Chapter 851 love is a superstition of the right place at the right time

Dongfang Mo's heart ached when he said this. After a while, he said softly, "Mu Ru, I rarely went to the XI family back then. I didn't even know that Xi Muxue had a twin and you were living with mother Wang. Even if I went to the XI family occasionally, I wouldn't have had the chance to see you. If I had known... ".
... ..

"None of this is important," Mu ru quickly interrupted him. Then, she continued indifferently, "CEO Dongfang, actually, love at first sight is not the so-called love at first sight. If we really want to talk about love at first sight, I also saved Nangong Xun back then. Furthermore, Nangong Xun has never mistaken my name and identity, and he even came to the XI family to make an engagement with me. If we follow your logic... ". " "... ". " ... "

"You can't marry Nangong Xun," Dongfang Mo hurriedly snatched Mu Ru's words away. Then, he grabbed her wrist like a child and said, "Mu ru, everything has to be done first, right? Even though you and Nangong Xun had the same experience with me, Nangong Xun met me after you did, right? "

"I'm just trying to be a match." Mu Ru did not want to continue dragging this matter with him. Moreover, being pregnant made her feel a little dizzy. Hence, she said a little irritably, "alright, Dongfang Mo, no matter what reason you were engaged to Xi Muxue back then, this is no longer important. What's important is... "

Mu Ru paused when she said this. Actually, she had no choice but to stop because she was feeling a little dizzy. Perhaps it was because she had stood for too long, so she quickly walked to the SOFA in the living room and sat down.

"What's important?" Dongfang Mo followed her in and sat down beside her. Then, he asked nervously.

"What's important is our interaction." Mu Ru looked at him from the side. She smiled bitterly and said, "Dongfang Mo, back then, I only helped you clean up your wound and left you a silk scarf. This doesn't mean that we have feelings for each other. Even if I took Mu Xue's place to accompany you by your bedside later, we didn't say a word at that time. This doesn't mean that we have feelings for each other. "

"mm, then how can we develop feelings?" Dongfang Mo asked sullenly, but his heart couldn't help but throb. Did he have a premonition that mu ru's next topic would be very disadvantageous to him.

Sure enough, she said indifferently and distantly, "Dongfang Mo, I feel that the real interaction between the two of us started when I took Mu Xue's place to marry you, and you truly made me remember you completely. It was you who gave me that abortion drug... "

"I didn't give you an abortion drug," Dongfang Mo quickly snatched the words away. Then, he hurriedly explained, "Mu Ru, at that time, others didn't know whose child you were carrying, but how could I not know? People say that even a tiger's poison doesn't eat its own child, so how could I possibly drug it to kill my child? "

“because you don’t like me, you hate me, and you’re worried that the child will be born with a birthmark like mine and be as ugly as me, a jinx.” Mu Ru’s voice finally became a little agitated, and tears instantly welled up in her eyes. The scene of Dongfang Mo forcing her to drink the abortion medicine appeared in her mind uncontrollably again, and she couldn’t forget it for a long time.

“Mu Ru, it’s not like that, it really isn’t like that.” Dongfang Mo stretched out his arms and pulled her into his embrace. His voice trembled as he said, “Mu Ru, how could I possibly despise my own child? At that time, I asked Liu Hao to prescribe you the abortion medicine...”

Chapter 852: Love is a superstition of the right place at the right time

“Prenatal Medicine?” Mu Ru could not help but laugh when she heard this. She looked at Dongfang Mo with a sarcastic gaze and said, “President Dongfang, thank you for the prenatal medicine. It allowed my child to finally part with me forever that night.”

“Mu Ru, I know you won’t believe it, but I still have to tell you clearly.” Dongfang Mo ignored her sarcastic look. He continued to explain patiently, “Mu Ru, the medicine was made by Liu Hao himself. You can ask Liu Hao if it’s the prenatal medicine. As for why the Prenatal Medicine didn’t save the child but caused you to miscarry “It was because aunt Gu was the one who prepared the glass of water. I was indeed careless at that time. I didn’t expect aunt Gu to tamper with the glass of water... ..”

“Aunt Gu tampered with the bottle of water?” She almost cried out. Then, she was stunned for a moment before she asked again, “doesn’t that mean that Mu Xue lost her child back then? She tampered with it too?”

