

Nothing To Give But My Heart Chapter 129

Shen Qi stood rooted to the spot while spacing out, and her mind was blank for the longest time despite the engaged tone ringing from her mobile phone.

Xueyou sounded rather agitated when she heard that I'm meeting her older brother, but why?

She couldn't understand the reason why Han Xueyou was freaking out so badly that she had to hang up on Shen Qi and rushed to the restaurant they were at.

Shen Qi lowered her mobile phone before checking the transferred amount, and she was convinced that it was at least sufficient to pay for the meal this time.

Just as she turned around to leave the restroom, her leg kicked against something, and she fell forward.

Bang!

Someone closed and locked the restroom door from inside, and Ye Moxuan took the chance and wrapped his arm around Shen Qi who was leaning toward him. He then retracted his other arm after locking the restroom door.

Shen Qi was shocked to the core the moment she looked up and saw Ye Moxuan.

"Why are you in here? This is... the women's restroom, so you can't be here."

Ye Moxuan must be a pervert. He has actually entered the women's restroom and even locked the door.

Ye Moxuan cocked a brow at her while looking displeased. "My woman is in here. Why can't I come in?"

His blunt words caused Shen Qi to blush furiously, and she realized that he had been acting very strangely after they had slept together. She felt as if he was constantly trying to be close to her.

Shen Qi's hands moved slightly when she thought of that, and she pushed against his chest, trying to stand up. However, Ye Moxuan tightened his grip around her waist, and she slumped back into his embrace.

"What are you doing? Let go of me now," she begged him anxiously. "President Han is waiting for us."

Ye Moxuan squinted at her dangerously when he heard that. He leered at her while looking displeased. "Are you in such a rush to see him?"

Shen Qi didn't understand what he meant. "What nonsense are you talking about?"

"You even dressed up and put on makeup before meeting him!" he growled.

"When did I dress up?" Shen Qi asked before rubbing her cheeks. "I didn't even put on makeup today," she added in a hurt tone.

"Is that so? Let me have a look," Ye Moxuan remarked skeptically before reaching out and grabbing her chin. He lifted her face up before leaning closer to her and observed it from both left and right.

His warm breath hit Shen Qi's face, and it felt like a gentle caress from the feathers of a newborn bird, which tickled Shen Qi and caused her heart to skip a beat.

Her breathing paused for a moment as she stared at Ye Moxuan who was inches away from her. She realized that the man had deep-set eyes, and despite the fact that she was barely inches away from him, his skin appeared to be incredibly smooth and flawless. She felt lost while staring into his deep eyes, which felt as vast as the boundless ocean.

For some reason, Shen Qi felt anxious, and she licked her lips unconsciously.

A trace of an unknown emotion flashed across Ye Moxuan's eyes, and he tightened his grip on her chin even more. "I see that you do not have makeup on indeed. In that case, why are you wearing a dress on purpose? Do you really have no other motives?" he asked in a hoarse voice.

"What sort of motives are you referring to? You gave me the information, and you asked me to come over to discuss the business deal. Even the dress I'm wearing... was bought by you," Shen Qi exclaimed.

Ye Moxuan's voice turned even huskier. "Woman, is talking back the only skill you have?"

"I'm just telling you the truth," countered Shen Qi.

She felt the temperature of her surroundings increasing rapidly, and she tried to struggle out of Ye Moxuan's grasp instinctively. "Let me go. We should leave now—"

The next thing she knew, Ye Moxuan was already kissing her.

His hand, which was pinching her chin just now, started cupping her face tenderly. Ye Moxuan's palm felt warm and dry, and it moved slowly from her cheek to the back of Shen Qi's head.

His tongue started skillfully prying her teeth apart.

He got the upper hand before Shen Qi could come to her senses.

She was now lying on top of him, and Ye Moxuan had his arm around her waist, so it seemed that she had no choice but to accept Ye Moxuan's kiss.

The atmosphere inside the restroom was hot with passion, and Shen Qi felt the body temperature rising steadily as well. Ye Moxuan's large hand explored the back of her dress, and he pulled down the zipper before slithering his hand into her dress.

At the same time, there were clicking sounds of several women's high heels coming from outside of the restroom.

Bang!

Someone tried pushing the restroom door open, but it wouldn't budge.

"What's wrong?"

"The door of this restroom would not open, what is happening?"

“Let me have a look.”

There was another bang, and someone kept trying to open the restroom door. Shen Qi was still in Ye Moxuan’s arms while he continued kissing her. On the other hand, Ye Moxuan seemed unfazed by the situation while focusing on kissing Shen Qi.

Shen Qi was panicking, and she pushed hard against Ye Moxuan, but she didn’t dare to make a sound.

“Eh, it seems like it isn’t opening, do you think it’s faulty?” The people out there tried opening the restroom door several times to no avail.

The two women decided among themselves. “Why don’t we ask for the restaurant’s manager, I think the door is broken.”

The clacking of the high heels left and faded away gradually.

Shen Qi finally shoved Ye Moxuan away violently, and she was left gasping for air. Her face was flushed red, and she stared at Ye Moxuan vehemently while scolding him. “Are you insane? What are we going to do if they find us here? We’d be embarrassed publicly!”

Ye Moxuan licked his red, moist lips while leering at her fair and exposed shoulders. He pressed his hand against her waist while speaking in a husky voice. “I am in the mood, Miss Second-marriage. Let’s go back to the company.”

“Wh-What are you talking about?” Shen Qi said.

She was shocked to the core by Ye Moxuan’s comment, but she acutely felt the heat radiating from Ye Moxuan as well. Shen Qi blushed deeply in that instant. *This pervert is actually aroused right here, right now.*

Previously, Shen Qi thought that Ye Moxuan was impotent, but that feeling...

Not only was Ye Moxuan not impotent, in fact, he was...

Shen Qi stared at him, blushing. “Are you insane? Let me go now. We are here to discuss the business deal!”

“Oh.” Ye Moxuan leaned forward and pressed his lips against her fair shoulder. “Are you saying that it’s allowed as long as we aren’t discussing the business deal?” he asked in a gravelly voice.

“That’s not what I meant.”

“Manager, this is the restroom I was talking about.” The two women were back again with the restaurant’s manager. The manager tried opening the restroom door several times, but to no avail.

“What could be the problem here?”

“I truly am sorry. Perhaps the lock on the other side is faulty. I will call someone to repair it right now. I would like to redirect both of you, young misses, to the restroom upstairs.”

Ye Moxuan still appeared calm as if he wasn’t worried that they might be discovered. However, Shen Qi was very anxious because Ye Moxuan could be shameless, but she didn’t want to embarrass herself. When she noticed that he was still licking and kissing her shoulder, she pushed his face away before straightening up quickly to tidy her clothes and pulling the zipper up.

Damn it, the zipper is stuck, and I can't seem to pull it up.

The more she tugged the zipper, the more panicked she became. Shen Qi blew up when she saw Ye Moxuan staring at her while being lost in his thoughts. "This is all your fault."

"What's wrong? Do you want me to help you?" Ye Moxuan's lips curled into a flirtatious smile.

Shen Qi snorted and ignored him while continuing tugging her zipper.

Ye Moxuan rolled his wheelchair forward and helped her to pull the zipper up.

In the end, she couldn't be sure if he did it on purpose because while he was pulling the zipper, there was a tearing sound, and somehow the zipper broke.
