Chapter 921 love is a superstition of the right place at the right time

At 4:30 pm, Mu Ru received a call from Xi Muxue. At that time, she was eating lunch. Recently, she had fallen in love with aunt Liu's cranberry sauce, so her mouth was full of cranberry sauce.

When the phone rang, she did not pick it up. Instead, she continued to sit on the SOFA and eat the cranberry sauce. A Min, who was wiping the handrail, picked up the phone. However, a min only greeted her and immediately called out to her.

"Mrs. Dongfang, it's your call." When Amin called out to her, her hand even shook the microphone twice.

She put down the small plate of flower rolls in her hand slightly impatiently and slowly got down from the SOFA. She could not help but wonder, why would Dongfang Mo call back for no reason Didn't he drive straight home every night?

Taking the microphone, she said a little unhappily, "Dongfang Mo, are you going to attend the charity gala again? Let me tell you, don't help me bid for anything. I'm not interested in those stones."

Mu Ru said this because Dongfang Mo had helped her bid for a stone the last time. That stone was very expensive, but it had been thrown at home and was of no use at all.

"Xi Muru, my sister, it seems that your life is indeed very comfortable," Xi Muxue's voice carried a certain sarcastic tone. "Mrs. Dongfang? Xi Muru, you've really flown to the top and become a phoenix."

Only then did mu ru realize that it was not Dongfang Mo who had called her. It was her identical twin sister, Xi Muxue, who had called her.

"What's the matter?" Mu Ru's tone was extremely indifferent. Towards Xi Muxue, she had long lost her so-called sisterhood.

"Xi Muru, you turned off your phone. Do you not want me to disturb you?" Xi Muxue's voice was obviously filled with suppressed anger. It was obvious that she had been looking for her for a long time.

"turned off my phone?" Mu Ru frowned slightly, then she remembered. Ohh, my phone has been off for a long time. Am I not pregnant? My phone has radiation. Dongfangg doesn't allow me to use my phone."

Mu Ru was telling the truth, but it was no different from showing off to Xi Muxue. She could not help but mock, "Xi Muru, you're just a country bumpkin who flew onto a branch. Don't think of yourself as a phoenix."

Mu Ru did not want to talk to her to begin with, but hearing her say this made her even more dispirited. Thus, she said coldly, "if there's nothing else, I'll hang up. I don't have the time. I'm having lunch right now. I'm afraid I'll starve the child in my belly."

Mu Ru was about to hang up after she said this, but Xi muxue stopped her. “Xi Muru, I’m leaving. I’m going overseas to settle down. Before I leave, please return the jade bracelet that mother left for me. It was given to me by mother. ”

“Jade Bracelet? ” Mu Ru was stunned for a moment before she remembered. There was a jade bracelet, but it was given to her by her mom. Lin Xinyue had given it to her when she married Dongfang Mo..

“Mom gave it to me, right? ” She tried to differentiate. Although it was not valuable, it was still her mom who gave it to her.

“Left it for you? You don’t have to look at yourself in the mirror. How could mom give it to you? ” Xi Muxue’s voice was obviously filled with contempt Without waiting for Mu Ru’s reply, she said, “hurry up and send me the bracelet. I’ll wait for you at the Golden Book Cafe near the airport. ”

Chapter 922 love is a superstition of the right place at the right time

Mu Ru hung up on Mu Xue, and her head started to hurt. Her body for the past seven and a half months, and because she was pregnant with twins, it was very difficult for her to walk in one inch ink city. How was she going to give Xi Muxue a bracelet?

If Uncle Liu was at home, they might still be able to get along, and he could have driven her there. However, Uncle Liu had gone back to his hometown two days ago. According to Aunt Liu, it seemed like uncle Liu’s hometown uncle had died or something. He would probably be back in a week.

Uncle Liu wasn’t around, so she didn’t know a Hao’s phone number. Of course, a Hao didn’t belong to one inch ink city’s management. He was directly under Dongfang Mo, so even if she knew the number, she might not be able to get a Hao because a Hao only listened to Dongfang Mo..

She went upstairs and found the jade bracelet in her bag that she had brought from Korea. It was dark green in color, and the color was still clear without any impurities. She looked at it in the light, and it was indeed a good piece of jade.