“This... I don’t know.” Dongfang Mo told the truth and quickly changed the topic, “alright, Mu Ru, can you and little feather stay here for now? I still have some things to do. When I come back tonight, can we eat seafood together?”

Mu Ru nodded tiredly. She knew that Dongfang Mo had many things to do. Moreover, the mastermind behind the kidnapping was probably Dongfang Mei and her son. And last night, they only captured the masked man and the others. Dongfang Mei and her son were never able to find the road?

Then where were Dongfang Mei and her son?

At this moment, in an abandoned room in Hawaii, Dongfang Jun was glaring at his mother with bloodshot eyes. He was shouting hysterically, “mom, why did you lie to me. Why did you lie to me. You said that you only wanted to see mu ru and wanted to use her to ease your relationship with big brother, but you actually kidnapped her. Are you still human. Why do you always treat mu ru like this?”

Dongfang Mei’s body trembled. She said timidly, “Ah Jun, I’m also doing this for your own good. Think about it. Your design is so good. This time, the bidding will definitely be successful. Why do we have to give the fruit in our hands to others. I just want to help you get three billion.”

“HMPH, do you really want to help me?” Dongfang Jun snorted coldly, his face clearly showing disdain and disappointment. He could not help but say mockingly, “mom, I think you’re helping your man because he swindled three billion from DFM. It’s a pity that he did this behind Hashim’s back. Now Hashim Zheng is looking for him to settle the score...”

“Ah Jun, he’s your father,” Dongfang Mei quickly cut off Dongfang Jun’s words. Then, she hurriedly explained, “Ah Jun, I know that you’ve been rejecting him in your heart, but he’s always been working hard for you. Even if he transformed into Tom to swindle three billion from DFM, it’s because he doesn’t know that DFM’s CEO, Rodger, is Dongfang Mo... “.

“What mom means is that if he knew Rodger was the big brother, Dongfang Yingwu wouldn’t have swindled that 3 billion?” Dongfang Jun scoffed at Dongfang Mei’s words. He would never believe that Dongfang Yingwu would be such a good person.

“If he knew Rodger was Dongfang Mo, he definitely wouldn’t have swindled DFM,” Dongfang Mei quickly interrupted her son’s words. Then, she said confidently, “if that’s the case, your father would have gone straight to Dongfang Mo to ask for it. Don’t forget, your father said that Rodger was the one who stole the 3 billion in the Naples Sea. In fact, Dongfang Mo was the one who stole it...”

Chapter 853 love is a superstition of the right place at the right time

“You brought this upon yourselves,” Dongfang Jun quickly interrupted his mother’s words. Then, he snorted coldly and said, “can you blame big brother for this? All these years, how many benefits have you obtained from Big Brother? Don’t you know in your heart? Let’s not talk about the distant ones, just the most recent time, we withdrew our shares from Dongfang Group.”

Dongfang Jun paused at this point, then smiled bitterly and said, “mom, our shares in Dongfang Group are less than 1 billion, but you insisted on asking for a bill of 3 billion. Who can you blame?”

“That was also a trap set by Dongfang Mo,” Dongfang Mei hurriedly refuted, “Ah Jun, you’re too naive. Think about it, how many years have DFM company and Dongfang Group had business dealings? “But we never dreamed that DFM company was actually opened by AH MO himself. At that time, the reason your father asked for Rodger’s bill was because Rodger’s account was very uncomfortable, right? “He originally had good intentions. Thinking of this, at least ah Mo wouldn’t have to use a few billion to pay for our shares. At the same time, he solved the danger of AH MO receiving Rodger’s payment... ..

“In the end, you and Dongfang Yingwu have become good people.” Dongfang Jun’s face quickly turned into a mocking expression. Then, he said mockingly, “mom, I’m no longer the me from five or six years ago. All these years, I have indeed been a puppet in Dongfang Yingwu’s hands. However, I definitely won’t be the honest Dongfang Jun who I will believe no matter what you say. I’m also growing up. I’m not completely brainless. I still have the ability to recognize who is good and who is bad.”

