Chapter 961 love was the reincarnation of three lives and three lifetimes

Yun Heng and Yun Zai's full moon wine. Early December, the weather in the south was particularly good. The Sun was shining brightly, and the sky was exceptionally clear.

One inch ink city had not been this lively for many years. Everyone who was related to the Dongfang family had come. Although Zheng Yifan did not rush back from abroad, Zheng Yiping had brought her husband and children.

Although Dongfang Jun did not work at the Dongfang Group, he had established his own design studio and was the main design studio. He was responsible for the design of large-scale buildings at home and abroad. It was said that the airport that he helped design for a country in Eastern Europe two months ago had already been adopted. He had earned a lot of money for his design studio.

Of course, Dongfang Group was now officially entering the real estate industry, and all of Dongfang Group's real estate projects would be completed by Junyi Studio. To Dongfang Jun, this was far more fulfilling than being the president of thriving group.

The Dongfang family had many relatives and friends, but mu ru's family had almost no relatives and friends. The so-called relatives of the Xi family had cut ties with the XI family eight years ago when the XI family closed down.

Therefore, Mu Ru only had friends. It was rare for Dongfang Mo to be so generous, so mu ru invited Cheng feier to one inch Mo city. She finally fulfilled Cheng Feier's wish of entering one inch Mo city even in her dreams.

The warm winter sun shone on people's bodies. It was especially comfortable. Yun Heng and Yun Zai, who had only been here for a month, could already laugh out loud. These two main characters of the day were handed over to the guests. There was almost no chance for them to fall into mu RU's hands.

Little feather was like a little Elf as she shuttled among the guests. She constantly introduced the characteristics of her two little brothers to people. She even went to great lengths to tell the guests the names of her two little brothers, Yun Heng and Yun Zai!

Yellow Flowers, camellias, and butterfly orchids all bloomed. Dongfang Mo's face had long lost its usual coldness and arrogance. He was always smiling. When he stood with Che Qixuan, if one did not look at their clothes, one would not be able to tell who was who.

Dongfang Mo was exceptionally happy. He pulled Mu ru to toast to the guests and introduced his wife, Xi Muru, to all the guests. If someone did not know Xi Muru, he would patiently explain to them that this was the Xi family's eldest daughter, Xi Muru. It was not the Xi Muxue that everyone used to know.

His wife was Xi Muru. It WAS NOT XI muxue!

In the evening, everyone was almost drunk. The guests finally said their goodbyes one after another. Mu Ru used the twin stroller to push the two children slowly as they strolled in one inch ink city.

When they arrived at the Gazebo in the long corridor, there were two camellias opposite them. She sighed softly and sat down on the stone steps. She lowered her head to look at her two sons lying side by side in the stroller.

They were extremely similar to Dongfang Mo. his eyes, nose, mouth, even his lips were so similar. They were actually thin lips too.

Thin Lips, thin lips, men were all fickle!

Thinking of this, she could not help but sigh. Her body leaned back slightly. She clearly wanted to stretch, but she suddenly leaned against a firm chest, and a pair of strong arms hugged her tightly.

“Mu Ru, that day in the operating room, did you hear what I said to you?” Dongfang Mo lowered his head slightly, his Chin resting on her head.

“What?” Mu Ru could not help but turn her head, her clear eyes looking at him.

Dongfang Mo smiled but did not answer. He just squatted down, grabbed her lips, and kissed her deeply... ..

Xi Muru, I won't tell you those three words again. Whether you heard it or not, I won't tell you again in this life.

In the future, please give me time as a witness and let time be the truth. I will use my actual actions to interpret the meaning of those three words... ..

Mu Ru did not ask further and only responded to his kiss. However, just as Dongfang Mo was about to deepen the kiss, Yun Zai in the crib started to cry.

Dongfang Mo had no choice but to stop. He bent down and picked up the little rascal who was crying from the crib. He could not help but reach out and give him a symbolic slap on the butt. “Little Rascal, you actually dare to carry your father's child. Watch how I deal with you today.”

Mu Ru could not help but laugh when she heard his words. Yun Heng, who was pushing the baby carriage, followed behind him and walked towards Mo Yuan. He looked at the tall figure carrying the Little Yun Zai. From the back, he did not look funny but harmonious.

She could not help but sigh in her heart. Dongfang Mo, are you heartless or long-lasting?

That day, in the operating theater, she had been in a daze. But even if she was, she had heard those three words: I love you!

