

Noble Ruler 1311

[Chapter 1311](#)

Chu Liuyue's physical strength could definitely be considered one of the best amongst warriors of the same cultivation level, or even a cultivation level higher.

The current her had been through much torture. Even if she fought two stage-nine warrior puppets, she still had a chance. However, this was still in comparison to humans.

At this point, Chu Liuyue finally understood what the legendary three-eyed eagle's previous warnings meant.

The tolerance of a fiend and a human really couldn't be compared!

The bloodline power gradually awakening in Tuan Zi's body had horrifying force! Even if her body had already been through many hardships, it was still rather forceful to deal with the force.

Her muscles and bones seemed like they were about to be ripped apart. When the harsh and terrifying force approached them, it seemed like it could instantly swallow them!

Chu Liuyue endured the physical torture of this force as she guided it into Tuan Zi's body. At the same time, she kept calling Tuan Zi's name in her heart, hoping that it could wake up as soon as possible.

But as time trickled past, Tuan Zi still didn't respond.

...

Elder Hua Feng rushed over with Luo Yanming. "Where's Chu Yue?"

Zhuo Sheng hurriedly answered, "He should still be inside! But the situation might be rather dangerous..."

Within such a short span of time, another sound could be heard from inside. He felt uneasy hearing it.

On the way here, I had already heard a rough summary from Luo Yanming. Elder Hua Feng knitted his brows tightly and stepped forward. "I'll go in to take a look."

Luo Yanming and Zhuo Sheng planned to follow him, but they were nailed to the ground because of his gaze. "You guys can just stay here."

If there really was something going on inside, he would still have to worry about the both of them.

Seeing the always harmonious and friendly Elder Hua Feng revealing such a stern and serious expression, the duo didn't dare to say much. They nodded and obediently stood at the spot.

Elder Hua Feng raised his hand, took out his green jade plaque, and placed it on the barrier.

Whir!

The barrier opened, and Elder Hua Feng went in in a flash!

...

"Someone is coming!" The legendary three-eyed eagle's voice suddenly entered her ears.

Chu Liuyue had been in a highly focused state, so she didn't hear Luo Yanming and the rest calling her. But at this point, the legendary three-eyed eagle's words finally made her more awake. "Who is it?"

Normally, almost nobody would casually come in.

"It doesn't seem to be Rong Xiu?" if it were him, she should be able to sense it.

"No," the legendary three-eyed eagle quickly replied.

Chu Liuyue clenched her silver teeth. "Come back first!"

The fact that the legendary three-eyed eagle was her legendary fiend couldn't be easily found out by others. If not, it would be a matter of minutes before her identity was discovered.

"But..."

Tuan Zi's bloodline power hadn't fully awakened. Once it stopped, the torture and stress Chu Liuyue had to face and endure would be double what she was going through now, or even more!

Chu Liuyue shook her head. "I have my own ways!"

The legendary three-eyed eagle could only go back into Chu Liuyue's dantian.

Rumble!

The terrifying force overwhelmed her, causing her chest to be suppressed, and she almost vomited blood.

"Chu Yue! Chu Yue, are you in there?" Elder Hua Feng's voice, with a hint of anxiety and worry, sounded closer and closer.

Chu Liuyue endured the excruciating pain as she carried Tuan Zi, hugged it tightly, and rushed outside!

Thump!

Elder Hua Feng was about to push the door open when it suddenly opened from the inside, and a figure rushed out!

It was Chu Yue!

Elder Hua Feng was about to speak, but Chu Liuyue had already brushed past his shoulders. "Elder Hua Feng, I have something urgent. I'll go first! I'll explain it to you when I come back!"

Elder Hua Feng was slightly dazed, but he hurriedly followed Chu Liuyue and pulled her back. "Wait! Chu Yue, what's going on?!"

Once he said this, he saw Chu Liuyue's current appearance clearly and was taken aback. This was because the current her had her originally white and clean face flushed red. The veins on her forehead were popping, and her brows were tightly knitted. The clothes on her body seemed to be drenched.

She looked as if she had just suffered some harsh punishment.

"You—"

"Elder Hua Feng, I really don't have the time to explain it to you in detail now. Let me go first!" Chu Liuyue hugged Tuan Zi even tighter and spoke in a hurry.

Elder Hua Feng was even more confused, but seeing her in this state, he didn't dare to do much as he immediately let go. Yet, he still couldn't help but ask, "Where are you going? If you have any difficulties, just say it! I'll think of a way for you!"

Chu Liuyue's heart felt warm. If it weren't because she couldn't tolerate Tuan Zi's harsh bloodline power any longer, she wanted to stay behind and talk to him more.

"Thank you, elder!" Without speaking anymore, she turned and ran away.

"Hey! This kid!" Elder Hua Feng was also anxious. Anyone can tell that something has happened!

He hurriedly followed her!

Chu Liuyue ran crazily in a certain direction the entire way!

When Luo Yanming and Zhuo Sheng saw her, she had already rushed past them before they could even greet her.

Elder Hua Feng followed closely after, but very quickly, he realized that something was wrong. That was because Chu Liuyue was heading toward Fiend Park!

When she reached the front, Chu Liuyue glanced at Elder Shu Yu and acted as if she had seen her savior. "Elder Shu Yu, please open the barrier! Let me borrow Fiend Park!"

[Chapter 1312](#)

Elder Shu Yu was frightened by the commotion before him. "Chu Yue? What are you doing?!"

Elder Hua Feng hurriedly yelled from the back, "Don't ask first! Open the barrier and let him in!"

At this point, Elder Shu Yu then clearly saw how disheveled Chu Liuyue looked. He didn't dare to take it slow as he hurriedly opened the barrier.

An entrance slowly formed.

Chu Liuyue immediately increased her speed and directly rushed over. "Thank you, Elder Shu Yu!"

Once she said this, she had already rushed in!

Elder Shu Yu felt that some wind had brushed past him, and Chu Liuyue was gone. He hurriedly turned around to look and saw that young man rushing straight toward Fiend Park at a shocking speed.

Elder Hua Feng followed closely after.

"Hua Feng, what exactly is going on?" Elder Shu Yu immediately followed and knitted his brows tightly. Why did Chu Yue suddenly rush over out of nowhere early in the morning? Also, it looks like there is something very wrong.

As Elder Hua Feng rushed forward, he said, "Aiya, I'm not too sure either! That kid didn't have the time to tell me anything before he rushed straight in! I don't know what to do either!"

Then, he briefly explained today's incident to Elder Shu Yu.

When Elder Shu Yu heard this, he furrowed his brows tightly as well. "...If he's just sick, why must he come here? Fiend Park has all sorts of fierce fiends. Wouldn't it be even more dangerous if he just rushes over so suddenly?!"

Elder Shu Yu really didn't understand.

"Let's not talk about this first. We should follow him and see what he wants to do!" As Elder Hua Feng spoke, he increased his speed.

...

On the other end, Chu Liuyue really unleashed all her strength as she rushed to a certain peak at full speed.

As if detecting her aura, a gigantic steel-ridged fiend walked out from the cave and looked toward Chu Liuyue.

"Ah Qiong!" Chu Liuyue yelled and rapidly flew down!

She landed before the cave and hurriedly walked in. "Ah Qiong, help me!"

