Chapter 821 "who is who? "

Because she was staying at her great-aunt's house, Mu Ru meant to let Dongfang Mo sleep in one room while she and little feather slept in the same room. After all, some people cared about such things.

However, Dongfang Mo immediately denied it and reminded her lightly that this was America and not China. Moreover, the open-minded Chinese people would now arrange a husband and wife room for their guests.

"You have a cold. I have to take care of you tonight," Dongfang Mo said with sufficient reason. Then, he turned his head to look at little feather. "Yu Yu, will you take care of your sick mommy tonight?"

After receiving Dongfang Mo's gaze, little feather immediately shook his head like a rattle-drum. "No, it's hard enough for me to take care of myself. How can I take care of Mommy? Besides, Mommy is an adult. She definitely needs an adult to take care of her."

Little feather's reason was so good that Mu ru was so angry that she glared at her. Meanwhile, little feather took the opportunity to run back to her guest room. She was not going to interfere with her parents' matters.

Mu Ru glared at Dongfang Mo in anger. She turned around and took her clothes to the bathroom. She thought to herself, this D * Mn Man. Could it be that he did not care about her anymore and wanted her?

Dongfang Mo could probably guess what Mu Ru was thinking. When he fell asleep next to her, he explained to her gently, "honey, I just feel that you haven't recovered from your cold for a long time. It's probably because your body is cold. I want to hug you to sleep at night. That way, you'll be warmer."

Mu Ru did not say a word. She moved her body to the side to make room for him. Dongfang Mo, on the other hand, was extremely grateful. He carefully laid down next to her, reached out, and slowly pulled her into his embrace.

"Sleep," his thin lips whispered in her ear. He only hugged her, but did not take a step closer. He was indeed a man of his word.

That night, Mu Ru lay in Dongfang Mo's arms. She felt as if she was lying in a furnace. The warmth from Dongfang Mo's body continued to flow into her body, making her feel exceptionally comfortable. That was why she slept exceptionally soundly. She did not even dream.

Early in the morning, the morning Sun Shone through the Gauze curtains into the room. The room was warm. Mu Ru was nestled in Dongfang Mo's arms like a kitten, while his hand rested on her slender waist. The two of them were in an exceptionally warm position.

Actually, Dongfang Mo had already woken up a long time ago. He just didn't want to wake up the person who was sleeping soundly in his arms, so he kept lying in this position. The woman in his arms was sleeping soundly and comfortably. He wanted her to sleep a little longer.

He originally wanted to enjoy the quiet time of the morning with his wife. However, in the drawer by the bedside table, the ringtone of his phone rang fearlessly. It was probably something urgent because it was still early.

“Dongfang Mo, does your phone sing very well?” Mu Ru opened her eyes in his arms. She had already woken up when her phone rang.

Dongfang Mo blushed slightly and smiled embarrassedly. Then, he lowered his head and kissed her thin lips gently. Only then did he open the drawer of the bedside table and take out his phone to answer the call.

The call was from wells. Dongfang Mo did not speak all this while, but was listening attentively. Mu Ru raised her face in his arms and only then did she notice that his handsome face had turned into the ice-cold darkness of the business world. A strong aura began to linger around him.

Chapter 822-who is who's robbery 23

“Alright, I got it.” Dongfang Mo finally said coldly, “I want to see this Tom and arrange a time and place with him.”

Mu Ru crawled out of his arms on her own. Judging from his tone, it was probably a very important matter. Dongfang Mo's matter had never been something that she could pay attention to, so of course, it was not something that she could pay attention to.

“Mu Ru, I'll go to DFM first. You and little feather can go to the seaside to play or go shopping,” Dongfang Mo quickly changed his clothes. His mouth was not idle. “Let's go out for dinner tonight. Let's go eat Hawaiian seafood and see how different it is from coastal seafood.”

“okay,” Mu ru answered faintly. She thought to herself, they are all seafood, what difference can there be. Aren't they all the same?

