## Never Late, Never Away Chapter 2035 - 2036

Never Late, Never Away Chapter 2035

"No, Larry. The child is yours as well. You're the biological father. You can't sit out of this one. I want to sue her for the murder of my child and theft of my man!" Gabriella shrieked.

The nurse who was passing by jumped in fright at the sudden explosion of Gabriella's voice.

Joan was shaking from head to toe. Her eyes were filled with tears.

Larry, who was by her side, gave a sarcastic laugh.

What a joke. How dare she blame another for something that she had done with her own hand? Accusations like these require proof!

"Gabriella, you keep saying that Joan was the one to kill your baby. What proof do you have?" Larry said at length.

Gabriella knew he would ask that. She had prepared for this eventuality.

"I agree with you. Joan, you're innocent, aren't you? Let's look for some evidence!" Gabriella said severely.

What evidence will she procure? The pair of scissors was used by Gabriella herself. What other evidence does she require? Joan clenched her fists. She had a bad feeling about this.

Gabriella seemed extremely sure of herself to make such bold claims. Larry's eyes flashed uneasily.

That's not right, it shouldn't be! If Gabriella was the one to have done it, she would be scared at the mention of producing evidence! Larry stroked his chin as he glared suspiciously at Gabriella.

What else does she have up her sleeve? Larry frowned slightly.

Gabriella never made claims to things that she wasn't sure of.

This woman must have something else in store. Larry's eyes flashed coldly.

"What is it? Are you scared? Joan, if you are scared, please surrender your crimes to a police station. If you don't intend to repent, then do not blame me for being ruthless by sending the evidence to the cops," Gabriella said coldly.

When was she ever not ruthless with me? Has empathy ever existed between the both of us? Joan twisted her hands in distress, not because of the so-called evidence, but because she was unable to get the image of Gabriella stabbing her stomach with the scissors out of her head.

"Gabriella, I do not know what evidence you have, but I will never admit to something I did not do," Joan said determinedly after composing herself.

Hmph! What a stubborn b\*tch. She knows very well that I am torturing her and framing her, but she still would not give up! Gabriella glared at her with disdain.

"All will be revealed by examining the surveillance tapes. Larry, have a look and you'll learn the truth," Gabriella said calmly.

Her cool tone of voice was making Larry very uneasy.

There were surveillance cameras in Ms. Young's living room? Larry gazed suspiciously at Joan.

Joan felt trapped too. She had never heard of any surveillance equipment being installed in Delilah's living room.

"There is no surveillance at home," Joan replied quietly as she shook her head.

Gabriella laughed coldly.

"How was that possible? Ms. Young was the richest woman in the entire village. Of course, she would have a surveillance system in place," Gabriella said deliberately.

Joan hurriedly fished out her phone and strode out of the ward.

“Hello, Ms. Young? Do we have a surveillance system at home?” Joan asked urgently.

“What is it, Joan? Why do you sound so anxious? Yes, we do. I had installed one in the living room but it hasn’t been in use. Now that things were becoming less peaceful, I had turned it on. But how do you know that we have a surveillance system in our living room?” Delilah said at length.

It was true!

In an instant, Joan’s eyes grew dim.

She did not understand how it was possible for Gabriella to know about the surveillance system. What did she do this time? Joan was beginning to feel the sense of unease too.

Since the system had been in place, it was possible that the events of the day would have been recorded. In an instant, Joan’s eyes lit up.

“Larry, there really is a surveillance system in place at home. I did not lay a finger on Gabriella,” Joan said in a low voice.

“The camera has recorded everything. Just go have a look,” Gabriella taunted them again.

Larry looked at Joan and then at Gabriella and hesitated.

Gabriella would not allow them to see the footage that easily unless she had prepared everything beforehand. If he took the bait, it would only harm Joan.

“What is it, Larry? Are you going to cover up for her?” Gabriella asked viciously.

“Alright, we’ll look at the surveillance records,” Joan suddenly said determinedly.

Excellent! Gabriella clenched her fists and stared menacingly.

“Wait, Joan. I think...” Larry hesitated.

“Larry, if you don’t believe her, we don’t have to look at the records. We can just send her to the police station.”

D\*mn Gabriella and her bullshit. Joan is the person I trust the most in the world. This woman is exceptionally skilled in the art of instigation. Larry clenched his fists hard as his eyes flashed coldly.

What a thick-skinned woman. She knows that she was in the wrong and is still trying to attempt a deception with the surveillance footage.

“Alright, we’ll look at the records.” Larry pulled Joan by the arm and departed. Soon, all three were in the car on the way to Delilah’s house.

Godd\*mn scumbag. Do you only have that b\*tch in your heart? The woman you should be protecting and caring for is me! Gabriella’s eyes flashed coldly.

The jealousy between women was more vicious than the duels between men on the battlefield. Cruel women like Gabriella were especially so.

She did not care if it broke the law because she was confident that she would tie up all loose ends. But in truth, there would always be a trail left to be picked up on that would lead straight back to her.

So, all that was left to do was to sit and wait.

“Don’t worry, Joan. I trust you. You are not the kind of person who would do something like that.” Larry hugged Joan tightly and spoke softly in her ear.

For some unknown reason, Joan was feeling extremely uneasy. She did not do anything at all but couldn’t help feeling worried. Gabriella was no ordinary person. If she did not have absolute confidence in the situation, why did she brazenly offer up the surveillance footage?

Joan’s eyes flashed coldly.

If the surveillance system had been manipulated, what would I do then?

"What is it, Joan? Are you feeling ill?" Larry gazed at her in a panic.

"It's nothing, I just..." Joan hesitated.

"Hmm?" Larry gazed at her expectantly.

But what am I supposed to say? Am I supposed to confess that I'm scared and uneasy? But what was the reason for those emotions? But if I didn't do anything wrong, why should I be afraid?

"What's going on, Joan? You look distracted. Are you feeling remorse?" We can go back, you know," Gabriella sneered.

We're already here. Why would we go back?

"Don't worry, Joan. I'm here and I will protect you." Larry touched Joan's hair gently.

D\*mn it!

Gabriella clenched her fists and grimaced in anger at the couple.

What about me? That scumbag does not care about me at all! Gabriella turned away so as to not have to look at them.

At last, the car pulled to a stop, and the three of them arrived at Delilah's home.

There was no one in. Delilah had not returned, and Lucius had left for school. It was the perfect time to watch the surveillance footage.
