

## Chapter 91: Tonight's wedding

Nangong Xun couldn't help but laugh when he heard Mu Ru's words. He proudly said, "of course, I know that Dongfang Mo will definitely not let me marry his wife. However, he is currently in New York. Even if a helicopter flies back, it will probably be too late. Don't forget that flying to Binhai in the United States will take about 15 hours."

Mu Ru's heart turned cold when she heard this. She couldn't help but take a step back and nervously looked at Nangong Xun. She remained calm and said to him, "Mr. Nangong, even if that's the case, there are still people in the Dongfang family. It's impossible for Dongfang Mo's two younger brothers not to come and look for me."

"Hehehe," Nangong Xun felt that Mu Ru's words were funny. Then, he said disdainfully, "Mu Ru, you really take Dongfang Mo's two younger brothers seriously. Let me tell you, Dongfang Mo is the only one in the Dongfang family who is holding on. That Dongfang Yu, ten years ago, he heard that he went to participate in a traffic jam in the underground underworld organization. At that time, he fell down the cliff with the car. He didn't die, but he became a vegetable. He just woke up last year. So, what else do you think a person who slept in bed for ten years can do "and his mind was still stuck in the same state ten years ago, so he was still the same as he was ten years ago. He was eating, drinking, gambling, and idling all day long. He was leisurely living the life of a playboy. What do you think he could become?"

When Mu Ru heard Nangong Xun's words, she could not help but feel sad for Dongfang Yu. She only knew that he idled all day long as a good-for-nothing playboy and did not think of making any progress. She did not expect that he actually had such a life experience.

Ten years ago, he became a vegetable and spent ten years in a hospital bed. If this were to happen to someone else, it would be extremely painful. However, he was still living so comfortably.

Nangong Xun saw that Mu Ru did not speak. Then, he said, "of course, you can still place your hopes on Dongfang Mo's third brother, Dongfang Jun. I don't know if Dongfang Mo has told you, but Dongfang Jun is actually not his biological brother, but his cousin. Because Dongfang Jun is Dongfang Mei's illegitimate child, as for WHO Dongfang Jun's biological father is, no one knows."

When Mu Ru heard Nangong Xun's words, she thought to herself, "of course, no one knows. People in the outside world thought that the Dongfang family had three brothers, but little did they know that the Dongfang family actually only had two brothers."

"It's just that Dongfang Jun and Dongfang Mo, Dongfang Yu, are not blood brothers." Mu Ru looked at Nangong Xun and said, "then they are also cousins. I believe that it's impossible for them to..."

"Yes, your current identity is Dongfang Mo's wife. It's impossible for them to ignore you." Nangong Xun quickly took over Mu Ru's words. Then, he smiled and said, "it's just that, unfortunately, we're not on land right now, but on a cruise ship. Moreover, this cruise ship is constantly moving forward, so it's almost impossible for Dongfang Yu and Dongfang Jun to catch up."

“What?” Mu Ru was greatly shocked when she heard this. She quickly ran out of the door, climbed up the stairs, passed through the long corridor, and came to the deck to look forward.

With the help of the moonlight in the sky, and then the lighthouse on the cruise ship, what she saw was indeed a vast ocean. She felt a cool sea breeze on her face, and the sound of the cruise ship cutting through the sea came into her ears.

She grabbed the window with both hands and looked at the hazy sea under the moonlight. The glimmer of hope in her heart was instantly shattered by this heartless reality.

## **Chapter 92: Tonight’s wedding**

“Did you see that?” Nangong Xun chased after her and stood behind her. He looked at her trembling body and reached out to pull her into his embrace. He whispered into her ear, “Mu Ru, I’m not lying to you, and I won’t lie to you. Marry me, okay? We’re supposed to be husband and wife, right?”

Mu Ru struggled out of his embrace and leaned against the wall to move to the side. She was extremely nervous and flustered. However, her tone was very calm. “Mr. Nangong, please forgive me. I know that the Xi family broke off the engagement because they’ve let you down, but I still hope that you can accept the 200 million for breaking off the engagement because I’m really married, so...”

“I don’t care.” Nangong Xun waved his hand, clearly annoyed by Mu Ru’s nagging. He said a little impatiently, “I’ve already said the nature of your marriage just now, so don’t bring it up again.”

