

# Noble Husband At the Door Chapter 129

Currently, an elegant middle-aged female walked towards Lydia and the others, complied with by greater than a dozen bodyguards in black suits. It was apparent that she was a big shot.

In addition, her personality as well as look made Lydia and also others really feel ashamed of their inability.

" Which abundant woman is she from? She has a lot of bodyguards with her when she goes out."

" It's so great to have cash. If I were abundant, I would be as well maintained as she is."

" Why is she coming towards us? Lydia, you do not know her, do you?"

She stalked Lydia as well as quit.

Lydia looked at her confusedly.

" Are you Lydia?"

" It's ... it's me. May I ask who you are?"

" Slap."

The lady's unforeseen add Lydia's face straight made Lydia shut up.

When Lydia's good friends saw this situation, although they felt a little indignant for her, when they saw more than a loads bodyguards following her, they did not attempt to state anything incorrect.

" You ... Why did you strike me? Do I recognize you?" Lydia covered her face as well as said madly.

" Remember my name, Gina Give." Gina, Samuel's mother, the daughter-in-law of the Hannigan family, a female over Cloud City. Even in her eyes, the Heavenly Family was similar to an ant.

" From now on, maintain a low profile. If you make things hard for him once more, I will make you be sorry for being a human," Gina stated coldly.

Samuel was not valued by the Hannigan household, he was, after all, the boy of the Hannigan family members. She heard that Samuel was ridden by this lady in the Sue family, and also even the credit rating for purchasing the villa was taken by her. Samuel could birth it, but as a mommy, she can not bear it, so she had to instruct Lydia a lesson.

" I."

As quickly as the word appeared, Gina put Lydia in the face once again and afterwards left.

Lydia was shocked, rooted to the spot. Gina was so strong that she could not claim a word.

The claiming "an evil man will be tortured by a wicked male" was certainly reasonable.

Lydia's shrew was so angry that she could not even elevate her head when faced with the Gina.

After Gina walked away, Lydia's friends claimed, "Lydia, who is this female? Why did she struck you?".

" Did your household upset some big shot?".

" I do not think she's an average person."

Listening to these words, Lydia's face sank. She had never seen Gina, so exactly how could she annoy her?

Lydia understood absolutely nothing about what kind of person she was talking about.

" What's so great concerning having money? Do not give me an opportunity, or I'll pay you back with these two puts." Gina had actually currently left, and Lydia risked to state such harsh words.

Simply a minute earlier, she was frightened, now, she appeared like a shrew once more.

Lydia's good friends did not risk to talk also a lot. Lydia now lived in the suite on the mountainside, it was still difficult for her to take retribution on this woman.

" Let's shop. There are a great deal of new products on the counter today."

" Yes, I need to take good care of my face."

" If we do not take great treatment of ourselves, we won't have the ability to bind the men in the house."

Lydia touched her puffy cheeks. She stated, "Go shopping yourselves.