When Ah Qiong saw Chu Liuyue's current state, its originally surprised and reminiscent expression immediately became stern. It directly followed Chu Yue in.

Tao Tao seemed to be taking a nap, and it only slowly opened its eyes after it heard the commotion.

From the corner of its eyes, it saw a familiar figure and immediately turned around elatedly. But just when it wanted to lean over excitedly, it realized that Chu Liuyue seemed amiss.

At this point, Ah Qiong had also walked over and was gazing at Chu Liuyue worriedly.

Tao Tao hurriedly ran to its mother.

Under the mother-son duo's stares, Chu Liuyue released her arms.

A furry Tuan Zi was revealed.

Ah Qiong and Tuan Zi suddenly took a step back in unison as respect and fear flashed across their eyes!

The red-tailed phoenix had the bloodline power of the red-gold heavenly phoenix, which was one of the two ancient legendary fiends. Hence, they had a distinguished status even amongst legendary fiends.

Besides, Tuan Zi was currently in a critical stage of its bloodline power awakening, so the suppression from its bloodline was even stronger. This naturally made Ah Qiong and the rest feel a sense of conviction.

Right at this moment, Chu Liuyue turned back to look at Ah Qiong. Her black, gem-like eyes seemed to be burning with fire.

Her clothes already had bright-red blood slowly seeping out and drenching her entire outfit. As Chu Liuyue couldn't tolerate the bloodline power currently awakening in Tuan Zi's body, her skin was already starting to break!

Ah Qiong's expression turned tense, and it immediately understood what was going on.

Chu Liuyue swallowed a mouthful of blood with much difficulty. "Ah Qiong—"

Before she could say anything, Ah Qiong had already walked forward and lay beside Chu Liuyue and Tuan Zi. It then lowered its head and used its horn to touch Tuan Zi.

A portion of Tuan Zi's force started entering its body!

Chu Liuyue's heart felt warm, and the suppression on her body was instantly reduced by quite a bit. She said carefully, "Thank you so much, Ah Qiong."

...

Seeing Chu Liuyue's figure disappear into the cave, Elder Shu Yu knitted his brows and stopped.

Elder Hua Feng was about to rush over but was stopped. "Hua Feng, wait! That mountain is the steel-ridged fiend's territory. You can't just go over there."

"At this point, we have to go even if we can't go near them!" Elder Hua Feng felt anxious and pushed his hand away, about to go over.

"That steel-ridged fiend is a legendary fiend! With Chu Yue's current state, how could he possibly be its match?"

Elder Shu Yu helplessly sighed and said, "It's precisely because it's the steel-ridged fiend that we don't have to be so worried. I won't possibly leave Chu Yue in the lurch just because it's dangerous, right?"

Elder Hua Feng was stumped. "What do you mean?"

"That steel-ridged fiend has an extraordinary relationship with Chu Yue and won't hurt him. I think that Chu Yue came over this time just to seek that steel-ridged fiend's help."

Elder Hua Feng was dazed. Chu Yue has an extraordinary relationship with that... steel-ridged fiend? Where did all of this come from?

Seeing Elder Hua Feng's face of confusion, Elder Shu Yu could only simply explain to him everything that had happened before.

Every sentence Elder Shu Yu said made Elder Hua Feng's expression even more shocked. In the end, he was completely taken aback.

"...That's what happened. Even though I don't know why that steel-ridged fiend was willing to risk its life for Chu Yue, I'm sure that it won't hurt Chu Yue when he goes over. Not only that, but it will even try its best to help him. So... we should just stay here and watch."

Elder Hua Feng didn't speak for quite a while. There was too much information, and he couldn't accept it all in such a short period of time. Chu Yue... was actually locked up here for a month, and he even broke

through to become a stage-eight warrior here? Also, one of the legendary fiends here—a steel-ridged fiend—was willing to risk its life and guard him...

Elder Hua Feng held his forehead as it ached, and he closed his eyes.

Elder Shu Yu glanced at him in sympathy. When all of this happened one after another, I was also shocked until I was speechless, let alone Elder Hua Feng, who didn't know about any of this.

"Since this is so... doesn't it prove that Chu Yue should be safe now?" Elder Hua Feng asked, and his voice was trailing off.

"Sort of. He clearly came for the steel-ridged fiend, so perhaps he already expected that it could help him. It's a pity that we don't know what's happening to him, so we can only watch silently. As Elder Shu Yu talked, he patted Elder Hua Feng's arm in comfort. "Don't worry. That kid has a very tough life. Nothing will happen to him."

That night, he survived in one piece after being surrounded and attacked by so many legendary fiends, let alone now?

Elder Hua Feng felt complicated and could only sigh deeply. "I hope so!"

...

There was nothing but silence in the cave.

Chu Liuyue sat down cross-legged. Not far away from her was Tuan Zi lying on the floor, and beside it was Ah Qiong.

Terrifying waves of force were torturing her body. The ground below her was gradually dyed by the fresh blood.

[Chapter 1313](#)

Some time later, Tuan Zi's wings finally moved as if it were about to wake up.

Chu Liuyue was surprised, but she didn't dare to relax at all. Her body seemed to be cut by countless blades, and excruciating pain came from all areas.

No matter how capable she was, she was still a stage-eight warrior. How could she endure the suppression of a legendary fiend? This was especially so with the bloodline power—which could almost be considered top-tier—from the red-tailed phoenix.

At the side, Ah Qiong took up most of the force. Gradually, even its hard skin and muscles had tiny cracks appearing.

Blood slowly flowed out.

"Wu—" When Tao Tao saw this, it was scared and worried. Its eyes were filled with panic.

It rushed over and touched Ah Qiong's body.

Ah Qiong didn't move.

Seeing the bloodstains on the floor, Tao Tao cried again. It swiftly went in, wanting to help.

Detecting this movement, Chu Liuyue softly warned, "Tao Tao, move back!"

It isn't an adult yet and is inadequate in all aspects and strength. It hasn't even passed through the barrier to become a legendary fiend, so how could it endure Tuan Zi's force?

Ah Qiong opened its eyes and kicked Tao Tao away.

Tao Tao rolled on the floor and was stained with quite a bit of blood and mud, looking very disheveled. It indignantly stood up and wanted to go forward.

Ah Qiong let out a low roar that was filled with suppression!

Tao Tao was so frightened that it stood rooted to the ground and didn't dare to move as its tears kept dropping down continuously.

Blood came out from the corner of Chu Liuyue's lips. Her organs seemed to be crazily moved by something, and it felt terrible.

Very quickly, her originally red face turned white, and all the blood color rapidly faded away.

The feelings of weakness came from the depths of her body. The scene before her eyes started to become blurry.

Chu Liuyue knew that she was at the end of her wits. From the time she discovered that Tuan Zi was about to break through to now, about four or six hours had passed.

It was already very shocking that Chu Liuyue could last until now. If it were other stage-eight warriors, their bodies would've long exploded as they couldn't take it anymore.

"You can't do this anymore." The legendary three-eyed eagle's voice entered her ears.

"I'll do it." Chu Liuyue shook her head. "There are many fiends here. Once you appear, they'll definitely notice you. Besides, Elder Shu Yu and Elder Hua Feng are outside."

I can't take that risk.

"But you can't hang in there anymore." The legendary three-eyed eagle's voice was especially cold, deep, and determined. "Do you want to die?!"

