

Nothing to Give but My Heart Chapter 271-276

Chapter 271

Watching Walter's figure farther and farther away from him, he disappeared when he turned the corner.

Only when Ana retracted her gaze, she glanced down at the clothes she was wearing, and then at the calm sea.

Is all this true?

How does she feel so unreal?

Twenty minutes later, a servant brought breakfast.

The breakfast was very rich, with bread toast sandwiches and fruit for her to choose from.

The servant was very polite and respectful to her, but she was also very curious and kept looking at her during the delivery.

The two discussed quietly when they were far away.

"Who do you think this woman is from Mr. Walter? I have never seen Mr. Walter bring a woman back here for so many years."

"The first woman who was brought back to Haijiang Villa by Mr. Walter is definitely not an ordinary person. We must take care of her and don't offend her."

“That’s not true? She looks so good, she should not be the kind of person who will embarrass us.”

“It seems to be the case, but who knows what the truth is like? In short, next time we go in the past, don’t look at it, don’t ask more about what shouldn’t be.”

One of them made a point. After all, she felt that Ana was also looking at them with doubts just now, and it was most likely that she was dissatisfied with their gaze.

“I know, let’s go quickly, and be careful for lunch.”

Ana had no appetite, so she only picked a few pieces of fruit to eat.

After eating, she lay down in the chair for a while, but after a while she got bored again, so she got up and planned to look around.

As soon as she got up, a servant hurried forward and asked: “Do you have any orders?”

Ana was taken aback, she didn’t even know when there was someone here...

She was stunned for a long time before shook her head: “I have nothing to say, I just want to walk around.”

“Then I will lead you the way? I am familiar with this place, and I can also introduce it to you.” The servant looked at her with a smile, his eyes turned into crescent shapes.

Ana originally wanted to refuse, because she was not in a very good mood, and her eyebrows were a little bit painful because of the hangover, but seeing the other person’s so warm and pleasant appearance, she could not give birth to the thought of rejection. , Can only nodded: “Okay, then I will trouble you.”

“No trouble, no trouble.” The servant waved his hand quickly, and then stepped forward: “You follow me.”

Ana followed her steps.

Crossing the corridor, you can see a huge yard. The yard is full of various flowers and plants, and the fragrance is fragrant. Ana can't help but take another look.

The servant introduced to her as he walked. Ana Shen followed for a long time, her head was dizzy, because the place was too big. It would cost a lot of money to build such a scenic area, right?

Ana looked at a building in a daze.

“What happened?”

Ana came back to her senses and smiled: “I'm thinking...how much will it cost to live here a day.”

Hearing, the servant was stunned at first, but couldn't help pursing his lips and chuckling after a while.

“What are you laughing at?” Ana asked in confusion.

The servant then explained: “Don't you know? This is Mr. Walter's private villa scenic area, and you don't need to pay to live in it.”

As soon as the voice fell, Ana's face paled, her lips opened slightly, but she couldn't say a word for a long time.

Turns out... Such a big place is actually Walter's private villa area?

And she was still thinking about how much it would cost to live here for a day.

Did not expect...

Sure enough... Is this the difference between her and him? He was so rich that she could not imagine. She worries about her livelihood every day. When the company was deducted from her salary, he had so much.

How could she get into Walter's eyes?

But Karla Han was different.

She has a very good family background. Although the Han family is no better than the Ye family, Karla Han's identity contrasts very well with Walter.

Thinking of this, Ana's face became harder to look.

"What's the matter with you?" Seeing her face suddenly turned pale, the servant asked nervously, "Is it uncomfortable somewhere? Why should I ask Mr. Walter to come over?"

Ana wasn't in the mood to answer her words, she just shook her head, but the servant turned around and ran fast, and went straight to Walter.

Ana looked at her back, smiled helplessly, and finally turned and walked aimlessly.

Such a big industry is the private place of Walter.

Villa by the sea.

I didn't expect that a generational marriage would marry her to such a powerful man.

It is a pity that no matter how prosperous the scene is, it is just a dream.

Walter heard the servant come to report that Ana's face was bad, like when she was sick, he immediately followed her nervously to the place, but when she followed the servant to the place, he did not see Ana's person.