He loved her, and her eyes instantly teared up.

He loved her, but did she love him or not?

Dongfang Mo, please let time be the witness. Let time be the light. Do I love you or not. ...

Chapter 962, love, was the cycle of three lives and three lifetimes

During the Spring Festival, Dongfang Mo's company was on holiday. Mu Ru's body was recovering well after the full moon. Before the Spring Festival, she went to Renhe Hospital for a check-up. Dongfang Mo personally drove her there.

Zeng Hongxia said that her wound was recovering well. As for the pregnancy spots on her stomach, there was no need to rush. They would slowly fade away, but it would take time. She wouldn't be able to see them for about a year or two.

Therefore, Dongfang Mo suggested that they go on a honeymoon during the Spring Festival. The reason was that they had the time now. Moreover, the child was still young and wouldn't recognize her. It didn't matter if they went for ten days or half a month.

However, Mu Ru could not bear to part with the child. Moreover, there was no good place to go on their honeymoon during the Spring Festival. Most importantly, Mu Ru had just given birth, and she ate especially well during the month of confinement. As a result, her body was full of fat. It actually reached as much as 140 kilograms.

Losing weight was the first major event for every parturient after the month of confinement. If there was a professional stylist or Dietitian, it was actually not difficult to lose weight. In fact, it would only take two to three months to lose weight.

However, Mu Ru's situation was different because she still had to breastfeed her two babies. Although Yun Heng and Yun Zai had hired a wet nurse alone, the two babies had a big appetite. Mu Ru could not bear to add more patience to the two of them, so she was worried that the wet nurse would not have enough milk. Thus, she could breastfeed her two children twice a day.

Dongfang Mo did not agree to her losing weight. This did not mean that he liked her fat body, but he was also greedy. When he came back at night and was in bed, he could not help but steal his son's food.

After dinner, Mu Ru played with the children for a while before returning to her room. When she entered the room, she saw Dongfang Mo holding a world map and studying it on the SOFA.

"What are you looking for?" Mu Ru asked casually and sat down beside him.

"A place for a honeymoon." Dongfang Mo did not even raise his head. He took a pencil and circled the map.

"honeymoon?" Mu Ru could not help but exclaim, "I couldn't help but shout. Dongfang, didn't we talk about it two days ago? The child is still young. Moreover, I don't have a body, so why didn't I go for a honeymoon?"

"It's because the child is smiling that I want to go for a honeymoon." Dongfang Mo laughed and raised his head. He reached out and placed his hand on her shoulder, pulling her into his embrace. He said softly, "I originally planned to bring you to Provence to look at the sunflower fields at the end of June or the beginning of July. However, by then, Yun Heng and Yun Zai would already be in July or August. They would have recognized US long ago. If the two of US left without them, wouldn't the child be heartbroken?"

Mu Ru was silent. She thought to herself, the child has only been around forty days. Although he has yet to learn how to recognize people, I can't bear to do so. Moreover, I will miss the children.

Dongfang Mo saw that she was silent and knew that she couldn't bear to part with the child. Thus, he said in a low voice, "Mu Ru, I know that you can't bear to part with the child. However, the time that the two of us really spend together is really too little. Let's take advantage of the ten days of vacation to go to the two of us, okay? The child is still young and doesn't know how to find his parents. In the future, when they can get to know us, we will never leave them alone again."

Mu Ru glared at him. Then, she shouted unhappily, "No, even if the child doesn't know us now, this fat meat of mine is like pig Bajie. It will roll wherever it goes. How am I supposed to go on a honeymoon with you? "If people saw it, they would think that you brought a basketball with you."

Chapter 963 love is the reincarnation of three lives and three lifetimes

Dongfang Mo could not help but laugh. Seeing her turn around and walk towards the bathroom, he could not help but shout, "why do you care so much? Whether it's basketball or football, as long as I like it, isn't that enough?"

Mu Ru could not be bothered with him. He liked it, but she did not like it. Didn't they hear that men were too handsome? If a woman's body was fat and her looks were ordinary, it would be very stressful to stand beside a handsome man. Even if the handsome man did not mind, there were many women out there who were infatuated with him. Their saliva would drown you alive. She did not want to drown on her honeymoon.

Dongfang Mo saw Xi Muru take her pajamas and walk into the bedroom. The bathroom could not help but shout, "Hey, wait for me, honey. I want to take a shower with you."