“Ah Jun, do you mean that we are bad people to you?” Dongfang Mei immediately became unhappy. She couldn’t help but shout angrily, “Ah Jun, your father and I only have you as our only child. We wholeheartedly want the best for you, yet you speak of us like this. Has your conscience been eaten by a dog? Or, have you been staying at my place for the past two days, and Dongfang Mo fed you some bewitching soup. Has he brainwashed you?”

Hearing his mother’s words, Dongfang Jun couldn’t help but feel uncomfortable. After she paused, she sighed softly and said, “this is the difference between you and big brother. You always speak ill of big brother in front of me, and Big Brother has never said anything bad about you in front of me. He always told me that it was not easy for an unmarried woman like you to give birth, and it was even more

difficult for you to raise me in the past. He asked me to respect you, and even if you did something wrong, he also asked me to forgive you and tolerate you... “... ..”

Dongfang Jun paused for a moment. Then, he looked up at the ceiling and said with difficulty, “big brother said that women are easily confused, especially those who are deeply in love and unable to extricate themselves. Therefore, he can understand if you and Dongfang Yingwu join forces to deal with him, because Dongfang Yingwu used to be a member of the Qiu family, and the Qiu and Dongfang families were originally enemies, but... “. “...”

When Dongfang Mei heard her son’s words, her face immediately flushed red with embarrassment. Seeing her son pause at this point, she could not help but ask, “but what?”

“But, mom, it’s not wrong for you to love someone regardless of everything. Even if the person you love is the enemy of the Dongfang family, it’s not wrong,” Dongfang Jun said as he looked at his mother with an extremely sympathetic gaze. “But, mom, please don’t blind yourself, okay. Don’t blindly believe a person’s words, okay. After so many years, don’t you ask if Dongfang Yingwu still has a family outside? Does he still have a wife and children?”

Chapter 854 love is a superstition of the right place at the right time

“Of course he doesn’t have a home,” Dongfang Mei said confidently. “His home is in one inch ink city. Other than business trips, he has lived in the Dongfang family for many years. How could he have a home? For you and me...”

“That’s enough, mom,” Dongfang Jun quickly interrupted his mother. Then, he said a little irritably, “mom, I guess you still don’t know that the Black Eagle group belongs to Dongfang Yingwu, right? “I guess you still don’t know that the leader of the Black Eagle Group, Bentley, is Dongfang Yingwu, right?” “I guess you still don’t know that the vice president of our thriving group, Qiu Zhanpeng, who was sent by the Black Eagle Group, is Dongfang Yingwu’s son, right?”

“What?” Dongfang Mei couldn’t help but take two steps back when she heard Ah Jun’s words. She looked at her son in astonishment and almost cried out, “how is that possible? Ah Jun, are you...”

“Don’t doubt my words,” Dongfang Jun quickly cut off his mother’s words. Then, he snorted coldly and said, “mom, I only started to doubt this year because I realized that I was just a puppet and a decoration when I was the CEO of the Xing Wang Corporation. Whenever I made any suggestion, Dongfang Yingwu would reject it because my suggestion wasn’t thorough enough. And when Qiu Zhanpeng made any suggestion, he would think that it was a good suggestion... “. ...”

“perhaps, this is just a coincidence.” Dongfang Mei was still struggling to deceive herself. “Ah Jun, don’t make wild guesses...”

“At first, I thought it was just a coincidence, but later I realized it wasn’t.” Dongfang Jun once again interrupted his mother’s words. Then, he said in a low voice, “do you still remember the time Dongfang Yingwu left three months ago?” “I was the one who went to see him off. He gave me a bunch of unimportant things, but he didn’t even mention the key things, the financial power of the prosperous group and his seal.”

Dongfang Jun laughed at himself and continued, “but not long after he left, about half a month later, I went to see his financial power of attorney and his seal. Do you know where I saw it?”

Dongfang Mei shook her head. In fact, she already had a vague guess in her heart. However, she did not want to say it out loud, nor did she want to believe the truth, because she simply could not accept the truth.

“That’s right, it’s in Vice President Qiu Zhanpeng’s office,” Dongfang Jun said very calmly “That day was a coincidence. I called his internal line but no one picked up, so I went to his office to look for him. In the end, I did not see him, and his safe was left unlocked. However, an unbearable sound came from his lounge...”

