### **Chapter 791-who is WHO's Calamity 3**

Compared to Zheng Yifan's confidence, Mu Ru's expression was much more flustered. She pondered for a moment before asking in a low voice, "can't you let Dongfang Mo go?"

"Let him go?" Zheng Yifan thought his ears had misheard. He looked at Mu Ru with a surprised gaze and said, "why should I let him go? He set me up on purpose? He hates me for stealing his wife. How can I let him go? Besides, I let him go. How can you let him go?"

When Mu Ru heard this, her heart trembled for a moment. Then, she sighed and said softly, "Yifan, during these years, many things happened when you were not in Binhai. And some things are not what you think..."

Mu Ru paused for a moment. Then, she smiled bitterly and said, "in short, Dongfang Mo is now besieged on all sides. Dongfang Mei and her son, together with Dongfang Yingwu and Dongfang Mo, have fallen out and established some prosperous group to compete with Dongfang Mo. I heard that the Dongfang Group is in danger, and I don't do anything to manage companies, so I can't help him... ". "..."

"You still want to help him?" Zheng Yifan couldn't help but interrupt her. He looked at her in confusion and said, "Mu Ru, what's wrong with you? Dongfang Mo made you sign such a humiliating agreement and made you his mistress. This is clearly trampling on you, and you still..."

Zheng Yifan couldn't continue speaking until here. He thought that Mu Ru would be elated and happy when she heard the news of moving to Dongfang Mo. She even hoped that this day would come sooner.

He also knew that Dongfang Mo was surrounded by enemies. After all, he had returned to Binhai for ten days. He had also inquired about Dongfang Mo's situation. It was precisely because Dongfang Mo was surrounded by enemies.. That was why he felt that this was the best time to fight Dongfang Mo's lawsuit.

Mu Ru smiled bitterly when she heard Zheng Yifan's words. Then, she said softly, "Yifan, Dongfang Mo didn't treat me well in the past, but now..."

Now, he might only think of me as Xi Muxue's substitute. Mu Ru didn't say the last part, but she swallowed it back down.

"What's wrong now?" Zheng Yifan saw that he didn't say anything, so he couldn't help but ask.

"I'm no longer his mistress." Mu Ru finally came back to her senses and smiled bitterly. "Dongfang Mo and I are married. We are legally married. Moreover, our daughter is already over five years old."

"What?" Zheng Yifan was so shocked that his eyes widened instantly. He stared at Mu Ru with an incredulous expression and asked in a tone that suggested that he had misheard, "Mu Ru, what did you say just now? Your daughter?"

Mu Ru nodded to show that he had not misheard. Then, she confirmed in a low voice, "that's right. Our daughter, little feather, is almost five and a half years old."

Zheng Yifan was so shocked that he only reacted after a long while. He stared at Mu Ru, almost unable to believe his own ears as he asked, "Mu Ru, according to what you mean, Dongfang Mo is not a eunuch?"

Mu Ru smiled bitterly when she heard his words. Then, she let out a long sigh and said, "he has never been a eunuch. The so-called Eunuchs in the past were lies. He has always been a normal person. Six years ago, Dongfang Yu was Dongfang Mo, and he played two roles."

## **Chapter 792: Who is who**

"What?" Zheng Yifan was shocked again. He looked at Mu Ru and asked in a daze, "is what you said true? Six years ago, Dongfang Mo and Dongfang Yu were the same person? How is that possible? I'll bring you to one inch Mo city to attend aunt Gu's birthday party..."

Zheng Yifan remembered that he did see Dongfang Mo and Dongfang Yu in one inch mo city, but they didn't appear at the same occasion. They appeared in front of him separately.

"Why didn't I think of it before..." Zheng Yifan shook his head, then his voice became a little difficult as he said in a low voice, "I didn't think that Dongfang Yu was him. Does that mean that the person who stopped us from getting married six years ago was him?"

Mu Ru nodded, then quickly comforted Zheng Yifan, "I didn't think of it back then either. I only found out later, but... it's all in the past."