In fact, Dongfang Mo's expression was as solemn as usual, and his actions were as fast as usual. She vaguely felt that something must have happened, and that DFM company seemed to have a partnership with Dongfang Group.

Dongfang Mo left, and Mu ru could not fall asleep. She got up and went to the guest room to call for little feather, but she did not hear any echo. She pushed the door open, and there was no trace of little feather on the bed. She probably went downstairs to play with her aunt.

She sighed lightly. She probably woke up late again, but she did not seem to have recovered from her cold. Her head was still dizzy. It seemed that she really had to go to the doctor to have a look.

Dongfang MO quickly drove to DFM for a few days, and behind him was Ahao, who had rushed over from Dongfang Corporation overnight. He had already brought his men to secretly investigate the incident at DFM.

“Rodger,” wells was very polite, but at the same time, he walked over with some trepidation. He whispered in his ear, “Tom is already waiting for you in the reception room.”

“got it, ” Rodger replied faintly and then quickly walked towards the reception room not far away.

After pushing open the door of the reception room, Rodger’s line of sight immediately caught sight of a burly middle-aged man. When he heard the sound, the middle-aged man turned his head around. However, the moment he saw Rodger, a trace of unnoticeable surprise flashed in his eyes. However, his expression remained calm.

“Dongfang Yingwu, Tom?” Dongfang Mo sat down on the leather chair, and the corners of his mouth quickly curled into a mocking smile. “I didn’t expect your identity to change so quickly. ”

“Hehehe, compared to the CEO of Dongfang Group, you’re still very far off. ” Dongfang Yingwu pretended to laugh twice “You’re really a young man. I’m impressed, I’m really impressed “For so many years, I never thought that the so-called DFM was actually the abbreviation of Dongfang Mo’s name. I also never thought that the Rodger I’ve been looking for was actually living in one inch ink city and had always been by my side. ”

Dongfang Mo snorted coldly. “I really didn’t expect that. I originally thought that after your Black Eagle Group was rejected by the mafia, we wouldn’t have the chance to meet again. I really didn’t expect that I would actually see you again under such circumstances. You were able to cheat DFM of billions of dollars in just a few days under the name of selling crude oil. Uncle, it seems that I really underestimated you in the past. ”

“Hehehe, ” Dongfang Yingwu said with a sinister smile. “Ah Mo, you’re being too modest, aren’t you? ” To be able to run two companies by himself and play two roles by himself and keep the people of the Dongfang Group in the dark, compared to you, my small tricks are nothing.

Chapter 823: Who is WHO’s robbery 24

“Do you think you can use this method to get back the three billion that you lost in Naples?” The mocking smile on Dongfang Mo’s face grew wider. He could not help but remind him coldly, “uncle, don’t forget that this is America. You signed an agreement with my company. I can still use the crime of fraud to sue you. I think you should know what awaits you. ”

“Hehehe, ” Dongfang Yingwu laughed nonchalantly. He shrugged nonchalantly and said, “of course you can do that. You can even get the police to come and take me away in a few minutes, but my oil will also be taken away in a few minutes... ”

Dongfang Yingwu did not continue speaking until this point, but the meaning behind his words was very simple. If Dongfang Mo sent him to prison for fraud, then Dongfang Mo would not be able to get the oil. Such a consequence would naturally cause the Dongfang group to suffer a heavy loss.

Dongfang Mo’s gaze was cold. Dongfang Yingwu was far more powerful than he had imagined. It seemed that the information he had received two months ago about the mafia completely falling out with him was not very reliable.

It seemed like Tyson of the mafia was indeed old. Dongfang Yingwu’s survival probably had something to do with Ronnie, and Ronnie had been peeping at Tyson’s throne for a long time. He must have wanted to use Dongfang Yingwu’s ability to overthrow Tyson.

Seeing Dongfang Mo's silence, Dongfang Yingwu could not help but smile. He reminded him coldly, "President Dongfang, no, Rodger, I think it's best for you to check your notebook and check your secret business documents. Don't make the wrong decision."

