### Chapter 831-who is who

“Ask Dongfang Yingwu for it?” The masked man scoffed at Mu Ru’s words. “It’s so difficult for us to find you, but can we still find the cunning Dongfang Yingwu?”

Mu Ru was stunned. The masked man was telling the truth. If Xi Muxue and the rest could not find him, where could they find Dongfang Yingwu. Compared to Xi Muxue, Dongfang Yingwu was many times more cunning.

One of the two men who had just carried mu ru out gulped a few times. Seeing that the masked man was talking to Mu Ru, he could not help but become anxious. Thus, he eagerly said, “big brother, stop nagging her. This woman is so pretty. Even though that old bastard Dongfang Yingwu had sex with her, I think the taste must be pretty good. Now that the brothers are all hungry, let’s eat some meat first?”

“What’s the rush?” The masked man glared at his little brother. Then, he said coldly, “this mission is very special. Just now, the boss called and said that there’s an identical one on the way. Won’t it be more comfortable for the two of us to enjoy it together later?”

Mu Ru was shocked again. There was another identical one that had to be sent over. This meant that not only did they kidnap her, but they also kidnapped Xi Muxue.

Wait, wasn’t Xi Muxue at Binhai? They were really resourceful. They kidnapped her in America, kidnapped Xi Muxue in Binhai, and then sent Xi Muxue to America.

It seemed that the masked man’s boss was really powerful. He was probably even more powerful than Dongfang Mo, right?

The other underling beside the masked man had long been drooling over mu ru. He couldn’t help but carefully suggest, “big brother, why don’t we sleep with this woman first and send the ones sent over later to our brothers? Anyway, eat them earlier...”

“What’s the rush?” The masked man tapped his finger on the top of his head. Then, he reminded him coldly, “don’t worry. The boss said that after the matter is settled, we will have full authority to deal with the two women. At that time, you can play with them however you want. It’s no problem to play them to death.”

In fact, the masked man’s pair of colored eyes had long been scanning Mu Ru’s pink lips and chest through the eyes on the mask. If not for the boss repeatedly explaining the importance of this matter.. He probably wouldn’t have been able to resist pressing this woman under his body in public.

When Mu ru heard their dirty words, she immediately swept her gaze across the masked man and the two men like a sharp sword. In her anger, she couldn’t help but raise her foot and kick the man in black who was closest to her.

“Aiyo, big brother, this girl has quite a temper.” The man in black took a step back and reported to the masked man, “looks like she can’t stand being lonely anymore. She actually started to seduce me with her foot.”

“Brother, I’m not going to tell you just now. You have to endure it first.” The masked man warned his subordinate coldly again, “the boss has already said that we can play with the girl. The key now is to wait for him to finish his work. If we spoil the boss’s work, this trip will probably be in vain. How long has it been since we have money to spend?”

“Oh, okay.” The subordinate finally answered reluctantly and leaned closer to the masked man. They were people from the underworld, so they still had to abide by the rules of the underworld.

### **Chapter 832: Who is who**

“You’re all animals.” Mu Ru glared at the few perverts before her like a sharp knife. She gritted her teeth and said, “I curse you all to die a horrible death.”

“Hahaha,” the masked man could not help but laugh. He walked over and lifted Mu Ru’s Chin with his hand. He laughed maniacally and said, “Miss Xi, you probably don’t know this yet. People like us who live on the edge of a knife have never thought about dying a good death. We only want to live a good life. We want to live a good life. While we’re still alive, we want to live as happily as we can!”

“That’s right, live a good life!” The underling beside him echoed his words and laughed out loud as well.

“something’s happened. You’re worse than pigs and dogs.” Mu Ru finally could not hold back her anger and started cursing. “If you want to live that happily, why don’t you just turn into humans? Why don’t you just turn into beasts?”