"Oh, why did the one who was here just now disappear suddenly?"

Walter frowned: "What happened?"

The servant shook his head: "Young Master Ye, nothing happened. I just took her around in the villa. Suddenly, her complexion became ugly. I don't know if it's uncomfortable? I saw her... she ate breakfast. A few pieces of fruit."

Hearing, Walter's brow furrowed deeper, "Send a few people to look for it nearby. If you find it, notify me immediately."

"Okay! I'll go right away."

After she left, Walter also pushed the wheelchair to find nearby.

Ana didn't actually go far, but just sat on a nearby board, then put her legs in the water and swayed gently, holding her hands behind herself, not knowing what she was thinking.

This was what Walter saw when he found her.

The hanging heart finally loosened, and Walter rolled the wheel and walked towards her.

"I heard from the servant that you have a bad complexion, did you drink too much alcohol last night, should you see a doctor for you?"

Ana did not speak, but paused for a while, then she smiled at the calm sea:
“Walter, why did you bring me here?”

Why did you bring her here?

Walter hadn't thought about this question, but he wanted to bring her over at the time, so he followed his heart, and didn't think much about other things.

“How?”

“This place is beautiful, I like it very much.” Ana said sincerely.

“Like it?” Walter raised his eyebrows. He did so many words yesterday that he couldn't get her to like. Now that she says that she likes this place, Walter's mood suddenly changed, and his thin lips just arched. .

As a result, his smile lasted for less than two seconds, and he heard Ana say:
“Yeah, I like it very much. It also allows me to see the distance between me and you.”

Having said that, Ana stood up, turned her head and met Walter's eyes, her voice was as soft as the wind.

“Walter, I only discovered today clearly that we have never been from the same world.”

“What do you want to say?”

Chapter 272

In fact, what she wanted to say, he already knew very well.

However, he always disagrees.

Ana stared at him with determination, her eyes full of determination.

“I want to leave here and divorce you.”

“...”

Walter’s pupils shrank slightly. After a while, he lifted his lips and smiled wickedly: “I knew you as a woman had this kind of thought, then I will tell you directly now, it is absolutely impossible.”

“Even if you die, you are also from Walter.”

“You will live here in the future and you are not allowed to go anywhere.”

Hearing, Ana couldn’t help biting her lower lip: “Walter, why are you making such a decision? I don’t want to live here!”

After that, Ana took a step forward and walked outside. He didn’t let her leave, so she could leave by herself.

“Then it depends on whether you can get out of here.” Walter’s icy voice came from a distance behind him, and Ana ignored him. Does she think she will get lost in this huge villa scenic area? She won’t, she can go out by herself.

At the end, Ana realized that this scenic spot was bigger than she had imagined. Because there were many buildings, Ana found this exit and another exit appeared.

In the end, she was tired from walking, and stopped to sit on the stone to take a breath.

Although it was autumn, she had been walking like this for a long time, and she was sweating too much. Ana Shen could only slap her neck with her

hand. She suddenly remembered something and reached out to touch her neck.

It hurts a bit, and it's numb, what's wrong with the neck?

Unfortunately, she couldn't see it herself, so she could only put her hand back.

After resting for a while, Ana looked for an exit again.

At last she ran into the former servant when she turned the corner.

"It's you."

The servant was also very happy to see her, and walked up with joy: "Miss, are you all right?"

Ana shook her head: "I'm fine, what's the matter?"

"Your face was not good just now, I thought you were unwell, are you okay now? Would you like to find a doctor to see for you?" She said earnestly, concerned about Ana's appearance, Ana felt slightly in her heart. Nuan, then shook her head: "It's not necessary to find a doctor, but...I have another thing I want to ask you for help."

"You say! What can I do for help! I will definitely help!" The servant finished speaking, staring at her neck for another look, and then smiling again.

Really enthusiastic...

Ana thought, this is probably because of Walter's face.

But now is not the time to pursue this, Ana pursed her lips and then said: "Where is the exit here? Can you take me to see?"