The corner of Chu Liuyue's lips slightly curled up as she revealed an extremely faint and light smile. "There's still... another way."

She kept silent for a moment. Suddenly, she looked at Tao Tao and said carefully, "Tao Tao, if you want to save your mother, immediately go out and get help."

Tao Tao stopped crying, and its two large eyes stared at Chu Liuyue in confusion. Help? What help?

The legendary three-eyed eagle's voice became even colder. "Those two people have nothing to do with red-tailed phoenixes. Even if they come, they won't be able to help. You should just—"

"Who said that I'm inviting them?" Chu Liuyue interrupted the legendary three-eyed eagle's words.

"Who else?" The legendary three-eyed eagle was stunned. Only those two people seem to be able to come over and help within this radius, right?

Chu Liuyue didn't answer the question as she took a deep breath in, endured the pain in her body, and slowly said, "Silver-eared flower-pattern fiend, anti-sky sparrow, dream demon fiend, nine lightning werewolf..."

The names of legendary fiends came out of her mouth one by one. "...Ask them to come over immediately!"

Once she said this, the cave fell silent for a moment.

The legendary three-eyed eagle asked in disbelief, "Y-you want to get these legendary fiends to help?"

All of the named fiends were legendary fiends who were arrogant, harsh, and fierce. It was impossible for all of them to gather together and help anyone.

Even the ninth-grade fiends won't be willing to listen to a human's command, let alone them? What exactly is Chu Liuyue thinking?! Is she crazy?!

Chu Liuyue naturally wasn't crazy. On the contrary, she was especially calm. "Tuan Zi is a legendary fiend. There's not much use if ninth-grade fiends come, so I have to get the legendary fiends."

The legendary three-eyed eagle was stumped and didn't know how to argue at that moment. He simply felt that Chu Liuyue was daydreaming.

However, Chu Liuyue didn't mind that it disapproved of the idea. She just looked at Tao Tao and urged, "If we're any later, we won't be able to make it."

Tao Tao was taken aback. Then, it recovered its senses and immediately ran outside.

The moment it rushed to the cave entrance, Chu Liuyue yelled, "Hold on."

Tao Tao turned around.

Chu Liuyue's voice was very light, but it seemed like it weighed a ton as it shocked everyone's hearts! "If they're uncooperative, just say that I told them to come. If anyone doesn't listen, I'll definitely give Fiend Park another bloodbath!"

...

Waiting was always especially torturous.

Elder Hua Feng's hands were tightly crossed before him. He furrowed his brows and kept staring at the mountain peak not far away.

His heart seemed to be hanging by some thread, neither up nor down, and it was extremely uncomfortable. "Hey! There was still some noise just now, but why is it quiet now? I don't even know how Chu Yue is doing!"

Even though Elder Shu Yu was also very worried, he was much calmer than Elder Hua Feng. After all, he had personally witnessed how Chu Yue previously killed the black-gold werewolf and golden-cloud leopard with one sword.

Seeing that Elder Hua Feng was too worried, he thought for a moment and comforted, "Hua Feng, there's no use if you're so nervous now! Didn't I say that this kid is quite capable? He won't get—"

His voice suddenly stopped, and he looked doubtful and shocked.

Elder Hua Feng followed his line of sight and looked over, instantly feeling confused. "That's... the steel-ridged fiend's cub?"

Elder Shu Yu nodded. "It came out. Then, what exactly—no, why did it run down the mountain?"

As he spoke, he saw the steel-ridged fiend cub run out of the cave and down the mountain at top speed!

Thump! Thump!

The ground it passed started to shake!

For some reason, Elder Shu Yu had a very bad feeling. Logically speaking, this steel-ridged fiend cub should have a good relationship with Chu Yue. Now, it ran out on its own for some reason. However, Chu Yue and the adult steel-ridged fiend didn't make any sound in the cave. This is too strange...

"No, I have to go down and take a look!" Elder Hua Feng said and wanted to go over.

Elder Shu Yu immediately pulled him back. "Wait for a while longer!"

"What are we waiting for?" Elder Hua Feng was so anxious that he broke out into a cold sweat. "If something really happens to the kid, it'll be too late to go over later! Let go! You—"

Elder Hua Feng was struggling when he suddenly saw Elder Shu Yu's expression changing drastically. His heart skipped a beat, and he hurriedly turned around to take a look.

This time, he couldn't help but gasp! "Why did legendary fiends come over at this time?!"

[Chapter 1314](#)

"Anti-sky sparrow! Rumor has it that this kind of fiend is very ferocious and competitive. Is this real?" Elder Hua Feng widened his eyes, stared at the rapidly approaching anti-sky sparrow closely, and asked hurriedly.

Elder Shu Yu pressed his lips against each other and calmly said, "Don't worry. Although this anti-sky sparrow is a legendary fiend... With you and me around, dealing with this one isn't a pro—"

His voice suddenly trailed off. That was because a few other anti-sky sparrows flew consecutively behind that one!

They moved rapidly! They flashed across in the blink of an eye and went toward the peak Chu Yue was at!

At a rough glance, there seemed to be five or six anti-sky sparrows!

Elder Hua Feng pulled Elder Shu Yu. "Do your words just now still count? They're so small. The two of us against five or six of them should... be manageable, right?"

Even he said it rather weakly.

Anti-sky sparrows were small, but they were still legendary fiends after all! They were also famous for being fierce!

Being able to have such a reputation amongst all these fiends proved their strong combat skills!

Elder Shu Yu was actually also dazed. In this entire Fiend Park, there are only a total of about ten or so anti-sky sparrows. Yet, half of them came at once! Even when Chu Yue was preparing to break through that night, not so many of them had surrounded him!

He furrowed his brows tightly, and his expression was solemn. "Don't worry. We should—"

"Quickly, look!" Without waiting for him to finish, Elder Hua Feng gasped again and pointed below. "Is that... a silver-eared flower-patterned fiend?!"

Elder Shu Yu focused on it and indeed saw a silver-eared flower-pattern fiend with its ears cut off. "It..."

The ears looked like they were cut cleanly, so it didn't seem like they were bitten or ripped off by other fiends. Instead, it looked like it was cut off by some sharp object.

"With its ears being cut off, its abilities will be greatly weakened. Why did it come to join in the commotion at this point?" Elder Shu Yu didn't understand. But very quickly, he didn't have the time to think about this. That was because there were still many fiends continuously approaching from behind the silver-eared flower-pattern fiend!

"Dream demon fiend... nine lightning werewolf... golden-eyed ice bat..." Looking at the figures that kept appearing one after another, even Elder Shu Yu's voice started to tremble gradually. Why did so many legendary fiends suddenly come?! And it seems like they are all going for Chu Yue!

"What sin did this kid commit!?" Elder Shu Yu—who could previously still be counted as calm—couldn't help but explode. Chu Yue isn't preparing to break through this time. We waited outside for so long, but we didn't detect any commotion. Why did he attract so many legendary fiends?!

Elder Hua Feng grabbed his collar. "Shu Yu, didn't you previously say that there wasn't a problem?! What exactly is going on now?!"

"I-I don't know..."

"I shouldn't have listened to you! I should've gone over directly!" Elder Hua Feng pushed him with much hatred. "With so many legendary fiends here, it'll be hard to even go there!"