“Are you F \* Cking tired of living?” The masked man was furious when he heard Mu Ru calling them beasts. Hence, he rushed up to her and said, “if you dare to call me a beast again, I’ll show you right now. I’ll F \* Ck you right here in front of so many brothers. I’ll let you experience what real beasts are like.”

Mu Ru immediately became obedient and did not say a word. At this moment, she knew that she could not go against them, so she had to temporarily lay low and not completely anger this group of animals.

In fact, she was not afraid of death, because seven years ago, when Nangong Xun kidnapped her, she also lingered on the edge of death.

However, compared to this group of animals, Nangong Xun was indeed much more humane.

Thinking of the time when she was kidnapped by Nangong Xun seven years ago, Dongfang Mo still arrived at the critical moment. But this time, would Dongfang Mo be able to smoothly rush over?

When the masked man saw that Mu Ru had become obedient, he slightly calmed down his anger. He took two steps back and adjusted his mask with his hand. Then, he picked up the water bottle beside him and drank a mouthful of water.

“boss, something bad has happened.” Following a slightly panicked voice, a lackey dressed in black suddenly ran into the door.

“What’s the big deal?” The masked man frowned in displeasure and reprimanded his subordinate in a cold tone.

“Dongfang... Dongfang Mo... Dongfang Mo has already come looking for us!” The lackey who had just ran in said breathlessly.

“What? Dongfang Mo came to torture US quickly?” The masked man was shocked, and his voice trembled slightly. He quickly turned around and retreated to a distance away from the group of men in black and mu ru. Only then did he take out his phone to make a call.

“boss, Dongfang Mo has already arrived, but you said that there was another woman who looked exactly the same. Now that the woman hasn’t arrived, what should I do here?”

At this moment, the masked man had already lost his cold and domineering attitude from before. When he talked about Dongfang Mo on the phone, it was as if he was talking about a God.

“You just need to stabilize that area.” A cold and steady middle-aged woman’s voice came from the phone. “things have changed a little. I’ve already changed my plans and arrangements, but this time, we’ll definitely win.”

“What? You’ve changed your plans and arrangements?” The masked man was clearly stunned. He hurriedly asked, “boss, how could you do this? You changed your plans and arrangements without informing me? How can I deal with Dongfang Mo now?”

### **Chapter 833 who is who’s robbery 34**

“Why are you panicking?” The woman who the masked man called the boss on the phone was still very calm. Obviously, she said with confidence, “I originally had two sets of plans. Now, I’m just carrying out another set of plans and plans. You just have to follow my instructions.”

“Okay!” The masked man quickly responded. At this moment, he could only listen to his boss’s arrangements.

“Now, let this woman in your hands go for now.” The calm and steady arrangements continued to come from the phone.

“But Dongfang Mo has already arrived?” The masked man carefully reminded his boss and could not help but feel puzzled.

“Didn’t I just say that there was a sudden change in the matter? Just follow my instructions and do it. Why are you so long-winded?” The middle-aged woman’s voice came from the phone.

“Yes! !” This time, the masked man agreed very straightforwardly. In fact, at the moment, he could only follow the boss’ instructions because he was already at a loss.

“Don’t turn off the phone, follow my instructions later...” The boss’ middle-aged female voice quickly traveled from the phone to the masked man’s ears.

“okay, I UNDERSTAND!” The masked man quickly agreed.

The masked man had just finished his phone call with his boss when Dongfang Mo’s figure walked in from the door and appeared in the sight of the man in black.

At this moment, his dark face was like a thousand-year-old ice. His ice-cold eyes were like sharp blades of cold light, and his entire body was exuding a somber aura, as if a god had descended.

Behind him, there was a row of men dressed in the same black attire. Each of them had a crew cut, and their faces were all cold and solemn.

“Hehehe, I’ve long heard of President Dongfang’s great name. It is said that both the black and white factions have to give way to him. Today, when I saw him, he really lived up to his name. I just didn’t expect President Dongfang to have so many people in America. I’m really impressed!”

When the masked man saw Dongfang Mo, he greeted him with a smile on his face. However, he secretly gestured to his subordinates to prepare for battle.