The servant didn't think so much, she thought that since Walter brought Ana here, the two must be a pair. After all, Ana was the first woman Walter brought back for so many years. The servants in the villa are now discussing in private that Ana is the future hostess, so everyone is thinking how to please her.

So now Ana took the initiative to make a request to her, and the servant was eager to behave, and immediately nodded: "I will take you there now."

"Thank you." Ana smiled at her, thinking in her heart that Walter would not let her go, thinking she could not go out by herself, but didn't know that the servants she was looking for would have a chance to take her out.

Ana followed the servant and walked outside. The servant was very familiar with the terrain. It seemed that he should be an old man who had worked here for a long time. She was quickly brought to the gate when she was familiar with the road.

After really stepping out, Ana felt that the whole person was a lot easier.

Looking at the door close at hand, she thought...as long as she walked out of this door, she could completely leave Walter's world.

So Ana took a deep breath, looked back inside, and then walked towards the gate.

Who knew she was stopped by someone as soon as she walked to the door.

"What are you going to do?" The servant said with a puzzled look: "We are going out."

One of them glanced at the servant and spoke blankly: "Mr. Walter has ordered, no one can leave."

The servant's eyes widened: "What? When was this order? Isn't it all right in the morning? Why suddenly..."

"This is the order that was just delivered, Zhu Yun, take the young lady back."

Zhu Yun was the maid who followed Ana Shen. She was a little surprised when she heard the name of the young lady: "Young, young lady? Did you mean..."

After speaking, she gave Ana a horrified look, her mouth opened, and she couldn't say a word for a long time.

Ana crossed the other side while they were talking and wanted to go out. Who knew that two people came out again and blocked her way?

"Young lady, Mr. Walter said, you can't get out of this door."

Ana Shen froze in place, staring at each other blankly.

She suddenly remembered the words Walter said to her before she left.

"Then it depends on whether you can get out of here."

Ana's face turned pale, and she took a big step back uncontrollably and almost fell.

Fortunately, Zhu Yun hurriedly stepped forward to support her, "Is grandma all right?"

It turned out... that she couldn't get out here didn't mean that she would get lost, but... He had already given the gatekeeper an order when she was about to leave, and would not let her go out anyway.

Heh... Fortunately, she is happy to think that she can leave here if she finds someone to lead the way.

But she didn't expect that he had calculated it long ago, and only waited for her to cast a snare foolishly, and then be caught back.

Thinking of this, Ana couldn't say a word, eyes closed, body trembling,

"Why? This is imprisonment!" Finally, she resisted the trembling of her body and burst out.

The gatekeepers saw her face pale and trembling with anger and dared not say anything, they could only step back a few steps.

"Get away." Ana opened her eyes again, looking at them coldly: "I have to go out of this door today."

"Sorry grandma, this is Mr. Walter's order, even if we are dead, we can't let you out."

"Really?" Ana smiled pale: "Then what if I threaten my life? You won't let me go out?"

When several people heard this, they stared at each other in horror, "Young lady, please don't embarrass us. We all have a death agreement with Mr. Walter. If you go out, then we...we have to die here."

Zhu Yun, who was supporting Ana, heard this and was frightened in a cold sweat: "What are you talking about? Do you want to scare the young grandma to death? Young grandma, let's not go out today, I will help you go back to rest."

Ana looked at those people with a deadly face, they all spoke with sincerity, as if they had really made an agreement with Walter.

And she Ana, is she really going to watch these people die?

Really.

Walter still knew her, and thought she couldn't bear it, so he would stay.

"Does he think he knows me well? I'm going to go out today...by chance."

Chapter 273

After speaking, Ana rushed directly outside.

"If you don't care about their lives, you can go out." Walter's voice unsuspectingly sounded behind him, Ana's steps were stopped, and when she turned around she saw Walter in a wheelchair not far away.

Her eyes were cold, and fell on him in a distant and ethereal manner.

Ruthless and indifferent.

"Why?" Ana stared at his eyes and asked weakly.

"I don't want to stay here, can't I go out?"

Walter's thin lips were pressed tightly, and the indifferent aura on his body almost enveloped the surroundings. Zhu Yun felt the pressure and dared not look at Walter's eyes.