She still remembered that when guining returned, Dongfang Mo was very angry when he saw the jade bracelet on her hand. He even said that he didn’t like this color and that he wouldn’t let him see it again in the future.

After that, she really did not let him see it anymore because she had never worn it again. Of course, from now on, she would not let him see it anymore because she was going to give the jade bracelet to Xi Muxue, unless Xi Muxue wore it on her hand, unless.. Dongfang Mo would still go overseas to see Xi Muxue.

She dragged her heavy body down the stairs with the jade bracelet. Being pregnant was a very difficult thing to do, not to mention that she was pregnant with two at once, and Dongfang Mo had fed her well Now, she walked like a football.

From the second floor to the first floor, she usually walked for less than a minute, but now she took a whole five minutes to walk down, and she was so tired that she was panting.

“Mrs. Dongfang, where are you going?” Aunt Liu saw mu ru walking down the stairs and could not help but ask her with concern.

“I’m going out for a while,” Mu ru said with slight annoyance, “but uncle Liu is not here. I’m looking for mother Wang to accompany me out, but mother Wang is not here at the moment.”

“mother Wang said that she wants to help your two children sew undergarments. She went out to buy silk thread after lunch,” Aunt Liu quickly explained to her.

“Oh, no wonder,” Mu ru remembered that two days ago, mother Wang said that she wanted to sew five poison undergarments for the children. She also said that the children would be immune to all poisons if they wore five poison undergarments.

“Mrs. Dongfang, you sit here for a while. Ah Mo will be back soon,” Aunt Liu saw the melancholy look on her face and quickly helped her to sit down on the SOFA.

“He’s at work right now?” Mu Ru looked at the time and looked at aunt Liu suspiciously. “He usually doesn’t come home during working hours, right?”

“I just called Ah Mo,” aunt Liu said with a smile. “Amin said that you’ve received a call from Second Miss Xi. I was worried that you’d go out to see her alone, so...”

When Mu ru heard aunt Liu say this, she did not say anything. Although aunt Liu had taken the initiative to call Dongfang Mo without her permission, her intentions were good. After all, she was seven and a half months pregnant. She was worried that Xi muxue would do something bad to her.

Mu Ru sat on the sofa in the living room for a while. About half an hour later, Dongfang Mo’s car arrived. When he saw her carrying a bag on the SOFA and looking like she was about to go out, he could not help but frown.

“Mu Ru, you’re so pregnant. Why are you going out? If you want something, I’ll get someone to send it over to your house for you to choose from.”

Chapter 923 love is a superstition of the right place at the right time

“Mu Ru, why are you going out with such a big belly? If you want something, I can get someone to send it over to your house for you to choose from.” Dongfang Mo squatted down in front of her, his hand naturally caressing her abdomen and patting it symbolically. “You two brats, did you fight today? Were you obedient? Did you torture Mommy?”

Mu Ru burst into laughter when she heard his words. Then, she ran her fingers through his hair and whispered, “I’m not going out to go shopping. Moreover, I’m so heavy, it’s tiring to go shopping. How would I foolishly want to tire myself out?”

“Then aunt Liu called to say that you’re going out.” Dongfang Mo raised his brows and looked up at her slightly. He asked gently, “then where are you going out to? Is there anything important that you have to personally go out to handle?”

“It’s... It’s Mu Xue.” Mu Ru finally said it out. She smiled bitterly and said, “Mu Xue said that she wanted my mother to give me that bracelet back then and asked me to send it to her.”

“Send it to her?” Dongfang Mo’s face immediately darkened. He could not help but glare at her and said, “Xi Muru, are you an idiot? She asked you to give it to her and you gave it to her? Wouldn’t you ask her to come to one inch Mo city to get it? You’re already so pregnant and you’re still running around for her. Who does she think she is?”

When Mu ru heard this, she immediately became unhappy. She could not help but retort, “Dongfang Mo, it was you who said that you would never allow Xi Muxue to step into one inch Mo city, so can I ask her to come and get it?”

Dongfang Mo was stunned when he heard her words. Only then did he remember that he had indeed said something like this back then. Now, he could not blame Mu Ru for not letting Xi Muxue come and get it.

Hence, he said a little helplessly, “alright then. I’ll make an exception this time and let her come in once. That should be enough, right? Hurry up and call her to come over and take it. Tell her that you’re heavy and you won’t go over.”