If they teamed up, perhaps they could handle a few. But this number had long exceeded their expectations! Even if they went up to stop these fiends, it would be to no avail.

"Wan Zheng only has this one precious disciple, and Chu Yue has an extraordinary relationship with Rong Xiu. If he gets into trouble..." Elder Hua Feng's throat went dry. "In this current situation, what do you think we should do!?"

Elder Shu Yu seemed conflicted. At this moment, his gaze suddenly focused. "Wait a minute!"

After seeing that bunch of fiends, a familiar figure suddenly ran forward. It was the steel-ridged fiend cub that had previously left in a hurry!

At this moment, it had already run to the front of the fiends and rushed back to the cave at top speed. During the entire process, no fiends had stopped it. They even faintly seemed like they were running after it...

"What's the matter?" Elder Hua Feng saw his amiss expression and felt even more worried.

"Look—" Elder Shu Yu raised his hand and said in disbelief, "They seem to follow that steel-ridged fiend cub over!"

"How could this be possible?" Elder Hua Feng instinctively rebutted. Even though he didn't come to Fiend Park frequently, he also knew that steel-ridged fiends were ninth-grade fiends when they were a cub.

It was lucky that these legendary fiends didn't bully it. Why did they follow it and run after it?

But right after, he realized that what Elder Shu Yu said was right.

These legendary fiends usually stayed in their own lanes and had their own territories; they didn't interact much. But at this moment, they actually got together for once. Additionally, they didn't fight and headed in the same direction.

His gaze turned, and he held his breath. They do seem to be following that steel-ridged fiend cub up to the cave in the middle of the mountain!

"What exactly is Chu Yue doing...?" Elder Hua Feng couldn't help but mutter, and his face was filled with shock.

He never ever dreamed that he would still see such a scene in his life.

Elder Shu Yu was speechless. His expression seemed frozen, and only his pair of eyes with secret waves coursing through them revealed that he wasn't calm. Does Chu Yue really plan to break through again? But if it really is so, these legendary fiends definitely won't have such a reaction. They are quietly heading in a direction in unison. It seems like... they are following some sort of command.

Once this thought flashed across, Elder Shu Yu suppressed it. Ridiculous! How is that possible?! Only the two ancient legendary fiends can summon all the legendary fiends in the world! And Chu Yue—

Rumble!

An extraordinarily loud roar suddenly sounded from the cave!

[Chapter 1315](#)

With this loud sound, a tremendous force exploded from the cave!

The mountain peak shook intensely, as if it were going to collapse at any moment.

The two elders' hearts were scrunched together. Then, they saw that not only did these legendary fiends not leave when they heard the commotion, but they even increased their speed and ran toward the cave!

...

The first to arrive were the anti-sky sparrows.

The few anti-sky sparrows saw Tuan Zi laying on the floor, felt its suppression, and instinctively moved a step back.

Chu Liuyue looked up and glanced at them. Following this, the few anti-sky sparrows rapidly flew forward and lined up.

Chu Liuyue was familiar with one of them. Looking at the wing that had just grown out some feathers, she squinted her eyes. "You came quite quickly."

The few anti-sky sparrows dared to be angry, but they didn't dare to speak as they straightened their bodies.

Chu Liuyue raised her hand, and a portion of the force shifted to their bodies.

"The ones behind, come one by one," said Chu Liuyue lightly.

The few fiends who just came in were stunned. They exchanged glances and didn't know who should come first.

Chu Liuyue raised her brows slightly and was quite annoyed. "Go according to the sequence in which we fought."

Oh, so it's the sequence of being beaten up! The few of them rapidly understood and hurriedly stood in their places.

Chu Liuyue slowly wiped the blood away from the corner of her mouth and revealed a satisfied smile for once.

Actually, she couldn't hang on any longer and was persevering with her last bit of willpower.

She raised her finger, and another portion of force was split out.

At this point, quite a bit of Chu Liuyue and Ah Qiong's pressure was reduced.

Chu Liuyue closed her eyes in a seemingly smiling manner, and her voice was rather hoarse and lazy. "As obedient as before."

...

All the legendary fiends entered the cave in order.

The surroundings seemed to have recovered their peace. Other than the increasingly strong force that kept spreading out, everything seemed the same as before.

The two elders stood in mid-air dazedly and were confused by everything that happened before them.

"All... these legendary fiends went in so obediently?" Elder Hua Feng swallowed a mouthful of saliva with much difficulty. "They're even lining up?!"

What has this world become?

"Shu Yu, say something!"

Elder Shu Yu rubbed his brows. "What do you want me to say?"

"At the very least, you have been in Fiend Park for such a long time. You should know better than me, right? W-what's going on?" Elder Hua Feng was shocked and worried.

Elder Shu Yu glanced at him and softly said, "Do you think I know what's going on?"

"..."

"But Chu Yue is still inside!"

"Rather than worrying about him, you should worry about the fiends in Fiend Park." Elder Shu Yu took a deep breath in. Normally, I spend so much effort taking care of Fiend Park, but I'm not even worth a little kid in the end!

Elder Hua Feng knitted his brows and said, "The force that keeps spreading out doesn't seem to be Chu Yue's. If I didn't guess wrongly... perhaps it's the red-tailed phoenix's aura?"

"Yeah." Elder Shu Yu looked at the mountain peak. "I'm afraid his legendary fiend, the red-tailed phoenix, is currently awakening its bloodline power. And—"

He paused and suddenly turned around to ask, "Who else knows that Chu Yue came here?"

"Hm? Let me think... Other than Zhuo Sheng and Luo Yanming, I don't think anyone knows..." said Elder Hua Feng hesitantly. "But I don't know if anyone saw us on the way here."

"Try your best to suppress the news. If someone talks about it, say that he went over there." Elder Shu Yu pointed at the few mountain peaks outside Fiend Park. "With you as his alibi, I believe nobody would doubt it."

Elder Hua Feng nodded. Then, he couldn't help but ask, "I know that coming to the academy's Fiend Park can't be considered to be a good thing, but this isn't the only reason, right?"

Elder Shu Yu nodded. "Treasures attract trouble. It's not good to be too open."

"What does that mean?"

"Just watch first. Chu Yue's red-tailed phoenix is about to cause a huge commotion!"

...

The calm before the frightening storm was always the most anxiety-inducing one.

Time slowly trickled past.

Gradually, all the legendary fiends that went into the cave started to come out in order. On the surface, they didn't seem to be any different than when they had first gone in.

And after they came out, they didn't stay behind further and quickly left.

But during this entire process, the force that kept spreading out from the cave was gradually strengthening.

"A few cracks have already appeared on the mountain peak."

The entire mountain started to shake, and rocks started to roll down.

Everything seemed like it was hinting at a shocking and imminent change.

...

With these legendary fiends' help, Chu Liuyue was much more relaxed. She even slowly got used to the pain of being shredded apart.

Almost all of the force in her body had also been exhausted.

As Chu Liuyue tried her best to help Tuan Zi circulate its force, she was also healing the wounds in her body.

Suddenly, Tuan Zi's wings moved.

Chu Liuyue's heart skipped a beat.

At this moment, the water droplet in her dantian seemed to be guided by some force as it slowly spun! Tremendous force continuously surged out!

Almost at the same time, a red fire exploded from Tuan Zi's body!

Peng!