"No way."

"Heh..." Ana started to laugh, and finally she walked towards Walter step by step, and the servants and the guard at the door watched this scene with breathlessness.

Mr. Walter, whom they were afraid of, did not expect to be rejected this way by a woman one day, which was simply unexpected.

“Do you have to force me like this?” Ana asked, looking down at Walter.

Walter raised his eyes slightly, his voice was cold, “Zhu Yun, take her back to her room.”

Zhu Yun was terribly scared, and quickly nodded and took Ana’s hand: “Mother, let’s go, I will take you back to the room.”

“I’m not going.” Ana stood on the same place, just unwilling to move half a minute, Zhu Yun’s face changed in fright, and lowered his voice: “Mother, let’s go quickly. He will be angry for a while.”

“He is angry, what does it have to do with me?” Ana looked at Walter with cold eyes, and then she withdrew her hand and walked in front of Walter step by step, “Walter, do you know you Is this imprisonment? Is it illegal?”

The expression on Walter’s face was very calm, and his voice couldn’t hear the temperature.

“Imprisoned? You are my Walter’s wife. The outside world is sinister. Why would I break the law if I forbid you to enter and exit? Huh?”

“Zhu Yun!” Walter scolded, and Zhu Yun quickly stepped forward to hold Ana in fright: “Let’s go, young lady, I’ll help you and go quickly.”

After that, Zhu Yun took Ana away with half a hug, thanks to her strength, and thanks to Ana being relatively thin.

After people left, Walter glanced at the defenders.

“Don’t worry, Mr. Walter, we will stick to every corner. What you command us will definitely be done.”

“Yeah.” Walter nodded with satisfaction, and then left.

After Walter left, several people breathed a sigh of relief.

“I was scared to death. I thought I was really going to lose my life this time. Who is that woman who suddenly appeared, who actually took our lives?”

“Did you not hear that, young lady, young woman.”

“Young Master ye...didn’t there never be a woman in his body? Why did one pop up suddenly?”

“Then it’s not clear. Let’s not ask too much about the master’s affairs, just do what the master tells us.”

Several people were silent.

Ana was taken back to the room by Zhu Yun. After sitting down, Ana’s body fell back weakly, and then fell on the soft quilt. Seeing that her face was really bad, Zhu Yun could only persuade softly: “Young grandma. Don’t worry, Mr. Walter may be just in anger. After a while, maybe you can go out.”

“Go out? Do I still have a chance to go out?” Ana sneered: “He just wanted to imprison me here, Zhu Yun... Is your name Zhu Yun, right? Call the police for me, I want to call the police.”

She wants to go out, how she can stay in this place.

She must try every means to escape.

Hearing the words to call the police, Zhu Yun was frightened all of a sudden, and it took him a long time to come back to his senses: “My grandmother, you are Mr. Walter’s wife. Calling the police won’t work. You can’t call the police.”

“Can’t call the police, so how do I leave here?” Ana shook her head: “I must call the police. I have to go out. I can’t stay here.”

She would rather wander outside alone than be a canary in her cage!

Moreover, she is not the only one.

The thought of Karla Han having a leg with Walter, Ana’s heart was like a knife stabbing, she couldn’t bear all this!

“My grandmother, it’s useless to call the police. Mr. Walter is also doing well for you. Besides, Mr. Walter is so good to you and he doesn’t treat you domestically. Even if the police come, he won’t care about this kind of thing. You just the couple quarreled!”

A word to wake up the dreamer.

Ana froze in place, yeah... Walter wasn’t treating her badly. On the contrary, he was very good to her. He bought a lot of things for her. He had never done anything to her except his poisonous tongue.

Domestic violence is not to be mentioned, let alone abuse.

What’s the point of the police coming?

Thinking of this, Ana’s smile became bleak: “That means, am I going to be imprisoned here forever by him?”

“Actually...” Zhu Yun was startled, and explained softly: “Although I don’t know why the young lady wants to leave here, nor what happened between you and Mr. Walter, Zhu Yun still wants to tell you this scenic spot. It is the place that Mr. Walter attaches the most importance to.”