Dongfang Mo coldly glanced at the masked man in front of him. He had always disdained people who did not even dare to reveal their faces. Hence, his face was dark. He coldly said, “I’m here for two things. The first is to quickly release the woman in your hands. The second is to answer a question of mine.”

When the masked man heard Dongfang Mo’s words, he also sneered. He snorted coldly and said, “President Dongfang, although I have long heard of your name, and it is an honor to meet you today. It is said that the underworld power behind the Dongfang Group is no small matter, and it is indeed extraordinary to meet you today. However, your strength does not mean that we have to fear you. You said that answering one of your questions would not be a problem, but we can not just hand this woman over to you.”

People who lived in the underworld actually had their own characteristics. Although they admired someone, when they really met that person, even if they were afraid in their hearts, they would never show the slightest bit of fear on the surface. Because they would not lower their aura in front of anyone.

Mu Ru sized up Dongfang Mo from afar. His face was still cold and dark, but because his hairstyle was slightly messy, people could sense that he was in a hurry. He must have rushed over in a hurry.

### **Chapter 834—who is who**

How did he know that she was here? Could it be that Dongfang Jun told him?

No, no, no, it shouldn’t be Dongfang Jun who told him. It was likely that Dongfang Jun used her to blackmail him again, and he knew that she was in danger, so he rushed here in a hurry?

But, that wasn’t right. Just now, the masked man clearly said that it was because Mu Xue owed them money last year, and the person they wanted to kidnap was Mu Xue and not her. The reason why she was in trouble was because they were the same as Leng Leiting’s men.. They had mistaken her for someone else.

Mu Ru had many questions in her heart that she could not understand. However, Dongfang Mo’s arrival at this moment made her originally anxious heart instantly calm down, and a trace of warmth gradually appeared in her heart.

She could not help but raise her head, and her clear eyes were as clear as spring water as she looked at Dongfang Mo. She winked at him, meaning that she was still fine now, so he should not worry too much.

Dongfang Mo clearly saw mu ru as well. His gaze quickly swept past mu ru, and the corners of his lips curled up faintly He said in a cold and cold voice, “why do you people keep finding Mu Xue? When did she offend you? ”

When Dongfang Mo said this, Mu Ru’s heart immediately thumped, and she felt that something was not right.

If this group of men in black could not tell who she was and who Mu Xue was, then it was understandable. After all, she and Mu Xue were twin sisters, and they looked almost exactly the same. People who did not interact with them often would not be able to tell.

However, Dongfang Mo lived with her every day, so he was very familiar with her and Xi Muxue. How could he not tell that she was mu ru and not Mu Xue?

“Hehehe, President Dongfang’s words are a little ungrateful, ” the masked man laughed dryly and said, “I think President Dongfang is also a gangster, so he should know the rules of the underworld. Since we helped her do something, then he should give us a fee. ”

“Dongfang Mo, they were the ones who kidnapped little feather last year, ” Mu ru quickly shouted from the side, “they said that Mu Xue hired them to kidnap her. ”

Dongfang Mo’s face was still dark, and his expression became colder and colder. He turned his gaze to Mu Ru and winked at her, indicating that he already knew.

“Hehe, ” the masked man could not help but laugh dryly Then, he turned his head to mu ru and said, “I say, Miss Xi Muru, it seems like you have a lot of trust in Dongfang CEO Have you forgotten how he treated you Have you forgotten how he forced you to drink abortion drugs Have you forgotten how she chased you out of one inch Mo city at your most difficult time “Did you forget that he set up Zheng Yifan to make you sign that agreement to be his mistress for the rest of your life “Did you forget that he was the one who broke up your marriage with Zheng Yifan “Did you forget that he was the one who stopped your happiness for the rest of your life? ”

Mu Ru’s eyes widened instantly as she stared at the masked man in front of her. She could not help but blurt out, “how did you know that I’m Xi Muru? Didn’t you just say that I’m Xi Muxue? ”