Yes, it was all in the past. Six years had passed, and in these six years, each of them had their own experiences, and many things had long changed.

All these years, Zheng Yifan had always thought that Xi Muru was still waiting for him, waiting for him to come back and bring her away, waiting for him to bring her to an unfamiliar country and start a new life.

However, who would have thought that fate would play a trick on people? It had only been six years, and the current Xi Muru was no longer Dongfang Mo's mistress, but Dongfang Mo's wife. They even had a five-year-old child.

"Mu Ru, do you... love him?" Zheng Yifan asked with difficulty. He looked at the woman sitting opposite him who he missed day and night, and whispered, "do you love Dongfang Mo?"

Mu Ru was slightly stunned. Did she love Dongfang Mo?

She had never thought about this question. Perhaps, in her life, she had never really thought about love.

Therefore, she did not know. Therefore, she told Zheng Yifan honestly, "I don't know. What is love? How can it be considered love?"

How can it be considered love? Zheng Yifan listened to Mu Ru's words, but he did not know how to answer her?

In his understanding, love was to like someone and then want to live with her. When she was by your side, you felt happy. When she was not by your side, you missed her day and night and hoped that she could be happy!

However, this was what he understood about love. As the saying goes, everyone's views on love were different. Everyone's understanding of love was also different.

Mu Ru did not wait for Zheng Yifan's reply. Then, she answered her own question, "I don't know if I love Dongfang Mo, but whether I love him or not is not important. What's important now is me and his daughter. I hope that the child will have a healthy home. I hope that the child will have a healthy living environment. Other things are really not that important."

Zheng Yifan was silent for a while when he heard this, then he asked softly, "then, do you plan to live with him for the rest of your life?"

Mu Ru nodded and said softly, "as long as he doesn't dislike me, as long as he is willing to let me and the child stay in one inch ink city, and is willing to let me stay by his side for the rest of my life, then I will live with him for the rest of my life."

Zheng Yifan's heart was instantly broken when he heard Mu Ru's words. Xi Muru was so stupid. She even said that she did not know if she loved Dongfang Mo. If a person had already wronged himself to this extent, to this extent, this was still not considered love.. Then what was love?

Only wanting to stay by a person's side and accompany him until he grew old. This kind of love was already so lowly to the dust, but it could not be pulled out no matter what!

### **Chapter 793: Who is who**

Dongfang Mo drove back home, wanting to find mu ru, but to his surprise, Mu Ru was nowhere to be found. Just as he was feeling depressed, uncle Liu picked up little feather.

"Dad, what are you doing?" Little feather saw Dongfang Mo's unsettled look and could not help but reach out his small hand and wave it in front of his eyes. "Come back to your senses, your daughter, I'm back."

"Yu Yu, I know you're back." He pulled his daughter's hand down from his eyes and said a little irritably, "but your mommy isn't back yet, I don't know where she went."

"Mommy, she must have gone to the oil painting village," little feather said nonchalantly. "Daddy, you know that mommy loves two of them the most."

"which two?" Dongfang Mo was slightly stunned. Two of them? Was One of them him?

"One of them is me. Mommy loves me the most," little feather said proudly.

"What about the other one?" Dongfang Mo quickly asked, but his heart was in his throat, afraid that little feather would say the name of the car.

“The other one is painting!” Little feather covered her mouth with her hand and laughed. Her eyes were obviously deliberately trying to annoy someone.

Unfortunately, Dongfang Mo was focused on finding mu ru, so he didn't notice little feather's intention. He wasn't angry when he heard that the other one was painting, but he was a little disappointed.

Of course, he hoped that Mu Ru's other favorite was him, but he also knew that with his bad history, he still had a long way to go before he could become mu Ru's favorite.

However, he was already prepared to fight a long battle. As long as she was by his side, he believed that one day she would fall in love with him. Just like how he finally understood who he had always loved.

Mu Ru had not returned yet. Little feather played with him for a while. Seeing that he was absent-minded, he ran to find a min to feed little rabbit. He no longer paid attention to his absent-minded father.