“But, I care,” Mu Ru quickly answered. Her voice trembled as she said, “Mr. Nangong, even though Mu Ru is just a little girl, even though she doesn’t read much and she’s just entered the first year of university here, she still read a few books and understood the principle that a good horse doesn’t deserve two saddles and a good woman doesn’t marry two men. Since I’m already married to Dongfang Mo, then I’m born to be Dongfang Mo’s person and die to be Dongfang Mo’s ghost. I... “. “...”

“ENOUGH!” Nangong Xun quickly cut off Mu Ru’s words. He shouted unhappily, “Xi Muru, I’ll repeat for the last time. Your marriage with Dongfang Mo doesn’t count. From a legal point of view, the two of you are not husband and wife. From a factual point of view, the two of you are not husband and wife, so...”

As he said this, he gestured with his big hand and immediately said to the two women behind him, “bring Miss Xi back to her room to bathe, change her clothes, comb her hair, and put on makeup. The wedding will be held as usual tonight.”

“Yes!” The two women quickly came forward. Mu Ru looked at the two women and then at Nangong Xun, who was already heading downstairs. She could not help but chase after him and shout, “Mr. Nangong, why are you doing this? Don’t you know that forcefully twisting a melon is not sweet?”

When Nangong Xun heard Mu Ru’s words, he stopped at the corner of the stairs and turned around. He looked at Mu Ru, who was at the top of the stairs, and the corners of his mouth curled up into a mocking smile.

“Xi Muru, don’t you think that your question is funny?” Nangong Xun’s mocking voice almost laughed out loud. Without waiting for Mu Ru’s reply, he immediately said, “Don’t you think about it? You and I

were originally engaged five years ago. It's only right and proper for us to be married according to the marriage contract. You actually said that it was a forced marriage. Then, what about you and Dongfang Mo "someone who was originally not even close to each other actually got married. Could it be that it wasn't a forced marriage "Then, tell me, what kind of marriage are you and Dongfang Mo "A forced marriage?" "

After hearing Nangong Xun's words, Xi Muru was so angry that she almost vomited blood. Meanwhile, the two maids beside her couldn't help but laugh out loud. They didn't expect that the usually serious nangong Xun would have such a humorous moment?

Nangong Xun left after saying that. Mu Ru did not respond to him every day. She stood on the deck in a daze. After the two maids laughed, they immediately came forward to invite her back to her room, saying that they were going to help her prepare The wedding was going to take place in two hours.

Mu Ru said in pain, "ladies, I really don't want to marry him. Please, let me go, okay?" "

### **Chapter 93: Tonight's wedding**

The two maids were slightly stunned when they heard Xiaosu's words One of them quickly waved her hand and said, "Miss Xi, we're just the maids here. How would we dare to let you go? Besides, we don't have the ability to let you go. We even need a certificate to enter and exit ourselves. "

The other maid said, "Miss Xi, I really don't understand you. You said that Mr. Nangong is so handsome and at the same time so rich. The nangong family is powerful and rich in Singapore. Countless women want to marry him. You have such an opportunity, yet you still want to escape from marriage "Sigh, you don't know how lucky you are?" "

Mu Ru heard what the two maids said and knew that there was no hope of begging them. Soon, they were telling the truth. Their status here was so low, so how could they help her escape?

If this was a villa on land, if it was only the second or third floor, perhaps she would try to jump down from the upper floor and escape on her own.

However, this was a cruise ship, surrounded by an endless sea. If she jumped down from the deck, there were only two outcomes. One was that she would be rescued by Nangong Xun's people, and she would still be unable to escape the fate of marrying Nangong Xun.

The other was that she wouldn't be rescued by Nangong Xun, but she would be directly pulled over by the King of Hell because she had never learned to swim since she was young. Of course, she wouldn't have the opportunity to do so in the water She would probably be taken away by the King of Hell's subordinates in less than two minutes.

She was only 19 years old, and today was her 19th birthday. Her life was so young, and she really didn't want to die. She didn't want to die at all. However, if she didn't die, she would have to marry Nangong Xun tonight.

What should she do Could it be that she could only resign herself to fate and obediently marry Nangong Xun here, becoming the young Madam of the Nangong family?