“Hahahaha, ” the masked man could not help but laugh when he heard Mu Ru’s words Then, he said proudly, “not only do I know that you’re Xi Muru, I also know all your stories. Seven years ago, you took your sister Xi Muxue’s place to marry the CEO of Dongfang. You encountered a series of unfortunate things that shouldn’t have happened to you. However, not only are you ugly, but you’re also very stupid, so when compared to your sister Xi Muxue, you’re not just a little bit inferior. ”

## **Chapter 835 — who is who**

When the masked man said this, he took a deep look at Xi Muru, who had a blank look on her face. Then, he turned around and clenched his fists under his sleeves. He tried his best to maintain a hypocritical smile on his face He turned around and looked at Dongfang Mo. “President Dongfang, do you think what I said just now was right? ”

A hint of surprise flashed across Dongfang Mo's cold and icy eyes. Then, he returned to normal. Then, he waved his hand and said in a low voice, "go and bring the Madam here!"

"Yes!" The moment the word 'yes' was heard, the man in black behind Dongfang Mo took out a new handgun from his pocket almost in unison and pointed the muzzle at the man in black.

"President Dongfang, why are you so agitated?" The masked man was not intimidated by the gun in Dongfang Mo's hand. Instead, he reminded him coldly, "President Dongfang, you have to think clearly now. The person you want to save is Xi Muru or Xi Muxue. Remember, you only have one chance."

Dongfang Mo's thick eyebrows almost jumped twice in an instant. His cold gaze was like a sharp sword as it landed directly on the masked man. He was about to open his mouth to refute.

However, the masked man had already quickly gestured to his subordinates. In less than five seconds, a woman who was tied up like a dumpling was pushed in. This woman was actually Xi Muxue who was four months pregnant.

The two men in black pushed Xi Muxue in front of Dongfang Mo. At this moment, Xi Muxue's left and right cheeks were red and swollen. There were clearly red and white fingers on her face, and her eyes were constantly glistening with crystal clear tears.

"Ah Mo, save me." The moment Xi Muxue saw Dongfang Mo, it was as if she saw hope, and she quickly cried out to save him.

Dongfang Mo was slightly shocked. He bent down slightly, wanting to help Xi Muxue, who had fallen in front of him like a meat dumpling, up. Unfortunately, the masked man was one step ahead of him, and he moved with lightning speed. He pressed the muzzle against Xi Muxue's temple, and at the same time, he dragged Mu Xue to Mu Ru's side.

"Mu Xue!" Mu Ru could not help but let out a low cry, and a surprised voice followed. Seeing the five finger mountains and blood marks on her face, Xi Muxue really looked like a pig.

This group of people were still allies with Xi Muxue last year because the masked man said that Mu Xue was the one who instructed them to kidnap Little Feather last year.

It was just that they did not expect that in less than half a year, Xi Muxue and her former allies had already turned against each other.

And just as Mu Ru let out a scream, her temple was swiftly pointed at with a black muzzle. At this moment, she and Xi Muxue were standing together under the muzzle of someone else's gun.

Dongfang Mo's originally calm expression finally cracked under such a tense moment. The corner of his mouth twitched slightly and his dark face was instantly covered in a layer of frost. His cold eyes shone with a terrifying light.

"Hehehe, Miss Xi Muru, there are some things that you've been keeping in the dark, but CEO Dongfang is well aware of it," the masked man said as he pointed the gun at Xi Muxue while he came to Mu Ru's side. Then, the corners of his mouth curled into a cold smile.

"Now, let me explain the whole story in detail to you, so that you, who has always been stupid and kind, but is also like a little sheep, will never be fooled by them forever. After all, you also know that the men

in this world are all very bad. If a person like me who wants to live a happy life is considered a beast in your eyes, then today, I'll teach you a lesson, let you know just how bad certain men are."

