### **Chapter 931 love is a superstition of the right place at the right time**

“What are you thinking about?” Mu Ru’s muddled mind became clear after being scolded by Xi Muxue. She looked at her calmly. “Is there anything that I need to think about?”

“Mu Ru, you’re really a pig,” Xi Muxue was so angry that she started to curse. “Don’t you think that since Dongfang Mo can treat me like this, he can treat you like that too? Also, Dongfang Mo’s lover back then was Fang Zining. Look at how Fang Zining can think of a way to find someone to gang rape you. Although I’m the one who ended up being gang raped, don’t forget that Fang Zining’s target was originally you.”

Xi Muru fell silent because Xi Muxue was right. Back then, Fang Zining had indeed treated her as her biggest competitor.

“Xi Muru, think about Fang Zining’s evil heart and then combine it with Dongfang Mo finding another man to impersonate him and humiliate me like that seven years ago. Don’t you think that from their personality, style, and way of doing things, the two of them are a match made in heaven?” Xi muxue asked Mu ru aggressively.

Mu Ru massaged her forehead. She had rarely thought about these things since she was pregnant, especially in the past two to three months. She had even forgotten about Fang zining.

Now that Meng de was reminded by Mu Xue, Fang zining’s image appeared in her mind again. However... ..

She looked at the furious Xi Muxue and said softly, “the Fang Zining who returned last year is actually not the Real Fang Zining, but the former Kuang Yingying. She’s just like you, she just had plastic surgery.”

“What? Fang Zining is Kuang Yingying?” This time, it was Xi Muxue’s turn to be shocked. However, her shock only lasted for a few seconds before she came to a realization. Then, she said even more viciously, “no wonder. Think about it. When Dongfang Mo was Dongfang Yu, he and Kuang Yingying got engaged and were getting ready to get married. Later, Dongfang Mo restored his original appearance and got engaged with Kuang Yingying, even getting married. From this, we can see how much Dongfang Mo cared about Kuang Yingying back then. That’s why their style of handling things was the same.”

Mu Ru immediately fell silent. Xi Muxue’s words seemed to make some sense. Back then, Dongfang Yu and Kuang Yingying, then Dongfang Yu ‘died’, then Dongfang Mo and Kuang Yingying.. He even asked her to help Kuang Yingying buy a simulator, and that night, she was almost raped by a middle-aged man outside.

Back then, she didn’t know who the middle-aged man was, but if she followed Xi Muxue’s words now, she felt that the middle-aged man was very likely arranged by Dongfang Mo, and had even been following her.

If that was really the case, then Dongfang Mo was indeed too afraid. She could not help but wonder, what was Dongfang Mo's motive for treating her so well now?

Thinking of this, Mu Ru was just about to open her mouth to tell Xi muxue about this when she suddenly felt two fierce kicks on her stomach. She could not help but let out an "ah", then she used her hand to caress the sudden bulge in her stomach.

"What's wrong with you?" Xi muxue heard her "AH" and could not help but frown. Then, she said mockingly, "what are you fine for? You didn't do that kind of thing with a man again?"

Mu Ru was immediately unhappy when she heard her. She glared at her and said Snappily, "my son is kicking me in the stomach. They were fighting and kicked my stomach. I can't even scream because of the pain?"

### **Chapter 932 love is a superstition of the right place at the right time**

"Your son? And the two of them?" Mu Xue stared at mu Ru's belly with a puzzled gaze. She could not help but ask, "could it be that you're carrying more than one child?"

Mu Ru could not help but roll her eyes at her. "Can they be used with just one child? Of course they're twins. Besides, it's easy for twins to have twins when they're married, okay?"

Xi Muru was pregnant with Dongfang Mo's child, and she was also carrying twins. Just now, Xi Muru had said that her son was fighting. From this, it could be seen that she was carrying a boy.

This time, there was no need to analyze. Xi Muxue knew that Xi Muru was definitely pregnant with Dongfang Mo's child. Moreover, the little feather that Xi Muxue gave birth to five years ago was Dongfang Mo's child.

It seemed that Dongfang Mo's feelings for Xi Muru, this ugly freak, were different. He would find another man for her, but for Xi Muru, he used his real body.