Dongfang Jun paused again Then, he said in a low voice, “I wanted to turn around and leave, but the high-heeled shoe at the door of his lounge stopped again. If I’m not wrong, the person who is doing dirty things with him in his lounge should be my secretary, Jenny. Jenny is also sent by the Black Eagle Group... “. ...”

“Jenny?” Dongfang Mei’s eyes were as big as Tongzi shells, and she couldn’t help but shout, “how could it be? Your father said that Jenny will...”

“So, I opened the safe door with curiosity.” Dongfang Jun wasn’t in the mood to argue with Dongfang Mei about Jenny. “Then, I saw the authorization letter and his seal...”

Chapter 855 love is a superstition of the right place at the right time

“How is this possible?” Dongfang Mei could hardly believe her ears as she covered her head with her hands and shouted, “How can this be? I don’t believe it? I don’t believe it at all...”

“believe it or not, it’s up to you.” Dongfang Jun was obviously not in the mood to continue nagging his mother Then, he said indifferently, “mom, the only thing I can help you with is to hide you here. As for how long you can hide, I don’t know. Because Big Brother has already called the police. He definitely won’t be able to escape this time. I reckon you won’t be able to escape either!”

“Ah Jun, you can’t leave me behind.” Dongfang Mei saw that her son was about to leave, so she quickly pounced on him again. She hugged her son’s waist from behind and pressed her tear-stained face against her son’s back She sobbed and shouted, “Ah Jun, mom is all by yourself. Ah Jun, you can’t leave mom behind. Ah Jun, everything mom did was for you...”

“enough, mom.” Dongfang Jun broke Dongfang Mei’s fingers from behind Then, he said snappily, “mom, if you’re really doing this for my own good, you won’t Blindly Trust Dongfang Yingwu without listening to me. This time, before I brought you to America, I already told you that we wanted to discuss a collaboration with big brother. Moreover, I also supported my proposal, but you changed your mind when you arrived in America. For some reason, you didn’t go to see me. Then, for some inexplicable reason, you joined forces with Dongfang Yingwu and even pulled me in. Now, I don’t know how much Mu Ru hates me. I definitely won’t have the face to see her in the future.”

“Mu Ru, Mu Ru, there’s only one Xi Muru in your heart.” Dongfang Mei roared hysterically. “That Xi Muru is an ugly freak and a jinx. Hasn’t she caused you enough misery?” “Besides, she’s also Dongfang

Mo's wife, and she even gave birth to Dongfang Mo's child. What's the point of thinking about her "Don't tell me you can marry her?"

"I know I can't marry her because she's my sister-in-law." Dongfang Jun ignored Dongfang Mei's hysterical anger. He still said indifferently, "I just don't want Mu Ru to look down on me. And I've told you, with my design, we can get a lot of development rights from any company. Even if we're penniless now, with my design, we can still earn tens of millions or even hundreds of millions. But you don't believe me, I actually want to take the risk with Dongfang Yingwu, always wanting to dig up a golden doll. Do you really treat big brother as a fool? If he was really a fool, you wouldn't have given back the Dongfang Group for so many years. If he was really a big fool, you wouldn't have fallen into such a miserable situation. And he wouldn't still be the high and mighty CEO of the Dongfang Group, an arrogant and influential figure."

"those are all his despicable methods," Dongfang Mei shouted weakly. "Ah Jun, don't be so naive to think that there will be any future in cooperating with Ah Mo. you might not even know that he has gnawed on your bones."

"being gnawed by your own big brother to the point where not even your bones are left is better than being gnawed by outsiders to the point where not even your bones are left, isn't it?" Dongfang Jun said indifferently. "Alright, mom, I'll be leaving first. I'll go back to my aunt's place. I won't tell big brother that you're here. Moreover, I've left enough food for you. However, if you're finally found by the police, I'm sorry. It's your own fault. I really can't help you. After all, this is America, NOT BINHAI!"