### **Chapter 836-who is who**

At this moment, Dongfang Mo's attention was completely focused on the two women in front of him. He knew very well that he had to remain calm at this moment, because any reckless action could cause their lives to disappear instantly.

When Mu ru heard the masked man's words, her expression instantly turned cold. She turned her face to the side, not intending to listen to the masked man's nonsense at all.

She knew very well that at this moment, the masked man's words were nothing more than to sow discord between her and Dongfang Mo, or sow discord between her and Xi Muxue's relationship. And such words were probably just made up. It was a lot of water, and she did not know whether to believe it.

Regarding Xi Muru's current indifference and disdain, the masked man did not hold it against her. He just smiled faintly and said, "Miss Xi Muru, actually, after your daughter, little feather, was rescued last year, Mr. Dongfang Mo already found out that we did it, but he never arrested us, nor did he blame Miss Xi Muxue. Do you know why?"

Mu Ru could not help but be shocked, but of course, she did not know why. She had always thought that Dongfang Mo had not found out who kidnapped little feather.

"because the person that Mr. Dongfang Mo originally loved was Xi Muxue," the masked man did not mind mu Ru's silence. He continued, "In his opinion, Xi Muxue asking us to kidnap little feather was just a form of jealousy. It was a show of love. The reason why he did not arrest us was because once he did, we would expose the mastermind, Xi Muxue, and he did not want the woman he loved to go to jail because of this."

Although Mu ru had always told herself not to listen to the masked man's nonsense, after listening to the masked man's words, she instantly understood that this was not nonsense at all. This was all the truth.

Thus, her heart instantly tightened. She had never thought that it was fine if she did not have a place in Dongfang Mo's heart, but even little feather was not one-tenth of Xi Muxue's in his heart.

The masked man saw that Mu ru was silent. Then, he continued, "you may already know that Miss Xi Muxue is pregnant, and I think you know the origins of her pregnancy very well. And after Miss Xi Muxue was disfigured at the end of last year, President Dongfang Mo personally flew her to Korea for plastic surgery. I think you should have heard about it too, right?"

The masked man paused for a moment. Then, he continued, "Do you know why President Dongfang has always left you and the child in one inch ink city? That's because he hates you, very, very much. Because last year, the person that Fang zining wanted to get disfigured was you, but by chance, it was replaced by Xi Muxue. Hence, while President Dongfang Hates Fang zining and those three thugs, he also hates you."

Mu Ru stood there steadily. Her expression was cold and emotionless. Actually, regarding Xi Muxue getting disfigured last year, she knew that Dongfang Mo held a grudge against her. However, when these words were said by a stranger, it was a completely different matter.

“In the past half a year, we’ve actually been looking for Xi Muxue,” the masked man continued his topic. “But Dongfang Mo has protected Xi Muxue very well. Even though Xi Muxue is pregnant and doesn’t want to have a child, the Dongfang CEO insisted that she give birth to it. He said that as long as it’s her child, he doesn’t care who the father of the child is. He will raise the child as if it’s his own child. Because he loves Xi Muxue, He will love Xi Muxue’s child as well. ”

### **Chapter 837-who is who**

Mu Ru actually understood what the masked man was saying. She understood the principle of loving the house and the crow better than anyone else. As for the topic of Dongfang Mo Loving Xi Muxue’s baby, she actually knew that even if the masked man didn’t say it, it was certain.

Therefore, she wasn’t surprised by what the masked man said. She felt that what he said was simply nonsense, and she, as a person, didn’t like to listen to nonsense.

When the masked man saw that mu ru’s face was still as cold as ever, he didn’t react. So he continued, “Xi Muxue once hired us to kidnap your daughter, feather. This matter has always been a hidden danger in Dongfang CEO’s heart because he’s worried that when something happens to us, we will fall into the hands of the police and we will expose Xi Muxue. In that case, Xi Muxue will inevitably be imprisoned. ”

The masked man paused and continued, “actually, for the past half a year, Dongfang Mo has always wanted to catch us and kill US quietly. It’s a pity that he hasn’t found the right opportunity. ”

The masked man’s words were actually not completely useless to mu ru, especially when she heard this. Mu Ru’s body was clearly startled for a moment before she cast a puzzled glance at Dongfang Mo, who was not far away.