Mu Ru rolled her eyes at him. She was a little helpless, but she still got up obediently. She slowly walked over to the SOFA beside the phone and sat down. She checked the caller ID and then pressed the call-back button.

The call was picked up very quickly. It rang for three seconds before Mu ru could speak Xi Muxue’s voice was already filled with anger. “Xi Muru, what do you mean? It’s been so long and you’re still dawdling around? Aren’t you going to give me mother’s bracelet?”

“I’m sorry, I’m too heavy to go out.” Mu Ru ignored her anger and said plainly, “you can have the jade bracelet, but come to one inch mo city to get it yourself. I’ll wait for you at home.”

“What? You want me to go to one inch Mo city to get it?” Xi Muxue obviously did not expect mu ru to not buy it. She could not help but raise her voice again. “Xi Muru, is there something wrong with your brain? Didn’t I tell you just now ‘I’m going overseas. I’ll wait for you at the Golden Standard Cafe near the airport. How would I have time to come to one inch Mo city? By the time I run back and forth, my flight would have already left.’”

“You can change your flight,” Xi Muru reminded her coldly. “There’s usually no flight ticket with a discount of less than 40% abroad, and you can change your flight ticket with a discount of more than 40%. Besides, you might have bought First Class, so you can change your flight even more.”

“But I’ve already made an appointment with my friend. I have to arrive on time. He’s waiting for me at the airport,” Xi muxue yelled over the phone. “So, I can’t change my flight. I have to take this flight.”

Chapter 924 love is a superstition of the right place at the right time

Just as Mu ru was about to refute her, the microphone in her hand was snatched away by Dongfang Mo. He said coldly to Xi Muxue on the phone, “sure, if you can’t come then just wait there. I’ll drive over to bring it to you. I want to see how important this jade bracelet is to you!”

After Dongfang Mo said this, he immediately hung up the phone, leaving mu ru staring at him with her mouth agape.

“What are you standing there for?” Dongfang Mo could not help but glare at her. “What bullshit jade bracelet is worth her so much attention? Quickly hand it over to me. I’ll help you send it over, okay? You be my boss, I’ll be your errand boy.”

“PFFT...” Mu ru could not help but laugh. She felt that the current Dongfang Mo was especially cute, so she turned around and took out the bracelet wrapped in newspaper from her bag ...

Dongfang Mo really had to hand it to her. It was just a broken jade bracelet, yet it was worth her wrapping it in layers. Thus, he said nonchalantly, “since your mother gave it to you when you were young, what right do you have to give it to Xi Muxue? Could it be that your mother was biased and did not give it to you back then? From your position in the Xi family, this doesn’t seem very likely, right?”

“I didn’t give it to me when I was young,” Mu ru quickly explained. “This bracelet was given to me by my mother when I married you. However, before that, before I married you, my mother once said that this jade bracelet would be given to Mu Xue in the future. That’s why she wanted me to keep the promise that my mother gave her back then and let me give the jade bracelet back to her.”

“Is it that bracelet?” As Dongfang Mo spoke, he had already broken the thick newspaper layer by layer. As expected, he found out that it was the dark green bracelet that mu ru had worn back then.

He looked at the light carefully. The dark green color was just like the heavy-colored brush strokes in traditional Chinese paintings. Although the color was dark, the texture was transparent. There was not a single trace of color. It was indeed a piece of good jade.

Hence, he pulled the hand of the woman who was already so fat that she had no figure to speak of. Without thinking, he directly put it on her hand.

“Hey, this isn’t mine,” Mu ru hurriedly shouted. Then, she softly retorted, “Dongfang Mo, even if you want to snatch Xi Muxue’s bracelet for me, my hand is so fat that it can’t fit into it. It’s better to give it to her. This should have been hers to begin with.”

Dongfang Mo completely ignored her words. Instead, he turned his body and called for Aunt Liu, who was not far away, to quickly go to the bathroom to get some soap. Soon, aunt Liu brought the soap over. Dongfang Mo smeared some soap on mu ru’s hand and then held her hand tightly. He forcefully put the bracelet on her wrist.