How unfair was this She and Xi Muru were twins, okay Moreover, she had been more beautiful than Xi Muru since she was young. Now, Xi Muru was as beautiful as her. That was because she had removed her birthmark. She was originally an ugly freak.

When she thought of this, she suddenly had a flash of inspiration. A strategy flooded into her mind, so she immediately put down her original plan and quickly organized another plan in her mind.

Thus, she, who was originally filled with anger and scolding Dongfang Mo for all his sins, immediately changed into her clothes and looked pitiful She said softly, "Mu Ru, I saw that you were pregnant and that you were pregnant. I felt extremely bitter because, as you know, half a year ago, at that time, I was also four months pregnant."

Xi Muxue's tears started to fall when she said that. When she mentioned the child, her hand involuntarily slid down to her abdomen again, and inside, it was now empty. There wasn't even a uterus.

Looking at the freckled pregnant woman with a high belly, her heart was filled with jealousy and hatred. It was all because of her. It was all her fault. At that time, Fang zining originally wanted to find someone to take her place, but in the end.. It was her who suffered and ended up like that.

No, she couldn't just go overseas like this. She had sacrificed so much, even her own uterus. She couldn't possibly not get anything, right?

She had to think of a way to stay in Binhai and wait for the day Xi Muru gave birth. She had to think of a way to secretly make Xi Muru give birth and bleed to death. Then, she would take this opportunity to pretend to be Xi Muru.

Of course, Dongfang Mo's sharp eyes would definitely be able to tell that she wasn't Xi Muru. However, with two hungry children waiting to be fed, he had to have motherly love for them since they were young, so he probably wouldn't expose her. In the end, he could only make things right Let her stay in one inch ink city and be the mother of two children.

When Mu ru heard her words, she could not help but recall the scene of her and Xi muxue being kidnapped at the same time half a year ago. Then, Xi Muxue took a bullet for Dongfang Mo..

Although Dongfang Mo later said that Xi Muxue and aunt Gu at that time had joined forces, in the end, that bullet did not have eyes. Xi Muxue's act of risking her life to take a bullet for Dongfang Mo could still be seen that Xi muxue loved Dongfang Mo in her heart.

Especially at that time, Xi Muxue was still pregnant with a child. Although, that child... ..

"Mu Ru, I really want to have a child too," Xi Muxue's mournful voice sounded, interrupting Mu Ru's thoughts.

### **Chapter 933 love is a superstition of the right place at the right time**

"What? You want to have a child?" Mu Ru was a little surprised by Xi Muxue's words. She could not help but look up at her, then her gaze fell on her flat stomach She could not help but ask in a low voice, "then how are you going to have a child? You can't even... you can't even get pregnant?"

Xi muxue nodded, then she could not help but cry again in a low voice She choked up and said, "Mu Ru, I know that half a year ago, that child was the product of gang rape. I also know that I can't be sure who the father of the child is, but the point is, none of this is important. What's important is that it's my child, my own child..."

Xi Muxue could not continue speaking when she said this. She suddenly fell to the floor and lay on the Armrest of the SOFA, sobbing softly.

Mu Ru's heart, which had just calmed down because of the two kicks from the child, was instantly messed up again. Looking at Xi Muxue who was crying like this, her heart could not help but soften again.

In her memory, Xi Muxue had always been very strong. Ever since she was young, she had always yelled at her. Every time she spoke, her tone was strong and aggressive. She had never shown her weak side in front of her.

It was precisely because of this that when Xi Muxue first came in, she had treated her so indifferently. This was because, in her heart, Xi Muxue really did not leave a good impression.

However, at this moment, speaking of children, her heart could not help but soften. Once, seven years ago, she had also lost a child, so she had a personal experience of losing a child.

Looking at Xi Muxue crying so sadly, she could not help but gently comfort her, "alright, Mu Xue, don't cry anymore. Some things are fated by the heavens. What is lost can never be returned. You should think about how to live in the future. Since you want to have a child, then go abroad and adopt one. Even though it's not born by yourself, as long as you take care of her from a young age, when she grows up, she will naturally have a good relationship with you. It's not much different from having a child of your own."