Chapter 856 love is a superstition of the right place at the right time

After saying this, Dongfang Jun immediately walked towards the door. When he reached the door, he couldn't help but turn around to look at Dongfang Mei. Finally, he reminded her, "Oh right, also, don't always believe that Dongfang Yingwu. He has many women, and his children should also be many. Other than that Qiu Zhanpeng, I don't know who else. However, I do know one thing. Xi Muxue has always been Dongfang Yingwu's woman. Otherwise, Dongfang Yingwu wouldn't have given Xi Yuancheng a meal for so many years."

"What?" Dongfang Mei was shocked when she heard this. She could not help but chase after him to the door and ask, "how could this be? How could this be? Yingwu, Yingwu loves me! For me, he didn't even get married!"

Unfortunately, Dongfang Jun had already gone far away, but Dongfang Mei could not take another step because she knew that the police outside were still looking for her. She had to hide here for a few days and wait for the limelight to pass before she left.

As for what her son had just said, she had to ask Dongfang Yingwu before she understood. If that was really the case, then she would definitely not let Dongfang Yingwu off. Those who dared to lie to her, Dongfang Mei.. She had to make sure that he died without a burial ground.

Dongfang Mo had been busy at DFM for the whole day. Of course, he had met with Hashim to talk about Tom, which was Dongfang Yingwu's problem. Hashim said that he had never known that this Tom was such a person. If he had known.. He would definitely not have sold the oil to him on his behalf.

Tom had escaped, and his cell phone number no longer existed. Hashim had promised to continue cooperating with him to capture Dongfang Yingwu, but Hashim had not received a single cent, so the three billion had nothing to do with him. He could not bear such a loss. The only thing he could do was to sign a cooperation agreement with Dongfang Mo, so that Dongfang Mo could use his Asia regional general agent for crude oil in the future. That was all.

Dongfang Mo obviously knew that he could not ask Hashim for the money. It was already very good to sign a cooperation agreement with him. As for capturing Dongfang Yingwu, he could only rely on the American police and his own behind-the-scenes forces.

After settling this matter, Dongfang Mo drove back to his seaside resort. He had promised Mu ru that he would take her and little feather to the beach to eat seafood at night.

When he arrived home, Mu Ru and feather were already waiting for him in the courtyard. Seeing that he had returned, feather immediately ran over and held his hand. "Dad, Mommy said that she hasn't recovered from her cold yet and is feeling dizzy. She doesn't want to eat seafood anymore."

"What's wrong? Mu Ru?" Dongfang Mo looked at Mu Ru. "Didn't you go to buy some cold medicine one day? Didn't you eat it?"

Mu Ru shook her head and used her hand to press down on her stomach. "I'm feeling a little nauseous. I'm not eating seafood anymore. You and feather can go and eat it. You can bring me back a hamburger or bread at night."

"How can that be?" Dongfang Mo immediately disagreed and continued to discuss with little feather. "then we won't eat seafood anymore. Can we go to a Chinese restaurant to eat Chinese food? Mommy isn't feeling well."

"Alright." Little feather was a little disappointed, but she immediately became happy. "Daddy, there must be seafood in Chinese restaurants, right? Actually, I just want to eat lobster."

"Of course there is." Dongfang Mo carried little feather and walked towards the car. When he turned around and saw that Mu ru was still standing there, he couldn't help but shout, "Mu Ru, get in the car!"

Chapter 857 love is a superstition of the right place at the right time

Mu Ru hesitated for a moment before getting into the car. Dongfang Mo had already been so accommodating to her. If she continued to refuse, it would seem a little unreasonable.

There was a Chinese restaurant in a small town in Hawaii. Perhaps it was because there were more Chinese tourists here, so the Chinese restaurant was decorated quite close to the Chinese style.

As it was a last-minute decision to come to the Chinese restaurant for a meal, they did not book a seat in advance. Fortunately, there were not many people tonight, so they were led to a corner on the second floor.

Little feather complained that she couldn't look out of the window, but mu ru liked this place very much. Because it was a corner, it was relatively quiet and not so noisy.

Although it was a Chinese restaurant, because some ingredients were imported from China or Asia, it wasn't as fresh as eating in China.

In addition, the level of chefs here was still a little lower. Perhaps it wasn't a problem of culinary skills, but because the ingredients were limited, they had to use substitutes, so the taste wasn't particularly authentic.

