

Nothing to Give but My Heart Chapter 253-258

Chapter 253

“Stop!” Walter stopped her, Karla Han stood still, without looking back.

Walter’s voice came from behind coldly: “Don’t let her know about this!”

Karla Han sneered in her heart. Ana Shen knew it a long time ago, but on the surface she was silent, turned her head and looked weakly at Walter, “Okay, don’t worry, I won’t tell her.”

Walter was too lazy to tell her more, staring at Phillip coldly: “Go.”

Phillip stepped forward to push Walter’s wheelchair, and when he was about to leave, Karla Han suddenly said, “Have you ever thought that paper can’t contain fire after all. If Ana knows one day, you are ready How to do?”

Having said this, Karla Han clutched her belly and bit her lip and said: “I am pregnant with your child.”

Hearing, Walter instantly narrowed his eyes dangerously: “What did you say?”

Karla Han heard her heart beating very fast. Yes, she was lying, but what Walter’s performance showed today. If the pair of ear studs were really given to Ana, then Walter was right. Ana’s mind is already very heavy, but she may not have noticed it.

She must stop, not let them be together.

Walter!

It's the man she likes Karla Han. Since she has already taken the first step, she has to take all the remaining steps, and absolutely can't let any, including Ana, take away the man she likes Karla Han. !

When Phillip heard these words, he was shocked, Karla Han was pregnant? Then... Isn't it really going to be messy?

Karla Han came over and stood still in front of Walter.

"If you don't believe me, we can go to the hospital for an examination now. Or, if you think the existence of this child is meaningless, I can also kill him immediately, and I will definitely not embarrass you and Ana."

Phillip: "Young Master Ye, this..."

Walter raised his head and glanced at her, and pursed his thin lips: "Before I check this out, you stay here."

"Go."

Phillip pushed Walter out of the villa in a complicated mood. He was thinking all the way, Karla was carrying Walter's child! The second youngest grandmother is pregnant with a stranger's child. Choose one of the two. Normal men should know how to choose?

But I don't know why, the bottom of his heart... is always biased towards Ana.

I always feel that Karla Han is not a good person, and weird.

"Young Master Ye, what do you think about this? Do you need me to send someone to check if what she said is true?"

“Check.” Walter said coldly: “Although she said the place and time are correct, everything fits too well.”

Sometimes too normal is abnormal.

“The second young lady...”

“Don’t let her know about this.”

“No, Mr. Walter, I mean, what if the results are true after the investigation? Karla Han and the second young lady are good sisters. If this matter... once exposed, the damage to the second young lady may be great.”

Of course Walter knew this too, so he wanted to hide this matter from Ana.

But what we need to do now is to find out if what Karla Han said is true.

Is it possible that she is lying?

After Ana left the milk tea shop, she walked along Xiaoshizi Road. Because it was near the school, many students came and went in groups, talking and laughing.

In a daze, she remembered the situation with Karla Han when she was in university. At that time, the two of them were the best. Because of Karla Han’s family environment, she was squeezed out by many classmates, and she was not good at socializing, so she suddenly It offends people.

Once she was beaten to death by a classmate, Ana helped her once.

After that, Karla Han appeared in front of her all the time, showing various degrees of affection, and then the two became inseparable good friends, and over time they became good sisters, often going to school together.

Later, the two had a lot of things, and when Karla Han's family suddenly appeared, she became the eldest of the Han family.

Later, the relationship between the two did not change. On the contrary, Karla Han treated her better. There were all kinds of good things that would think of her. What happened to her Karla Han would always be the first to help her.

She had never regretted that the two of them had become good sisters, but for the first time that she liked the same person, Ana felt that God really made a big joke with her.

Karla Han actually likes her husband, but they happen to be happy.

What can she say? Who can she blame?

Can she break up people's homes when they are in love with each other?

Therefore, she does not blame Karla Han.

However, she would not forgive her, and they would not be able to be sisters as before.

After all, she is not a magnanimous woman...

Thinking of this, Ana's steps suddenly stopped, looking at the man who appeared not far in front of him.

The man was wearing a white shirt, standing there slender, and the sunlight refracted and fell on him, as if a layer of warm white light had spread all over him, making him softer.

Curtis did not expect it to be her again.

She didn't expect him to appear in front of her over and over again.

Ana looked at his petting and gentle brows, tears suddenly welled up in her eyes, and she looked at Curtis with red eyes.

Curtis paused, and walked towards her after a moment.

"Things are resolved?"

His voice was soft, like an elder caring for her. At this moment, Ana Shen suddenly felt that she needed a shoulder to rely on, but... Curtis Ye is Walter's eldest brother after all.