At this moment, Dongfang Mo’s cold gaze coincidentally withdrew from Mu Ru’s body and inadvertently met Mu Ru’s puzzled gaze in the air.

“actually, we’ve also been looking for Xi Muxue, ” the masked man continued with his topic, “but CEO Dongfang has protected Xi Muxue very well. During these few months, we couldn’t even find a trace of Xi Muxue. ”

Mu Ru thought to herself, Xi Muxue was sent directly to Korea after her face was disfigured. Of course, you couldn’t find her in Binhai. If you wanted to find her, you should go to Korea, right?

“This time, the Dongfang CEO finally found out that we’re in Hawaii, so he brought you to Hawaii in a high-profile manner. He deliberately found someone to leak the information to us, saying that Xi Muxue came to Hawaii. It means that we can ask Xi Muxue for the kidnapping fee. ”

Mu Ru’s face had always been cold and gloomy. Although she knew that Dongfang Mo was an extremely meticulous person, she never thought that he would be so thoughtful. In order to protect Xi Muxue from being imprisoned for the rest of her life.. He could actually abandon both her and little feather.

“The reason why President Dongfang brought you and the child to America was because he felt that this opportunity was very powerful for him. That’s why he deliberately didn’t send bodyguards and cars to you and allowed you to travel outside freely. His goal was to use you as bait to lure us out and take this opportunity to get rid of us. As for the safety of you as bait, he may not be in the mood to worry about it because the only woman he cares about is Xi Muxue.”

Everything that the masked man said was actually told to him by the so-called boss on his phone. He was just repeating it over and over again.

“Is what he said true?” Mu Ru shook her head almost instinctively. She looked at Dongfang Mo, who was not far away, full of doubt and confusion. Her heart, which had been slightly warm just now, was gradually turning cold.

If everything that the masked man said was true, then Dongfang Mo had brought her to Hawaii this time because of a premeditated plan. And her position in his heart as a substitute was not only marriage, but also her life!

### **Chapter 838-who is who**

Dongfang Mo, how could he do this Could it be that he did not know that little feather was his daughter He actually used her as bait to protect the mastermind who kidnapped little feather. How could he do this?

Could it be that just like what the masked man said, he was a man worse than an animal Was he a worse man?

Xi Muxue was completely stunned when she heard the masked man’s words. She also looked at Dongfang Mo with the same puzzled gaze. She kept muttering in her heart, could it be that Dongfang Mo really loved her?

When she saw that Mu Ru’s originally cold face was finally showing signs of cracking.. The masked man took the opportunity to add fuel to the fire, “Miss Xi Muru, you might not believe my words, but you have to think carefully. You’ve known Dongfang CEO for seven years, when has he ever treated you well When has he ever really cared about you Was it in the past or now?”

“You don’t dare to walk on the road, what nonsense are you spouting here?” Dongfang Mo’s originally dark face seemed to be covered in a thick layer of frost at this moment, and his cold voice was like a snow wind blowing from the sky.

“Hehe, am I spouting nonsense?” The masked man continued to smile with confidence Then, he turned his gaze to Dongfang Mo and said, “CEO Dongfang, why didn’t you tell Xi Muru why you gave her abortion medicine seven years ago “Even though she didn’t know whose child she was pregnant with at that time, you know very well in your heart, don’t you?”

Mu Ru was stunned when she heard this. Then, she turned her gaze to Dongfang Mo who was standing not far away. This question had always been puzzling in her heart. She also wanted to know why Dongfang Mo was even more poisonous than a tiger He actually wanted to kill his own child.