Dongfang Mo's cold and dark face was expressionless. At this moment, he was not in the mood to talk to Dongfang Yingwu, so he was about to ring the bell to let the guards in, but at this time, there was an urgent knock on the door.

"Come in," he shouted coldly towards the door.

After getting his permission, the person outside immediately pushed the door open and walked in. It was still general manager Wells. He quickly went to Dongfang Mo's ear. He said anxiously, "Rodger, Henry escaped and ran to Italy. He even used the name of the vice president of DFM Company to withdraw a sum of money from the branch..."

"How could this be?" Dongfang Mo's thick eyebrows knitted together. Henry's betrayal was something he had never thought of.

Dongfang Yingwu had probably guessed what Wells had reported to Dongfang Mo. At this moment, he was sitting on the leather chair with his arms crossed over his chest with a confident smile on his face. He said faintly, "Ah Mo, I think you don't need to open your business email now. It seems that you have encountered quite a number of thorny problems."

Dongfang Mo's cold gaze was like an ice blade as it landed on Dongfang Yingwu's face. His cold voice was like the snow wind blowing on the Tianshan Mountain. "Uncle, it seems that I have indeed underestimated you. You are indeed a ruthless old Jiang!"

"hehehe." Dongfang Yingwu did not care about Dongfang Mo's sarcastic words at all. Then, he stood up elegantly and said, "Alright, ah Mo, my time is limited. I believe that you know what kind of decision to make. As for me, I don't want much. As you know, I can give you the crude oil. However, I'm sorry, I'll have to trouble you to transfer another three billion to me."

Chapter 824 who is WHO's robbery 25

After saying this, Dongfang Yingwu immediately got up and walked towards the door of the meeting room. He did not care about the guards outside the door at all. When he reached the door, he could not help but turn his head to look at Dongfang Mo.

"Oh right, ah Mo, I forgot to remind you. Actually, you can do without crude oil, but please remember to tear up the contract or something. You know, that contract, cough, cough, cough..."

Dongfang Yingwu deliberately coughed twice when he said this, and then said indifferently, "also, don't get someone to follow and spy on me, because there's no need for that. I'm not hiding from you."

Dongfang Mo's originally cold and dark face was once again covered with a layer of frost. He quickly called for a high-level meeting of the DFM group to discuss how to solve this thorny matter.

◆◆◆◆ DIVIDING LINE ◆◆◆◆

After Dongfang Mo left, Mu ru slept on the bed for a while before getting up. Actually, she had a very poor ability to adapt, especially in an unfamiliar environment. It usually took her a long time to truly adapt.

Therefore, when she went downstairs, little feather and great-aunt were no longer at home, and Dongfang Jun did not see any shadows. He was probably busy with his own business like Dongfang Mo..

In America, breakfast was still hamburgers and milk. She was not very interested in hamburgers, but because she was hungry, she forced herself to eat a little. The milk was quite fresh, so she drank two large glasses.

She asked the maid for great-aunt's number and called to ask where they were. In the end, great-aunt brought little feather to buy toys. Little feather probably used her small mouth to make great-aunt happy again, so when great-aunt was happy.. Great-aunt met her unreasonable request.

There was no one at home, so it was fine to wander around the courtyard alone. Therefore, she thought of going to the nearby hospital to see what was wrong with her and why she was still dizzy.

She asked the nearby hospital, but the result was that it was still a long way away. great-aunt lived in a remote place. Although the air environment was suitable for self-cultivation, it was indeed very inconvenient, especially when there was no car.

She went to the main road outside and hailed a taxi. She went to the hospital the servant mentioned and registered to see the doctor. After a series of examinations, she finally came to the conclusion that she was pregnant.

Pregnant Mu Ru's entire brain was rumbling, as if she was struck by lightning.

She hurriedly told the doctor that she had her period this month. Although it was only one day and the amount of menstruation was small, there was indeed blood?

The doctor said that it wasn't considered menstruation and was just an illusion. At that time, she didn't react to it during her menstrual period. It was probably because the child was in bed late. In short, she was pregnant now, and it was six weeks.