After this idea came to mind clearly, Ana Shen pursed her lips, then turned and left.

No matter how weak, she doesn't need to lean on someone's shoulders.

Ben Lin, Walter...

She didn't deserve the love of those men at all.

One by one...

With her hand clasped, Curtis Ye stopped her from going.

"Will you only run away forever?"

Ana was taken aback, and tried to struggle with strength, but Curtis Ye pulled her into his arms.

"Look, in the past few days, has he ever come to you? If he has a little bit of your position in his heart, he won't leave you indifferent like this!"

His words pierced her heart like a needle, and Ana pushed him away hard: “It’s none of your business.”

“You said it’s nothing to do with me, and he don’t want to take care of you, but besides me, is there anyone else taking care of your life and death? Ana Shen, can you look back at me? I’m the one who always the person standing behind you is the one who gave you a heart and really likes you. You turn your liking for him to me, okay?”

Hearing, Ana Shen turned her head amusedly: “It seems that the feelings of elder brother come and go quickly. Is the feeling so easy to transfer? I said that I can transfer it? Do you think I want to like him? Yes, I would rather never marry Yejia!”

Chapter 254

This is called Curtis Ye’s meal.

“You regret it?”

Ana didn’t answer the conversation, and the movements in her hands continued to struggle, but Curtis Ye suddenly said, “Then I will take you away.”

“What did you say?”

“I will take you out of here, leave the North City, and fly far away.”

Ana: “...Curtis, are you crazy? You can say such things, I am your younger brother and sister!”

“Isn’t a real brother or sister, why bother to pretend to be in front of me? Or do you think this excuse can refuse me?” Curtis Ye clasped her wrist, pulled her wrist up, and stared at her seriously.

“Do you think I don’t know anything about you and him? He forced you to sign a contract and voluntarily leave Yejia in half a year, right?”

Hearing, Ana widened her eyes in disbelief. This incident was originally a secret belonging to her and Walter. In addition to Phillip and his aunt Song An, she also told Karla Han. Others should not Maybe you know.

How would he know?

“Is it weird why he knew about this?” Curtis’s gentle brows and eyes showed a stern look, and his voice was lowered a bit: “In fact, you can understand why I would know about your divorce is nothing more than Walter has no intention of you and is anxious to divorce you.”

“Stop talking.” Ana interrupted him. She bit her lower lip and said: “Brother, I told you a long time ago that even if Walter doesn’t like me, I won’t like you. I owe you three One hundred thousand, I will find a way to return it to you as soon as possible, please don’t tell me these strange things in the future. I will assume that today’s matter has not happened, and I will leave.”

After speaking, Ana turned and left.

I don’t know if Curtis was irritated by what she said, or if she was so anxious, he pulled her back directly, and then held her back with a big hand, leaned over and kissed her red lips.

Seeing his approaching handsome face, Ana panicked and turned away before his lips were about to touch him, so Curtis Ye’s thin lips were printed on her cheeks.

Curtis did not give up because of this. Instead, because of her escape, he wanted to subdue her. He pinched her chin with one hand, and tried to kiss her again.

Ana hid while whispering. It was on the street where people came and went, but no one came forward.

After all, the two had just stood there talking for a long time, and Curtis Ye was tall and handsome. No matter how they looked at him, they were all talents. No one would believe that he would kiss a woman forcibly.

“Curtis Ye!”

When the corner of her lips was kissed by Curtis Ye, Ana Shen was so angry that she raised her hand and slapped Curtis Ye on the face.

Snapped...

She almost slapped her slap with all her strength, and vented all the shame and anger of being kissed by the street on this slap. Curtis Ye was also in pain, and her face was slapped to the side.

Soon, a five-finger print appeared on his handsome face.

“Hit me?” A drop of blood spilled from the corner of Curtis’s lips. He looked at Ana Shen and his eyes were full of injuries. After a while, he laughed bitterly, “I really hate you, right?”

Seeing that the corner of his mouth was bleeding, Ana Shen couldn’t bear it. She opened her lips and finally put her hand back.

“I didn’t mean it, you were too much!”

“Excessive?” Curtis laughed out: “I treat you sincerely, but you abandon me like a shoe, and what about Walter? He treats you like that, but you still treat him sincerely, Ana, you say are you stupid?”

“No matter how stupid I am, it has nothing to do with you!” Ana Shen shook off her hand: “I will be very rude to you if you do this in the future.”

After speaking, she ran away with high heels, leaving Curtis Ye standing alone looking at her back.

His eyes kept watching her until she disappeared on the corner of the street. After standing for some time, there was a little girl standing beside him, looking at her timidly: “Are you okay?”