Little feather walked away while Dongfang Mo got into the car and went out again. Because Aha had just called to tell him that Mu ru was not at Jingxuan gallery in the oil painting village.. Instead, she went to the revolving restaurant for coffee with a big client who had bought five of her paintings in one go.

And that big client was actually Zheng Yifan, who he had chased out of Binhai six years ago!

Zheng Yifan had returned to Binhai?

This news was absolutely shocking to Dongfang Mo, because he never dreamed that he would actually return!

What was Zheng Yifan doing back in Binhai Also, how had he been living abroad these past few years?

Zheng Yifan was definitely a person who made him suffer a hundred times more than Che Qixuan. He still remembered that six years ago, Xi Muru was determined to marry Zheng Yifan. At that time, he had called Zheng Yifan's sister, Zheng Yiping, over He had not been able to stop the two of them from getting married.

Now that Zheng Yifan had returned, it was probably because of Mu Ru!

To be honest, he was not afraid of Zheng Yifan. No matter what he wanted, he believed that he had a way to subdue Zheng Yifan.

However, he was afraid of Xi Muru. What if she wanted to leave with Zheng Yifan again? What would he do then Would he still need Zheng Yifan to come to her?

The current her was no longer alone. There was still little feather. If he threatened mu ru like six years ago, what would little feather think Would she call him a liar again Would she never acknowledge him as her father again?

**Chapter 794: Who is who**

Dongfang Mo was struggling with these questions. When he reached the entrance of the underground parking lot of the revolving restaurant, he saw mu ru and Zheng Yifan walking out of the building side by side. The two of them were talking and laughing, as if they were very intimate.

When Mu ru and Zheng Yifan walked out of the International Trade Building, they did not see Dongfang Mo's car. They just walked directly to the road outside the main gate, because they had to hail a taxi when they went back.

Zheng Yifan said that he would send Mu Ru home and casually visit Dongfang Mo in one inch Mo city. No matter what, Mu Ru was a woman who felt sorry for Dongfang Mo. although she was willing to spend her life with Dongfang Mo now, he still had to warn Dongfang Mo to treat mu ru better. If he dared to treat mu ru like before, then Dongfang Mo would also have something on him. When the time came, don't blame him for not being polite. Anyway, Dongfang Mo had already done the first day of the Lunar New Year, so it wouldn't be too much for him to be fifteen now.

However, before the taxi reached one inch Mo city, Mu Ru's phone rang. She took it out and saw that it was another unfamiliar number. She was slightly stunned, but she still pressed the answer button.

The call was from a strange woman. "Excuse me, is this Miss Xi Muru?"

"Yes," Mu ru answered truthfully after a short pause. "Who are you? And where are you from? Why are you calling me? I'm not familiar with your number?"

"Mother Wang is from Shangtang Hospital. I'm the front desk at the hospital," the stranger's voice was still very polite. "Wang Shuzhen is in our hospital's emergency room. No one is paying the hospital fees right now..."

Mother Wang was sick, and mother Wang was in the hospital?

Mu Ru's head boomed. Then, she quickly shouted to the taxi driver in front, "I'm not going back to one inch Mo city for now. I'm going to Shangtang Hospital. Quickly turn around and head to Shangtang Hospital."

"Mu Ru, what happened?" Zheng Yifan saw her nervous expression, so he couldn't help but ask, "is it little feather..."

"No, it's the Xi family's old maid, mother Wang," Mu ru quickly explained. "Mother Wang is sick. I have to go and see her."

"Mother Wang? Is she the mother Wang who raised you since you were young?" Zheng Yifan had heard mu ru tell him stories of her childhood. In those stories, mother Wang appeared very frequently, so Zheng Yifan remembered her.

"Yes, that's her." Mu Ru nodded, then said to Zheng Yifan apologetically, "sorry, I can't invite you to one inch Mo city as a guest today. If you're free tomorrow, I'll call you again."

"It's okay." Zheng Yifan smiled. He patted her shoulder and said softly, "Mu Ru, don't be in such a hurry. I might be staying in Binhai for a few more days. Besides, as long as you're happy, nothing else is important."