The fierce fire completely enveloped its body!

The force that kept circling around it rushed toward its body rapidly!

Chu Liuyue's eyes lit up. Tuan Zi is about to wake up!

But at this moment, the legendary fiends suddenly felt some terrifying existence and continuously moved back. Their gazes directed at Tuan Zi were filled with unconcealable deep shock and fear!

Chu Liuyue felt something and looked at Tuan Zi.

A golden spark suddenly exploded!

[Chapter 1316](#)

The golden spark was as bright as ever. The moment it appeared, it instantly illuminated the entire cave.

An indescribable and tremendous suppression spread from within!

Chu Liuyue's heart skipped a beat, and the water droplet in her body unwittingly started moving even more quickly.

The force in her body started spinning at an extraordinary speed!

"Wuwu—" Soft whimpers could be heard, but they were from the surrounding fiends. At this point, they were already lying down and trembling as they watched the fire burn brightly.

That was the absolute suppression from the bloodline—it was completely unleashed!

Even Ah Qiong had difficulties getting up, and it brought Tao Tao back a few steps.

Within the cave, the light shone brightly like the horizon. In the middle were a human and a fiend.

Chu Liuyue stared at the speck of gold in the middle of the fire.

As time trickled past, the surrounding red fire gradually seemed to turn golden as well. The light shone even brighter!

Chu Liuyue said, "You can all go out first."

Hearing her words, the many fiends hurriedly nodded like Russian dolls and quickly left.

"Ah Qiong, you and Tao Tao can go outside and guard the area."

Ah Qiong glanced at her hesitantly, but it still listened to her in the end and left with Tao Tao.

Its injuries were serious, and its skin had broken as blood kept flowing down. Many of the wounds were badly mangled. This showed how terrifying the attack from the force was.

Everywhere Ah Qiong went, it left uneven bloodstains all over the ground.

When they all left, Chu Liuyue then retracted her gaze and looked at Tuan Zi.

As if detecting her gaze, Tuan Zi's eyelids twitched.

Chu Liuyue softly chuckled. "You must properly repay the debt you owe when you go out later."

Tuan Zi didn't speak, but the fire in its body burned even brighter.

...

The two elders stared at the mountain peak intensely.

More and more fiends were walking out, but they didn't leave after reaching the foot of the mountain. Instead, they all stopped and stared at the middle of the mountain in unison, as if they were waiting for something.

"What are they doing?" Elder Hua Feng was confused. "The previous few had all left on their own. Why did they come out and not leave?"

Elder Shu Yu didn't speak, but his expression became even more serious. Perhaps my guess will come true...

On the mountain peak, increasingly more cracks started spreading. Trees fell one after another as mountain rocks rolled down.

The surrounding Heaven and Earth Force started surging over crazily. In the end, it formed a gigantic energy vortex and looked frightening.

The dark clouds tumbled, and the winds howled fiercely. Anyone could tell that this mountain couldn't be saved.

Besides... There would definitely be more shocking things to happen!

The turbulent winds preceded the storm.

Elder Hua Feng gradually felt uneasy as he pressed his lips against each other tightly and did not speak.

The surroundings fell into silence. It was as if the water surface with harsh tides would explode at any moment!

...

A day quickly passed, and evening came in the blink of an eye.

Looking at the sky that slowly darkened, Zhuo Sheng paced back and forth in the house and looked very anxious.

Luo Yanming—who was sitting inside the house—finally couldn't help but say, "Zhuo Sheng, you're causing my head to spin. Can't you sit down and wait?"

"I can't sit!" Zhuo Sheng scratched his head and looked frustrated. "Where do you think Chu Yue and Elder Hua Feng went? It has been more than half a day, but we haven't seen them! Sigh, if only we could chase after them in time then!"

Luo Yanming glanced at him doubtfully. "Do you have a misunderstanding about your own abilities, or do you think too highly of me? You actually think that the two of us can catch up with my mentor?"

Back then, the situation happened suddenly. After Chu Yue came out from Jiuheng Peak, he disappeared without a trace. Elder Hua Feng followed him closely and left without even saying anything.

Originally, Zhuo Sheng and Luo Yanming planned on following them, but they lost them after some time. Helpless, they could only choose to go back first. They planned on asking in detail about what happened after Elder Hua Feng and the rest came back.

Even though they were worried about Chu Yue, Elder Hua Feng was still a highly respected elder in the academy. With him around, they could be slightly more at ease.

Who knew that this wait would be close to a day? Yet, Elder Hua Feng and Chu Yue showed no signs of returning.

The both of them couldn't casually go out to ask around, so they could only stay here, scratch their ears, and wait.

Hearing this, Zhuo Sheng was rather despondent. "It's weird too! Look, it's normal that we can't catch up with Elder Hua Feng because he's very strong, but why is Chu Yue so fast as well?"

Back then, I didn't even see anything, and the person just disappeared!

"He is a ninth-grade heavenly doctor, but his warrior level isn't as high as mine. How is he faster than me?" Zhuo Sheng really didn't understand. "Besides, I don't know if it's a hallucination, but when he rushed past me, I felt that his aura seemed... It seemed like it wasn't any weaker than mine."

He said this rather conservatively. In actual fact, he thought about it later and even felt that he was weaker than the other party.

But Chu Yue was indeed still a stage-seven warrior previously—everyone had seen it personally. No matter how talented he was, it was impossible for him to break through so many times in such a short amount of time, right?"

"What's so strange about that?" Compared to Zhuo Sheng's shock and doubts, Luo Yanming was much calmer.

He smiled. "Do you really think that he's only talented as a heavenly doctor?"

Zhuo Sheng's eyelids twitched. "W-what do you mean?"

Luo Yanming's lips moved. In the end, he just said, "How can Senior Brother Rong Xiu think so highly of someone normal? I just feel that the things he's showing now aren't his true abilities."

"That's true. Chu Yue is a tough nut to crack, and he hid his abilities quite well." Zhuo Sheng believed it and nodded. Then, he said, "But I still hope that he won't get into trouble and that he'll be fine."

"Let's wait and see," said Luo Yanming.

...

Night.

Fiend Park.

Elder Hua Feng and Elder Shu Yu were still waiting.

The surroundings had already darkened, yet there was still bright light shining out from the cave. Additionally, as time passed, the light became increasingly brighter.

Suddenly, the gigantic energy vortex stopped turning, and the dark clouds faded away!

Crack!

The clear sound of a mountain rock breaking could be heard. It was especially clear in the quiet forest!

The two elders exchanged a glance and saw the nervousness in each other's eyes.

Hong!

The mountain peak—which had long been shaking—suddenly exploded with a terrifying force from within!

A golden-red spark that seemed to be unable to split rose to the sky! Amidst it, a shocking aura that seemed to travel from ancient times came over and swept across the skies!

Whoosh!

A pair of gigantic wings suddenly spread open!

Shoo!

[Chapter 1317](#)

Bright!

Prideful!

Stern!

A clear cry reverberated throughout the area!

The many fiends—who had waited around for a day—heard this command and were immediately energized as they shrieked in unison!

In their voices, there was no trace of a legendary fiend's pride and the violence of their tempers. They only had complete compliance, fear, and respect.

The next moment, these fiends all lay down gradually!

They moved gingerly and were filled with sincerity and respect. That was the admiration and respect one had for the most distinguished bloodline in the world!