Then she handed him a tissue and stared at the corner of his mouth: “The corner of your mouth is still bleeding.”

Curtis Ye paused, instead of picking up the little girl’s tissue, he stretched out his fingers and wiped the corners of his lips. After a while, he licked his lips and it was salty.

The bitterness in his eyes became stronger again, but he didn’t expect her to look weak, but the action was quite heavy.

“Here, this gentleman... give you tissues!” The girl once again mustered up the courage to pass the tissues to him.

Curtis usually looks at Wenrunryu, but the actual heart is cold. He glanced at the girl with obvious alienation in his eyes, “Thank you, and no need.”

The girl blushed immediately, and the situation of rejection made her feel embarrassed. She grabbed the tissue in her hand and stammered: “Yes, I’m sorry, I’m just worried about you. Since you don’t use it, then I will leave. Up.”

Curtis ignored her, just glanced at her faintly, then retracted his gaze, and then followed the direction where Ana had left.

That girl didn't know whether she could return to Yejia smoothly. After all, she was in a very wrong state today, so she still had to follow up and see.

The girl didn't even turn her head back when she saw him, her eyes flushed: "You, are you going to find her?"

Curtis frowned and stopped, "What else do you have?"

"No, I just want to remind you... She doesn't seem to like you, you... If you still go to her, you might be hated by her."

Hearing, Curtis's unhappiness in his eyes became more obvious. After a while, he sneered: "Little girl, this is my business. What does it have to do with you?"

The female voice didn't dare to speak anymore, and now... She gave Curtis Ye a stare, then turned and ran away.

Curtis left with indifferent eyes.

Ana didn't return to Ye's house, because she didn't want to see Curtis Ye for now.

So she went back to her family's house, planning to see how the house was recently.

Who knows that after going back, mother Shen immediately rushed up and hugged her as soon as she saw her: "Ana, you are finally back, mother is still going to find you."

Ana frowned and said, "Mom, what's wrong?"

Mother Shen hugged her arm and cried: "It's all my fault, it's all my fault!"

Ana had no choice but to look at Father Shen on the side, and Father Shen angrily said: “She did a good job herself!”

After speaking, she waved her hand and entered the room. Ana Shen was stunned. The atmosphere at home was terrible. Mother Shen held her and kept crying. She didn’t know what happened.

“What’s the matter?”

“Ana, it’s all bad for mom... Mom thinks that her family’s economy is not good, so she wants to partner with someone to do a small business, but who knows... the other party actually took all the money and ran away.”

Ana was shocked: “Run? How much did you lose?”

Mother Shen whimpered and said: “All the money in the family is gone, and the money I used to borrow money is gone...”

Ana’s expression changed and she ordered herself to calm down.

“Did you call the police?”

Chapter 255

Speaking of calling the police, Mother Shen’s expression immediately became very weird and she dared not answer her words.

Ana could only take out his mobile phone: “I will call the police now.”

“Don’t call the police!” Mother Shen grabbed her hand, her eyes fluttered and said: “Ana, it’s useless to call the police on this matter, the other party may have left!”

“If you leave, you can call the police and let the police handle the matter. If you ran away with a huge amount of money that would be a fraud.” Ana still wanted to make a call. Mother Shen was so scared that she quickly grabbed her mobile phone.

“Don’t call the police!”

At this time, Father Shen finally couldn’t listen anymore, and he opened the door directly and walked out and shouted: “Ana, don’t listen to your mother’s nonsense, the money is simply she used to gamble!”

“Don’t tell me!” Shen’s mother was so angry that she wanted to go over his mouth, and Father Shen opened his up: “What’s wrong with me to tell the truth? You still think Ana is not miserable enough? How did you get the previous 300,000 yuan? Now that you lose it all, do you still want to ask her for money? You might as well kill her!”

Ana: “...”

She stared at the scene before her in astonishment.

Unexpectedly, just a few years later, the situation in this family has become so bad. She numbly walked in front of Shen’s mother, her voice dull: “Mom, when did you become addicted to gambling?”

Mother Shen lowered her eyes and did not dare to speak.

“Just recently, I felt that you married Yejia, you started to swell when you were rich, and you went out to brag with people every day, and then we were all kinds of fools.”

Ana: “...So, the last time you went to ask me to borrow money, it was actually because you lost all your money? That’s why you went to me and took 300,000 yuan?”

Mother Shen didn't speak, she looked very guilty.

Ana suddenly felt a bit funny, "Then my mother took the 300,000 yuan and did not fill the family's shortfall, or did she use it to continue gambling?"