Dongfang Yu's gaze was cold as he stared at the pitch-black surface of the sea. Then, he softly asked Uncle Liu beside him, "have you investigated everything? was she really kidnapped by that bastard Nangong Xun onto the cruise ship on the sea? "

"Yes." Uncle Liu stood at the side His voice was exceptionally respectful. "according to Ahao's report, Nangong Xun didn't accept Xi Yuancheng's 200 million marriage break-up fee. Not only did Xi Yuancheng take the 200 million from the Dongfang family, he also didn't report this situation to us. It's obvious that... ". ... ..

"I understand." Dongfang Yu waved his hand and said indifferently, "immediately arrange the fastest yacht for me. I want to chase after her. Tonight, I have to bring her back no matter what. "

"But..." Uncle Liu paused for a moment before continuing, "this is clearly a trap. Nangong Xun is pulling a patch bag and waiting for you to slip into it..." "

"Stop Talking," Dongfang Yu quickly interrupted Uncle Liu's words. His face was blurred under the hazy moonlight He said in a low voice, "Uncle Liu, I have to go and find her. The Dongfang family CAN NOT AFFORD TO LOSE FACE!" Xi Muru was the eldest young mistress of the Dongfang family. This was an undeniable fact. If she became the young mistress of the Nangong family again, then from now on, how would the Dongfang family have a foothold in the Jianghu?"

When uncle Liu heard Dongfang Yu's words, he was slightly stunned. He immediately stopped talking and quickly picked up his phone to call his subordinates. He asked them to arrange for two of the fastest yachts to be sent over as soon as possible, waiting for urgent use!

#### **Chapter 94: The wedding**

Mu Ru sat in front of the dressing table and stared blankly at herself in the mirror. In the Mirror, she was already wearing a red qipao-style wedding dress.

This was, of course, a custom-made wedding dress by Nangong Xun. He said that she and Dongfang Mo were getting married in a western-style wedding dress, so they would have to use a chinese-style wedding dress to get married to him. The older the dress, the better. He even wanted to marry her.

The Red Qipao fit her very well, making her figure appear even more slender. Her long hair, which was originally draped over her shoulders, was tied up into a bun on her head. The front of her hair was still combed with thick bangs, covering up the ugly birthmark on her forehead.

After the two maids saw her birthmark, they couldn't help but exclaim, "Miss, isn't your life too good? You've already grown so much, yet Mr. Nangong still insists on marrying you, yet you're still not satisfied? You really don't know how lucky you are. "

When Mu ru heard these words, she felt extremely uncomfortable. She was abandoned when she was born and grew up with the maid, mother Wang. Later, she finally managed to get into university with her own hard work, but she had only attended school for a few days Then, she was ordered by her father to be Mu Xue's substitute and marry the devil, Dongfang Mo..

Now, she had finally been appointed and was willing to be Dongfang Mo's wife. However, another Nangong Xun appeared out of nowhere and kidnapped her here. Furthermore, he wanted to force her to marry him.

What kind of blessing was this This was clearly a double whammy, alright?

However, she could only swallow all these bitterness in her heart. This was because even if she told the two maids, they might not believe her. Moreover, she was not familiar with them, so there was no need for her to tell them.

The two maids had obviously learned makeup skills before. In short, their makeup skills were not bad. With their careful dressing, she looked like a human in the mirror.

"Aiyo, Miss Xi, why don't you go and get that birthmark on your forehead removed?" The maid said softly as she applied makeup powder on her face. "actually, you're very beautiful. If you remove that birthmark, you might even become a celebrity. Many celebrities are not as beautiful as you after removing their makeup."

Mu Ru smiled wryly and did not answer their questions. Fortunately, the two maids were used to her silence, so they did not mind. They just talked to each other energetically.

Just as she finished fiddling with her face and was helping her change her shoes, she heard someone knocking on the door and shouting, "is everything ready? It's time. Brother Xun is already ready."

"Okay, okay, he'll be here soon," one of the maids answered quickly while helping her tie her clothes. The other maid quickly put a flower on her chest to symbolize the bride.

Mu Ru was supported by the two maids as she walked out of the door. In fact, she was half-dragged because she didn't want to go, so she didn't even want to take a step. Therefore, in order to let her go, the two maids had to exert a little strength.