This formation stunned the two elders.

Elder Hua Feng widened his eyes in shock. "T-that's—"

A ridiculous and bold guess flashed across his mind. As it was too incredulous, he couldn't say those few words. Red-gold spark... In this world, there is only one type of fiend that has this fire!

At the side, Elder Shu Yu had already guessed this outcome earlier, but he was still taken aback when he personally saw it. He took a deep breath in as if he could smell the unique scent of the fire burning brightly.

It was as if it wanted to burn everything down!

"That's... an ancient legendary fiend—red-gold heavenly phoenix!"

Every word seemed to weigh a ton as it landed like a shocking stone and stunned everyone!

"H-how could this..." Elder Hua Feng was dazed and softly muttered in disbelief. "Red-gold heavenly phoenixes haven't appeared on the mainland for 3,000 years. Yet, today..."

That is Chu Yue's fiend! The reality kept hitting Elder Hua Feng's inner mentality, causing his entire person to be dazed.

Elder Shu Yu looked up at the red-gold figure in the dark sky with a complicated gaze. If I didn't see this personally, I would think that it was just a dream.

"Red-tailed phoenixes originally have the bloodline power of the red-gold heavenly phoenix in them. Out of so many fiends, they're the most likely to break through and become a red-gold heavenly phoenix! However, it's very, very difficult to do this. After so many generations, the current red-tailed

phoenixes have very little bloodline power in them. Logically speaking, there shouldn't be such a possibility anymore, but..."

But Chu Yue's fiend actually did it! How could it not be shocking?!

"No wonder... No wonder the fiends were so obedient previously. Was it because they already had predicted the red-gold heavenly phoenix's birth?" Elder Hua Feng seemed to have suddenly thought of something and looked understanding. Other than the two ancient legendary fiends, who else has such terrifying commanding skills?

1

The next moment, a thin and long figure jumped up from below! It was Chu Liuyue, whom the two elders had waited so bitterly for!

At this point, her clothes were already stained with blood, and her face was as pale as ever, looking very disheveled. However, only her pair of eyes were as bright as stars as they shone brightly!

Detecting her arrival, the red-gold heavenly phoenix that many fiends were bowing down to lowered its eyes and looked over. Then, it flapped its wings and flew toward Chu Liuyue.

A red-gold arc was drawn across the dark skies. The next second, it had already flown to Chu Liuyue.

The human and the fiend stood opposite each other.

Chu Liuyue's originally tall figure seemed especially petite with the red-gold heavenly phoenix by her side. But for some reason... Although she stood there quietly, her entire aura didn't lose to the red-gold heavenly phoenix at all.

With such an accompaniment, she was still not overshadowed.

"Tuan Zi." As Chu Liuyue gazed at Tuan Zi—whose appearance had completely changed—her heart was overwhelmed. It beat so quickly that it was about to jump out. Previously, I had already guessed that Tuan Zi might break through with the awakening of its bloodline power. However, I didn't expect that it would directly become a red-gold heavenly phoenix! It was no wonder it didn't wake up after such a long time. Tuan Zi was waiting for this big move! My efforts to help it weren't wasted!

She sized Tuan Zi up carefully.

Its figure wasn't too different from before, but its previously red feathers had all become red-gold. Its claws were snow-white, but its eyes had become intensely black.

At first glance, they seemed crystallized, yet one couldn't see the bottom of them.

When Tuan Zi's eyes moved, one could occasionally see a brilliant light flash across.

From this pair of eyes, Chu Liuyue clearly saw her own shadow.

Tuan Zi looked down and intimately rubbed against her face.

It was surrounded by burning red-gold fire, but when Chu Liuyue touched that fire, she didn't feel uncomfortable at all. Instead, she naturally merged with it.

Of course! This was her fiend!

Detecting Tuan Zi's warmth, its soft feathers, and the heavy reminiscence, Chu Liuyue couldn't help but take a step forward and wrap her hands around Tuan Zi's neck tightly. Luckily, it was just a shock, and Tuan Zi is still by my side in one piece!

Looking at the human and fiend hugging, the many legendary fiends fell silent. They stared at Chu Liuyue with fear and respect.

If one were to say that they were beaten up until they were scared of her and that they dared to be angry but didn't dare to voice it out, they didn't even dare to be angry now.

She had an agreement with one of the two most distinguished ancient legendary fiends in the world. She could almost be considered above millions of fiends!

Then, what was there to argue about? In the future, they could only listen to her obediently!

"This kid... His future is limitless!" Elder Shu Yu couldn't calm himself down. However, he finally accepted everything before him.

Seeing how close Chu Liuyue and Tuan Zi were, he couldn't help but laugh bitterly. "I've long known that he was amazing, but I didn't expect him to get this kind of fate as well..."

Neither luck nor capabilities could be missing!

When he previously heard that Chu Yue had accidentally obtained the Chi Xiao Sword, he still felt rather indignant.

There were so many academy elders and outstanding students, but in the end, a young man that came to the academy not long ago benefited. Anyone who heard it wouldn't be completely at peace.

But today, he finally understood.

What did a Chi Xiao Sword count for? His fiend broke through in one go and became an ancient legendary fiend. This was the part that made one speechless.

After all, in the entire mainland, there weren't many supreme Yuan instruments like the Chi Xiao Sword.

But how many fiends were there in the world? Just in their Ling Xiao Academy alone, he had seen about four or five red-tailed phoenixes these few years, not to mention the entire God Residence Realm!

There would definitely be more! However, it had to be Chu Yue's one that broke through and became a red-gold heavenly phoenix!

How could this make sense?

"Hu... You're right." Elder Hua Feng sighed deeply, forcefully rubbed his face, and genuinely sighed.

"Luckily, I don't have a fiend. If not, I would be angered to death when I see this."

[Chapter 1318](#)

Chu Liuyue touched Tuan Zi, released her hands, and raised her chin toward the many fiends below. "To help you just now, they have all put in quite a bit of effort."

The fiends—who were suddenly praised—became energized, and their expressions were anxious and nervous. Help? Put in effort? We wouldn't dare! We should've done it!

Being able to personally witness the birth of an ancient legendary fiend—a red-gold heavenly phoenix—was the greatest blessing in their lives. How could they ask for anything more?

In the beginning, they came here for Chu Liuyue. But now, that definitely wasn't the case.

The grumbles they had toward Chu Liuyue when they came had all disappeared, and they even felt quite grateful.

For fiends, the bloodline level was strict. Not to mention helping this once, even if they were asked to sacrifice their lives, they would absolutely not have any grievances. That was the supremacy of an ancient legendary fiend!

Tuan Zi followed Chu Liuyue's vision and looked down.

Whoosh—

It flapped its wings, and a red-gold fire suddenly flew out, drawing a beautiful arc in mid-air. Then, the fire burst and exploded into countless sparks that landed everywhere!

These sparks landed on many fiends.

The moment the sparks touched the fiends, they quickly melted. Following this, these fiends' injuries started rapidly healing at an observable speed!

These wounds were originally caused when Tuan Zi's bloodline power was awakening, so this was considered as solving it from the root of the problem, and the effects were exceptionally good.

Many of the fiends were shocked, and all of them respectfully kneeled down and thanked Tuan Zi.