Xi Muru did not know whether to laugh or cry. She could not help but shout, “Dongfang Mo, are you used to snatching other people’s things?” Even though I’m also the Xi family’s daughter, I know that my mother initially wanted to give this bracelet to Mu Xue. Later on, she gave it to me because I had taken Mu Xue’s place to marry you. She felt wronged and said that she felt guilty, so she acted like she was giving the bracelet to me. However, in her heart... “...”

“Your Mother didn’t give you this bracelet,” Dongfang Mo quickly cut her off. Then, he pulled her to sit down on the SOFA and said softly, “I gave you this bracelet. Remember, this is from the Dongfang family. It has nothing to do with the Xi family.”

The Dongfang family This time, it was Mu Ru’s turn to widen her eyes. She stared blankly at Dongfang Mo. Her lips twitched. “Dongfang Mo, you don’t have a fever, do you? Ever since I can remember, this bracelet was in my mother’s hands. How can this be from the Dongfang family again?”

Chapter 925 love is a superstition of the right place at the right time

“It’s a long story.” Dongfang Mo smiled at her and patted her hand. “Alright, we’ll talk about it later if it’s too long. Don’t worry about Xi Muxue now. Just wear it without worry.”

“But mu Xue is still waiting for us at Golden Standard Cafe.” Mu Ru was still hesitant. “Besides, she’s like me. She must think that this is something passed down from the Xi family, so she wants to keep it by her side.”

Mu Ru knew that in Mu Xue’s heart, she definitely did not think of her as a member of the Xi family because she had been chased out by Xi Yuancheng since she was young. Therefore, Mu Xue now arrogantly thought that she was the only member of the Xi family.

Furthermore, when Xi Yuancheng died, she was not by his side. At that time, she did not know what Xi Yuancheng had told Mu Xue, but she guessed that it was Xi Yuancheng who told Mu Xue that he wanted this bracelet.

“Then I’ll call her and tell her not to wait. I won’t send it to her, and I won’t give this bracelet to her.” As Dongfang Mo spoke, he immediately stood up and went to the phone again. He quickly picked up the phone and pressed the redial button.

However, the phone rang for a long time and no one picked up. After hanging up, he called again. This time, the phone company’s customer’s polite and formal voice came through. “The phone you have dialed is turned off. Please try again later.”

Turned off Xi Muxue’s phone was actually turned off. It seemed that she really couldn’t wait for him to send the bracelet over, so she boarded her flight on time. She was probably already on the plane.

Dongfang Mo didn’t care at all. He shrugged and said to Mu Ru, “alright, don’t dwell on the issue of the bracelet. Her phone is turned off. She’s probably already on the plane. Fortunately, you didn’t send it to her. Otherwise, you would have missed it.”

“Is that so?” Mu Ru frowned and sighed softly. “Alright then. Since she’s already gone, I can’t be bothered with her. You should hurry to work. I’m a little tired from this phone call. Go Up and sleep for a while.”

Dongfang Mo nodded and kissed her forehead. “I have a meeting at the company and it took me so long. I’ll probably be late for work tonight. If you’re hungry, you don’t have to wait for me to have dinner.”

Mu Ru nodded and said impatiently, "WHO's waiting for you? WHO's willing to wait for you? Seeing that you're about to lose your appetite, hurry up and leave. Don't linger here."

Dongfang Mo smiled and stood up reluctantly. Before he left, he even pinched her voluptuous chest before he quickly left the woman who was lying under her angry gaze.

After Dongfang Mo left, not only did she not give Xi Muxue the bracelet she wanted, she was even forced to wear it on her wrist by Dongfang Mo..

Alright, after all this, she was really sleepy. She yawned and could not even be bothered to go upstairs, so she simply lay down on the Chaise Lounge on the SOFA.

Actually, the SOFA in the living room did not have a chaise lounge before. Later on, because she was pregnant, she would occasionally lie down on the SOFA in the living room. Dongfang Mo felt that the SOFA in the past was not easy to lie on, so he specially bought a chaise lounge for her.

Mu Ru thought that Xi muxue had left the country just like that. She and she would probably never see each other again in this lifetime. Even if they could see each other again, it would probably be twenty to thirty years later, when everyone's old and grudges had completely disappeared.

However, in reality, she had completely miscalculated. Actually, she had not slept on the chaise lounge for long, only about an hour or so. Then, she was gently nudged awake by Amin.

