard from Che Qi Xuan that he had often brought mu ru and Yu yu out for a trip, and he could not help but feel envious.

However, he and Mu ru had very few opportunities to be alone together. Their previous relationship had always been a hostile one, and there were very few times when they were in a peaceful and loving relationship. Hence, he wanted to use this time to go on a honeymoon with Mu Ru He wanted to cultivate a good relationship with her so that she would have some feelings for him. That way, she would not always think of leaving him.

Therefore, he planned to hold the family trip until next year, which was the summer vacation. He wanted to bring the mother and daughter to the south of France, to Provence, and let them see lavender and sunflower fields He wanted them to paint lavender and sunflower as much as they wanted.

However, he did not expect that little feather would oppose him and Mu ru on their honeymoon this time. Obviously, little feather did not want to be lonely and wanted to go along with them.

Alright, he could only make things difficult for himself and bring this burden along with him. He was afraid that he and mu ru would not be able to make out anytime and anywhere. Even if he wanted to make out at night, he would still have to take care of that little third wheel.

Just as Dongfang Mo was lamenting that the honeymoon trip that he had painstakingly arranged was going to be ruined because of this little third wheel, a disdainful voice sounded beside his ear.

“HMPH, who would be willing to go on a honeymoon with you guys? ” Little feather pouted and said unhappily, “I hate being a third wheel the most. Moreover, my third wheel is so bright. Wouldn’t you guys dislike it? ”

Mu Ru’s face turned slightly red when she heard feather’s words. She could not help but glare fiercely at Dongfang Mo. her gaze was clearly filled with blame. It was all because of you. You did not know how to restrain yourself at all. Are you alright now Her daughter even said that she was a third wheel.

Dongfang Mo's face also turned slightly red. He had come back last night and thought that he and mu ru had already gotten their marriage certificate for four to five days. He and Mu ru had yet to officially consummate their marriage, so... ..

Last night, after dinner, he told feather a story as usual. This little fellow was in extremely good spirits. She had heard a bunch of stories, but she still did not sleep. She kept saying that she had not heard enough.

In the end, when he finally coaxed his precious daughter to sleep, he transformed into a big bad wolf to look for mu ru. In the end, this heartless woman had already fallen asleep on his big bed. She did not have any intention of marrying him.

He felt sorry for her and could not bear to wake her up from her dream. Therefore, he could only bear with his discomfort. He hugged her tightly in his arms and let her use his arms as a heater and his arms as a pillow to sleep with her.

Chapter 752 you are my wife

It was only when he woke up in the morning that he grabbed onto her, who was trying to quietly get out of bed and escape. He, who had strong morning energy, was in pain from the swelling. Of course, he could not let go of the little sheep beside his mouth just like that... ..

However, this little sheep was not obedient at all. Moreover, she was not willing to cooperate. Her mouth was still saying that it was daytime... ..

How could he care whether it was daytime or not Of course, he used his thin lips to block that chattering mouth of hers. With a flip of his body, he pressed her under him and immediately wanted to investigate the matter on the spot... ..

However, just as he was about to make a move, the door to the room was pushed open from the outside. Then, a crisp voice sounded at the door, "what are you two doing? Are you fighting? "

Dongfang Mo was so shocked that he almost suffered internal injuries. He immediately flipped over and quickly pulled the blanket over him and Xi Muru. Then, he turned to look at little feather who was standing at the door.

"Yu Yu, why did you come to our room for no reason? " Dongfang Mo could not help but pretend to be angry.

"Big Liar, were you hitting my mommy just now? " Little feather asked him without replying. His expression was as if he was facing a great enemy, as if he wanted to help beat him up at any time.

"No, no, " Dongfang Mo replied quickly, then waved his hand and said, "hurry down and eat breakfast. We'll be down soon. Don't stand there. "

"No? " Little feather said in a puzzled tone, staring at Dongfang Mo and saying, "I clearly saw you holding my mommy down just now. "

“Your Mommy said her shoulders hurt, so I was massaging her,” Dongfang Mo quickly told a lie. Then, he waved his hand again and said, “Yu Yu, hurry up and leave. Don’t be a third wheel. We should get up and wash up. Can you go down and help us distribute the breakfast?”

“HMPH, who’s going to be the third wheel?” Little Feather snorted coldly and turned to walk towards the door. From Afar, a voice came from outside the door, “hurry up and come downstairs. Otherwise, I will finish the breakfast alone.”