Of course, little feather still ordered the lobster, while Dongfang Mo accompanied Mu ru to eat Chinese food. The two of them ordered potato ribs, kung pao chicken, scrambled eggs with tomatoes, hakka pork soup, and lettuce balls.

Mu Ru did not have a good appetite initially, but tonight's Hakka pork soup and lettuce balls were still very light, which suited her appetite. However, the scrambled eggs with tomatoes were indeed too fried and did not look good. Therefore, she did not even move her chopsticks.

Mu Ru went to the bathroom after eating her fill. At that time, Dongfang Mo was still accompanying little feather to eat a lobster. Mu Ru looked at him and could not help but say to him, "sooner or later, I will be spoiled by you."

Dongfang Mo smiled and did not refute her. He only used his hand to stroke little feather's head and said, "she is my daughter. If I don't spoil her, who will?"

Mu Ru sighed and rolled her eyes at him. She turned around and walked towards the restroom in the restaurant.

The restrooms in restaurants around the world were similar. The men's restroom on the left and the women's restroom on the right. In the middle of the restroom was the sink shared by men and women.

Mu Ru came out of the restroom and saw Dongfang Jun when she was washing her hands by the sink. She was stunned and was about to question him, but she did not expect Dongfang Jun to speak first.

"Mu Ru, I'm sorry." Dongfang Jun's voice sounded very sincere. "I shouldn't have lied to you on the phone the day before yesterday at noon. I didn't expect my mother to treat you like that."

"Your mother?" Mu Ru frowned instinctively and asked without batting an eyelid, "you mean your mother hired someone to kidnap me?"

Dongfang Jun was silent for a moment and then nodded. He said in a low voice, "Mu Ru, it's me, Yutu. At that time, my mother said that she wanted to talk to you, mainly to apologize to you. Because I wanted to work with big brother, my mother told me that she wanted to remove the estrangement between us. She hoped that you could talk to big brother about it. We're family or something."

"Your mother?" Mu Ru's brows instinctively furrowed. She looked at Dongfang Jun and asked without batting an eyelid, "you mean, the day before yesterday, I was kidnapped by someone. It was your mother who instigated it from behind the scenes?"

Dongfang Mo was silent for a moment. Then, he nodded and said, "yes, I didn't know that she was so crazy that she wanted to use you to exchange money with big brother. She thought that she was helping me. In fact, she didn't know that I didn't need her help at all. With my own ability, if I didn't want to be rich and noble, it would be very easy for me to survive in Binhai."

Chapter 858 love is a superstition of the right place at the right time

"I know," Mu ru answered, then smiled bitterly and said in a low voice, "then do you know what your Mother did the day before yesterday? Who Did she kidnap? "

"Didn't she kidnap you to blackmail big brother for money?" Dongfang Jun looked a little surprised. "What's wrong? Didn't she kidnap you? "

Before Mu ru could answer, she heard a voice behind her, "It seems that you really didn't participate in your parents' event. "

Mu Ru didn't need to turn her head to know who it was, so she nodded at Dongfang Jun and said indifferently, "then I'll be leaving first. I'm not in the mood to talk to you and your mother right now. "

After saying that, she turned around and saw Dongfang Mo standing behind her. She couldn't help but feel a hint of warmth in her heart that she almost couldn't feel. She nodded at him, "I'll go back and take care of little feather to eat lobster. "

Dongfang Mo smiled at her dotingly. When she passed by him, she couldn't help but whisper, "walk slowly, there's water in front. "

Mu Ru did not say anything, but her footsteps had indeed slowed down. As for what Dongfang Mo and Dongfang Jun wanted to talk about behind her, she was no longer in the mood to care.

Dongfang Mo looked at Dongfang Jun and said indifferently and distantly, "say it. This time, you tricked our entire family to come to America. Do you want to catch us all in one fell swoop? Then, you and your mother will naturally take over Dongfang Group? "

"Big Brother, how can you say that?" Dongfang Jun was so excited that his face was slightly red He quickly refuted, "I admit that it was my idea to discuss with my great-aunt that she was critically ill and asked you to come to the United States to visit you, but I didn't know that Dongfang Yingwu was in the United States at that time, and at that time, I didn't expect my mother to actually... "

Dongfang Jun couldn't continue speaking until here because the development of the whole matter was completely at odds with his wishes. In Binhai, she had made an agreement with her mother to get rid of Dongfang Yingwu, who had been missing for three months Actually, Xingwang Group didn't need Dongfang Yingwu, and her mother had also agreed to let him work with Dongfang Mo, and the two families would work together to bid for that piece of land.