Chapter 926 love is a superstition of the right place at the right time

"A min, what's the matter?" Mu Ru opened her eyes in a daze. A Min had indeed said something to her when she pushed her, but she was still in a daze, so she did not hear clearly.

"Second Miss Xi is here." A Min saw that she had woken up, so she immediately helped her sit up. Then, she quickly added, "Second Miss Xi wants to see you. She's waiting at the entrance of one inch ink city."

Actually, a min had not been able to tell Xi Muru and Xi muxue apart before because they looked exactly the same, but now she could completely tell. This was not just a problem with Mu Ru's pregnant figure. There was also the fact that Xi Muxue had not fully recovered from Kuang Yingying's disfigurement.

Xi Muxue was here Mu Ru's brain, which had been in a daze, suddenly felt as if someone had poured a bucket of cold water over her head. It became extremely clear in an instant.

Didn't Xi Muxue leave on a plane Why did she come to one inch Mo city again Didn't she say that her flight was too late?

"Mrs. Dongfang, do you want her to come in or let the security guard chase her away?" A Min could not help but remind mu ru softly when she saw that she was in a daze.

"invite her in." Mu Ru finally came back to her senses and stood up to stretch her legs.

Amin nodded and turned to leave. Mu Ru immediately sat down at the Master's seat on the SOFA and turned to call out to Auntie Liu at the restaurant, "Auntie Liu, give me a cup of apple juice and make a cup of coffee. There are guests."

“okay,” Auntie Liu replied and then turned to walk to the tea preparation room. Obviously, she had gone to make coffee and squeeze apple juice.

After Mu ru gave her instructions, she sat down and casually picked up a pregnant woman’s book that she usually left under the coffee table to read. Before she could finish reading a page, Xi muxue walked in under Amin’s lead.

“Xi Muru, why didn’t you bring me the jade bracelet when you were free to sit here and read?” Xi Muxue’s tone was very unpleasant, especially when she saw that Mu ru was sitting in the master’s seat that she used to be familiar with

During the five years when Xi Muru went missing and during the five years when she disguised as Xi Muru, she lived in one inch ink city. Although she knew the identity of Dongfang Mo’s mistress, at that time, she was the only woman in one inch ink city, and that seat was her exclusive seat.

“I’m pregnant, so it’s inconvenient for me to move,” Mu Ru said plainly. Then, she pointed at the single seat next to her and said indifferently and distantly, “sit.”

“I’m not going to sit.” Xi muxue seemed to have a backbone. She ran up to Mu ru in a few steps and reached out her hand to her. “Give me the jade bracelet, and I’ll leave immediately. I’m not going to sit on the same level as someone like you.”

Mu Ru could not help but laugh when she heard her words. Coincidentally, Aunt Liu came over with apple juice and coffee. She took the apple juice and took a SIP. Then, she said coldly, “thank you for not sitting on the same level as me, but the key is — can you sit on the same level?”

Xi Muxue’s face immediately turned red from embarrassment. She was in a bad mood and had a bad temper. She was about to flare up, but when she saw aunt Liu and Amin, who was staring at her not far away, she forced herself to endure it.

“Yes, I can’t be on the same level as you now,” Xi muxue looked like she would not admit defeat She could not help but say sarcastically, “but, Xi Muru, don’t forget that your current position is only exchanged with your stomach. If you’re different from me and can’t give birth without a uterus, do you think Dongfang Mo would want you to shield his wife for him?”

Chapter 927 love is a superstition of the right place at the right time

Mu Ru frowned immediately and could not help but remind her coldly, “I’m sorry. When Dongfang Mo and I got our marriage certificate, I wasn’t pregnant yet, so I wasn’t...”

“when you got your marriage certificate with Dongfang Mo, you were indeed not pregnant with the child in your belly,” Xi muxue quickly interrupted Mu Ru Then, she snorted coldly and said, “but don’t forget, if it weren’t for the child you gave birth to five years ago, would Dongfang Mo have married you? You’re probably dreaming, right?”