Yes, he loved her, so he hoped that he could give her a happy life!

However, the current situation was that she had already made up her mind to spend the rest of her life with the man who had once hurt her the most, and he was not a strong man like Dongfang Mo..

Therefore, if he could not give her a happy life, then he hoped that she could be happy for the rest of her life!

Flowers have thousands of colors, and love is different!

When he knew that Dongfang Mo and Dongfang Yu were the same person six years ago, he immediately understood in his heart that Dongfang Mo was actually admiring Mu Ru. However, a strong man like him probably would not admit his love, or.. He wouldn't even realize that he was in love.

### **Chapter 795"who is who? "**

Strong men always forced women to stay by their side. That was their way of loving women.

He was not a strong man, so he would not take mu ru away by force like Dongfang Mo did. That was because his love for mu ru was completely different from Dongfang Mo's love for Mu Ru.

There was a kind of love that called for her to let go He thought, after knowing that she and Dongfang Mo were already a legal couple and that they already had a five-year-old daughter..

He really should let go!

Mu Ru rushed to Shangtang hospital. She thought that mother Wang was still in the emergency room, but when she went to the emergency room to ask around, she found out that she had already been transferred to the ward.

Hence, she quickly ran to the inpatient department and looked for the floor number provided by the nurse. Finally, she came to room 1303. She knocked on the door and walked in, only to find Xi Muxue in the room.

As for mother Wang, there was no use for her on the hospital bed. She could not help but frown and nervously asked, "where's mother Wang? Didn't she say that mother Wang was sick? "

"Mother Wang accompanied father downstairs," Xi Muxue said plainly. Then, she looked at Mu Ru and said, "actually, it's not mother Wang who is sick. It's father's illness that has relapsed. "

"What does his relapse have to do with me? " "I've already given him 200,000 yuan when he had the surgery the last time. I've also told him not to come and look for me in the future. He has never treated me as his daughter, so don't expect me to still acknowledge him as a father, " Mu ru said a little unhappily Then, she said coldly, "don't call me about such things in the future. I don't have the time either. "

After Mu Ru said that, she turned around and was about to walk towards the door when Xi muxue quickly reached out and grabbed her arm. Clearly, Xi Muxue did not want her to leave just like that.

“Mu Ru, I asked the nurse to call. The main reason is that I want to see you.” Xi Muxue saw that Mu ru had already turned around Then, she said in a sincere tone, “I know you don’t want to see me and you’ve been avoiding me, but are we really sisters?”

“sisters?” Mu Ru found it funny when she heard this. She looked at her indifferently and distanced herself from her. “I’m sorry. I never knew I had a sister before. I only knew that you’re Miss Xi and I’m the Xi family’s maid.”

Although Mu Ru’s words sounded harsh, they were extremely true. In fact, ever since she was young, her relationship with Mu Xue was not as good as her relationship with Cheng Feier. It could even be said that Cheng feier treated her much better than Mu Xue did.

“Yes, I didn’t think of you as my sister before,” Mu Xue admitted generously Then, she quickly explained, “but, Mu Ru, you can’t blame me for this. The people who abandoned you since you were young were our parents and not this sister who was the same age as you. I didn’t know that you were my sister because my parents didn’t tell us. When you were young, I really thought that you were mother Wang’s daughter. Later, when you were older, I realized that you looked exactly like me, so I started to doubt you. However, at that time, the environment that we were in and father’s disgust towards you affected me. These were not my original intentions.”

When Mu ru heard Mu Xue’s words, she remained silent. She knew that Mu Xue was telling the truth. Her parents abandoning her had nothing to do with Mu Xue.

“Mu Ru, do you know? Ever since the two of US went to primary school together, I’ve started to hate you. I hate you very much.” When Xi Muxue said this, her expression turned ferocious. She stared at Mu Ru and asked softly, “Do you know why?”