It was very rare and beneficial for them to help a red-gold heavenly phoenix break through and receive the nourishment from its powers. They were naturally very grateful—this caused them to have even gentler and respectful gazes when they looked at Chu Liuyue.

Tuan Zi's actions were clearly telling them who had the last say. All of the legendary fiends here weren't silly, and they naturally followed the flow.

Shoo!

Tuan Zi let out a loud cry again.

The many fiends gradually started to leave. Not long later, the fiends surrounding the mountain peak began to leave respectively.

Everything finally seemed to return to normal.

A light flashed on Tuan Zi's body, and it became tiny again. Compared to before, it looked more intricate and beautiful.

Tuan Zi blinked its eyes and stuck its head into Chu Liuyue's arms.

Chu Liuyue hugged it tightly and couldn't help but smile with her eyes curving up.

Tuan Zi's small head rubbed against her shoulders in reminiscence and intimacy.

"A'Yue." A clear and crisp voice entered her ears.

Chu Liuyue was suddenly dazed. This is... Tuan Zi's voice?

"A'Yue! A'Yue, I miss you so much."

...

"Chu Yue." Just when Chu Liuyue planned to talk to Tuan Zi further, she suddenly heard a familiar voice from the side.

She looked up and smiled. "Greetings, Elders."

When Elder Hua Feng saw Tuan Zi being hugged by Chu Liuyue, his gaze was filled with curiosity and shock. After all, this was also his first time seeing a red-gold heavenly phoenix in person, especially... one that had an agreement with a human.

"Chu Yue, how are you feeling?" Elder Shu Yu was rather calm as he examined Chu Liuyue's disheveled appearance and inquired in concern.

Chu Liuyue smiled and replied, "Elder, don't worry. I'm fine."

Even though she was injured previously... After Tuan Zi broke through, her wounds started healing rapidly—probably because they had an agreement. She even felt that she was stronger than before.

"That's great; that's great..." Elder Shu Yu heaved a sigh of relief. As long as he is fine, everything else will be easy to talk about.

"You..." His gaze then landed on Tuan Zi. After a moment of hesitation, he carefully said, "I haven't congratulated you yet. Your legendary fiend has... broken through."

"Thank you, Elder Shu Yu." Chu Liuyue lightly patted Tuan Zi and placed it on her shoulders. Her expression then looked much more serious. "Actually, I have something that I would like to request of you."

"Go ahead."

"Um... For today's incident, could I trouble the elders to temporarily keep it as a secret for me?"

The two elders glanced at each other. She actually thought of asking this...

"Don't worry. This is a serious matter. Unless you're willing to say it on your own, the two of us will definitely not say anything about this," said Elder Shu Yu carefully.

Elder Hua Feng hurriedly nodded. "That's right, that's right! We definitely won't say it!"

What a joke. If we announce this, isn't it throwing the kid to the wolves? It would be fine if he was a legendary warrior, but it's a pity he is still a stage-eight warrior. Even though his combat skills are

stronger than an average stage-eight warrior, he is still a stage-eight warrior. Under such circumstances, it is better to be more discreet about it.

"For Zhuo Sheng and Luo Yanming, I'll explain to them slightly later. They definitely won't doubt you." As Elder Hua Feng talked, he felt that he was speaking nonsense again. Who would suspect that Chu Yue's fiend broke through to become a red-gold heavenly phoenix? Even if they had ten times their imagination, they wouldn't be able to think of it. If I wasn't here and saw everything clearly from the start, my first reaction when hearing about this would definitely be to think that it was a joke.

Hearing them say this, Chu Liuyue felt much more at ease.

These two elders are rather reliable. Before I'm sufficiently strong, it is better not to reveal such secrets. It's a pity that I won't be able to casually summon Tuan Zi out for a period of time.

"Thank you, Elder Shu Yu, Elder Hua Feng." Chu Liuyue politely bowed and thanked the duo.

Elder Shu Yu glanced at her and then at Tuan Zi. Suddenly he asked, "Why... did your red-tailed phoenix suddenly break through?"

[Chapter 1319](#)

Red-tailed phoenixes did have the red-gold heavenly phoenix's bloodline power, but it wasn't that easy to cross the barrier.

Elder Shu Yu had seen quite a few red-tailed phoenixes after all these years, so he was especially curious when he met with such situations.

"It had some fateful encounter, right?" Elder Shu Yu crossed his arms and gently knocked his fingers against the elbow. "After all, even if it has intense bloodline power, you need to spend a great amount of effort to activate it."

And this was definitely not something a stage-eight warrior cultivator could do.

Chu Liuyue's heart suddenly skipped a beat. At that moment, she felt that she could be seen right through.

Elder Shu Yu had indeed guarded Fiend Park for many years. He was very experienced and knew these things very well. If not, he wouldn't have asked such a question.

"Yeah! Chu Yue, your fiend's experience should be quite extraordinary, right? Or did it have some fateful encounter?" Elder Hua Feng intervened and asked.

After experiencing much with Chu Liuyue, he felt that even her fiend was like the chosen one and was very lucky.

Chu Liuyue paused, and her lips curled up into a smile. "I managed to make an agreement with Tuan Zi quite long ago by chance. From what I know, it doesn't have any shocking origins, and it's just an ordinary red-tailed phoenix. As for why it will break through this time..."

She blinked and looked rather helpless. "I'm not too sure either, but it has been hibernating during this period of time, and I couldn't wake it up no matter what. It suddenly woke up today, and I felt that something was amiss, so I hurriedly brought it here."

Elder Shu Yu fell into deep thought for a moment and nodded in agreement. "That's it, I think. Why it would hibernate is probably because it was activating its bloodline power. Then, it only exploded today to break through directly. Your luck is really one of a kind!"

This caused people to be unable to be envious of her.

The heavens were originally unfair. Some people would achieve nothing after working extremely hard, but others could always have a suitable encounter at the right time.

Of course, Elder Shu Yu felt that it wasn't completely based on luck that Chu Yue had everything he had today. If another person had experienced the dangers he went through, they would've been impacted until their bodies were breaking. They might not even be alive. It is also a type of capability to grab this opportunity.

Chu Liuyue smiled.

When Elder Hua Feng saw her pale expression, his heart ached slightly. "Okay, okay, we can talk again tomorrow. Chu Yue, you have suffered quite a bit today. Follow me back and recover first."

Look at this small body. This better not have any lingering effects.

Chu Liuyue's heart felt warm. "Okay!"

...

Elder Hua Feng personally sent Chu Liuyue back to Jiuheng Peak. After confirming that she was indeed fine, he instructed her a while longer and told her not to worry before he left.

As stated in his previous promise, he didn't ask further.

After watching Elder Hua Feng leave, Chu Liuyue then returned to the room as deep thoughts flashed across her mind. The two elders said that they would help me keep it a secret, and I have no doubts about that. In their hearts, they definitely have suspicions and curiosity about me. After going back, they can definitely think of many illogical aspects if they just think about it in detail—such as why I would first go to Fiend Park when I was in trouble. Another example would be why I could summon so many fiends when I met with danger. Let's not even mention Tuan Zi's sudden breakthrough.

They temporarily can't see through anything today, but there aren't permanent secrets in the world. Nobody can guarantee that the incident of Tuan Zi using Million Wine Mountain's lightning bolts to break through and become a red-gold heavenly phoenix won't be exposed one day. I can temporarily use some vague answers to make my way through these questions, but... in the future?