"Ana, mom is sorry for you, but this time you must save mom, or else... Mom will be over in this life."

Ana closed her eyes tiredly, "I originally thought I could get a little sense of belonging when I went home, but I didn't expect...you only brought me endless exhaustion. Do you know my mother? That 300,000, I will have to take my time. To make money back."

"What else?" Mother Shen widened her eyes in disbelief, and grabbed her arm: "You are the young lady of Yejia, you are the tall young lady, why do you need to pay back? Ana, mom knows it is wrong, you save how's mom doing this time?"

Ana Shen was almost unsteady when she was shaken. She stood there completely lifeless, as if she would fall down in the next second.

She closed her eyes in despair: "Mom, do you think...I am rich? Or do you think I am not excluded from Yejia at all. I have been married to Yejia for so many months, have you asked? Pass me... even if it's just one sentence, how am I doing?"

Mother Shen froze in place, staring at her blankly.

After a while, she seemed to go crazy and grabbed her arm and said, "What do you mean by this? You mean you don't want to help me, right? Do you want to watch your mother die? You are an unfilial daughter, I raised you for so many years to raise you such a white-eyed wolf, right?"

Having said that, Mother Shen raised her hand and hit her directly, hitting her brutally.

Ana stood there, biting her lower lip tightly: "Even if you beat me to death, I won't be able to pay for it!"

Father Shen also came to persuade: "What are you doing to beat her? Isn't it enough that you took away 300,000 yuan from her? Ana married a disabled person. Who knows what status is in Yejia? Don't embarrass her. Now, Ana, you should go back first. Your mother and I will figure out a solution for this matter."

"No! Can't go back! Who gave the money after you left?" Mother Shen was like crazy, because once she thought that she could not lose money and might be caught and cut off her hands and feet, she was scared and kept holding Shen tightly. Ana's arm grabbed her white arm with blood.

The injuries on Ana's body were not completely healed. At this moment, the old injuries were not healed, and new injuries were added.

She lowered her head and stared blankly at the intricate old wounds under her new wound, and couldn't help laughing afterwards.

She was hurt like this, no one cared about her when she returned to her mother's house, and she hurt her.

Sometimes she wondered, is she the real daughter of the Shen family, and why Shen's mother's attitude toward her is so different from that of Erika Shen!

"Ana, you go!"

In the end, Father Shen couldn't stand it anymore, and quickly stepped forward to stop Mother Shen, and then signaled Ana to leave quickly.

At this time, Shen's father's action was undoubtedly a charcoal in the blood for Ana. Ana gave Shen's father a grateful look, then nodded and left Shen's house.

Walking down the street, Ana suddenly felt that she really had nowhere to go.

Suddenly the phone rang, and Ana ignored it, but the phone rang endlessly.

Finally, seeing that the phone was ringing constantly, Ana Shen had to pick it up.

"Hey?"

Her voice was feeble.

"Ana!" It was Jessica's voice, her tone sounded particularly energetic, and she was very energetic: "Where are you now? Why didn't you come to the company today? Are you still on vacation?"

Hearing Jessica's voice, Ana paused, then said a moment later: "Well, it's still a vacation today."

"Wow, I also took a vacation today, and I didn't wake up until I slept! Can I go see you? Let's go out for a stroll today!"

Ana glanced across the street, then blinked: "No more, right?"

How can she be in the mood to go shopping in her current state?

"Hurry up and tell me where you are. I will look for you and send me the location. I said if I want it!" Jessica ordered her directly and domineeringly. Ana Shen had no choice but to follow her and send her the location. Then she

found a place to clean the wound on her arm, and waited for Jessica to come and look for her after she was dealt with.

When Jessica found her, she saw a new wound on her arm, and her face suddenly became ugly.

“What happened? How could you get hurt like this? Did you meet those old women again? They hurt you?”

She asked several questions in a row, and smiled at Ana Shen, “No, I accidentally scratched it.”

“Let’s lie to you.” Jessica glared at her, then dragged her into the car: “Go to my house and take care of it.”

“You...”

“Tell you, it was the vice president who called me and said that you were in a bad condition today and asked me to come and find you.”

Night Vice President...

Curtis Ye?

Ana’s eyes changed a bit, but she didn’t expect him to...

“What’s the matter with this man? Does he want to treat you well, won’t he come by himself? It’s so strange that you let me accompany you, and the key is that you are his younger brother and sister, Ana, and I I have to tell you something! Although the night vice president is handsome and gentle, I feel that his character is not good. His behavior is a cornerstone and immoral!”

Chapter 256

Ana: "...you may be thinking too much."