### **Chapter 796: Who is who**

“because you think I’m an ugly monster with a birthmark on my forehead. Because you also agree with father’s saying that I’m an evil creature.” When Mu Ru said this, her heart couldn’t help but feel sad again. These were given to her by God But they became the reason and basis for being hated by others.

“Hehehe, what does what you said have anything to do with me? At the very most, it’s just to make me dislike you. How can I hate you?” When Mu Ru said this, she sneered Then, she continued, “now, let me tell you why I hate you so much!”

“I really hate you. It started after the fourth grade of elementary school. At that time, your grades were better than mine. The first time I snatched your test paper and changed your name, you told father, but after father denied it, you stopped arguing. You didn’t argue with father, and you didn’t even say that your grades could be checked by the school teachers.”

Xi Mumu paused at this point Then, she continued, “If the first time was my fault, then every time you took the initiative to give me the test paper and notice so that I could change it, it was because you were encouraging this bad habit of mine. At the same time, every time I made a mistake and made you the scapegoat, you silently endured it, but you never defended yourself to your teachers and parents.”

Mu Ru was completely stunned when she heard Mu Xue's words. She had always been the target of Mu Xue's bullying, and she had always been that sucker. It was not that she did not defend herself, but if she did, Mu Xue would be the one who would welcome her with even more pranks and bullying.

She endured all this silently. She only wanted to live in the Xi family's servants' room. Even though she was humble, she was still a person, especially when she was young. She had a thirst for life and no one wanted to live on the streets.

Before Mu ru could say anything, she heard Mu Xue's angry voice again "In school, I studied painting and you couldn't even pay for it, yet you pretended to work for the teacher in exchange for the chance to paint. You even became an artist now. If it wasn't for you, I would be the artist now. "

Mu Ru found it funny when she heard these words. No one could stop anyone from becoming an artist. Mu Xue studied painting for two semesters in elementary school, then she lost interest in painting and switched to learning how to dance.

"Xi Muru, I hate you. I hate your hypocrisy when you were young, and I hate you for stealing my happiness when you grew up. " Mu Xue saw that mu ru didn't say anything, so she scolded her more and more vigorously.

"Did you know that during the five years when you weren't at Binhai, I've been living in one inch ink city with your identity? He never doubted it and treated me very well. If it weren't for you running back for no reason, I would still be living in one inch ink city now, and he would have married me sooner or later. "

"I didn't ask to come back. " Mu Ru finally couldn't listen anymore, and then quickly retorted, "if I wanted to come back, why did I have to wait for five years? I was captured by Dongfang Mo... "

"I know that you were captured by Dongfang Mo, " Mu Xue interrupted her again Then she said angrily, "but if you had stayed in your Korean painting obediently and didn't participate in the Bullsh \* t Paris International Art Exhibition, Dongfang Mo wouldn't even know of your existence, so why would he capture you? "

Mu Ru was completely speechless after hearing these words. She had already retreated to this point. For Mu Xue, she had done everything that she should have done. In the end, it was still her fault.

### **Chapter 797: Who is who**

Thus, she could not help but say in annoyance, "alright, stop talking so much. Just tell me, what is the purpose of deceiving me to come here today? What do you want me to do to satisfy you? "

"Mu Ru, I beg you, Leave Dongfang Mo, leave one inch mo city, go far away, go to a place where he can't find you, and then I will return to one inch mo city. After a long time, he will naturally see how good I am and will naturally marry me. " Mu Xue's tone suddenly became soft Her eyes were filled with pleas.

"This... " Mu ru felt that there was something wrong with Mu Xue. It was not her original intention to stay in one inch Mo city. Moreover, in Dongfang Mo's control, could she leave just like that Moreover, she still had little feather.

“Don’t do this.” Mu Xue saw that mu ru was only able to stammer out a single word after a long time She shouted very discontentedly, “Mu Ru, I beg you, Leave Dongfang Mo. originally, you and he had no interaction at all. He doesn’t love you, and you don’t love him either. Leaving him is a good thing for you. “furthermore, he used to abuse you like that. As for me, he can’t even bear to say anything harsh. I think you should know who Dongfang Mo really cares about in his heart.”