"Alright, I believe you. " Dongfang Mo patted his shoulder and said, "how about this, my private jet will return to Binhai tomorrow morning, and you will return to Binhai with me tomorrow. Then, we will discuss the matter of cooperation on the plane. What do you think? "

"Tomorrow?" Dongfang Jun raised his eyebrows, and his heart immediately skipped a beat. "Can't it be the day after tomorrow? "

"I'm afraid I won't be able to make it the day after tomorrow," Dongfang Mo said without batting an eyelid. "although it's said that your decision on the design is foolproof, many times, overconfidence will make you appear arrogant, so I think it's better to... "

“Alright then, let’s do it tomorrow.” Dongfang Jun quickly took over Dongfang Mo’s words, “then I’ll go back to great-aunt first. If you’re free tonight...”

“I’ll come over to great-aunt’s villa tonight,” Dongfang Mo quickly promised Dongfang Jun. “If there’s anything you haven’t done, do it as soon as possible tonight. When you go back tomorrow, the bidding will probably reach its climax, and you won’t have the time to come to the United States in the short term.”

Dongfang Jun smiled bitterly, and then said indifferently, “I don’t have anything else to do. I originally came to the United States to discuss a cooperation with you. Since we’ve agreed to a cooperation, it means that we’ve successfully completed it.”

Chapter 859 love is a superstition of the right place at the right time

Dongfang Mo’s plane flew to Binhai early in the morning. Mu Ru was sleeping in her room with little feather, so of course she could not fall asleep. Little feather had been jumping on the bed, complaining about how bored she was. If she had known earlier, she would not have followed her to America.

It was indeed boring. Last night, after dinner at a Chinese restaurant, they went to great-aunt’s house together. great-aunt kept apologizing to her, saying that she was shocked. She did not expect ah Mei to be such a person She would never believe a single word she said in the future.

Mu Ru did not blame great-aunt at all. After all, she was already in her eighties. Her intentions were good. She just hoped that Dongfang Mo and Dongfang Jun could reconcile as brothers and not make things like enemies.

Last night, they sat at great-aunt’s house for a long time before finally returning to Dongfang Mo’s vacation villa. Dongfang Mo seemed to be busy with work that night. In short, he did not go to bed that night. It seemed like he had driven out many times before coming back in the morning However, he informed her and little feather that it was time to return to Binhai.

She was not surprised that Dongfang Mo was very busy last night because he already had a lot of things to do. Moreover, Dongfang Mei had not been caught yet. Furthermore, Xi Muxue was still at the hospital. He would probably visit her again before he left.

However, what surprised her was that Dongfang Jun actually went back to Binhai with them today. At this moment, he and Dongfang Mo were discussing something in the study room next to them.

Little feather jumped for a while and finally fell asleep on the bed. Mu Ru, on the other hand, could not fall asleep. Even though she did not sleep much last night, she still could not fall asleep at this moment.

Due to her pregnancy and the flight, she felt a little dizzy. She should have been lying down, but she felt uncomfortable lying down. She got up from the bed and sat on the sofa beside the bed.

It was a vast expanse of white outside the window. In fact, the plane was flying through the clouds, so there was no scenery outside the window, so she did not go out to look at the scenery.

Her hand unconsciously rested on her stomach, and her heart slowly grew restless. She had been thinking about whether to tell Dongfang Mo about this yesterday. She had initially thought about telling him last night, but he was so busy last night that he did not have time to come to her room.

At this moment, she felt melancholic again. It seemed that the misunderstanding between her and Dongfang Mo had indeed been resolved. Even when he first made the engagement with Xi Muxue, it was because he had made a mistake. The first person he had met was her.

But even so, she could not be happy. Because no matter what, Dongfang Mo and Xi Muxue had once been husband and wife. They had also had a child, even though that child had been aborted in the end.