"Where do I think more? Do you dare to say that what I said is wrong, although he is very good to you, but you are a married woman after all, and the male and female juniors are as disgusting?"

Hearing this, Ana couldn't help taking a look at Jessica, who stared at her unconvincedly: "What? Do you think I was wrong?"

Ana smiled slightly and shook her head: "No, I think your three views are right, just like I thought."

Suddenly, she thought of another thing, and then she asked: "Then what if... this couple has no feelings at all? And the man and the woman are in love, and they are in love with each other. Do you think the woman should be perfect?"

"Wow, why do you want to be perfect? Even if you are already married, do you still engage in true love invincible? Why not do it before marriage? After marriage, true love invincible is very disgusting. Even if you have no feelings, then you can't be so reasonable."

Jessica said solemnly, she seemed to have noticed something after a while, turned her head to stare at Ana, her eyes looked terrifying, "What are you doing?"

She grabbed Ana by the shoulder: "What do you mean by what you just said? What does it mean to be perfect? What does it mean to have a happy relationship? Did you mean Mr. Walter Karla Han?"

The matter has already happened, and Ana doesn't need to deny it anymore. She smiled faintly, then nodded: "You are really smart, Jessica."

“Damn!” Jessica was suddenly furious and cursed directly: “Karla Han, that little bitch, I told you that her face is not a good. You didn’t believe me at the time and I was angry with you. Now you know. Right?”

Ana: “...There is no unilateral right or wrong in this kind of thing, but if one party refuses, the two will not be together.”

Jessica: “So you are confirming that they are together?”

Ana paused, “I think so.”

“What do you mean?” Jessica looked like she hated iron and steel. “Did you ask Walter personally? He told you he doesn’t love you and Karla Han?”

“...of course not!”

“That woolen thread, do you have a problem with your head? You figured it out on your own?”

“But...” Ana looked at Jessica and told her about the pair of earrings.

With regard to the pair of pink earrings, Jessica is the one who knows the most about it. After listening to her explanation, she was really angry, but she calmed down quickly, and then analyzed it to Ana.

“You said that the pink earrings were worn by Karla Han? And the ones from Mr. Walter just disappeared?”

Ana nodded.

“So you think that pair of pink earrings was given to her by Mr. Walter?”

“Is not it?”

“Love makes people blind, maybe Karla Han stole it?”

Jessica awakened the dreamer with a word.

“Why, why?” Ana couldn’t believe it.

“Don’t believe me, it’s not that I haven’t dealt with her before, besides, the eyes that Mr. Walter looks at you like are exactly the same as my dad’s eyes at my mom! Ana, unless Mr. Walter is a scumbag and wants to hug the right. Hug, or else... he wouldn’t do this kind of thing. Besides, I don’t think you really should trust Karla Han anymore. Whether she stole the ear studs or Mr. Walter gave her, she would not be eligible anymore to become a good sister with you, if she really treats you as a good sister, then she won’t accept this pair of earrings, do you understand?”

Some words are like thunder.

Ana was completely stunned, as if being poured with cold water from head to toe, her heart was so cold that she wanted to tremble.

Pink and white lips trembled, but after all, she didn’t say a word.

Ana lowered her head, her long eyelashes covered her eyes.

She... how could she not understand?

It was because she understood that she would not forgive Karla Han.

It’s just a sister for many years, she is still making excuses for her, hoping to alleviate the mistakes she made.

“I said I was thinking about you, right?” Jessica observed her eyelashes, and her voice suddenly became lighter: “Actually, you are very empathetic and

righteous. I could see it when you spoke for her before. She has nothing to say to you, but her kindness to you is purposeful, so this kind of goodness is not good.”

“I met Karla very early, before I married Walter.” Ana Shen’s voice was soft, and she looked at her fingertips, recalling the time when the two were in college, “I didn’t expect ...”

“It’s already happened, what are you going to do now? If you also like Mr. Walter, you have to investigate this matter, whether the pair of ear studs was stolen by Karla Han, or if it was really delivered by Mr. Walter. .”

This one...

Ana Shen suddenly raised her lips and smiled faintly: “It doesn’t seem to be that important.”

What’s the difference between the one he sent by himself and the one that Karla Han stole?

Only when she was given a chance, could Karla have a chance to steal. Under what circumstances can you get a chance? Did not go home for two days and nights...Who knows what he is doing?

“What, I really don’t understand what you are thinking!” Jessica turned to the window angrily, and suddenly said angrily: “If I were you, I might have rushed to Karla Han to question now, no, I should go Question Walter! Ask him what the hell is going on! They are already married, and I will definitely not let them get what they want if they dare to cheat.”