Chu Liuyue didn't feel that she could continue hiding this, but she really had no choice but to bring Tuan Zi to Fiend Park. At that time, under such circumstances, she needed the other legendary fiends' help to resolve the crisis.

The later results also proved that if she only depended on the legendary three-eyed eagle for help, she might not be able to make it through.

This was the best result.

Chu Liuyue shook her head and suppressed her messy thoughts. She then changed out of her dirty clothes and had a warm bath for once, even placing some herbs in the water to heal her wounds.

After an hour, she finally tidied up and changed into clean and comfortable clothes. Only then did she feel like she had lived.

Luckily, her wounds weren't very serious. Chu Liuyue used some herbs on her own and would recover in a while.

When she came out, Tuan Zi—who had waited for so long—couldn't help but pounce over.

But this time, Chu Liuyue directly raised her hands and grabbed it. She grabbed Tuan Zi's wings and picked the fiend up.

The human and the fiend stared at each other.

Chu Liuyue raised her brows and smiled. "Tuan Zi."

This smile unknowingly sent a chill down Tuan Zi's spine, and it suddenly had the urge to escape. It was a pity Chu Liuyue grabbed its wings, and it couldn't even move. Hence, it could only stare at Chu Liuyue wilfully.

"Tuan Zi, I have a few things I want to ask you about. You must answer me honestly, okay?"

Tuan Zi blinked and forcefully nodded.

Chu Liuyue was rather satisfied with its attitude, so she directly asked, "How much of the past do you remember?"

Tuan Zi was dazed.

Chu Liuyue smiled with deeper meaning and reminded, "Note, when I say 'past,' I'm talking about when I came to the God Residence Realm the previous time. If I haven't recalled wrongly, you came with me back then, right?"

[Chapter 1320](#)

The room instantly became quiet.

Tuan Zi guiltily averted its gaze.

Chu Liuyue pinched its small head and turned it back. "Didn't you say you miss me very much? Don't you want to talk to me and reminisce about the past?"

Coincidentally, Tuan Zi could directly open its mouth and speak in the future after breaking through, so it saved quite a bit of trouble.

Tuan Zi turned its head to another side.

This time, Chu Liuyue didn't care about it anymore. Instead, she directly let go, turned around, and walked to the bedroom. "Since you don't want to say it now, then we won't. It won't be too late to talk about it when you want to."

Then, she directly walked into the room and climbed onto the bed, planning to rest.

Tuan Zi—who was abandoned—was dazed. It hurriedly looked at Chu Liuyue nervously but saw that she had already laid down as if she were going to sleep directly.

The candlelights were extinguished, and the room darkened. Only the faint moonlight seeped in like water, drawing the outline of the room.

Tuan Zi stood rooted to the spot for a while and seemed very conflicted. Its claw was about to step out, but it rapidly took it back again.

The fiend went back and forth a few times, and it felt extremely tortured. After much conflict, it finally made up its mind and flew toward Chu Liuyue.

"A'Yue." Tuan Zi rested by Chu Liuyue's pillow and carefully called out to her.

Chu Liuyue turned around and looked at it. "You want to talk now?"

Struggle flashed across Tuan Zi's eyes. In the end, it nodded its small head in embarrassment.

Chu Liuyue sat up. "Let's start then."

...

After settling Chu Liuyue, Elder Hua Feng then returned to his own residence and discovered that Luo Yanming and Zhuo Sheng were still waiting for him.

"Mentor!"

"Elder Hua Feng!" Seeing Elder Hua Feng's familiar figure, the duo—who were anxious from waiting—called out in surprise.

Zhuo Sheng was even faster, and he just rushed over. "Elder, you're finally back! Is Chu Yue okay now? Are the both of you fine?!"

The series of questions exploded in front of Elder Hua Feng and even caused his head to hurt faintly. But thinking that the two of them were kind-hearted, he couldn't bear to rage and patiently said, "Don't worry. That kid is doing fine!"

Even though he is slightly injured, he obtained a red-gold heavenly phoenix! If this isn't counted as 'fine,' then nobody in the world is doing fine.

Seeing Elder Hua Feng's reaction, Zhuo Sheng and Luo Yanming finally relaxed.

"That's good, that's good! Elder, rest first then. We'll go check on Chu Yue!" said Zhuo Sheng and was about to drag Luo Yanming away.

"Wait a minute!" Elder Hua Feng called the two of them.

Meeting the duo's confused gazes, Elder Hua Feng coughed. "It's already so late, and he should've gone to sleep after he went back. It's not appropriate for you two to go over now."

The two of them thought about it and agreed.

"Then, we'll go again tomorrow," said Luo Yanming to Zhuo Sheng.

Zhuo Sheng nodded.

Elder Hua Feng then relaxed. By tomorrow, everything should've returned to normal.

"That's good too. Oh right, there's something. Try not to tell other people about what happened today. Chu Yue..." Elder Hua Feng hesitated for a moment. "Recently, there have been enough rumors about him in the academy, so there's no need to add one more. Give him some time to quietly cultivate and recuperate."

The duo didn't doubt anything else and agreed. "Yes!"

...

The next day, Chu Liuyue opened her eyes when the sky just started to turn bright.

Her eyes were slightly bloodshot, and there was a faint patch of black below her eyes. Clearly, she hadn't slept well the entire night.

She turned around to take a look and saw Tuan Zi nestled by her side.

Hearing the movement, Tuan Zi immediately woke up. When the fiend met Chu Liuyue's gaze, it blinked in confusion. Then, it leaned over and rubbed against her cheek.

Chu Liuyue's heart instantly became soft, and she gently rubbed Tuan Zi's forehead. "Okay, it's time to go out."

Tuan Zi glanced at it. "A'Yue, you're not angry at me, right?"

Chu Liuyue paused, smiled, and said, "What's there to be angry about? Didn't you already tell me what you know?"

Tuan Zi looked down and touched her palm.

Two familiar voices were suddenly heard from outside.

Chu Liuyue stood up and carried Tuan Zi up. "Okay, you've just broken through and should rest properly. During this period of time, you can't come out, okay?"

Tuan Zi nodded, and its figure instantly disappeared.

Chu Liuyue then walked outside.

...

The people visiting here were still Luo Yanming and Zhuo Sheng.

Even though Chu Liuyue didn't really sleep the entire night, her wounds had pretty much healed. So at first glance, other than people thinking that she didn't sleep well, she did not look like she had other problems.

Seeing Chu Liuyue's current state, the duo felt more at ease.

"It's good that you're fine. Yesterday was really—" Zhuo Sheng had spoken halfway when he suddenly recalled that he shouldn't talk about this incident anymore, so he hurriedly kept quiet.

Luo Yanming silently changed the topic. "Oh right. Chu Yue, today is the academy's open day. Do you want to go out and tour around?"

The so-called open day was actually a holiday that Ling Xiao Academy had once every three months. It usually lasted for three days. Within these three days, the students could leave the academy, and the elders wouldn't ask further.

Many students would take this chance to go out and relax. Some who lived nearer could make a trip home, while the remaining ones would tour around Fangzhou City.

Zhuo Sheng immediately became interested. "Right! We've come to the academy for so long, but we haven't gone out yet! Chu Yue, let's go together!"