Pregnant, she was pregnant again, and she was pregnant with Dongfang Mo's child again!

She was also a careless person. After the last conversation with Cheng Feier, she had thought of buying birth control pills. However, after Dongfang Mo threw them away, she was confused and forgot to buy them again.

Now, the result of being careless was that the child quietly arrived again. The doctor just now asked her what her plan was?

What plan was she going to make? Of course, she was going to give birth. If Dongfang Mo wouldn't allow her to have an abortion, even she herself would be reluctant to give it up.

Alright, back in Binhai, she was still thinking of leaving Dongfang Mo with little feather to fulfill his and Xi Muxue's wish. But now, it seemed that she was going to disappoint Xi Muxue. Even if it was for the child, she wouldn't take the initiative to leave Dongfang Mo. Because she wasn't willing to let her second child experience another life without a father.

Chapter 825: Who is who

Of course, if Dongfang Mo didn't want her and wanted to chase them away, that would be another matter.

However, the possibility of that was almost zero, because Dongfang Mo had repeatedly emphasized that he wanted to spend the rest of his life with her.

She didn't know whether Dongfang Mo thought of her as his wife or as Xi Muxue's substitute, but that was no longer important. What was important was that he wanted to keep her and the child by his side, and she didn't have the ability to escape. She could only stay by his side.

Mu Ru was about to take a taxi when she received a call on the way back. At that time, she was stunned. Her number was Binhai's. People in the United States usually would not call her, right?

It was probably Binhai's Cheng Feier. Her phone was globally connected, so she could also pick up and make a call in the United States. It was just that the cost was relatively expensive. After all, it was international.

She took out the phone and pressed the answer button without much thought. However, after she pressed it, she realized that it was Dongfang Jun calling. He said that he had brought little feather and great-aunt to a certain place. It was noon now, so he asked her to go over for lunch.

Mu Ru looked at the time. It was indeed noon. She thought that she would be at home alone when she took a taxi back and would not be allowed to look for little feather and great-aunt. It would not be so boring to be together with more people.

After hanging up the phone, she immediately hailed a taxi and headed to the place that Dongfang Jun had mentioned. Sitting in the taxi, she was still thinking about Dongfang Mo saying that Dongfang Jun had offered to cooperate with him. Did that mean that the relationship between the two brothers, which had been in a deadlock for several years, would be eased?

If the relationship between the two brothers was eased, then she and the children would not have to worry about going out in the future. In fact, Dongfang Mo always said that it was not safe for them to go out. In fact, she was still wary of Dongfang Jun's family kidnapping them or something like that.

Because she was pregnant, her head was a little dizzy. She sat in the back seat and placed her hand gently on her abdomen. She did not know if it was an illusion, but she seemed to feel that the child was moving in her stomach.

Mu Ru was stunned. Her child was only six weeks old, which was only forty days old. How could it move? The child would only move after twelve weeks, right?

An illusion. It must be an illusion. She felt that it was caused by her nervousness, so she quickly removed her hand and turned her head to look out of the car window. However, she found that the surroundings were barren, as if they were not in the city anymore.

She could not help but feel puzzled. This great-aunt was the same. She brought little feather to such a remote place to play Occasionally, she would see one or two houses by the roadside. Could it be that there were fewer people in this place and the air was better?

However, the taxi was still in the form of a taxi. It was probably just passing by this place. When they reached their destination, it should be in a certain town. Was She worrying too much?

Finally, the taxi stopped. Mu Ru paid the fare and got off. She found that the surroundings were bare and felt that something was not right. Dongfang Jun said that he wanted to have lunch, but how could there be a place to have lunch in this place? There was not even a restaurant?

Therefore, she couldn't help but take out her phone and call the number that Dongfang Jun had called. However, just as she pressed the play button, a person quickly rushed out from behind and snatched her phone away.

Mu Ru immediately reacted. She had been robbed, so she turned around and was about to scream. Unfortunately, the moment her mouth opened, another person rushed up and blocked her breathing passage with a black cloth.