“At that time, I didn’t want him to marry me.” Mu Ru didn’t want to continue discussing this with her Then, she quickly changed the topic. “Oh right, you came here to ask for the Xi family’s Jade Bracelet, right?” “I’m sorry, Dongfang said that the jade bracelet wasn’t from the Xi family but from the Dongfang

family, so he gave it to me. You'd better drink your coffee and leave quickly. I'm not in the mood to keep you here for dinner. "

"What? Dongfang Mo gave you the jade bracelet?" Xi Muxue then noticed Mu Ru's wrist and realized that the jade bracelet on her wrist was indeed the one her mother used to wear.

She could not help but get angry Her voice raised a few decibels as she shouted, "Xi Muru, don't spout nonsense here. You're the one who wanted to take mother's things, yet you shamelessly said that Dongfang Mo gave you this bracelet. This belongs to the Xi family, what right does Dongfang Mo have to arrange for this jade bracelet to be given to who? "

"But Dongfang Mo said that this belongs to the Dongfang family, " Mu Ru said calmly. When she saw that she was a little closer, she could not help but lean back Then, she said coldly, "can you please sit down and say what you have to say? Besides, reason doesn't matter if you raise your voice. It's not that a loud voice means that your words carry more weight. "

Xi Muxue was so angry that her face turned red and her neck was thick as she growled, "Xi Muxue, even if you're the mistress of one inch ink city now, I'm still not a servant of one inch ink city. What right do you have to command me? "

Mu Ru frowned and said a little irritably, "I'm not commanding you. I'm just asking you to sit down and talk. Fine, if you don't sit down, then forget it. Anyway, I can't give you the jade bracelet. If there's nothing else, you can leave. Forgive me for not seeing you out! "

Mu Ru gave such an obvious order to leave, but Xi muxue acted as if she did not hear it at all. She smiled coldly and reached her hand out to Mu Ru. She growled, "Xi Muru, give me mother's jade bracelet back then. Otherwise, I won't be leaving today. "

"I won't give it to you!" Mu Ru was also angry. She could not help but raise her voice by two decibels. "Since Dongfang Mo said that this is the Dongfang family's Jade Bracelet, and I'm now Mrs. Dongfang, this jade bracelet should naturally be mine. Why should I give you the jade bracelet? "

"Haha, Dongfang Mo said that?" Xi muxue sneered. She looked at Mu Ru's bulging belly and said sarcastically, "you still think that Dongfang Mo really treats you as a treasure. Why don't you ask if the child in your belly is Dongfang Mo's? "

"What do you mean?" MuRu immediately felt that her words were pure nonsense She said a little angrily, "Xi Muxue, don't tell me that I don't know whose child I'm carrying? Can you not spread rumors and create trouble here? Do you think everyone is like you... "

"everyone is the same as me?" Xi Muxue interrupted Xi Muru with a sneer Then, she snorted coldly and said, "Xi Muxue, since you trust Dongfang Mo so much, why don't you ask Dongfang Mo? Back then, when I married Dongfang Yu, it was actually Dongfang Mo who was carrying whose child? "

Chapter 928 love is a superstition of the right place at the right time

“When you married Dongfang Mo, you were naturally pregnant with Dongfang Mo’s child. Who else could you be pregnant with?” Mu Ru said very naturally, but when she finished saying this, her heart immediately skipped a beat.

If she remembered correctly, on the night Xi Muxue and Dongfang Yu got married, she had heard the blushing sound next door, but at the same time, Dongfang Mo had also come to her room.

Her brain exploded with a bang, and she was immediately stunned. Mengran had a bad feeling. The child that Xi Muxue was pregnant with back then probably wasn’t Dongfang Mo’s.

Sure enough, Xi muxue sneered, “Dongfang Mo’s? If it really was Dongfang Mo’s child, do you think he would really let people lay their hands on me? If it really was Dongfang Mo’s child, do you think he would treat me like that later?”

Mu Ru was silent. Dongfang Mo back then was very cruel. In fact, Xi Muxue and she had similar outcomes back then. They both had miscarriages for a few days before they were chased out of the Xi family.

Xi Muxue saw that mu ru didn’t say anything She couldn’t help but reveal a mocking expression, “Xi Muru, don’t be too pleased. He treated me like that back then, so he might have treated you like that. Even if he didn’t back then, he might still treat you like that in the future.”

“How exactly did he treat you back then?” Mu Ru looked at Xi Muxue, whose face was filled with anger and at the same time, she used her hands to mock her. She could not help but ask, “whose child were you pregnant with back then?”