Compared with Jessica’s angry mood, Ana appeared calm.

Jessica was tired after scolding for a long time. Seeing that she collapsed in the car with a tired look, she had to stop her mouth quickly. After that, Jessica

took Ana back to her home and placed her in her own home, and then disinfected her wounds. , And let her rest at home after it's done.

“Noon is almost here, you can stay at my house for dinner today.”

Hearing, Ana raised head and looked at her gratefully: “Jessica, thank you.”

Her eyes were so serious that Jessica was embarrassed when she stared at her. She curled her lips and said, “Even if you thank me so much, I won't be touched. Stay here.”

Then Jessica sent a message to Curtis after she came out, telling that everything was fine.

After sending it out, she thought of something and sighed.

The relationship between Ana Shen and the two brothers of this night family is really too complicated. When Curtis saw her discerning people, he could tell that it was unrequited love. Ana Shen had no feelings for him at all, but Curtis was immortal.

Karla Han and Walter...

Thinking of this, Jessica looked back at her room and sighed heavily.

Ana Shen had been staying at Jessica's house, and she was planning to live in her house, but who knew that Walter's phone number would actually come by at night.

When she saw his name displayed on the screen, Ana Shen didn't want to pick it up at all, so she put the phone aside.

Jessica rushed over and picked up the phone and took a look: “Mr. Walter’s call, don’t you listen?”

Chapter 257

“I don’t want to pick it up.”

She felt that in her current state, she had nothing to say to Walter.

The phone rang for a while and stopped, then rang again.

Jessica blinked and made a decision for her: “Anyway, he came to you to tell you something, should you give him a chance? Otherwise, you will misunderstand others. But even if they ignore it, don’t others even have the opportunity to explain?”

Thinking of this, Jessica answered the phone directly and got up with the phone under Ana’s stunned eyes.

“Hello, Young Master, I am Jessica.”

Ana Shen stared at her with wide eyes, and it took a while to react, and got up to get the phone back.

However, Jessica ran out of the room in a hurry. Ana couldn’t hear what she said to Walter. He could only hear some bits and pieces. When she came back, Jessica returned the phone to her.

“Wait for a while, I will come to pick you up later.”

“Did you let him over?” Ana frowned, and suddenly thought of something, turned around and went back to get her bag, then grabbed the door.

“Hey, what are you doing? It was Mr. Walter who said he would come to pick you up, so what happened to him asking me the address?”

“I don’t want to meet him.”

“I told him you were injured, and he was very nervous when he heard it, Ana, maybe you should give him a chance to explain!” Jessica pressed her shoulder and stared at her seriously.

Ana stared at her blankly, unable to say a word after a while.

Finally, she waited at Jessica’s house for more than ten minutes, and someone rang the doorbell. When Jessica went to open the door, Ana Shen, who was sitting in the living room, heard Phillip’s voice: “Sorry, excuse me.”

Then there was the sound of wheels rolling, and Ana could feel Walter come in without raising his head.

She didn’t want to see Walter at a glance, sitting there with her eyes down.

Probably because she had cried and her eyes were red, so she dared not see him.

“Where is it hurt?” Walter saw her sitting there after coming in. He didn’t even raise his head. He wrung his brows all at once, and asked without restraining himself.

Ana Shen didn’t speak, nor looked up at him.

Jessica and Phillip stood at the hallway, leaving all the space for them, and then she looked at Phillip and shrugged her shoulders.

Phillip admires Jessica more and more, this girl is so knowledgeable that she is very suitable to be Ana Shen's good sister!

"I'm asking you something."

When Shen Leng's male voice carried anger from above her head, Ana realized that Walter had already reached her side.

In a moment of astonishment, Ana just hit her deep eyes when he raised his head.

It was also at this time that Ana Shen discovered that even though Walter's legs were no longer in a wheelchair, he was a man after all, and he was still a man with a height. At this moment, he was still looking down at her. The black eyes are as deep as night.

However, when he touched her red eyes, Walter's eyes instantly changed, and he raised his hand to grab her chin: "Have you ever cried?"

The movements of his big man's hands were not light or heavy, and Ana Shen was so painful that his hands were pinched, and he let out a cry unconsciously. Walter frowned, and immediately let go of the movement of his hand, and then changed to hoop her waist and hugged her into his arms.

"Ah, what are you going to do?" Ana exclaimed, when she realized that she was already in Walter's arms.

When she thought that Jessica was still watching, she shyly and angrily pushed him away to get up, but Walter held her tightly and pushed the wheel with one hand, "Follow me home."

Upon seeing this, Jessica and Phillip, who were standing at the door, hurried to the side to make way for the two.