Dongfang Mo had a headache when he thought of this. Not only did he not enjoy the delicious breakfast in bed this morning, but he also did not eat breakfast because little feather, this scoundrel, really ate his breakfast and only left mu ru alone. The reason was.. He said that she was the third wheel.

“Yu Yu, if you’re not going with us, where do you want to go?” Mu Ru saw that Dongfang Mo was still silent and knew that he was thinking about not having breakfast this morning, so she quickly asked.

“I’m going back to Korea,” Yu Yu answered seriously. “You two go on your honeymoon. I’ll go back to spend the New Year with Daddy. Otherwise, daddy will be very lonely.”

When mu ru heard little feather’s words, three black lines immediately appeared on her forehead. Would Che Qi Xuan Be Lonely?

When Dongfang Mo heard little feather’s words, he felt that it was feasible, so he nodded and said, “okay, I’ll get him to come and pick you up. When we come back from our honeymoon, I’ll bring you back to kindergarten.”

“THAT’S GREAT!” Feather jumped up in joy, then ran over to hug Dongfang Mo’s head and kissed him on the cheek. “Thank you, I think you’re getting better and better. I won’t call you a liar anymore.”

“really?” Dongfang Mo couldn’t help but laugh when he heard this. He grabbed feather who was about to run away, picked her up, and sat her down on his lap. He asked teasingly, “what will Yu Yu call me from now on? HMM?”

“this...” little feather tilted her head and thought for a while. Then, she said to herself, “calling me daddy is definitely not possible because I already have a daddy. However, you are my biological father. What else can a child call a father besides Daddy?”

Chapter 753: Who is the person closest to you

Dongfang Mo couldn’t help but laugh when he saw how serious little feather was. He pressed his forehead against hers and teased her in a low voice, “hmm, think about it. What else is there besides Daddy? It’d better be Chinese.”

“Ahem, I don’t seem to know how to speak Chinese.” Little feather was a little melancholic. Then, she looked at Mu ru who was still eating breakfast at the dining table and shouted, “Mommy, what else can you call Your Father Besides Daddy?”

“Of course I’ll call him daddy.” Aunt Liu just happened to come out of the kitchen. When she heard little feather’s words, she immediately answered before Mu ru did. The result made both little feather and Mu ru stunned.

Actually, little feather was asking Mu ru on purpose. She didn't really want Mu Ru to tell her. Besides, she was such a smart little girl. How could she not know that her father called her Daddy?

But this aunt Liu actually ruined her topic in an instant, making her very speechless and helpless.

On the other hand, Dongfang Mo could not help but laugh when he saw little feather pouting her lips in displeasure. He then looked at her proudly and said, "alright, if you think that father's address is acceptable, then I don't mind..."

"I do mind," little feather interrupted Dongfang Mo and slipped out of his arms. As she walked upstairs, she said, "this problem is very serious. I have to go back and discuss it with father. We'll discuss it after the Spring Festival."

Dongfang Mo did not say anything more after hearing this. It was already good enough that little feather had changed so much. Moreover, he owed his daughter a lot. He had originally planned to take things slowly because there were some things that could not be rushed, especially when it came to the relationship between father and daughter it would probably take time to develop.

Dongfang Mo personally sent little feather back to Korea. Initially, car Qi Xuan said that he would come to pick him up, but Dongfang Mo said that he had a helicopter. It would be more convenient this way. It would only take a few hours.

Dongfang Mo sent little feather off while Mu ru packed her luggage at home. Although she knew that there was no love involved in their marriage, she did not know why, but she was actually a little excited to think of going on a honeymoon with him.

It seemed like she had to bring a lot of things with her when she went on a long trip, such as her cell phone. So when she was packing her luggage, she took her cell phone to charge it so that it would be convenient for her to call little feather outside.

However, it was precisely because she made a mistake while she was busy that she had to charge Xi Muxue's old cell phone again. For some reason, she pressed the switch and the phone actually turned on after it was charged.

The call came in just as she was about to finish packing her luggage. She was stunned for a moment before she reacted. She picked up her cell phone and took a look. The caller ID showed that it was her father.

Her father was Xi Yuancheng. He was the person she had met before. He was also the person who had made it clear to her that she would not care about him because that person had never treated her as his daughter.

She wanted to not pick up, but the phone kept ringing. It was as if she would not stop until she picked up the phone.