“I don’t know whose child I was pregnant with back then.” Xi muxue gritted her teeth so hard that her knuckles made cracking sounds as she clenched her fists Then, she said through gritted teeth, “but Dongfang Mo knows. He knows whose child I was pregnant with back then.”

“What?” Mu Ru was shocked and could not help but exclaim, “how did he know? He actually didn’t touch you. Then, you should be the one who knows. He’s not...”

“He didn’t touch me,” Xi muxue quickly interrupted Mu Ru Then, she sneered and said, “but don’t you forget that when I married the empress of Dongfang, I followed the rules. I did that kind of thing with men in the newlywed room that belonged to me and Dongfang Yu in one inch ink city. If it wasn’t Dongfang Mo, then it was Dongfang Yu. Then, how would I know who the other people were “I wouldn’t bring in a wild man on my wedding night, would I?”

Mu Ru felt her heart beat faster when she heard this. Her hands could not help but clench into fists Her voice trembled slightly as she asked, “then, what exactly happened? How did you get pregnant all those years ago? Or, was your pregnancy fake? Was it just a bluff to scare people?”

“You’re the one who’s bluffing?” Xi muxue could not help but raise her voice when she heard Mu Ru’s words She reminded very unhappily, “when I was pregnant back then, it was the Dongfang family’s family doctor, Liu Hao, who did the check-up. Moreover, it was rumored that later on, they even went to a large-scale hospital for surgery. That was sent by the Dongfang family. How could I fake it?”

Mu Ru immediately fell silent. It seemed like that was indeed the case. Back then, even though Xi Muxue had the title of Mrs. Dongfang, at that time, aunt Gu was the head of one inch ink city. Xi Muxue's life was not much better than hers.

"If you have something to say, just say it. Don't beat around the bush," Mu Ru said a little irritably, but she had a faint ominous feeling in her heart. She was afraid that she would not be able to accept what Xi Muxue said.

Chapter 929 love is a superstition of the right place at the right time

Sure enough, Xi Muxue snorted coldly. "What's going on? It's very simple. When Dongfang Yu and I were married, he would turn off the lights when we did that at night. The room was so dark that you couldn't see your fingers in it, and he didn't even speak."

Xi muxue paused for a moment Then, she bit her lips lightly and said, "even though my lifestyle wasn't as strict as yours at that time, and I was indeed selfish and self-serving, never thinking for others, I didn't make any big mistakes, did I "I couldn't commit murder and arson before, and I didn't have the courage to do it, did I?"

Mu Ru could not help but nod. That was true. Back then, she and Mu Xue were only 19 years old. She had just entered her first year of university, and she had just entered an art school. She was extremely selfish, self-centered, and had never had any compassion or anything, but.. She really did not go to the extent of breaking the law.

"Back then, I was only selfish and didn't want to marry him who looked like a ghost and was said to be a eunuch. Even if I made a mistake, it wouldn't be to the extent of breaking the law, right?" Xi Muxue was very excited when she said this, and her voice could not help but tremble She was even trembling all over.

"Alright, now get to the main point. How exactly did he treat you?" Mu Ru saw that the person she was talking about was already like this Hence, she could not help but ask, "did he use a simulator to humiliate you? And the reason why you got pregnant, was it because he used other methods to make you pregnant? For example, the simulator had a test tube in it, and the test tube was a man's sperm or something?"

Because Mu ru had seen Dongfang Mo's extreme side, she had also used a simulator to humiliate her. Moreover, she had asked her to go out and buy that thing for him and Kuang Yingying, so she thought of that thing.

"It's not a simulator," Xi muxue replied through gritted teeth. "If it was a simulator, I might not have been so angry, and I wouldn't have thought of impersonating you to return to one inch Mo city to return to his side."

"It's not a simulator?" Mu Ru's heart could not help but tighten again. She looked at the woman who was fuming with rage through gritted teeth and asked cautiously, "then what is it? You... How did you get pregnant?"

“Of course it’s a man,” Xi Muxue said as she gritted her teeth. “Dongfang Mo is too disgusting, no, he’s too vicious. He actually found another man in the room... He’s not human at all...”