The wedding was held in the largest banquet hall underground of the cruise ship. At this moment, some guests had already gathered. Of course, Mu Ru didn't recognize any of these so-called guests.

Nangong Xun had already changed into a Red Robe and was wearing the groom's flowers on his chest just like him. However, her face was full of worry while his face was full of sunshine.

The host stood on the stage. When he saw that both of them had come over, he immediately shouted into the microphone, "the auspicious time has arrived. Now, the wedding begins! One Bow, bow to heaven and earth, two bows, bow to guests, three bows, husband and wife pair..."

"Brother Xun, not good! That Kid Dongfang Yu is here!" A scream came from outside the door. At the same time, it interrupted the wedding that was being held on the stage!

#### **Chapter 95. It was time to have a toast**

"Brother Xun, something bad has happened! Dongfang Yu, that Brat, is here!" A scream came from outside the door. At the same time, it also interrupted the wedding that was being held on the stage!

Nangong Xun slowly turned around and looked at the little brother who was making a fuss over nothing. His originally happy expression immediately darkened. His voice was cold as he said, "so what if he's here? What's so strange about him? Could it be that he can fly onto my cruise ship?"

When this subordinate heard Nangong Xun's words, he was slightly stunned. He immediately understood and quickly turned around to leave. He knew that Nangong Xun's intention was to not let Dongfang Yu board the cruise ship.

When Mu Ru heard that Dongfang Yu had come, her originally despairing heart seemed to see hope again. However, when she heard Nangong Xun's words, her heart became conflicted again.

This cruise ship was in operation. Dongfang Yu must have used a cruise ship or a yacht to chase after them. How could he board two ships that were advancing at the same time?

"The wedding continues!" Nangong Xun turned around and looked at the emcee who was standing on the stage in a daze. He coldly ordered.

"Yes." The emcee immediately regained his senses. Then, he cleared his throat and shouted, "husband and wife greet each other and send them to the BRIDAL CHAMBER!"

Of course, Mu Ru wasn't willing to go to the bridal chamber with Nangong Xun. Even a fool would know what it meant to go to the bridal chamber with Nangong Xun, and she definitely wasn't willing to do that kind of thing with Nangong Xun.

She was already Dongfang Mo's wife. As the old saying goes, when you marry a chicken, you follow the chicken, and when you marry a dog, you follow the dog. Therefore, she had already followed the Dongfang family, so she couldn't do anything that would let Dongfang Mo down.

Unfortunately, at this time, the control of the situation wasn't in her hands, so it didn't matter whether she was willing or not. In short, Nangong Xun placed his hand on her shoulder and pulled her tightly towards the so-called bridal chamber.

Of course, from their backs, they looked very intimate. However, in reality, Mu Ru was practically dragged upstairs by Nangong Xun.

Nangong Xun's room was very large and spacious. It occupied almost the entire third floor of the cruise ship. There was a group of Orange five-person tasseled sofas and a long imperial consort chair in the room. It looked exceptionally noble.

The entire room was decorated in warm colors. Perhaps it was because it was the wedding night, but all the furniture was festive. Even the curtains were golden red.

There was actually a big round bed in the room. It was peach red and looked particularly ambiguous. When Mu Ru saw the bed, she instinctively retreated to the other side. Her face was filled with anxiety and fear as she cried out in fear, "Nangong Xun, we can't..."

"Why not?" Nangong Xun felt that Mu Ru's words were funny. Step by step, he approached her. The corners of his mouth curled into a proud smile. "Mu Ru, this room is only so big. Where can you run to?"

Mu Ru became even more afraid when she heard these words. Nangong Xun's words were right. This room looked a little big, but no matter how big it was, it was only a room. Where could she run to?

She couldn't run anywhere. This was the truth. After she took a few steps back, she couldn't move anymore. Then, she directly retreated to the SOFA. Due to the inertia of her retreat, she fell straight onto the SOFA.

Nangong Xun looked at Mu Ru, who was struggling to get up from the SOFA in a panic. He couldn't help but laugh. He reached out and picked up two glasses of red wine from the coffee table in front of the SOFA. As he handed her a glass of wine, he said mockingly, "What are you afraid of? We're already husband and wife, aren't we? Come, it's time for us to exchange a glass of wine."