Mu Ru was finally defeated. She still pressed the answer button. She thought to herself that it was almost the new year and he would need something from time to time. She could more or less get someone to send him something, as long as it was not too much of a request.

However, when the phone reached her ear, it was not Xi Yuancheng's voice, but mother Wang's. "Mu Ru, this is mother Wang. Can you... come and see us?"

Chapter 754 who was the person closest to her 2

Mother Wang It was actually mother Wang?

The mother Wang who raised her like her own mother since she was young. The mother Wang who grew up by her side and slept in her arms. When she was very, very young, she always thought that she was the mother Wang of the person closest to her.

"Mother Wang, where are you now?" Mu Ru's voice was a little agitated.

She remembered that the last time she met mother Wang was on the cruise ship where Dongfang Jun kidnapped her. At that time, she was rescued by Che Qixuan, so she naturally separated from mother Wang.

After that, she returned to Binhai City. Because her relationship with Dongfang Mo had always been tense, even though she missed mother Wang, she didn't tell Dongfang mo about it She only thought about asking Dongfang Jun about mother Wang when she had calmed down.

However, before she could find Dongfang Jun, mother Wang called. She even called from Xi Yuancheng's phone. What was going on?

Just as Mu ru was puzzled, mother Wang's voice came from the phone again. "Mu Ru, I'm with your father. We live in a house. It's almost new year's, so I've already spent all the money I earned..."

After the XI family went bankrupt, mother Wang followed her son and daughter-in-law to city G for a while. However, her son and daughter-in-law did not treat her well, so she went back to city g to work alone.

Over the years, she had changed jobs in city G. Later, she went to Leng Leiting's kitchen to help out. Her work was stable initially, but who knew where she met Mu ru again.

Later, she followed mu ru to Dongfang Jun's hands. She initially thought that she would live with mu ru in the future, but who knew that Mu ru was rescued while she was left behind by Dongfang Mei.

Dongfang Mei had given her a similar salary as Leng Leiting, so she did not think much of it. After all, she was a part-time worker. As long as she had a salary, it was fine. She only thought of Mu ru in her heart. After all, she was the one who had raised her.

She had found Xi Yuancheng when she went shopping for Dongfang Mei some time ago. When she saw him begging by the roadside alone, she could not help but feel sad. After all, he was once the CEO. Moreover, she had been together with him for a few years Of course, it was all behind the back of the former Mrs. Xi.

Mother Wang was a woman after all. She could not bear to let Xi Yuancheng sleep on the streets, so she picked him up and rented a one-bedroom house in the city village to live with him. She even took him to the hospital to see a doctor.

Xi Yuancheng was sick all over. Mother Wang's savings over the past few years were less than 50,000 yuan. In just a few days, Xi Yuancheng had spent almost all of it. Xi Yuancheng still needed to undergo a stomach cancer surgery, so she had no money at all.

Just as she was feeling depressed, Xi Yuancheng told her that he had Xi Muru's phone number, and now that Xi Muru had returned to one-inch ink city's Dongfang Mo's side, she definitely had money. He asked her to call Mu Ru to borrow some money.

Mother Wang was also a smart person. Of course, she knew that Xi Yuancheng's so-called borrowing was actually to borrow money, because in his current situation, he did not have the ability to return the money.

However, she herself did not have money. Although she knew it was not good to ask Mu ru for money, she could not just watch Xi Yuancheng wait for his death, so she still shamelessly picked up Xi Yuancheng's phone and called Mu ru for help.

Mu Ru quietly listened to mother Wang's nagging on the phone, then asked in a low voice, "then, mother Wang, where are you living now?"

Chapter 755 who is the closest person 3

Mu Ru hung up on mother Wang and rushed out the door. It was already the end of the year, and most of the workers in one inch ink city were on vacation. There were only two security guards on duty at the door, and Uncle Liu and aunt Liu, who were arranged to stay in one inch ink city, were still at work. A Min and the others had to wait until the end of the Spring Festival before they came.

When she was about to leave, uncle Liu immediately walked over and said that he would drive her there. Mu Ru did not want uncle Liu to know that she was going to see mother Wang and Xi Yuancheng, so she made an excuse to say that she was only going to the oil painting village for a walk and would be back very soon. She did not want to trouble uncle Liu.