Mu Ru felt a headache when she heard Mu Xue’s words. It was as if there were countless bees buzzing around She looked at Xi Muxue and said weakly, “actually, Mu Ru, I think you should tell Dongfang Mo these things. Actually, it’s useless even if you tell me. Whether you can leave Binhai or not, it’s not up to me to decide.”

She actually knew what Mu Xue had just said. Dongfang Mo had taken a liking to Mu Xue in the beginning, and the person he loved in his heart was also Mu Xue. Actually, seven years ago, after Dongfang Mo married her, he had used another identity to marry Mu Xue From this, it could be seen how much Dongfang Mo Cherished Mu Xue at that time, and how much he wanted her to be his wife.

That was when Mu Xue was pregnant and asked her to be Mu Xue’s maid to take care of her. Dongfang Mo agreed without a word. Actually, this fully showed that in Dongfang Mo’s heart, she and Xi Muxue had an instinctive difference of clouds and mud.

Mu Xue saw that mu ru was still standing there motionlessly. She did not respond to her pleas at all, so she knelt before mu ru Then, she cried out in pain, “Mu Ru, I beg you, please leave Dongfang Mo. I believe that as long as you intend to leave, you will definitely find a way. Mu Ru, all these years, there have been so many people who care about you. Dongfang Jun, Nangong Xun, and Zheng Yifan. As for me, Mu Ru, I only have one Dongfang Mo. I beg you, please give Dongfang Mo back to me on account of me being raped and disfigured in your place. We were originally a match made in heaven.”

Mu Ru was completely stunned. She instinctively took two or three steps back and looked at Xi muxue who was kneeling on the ground in shock. She could not believe her eyes. Xi muxue was begging her, and she was kneeling to beg her.

What did Mu Xue say when she was kneeling just now She had many people who cared about her She could think of a way to leave Dongfang Mo?

Heavens, she was an unarmed person with a five-year-old child. She wanted to leave right under Dongfang Mo’s nose Was that an easy thing to do?

## **Chapter 798 — who is who**

She felt that she definitely did not have the ability to do so unless she had the help of Che Qixuan and Pu Yongjun.

But the key was, given the current situation, were they willing to help her leave Dongfang Mo She found it difficult!

“Mu Xue, what’s wrong with you?” Xi Yuancheng and mother Wang walked in together. When they saw mu Xue kneeling on the ground, they looked at Mu ru who was standing there motionlessly. They could not help but ask in shock, “Mu Xue, why are you kneeling? Why aren’t you getting up?”

“Dad, I’m not getting up. If Mu ru doesn’t agree to my request, I won’t be able to persevere.” Mu Xue was still kneeling there. Then, she looked at mu ru with a pitiful gaze and said, “I’m begging you, Mu Ru. Can you help me one last time?”

“Mu Ru, you really have a heart of stone.” Xi Yuancheng immediately yelled at his eldest daughter with a dark expression. “Can’t you see that Mu Xue has already knelt down for you?” “I only know now that Mu Xue hasn’t been in Binhai for the past few months because she suffered for you. You should have been the one to suffer. Now, it’s all hers. Moreover, she’s pregnant. How can you bear to see her kneeling for you?”

What Mu Xue was pregnant?

Mu Ru was shocked. She didn’t expect Mu Xue to be pregnant, but whose child was she pregnant with?

Mu Ru seemed to know her doubts and didn’t wait for her to ask. She immediately said painfully, “Mu Ru, the child I’m pregnant with is a bastard. I don’t know who the father of the child is either. I originally wanted to abort the child, but ah mo didn’t allow it. My health isn’t good. If I abort this child, I’ll lose the right to be a mother forever, so... “... “...”

Mu Ru couldn’t remember what Xi Muxue said after that. She kept thinking about how she was pregnant, and Dongfang Mo didn’t want her to be a mother anymore, so he didn’t allow her to have an abortion. He even wanted to help her raise the child.

