

# Noble Husband At the Door Chapter 144

Saber Twelve had assumed that he would not have any kind of issue with Samuel's 2 kicks. When the force struck him, Saber Twelve's face transformed dramatically. Contrasted to what he had actually pictured, the force was much more powerful!

Samuel took the opportunity to kick once more as his body fell.

Saber Twelve took three actions backward and stood rooted to the place!

The entire boxing place was dead quiet.

When the various other boxers alongside the ring saw this scene, their eyes widened as if they had seen a ghost. They could not think it.

He required Saber Twelve to retreat!

This man had actually compelled Saber Twelve to pull away.

He was as solid as Saber Twelve. He didn't lose, it was currently incredible that he had actually taken 3 actions back.

Samuel landed on the ground, slamming right into the arena with a loud bang.

"Is what you said still valid?" Samuel stated faintly.

Saber Twelve had actually claimed that as long as he could take one go back, he would admit defeat. And now, he needed to take 3 go back.

He went out of the ring without stating a word and stated to the personnel, "I don't desire the money for this round."

The personnel's face was as red as a pig's liver. Ye Fei would most definitely find out about this issue. If he was to blame any individual, he would certainly need to take complete duty.

If Saber Twelve declined to admit loss and continued to combat, he was scared that he would certainly have to be carried out of the boxing field today. Saber Twelve's temporary carelessness gave him a chance.

This fellow would likely be able to battle a couple of rounds with his master, Yan Jun. It was really frightening.

Samuel went out of the ring and towards the door.

The staff dared not to stop him as well as could only allow Samuel go.

Seeing this, Manfred and Johann promptly reached Samuel.

When they reached the street, Samuel threw away his mask. Manfred as well as Johann had currently approached him.

"How is it? Do you require to head to the medical facility?" Manfred was surprised at Samuel's toughness; he recognized that Samuel's injuries were most definitely not light.

Samuel trembled his head and stated, "Drive me residence."

As they were close to each various other, Manfred can see Samuel's trembling hands. He asked him three successive concerns, expressing his worry for Samuel.

Samuel smiled and also stated, "We can go to the healthcare facility at any time, yet tonight is a wedding."

In Ye Fei's office, when he found out that there was really a viewer who pulled back with Saber Twelve in the ring, he didn't believe it at. It was up until he verified it over and over once again that he found it amazing.

Although Ye Fei was really discontented with Saber Twelve's irrepressible attitude, Ye Fei needed to confess that Saber Twelve had excellent stamina. This was why Ye Fei permitted him to do so. A strong person naturally deserved to take pride in himself. Even if he did not obey orders, being able to remain in his very own ring would certainly lower a risk to him.

Currently, there was an individual stronger than Saber Twelve, which was unquestionably a possible crisis for Ye Fei.

"Send out someone to examine his history. I want all the information concerning him within a day," purchased Ye Fei.

"Bro Fei, the security video of the location has been gotten. Do you wish to see it?"

"What nonsense are you asking? Obviously we need to see." Obviously, Ye Fei needed to consider the man who could require Saber Twelve to retreat.

When the video clip appeared, Ye Fei's expression became more and more austere. In regards to number, there was an excellent space between him and Saber Twelve, but his toughness was no weak than Saber Twelve's.

Particularly when Ye Fei saw the scene when he efficiently pulled back to the edge of the arena, he felt it was much more incredible. With Saber Twelve's effective stamina, he was able to resist it. In Ye Fei's eyes, it was no average individual's doing.

"After you locate him, if he can not work for me. Simply find a possibility to kill him. You can not enable such a threat to exist," Ye Fei stated coldly.

Samuel didn't recognize that he had actually become Ye Fei's target. After returning home, he took a shower. When he returned to the space, he was amazed to find that the bed on the floor was gone, and there was a cushion on the bed.

Yvonne slept with her back to Samuel. He really did not recognize if she had rested, but it implied that after three years, he ultimately had the right to go to sleep.