It was the end of the year and there were fewer taxis, but there were also fewer people taking taxis. Therefore, Mu Ru walked to the main road outside and waited for a few minutes. After that, she still waited for a taxi.

When she arrived at the private hospital near the village in the city that mother Wang mentioned, Xi Yuancheng was indeed hospitalized there. When he saw her coming, he revealed a guilty expression and called out to her in a low voice, "Mu Ru, you're here?"

Mu Ru was slightly stunned. She looked at Xi Yuancheng who was lying on the bed like a sickly man and replied indifferently and distantly, "I heard from mother Wang that you're going to have an operation."

"Yes, I've had gastric cancer for a few years." When Xi Yuancheng heard Mu Ru's words, hope immediately rose in his heart. Then, he looked at his daughter and said, "Mu Ru, I know that I've let you down in the past. In the future..."

"How much do you want?" Mu Ru interrupted Xi Yuancheng impatiently. Seeing that he was stunned, she quickly added, "how much does an operation cost?"

Xi Yuancheng finally understood. Then, he counted with his fingers and said, “about two million. ”

“Two million? That much?” Mu Ru cried out in surprise. She could not help but raise her voice and retort, “a gastric cancer surgery is only 70,000 to 80,000 yuan, right?”

“Mu Ru, the surgery you’re talking about is a normal surgery. It uses Chinese Medicine,” Xi Yuancheng quickly explained to her, “but my body is very weak and I have many other diseases, so I can’t do a normal surgery, and I can’t use Chinese medicine because Chinese medicine won’t live long after the surgery... “. “...”

“You mean you want to do an advanced surgery and use imported medicine, right?” Mu Ru interrupted him impatiently.

Xi Yuancheng nodded shamelessly Then, he looked at Mu ru and said pitifully, “Mu Ru, you’re the only family I have now. Mu Xue that child is very disappointing. I heard that you have a daughter now. I even want to meet my granddaughter. Why didn’t you bring her here today?”

Mu Ru could not help but laugh when she heard his hypocritical words. She had lived in the Xi family for 18 years, but she had never seen Xi Yuancheng like this. He actually cared about her?

“advanced surgery, imported medicine, probably less than 200,000 yuan?” Mu Ru refused to answer his question. Instead, she asked Xi Yuancheng, “why did you say you needed two million yuan?”

“Mu Ru, the imported medicine used for surgery in China is indeed 200,000 yuan,” Xi Yuancheng admitted Then he added, “but, Mu Ru, I still owe a lot of money, and I still haven’t paid it back. Right now, people outside don’t know that I’m alive, and the name I used is also fake. I’m worried that people will find out after I’ve been in the hospital for a long time, so I want to go abroad for the surgery. You know, going abroad requires a lot of money, and mother Wang also wants to follow me. The two of US have to go abroad for treatment, rent a house, and live. This amount of money is very big, I estimate that two million might not even be enough... . . .”

Chapter 756 who is the closest person 4

“I’m sorry, mother Wang can not follow you,” Mu ru quickly interrupted Xi Yuancheng Then, she said coldly, “I’ve been wandering outside these years, and I haven’t earned much money. Even if I did, it would only be around 100,000 yuan. It’s enough for you to do ordinary surgeries in this hospital, and you said you wanted to do advanced surgeries or even go abroad. I’m very sorry, I don’t have the ability to meet your requirements. ”

“Mu Ru, father doesn’t know that you don’t have much money.” Xi Yuancheng did not find it strange that Mu ru said he did not have money, because in his eyes, this daughter had always been so stupid and stupid She did not know how to use her own circumstances to find money from men, so how much money would she have.

“since you know, why are you asking me for two million?” Mu Ru was completely speechless at Xi Yuancheng. If not for mother Wang standing beside him, she would not have even bothered with him.

“Dongfang Mo is rich.” Xi Yuancheng quickly said to his eldest daughter, “Mu Ru, I heard that you helped Dongfang Mo give birth to a daughter. Now that you are a mother depending on your son, how much money would Dongfang Mo not give you? A mere two million is nothing.”

Mu Ru was a little surprised when she heard this. She turned to look at mother Wang, who shook her head at her. It meant that she had not told him about this, and she did not even know that she had helped Dongfang Mo give birth to a daughter.