An unpleasant smell quickly entered her mouth. The second before Mu ru fainted, the only reaction in her heart was that she had been deceived, and the person who had deceived her was Dongfang Jun. she had been kidnapped again.

Chapter 826: Who is who

Dongfang Mo had been busy at DFM for the whole day. Because of this troublesome matter, he had called a meeting. Dongfang Yingwu was very arrogant and wanted them to pay another three billion for the oil.

The most important thing was that Henry, who had signed the contract at that time, had escaped. Although the police had been called, he had already run to Italy. It was not something that could be caught in a day or two.

Of course, Dongfang Mo could not pay another three billion. Now, he had to find the source of Dongfang Yingwu's oil. Of course, he had already found it. It was the Saudi oil tycoon Hashim.

It seemed like he had to meet Hashim. Although they had never interacted before, he had to remind Hashim that Tom's real name was Dongfang Yingwu, the leader of the Black Eagle Group. The Black Eagle Group didn't have a good reputation in the underworld.

It wasn't easy to find Hashim's private phone number. A Hao and his elite troops worked hard for the whole afternoon. Finally, they decoded Hashim's private phone number before Dongfang Mo got off work.

Dongfang mo rubbed his forehead with his hand and let a Hao drive while he took out his phone to call Hashim.

However, just as he entered two numbers, the phone suddenly reminded him of a call. It was Binhai's number, so he hesitated for a moment and instinctively pressed the answer button.

The call was from Uncle Liu in one inch ink city. He said that according to Dongfang Mo's instructions, he had been observing Xi Muxue's whereabouts for the past two days. However, for some reason, he saw her on the streets of Binhai last night. However, he didn't see her today. Moreover, he couldn't see her at Xi Yuancheng's place.

Dongfang Mo could not help but be stunned. It was just that he had not seen her for a day, so he said nonchalantly, "let's ignore her for now. She probably can't take the loneliness anymore and has gone crazy somewhere."

Uncle Liu quickly said on the other end of the phone, "it doesn't seem like that. I heard Mother Wang say that when Xi Muxue went out last night, she kept muttering about how she must succeed this time. I don't know what plan she's making."

"Plan?" Dongfang Mo's brows instinctively furrowed, so he said to Uncle Liu, "I got it. Continue to keep an eye on Xi Yuancheng's movements. I'll contact Xi Muxue right now and ask her what she's doing now."

After hanging up on Uncle Liu, Dongfang Mo did not have the time to call Hashim. He immediately called Xi Muxue's number, but the sound of the phone being turned off came from the phone.

Xi Muxue's phone was turned off, and his brows furrowed even tighter. He had always been on guard against that woman, but after she was pregnant, his guard had been lowered. After all, she was a pregnant woman, what else could she do?

Back at his great-aunt's villa, little feather was playing with his great-aunt, but he did not see mu ru. He could not help but get anxious and quickly asked who knew where Mu Ru had gone.

The maid immediately told him that Mu ru had left in the morning. It seemed that she had gone to the hospital for a checkup. She said that she had caught a cold for a few days.

Dongfang MO quickly dialed Mu Ru's number again. This time, there was also a notification that her phone was turned off.

Dongfang Mo immediately panicked. Mu Ru was unfamiliar with the place. Moreover, she had left in the morning. It was already late in the evening. Even if she had a checkup for a cold, she should have come back long ago.

AHAO quickly helped to check Mu Ru's phone records for today. Very soon, he found that Dongfang Jun had spoken to her at noon. However, in the afternoon, she had not spoken to anyone on her phone.

Chapter 827-who is who's robbery 28

He talked to Dongfang Jun on the phone?

Dongfang Mo instantly understood. He smashed his fist on the coffee table, almost crippling his great-aunt's Mahogany coffee table.

When Dongfang Jun talked to him about the cooperation between the two families, he still felt that his younger brother had grown up and already had a strategic vision. He even wondered if Dongfang Jun

had already seen through Dongfang Yingwu's true identity He was preparing to break away from Dongfang Yingwu's control.