Unfortunately, by the time he finished shouting, Xi Muru had already walked into the bathroom. When he chased her to the bathroom door, the bathroom door had already been unceremoniously locked by a certain woman. She did not give him a chance to step into the bathroom at all.

Dongfang Mo could not help but kick the bathroom door. He could not help but curse in his heart. Xi Muru, aren't you as fat as pig Bajie? Why are you still running as fast as a rabbit?

Xi Muru heard the sound of someone kicking the door from outside the bathroom. Her heart was filled with joy. A certain Wolf had already lost its patience ten days ago. She had been trying to prevaricate by saying that she had not gone to the hospital for a check-up.

Today, he had personally driven her to the hospital by force to do some complicated things. When she thought of Zeng Hongxia's words that she had recovered very well and that the husband and wife could completely return to the same room, she could not help but cry. She really wanted to pry Zeng Hongxia's mouth open and let her rephrase it as.. She had not recovered fully yet. She might have to wait another year or two before they could return to the same room.

Mu Ru dawdled in the bathroom for a long time. It was not until she heard the sound of the door opening and the sound of footsteps outside that she finally put on her pajamas and boldly walked out.

However, just as she walked to the SOFA, before she could sit down, she was pulled down by the man lying on the Sofa and rolled into the arms of a man who had endured for a long time.

“Hey, ” Mu ru quickly reached out to cover the mouth that was covering her. Her other hand gently pulled on his cheek. “Hubby, I’m still sitting for the month. Shouldn’t you restrain yourself a little? ”

After saying that, she immediately pushed him onto the SOFA. She turned around and swayed her fat body that had long lost its waist as she walked towards the bed not far away.

Dongfang Mo looked at her voluptuous back. The flame that had just been ignited in his body was burning fiercely as if someone had poured a bucket of oil on it. He could not help but get up and follow her directly to the bedside.

Still sitting on the moon?

To think that she could think of it. Yun Heng and Yun Heng had been here for almost fifty days. What kind of moon was she sitting on Didn’t she know that a month was 30 days?

Mu Ru had just sat down by the bed. Before her feet could reach the bed, Dongfang Mo had already laid down beside her. He reached out and pulled her onto his body. He turned over and pressed her under his body.

Chapter 964 love is the reincarnation of three lifetimes and three lifetimes

How long has it been since he touched her?

It seemed to be almost half a year. She remembered that when she was six months pregnant, he had stopped letting her touch him. The reason was that her stomach was too big. Most importantly, she was afraid that he would hurt the two babies in her stomach.

Originally, he had wanted to have her a few days after she was full moon. However, she said that a Caesarean operation was different from a natural birth. She needed to rest for a few more days. Moreover, the doctor had to check again and feel that everything was fine.

Fine, he gritted his teeth and promised her that he would let her continue to rest. After all, she was now his queen. He still had to obey her?

However, today, he disdained to continue to obey her because she had already gone through the double check. It turned out that she had already recovered.

If he continued to let her lie to him, it was likely that sooner or later, he would suffer a hard injury from holding it in. If he suffered a hard injury from holding it in, it would probably affect the happiness of both of them.

Chapter 965 love is the reincarnation of three lives and three lifetimes

He lowered his eyes and gazed deeply at the woman beside him. Looking at her flushed face, he sighed in satisfaction.

This was the woman of his life. He had to do everything in his power to love her and give her the best in the world, not only in terms of material things, but also in terms of her soul

Of course, there was also the sex that a woman could not lack in her entire life... ..

She had indeed gained a lot of weight by giving birth to two SMELLY BRATS for him to be pregnant. However, he did not think that she would not look good if she gained weight. On the contrary, in his opinion, the fat her had another kind of mature charm, even though she had always been very mature.

Low eyes, deep gaze at his side of the woman, looking at her face flushed, he almost satisfied with the sigh.

This is the woman of his life, and he will do everything in his power to love her, to give her the best of everything in the world, not only material, but also spiritual —

And, of course, the sex that a woman can not live without...

She did gain a lot of weight by giving birth to two brats when she was pregnant with him, but he did not think that she would not look good if she gained weight. On the contrary, in his opinion, the fat her had another kind of rich and mature flavor, although she had always been very mature.

Mu Ru's hair was already wet from the sweat from the battle just now. She raised her hand and her fingers pierced through the man's hair that was also soaked with sweat. She looked at the man whose forehead was still dripping with sweat She could not help but ask gently, "Hubby, are you tired?"