“Every year, Mr. Walter will only come three times.”

“Once it was Mr. Walter’s mother’s birthday, and again it was Mr. Walter’s mother’s death day. One day, it will be Mid-Autumn Festival.”

Hearing, Ana was startled, “What did you say?”

“Young grandma, can you understand what I said? This is a place that Mr. Walter remembers and cherishes very much. Every year he comes to live for a few days during these three days. Although Mr. Walter’s mother has passed away, but I know that in Mr. Walter’s heart, he still remembers his mother very much. Apart from Mr. Walter, no other woman has ever set foot here.”

No other woman has ever set foot in it? Ana suddenly thought of Karla Han. Could it be that... she hasn’t been here either?

“Never... has no woman been here?”

Zhu Yun shook his head: “Apart from us servants, the young lady is the first.”

“The young master brought a woman back to this place for the first time. This... is the most vulnerable place in Mr. Walter’s heart. Young grandma must be a very important person to Mr. Walter! Otherwise, she would never show up here.”

Ana was stunned. She originally thought this was just an ordinary scenic spot, a place for their rich people to play, but she didn’t expect... There are so many reasons for this.

Does he come to such a big place only three times a year?

And... Still pick his mother's birthday and death, and Mid-Autumn Festival...

Mid-Autumn Festival...

Yes, Mid-Autumn Festival is a day of reunion.

Unexpectedly, this is the twists and turns.

"So grandma, don't get angry, I'll bring you lunch, okay?"

Ana didn't speak, but just sat there blankly.

She was thinking, why did Walter bring her here?

If Zhu Yun is telling the truth, then this is Walter's secret base, and it is also equivalent to Walter showing her most vulnerable side.

Chapter 274

If a person is willing to show you the most vulnerable side.

That means he has enough trust in you, otherwise...he can't do it.

But why did Walter show her the most vulnerable side? Could it be...

Does he really have that affection for her?

But... if he has that affection her, why should he be entangled with Karla Han?
What happened in the middle?

The more Ana thought, the more painful she felt, and she could only close her eyes.

After closing her eyes, Karla Han wore the pair of pink earrings with a smile in her mind. She opened her eyes suddenly and sat up.

No, she can't go on like this anymore, she asks Walter.

What does he want to do!

Thinking of this, Ana got up and opened the door of the room, ready to find Walter.

But Zhu Yun's speed was very fast. He brought two or three people and pushed a large cart of food.

"Young grandma!" Seeing her from a distance, Zhu Yun hurriedly stopped her, "I'll bring everyone to bring you lunch."

Hearing, Ana had no choice but to stop and glance back.

Where does she have an appetite to eat now? Thinking of this, Ana whispered softly: "I don't have any appetite, let's put it on first, I will come back to eat later."

"No way, grandma, these are the dishes they carefully researched. They have to be eaten while they are hot. They won't taste anymore when they are cold. Everyone has to make them again."

Zhu Yun accidentally told the truth. After speaking, she hurriedly covered her mouth and said awkwardly: "My grandmother, I didn't say anything just now. Don't mind. If you feel bad, you can do it again. ."

Ana: "..."

Seeing the look of eager anticipation on the faces of the other people, if she didn't eat a little bit, they would be disappointed.

The biggest shortcoming of Ana was that she was easy to feel soft, so she had to turn back and followed them into the room again.

After hearing that she was the hostess, a group of servants did their best to Ana. They set up a large table of all kinds of delicious food, and the room was full of the aroma of food.

Ana's appetite is very weak, looking at the table full of things, she can't get her appetite open at all.

"My grandmother, this is a cold pastry I specially made. It is mixed with a dozen petals and added with mint. It tastes very good. Try it now."

One of them flatteredly took out his own pastry and put it in front of Ana. Ana Shen smiled at her, then picked it up and took a small bite.

She doesn't like to eat sweets, but the sweetness of this pastry is just right. It is light and light, and the mouth turns into a lingering fragrance, which is indeed well done.

"Young grandma, you can try this black-bone chicken soup that I made. I put many kinds of tonics in it. It is the best for women to nourish yin. The young grandmother should drink more chicken soup for being so thin."