However, he had indeed overestimated Dongfang Jun and underestimated Dongfang Yingwu. Presumably, when Dongfang Yingwu told him that he was Dongfang Jun's father, the balance in Dongfang Jun's heart could not help but shift towards Dongfang Yingwu's direction.

Dongfang Yingwu had thought of a way to trick him into giving him three billion. At this moment, he was probably afraid that the trick would not succeed, so he had someone kidnap Mu ru again. The purpose was to make him pay three billion to them.

In short, for three billion, their family had split into two groups and worked together. The purpose was to kill two birds with one stone. Of course, even if a certain plan did not succeed, as long as one plan succeeded, they would get three billion The success rate of the bid would be much higher than the Dongfang Corporation's.

However, at this moment, he could not care too much anymore. Whether it was the three billion or the five billion, he only wanted to know where Xi Muru was. He had to find mu ru as soon as possible.

Little feather knew that Mommy was gone and could not help but curse. Then, she snatched Dongfang Mo's phone and was about to call Che Qixuan. In her heart, daddy was the most powerful person.

Dongfang Mo immediately snatched the phone back and glared at her. "He's in Korea, so far away. When he gets here, Mommy won't know what will happen. Distant water can't save the near fire!"

"Far water indeed can't save a near fire," little feather yelled back angrily "But mommy and I have lived with Daddy in Korea for more than four years. We have always been safe and sound. Ever since you snatched mommy away to Binhai, mommy and I have always met with this and that. Big Liar, just how many enemies do you have?"

When Dongfang Mo heard little feather's tearful question, he couldn't answer a single word. When he heard little feather call him a big liar again, his heart instantly felt like it was being twisted by a knife.

He had always put the safety of Mu ru and her daughter first. In Binhai, after he married Mu Ru, it should be said that he didn't let her feel any danger anymore.

However, this time, he was too careless when he brought mu ru and little feather to Binhai. He was sentimental and trusted Dongfang Jun, thinking that he was still his third brother.

This time, he wouldn't be merciful. Mu Ru had to be saved. No matter how much it cost, it was just Dongfang Mei and Dongfang Jun. sorry, he couldn't still care that they were his family.

So, he quickly got Ahao to get his elite troops to track down Mu Ru's current location. Of course, he also had to decipher Dongfang Jun and Mu Ru's phone records that afternoon At the same time, he got DFM's security personnel to quickly join in the rescue business.

As for himself, he quickly called Hashim. Dongfang Yingwu knew that with both sides, he, Dongfang Mo, would definitely not be worse than him. He believed that after Hashim listened to his call, he would definitely hold Dongfang Yingwu back.

Chapter 828-who is who

Mu Ru did not know how long she had been unconscious. When she slowly woke up, she found herself trapped in a small, narrow room. The room was pitch-black and there was no light. Her hands and feet were tied with ropes. Her mouth was also taped.

She opened her eyes forcefully, but she still could not see everything around her. She wanted to struggle hard, but her hands and feet could not move. She wanted to scream for help, but her mouth was taped and she could not make any sound.

Why did this happen? She was kidnapped in the United States for no reason. Who kidnapped her?

WAS IT Dongfang Jun? But she didn't have any enmity with Dongfang Jun, right? Could it be that Dongfang Jun kidnapped her to use her to blackmail Dongfang Mo?

She shook her head. She had been in contact with Dongfang Jun in the United States for the past two days, but she didn't find anything strange about him. In fact, he was very good to her. Little Feather had been calling him third uncle and third uncle for the past two days, so she was very close to him?

Could it be? Everything was an illusion. It was Dongfang Jun who had deceived her and Dongfang Mo. His so-called wanting to cooperate with Dongfang Mo was all a lie?

Mu Ru could not figure it out. In her memory, Dongfang Jun had been extremely good to her. It was that time when he had bought her from Leng Leiting for one billion yuan. She personally believed that he was under the control of Dongfang Yingwu and Dongfang Mei.