"I'm tired." He raised his sweaty face and looked at the passionate and extremely beautiful woman below him. His thin lips gently pressed on her pink lips. "I almost died from exhaustion."

"Ah?" Mu Ru was slightly stunned. Then, she pushed his body away with her hand and said in a purely joking manner, "then, don't be so tired in the future."

"How can that be?"

He became serious and slowly separated from her. Then, he looked at her and said,

“I just decided that from now on, I will work so hard every night to please my wife. For the sake of my wife’s sexual pleasure, what’s the big deal if I’m a little tired? I’m just doing the physical work of a blue-collar worker.”

Mu Ru was completely speechless. When did this man’s face become so thick?

Seeing that he was still clinging to her, she could not help but push him

“Hurry up and go away. I’m going to take a shower. It’s all because of you. You just changed the bed sheets today, and now you’re going to change them again.”

“take a shower first, then change the bed sheets.”

He immediately got up from the bed and picked her up while she was still struggling to get up. As he walked towards the bathroom, he whispered,

“Let’s take a shower together, a mandarin duck bath...”

Mu Ru could not dissuade him. The main reason was that he had tormented her so much that she did not have any strength at all. When it came to doing that kind of thing, it was clearly the man who was working hard. But why was it that in the end, the woman was the first to collapse from exhaustion?

In the bathroom, he gently placed her on the Tatami Mat and then went to put the bath water in the bathtub. Obviously, he was a person who was consistent in his words and deeds. At this moment, he actually kept his word.

The bathtub was the kind of double bathtub that could be used to put water in all four directions at the same time. Therefore, within a few minutes, more than half of the bathtub was filled. Dongfang Mo came over, hugged her, and directly put her into the bathtub.

She let out a long, comfortable breath. Just as she was about to ask him to pass the shower gel to her, she raised her head and saw that he had already taken the shower Gel and had already stepped into the bathtub.

Chapter 966 Love was the reincarnation of three lives and three lifetimes

Mu Ru glared at him and could not help but growl, “Dongfang Mo, I’ve gained weight now. This bathtub...”

Unfortunately, before she could finish her sentence, a man who was even more thick-skinned than the Great Wall had already forced her to lie down beside him. The water in the bathtub was splashed all over the floor when he forced himself to lie down.

“Wife, come, let me help you take a bath.” Dongfang Mo took out a pool of jasmine-scented Lotion from the shower gel bottle in his hand and gently applied it on her smooth and lustrous skin.

It was certainly not the first time that a handsome man took a bath. After she was six months pregnant, he was the one who helped her take a bath every night. But in the past, she was pregnant, and he was only focused on helping her take a bath.

Tonight, his bath was completely different. His slightly rough fingertips slid across her delicate skin as if they were electrified. It shocked her so much that her heart pounded, and her body could not help but feel strange in the bathtub full of bubbles.

This night was destined to be the chase of antelopes and wolves. It was destined to be a collision of firmness and softness. It was destined to be a meteor hitting a meteorite. It was destined to be the flow of the valley and the Stream... ..

Outside the window, it was obviously the cold spring dew, but inside the window, it was already full of spring. The Love was endless and the night was bitter and short. After a long drought, there was sweet dew. A certain man who seemed to have hiked thousands of miles in the desert drank the sweet dew he met again and again.. It was as if he wished he could jump into the sweet dew pool... ..

The early spring sunlight shone into the room through the shallow screen window, waking up a certain woman who was sleeping soundly. The Camellia flowers outside the window were blooming brightly. Bathing in the warm Spring Sun, they welcomed the gentle spring breeze and were blooming on the branches.

Mu Ru blinked her eyes and yawned. Her fleshy arms crawled out from under the blanket and she raised them to rub her sleepy eyes. She was so tired. Her whole body was so soft that it felt like her bones were about to fall apart.

BED exercise was indeed the physical labor of a blue-collar worker. How long had it been since she had done such a physical labor?

As time went by, her endurance had become much worse.

Of course, it was not the first time that a handsome man took a bath. After she was six months pregnant, he was the one who helped her take a bath every night. But in the past, she was pregnant with a big belly, and he only focused on helping her take a bath.

Chapter 967 love was the reincarnation of three lives and three lifetimes

Dongfang Mo walked in from outside and saw the woman who was still hugging the blanket and rubbing her eyes on the bed. He could not help but chuckle and ask, "you're awake. Have you slept enough?"