Chapter 96: We shall bloom in spring

"No!" Mu Ru did not even think about it and immediately rejected him. When she saw the glass of wine being handed over, she instinctively extended her hand to push Nangong Xun's hand away.

"No?" Nangong Xun's originally smiling face gradually darkened. His patience was slowly worn out as he asked impatiently,

"Why not? Don't you know that the wedding night is the wedding night? Don't you know that we are going to turn the tides tonight?"

Nangong Xun paused for a moment. He looked at the little woman who was so embarrassed that her face was red. He patted his head as if he suddenly understood. Then, he said apologetically,

"I'm sorry, Mu Ru. It's my fault. I forgot that you and Dongfang Mo didn't have a wedding night because he's not a man anymore. He's a eunuch. How can a eunuch let you enjoy the wonderful moment that a bride should enjoy?"

When Mu Ru heard his words, her face, which was originally red, instantly turned pale. Her body couldn't help but tremble. Her hands clenched into fists. Her lips trembled for a long time as she spat out a few words from between her teeth,

"YOU'RE SHAMELESS!"

"I'm shameless?"

When Nangong Xun heard these words, he immediately became unhappy. His face was ice-cold as he said in a deep voice,

"Xi Muru, you and I got married according to the marriage contract. Then, we did what was originally necessary between husband and wife. You didn't say that I was a qualified husband, yet you still said that I was shameless. Do you know what is shameless?"

When Mu Ru heard Nangong Xun's words, she was stunned. Before she could react, Nangong Xun had already quickly stretched out a hand and grabbed her arm. He pulled her into his embrace with a little force. Mu Ru's delicate body was pushed against his hard chest uncontrollably.

Nangong Xun used his hand to control mu Ru's struggling body. Her hard chest and mu ru's soft chest pressed against each other. Actually, there were still two or three layers of cloth between them. However, because Mu ru was struggling and twisting with all her might.. The soft mountain peak inevitably rubbed against Nangong Xun's chest, causing his body to have a reaction almost instantly.

"Let go of me! I don't want to spend the night with you! "

Mu Ru's hands forcefully pushed Nangong Xun's body away, wanting to push his chest away. When she thought of the touch just now, she was so embarrassed that she wanted to burrow into the ground.

"Let go of you? "

Nangong Xun smiled wickedly when he heard Mu Ru's words. He tightened his grip on Mu Ru's back. His chest pressed down harder on her two soft breasts, and his thin lips also pressed down on her pink lips.

"Don't want to have sex with me? Then have sex with me. "

A warm breath sprayed on mu ru's face, and her thin lips almost touched mu Ru's pink lips. Her voice was obviously filled with a teasing smile.

Mu Ru was almost angered to death. She used all her strength to push his head away a little, but this made his chest press down on her softness even more, making her feel so uncomfortable that she almost couldn't breathe.

"Nangong Xun, do you think it's very interesting to use such a forceful method to possess me? "

Mu Ru tried to use reason to convince the man who was pressing down on her body when she couldn't use her strength.

Nangong Xun was slightly stunned when he heard her words, but he immediately smiled and patted her face

"little baby, you're right. Forcing that taste shouldn't be very good. How about this — "

## **Chapter 97: Let Spring Bloom**

Nangong Xun stood up and opened a small box under the coffee table. He took out a white pill from the box and threw it into the wine glass He stirred the red wine in the wine glass with a spoon and said, "is that okay now? I added a 'bride's temptation' to you. Later, you can climb on top of me and beg me to take you. That way, the taste will be wonderful! "

When Mu ru heard Nangong Xun's shameless words, she even wanted to die. Her eyes quickly scanned the room, trying to find an exit, but she could not find it.

The only entrance to the room was the door. Nangong Xun had brought her in through the door, but she couldn't see where the door was.

Nangong Xun stirred the glass of red wine with one hand and stopped it with the other. Even so, she couldn't break free from his control and was pinned to the SOFA by his hand.

“Come on, Mu Ru, my baby.” Nangong Xun picked up the glass of red wine and forcefully controlled Mu Ru’s head with his hand. He brought the glass of wine to his mouth. “drink it. After you drink it, you will experience the beauty of my shamelessness to you!”

