

Nothing To Give But My Heart Chapter 108

"A problem down there?" Ye Moxuan's gaze turned sharp. "Who told you that?"

His eyes were so sharp that Shen Qi gulped unconsciously. "Those strangers."

"Wow, so you just believed whatever those strangers said? Aren't you clear if I have any problems or not?"

Ye Moxuan suddenly grabbed her wrist and placed it somewhere, making her scream anxiously as she tried to free her hand from his control.

"Feel it properly. Do I have a problem there?"

Shen Qi's mind went empty, and she couldn't think nor feel him. She was so frightened that she bit his shoulder and quickly pulled her hands back as he dazed off.

"Ye Moxuan, you pervert!"

"I'm a pervert? Why didn't you call me a pervert when you begged me to have sex last night?" Ye Moxuan chuckled evilly. He lowered his head and bit her chin. "You really think of yourself as a wild cat, biting someone whenever you like?"

Her cheek was as red as an apple.

Why does it feel like... Ye Moxuan's attitude toward me is different?

"Remember!" Ye Moxuan growled firmly next to her ear. "From today onward, you are my woman."

Shen Qi's heart skipped a beat.

What did he just say?

"From now on, no matter whom it is, your ex-husband, Ye Linhan, or any other men, you are banned from interacting with them, not even a glance."

Shen Qi was speechless.

"If I find out that you had any interactions with them, or had any thoughts..."

Knock-knock—

Just then, somebody knocked on the door. Ye Moxuan raised his eyebrows and asked, "What's the matter?"

Xiao Su's respectful voice came from outside. "Young Master Ye, it's almost time for the meeting."

"Got it."

Ye Moxuan looked at Shen Qi, who was still dumbfounded. He then flicked her forehead and asked, "Did you hear me?"

Although Shen Qi still couldn't react, she unconsciously held her forehead and nodded when she heard his words.

"Stay in the hospital. I will send someone to guard you, and I'll come get you after work."

She paused before she murmured, "Okay."

After Ye Moxuan left, Shen Qi still couldn't react to what happened.

She sat on the bed and tried to recall what happened yesterday and what Ye Moxuan just said.

She was drugged yesterday, and there was incense lit in the room. Lu Xunchang thought that Ye Moxuan was incapable, so he drugged her in order to torture him and to hurt her in the process. Yet Ye Moxuan was fine in the end, and she was unharmed as well. All she got was some hickies that appeared out of nowhere.

Yet now, Ye Moxuan was telling her that she was his woman from today onward.

Does that mean that we had sex yesterday night?

Shen Qi felt shy again when she remembered the traces on her body that were left by Ye Moxuan.

Gosh.

She thought that God had made a huge joke with her and wanted to prank her to no end.

She didn't expect that.....

She didn't expect that the person who stayed with her last night was actually him.

Shen Qi didn't know whether she should be happy or sad at that moment.

...

She stayed alone in the hospital for most of the day. She then got really bored and requested to be discharged.

But the news she got was that she couldn't be discharged until Ye Moxuan was back. She must wait for him.

Therefore, Shen Qi could only return to her ward and spent the rest of her boring day there.

When she came back from the bathroom, her legs were slightly trembling. She then checked her body again, and there were traces everywhere; her trembling legs also indicated how crazy they were last night.

But she couldn't remember most of the things. She vaguely remembered that Ye Moxuan asked her if she was comfortable and whether she wanted more.....

And then she.....

Anyway, Shen Qi felt extremely embarrassed.

She felt so embarrassed that she didn't want to face Ye Moxuan anymore.

Just as she was thinking, the sound of a wheelchair rolling came from the outside.

He's done with his work?

Shen Qi's expression fell, and she unconsciously closed her eyes and pretended to be asleep.

"Second Young Master, you are back? Second Young Lady has been bored for the entire day and is probably asleep now."

Thanks, Madam Chen! Wow! Shen Qi was cheering. She could use sleep to avoid Ye Moxuan now.

"I see."

There was no emotion in his deep and cold voice.

Soon, the voice of the wheelchair softened a little before it stopped in front of her hospital bed. Shen Qi pretended to not hear anything and continued pretending to be asleep.

"You can leave."

Shen Qi heard two sets of footsteps walking out. It was probably Xiao Su and Madam Chen.

The ward then fell into silence, and Shen Qi heard the sound of pages flipping. She sneakily opened her eyes and saw that Ye Moxuan had moved and was reading a magazine with his head lowered.

Shen Qi was beyond words.

What the hell? Is he not going to leave? He is staying here to read magazines?

Shen Qi closed her eyes again. *Hmmph. Read your magazine, then. I'm going to pretend to be asleep.*

Shen Qi didn't move while Ye Moxuan continued reading his magazine.

Ye Moxuan's movements were small, but when he heard that the woman's breathing was getting even, his movement went completely silent. He looked up, and his indifferent eyes fell on her fair face.

He knew that she was pretending to be asleep.

She thought he couldn't tell, but the breathing of a person who was awake and a person who was asleep was different. Also, he could tell from her heartbeat.

This dumb woman... She thought she was that smart.

How could the Shen family have someone like her?

Ye Moxuan narrowed his eyes as he recalled the information Xiao Su gave him.

Shen Qi's life had always been just work and home; it was mundane. She did the groceries, cooked, and was responsible for her husband's life at home.

But the man had an affair.

Even the marriage between them was deceptive.

Before their marriage, the man was already cheating. It was just that he had a fight with the woman and got married with Shen Qi out of anger. But the woman then came back...

They finally divorced the day the man won the lottery.

Although her life was miserable, why did she marry into the Ye family all of a sudden? There are many who want to get close with the Ye family in North City, but most of them had their eyes on Ye Linhan, not me.

That was because Ye Moxuan was a good-for-nothing that was in his wheelchair all year round; besides, he needed someone to take care of him in his daily life and was sexually incapable.

Marrying him meant that she not only had to be his 'maid', but also live like a widow for the rest of her life.

At least, this was what the others saw.

Why would any other girl do this? Unless they were really desperate to get close with the Ye family and had their eyes on the Ye's wealth and power.

But Ye Moxuan couldn't understand Shen Qi's moves.

Since she came to the Ye family, she hadn't done anything suspicious and just kept doing some strange things.

Even last night...