Mu Ru puffed up her cheeks and glared at him. She pouted and asked, "what time is it? I think I'm hungry."

"PFFT..." Dongfang Mo could not help but laugh out loud. He quickly came to her side and sat down on the edge of the bed. He stretched out his hand and pulled her out from under the blanket. "Wife, it's already noon. We did so much physical work last night. If you weren't hungry, you would have become a God."

"It's all your fault." Mu Ru glared at him angrily. At the same time, she pushed him away. "Hurry up and get out of the way. I'm going to have lunch. It doesn't matter if I starve to death. It's easy to find a new wife anyway. The key is that my three poor children will become cabbage."

Dongfang Mo couldn't help but laugh when he heard her words. He pulled her into his arms again and said in a low voice, "How can I bear to starve you to death? You're my sexual happiness for the rest of my life. In the future, I'll still..."

"In the future?" Mu Ru was so angry that she picked up the pillow case next to her and threw it fiercely at his head. "Dongfang Mo, you still want the future? No matter how good my body is, it can not withstand the torment you put me through last night. So, I have decided that from now on, you are not allowed to touch me again."

"How can that be?" Dongfang Mo's face immediately changed color when he heard this. He grabbed the cotton pillow that was still smashing at his head and stared at the naked woman on the bed with wide eyes. He could not help but ask in a low voice, "wife, are you sure that you can endure loneliness?"

"Of course I can endure it." Mu Ru gritted her teeth and held on, glaring at him angrily. Then, she said shamelessly, "I stayed in Korea for five years. Didn't I come here alone just like this? What's there to be impatient about? It's not like I can eat that thing."

"How can that be considered as enduring it?" Dongfang Mo quickly corrected her. "The so-called enduring loneliness doesn't mean that I didn't look for those things when I was single. According to your words, I can endure loneliness as well because during the five years that you weren't around, I also endured it, right?"

“since everyone can stand it, that’s even better.” Mu Ru was elated when she heard what he said. Then, she stood up from the bed and shouted, “I announce that from now on...”

Unfortunately, before she could finish her announcement, her lips were immediately blocked by a thick-skinned man. After Dongfang MO kissed her fiercely.. Then, he warned her sternly, “Xi Muru, if you’re still here and don’t want to get up for lunch, I don’t mind eating you for lunch first. Anyway, I’m a little hungry now.”

Mu Ru was finally completely defeated. Alright, why else would she say that Dongfang Mo was a b * Tch Look at this man who had his sperm in his brain. He could think of that matter whenever he wanted to, even saying that he wanted to have lunch... ..

Dongfang Mo seemed to know what she was thinking, so he pressed his rough fingertips on her lips He said softly, “honey, I’m a normal man, and you’re a normal woman. That’s the way I like you and love you. Don’t you want me to love you often... HMM...”

Mu Ru was so angry that she wanted to act tough again. Just as she was about to speak, she looked up and saw her thin lips that were less than two centimeters away from her. She immediately knew what to do and shut her mouth.

It was better if she didn’t provoke him. Otherwise, she might really be eaten as lunch by him when she was hungry.

Chapter 968: Love is the reincarnation of three lives and three lifetimes

Mu Ru was not in the mood to go on a honeymoon, but Dongfang Mo insisted that the last honeymoon in Nim was less than half a month, so she had to go again now to make up for the honeymoon.

Mu Ru was a little helpless, mainly because her resistance to this matter was ineffective. In Dongfang Mo’s words, it was about their happy life. Everything was up to him, but as for the family’s financial arrangements and expenses, it was entirely up to her She was his boss, and he was just working for her.

Alright, all women liked to listen to sweet talk. Moreover, Dongfang Mo’s sweet talk was different from other people’s, so in the end, she could only reluctantly abandon her two sons who had only been around forty days to go on their honeymoon with this F * Cking Dongfang Mo..

Of course, it was different from the last time because on the previous honeymoon, Mu ru brought an easel and an easel. Wherever she went, Dongfang Mo would help her carry the Easel and let her paint as much as she wanted.

However, this time, Xi Muru did not bring those things. It was not that she did not want to draw anymore, but that she was still breastfeeding. Those paints and Turpentine were not good for babies, so she was afraid that it would affect them.