"How old is not much?" Xi muxue raised her tear-stained face and looked at the woman sitting in the master's seat. She forcefully suppressed the jealousy and hatred in her heart. Then, she said softly, "Mu Ru, adopting and giving birth are two completely different things. They're not related by blood at all. How can we get close?"

"Even if they're related by blood, they might not be able to get close." Mu Ru smiled bitterly. When she thought about her own background and what she had experienced since she was young, Meng ran suddenly felt bored talking about this issue with Xi Muxue.

Hence, she stood up and said a little irritably, "alright, Mu Ru, if there's nothing else, you should hurry up and leave. I can't interfere with your matters..."

"What do you mean you can't interfere?" Xi muxue could not help but exclaim. Seeing that Mu ru was about to get up and go upstairs, she hurriedly said, "Mu Ru, have you forgotten why I'm here?"

"Dongfang said that this jade bracelet belongs to the Dongfang family. Now that he has given it to me, I can't give it to you," Mu Ru then remembered Xi muxue's purpose for coming here. She then looked at the dark green jade bracelet on her wrist and said, "of course, if you really want the jade bracelet, you can ask Dongfang Mo Yourself. As long as he agrees, I'll naturally give it to you. I didn't like wearing these things initially."

"I will naturally find Dongfang Mo to tell him about the jade bracelet," Xi muxue quickly continued. Then, she begged in a low voice, "Mu Ru, now, can you please tell Dongfang mo not to chase me out of the country? In this world, my only family is you. I want to stay in Binhai and live with you. The two sisters will take care of each other."

### **Chapter 934 love is a superstition of the right place at the right time**

"No!" A crisp and familiar voice sounded before Mu ru at the entrance of Mo Garden's main hall.

Mu Ru looked up and Xi muxue turned around. The two of them saw Dongfang Mo walking in from the entrance of the main hall almost at the same time.

Dongfang Mo walked in with a dark expression. He looked at Xi muxue coldly and said, "aren't you running out of time? Why are you so free now?"

Xi Muxue was first stunned when she saw Dongfang Mo, then she immediately reacted and said angrily, "Dongfang Mo, I'm here to take my family's jade bracelet. This is from the Xi family and my mother left it to me. I..."

"Let's not talk about whether this jade bracelet originally belonged to the Xi family," Dongfang Mo interrupted Xi muxue coldly as his cold gaze landed on her face "However, this jade bracelet was personally given to mu ru by your mother, Lin Xinyue. She didn't give it to you, so she gave it to Mu Ru, so it belongs to Mu Ru."

"My mother said that she would give it to me," Xi muxue quickly argued. "before Mu ru married you, she promised that she would give this jade bracelet to me when the time came..."

"But she didn't give it to you," Dongfang Mo quickly interrupted her. He had obviously lost his patience His voice became colder and colder. "This can only mean that your mother is a person whose words and actions are inconsistent. She only promised to give it to you, but she really gave it to Mu Ru. So, this jade bracelet belongs to Mu Ru. It has nothing to do with you anymore."

"But this belongs to the XI family," Mu Xue yelled unyieldingly. "When my father died, he kept telling me to get the jade bracelet back. He said that I'm the only one in the Xi family and I can't let the jade bracelet fall into the hands of outsiders..."

"Am I an outsider?" Mu Ru finally couldn't take it anymore. She was about to go upstairs when she suddenly walked back and glared at Mu Xue Her voice trembled with excitement. "Isn't that funny? You and I are twin sisters, and you're part of the XI family, but I'm an outsider now?"

"Even though you and I are twin sisters, father threw you away when you were young," Xi Muxue continued to explain. Then, she looked at Mu ru with contempt She said angrily, "how about you and I are twin sisters? Father doesn't recognize you and he doesn't want you as his daughter. How can you have the face to call yourself a member of the XI family?"