Another filled Ana with a bowl of chicken soup, and Ana took a sip.

The chicken broth is not oily or greasy, and the temperature is just right.

She had no appetite at first, but now she is eating, but suddenly her appetite has moved.

She couldn't help but glanced at a few more people, "Your cooking skills are pretty good, are you the chefs here?"

"It's not a big deal, but Mr. Walter only comes here a few times a year, but after all, we usually have nothing to do, so we will study the dishes. When Mr. Walter comes, we can cook it for Mr. Walter. If Mr. Walter is satisfied, You can stay here and continue working."

"Yeah, grandma, we have a very high salary every month here, and a year of leisure, so..."

Before she could finish her words, Zhu Qu interrupted her in horror.

"What are you talking nonsense?"

Really, two or three pig heads are even talking nonsense about this.

You don't know that Ana is a young grandmother. Saying these words... Isn't it the equivalent of telling Ana that they are very idle and have not done anything for a year, but still hold a high salary? What if the salary is reduced?

Who knows that Ana didn't care about this question at all, just smiled faintly: "Then you guys are really interested."

"Young lady, what they said just now was nonsense, don't take it to your heart."

"Don't worry." Ana shook her head lightly and didn't care: "These things have nothing to do with me. I won't talk about them. You don't have to worry."

Several people were embarrassed when Ana said so, and blushed.

However, they really did their best to Ana, and later persuaded her to eat. Ana also ate a lot of things under their persuasion.

The originally empty belly was filled with a lot of things, and Ana felt full for the first time in so long.

“Thank you for today.”

“If the young lady likes it, we will study new dishes for you in the evening, as long as you like it.”

“This...” Ana said awkwardly: “Don’t be so troublesome, just make it homely.”

“No trouble, no trouble, as long as the young lady likes it, we can do anything.”

Ana was too embarrassed. They probably felt that they had the title of young grandma, so they didn’t dare to offend her, so they would protect her like this.

Unexpectedly, in her lifetime, she could be so flattered by a group of people.

Like a dream...

“Okay, let’s not disturb the young grandma’s rest. Let’s go out first and come later to deliver the afternoon fruit to the young grandma.”

Seeing Zhu Yun about to leave, Ana thought of something and stopped her.

“Zhu Yun, you stay here first, I have a question to ask you.”

Zhu Yun had to let the others go first, and then stay by himself.

“What’s wrong with young grandma?”

“I want to find Walter, where is he?”

Zhu Yun was stunned at first, then his eyes rolled: “At this time, Mr. Walter should be taking a nap. Should I take you to find him after the nap?”

After thinking about it, Ana nodded: “That’s fine.”

Anyway, she has eaten too much now, and she is not comfortable sitting, so she should get up and walk a few steps.

“Then young lady, I’m leaving now.”

Zhu Yun also left, and Ana stayed in the room alone.

Her room was close to the sea, and the sunlight was very good. Ana got up and went outside to sit under the umbrella, and then played in the sea for a while. When she was about to get up and leave, she happened to see Walter with cold eyes in the corner.

“Walter?”

Didn’t Zhu Yun say that he was taking a nap?

“You didn’t sleep?”

The eyes of the two hit her, and Ana Shen took the initiative to walk towards him. After listening to Zhu Yun’s words, she now had a lot of questions in her heart, and she wanted to ask Walter to solve her confusion.

“Looking for me?” Seeing her walking towards him, Walter had a very vague premonition. He frowned and said coldly when she came to him: “If you are

looking for me for divorce or leaving, then I still said the same thing, don't even think about it."

"Why did you bring me here? Who on earth do you think of me?"

Chapter 275

Ana Shen's eyes were inquiring, as if she wanted to see a strange emotion from the bottom of his eyes or between his eyebrows. She wanted to catch every bit and didn't want to let it go.

But Walter had hidden his thoughts and emotions too well.

Ana couldn't see anything at all.

At the end, Ana heard him say in a low voice: "I must speak clearly before you understand what I mean?"

Ana Shen paused and looked at him unknowingly.

Walter's thin lips twitched slightly: "Come here."