“Hehehe, if President Dongfang Mo doesn’t answer, I’ll answer for you.” The masked man saw Dongfang Mo’s gloomy face He continued to follow his boss’s instructions fearlessly. “Actually, seven years ago, the abortion in Xi Muxue’s stomach was just an illusion. Her so-called abortion was only caused by pig’s blood, and she did this to frame you. She was just looking for an excuse to kill the child in your stomach. This was actually an agreement between Dongfang Mo and Xi Muxue in secret. The reason why he didn’t want the child in your stomach was because you’re an ugly monster and a jinx. He was afraid that the child you gave birth to for him would also be an ugly monster and a jinx.”

Mu Ru’s head almost exploded in an instant, and her originally cold face instantly turned pale. Her eyes darted back and forth between Dongfang Mo and Xi Muxue, and in an instant, everything seemed to become clear.

Seven years ago, she was just a substitute, and ugly was a jinx. Of course, Dongfang Mo wouldn’t want her child, but he was too embarrassed to directly say that he didn’t want her child, so he negotiated with Xi Muxue to put on such an act?

But, that wasn’t right. Since Xi Muxue’s miscarriage was fake, then where did the child in her belly go Could it be that their child was still alive?

If that was really the case, why would Dongfang Mo think of a way to trick little feather back to one inch ink city Moreover, he even went to get a marriage certificate with her. Wasn’t he blocking his and Xi Muxue’s future?

No, that was definitely not the case. Mu Ru quickly denied the masked man’s words and then tried to persuade herself in her heart. Xi Muru, you can’t be so stupid. You can’t trust others in everything.

### **Chapter 839-who is who**

The reason why the masked man said that was probably because some of his words were made up. For example, when Xi Muxue had a miscarriage, she felt that the credibility was very low.

Of course, the masked man did not know how Mu ru felt. He saw that Mu Ru’s expression had already changed Hence, the more he spoke, the more excited he became. “from the beginning to the end, you were just a substitute, a bait, a tool he used to protect the woman he loved. Even if he thought he could save you, he still didn’t care about your life and death because he didn’t think it mattered.”

Mu Ru’s slightly pale face instantly turned cold. She stared blankly at the man whose face was filled with frost not far away, but her heart instantly became extremely complicated.

She knew that Dongfang Mo loved Xi Muxue, and she also knew that he cared about Xi Muxue. However, she had never understood that since he cared about her so much and loved her so much, why did he continue to trip her over and over again, even going to Paris to capture her He did not hesitate to trick little feather into coming to one inch Mo city to lure her there.

That was not right. It should not be what the masked man said. Although Dongfang Mo cared about Xi Muxue, it was not to the extent that he did not care about her and little feather at all. If that was really the case, he would not have personally gone to save little feather last year.

As she thought about it, she immediately showed her disdain towards the masked man's words. She snorted coldly and said, "thank you, big brother. Even though your mouth is like a river and your tongue is like a flower blossoming, describing many strange things as if they were real, but..."

Mu Ru paused when she said this, then her hands clenched into fists. As if she had made up her mind, she gritted her teeth and said, "but I won't believe a single word of it. So, you can shut your mouth and swallow all your nonsense back into your stomach. Don't waste your saliva."

Compared to Mu Ru's calmness and composure, Xi Muxue seemed particularly moved. She could not help but say to Dongfang Mo, "Ah Mo, thank you for your love and care for me all these years. Thank you for being so good to me. However, although Mu Ru is ugly and a jinx, she's really very kind. We can't be too selfish. We can't sacrifice Mu Ru for our future happiness. If that's the case, my conscience will be uneasy."

Xi Muxue's voice was sincere and affectionate. When she heard it, Mu Ru could not help but be stunned. Her brows instantly raised. What did Xi Muxue mean? Indirectly confirming that the masked man's words were true?

Dongfang Mo did not react at all when he heard Xi Muxue's words. It was as if he did not hear it at all.