Regarding the location of the honeymoon for the Spring Festival, the two of them had a dispute. Mu Ru wanted to go to Africa, and she wanted to go to Angola. Coincidentally, it was not cold in Africa these two days, even though the crape myrtle flowers had bloomed However, the weather at this time was still very pleasant.

However, Dongfang Mo rejected it immediately, saying that Africa was not an option Especially Angola, where the Chinese were still thinking of ways to come back after fighting all day. Yet, you actually wanted to go to Angola for no reason?

Mu Ru was so angry that she glared at him. Actually, she wanted to go to Angola to look for the thousand-year-old Orchid. However, since Dongfang Mo put safety first, and even said that he did not want Yun Heng and Yun Heng, who were only around forty days old, to lose their parents at such a young age.. She finally gave up this idea.

In the end, she went to the Alps. Because it was the beginning of the first month, although it was already spring in China, the temperature was still very low. In many places, the spring cold was even colder than winter, and the Alps were still snowing.

They went to the Alps to ski. Just because Mu ru said that she had never ski before, Dongfang Mo ordered a helicopter to fly directly to the Alps in Switzerland, saying that he would take her to ski.

Mu Ru remembered that after she got on the plane, she climbed onto the huge bed and buried herself in the blanket. Not long after, she fell asleep.

Dongfang Mo was lying next to her, supporting his head with one hand and looking at her from the side. She was sleeping like a baby, especially now that she was fat, and her face was very chubby, he could not help but want to secretly kiss her.

Of course, he did not kiss her, because he was afraid that he would wake the empress up from her sweet dreams, so he could only slowly put down the hand that was supporting his head and quietly slide into bed with her.

By the time they reached the Alps, the sky was already dark. Mu Ru saw a vast expanse of white when she got off the plane. It was a world of silver, and her mood immediately brightened up.

“Let’s go and see if there are any vacant rooms in the ski resort hotel over there. ” Dongfang Mo held her hand and led her to the Snowy Hotel next to the noisy ski resort club.

Dongfang Mo’s honeymoon plan did not include skiing, so he did not book a room in advance. Since he was here at the last minute, he could only try his luck. If there were really no rooms, he would probably have to take a car to the city to find a hotel to stay in.

Chapter 969 love was the reincarnation of three lives and three lifetimes

The snowfield hotel was at its peak these two days. When they walked into the hall, the beautiful Swiss Lady immediately widened her eyes and looked at Dongfang Mo. it was obvious that this handsome and stylish Dongfang man was very pleasing to the eye.

The chubby woman in a down jacket beside him looked young, but her bloated figure was really unable to match up to this handsome man.

“Duk Duk Duk Duk” Dongfang Mo stretched out his curled fingers and knocked twice on the desk at the front desk, indicating for this woman to quickly return to her country. At the same time, he used his hand to pull the penguin-like woman beside him into his arms.

The front desk lady finally came back to her senses and asked in fluent English, "Sir, May I ask if there's anything I can help you with?"

Mu Ru was very uncomfortable being pulled into Dongfang Mo's arms, especially when the Front Desk Lady's gaze made her very unhappy. What the Internet said was right. If one's looks were not good and body was out of shape, standing next to a handsome man was indeed very stressful.

"I want a luxurious single-person suite." Dongfang Mo did not even glance at the infatuated woman. He was dissatisfied with the woman who was struggling in his arms and was unwilling to stay obediently. He could not help but growl, "can't you just stay obediently in my arms?"

"No, of course not." Mu Ru retorted without any hesitation. At the same time, she glared at him angrily. "What am I doing in your arms? Waiting for you to eat me up until there isn't even a bone left?"

Dongfang Mo could not help but laugh when he heard her words. He lowered his head and used his hand to gently pinch her chubby cheeks. He said softly, "woman, it's not like you haven't been eaten up by me before."

The infatuated receptionist looked at the man and woman flirting in front of her. She was so shocked that her eyeballs almost fell out. Such a fat girl could actually win the heart of such a handsome man. It seemed that she still had a lot of potential.

"Hey, are there any vacant rooms?" Dongfang Mo was increasingly dissatisfied with the infatuated receptionist. He curled his fingers and knocked on the table a little louder.

Only then did the receptionist come back to her senses. She looked at him with a pair of apologetic eyes. "I'm sorry, sir. Our hotel rooms were booked up a week ago, so..."

"Are there no more normal rooms?" Mu Ru asked. "We don't need a luxurious suite. Standard rooms are fine too. It doesn't matter."

