She did take advantage of the moment when Liu Guang had not been home to bring a young and also strong man residence, however she had currently paid. Just how could he take gold and silver accessories?

And she claimed it before Liu Guang. Exactly how could she describe it?

" Bitch, you're cheating on me," Liu Guang claimed madly.

" No, no, no, I really did not. I really did not. She was the one that slammed me. I really did not cheat on anybody," the abundant female claimed in a panic.

Liu Guang withstood the pain, stood, grabbed the rich lady's hair, and also put her in the face several times. "I make money to support you, and also you use my cash to support a gigolo. Bitch, let's see if I won't beat you to death."

The abundant woman really felt woozy and her face was inflamed after being put a number of times. She asked for mercy as well as claimed, "Honey, I'm sorry.

Liu Guang was a man that enjoyed his reputation. If a person recognized that his lady was a lady that stole a man in public, just how could he tolerate it? He mercilessly kicked her. After the rich female fell to the ground, he did not neglect to kick her a couple of times.

The sightseers didn't expect such a circumstance. They had no choice yet to hold back their giggling. Today's matter was predestined to become Liu Guang's laughing stock.

" Now that you've struck her enough, shouldn't you apologize to the individual entailed?" Samuel stated.

Liu Guang drew the abundant female's hair to the middle-aged lady and stated, "Stoop down and also apologize. I'm ashamed of you."

The rich female fast stated. If she really did not care regarding the gold as well as silver jewelry, her taking the guy would not have actually been exposed.

The middle-aged female took a look at Samuel gratefully as well as claimed, "Thanks, boy. If it weren't for you, I would not have been able to clear myself even if I delved into the Yellow River."

Samuel recognized that she was afraid of vengeance, so she did not risk to state it. He said, "It's not your mistake. You do not need to thank me. Besides, I have my function in assisting you. My family requires a servant who can cook. If you desire, you can operate at my house."

The middle-aged woman was so thrilled that she didn't recognize what to claim. She nodded repeatedly and stated, "Thanks, thank you, thanks."

Manfred coughed and said to Samuel, "I still have some issues to address. Just how do you intend to take care of Liu Guang?"

Liu Guang hesitated as well as knelt down in front Samuel. "Brother, I recognize I was wrong."

"Forget it. I can not be bothered to make a fuss about someone with a green hat on his head," Samuel claimed with a smile.

After Manfred left with his men, the activity of the location moved than. Liu Guang drew the rich woman away while cursing.

"Auntie, what's your name?" Samuel asked the middle-aged woman.

"My name is He Ting."

"Aunt He, I'll take you to my house to have an appearance. If you assume it's appropriate, I'll take you house to load your things," Samuel claimed.

"No, no, no. You have actually assisted me so much, yet you're still ready to offer help me. It matters not even if you do not pay me much," He Ting stated.

Samuel smiled. Of course, he would offer He Ting less money. He stated, "Six thousand per month. What do you think?"

He Ting looked at Samuel in surprise. She didn't assume she was worth this cost, so she quickly stated, "No, you do not have to pay so a lot."

Samuel grinned. 6 thousand yuan was not a great deal of cash for He Ting.

He went to He Ting's residence to obtain some clothes. On the way, Samuel knew that He Ting's other half died of illness 2 years ago. Currently, she raised her little girl alone in university, as well as her life was extremely tough. Her daughter was loyal and also her grades were outstanding, so she was very pleased. Even if she did a manual labor, even if she experienced a little, as long as she thought of her child, she can go through anything.

He Ting was from the bottom of culture, but she recognized something regarding Hill Vacation home. She understood that this was a location where the wealthiest individuals in Cloud City could afford to live. So when the cars and truck arrived at the villa district, He Ting began to feel stunned.

" Manager, you live below?" He Ting asked in surprise.

Listening to the address "boss", Samuel felt a little self-conscious and said, "You 'd much better call me Samuel. I'm not made use of to it."

" Samuel? You're surnamed Hannigan ... You're Samuel Hannigan!" Contrasted to the shock caused by Hillside Suite, Samuel Hannigan's name created her eyes to widen much more!

Samuel had a wry smile on his face. Did He Ting also understand his name in Cloud City? It was as well loud.

He Ting understood that she had shed her composure as well as hurriedly stated, "I'm sorry, employer. I. I."

" I'm made use of to it. It does not matter. Yet if you call me boss again, I will not employ you."