However, this time, it was in the United States. Dongfang Yingwu and Dongfang Mei were not around, and Dongfang Jun was alone. Could it be... ..

Just as Mu Ru was puzzled, a slightly coarse male voice came from behind her. "pull her out. BOSS WANTS TO INTERROGATE HER!"

The man spoke in American English, but Mu Ru understood immediately. She instinctively moved her body backward because she suddenly thought of Xi Muxue's experience after she was kidnapped.

"Hehehe, this woman is really not bad-looking." A man next to her looked at Mu Ru with a lecherous gaze. Then, he swallowed his saliva and said, "I wonder if boss will reward us with this woman after the interrogation?"

When Mu Ru heard this, she struggled with all her strength. Her head did not stop shaking, and her mouth, which was covered with tape, kept making squeaking sounds to express her protest and anger.

"Hehehe, brother, you should not always think about playing." The first man who spoke laughed twice. "This woman seems to have a fierce temper. She is probably a cat-like woman. When she plays with us, she will definitely not be obedient. We have to be careful. If the cat claws scratch our faces, it will not be good."

"It's more fun to play with women who look like cats." Another man came over to help. The two of them carried Mu Ru out of the door. At the same time, he continued, "actually, it's not fun to play with

women who look like dead pigs lying on their backs. I think this woman will definitely have a lot more fun to play with. Later, the two of us will go together and play 3P.....-... ”

Although Mu ru could not speak, her gaze was as cold as an ice blade as it landed on these two perverts. She thought that if her gaze could kill, she would have already cut these two American men into a million pieces.

When she walked out of the door, her surroundings immediately became weak. Only then did mu ru realize that this seemed to be a corridor. These two people were carrying her towards the end of the corridor, and the light at the end of the corridor was very bright.

Chapter 829-who is who

The light at the end of the corridor was indeed very bright, because the door at the end of the corridor led to a spacious and bright hall. Both sides of the hall were filled with black-clothed people, and the middle of the hall was empty. However, because of the cold and solemn faces of these black-clothed people, one could immediately feel the aura of the underworld.

Mu Ru's heart immediately thumped. Because of this scene, she could not help but think of the time when she was kidnapped by Nangong Xun seven years ago. That time, Nangong Xun's extremely tall hall was also filled with black-clothed people.

The two men who carried mu ru placed her in the middle of the hall. Then, they quickly tore the tape off her mouth and removed the ropes that bound her hands and feet.

It was obvious that in the eyes of the men in black, she was an unarmed and weak woman. It was impossible for her to escape from their hands. Therefore, they felt that it was an insult to their abilities that so many men guarded a woman and bound her hands and feet.

“Who are you people? What grudge do you have against me? Why did you kidnap me?” Mu Ru was a little numb because her hands and feet had been bound for too long. She stood unsteadily, but her voice was firm and powerful. Her cold gaze swept across the group of men in black, and there was no fear on her face.

Ever since she had taken Mu Xue's place to marry Dongfang Mo eight years ago, kidnapping had become normal to her. So when she was kidnapped again, she no longer had that kind of feeling of fear and trepidation.

When the time came, the situation would be the same. The kidnapers always had some kind of purpose, so she knew that it was useless to resist. However, it was also useless to be afraid.

The group of men in black ignored mu RU's words as if they did not hear her. Mu Ru was stunned for a moment before she realized that she was speaking Chinese in a hurry. She reckoned that these people did not understand Chinese.

Alright then, it seemed like she had to repeat the question in American English. As she thought about it, she was about to speak again. However, a sinister male voice came from behind her. “Miss Xi, you don't have to be so nervous. I just asked you to come and chat with me.”

Because the man's voice came from behind her, Mu Ru instantly turned around and noticed a man wearing a silver windbreaker and a spider-man mask walking over.

"Who exactly are you?" Mu Ru was not intimidated by his spider-man mask. She continued to ask her own question, "do I have any grudges with you?"