“Dongfang Mo’s money belongs to Dongfang Mo,” Mu Ru said lightly. She glanced at Xi Yuancheng and said, “CEO XI might not know this, but I’m just Dongfang Mo’s mistress. Because I owe him twenty million yuan, I gave myself to him as his mistress and used my life to repay the twenty million yuan debt. And even if I helped him give birth to a daughter, it’s only a mistress’s child. There’s no name or share.”

Mu Ru paused for a moment. Then, she looked at Xi Yuancheng on the hospital bed and said sarcastically, “back then, when I was still the child of your first wife, you disliked me so much. Moreover, my daughter is the child of my mistress. How much do you think Dongfang Mo disliked her?”

Xi Yuancheng was so embarrassed by Mu Ru’s questioning that his face flushed red. He was too embarrassed to answer Mu Ru’s sharp question.

Mu Ru did not need his answer. Then, she said coldly, “So, I’m sorry. My own money is limited, and Dongfang Mo can’t give me much money. The most I can give you right now is 200,000 yuan. You can do a normal surgery, and then use 100,000 yuan to do chemotherapy and other things.”

After saying that, Mu Ru turned around and walked towards the door. She did not look at Xi Yuancheng who was lying on the hospital bed. A father who abandoned her when she was born, a father who threw her aside when he could use her. She really could not bring herself to have the so-called father-daughter relationship with him.

Mother Wang followed her out. Then, she hurriedly explained, “Mu Ru, I didn’t know he would ask you for two million dollars. I just saw how pitiful he is now. If you don’t have that much money, you can just help him with the surgery with sixty to seventy thousand dollars. You don’t have to worry about my life anymore. I’ll still be working in the future...” “...”

“Mother Wang, do you plan to stay with him forever?” Mu Ru quickly cut off mother Wang’s words. Xi Yuancheng had just said that mother Wang wanted to stay with him, so she decided to ask clearly.

“What kind of life do I have with him?” Mother Wang quickly shook her head. “How long can he live? I’ve lived in the XI family for so many years, and I... Am I meddling in other people’s business?”

Chapter 757 who was the person closest to her

Mu Ru was slightly stunned by mother Wang’s question. Then, she held mother Wang’s hand and shook her head gently. “No, mother Wang, you’re just too nice and kind-hearted. Sometimes, people are too easy to use, so you don’t have to care too much about him. After he gets the surgery done, you can come with me and live in one inch Mo city.”

“But I... ” Mother Wang looked at Mu Ru and said hesitantly, “Mu Ru, I’m already old. I can’t do much now. I’m afraid that in case...”

“mother Wang, don’t worry. When you’re old, I’ll take care of you. Even if you can’t do anything, I’ll take care of you.” Mu Ru hugged mother Wang Then, she said softly, “mother Wang, in my heart, you’re the person closest to me. You’re not my mother, but you’re better than my mother. If you’re sick, I’ll save you even if I have to sell my blood.”

Mother Wang was very touched when she heard this. She hugged mu ru tightly as well Her voice was a little choked up as she said, “thank you, Mu Ru. I’ll remember that. After your father finishes the surgery, I’ll resign from Miss Dongfang. Then, I’ll call you. I’ll go to one inch mo city to work.”

Mu Ru then remembered that mother Wang was still with Dongfang Jun, so she quickly asked, “by the way, mother Wang, how did Dongfang Mei treat you? And Dongfang Jun? Are they good? Will they make things difficult for you because you used to be a servant of the Xi Family?”

“That’s not true.” Mother Wang quickly shook her head. “They’re not too bad. Anyway, I’m not the only servant in their family, so I don’t have much to do...”

Mu Ru chatted with mother Wang for a while. She knew that mother Wang was doing well at Dongfang Jun’s place. She had a few days off, so she just happened to have time to take care of her father, Xi Yuancheng.

Mu Ru went to a nearby bank to withdraw 200,000 yuan for Xi Yuancheng. Before she left, she said lightly, “this is all I have in total. I’ll give it all to you. Don’t ever let mother Wang Call me again. If she does, I won’t come again.”

Xi Yuancheng’s face alternated between red and white. Looking at his daughter’s cold face, he could not help but ask, “Mu Ru, are you that heartless to me? Giving 200,000 yuan to send a beggar away? I’m your father after all, right?”

“heartless?” Mu Ru found it funny when she heard this Then, she said sarcastically, “Mr. Xi, compared to when you threw away your daughter who was only born a day ago and forced your daughter to marry a devil eunuch, or when you pretended to be dead to avoid the family debt and put all the burden on that daughter you never liked, I’m afraid that my behavior is many times more righteous than that, right?”