"since I'm not a member of the Xi family, why did you ask me to marry in your place?" Mu Ru was angered by Xi Muxue's words She could not help but raise her voice and shout, "since I'm not a member of the Xi family, why did you accept the 10 million that Gui Ningshi gave you back then "since I'm not a member of the XI family, why didn't you stay by mother's side when she was sick and instead took the 10 million and ran away, leaving her to me "since I'm not a member of the Xi family, why did I pay for father's hospitalization fees when he was sick "Why did he ask me to pay for his funeral when he died?"

Mu Ru asked a series of questions that left Xi muxue speechless. In her heart, when she needed mu ru, Mu Ru was part of the Xi family. When she did not need her, Mu Ru was nothing?

Mu Ru saw that Xi muxue did not answer for a long time She could not help but ask, "since I'm not part of the Xi family anymore, why were you trying to get close to me just now "Why did you say that I'm the only family you have in this world Why did you say that I'm your sister Why did you say that you have someone to look after you in your life?"

**Chapter 935 love is a superstition of the right place at the right time**

Even in her dreams, Xi Muxue never thought that Xi Muru would actually have such a day. In her impression, even if this Xi Muru was supported by Dongfang Mo to become the real Mrs. Dongfang, she would still be a soft mud She could knead her into whatever shape she wanted?

A certain stepmother could not help but sweat. Xi Muxue, are you so arrogant that you can't find your way around? All these years, when have you kneaded Mu ru into anything? Hasn't she always been living a much better life than you

"Good question!" Dongfang Mo gave mu ru a thumbs up and then looked at the woman who was standing there blushing and turning Pale He said plainly, "Xi Muxue, now I'll give you two choices. First, you can obediently go abroad. Since you're Mu Ru's twin sister, when you go abroad, I'll transfer 100,000 RMB for your living expenses. It's only 100,000 RMB instead of US dollars. As for how long you can live abroad and how you want to live in the future, I can't control it. You have hands and feet, so you should be able to find a job. "

Dongfang Mo paused for a moment Then, he said plainly, "of course, you can choose not to go overseas and continue to stay in Binhai. However, your former patron, Dongfang Yingwu, has been arrested. As long as I inform the police that you're in an alliance with Dongfang Yingwu and Dongfang Mei, you'll probably be like Kuang Yingying for the rest of your life. You'll have to spend the rest of your life in prison. "

"nonsense. " Xi Muxue's body could not help but tremble. She looked at the man in front of her who was as cold as ice and shouted in a trembling voice, "Dongfang Mo, in order to take a bullet for you, I even lost my own child, yet you... "

"I won't thank you, " Dongfang Mo quickly cut her off Then, he snorted coldly and said, "also, don't think that I can't see through your little tricks. You're someone so vicious that you even wanted to harm your own sister. You still expect me to forgive you? Dream on. "

When Xi Muxue heard Dongfang Mo's heartless words, tears of excitement welled up in her eyes. She suddenly fell to the floor and started sobbing.

"Dongfang Mo, how can you be so heartless? " Xi Muxue's shoulders were shaking from crying Her voice was sobbing as she complained, "Dongfang Mo, the first person you got engaged to was me. The only thing I've done wrong in my life was to let mu ru marry you in my place. But didn't you turn into Dongfang Yu to get back at me later on and marry me? Then, you actually... .. You actually... .. "

"Mu Xue said that when she was married to Dongfang Yu, you found a man outside to replace you with her? " Mu Ru could not help but ask Dongfang Mo as she listened to Xi Muxue's sobbing.

Dongfang Mo did not answer Mu Ru's question Instead, he looked at Xi Muxue who was crying on the floor and said coldly, "Xi Muxue, you said something wrong just now. Actually, the only thing that you did right in your life was to let mu ru marry me instead of you. The reason why I did not send you to the police station now is because I'm grateful for your wise choice to let mu ru ru marry you. The other reason is... .. "seven years ago, when you were the second wife of Dongfang in one inch Mo city, I found a man to make you pregnant with a bastard child. Also, when you were on the wheel, it was because of Mu Ru. "

**Chapter 936 love is a superstition of the right place at the right time**

Dongfang Mo paused for a moment Then, he said plainly, “for you, I’m grateful, apologetic, and a little guilty. These three factors added together have given you the freedom you have now. Of course, if you don’t like the freedom of life and still find trouble with Mu ru here, then I’m sorry. I’ve always been a heartless person. I’ll call the police right now... “. ... “...”