"President Dongfang, I think you won't blame me for clarifying the fact that you and Xi Muxue are in cahoots in front of Miss Xi Muru, right?" Although the masked man was wearing a mask, no one could see his face. However, from his voice, one could hear how smug he was at the moment.

However, in the next second.. He said in a deep voice, "alright, President Dongfang, since you've already arrived, I believe you've already brought 40 million USD. If you bring any trouble, quickly get someone to bring it up. If you don't, I'm sorry, but you can only choose one woman to leave alive. Do you want to choose your lawful wife, Xi Muru, or the woman you love deeply, Xi Muxue?"

The moment the masked man spoke, his subordinates had already swiftly pushed Mu Ru and Mu Xue in front of Dongfang Mo. At the same time, their guns were pressed against the back of their heads.

The situation was at stake... ..

### **Chapter 840-who is who**

At this moment, Dongfang Mo was actually more anxious than anyone else. It was just that his usual calmness and self-control allowed him to calm down and handle any matter.

At this moment, he swiftly exchanged a look with Ahao who was beside him at a speed that others could not detect. Ahao held his gun and stepped forward, while his gaze quickly and proudly swept across the masked man who was diagonally opposite him.

The masked man was naturally not an ordinary person. Having been in the martial arts world for many years, he had long heard that Dongfang Mo was a person with an outstanding and wise mind and a calm thinking ability.

Actually, he was still afraid of Dongfang Mo from the bottom of his heart. If it was not for the boss's guarantee that he would definitely be fine this time, he would not dare to confront Dongfang Mo face to face.

Dongfang Mo was very clear that no matter how fast a Hao and little white's marksmanship was, it was impossible to save Xi Muru and Xi Muxue at the same time.

What should he do If he really had to choose one, then he would definitely save mu Ru. However, the kidnapper's heart was probably probing him. The one that they would usually attack was probably the one that he valued at the moment.

Before he could sort out his thoughts, Dongfang Mo suddenly heard two powerful gunshots, and the hall instantly became abnormally quiet.

Mu Ru glanced at Dongfang Mo, then calmly closed her eyes... ..

Xi Muxue, who was beside her, also glanced at Dongfang Mo, then calmly closed her eyes as well... ..

In the next second, two clear gunshots rang out at the same time in the empty hall in the suburbs.

The masked man's underling, who was standing behind mu ru with a gun pressed against the back of her head, was shot dead by Dongfang Mo's underling, Xiao Bai, before the bullet could even be fired.

The other person who fell to the ground was out of everyone's expectations because it was not the masked man's underling, but Xi Muxue!

Dongfang Mo's calm and cold face showed a rare look of shock. Obviously, he did not expect this kind of situation to happen either... ..

"Mu Xue!" Mu Ru reacted after a while and quickly shouted. She wanted to pounce on Mu Xue, but she was still tied up and could not move.

Xi Muxue fell to the ground with a smile on her face. Bright red blood flowed out from her abdomen. It was obvious that her injury was not light... ..

"Mu Xue... Mu Xue... Mu Xue..." Mu ru shouted Mu Xue's name loudly. Her tears almost flowed down instantly.

Although she did not have a good relationship with Mu Xue, she did not want Mu Xue to be injured in such a situation. Moreover, it was her abdomen. She was pregnant with a four-month-old child?

The masked man saw that everything was under the boss's control, so he quickly signaled to his subordinates to escape. Unfortunately, Dongfang Mo did not panic because of Xi Muxue's injury. He quickly threw a look at Hao. A Hao accepted the order The moment the masked man started to run, a bullet ended his life... ..

And when the masked man's men saw that the masked man was already dead and without a leader, no one dared to come out and resist. They were quickly subdued by a Hao and the others... ..

Mu Ru was completely stunned. Xi Muxue's face quickly turned Pale because she had bled too much, and she quickly fainted.

After Dongfang MO subdued the group of bad guys, he quickly bent down and picked Xi muxue up. He ran out screaming like crazy. "Ahao, drive. Go to the nearest private hospital!"