Mu Ru gritted her teeth. She could not drink this glass of wine. She could not drink it even if she was beaten to death. She knew very well what the consequences would be if she drank it.

“Mu Ru, this was originally a glass of wine between the two of us. Therefore, you have to drink it no matter what.” Nangong Xun saw that Mu Ru’s mouth was tightly shut. He frowned and said indifferently, “what do you mean by this? Are you forcing me to use force against you?”

Mu Ru still kept her mouth shut. Her hands could not struggle because she was controlled by Nangong Xun. However, she knew that as long as her mouth was not open, Nangong Xun would not be able to drink this glass of wine.

However, she was too young and underestimated Nangong Xun. Seeing that she kept her mouth shut, he wasn’t angry. He simply placed the cup of wine on the coffee table and his colleague quickly reached out to pull the Qipao on her body. He even said apologetically, “Mu Ru, this really isn’t my fault. Originally, I wanted you to willingly undress me. However, since you’re so shy, then it’s better for your husband to help you...”

“Don’t!” Mu Ru used her hands to push Nangong Xun away again, but her legs couldn’t exert any strength. Because she was firmly pressed down by Nangong Xun, the only thing she could resist was her hands and mouth.

“No? Your words are so funny. We are already married. Do you think this matter is up to you?” There was a trace of mockery at the corner of Nangong Xun’s mouth. His buttocks sat on Mu Ru’s thighs and pressed down on her legs. His legs were stretched out and his legs were trampled to death by Mu Ru’s hands that were constantly flailing and struggling, causing mu Ru to lie on the Sofa like a cross.

Looking at Mu ru who couldn’t move, the mocking smile on Nangong Xun’s face became even more intense. His voice also became complacent. “Mu Ru, my little baby, although you like to be forced, I prefer you to take the initiative, so — ”

Speaking up to this point, Nangong Xun reached out and picked up the glass of red wine on the coffee table again. He used his other hand to pinch Mu Ru’s nose. Mu Ru’s clenched teeth had no choice but to let go because she continued to inhale, and her mouth was forced to open.

Nangong Xun raised his hand high, and the red wine dripped into Mu Ru’s mouth like a line. As Mu ru inhaled the air, it slid down her throat and into her stomach.

#### **Chapter 98: “We shall bloom in spring.”**

Mu Ru felt extremely uncomfortable in her stomach. She felt like she was about to throw up. However, Nangong Xun forcefully suppressed her and she was unable to throw up.

Nangong Xun used his hand to pinch mu Ru's nose until the last drop of wine was poured into her mouth. Then, he used his hand to forcefully close her mouth. He only released his hand after he was sure that she had swallowed all the wine in her mouth.

Nangong Xun smiled indifferently when he saw mu Ru's murderous gaze. He looked at the panic and fear in the eyes of the little woman in front of him with great satisfaction. He said smugly, "Mu Ru, don't look at me like that. Later, when I let you enjoy a wonderful moment, you won't even be able to thank me enough."

"I really regret saving you back then." Mu Ru's voice was trembling like her own. She gritted her teeth so hard that they made gurgling sounds. She spat out each and every one of her curses, "Nangong Xun, you are simply a beast!"

"Hahaha, my bride, are you praising me with these words?" Nangong Xun held back his laughter. There was obvious mockery in his smug laughter. "I admit that I am indeed a beast for treating you like this, but what about Dongfang Mo? He probably can't do anything to you even if he wants to, right? If I am a beast, then he is worse than a beast, don't you think so?"

"Let go of me!" Mu Ru was so angry that she gritted her teeth and struggled with all her might. Her eyes fell uncontrollably and landed on her body one drop at a time. On her feet, every drop was silently shouting. Look, Xi Muru.. This was the consequence of being a good person five years ago.

"Why do you want to do this to me?" Mu Ru's voice was hoarse from crying as she looked at Nangong Xun with tears in her eyes. She questioned him angrily and powerlessly, "was it wrong for me to save you five years ago? Was it wrong for me to let you take revenge on me like this?"