Xi Yuancheng’s face turned purple with shame. He had indeed gone too far with this daughter before. Now that he had a favor to ask of this daughter, he had no choice but to endure her expression.

But who was he Xi Yuancheng used to be thicker-skinned than the average person Therefore, he still said shamelessly, “Mu Ru, no matter what, my blood flows in your veins. I’m still the person closest to you. You can’t deny this, and you can’t deny it either.”

“The person closest to you?” Mu Ru scoffed at his words “Mr. Xi, what right do you have to be the person closest to me If Lin Xinyue is the person closest to me, then it makes sense. After all, she gave birth to me in her womb and gave me life, but what about you “other than a pile of excrement, I don’t think you’ve done anything to me, right?”

“So, I’m sorry. You’ve never been the person closest to me,” Mu Ru’s words were very sharp. She stared coldly at Xi Yuancheng and said, “in my heart, mother Wang is one of the people closest to me. You’re nothing.”

Chapter 758 who was the person he loved

Dongfang Mo sent little feather to Korea and returned at 10 pm. He did not see her in the living room on the first floor and thought that she had obediently returned to her room to sleep.

However, when he returned to his room on the second floor, he saw her curled up on the Sofa in a daze. She was looking out of the window, lost in her thoughts. He did not even notice that she had pushed the door open and entered.

What a careless woman. He could not help but sigh in his heart. This was also in his heavily guarded one inch ink city. If she lived in another place, she would not even know that her house had been stolen by someone like this.

He sat down on one side of the Sofa and reached out to help her head up and place it on his lap. He used his hand to comb through a few strands of her hair that had fallen down, revealing her smooth forehead. He asked softly, “what are you thinking about?”

“When I was young.” She finally looked up at him. She was not surprised that he had returned because he had said that he would come back at night.

“What happened when I was young?” Dongfang Mo’s interest was piqued. Xi Muru, this woman, had never been wary of him. This was the first time she had taken the initiative to mention her childhood to him.

“When I was young, I lived with mother Wang in the maid’s room. At that time, Xi Yuancheng already knew that I was the daughter he threw away, but he still didn’t treat me as his daughter. That Day...”

Mu Ru would forever remember that day. When she was nine years old, at the scattered school ceremony after her third grade final exams, she had gotten 100 marks in Chinese, mathematics, and English. She had won a scholarship from before 300 yuan.

That time, Xi Muxue did not do well in the exams. She had only just passed, but Xi Muxue had snatched her schoolbag from her on the road. Then, she had taken her test paper and notification letter and changed it to her name. She left the failing test paper and notification letter to Xi Muxue.

That day, she cried for a long time on the road alone. She worked hard to study and every night, mother Wang accompanied her to do her homework. It was not easy for her to get good results. She wanted to report to mother Wang, but Xi muxue snatched it away.

That day, when she returned to the Xi family after she was done being sad, she saw Xi Yuancheng Holding Xi Muxue’s hand in the courtyard. Lin Xinyue walked to the side with a smile on her face. The three of them were going out to eat to celebrate Xi Muxue’s good results.

When she passed by Lin Xinyue, she heard Lin Xinyue say to Xi Muxue, “Mu Xue is so smart and capable. She actually scored 100 points in every subject this time. Let’s buy her a Barbie doll.”

How tempting was a Barbie doll to a nine-year-old girl?

Thus, she mustered up the courage to say to Lin Xinyue for the first time, “mom, if I score 100 points in every subject, can I also buy a Barbie doll as a reward?”

Lin Xinyue might have been happy at the time, or she might have felt that a Barbie doll was not worth much, so she nodded with a smile and said nonchalantly, “MMM, if mu ru can score 100 points in every subject, then I’ll buy you a Barbie doll too.”

Thus, she quickly told Lin Xinyue about her score of 100 points in every subject, and then she told her about Mu Xue stealing her exam paper notice.

That was the first time she had been so bold in her history. However, before Lin Xinyue could say anything, Xi muxue burst into tears and pointed at her, scolding her for lying. She even said that she worked for mother Wang every day after school She never did her homework, so how could she score 100 points?

Xi Yuancheng’s face immediately darkened, and he said coldly, “you don’t need a mirror to look at yourself. Look at your ugly face like Zhu Bajie, do you look like someone who got a 100?”

