"Harvey, exactly how did the examination go? Exists any news?" Yara asked.

Harvey also wished to utilize this issue to damage the situation in the firm, but there was no sign of it whatsoever. Furthermore, there was no such an effective Hannigan Group in Cloud City, however there were way too many individuals surnamed Hannigan outside Cloud City. The examination was like trying to find a needle in a haystack.

" It's a little hard, however do not fret, I'll try my finest," Harvey said.

" When I obtain married, I'll most definitely squash Yvonne under my feet," Yara said and also gritted teeth.

" I think that the engagement gift might have something to do with the Hannigan family members. Perhaps you're really lucky," Harvey claimed with a smile.

Yara touched her face and claimed happily, "Obviously. I have the face of a person who has actually married into a rich as well as effective family members."

Not long after Yvonne involved the workplace, Grandma Sue's regular telephone call came everyday.

" Granny."

Grandmother Sue had been mentally worn down these days. When she thought that the teamwork was over, the Sue family would be ended up. Grandma Sue was so sad.

" Grandmother, do not worry. I'm still thinking about a way to address this trouble," Yvonne stated.

Grandma Sue sighed greatly and claimed, "It's my entire mistake. Whether our Sue family can make it through or not, it's up to you."

She had been looked down upon by Grandmother Sue in the past, Yvonne, that was softhearted, idea of her granny, when she was emotionally and also physically exhausted. She felt a little distressed and also claimed, "Grandma, have a great rest. Do not think way too much. Leave it to me. I will not let you down."

" Okay, alright, alright, I believe you."

After hanging up the phone, Yvonne heaved a long sigh of alleviation. Simply after that, the phone sounded again.

When she saw the caller ID, Liam, she immediately came to be thrilled.

In the past 2 days, she had thought of numerous means to get in touch with Liam, but Liam was nowhere to be seen. Yvonne will go bananas.

Yvonne fast selected up the phone and apologized. "I say sorry for Grandmother for what occurred before.

" Continue with your project," Liam said.

She had actually assumed that she would certainly say sorry to Liam face to face, but she really did not expect that he would certainly phone call to claim that the task could proceed. It appeared that in charge of Weakriver Property really did not care about this issue any longer.

" Yvonne, you desire us to assist you discover a means to address this issue, don't you?" In the meeting, Harvey said with a sneer.

" You can take full cost of this matter, Granny said that. We can not assist you. You 'd better figure it out by yourself," Yara claimed.

The other family members of the Sue family had the very same attitude. If they made a strategy as well as made a blunder, they would certainly be dragged into the mire by Yvonne and also suffer together.

" As for the teamwork, I have actually addressed it. Today's meeting is to inform you concerning it." Yvonne stated emphatically.

" Have you looked after it?" Harvey claimed in shock. Yvonne had not left the business today, just how could she have dealt with it?

Although it was great news for the Sue family members to resolve this issue, Harvey was not persuaded in his heart, due to the fact that in the adhering to company, Yvonne would certainly have the highest possible standing.

Grandmother just asked Yvonne to take full cost of the task in the west of the city, and now the emphasis of the entire business got on the project in the west of the city. Had not been that comparable to turning over the company's power to her alone?

" Yvonne, don't take this point to your heart's material. You have actually remained in the company today. Just how did you solve it?" Yara didn't quite think it. She and also Harvey coincided kind of people. They could not bear to see excellent, particularly Yvonne.

" Do I require to notify you regarding what I'm mosting likely to do? I have actually currently told Grandmother concerning this. Do you assume I'll joke regarding it?" Yvonne claimed.

Suddenly, a smile showed up on the faces of those relatives. As the job continued, the Sue family was out of trouble. In the future, they could continue to generate income in the firm.

" Yvonne, you truly didn't allow us down. You did an excellent task."

" I informed you might do it."

" We can lastly take a breath a sigh of relief. You're actually capable."