“No!” Xi muxue screamed. She quickly stood up from the floor and looked at Dongfang Mo’s cold face. Finally, she was dejected She whimpered, “Umm, I really want my mother’s bracelet. You’re so rich, you can buy mu ru a better bracelet anytime. You can ask Mu Ru to give me this bracelet. I wasn’t with my mother when she died. If I see the bracelet, it’s like I see my mother. ”

“This jade bracelet doesn’t belong to the Xi family, ” Dongfang Mo’s voice was cold and emotionless He looked coldly at the woman whose face was covered in tears and said, “this belongs to the Dongfang family. It was originally a pair. I have another one here. It was left by my grandmother and was passed on to the daughter-in-law of the Dongfang family. ”

“since it was passed down from the Dongfang family to the daughter-in-law, why would it be on my mother’s hand? ” Xi Muxue was no longer the one who asked this question, but Xi Muru who was standing behind Dongfang Mo..

“Back then, my uncle had a girlfriend. He liked her very much and said that he wanted to get engaged to her, so he took this jade bracelet to give to her. However, on the way back that day, my uncle got into a car accident and died on the spot. ”

Dongfang Mo paused for a moment Then, he looked at the puzzled Muru and said, “according to my grandmother, I didn’t know who my uncle’s girlfriend was at that time. All I knew was that her surname was Lin. I didn’t even know where she was from, so I couldn’t find this jade bracelet and left it outside. Later on, I saw you wearing this bracelet back then, and only then did I know that my uncle’s girlfriend back then should be your mother, Lin Xinyue. ”

After Dongfang Mo said this, he turned around to look at Xi Muxue and said coldly, “now, I’ll count to three. If you still don’t leave, one... ”

“I’ll leave immediately. ” Xi muxue quickly turned around and walked towards the entrance of Mo Garden’s main hall. When she reached the entrance, she turned around and glared angrily at Mu Ru She could not help but throw a vicious sentence, “Xi Muru, the river flows east for thirty years, and the river flows West for thirty years. Don’t be complacent too early! ”

Mu Ru was slightly stunned. She was about to say something, but Xi Muxue had already quickly walked out of the courtyard. Clearly, she was afraid of Dongfang Mo, which was why she fled in such a sorry state.

After Xi Muxue left, Mu ru turned around and walked upstairs. She did not say anything to Dongfang Mo, who had followed her out of the hall. She did not even want to see him.

Dongfang Mo only walked into the hall after confirming that Xi Muxue had indeed left. However, Xi Muru was no longer in the hall on the first floor, so he immediately walked upstairs.

Pushing Open the door to the master bedroom on the second floor, he did not see the round woman in the living room. He panicked and quickly walked into the room. When he entered the bedroom, he realized that the door to the balcony was open.

On the Rattan Chair on the balcony, the Chubby woman who was pregnant was sitting. Her face was not facing the bedroom, but her back was facing the bedroom, facing the courtyard.

His nervous heart finally relaxed. It was good that she was here. He was really worried that once she got angry, she would have to pack her things and go to Korea, or leave the lock on the door and not let him in.

### **Chapter 937 love is a superstition of the right place at the right time**

It was windy in the evening and she was just sitting there, not afraid of catching a cold. While he was thinking about this, he had already reached out and covered her with a thin blanket.

“Mu Ru, ” he called out to her in a low voice and sat down on another Rattan Chair beside her. He reached out and grabbed her wrist, then held her slightly cold hand tightly in his palm.

She turned her face to look at him, but no expression could be seen on her face. She bit her lips and asked after a while, “erm, Dongfang, can I ask you a question? ”

His heart tightened, and an ominous premonition immediately welled up in his heart. The palm that was gripping her hand could not help but tighten a little, and he said with a somewhat astringent voice, “you ask. ”

“Um, Mu Xue said that you found another man back then... that she... ” Mu ru stared unblinkingly at Dongfang Mo and bit her lips lightly. “Is it true? ”

Dongfang Mo’s heart clearly tightened, and he quickly realized that Mu Ru’s small hand in his palm was struggling. He tightened his grip even more, not giving her a chance to struggle.