Chapter 759 who was the person he loved

When she heard this, she took a step back and bit her lip, but tears welled up in her eyes. For the first time, she knew that good grades were related to whether or not she was pretty.

Xi Yuancheng held Xi Muru’s hand and walked to the car. She did not know where she got the courage that day, but she actually shouted at Xi Yuancheng who was getting into the car, “I won’t recognize you when I grow up.”

Xi Yuancheng felt amused when he heard her words and could not help but turn around He said disdainfully, “I’m not acknowledging you now, so of course, I won’t expect you to acknowledge me in the future. Besides, no matter how the Feng Shui Changes, it won’t change the day I come to beg you, the jinx of this evil creature.”

That was the first time she resisted when she lived in the Xi family. In the end, she was scolded and scorned by Xi Yuancheng. From then on, Xi Muxue became even more fearless. After every exam, she had to change her results to her own She was already used to her way of doing things, so she no longer resisted and just quietly cooperated.

Later on, it wasn’t until she graduated from High School and took the college entrance exam that Xi Muxue could no longer fake it. It was also at that time that she truly showed her talent and instantly became the number one in the city. Finally, Xi Yuancheng looked her up and down again.

However, what Xi Yuancheng said when she was nine years old had left a deep imprint in her heart. She would never forget that Xi Yuancheng had said that Feng Shui would not be transferred to the day he came to beg her.

“You went to see him today?” DongfanggMoo’s face immediately darkened after listening to her narration. Why did you still go to see him?”

This time, it was mu RU's turn to be shocked. She sat up from his embrace and looked at him with a terrified gaze. She asked involuntarily, "you knew he was still alive?"

Dongfang Mo scoffed at Xi Muru's words. He scoffed coldly and said, "I didn't know before and thought he was really dead, but I found out three years ago. After all, Xi Muxue is in contact with him. My people wouldn't be so stupid as to not be able to find out anything, right?"

"living with you is so disgusting. I don't have any freedom at all." Mu Ru became even more unhappy when she heard his words. She got up and walked to the bedside, then said, "don't bother me tonight. I'm annoyed."

Dongfang Mo couldn't help but laugh when he heard this. He walked up and said, "If I don't bother you, who will? Don't tell me you want to stay alone in an empty room since we just got married?"

Stay alone in an empty room Three black lines immediately fell from mu Ru's forehead. Was He hinting at something?

Thus, the corner of her mouth curled into a sneer. She said in a bad mood, "you're a eunuch. If I don't stay alone in an empty room, don't tell me you want me to go out and find a man to cuckold you like I did seven years ago?"

Dongfang Mo did not get angry when he heard this. He just came over and pressed her against the side of the bed. His thin lips curled into a teasing smile as he said, "who do you want to find? Dongfang Yu? Dongfang Yu isn't a eunuch? How about I transform into Dongfang Yu and we have another car shock?"

"SHAMELESS!" Mu Ru could not help but curse. She quickly used her hand to push away his thin lips that were about to press against hers She coldly threw him a sentence, "hurry up and go wash up and sleep. My period is here. She's very powerful. Although you're the CEO, my period still has no intention of accepting you."

Period Dongfang Mo was stunned for a moment before he reacted. His face, which was originally filled with a certain desire, instantly turned black. He could not help but ask, "then what should we do?"

Chapter 760 who was the person he loved

Mu Ru's cold gaze slowly drifted past his swollen area, and then she casually said, "my period said that I can't bear to see that thing, so you'd better take it further away!"

After saying this, Mu Ru ignored him and directly got up from the bed. She turned around and walked towards the bathroom. She had been in a daze on the SOFA for too long tonight, and had forgotten about taking a shower.

However, Dongfang Mo was naturally not that easy to deceive. She thought that she could get away with saying that she had her period visit, but who knew that Dongfang Mo would shamelessly follow her into the bathroom.

It was also because she had been careless and forgot to lock it after entering the bathroom. Therefore, when she had just taken off her clothes and washed her face in front of the sink, Dongfang Mo had shamelessly pushed open the door and entered.

Of course, she did not hear him. At this moment, Dongfang Mo was completely deaf, so he did not react at all to her yelling. Not only did he not take his hand away, his other hand even pulled her even harder... ..

"Dongfang Mo..." Xi Muru gritted her teeth and growled. She quickly bent down, wanting to wash her face clean to deal with the man who came to cause trouble while she was washing her face.