Ana has been struggling, but the strength is ultimately beyond Walter, so she can only be forcibly taken out by him. Although he is sitting in a wheelchair, he doesn't seem to realize this at all, and says to hug her. Just hug her.

Jessica urged Phillip: "You hurry up and follow."

"Thanks." Phillip thanked her and followed them quickly.

After returning to Ye's house, Ana jumped out of Walter's arms as soon as he got off the car, said that he could walk, and quickly walked upstairs and went back to the room. Walter felt that her mood today was very strange, and her eyes were red just now. The red look really touched his heart.

Thinking of the pair of earrings specially selected today, Walter stretched out his hand to take out the small box in his pocket and opened the earrings shining brightly inside.

Phillip thought for a while, and finally stepped forward boldly: "Mr. Walter, the second young lady looks in a bad mood, it's not as good as Mr. Walter..."

"Shut up." Walter scolded, and said coldly: "I know what I should do."

"But Mr. Walter...If I don't act anymore, I'm afraid the second youngest grandma will run away. You will regret it."

Walter: "..."

"Paper can't contain the fire. Sooner or later, the second young lady will know that. Karla Han is her good sister. Although the second young lady looks quietly at ordinary times, her character Mr. Walter should know better than I do. , I guess she will not tolerate all of this."

As soon as he finished speaking, Walter's knife-like gaze swept towards him, and Phillip was so frightened that he shut up for a while, and quickly turned his head to look away, as if he hadn't said anything just now.

Walter caught up and followed Ana to the room.

Once they entered the room, the two of them were in the same space, and the room seemed to have become smaller because of Walter's intrusion. His breath was everywhere, and Ana Shen turned her back to him, trying to ignore him. , But Walter just didn't plan to let her go, his voice rang behind her.

"Where are you hurt? Let me see?"

His tone sounded exceptionally gentle, as if he was cautiously coaxing her when he had done something wrong.

Thinking of the matter between him and Karla Han, Ana Shen couldn't help feeling sad, and bit her lower lip tightly without answering his words.

Walter went to get the ointment, and then brought a nightdress for her: "First take off the clothes, I will give you the medicine, and then you will put on this one."

He handed her the clothes. Ana still sat silently, and did not reach out to pick it up. He still sat there silently.

If it was on weekdays, Walter would have become angry if he was ignored in this way, but Ana has been very wrong in recent days, especially when she is sitting there with red eyes, like a bullied little daughter-in-law. It hurts inexplicably.

So Walter put the pajamas next to her, and whispered softly: "First rub the medicine, eh?"

She still ignored him.

Walter remembered Phillip's words, and was silent for a moment, stretched out a small box from his pocket and handed it to her.

"Give it to you, don't be capricious, eh?"

Ana Shen kept her head down, and suddenly a delicate little box appeared in front of her eyes. The shape of the little box was very familiar, very similar to what she had seen before, but it was definitely not the same.

Ana Shen finally moved, and slowly reached out to take the box.

Chapter 258

"Open it and take a look." Seeing that she finally had a reaction, Walter couldn't help but evoke a nice arc, and even her voice became sexy and charming. Perhaps Phillip was right and gave her a gift earlier. Can make her happy.

Sure enough, girls just like these things.

If he knew she was so coaxing, he should buy more of these for her.

Give Phillip a bonus tomorrow, Walter thought.

Ana slowly opened the box under her gaze, but the expression and movements on her face were not quite right, as if mechanically, she slowly opened the small box.

A pair of pink ear diamonds suddenly appeared before her eyes.

When he saw the pink ear diamonds, Ana thought for a moment that she had made a mistake, but after a closer look, she found that this was not the previous pair.

The previous model was sleek and compact, but this pair is significantly more refined and has a chic design.

I can see that it was selected carefully, but... she now looked at the pair of ear diamonds and thought of Karla Han's shy and timid look when she wore the pair of ear diamonds.

In her heart, the sea of fire was tumbling.

Seeing her staring at the pair of earrings, Walter even had a smile in his eyes. He leaned a little closer, and a deep voice sounded over her head: "Do you like it?"

When the words fell, he couldn't help raising his hand to point to the blue silk on her forehead: "Is it time to rub the medicine?"

Boom!

Ana, who had been sitting quietly, didn't know where the anger and courage came from, and suddenly threw the ear drill in her hand with the box forcefully!

This action came so suddenly that Walter was at a loss.

All she knew was that she suddenly got up and smashed something out, and then the box banged against the wall, and then fell, the ear drill inside also rolled out, making a clear sound on the ground.