"I'm sorry, there are no more standard rooms." The receptionist answered Mu Ru's question. However, her eyes were fixed on Dongfang Mo and she was even winking at him. It was obvious that she felt that she had more potential than the fat girl beside him.

F*ck, Mu Ru couldn't help but curse in her heart. This woman was too insensible. Didn't she see that Dongfang Mo still had her standing beside him? She actually dared to treat her like air and directly glare at Dongfang Mo?

"Forget it. Let's go look elsewhere." Mu Ru immediately grabbed Dongfang Mo's hand and turned around to leave. If they stayed here any longer, she was worried that she would not be able to withstand the pressure.

However, just as they turned around and walked to the door, the crisp sound of high heels came from behind them. It came from afar and came closer. Before they could step out of the door, they heard a female voice.

"Ah Mo, is that you?" A slightly surprised female voice came from behind them. Immediately, the air was filled with the faint fragrance of lavender.

Chapter 970 love was the reincarnation of three lifetimes and three lifetimes

Dongfang Mo was slightly stunned before he turned around. When he saw the woman, he could not help but shout, "Liu Ya?"

The woman in front of him was about 30 years old. She had long straight hair, gentle eyebrows, and a pair of Phoenix Eyes that were especially spirited.

She could not be considered beautiful. She did not even have the looks of a receptionist lady. However, there was a unique scent on her body. She was like a wintersweet that bloomed in the wind. She looked extremely delicate, but there was an incomparable determination in her bones.

She had a smile on her face the entire time as she walked towards Dongfang Mo. she gave him a hug with familiarity and enthusiasm. Her voice was filled with surprise and trembling as she said, "Ah Mo, I've finally waited for you."

Liu Ya stood on her tiptoes and wrapped her arms around Dongfang Mo's neck. She buried her head in Dongfang Mo's neck, and her expression was clearly filled with excitement.

This action was as if she was looking forward to the lover she had been waiting for for so many years.

Dongfang Mo's expression instantly became much gentler. He actually hugged her back and even called her name "Liu Ya". His manner was much gentler than when he usually treated his acquaintances.

Mu Ru took a step away and was stunned when she saw the two people hugging each other.

The man who had treated her like a treasure in front of the beautiful lady at the front desk was now so familiar with another woman whom she was unfamiliar with.

She could not help but smile wryly. It seemed that Dongfang Mo would have endless romantic encounters anytime and anywhere. The pressure of being his wife was indeed not a little bit.

Just as Mu ru was wondering if she should use her wife's dignity to control the man who was hugging the rotten peach blossom outside in front of her, the two people in front of her separated.

Liu Ya turned to look at Mu Ru and said hesitantly, "you're Xi Muru, right? Ah Mo's wife?"

Mu Ru bit her lips and said indifferently, "I'm the mother of his child."

Liu Ya could not help but laugh and let go of Dongfang Mo. She walked over and held mu Ru's wrist affectionately. "It must be very tiring to take a long flight. I'll bring you and your wife to the room upstairs to rest. The room reserved for ah Mo this year is the most luxurious double suite. After you've rested well tonight, I'll bring the two of you back tomorrow. Come, come, this way. This is the VIP corridor... ". "..."

Mu Ru looked at Dongfang mo in puzzlement. He was just asking the front desk for a room, wasn't he Why did such a familiar person suddenly appear at this moment?

Thinking of this, she slowed down her footsteps slightly and distanced herself from the woman named Liu Ya. She even didn't want to stay in this hotel anymore.

“Let’s go. Liu Ya was my senior sister and also my cousin Zheng Yiping’s cousin. ” Dongfang Mo came over and grabbed mu ru’s hand, then wrapped his arms around her waist in an overbearing manner He smiled and said to Liu Ya, “please take us to the room. She’s probably a little tired. ”

Liu Ya smiled and nodded. She held the room card in her hand and led the way She was still saying, “you and your wife came to the right place this time. There’s a bonfire party tonight. This is a monthly bonfire party. We can enjoy ourselves to the fullest. Of course, we can also get to know the other guests here. Tomorrow, we can go skiing together... .. Oh, your room is here.”

As Liu Ya spoke, she took out her room card and swiped the card Then, she pointed at the room at the door. “Ah Mo, do you think this room is satisfactory The window is facing the ski resort. Standing by the window, you can see the white world. I don’t know if you like it or not, but I remember that Ah Mo, when you came here before, you used to hate standing by the window and looking out.”