Clearing his throat, he said in a low voice, “that’s true. ”

Mu Ru’s face darkened at this moment, and her heart also sank at this moment. She looked at the man in front of her with an unfamiliar Gaze After a long while, she moved her lips and said, “Mu Xue is not wrong. You and Kuang Yingying are indeed the same kind of people. Kuang Yingying found someone to take my turn. As for you, you found someone to rape Mu Xue seven years ago... ”

“It’s not like that, ” Dongfang Mo hurriedly interrupted Mu Ru’s words Then, he said in a slightly hurried voice, “Mu Ru, I know. Back then, I was indeed a little overboard when I did this, but at that time, I didn’t know that you were the one who really saved me, nor did I know that you were the one who really stayed by my bedside. I thought that person was Xi Muxue, but she loved vanity and refused to marry me because of my appearance and the hidden illness in the legends. At the same time, I also investigated and found out that she was fooling around with another man, and that was how Dongfang Yu came into being, which was when I married her... “. “...”

“What does it have to do with you whether she’s fooling around or not? ” Mu Ru quickly interrupted Dongfang Mo’s words Her voice was obviously filled with unsuppressed anger. “Just because she’s

fooling around outside, you're going to treat her like this? Even if she's fooling around, it's only with a man she likes. That's something she's willing to do, with a man like you who's looking for a stranger..."

"Mu Ru," Dongfang Mo quickly called out to her. Then, he said in a low voice, "I know I made a mistake in this matter, but at that time, I couldn't swallow my anger. Thinking that she actually dared to despise me for not marrying me, I impulsively did that kind of thing. Later on..."

Dongfang Mo paused for a moment. Then, he said softly, "then, she got pregnant. I was also very busy. I even found that man and told him that I could give them a sum of money and let him marry Xi Muxue. Anyway, she was pregnant with his child, but that man refused. He said, how would he know whose child Xi Muxue was pregnant with. Moreover, he didn't know how many men Xi Muxue had. If I could find him, I could find someone else... .."

"Then, how many men did you find for Xi Muxue?" Mu Ru could not help but be enraged when she heard this. Her voice suddenly raised by two decibels.

### **Chapter 938 love is a superstition of the right place at the right time**

"One!" Dongfang Mo hurriedly replied. Seeing the confusion on Mu Ru's face, he quickly added, "there really is only one. Of course, the fewer people who know about this kind of thing, the better. How can I find a few more people?"

Mu Ru was slightly stunned when she heard this. Then, she thought about it and realized that it was indeed true, so she whispered, "seven years ago, on the first night I married you, the man with the mask and long hair was also the man you found, right?"

"No," Dongfang Mo almost blurted out, and his expression changed instantly. He quickly explained, "Mu Ru, that man was me. At that time, I was angry that you were a substitute and wanted to send you back to the Xi family tomorrow, but the Xi family bullied me like this, so I wanted to punish you harshly, so... that night..."

Mu Ru's eyes were already filled with tears. The scene that night was still vivid in her mind. At first, it was Dongfang Yu, then Dongfang Mo, and finally, she was left behind by aunt Liu, but she was tarnished by the masked man.

Che Qixuan once told her that seven years ago, Dongfang Yu was 100% dressed up by Dongfang Mo because he was the only one who looked like him. As for who the masked man was, he did not know because he wore a mask and had long hair. That was something that any man could dress up.

Dongfang Mo saw the tears in Mu Ru's eyes, but she bit her lips to prevent the tears from flowing. He could not help but get busy, so he quickly got up, squatted down in front of her, and pulled her hand to look at her.

"Mu Ru, I know what I did was wrong." Dongfang Mo's voice was a little dry. His heart also hurt, "but, Mu Ru, I did want to punish you the first night, but later, I used this method to make you pregnant because aunt Gu and Dongfang Yingwu had been playing tricks on me in the dark. At that time, my plan was to make you pregnant, and then use the excuse that you were pregnant to drive you out of one inch Mo city. That way, our child could be born outside... "..."