Nangong Xun was slightly stunned when he heard Mu Ru's question. Then, he lightly said, "Mu Ru, you didn't do anything wrong. From the beginning to the end, you didn't do anything wrong. The ones who were wrong were Xi Yuancheng and Dongfang Mo. One of them was crazy while the other was ruthless. They knew that you were mine. One of them wanted to use you as a stand-in to get married, while the other knew that you were just a stand-in and not the person he was really going to marry. Yet, they held onto you tightly and refused to let go, so... "... "..."

"If they were wrong, why did you look for them? What has it got to do with me? I just..."

"I know that you can't help yourself," Nangong Xun quickly cut mu ru's words off. Then, he used his hand to lift her chin and said, "Mu Ru, I promise you, even though it's hard for you to accept the fact that I kidnapped you and forced you to marry me, I really want to marry you. Ever since I first saw you five years ago, I've already decided that you're my wife in this life. That's why I asked my mother to come to the Xi family to propose marriage. I even told my mother that your name is Xi Muru. Please don't get the name wrong... ". "..."

"Thank you for your love, but unfortunately, Mu ru doesn't have that kind of fate." Mu Ru quickly took over Nangong Xun's words and then looked at him with pleading eyes. "Please, let me go. I'm really a married woman now, I..."

"If you only married another man, I might let you go." Nangong Xun's voice turned cold. "If you married an ordinary man, I would at most think that we are not fated to be together. Perhaps because you once saved me, I might give you a big gift as a wedding gift."

## Chapter 99: "Then we shall bloom in spring. "

Nangong Xun paused for a moment. Then, he snorted coldly and said, "it's a pity that the person you married was Dongfang Mo, and the Dongfang family and the Qin family are mortal enemies. Four years ago, the Qin family was unable to gain a foothold in Binhai and was forced to move to Singapore. I was even forced to change my surname to Nangong. This was all thanks to Dongfang Mo. do you think I can let you off? "

When Mu ru heard Nangong Xun's words, her heart instantly sank to the bottom. She only knew that the Qin family had fallen in power four years ago and then disappeared. However, she didn't know that the Qin family had been driven out of Binhai by the Dongfang family.

Since the Dongfang family and the Qin family had such a deep hatred, and Nangong Xun was the Qin Xun of the past, then he definitely wanted to take revenge on the Dongfang family. Of course, there was no reason for him to let her go, because she was Dongfang Mo's wife.

As the old saying goes, a father pays his son, and a husband pays his wife. There was a reason why Nangong Xun didn't let her go!

"I understand. " Mu Ru looked at Nangong Xun weakly, and her voice suddenly became much softer. "Don't you want me? Then let me go. I will personally undress you. Since this is my fate, I WILL ACCEPT IT! "

Nangong Xun felt a tinge of pain in his heart when he heard Mu Ru's words. However, he still let go of her hand and said softly, "Mu Ru, wait a moment. I will be very gentle. I will try my best... "

Unfortunately, before Nangong Xun could finish his words, Mu Ru, who was beside him, rushed towards the wall as if she had gone mad. He was slightly stunned as he chased after her. However, he was still a step too late. He only heard a 'Bang' sound. Mu Ru's head made an intimate contact with the wall before she slowly slid down to the ground.

"Mu Ru! " Nangong Xun was shocked and quickly squatted down. He looked at the woman whose forehead was bleeding non-stop, and a trace of regret flashed through his heart. He bent down and picked her up. He cried out in a low voice with heartache, "Mu Ru, why are you so stubborn? Did marrying me make you feel so bad? Ah? Am I that bad in your heart? "

Mu Ru, who was originally unconscious, slowly woke up after hearing Nangong Xun's roar. She looked at Nangong Xun. Her Dry Lips said weakly, "It's not that you're bad, it's me. I'm already dirty. I'm no longer worthy of you, but you insist on marrying me. Then, I'll give this life to you. How about this... "

"Don't say anymore, " Nangong Xun quickly interrupted mu ru. At the same time, he turned around and placed her on the bed. He looked at her gradually blushing face and burning skin. He gritted his teeth and said, "Mu Ru, whether you're a girl or not, I'm going to marry you. Tonight, I want you to be my woman. I want... "

"Let her go! " Dongfang Yu's voice was not loud, but it was exceptionally clear in this spacious and quiet room.