"Hehehe, it seems like Miss Xi has forgotten too much." The masked man was also surprised by Mu Ru's question. He could not help but remind her, "Miss Xi, have you forgotten that we worked together last year? Back then, you said you would pay us three million USD in labor fees, but you're so nice. We worked for you, but you haven't paid us a single cent and you've even gone into hiding, making it easy for us to find you."

"I don't know who you guys are, let alone what kind of cooperation you're talking about. I've never worked with anyone before," Mu Ru said coldly.

"Hehehe, I've long heard that Miss Xi is famous for being shameless. It seems like the rumors aren't unfounded," the masked man laughed coldly. Then, he walked up to Mu Ru and used his hand to lift her chin. "Unfortunately, Miss Xi, this time, I don't plan to let you off so easily. The three million USD reward plus five hundred thousand USD interest is a total of three and a half million USD. If you don't pay me, then don't blame me for being rude."

Chapter 830-who is who

"What kind of nonsense are you talking about?" Mu Ru turned her head to the side and flung the masked man's hand away. She stared at him coldly and said, "I'm sorry, I've never asked anyone to do anything for me, and I've never owed anyone money. Did you guys mistake me for someone else?"

This person called her Miss Xi, which meant that he knew her. However, Leng Leiting's experience of kidnapping her told her that this person must have mistaken her for someone else, just like Leng Leiting's men back then.

It was probably because Xi Muxue had caused trouble outside again. She owed them more than three million dollars. She was really bad at debt. Moreover, when she owed money, it was probably before her face was disfigured, which led to her being mistook for someone else.

Just as she was about to tell if she was the person they were looking for.. The masked man continued, "Miss Xi, I think you've forgotten. Last November, at Binhai, you asked us to kidnap a little girl called little feather. You even said that we should try our best to transport her to a faraway place. That time, because of your plan, two of our brothers lost their lives. At the same time, our cruise ship was destroyed. The total cost is actually far more than three million and five hundred thousand US dollars. Now, we're just asking you to pay US three million US dollars based on your ability. You actually want to cheat us. Do you think that's possible?"

When Mu ru heard the masked man's words, she felt as if she had been struck by lightning. She was completely stunned. Never in her dreams would she have thought that.. The time when little feather was kidnapped and almost sold last year was actually planned by Xi Muxue.

She still remembered that little feather had once told her that back then, she had been tricked by Dongfang Mo into coming to one inch mo city. It was Xi Muxue who had helped her escape. Even the place where she had escaped was also told to her by Xi Muxue.

And after little feather had flipped out, she had been snatched away by someone. However, she had not thought about Xi Muxue at that time. She only felt that it might have been a coincidence. No matter how bad Xi Muxue was, she would not have done such a thing to her own niece, right?

However, who would have thought Who would have thought It was really Xi Muxue?

When she thought of this, Mu Ru immediately became vigilant Hence, she pretended to be Xi Muxue and said, "is that so "I really don't remember. At the end of last year, I encountered some things, so I lost my memory for a lot of things. I can't remember now. Can you please tell me why I asked you to kidnap that child called little feather? "

"How would I know why you wanted to kidnap that girl named feather? " The masked man growled unhappily. "In short, Miss Xi, back then, you swore that if you couldn't pay the money, you could ask Dongfang Yingwu to help you pay, because this kidnapping plan was jointly planned by you and Dongfang Yingwu. "

"Then, why didn't you ask Dongfang Yingwu? " Mu Ru continued to ask without batting an eyelid, but in her heart, she suddenly understood. It turned out that Mu Xue was secretly colluding with Dongfang Yingwu.

During the five years that she was not in Binhai, Mu Xue had been living in one inch ink city with her identity, living by Dongfang Mo's side. Mu Xue kept telling her that she loved Dongfang Mo..

Since she loved Dongfang Mo, then she should know how tense the relationship between Dongfang Mo and Dongfang Yingwu was. Since she loved Dongfang Mo, then she shouldn't have been secretly in contact with Dongfang Mo..