The smile on Walter's lips froze, and the smile under his eyes also condensed. After a while, he was full of hostility, staring at Ana Shen firmly.

“Do you know what you are doing?”

Ana’s emotions were already out of control. After she threw half of her things out, the fire in her heart did not vent her anger, but burned even more. She sneered at Walter.

“Walter, do you think I will be rare about these things you gave?”

Walter frowned, looking at her gloomily.

“Do not care?”

Ana sneered: “Yes, I am not uncommon, you can give it to another woman, I don’t want it!”

The pair of ear drills really stimulated her last string to collapse. What did he mean? He gave the pair that she had fancy to someone else, but now he finds a pair that is almost a gift to her?

What a! Ridiculous!

Ana taunted herself eight hundred times in her heart, but she still found it extremely ridiculous!

She couldn’t help it if she had been in her heart for a long time, and said directly: “Walter, let’s divorce early.”

At that moment, Walter’s pupils shrank and then enlarged.

He clasped Ana’s wrist and increased his strength: “You say it again?”

Ana was in pain and wanted to take her hand back, “Divorce, I want to divorce you early! Let go of me, Walter, we don’t have to come according to the

contract, anyway, you also hate me, then I will do what you want It disappears completely before your eyes.”

Her words caused Walter to twist his eyebrows displeasably, what is this woman doing? Don't be awkward like this.

“Who told you these self-righteous thoughts? What are you thinking in the woman's head?”

“Let go of me!” Ana shook her hand vigorously, but Walter had been holding it tightly. Ana was anxious, and simply lowered her head and bit her hand. Walter was in pain, subconsciously. He want to release her.

But thinking that she just said about the divorce, she had no choice but to hold back the pain, and she refused to let go.

The smell of blood filled her mouth. Ana Shen really used her strength. She could feel the pain for the other party herself. She didn't expect that Walter would not let her go. The blood flowed down the corner of her mouth, and Ana Shen was shocked. What do you think you have done?

She withdrew her lips and saw that Walter's hand had a deep mark bitten by her, and the bones were almost visible, and the blood was constantly pouring out.

Looking at the bright red blood, Ana Shen's body trembled.

“Why don't you continue to bite?” Walter's hoarse voice came, and he had been holding back the pain. At this moment, his forehead was already in cold sweat, “Afraid? Or is it distressed?”

Hearing, Ana Shen recovered and shook her hand vigorously.

“Walter, you didn't take a back by yourself!”

“Yes, I’m willing to do it myself.” Walter looked at her with low eyes, suddenly grabbed her with that injured hand, and pulled her to his arms, naturally rubbing the blood on her hand against her clothes. .

“I deserve it, is it all right?” Walter narrowed his eyes and stared at her dangerously, but his tone was full of helplessness: “Now you can tell me why my temperament changed suddenly?”

Obviously she had thrown away the things she gave out, but he couldn’t get angry at her at this moment, only to realize that this woman started a fire and he really couldn’t do anything about her. She couldn’t be scolded, and she must be beaten again. It’s impossible, I can only coax it.

“You should give him a chance to explain, maybe you misunderstood him.”

The words Jessica said to her before were still in her ears, and Ana looked at Walter, who was bitten by him and bleeding but had not angered her, suddenly wondering...whether she should give him a chance to explain.

Thinking of this, Ana Shen bit her lower lip and stared at him scorchingly.

“Why my temperament changed so much, do you care?”

Walter’s eyes narrowed, and his thin lips were pursed: “What do you mean?”

He didn’t answer her question again this time, but instead asked her back, Ana Shen was taken aback and didn’t expect it.

After a while, she sneered, “You only know that my temperament has changed a lot, why don’t you see what you did?”

Walter thought for a while, then his face changed slightly, “What do you mean by this?”

“Why don’t you ask yourself? Walter, my divorce from you is to fulfill you.”

Walter’s brows frowned more and more tightly. How could she hear her voice as if she knew about it? But... how did she know?

“Although I, Ana Shen, married into Yejia on behalf of my sister, I also have dignity. If you are in love with other women, you only need to tell me and I will leave on my own, lest the trouble will end. Everyone is ugly.”

Speaking of this, Ana smiled self-deprecatingly: “I have already experienced a failed marriage and don’t want to experience it again, so... let me do it this time.”

“I don’t want to live the days of being abandoned, and I don’t want to suffer from cold eyes anymore, including your hatred of your poisonous tongue. I don’t want to bear it anymore. The contract is terminated early. I am willing to leave Yejia by myself. I will have nothing to do with you in the future. .”

Having said this, Walter interrupted her with some rapid breathing, “Who allowed you to make your own claim?”