Rumble. Mu Ru felt a loud thunder above her head. She was stunned for a long time and just stared blankly at Xi Muxue.

“You didn’t expect that, did you?” Xi Muxue was about to cry when she said this. Her teeth had already bitten through her lips and her gaze was like an ice knife stabbing into mu RU’s face She said sarcastically, “Xi Muru, don’t you suspect that the child that you were pregnant with back then was someone’s child that Dongfang Mo forced to abort?”

“Of course it was Dongfang Mo’s,” Mu ru answered without a second thought.

“Wasn’t Dongfang Mo a eunuch back then?” It was Xi Muxue’s turn to be shocked. She looked at her in confusion. “could it be that Dongfang Mo wasn’t a eunuch in front of you back then?”

“He was indeed a eunuch back then. He used a simulator to humiliate me back then.” Mu Ru pondered for a moment. “But Dongfang Yu and I had sex back then, and Dongfang Yu was him back then, and I . . .”

Chapter 930 love is a superstition of the right place at the right time

When Mu Ru said this, Meng ran remembered that back then, not only did she have sex with Dongfang Yu, there was also a masked man. And Che Qi Xuan said that he was not sure that the masked man was Dongfang Mo because anyone could dress up in a mask.

Xi muxue scoffed at her words She snorted coldly and said, “Xi Muru, don’t be too naive. Don’t think that I didn’t know about the time you had sex with Dongfang Yu. Wasn’t it you who was captured by Nangong Xun and Dongfang Yu came to find you “Nangong Xun told me all about it. He gave you medicine and you were under the control of the medicine. You were in a daze, so how did you know who cured you “Dongfang Yu wasn’t the only one on Dongfang Yu’s yacht.”

Mu Ru fell silent. Actually, she knew who it was that time because it was indeed Dongfang Yu. However, she didn’t know who the masked man was anymore.

Xi Muxue saw that Mu ru didn’t say anything and thought that she was right Hence, she could not help but snort coldly. “So, Xi Muru, don’t be too naive. No, I should say that you’re too stupid. Dongfang Mo is a cold-blooded and cruel b * Stard. Back then, he could treat me like that, so he might have treated you like that too. Now, do you really think that he can change for you?”

Mu Ru did not say a word, but her heart shrank once again. She had almost forgotten about what happened back then. Especially after she was kidnapped at the same time as Xi Muxue in America half a year ago, she and Dongfang Mo finally opened up to each other.

In the past three months, she had completely adapted to being Mrs. Dongfang of one inch Mo city. At the same time, she had also adapted to being Dongfang Mo’s wife. At night, she was even more used to using his arms as a pillow and his embrace as a warm stove.

After opening up to Dongfang Mo, she had always thought that Dongfang Mo had his own difficulties back then. The cruelest thing he had done to her was not that he had chased her out of one inch Mo city, but that he had schemed to frame Zheng Yifan and turned her into his mistress alive.

However, she knew that it was a way and method for him to care about her. A strong man, and at that time, of course, he would not give in to her. However, his other identity at that time, Dongfang Yu, had indeed come to look for her.

She had once thought that she and Dongfang Mo no longer held any grudges. Although the past was uncomfortable when she thought about it, she, who was immersed in the honey, no longer thought about the past. She only thought about the present and the future. She thought about how they had come to bring Yun Heng, Yun Zai, and little feather, who would occasionally return home, to live happily ever after.

However, now that Xi Muxue was talking about the past again, the most important thing was that she had actually revealed a shocking secret. Dongfang Mo had actually found another man to marry Mu Xue. Didn't that mean... ..

Just as mu ru thought of this, she heard Xi Muxue say again, "do you know how bad Dongfang Mo is? He actually found a prostitute from a nightclub to come to a room in one inch mo city. He... he even said that he doesn't find the same person every time..."

"What?" Mu Ru's eyes widened. She looked at Xi Muxue and after a while, her lips moved as she asked, "what you said... is all true?"

"Is it true? You can ask Dongfang Mo?" Xi Muxue growled in exasperation. "Xi Muru, you stupid woman. You've never thought twice in your entire life. Back in the Xi family, you listened to everything I said and took the blame for you. Now that you're married to Dongfang Mo, you're even more stupid than before. You believe whatever Dongfang Mo says. Don't you know how to think twice?"