Dongfang Mo choked up and looked up slightly. After a while, he said, "Mu Ru, there are many times when a person's plan is not as good as God's plan, and God's plan is not as good as a bad person's plan. I was so cautious at that time, but I still did not expect aunt Gu to drug the water. Therefore, our first child... .. I'm really very sorry, I... .."

Mu Ru's heart was in pain. The pain when the child left was like an electric current striking her. What was the use of being extremely sorry? Could he exchange for the life of the child from seven years ago?

Mu Ru bit her lips and loosened her teeth. She looked at Dongfang Mo who was squatting in front of her. After a while, she said softly, "Dongfang Mo, I'm very tired. Help me to lie down inside. The children are fighting in their bellies again."

Dongfang Mo quickly got up and supported her with his hands. He carefully walked towards the bed in the bedroom. He knew that the grudge in her heart had not been resolved, but he also knew that these things could not be resolved in an instant.

Mu Ru was a sentimental person. She was often easily swayed by emotions, so every time she crossed swords with Xi Muxue, she would always be at a slight disadvantage. This was entirely due to her kindness and innocence. This was because people like mu ru could not be as cold-blooded and heartless as him and Xi Muxue, or even heartless.

### **Chapter 939 love is a superstition of the right place at the right time**

It was a strange feeling. In fact, he was similar to Xi Muxue. They were both extremely cold-blooded and merciless people, but he himself did not like people who were so calculative and cold-blooded and cruel.

He liked mu ru because she was pure and kind, because she was pedantic and cute, and even because she was a silly girl who would not turn back until she hit a wall.

He did not like Xi Muxue, and he did not like Kuang Yingying because they were just like him. They were selfish and calculative. No matter what they did, they would first think for themselves, but they never thought for others.

Of course, Mu Ru did not know about Dongfang Mo's little schemes. She just felt bad, especially bad. Thinking about how he treated Mu Xue like a man, thinking about how he once disguised himself as a masked man to defile her.. Thinking about the original plan that he said he would do... ..

Alright, she only knew that Dongfang Mo was a cold-blooded and heartless person. No matter how much you gave to him, he would not be moved because he was self-centered and would never consider others.

Now, she knew that her previous understanding of Dongfang Mo was only the tip of the iceberg. In fact, the Real Dongfang Mo was not only cold-blooded and cruel, but also calculative. Whether it was his wife or his children.. He only treated them as chess pieces in his entire game... ..

Mu Ru lay on the bed and closed her eyes. It was unknown if she was asleep, but Dongfang Mo moved a stool and sat beside her bed. He still held her slightly cold hand tightly in his palm.

Looking at the woman who had kept her eyes closed, he said in a low voice, "Mu Ru, I know that you can't accept this matter. I also know that it's not that easy to ask you to forgive me, so..."

"So, I don't ask you to forgive me. I only hope that you can stay by my side forever and let me take good care of you and our children. If you feel that just having these two children in your belly isn't enough to punish me, then we'll get pregnant and have another child in two years... ". ..."

"Are you dreaming?" Mu Ru finally couldn't listen anymore and couldn't help but open her eyes to glare at him. "Dongfang Mo, have you woken up yet?"

"No," he replied shamelessly and then shamelessly kissed her cheek. "honey, didn't you say that you wanted to punish me? Actually, you know that I like that kind of thing. So, if you're pregnant, it's the best way to punish me..."

"Go, I don't want to fall into your trap again." Mu Ru used her hand to push away his lips that were still rubbing against her cheek. She glared at him angrily and said, "Don't think about the children anymore. After giving birth to these twins, I will immediately undergo a birth control surgery. I will never help a heartless person like you to give birth again. No, you are a cold-blooded, cruel, and heartless person."

"Is it true?" Dongfang Mo stared at her with a face full of doubt.

"Of course it's true." Mu Ru answered without hesitation.

"okay, then I will call director Zeng right now. After you give birth, I will immediately perform a birth control surgery on you. This way, it will be done once and for all." As Dongfang Mo spoke, he was already taking out his phone.