The moment Nangong Xun turned around, Dongfang Yu had already rushed in front of him. At the same time, he was holding a black, shining handgun in his hand. The muzzle of the gun was pointed at him.

“Hehehe, Dongfang Yu, I thought you wouldn’t be able to get in. I didn’t expect you to become more and more capable.” Nangong Xun let go of Xi Muru in his hand. His expression did not change at all when he saw Dongfang Yu’s gun. His smile was very natural.

“SISTER-IN-LAW!” Dongfang Yu saw mu ru lying on the bed. Her face was blood red. The cheongsam on her body had already been pulled to her chest. Her hands were dancing in the air, and she seemed very uncomfortable. “...”

Therefore, he quickly took off his suit jacket and put it on her. He looked at the blood bag on her forehead and the blood that was oozing out. A trace of regret flashed through his heart.

### **Chapter 100“let Spring Bloom”**

Dongfang Yu was tall, and his suit was very long and big. It was a little comical to cover mu Ru’s petite body, but mu ru instantly felt a warmth that she had never felt before.

She had been abandoned since she was young. Other than mother Wang, no one would care about her. Therefore, whenever she was in trouble, she would solve it herself. No one had ever helped her, and no one would extend a helping hand to her Because no one would take her to heart.

And today, she thought that it would be the same as before. No one would care about her life or death, but she never expected Dongfang Yu to come. Moreover, at the crucial moment, he rushed to her side.

Mu Ru tried her best to put on a smile. However, her smile was even uglier than crying because of the blood stains on her face, the ugly stains on her forehead, and the hole she had just made on the side of the stairs.

She only felt extremely uncomfortable. It was as if someone had set a fire in her body. She used all her willpower to suppress her pain and discomfort. Her Dry Lips moved and an almost inaudible voice was heard, “Ah Yu, you’re here?”

Dongfang Yu looked at her flushed face and reached out to grab her hand. He immediately felt a burning sensation. His heart immediately thumped and he couldn’t help but curse, “Nangong Xun, you deserve to die!”

“The one who deserves to die is your brother Dongfang Mo.” Nangong Xun saw Dongfang Yu reach out to hug mu ru and immediately reached out to stop him His voice was cold as he said, “Dongfang Yu, tonight is my and Mu Ru’s wedding. I won’t stop you if you want to come and congratulate me. You’ll leave after drinking the wedding wine. It’s impossible for you to take mu ru away because she’s no longer your sister-in-law...”

“GET LOST!” Dongfang Yu obviously didn’t have the patience to listen to Nangong Xun’s nagging. He immediately bent down and hugged mu ru in his arms. He glared at Nangong Xun coldly He said mockingly, “Nangong Xun, you attacked my sister-in-law while my brother wasn’t in Binhai. What kind of

hero are you? Even if you want to snatch Xi Muru, you should fight openly with my brother instead of using such dirty tricks to steal her. Don't you think so? "

"dirty tricks? " Nangong Xun shrugged after hearing Dongfang Yu's words He said indifferently, "Dongfang Yu, what do you mean by dirty tricks Didn't I learn this from Dongfang Mo "Four years ago, who used dirty tricks to drive the Qin family out of Binhai "Do you think that the current Nangong Xun is still the same Qin Xun from back then? He's still so easy to deceive. "

"I don't know what happened four years ago. " Dongfang Yu stared at Nangong Xun and coldly said, "however, I remember what happened ten years ago very clearly. Back then, we were racing together. Who Was it that teamed up with others to chase me from three sides That finally drove me off a cliff with my car?"

"Chi... " Nangong Xun laughed out loud Looking at Dongfang Yu with some surprise, he said, "I thought you had slept in bed for ten years and didn't remember anything. I didn't expect you to remember so clearly. However, it was a race back then, and the race was a fair system. Moreover, we signed a life and death contract before the race... ". . ."

"Don't talk nonsense with me. " Dongfang Yu was obviously impatient to hear Nangong Xun continue to Nag. He coldly interrupted him, "President Nangong, sorry to bother you. I want to bring my sister-in-law back now, so... "

"Do you think you can get out just because you can get in? " Nangong Xun's lips curled into a mocking smile as he coldly sized Dongfang Yu up. "What kind of place do you think I am? You can come and go as you wish? "