What a huge irony. Seven years ago, she was pregnant. At that time, she was also said to be a bastard, but Dongfang Mo had gotten someone to prescribe abortion medicine for her. Then, he sent her to the small wooden house by the fish pond and had her abort the child.

Love was love, and not loving was not loving. The same thing, but handled in two completely different ways.

Since Dongfang Mo cared so much about Xi Muxue, why did he want to marry her? Was it just because little feather was his daughter?

Since Xi Muxue loved Dongfang Mo so much, and Dongfang Mo could not let her go, why didn’t the two of them get married? Was it really because she came back and ruined them?

Dongfang Mo was too deep and she could not understand him. Xi Muxue’s thoughts were too complicated, and she could not understand it either!

When she thought of this, her head started to feel dizzy again. Summer was coming, and it was a little hot today. She did not know if it was heat stroke.

Mother Wang saw that Mu ru did not look too good, so she came over to ask with concern, “Mu Ru, are you feeling unwell?”

Mu Ru nodded. She was indeed feeling a little unwell. She looked at Mu Xue who was kneeling on the ground. Then, she said indifferently, “I’ll go back first. Alright, I’ll do as you say. I’ll leave Dongfang Mo and pack my things when I get back. As for whether I’ll be able to leave or not, I don’t know. You know how capable I am. I won’t do anything evil. I only know how to walk the right path. Fortunately, he

doesn't care about me anymore. As long as he's not at home, I think he'll be able to walk out smoothly.  
”

## **Chapter 799-who is who**

Mu Ru turned around and walked out the door. She had already done her best for Xi Muxue. This was the last time she would agree to her request. Whether it would succeed or not was no longer within her flying range.

The neon-lit Binhai Street was dazzling. Because it was summer and the temperature was very hot, Mu Ru felt uncomfortable in her stomach after she walked out of the hospital. When she walked to the platform, she passed by the trash can. Perhaps the smell in the trash can was too smelly.. Mu Ru couldn't hold it in any longer and actually vomited.

It was really uncomfortable. After she vomited, she used her hand to support herself against the tree trunk next to her and stood up. She took out a tissue to wipe her mouth and walked to the side to hail a taxi. She was thinking about how to tell little feather when she got back.

However, just as she reached the side of the road, a car quietly stopped. She was slightly stunned and was about to move her body to the side when the car door was already pushed open from inside A familiar voice came out. “Hurry up and get in the car. You can't just randomly park here. ”

She looked up at the car and only reacted when she saw Dongfang Mo in the driver's seat. She quickly got in the car and sat down. The car had already started the moment she closed the door. She hurriedly fastened her seatbelt.

“How did you know I was here? ” Mu Ru fastened her seatbelt and turned to look at the man driving.

Dongfang Mo was silent. How did he know she was here Of course, Ahao had helped him find out. He had originally rushed to the revolving restaurant to catch her and Zheng Yifan. He didn't know that he didn't find her at the revolving restaurant.

“You followed me? ” Mu Ru saw that Dongfang Mo was silent, so she immediately reacted. She couldn't help but raise her voice. “Dongfang Mo, why are you following me? Am I your wife or your criminal? ”

“I'm doing this for your safety, ” Dongfang Mo said calmly. Then, he turned the steering wheel and the car had already entered the small road leading to one inch Mo city.

“For my safety? ” Mu Ru was furious when she heard this. She couldn't help but say angrily, “before I married you, I lived in the Xi family for more than eighteen years. I've always been very safe. ”

“Your identity is different now, ” Dongfang Mo explained patiently. “Mu Ru, you're my Dongfang Mo's wife, and I have more enemies. I'm afraid that they...”

“since you know that you have many enemies, why are you still keeping me and little feather by your side? ”MuuRuu cut him off without waiting for his answer Then, she quickly added, “Don't tell me you want us to be Your Shield? ”

Dongfang Mo was stunned when he heard this. His thick brows instinctively furrowed and he asked nervously, "Mu Ru, what did Zheng Yifan say to you?"