Mu Ru widened her eyes and stared at him. In an instant, she felt as if she had fallen into Dongfang Mo's trap again!

Hence.. When she saw a certain man flipping through the phone book with his phone, she could not help but hurriedly shout, "Dongfang Mo, wait a moment, this... ". ... I haven't decided if I want to perform a vasectomy yet. I'll forget about it first. Actually, it's not bad to have a few more children."

"It can't be?" A certain man's face immediately revealed a mournful look. If he had a few more children, wouldn't he be starved by her for the rest of his life?

### **Chapter 940 love is a superstition of the right place at the right time**

Mu Ru had been writing a pregnant woman's diary ever since she was four months pregnant. Of course, this pregnant woman's diary was mainly a reminder from the pregnant women's books that she bought from Dongfang Mo because it mentioned that many pregnant women wrote pregnant women's diary.

The pregnant woman's diary that Mu ru wrote was usually written in both pictures and text. It was a photo of her big belly that was usually taken and pasted on the diary so that it could reflect the situation of the day more clearly.

Dongfang Mo said that she was very beautiful when she was pregnant, so she cried out in distress, “how is she beautiful? Her face has pregnancy spots, and her belly has pregnancy spots too. She has a flower belly now, but she’s still beautiful? “?”

He smiled and said, “why isn’t she beautiful? ” “I think she’s very beautiful? ” The pregnancy spots on her face indicated that she was pregnant. A FLOWER BELLY? Perhaps it implied that she was a Fox demon in her previous life.

Mu Ru cried out when she heard this, “if I was a fox demon in my previous life, then what was your previous life? ”?

Dongfang Mo smiled and replied, “of course I’m a male Fox demon. We’re a couple of Fox demons, and then we’ll give birth to a nest of Fox demon cubs. We’ll live in a sparsely populated forest and live a carefree life. “.

When Mu ru heard his words, the anger that she was originally filled with finally dissipated. Alright, this man is finally... .. He’s still more obedient to her.

Mu Ru’s pregnancy period had entered eight months, and her body was getting heavier. When Xi Muxue came to cause a ruckus during seven and a half months, she could still walk around the courtyard. After eight months, she even found it very difficult to go up and down the stairs.

Due to this situation, Dongfang Mo temporarily tidied up an empty room on the first floor and made it into a temporary bedroom. Since the first floor was very convenient, there was a bathroom with everything.

Mu Ru was quite satisfied with this temporary bedroom, but because there was only a bed and a dresser and wardrobe, it seemed a little lonely. The opposite wall was empty, with nothing at all.

She frowned Then, she pointed at the Empty Wall and said to Dongfang Mo, “why don’t you post some beautiful pictures of babies, preferably twins? That way, I’ll look at the pictures of twins every day and think of the two brats in my stomach, and my mood will be better. ”

Dongfang Mo was stunned when he heard this. Then, he immediately nodded and agreed. Thus, he smiled and said to her, “wife, same-sex opposites repel each other. The opposite sex attracts each other. I guess you’re pregnant with two boys, so it’s better to post pictures of the twins. ”

“where can I find pictures of twins? ” Mu Ru rolled her eyes at him. “Do any of your relatives have girls who are twins? Have them send over the pictures of their childhood. ”

Dongfang Mo shook his head. “None of my relatives have girls who are twins. However, aren’t you twins? Why don’t you just find the pictures of your childhood and Post Them? ”

“I didn’t have a photo when I was young, ” Mu ru lowered her voice Then, she smiled bitterly and said, “I grew up beside mother Wang. Mu Xue is the apple of my parents’ eyes. I didn’t even have the chance to take a photo with her, so it’s even more impossible for me to take a photo with her. ”

Dongfang Mo immediately fell silent upon hearing this. Only then did he remember that she was abandoned by her parents when she was young, so he said in a low voice, “alright then, I’ll go look for photos of me and Ah Yu when we were young. There should be a lot of them. ”

## COMMENT

He and Dongfang Yu were twins. Their parents had given birth to the two of them, so they had been extremely precious ever since they were young. They would give almost anything they wanted. As for photos, at that time, they had cameras at home, and their mother would take photos of them almost every few days.