When she thought of this, she could not help but sigh. Humans were greedy animals. Originally, all she wanted was to live an ordinary married life with Dongfang Mo, like all ordinary couples in the world. There was no love, but.. She could live a peaceful life until she was old.

However, after this kidnapping, she felt a little melancholic for some reason. For some reason, whenever she thought of Dongfang Mo running madly with Mu Xue in his arms, her heart would be filled with jealousy to the point of madness.

She did not know what had happened to her. Why was it like this?

When she thought of the things that Dongfang Mo and Xi Muxue had done with her, and how close they used to be, she actually felt heartache!

The pain was not obvious. It was as if there was a thin and long needle stuck in the tip of her heart. It hurt when it was stuck in, but when it was pulled out, it also seemed very painful!

Chapter 860 love is a superstition of the right place at the right time

Back at Binhai, Mu Ru started to get busy because little feather was going back to kindergarten. As for herself, Jingxuan Gallery called her and said that she had sold out and the price was very good. They asked her to quickly draw some more paintings and send them over.

She was originally a painter, so it was not difficult for her to draw. However, her body was a little special now. It was uncomfortable to smell the Turpentine oil when she was pregnant, not to mention drawing.

Thus, that night, after dinner, she waited in her room for Dongfang Mo, who had been busy since returning from America. Finally, at 11:30 pm, she waited for this man to come back.

“Why aren’t you asleep?” Dongfang Mo noticed that she was only wearing Pajamas and leaning against the SOFA. He could not help but walk over and reproach her in a low voice, “why don’t you know how to cherish your body? Don’t women know how old they get when they stay up late?”

“Don’t I look more compatible with you if I’m older?” Mu Ru rolled her eyes at him. “Go out to prevent people from saying that we’re father and daughter.”

Dongfang Mo sucked in a breath of cold air when he heard this. He couldn’t help but remind her, “Xi Muru, I’m only nine years older than you. Besides, when we go out, we don’t look like father and daughter, do we?”

She nodded. "indeed, we don't look like father and daughter, but we look like brother and sister."

"nonsense," Dongfang Mo said snappily. "We're obviously husband and wife, okay? Look at the wedding photo on our marriage certificate. How much of a husband and wife look together?"

Mu Ru rolled her eyes at him again when she heard this. She had seen shameless people before, but she had never seen someone as shameless as him. The photo on their marriage certificate was just a silly photo, okay?

"I'm going back to Korea." Mu Ru did not want to continue arguing with him over this issue, so she quickly brought up her own business.

"What are you going back to Korea for?" Dongfang Mo immediately became alert. "Did Che Qishuan call you again? You must not pay any attention to the three of them. They are living a good life and don't lack anything."

"I'm going back to get my paintings." Mu Ru yawned and said, "the paintings I put in Jingxuan gallery are all sold out, but I still have a lot of stored paintings in Korea. I want to put them in Jingxuan gallery to sell."

"What are you going to get? Just put them where you want them," Dongfang Mo said nonchalantly. "Why don't we just bring them back when we go to Korea in the future?"

"But I don't have any paintings to sell now. I don't have a single one," Mu ru quickly explained to him.

"Then you can continue painting." Dongfang Mo took off his coat and threw it on the Sofa as he spoke. "Alright, Mu Ru, go to bed and sleep. I'm going to take a shower too. You haven't taken a shower yet. Why don't we take a shower together?"

Dongfang Mo's voice was obviously ambiguous when he mentioned the shower together. His mind immediately recalled the last time they rolled in the bathtub together. He had been busy with the company's matters during this period of time. It seemed that he had not done anything with her for a week... ..

When he thought of this, his body began to heat up instinctively. He turned around and went to the SOFA again. His thin lips moved close to her earlobe and asked in a low voice, "what do you think? Shall we... take a shower together?"

"Yes." Mu Ru reached out and pushed his head away. She then snorted coldly and said, "in your dreams. I can't even draw anymore. How can I serve you?"

"You can't even draw anymore?" Dongfang Mo was even more puzzled He couldn't help but grab her wrist and ask with concern, "what's wrong? Mu Ru, is your hand hurting or something uncomfortable? Did it affect your drawing? I've never stopped your hobby and interest in drawing."