"What did he say that you don't know?" Mu Ru was furious when Dongfang Mo mentioned Zheng Yifan. She couldn't help but mock, "back then, what kind of methods did you use to frame him? Did you really think that you were the only one in the world? Did you really think that Bao Qingtian had died a long time ago so that no one would ever overturn the case?"

"Mu Ru, what are you talking about?" Dongfang Mo felt extremely uncomfortable when he heard her words. He turned to look at her and said, "Mu Ru, six years of marriage. It was wrong of me to treat Zheng Yifan like that. I admit that, but you can't deny that you forced me to do that. I came to Zheng Yifan's apartment to look for you a few times and asked you not to marry Zheng Yifan, but you didn't listen and insisted on being with him. Do you think I can agree to that "You are my woman and he is my cousin. How can I let my woman and my cousin... .."

### **Chapter 800- "who is who? "**

"enough, you are a selfish and self-centered person," Mu ru could not help but growl, and her tears almost came to her in an instant "Dongfang Mo, when will a person like you learn to put yourself in other people's shoes? When will you understand how to care about other people's feelings, and not always use force to confine people to your side?"

Dongfang Mo was stunned when he heard this. Just as he was about to turn his head, the car had already arrived at the entrance of one inch Mo city. The railing had already been raised, and he stepped on the gas pedal and finally brought this woman home safely.

As soon as the car stopped, Mu ru quickly pushed open the car door and got out of the car. She had no intention of waiting for Dongfang Mo at all.

Dongfang Mo stopped the car and looked at the back view that had already disappeared at the entrance of Mo Garden's main hall. He could not help but lie on the steering wheel and let out a long sigh.

Wasn't he learning to think for her? Wasn't he already trying to care about her feelings? Wasn't he not locking her up in one inch Mo city all day long but allowing her to freely enter and leave one inch Mo city?

He knew that he wasn't doing well enough, but he was already changing for her. But why was she so emotional tonight? Could it be that Zheng Yifan still wanted to take her away?

Thinking of this, he immediately took out his cell phone and called a Hao. He quickly instructed, "keep a close eye on Zheng Yifan and see what he wants to do. Also, from now on, when Madam goes out, have someone follow her at any time."

Dongfang Mo lay on the steering wheel for a long time before he pushed open the car door and got out. He had been a little busy recently, and Dongfang Group's funds were a little tight. He was thinking of getting DFM from the United States to invest the funds in.

To fight for a piece of land with Xingwang Group, Xingwang Group was determined to win. It was said that Dongfang Jun had personally participated in the design, and Dongfang Jun was young and handsome. It was said that the daughters of many high-ranking officials were offering him an olive branch.

The Dongfang Group's matter was enough to give him a headache. It just so happened that Xi Muxue had secretly returned to Binhai from Korea. This imperceptibly disrupted his and mu Ru's peaceful life.

As for Zheng Yifan, he never dreamed that Zheng Yifan would actually come back to look for mu ru. This was really a wave that had not yet subsided, and he was somewhat unable to cope with it.

Walking into the main hall of Mo Garden, he did not see any sign of Mu Ru. He could only quickly walk upstairs, but the moment he pushed the door open, he was set ablaze by the situation in the room on the second floor.

Xi Muru had only gone upstairs ten minutes earlier than him, but she had already changed into a new set of clothes. Beside her feet was a small suitcase, and on the bedside table was a passport... ..

At this moment, she put the clothes in her hands into the suitcase, and with a flip of her hand, she took the passport on the bedside table.

What was she doing with the passport Did she need to bring a passport in China Or was she planning to go somewhere outside of China?

Mu Ru had just grabbed the passport in her hand. The moment she turned around, she saw that Dongfang Mo was already in front of her. She hesitated slightly and stopped what she was doing.

"Xi Muru, what do you mean by this?" Dongfang Mo quickly grabbed her wrist and stared deeply at her. His calm voice faintly revealed the anger that he was suppressing.

Mu Ru's hand was tightly held by Dongfang Mo. it was as if Dongfang Mo was holding her whole body tightly. She could not move at all.