His voice seemed to have magical powers. Ana actually walked a few steps closer. When she walked in front of him, Walter suddenly raised his hand and pulled her into his arms, and then held her waist close to her ear. Whispered: "I have been trying to please you, haven't you noticed?"

Ana was shocked, and the pink lips moved.

In her heart, the river was overwhelmed, as if there were thousands of horses galloping in her heart, this feeling...Ana Shen couldn't help biting her lower lip and staring blankly at Walter.

The two were so close that their eyes were almost out of focus, but Walter still leaned in little by little, his nose pressed against her, and his thin lips wanted to kiss her.

Ana recovered before he kissed her, and stretched out her hand to block between the two.

The touch that would have fallen on her lips also touched the palm of her hand in this way, and Walter was not annoyed and took a sip directly in the palm of her hand.

Brush...

Ana flushed suddenly, her eyes widened a bit.

This bastard!

“Give me some time.” He spoke against the palm of her hand, exhaling all the heat in her palm, Ana only felt hot and humid in her palm, “I will give you a satisfactory answer.”

A satisfactory answer?

“You mean Karla Han’s matter?” Ana paused, “What satisfactory answer can you give me?”

Walter’s eyes darkened a bit, “Give me some time.”

He repeated this sentence again.

Ana Shen bit her lower lip and suddenly hooked Walter’s neck. “Then tell me, you and Karla...the pair of ear studs...”

“Trust me.”

Ana stared at him blankly.

Believe him?

Does she... want to believe him?

But if what the maid said is true, he is indeed...different to her, but Karla has always been worried about it.

Thinking of this, Ana bit her shell teeth hard, and then said: “I told you in advance, I don’t have a hobby to share a good friend.”

Hearing, Walter frowned: “Who would allow you to think about this mess, I never thought of marrying two women.”

Ana pressed her lips stubbornly, and suddenly she didn’t know what to say. He made his words so obvious. Could it be that she really misunderstood the relationship between him and Karla? But those things were what she saw with her own eyes.

Thinking about this, Ana couldn’t help but ask again: “Now that you are talking about it, can’t you tell me clearly what the reason is?”

“No.”

Walter said with a cold face, his voice was cold: “If the matter has not been dealt with, you don’t want to believe me once.

Ana hesitated.

Believe him once, do you really want to give him a chance? But...Ana was still very hesitant, and her lips moved. Before she could speak, Walter had already bowed his head and kissed her.

The touch of the four lips is as soft as cotton.

At that moment, Ana felt that all her thoughts were swallowed up by his kisses, all doubts, entanglements, and hesitations collapsed at this moment.

Believe him, since he has spoken.

For the first time in her life that she likes a man so much, she should relentlessly believe in him once, and then... no matter what the result is, don't regret it in this life.

Ana Shen's knot had been untied, and she gradually responded greenly when facing Walter's request for a kiss.

Ganchai confronted the burning fire, and the two held tightly together. When Walter overwhelmed her on the soft quilt and wanted to enter her, Ana also arched her waist to prepare to meet him, but Walter suddenly stopped.

After he stopped, his eyes kept staring at her faintly, staring at her like a wolf, making her scalp numb.

Ana Shen blinked and asked dryly: "What, what's wrong?"

Walter did not speak, but still stared at her with her thin lips.

Ana Shen's scalp was numb, and she didn't know what happened. After a while, Walter turned over and lay down on her side. His chest was undulating because of heavy breathing. Ana's heartbeat didn't go much better. The two of them breathed. They are all heavy.

“What...what’s wrong?”

“Forgot?” Walter glanced at her sideways: “You are a pregnant woman.”

Ana paled: “...Are you despising me?”

Is it sensitive because you care too much? Walter stretched out his hand to cover her with the quilt, blocking the charming scene in front of him, and then muttered: “What do you dislike? Stupid woman, didn’t you tell me before that doing too much will affect your child? “

Hearing this, Ana suddenly widened her eyes and looked at Walter incredulously.

The reason why he didn’t continue was because he was afraid of hurting her? And her first reaction actually thought he was disgusting herself? Suddenly, Ana Shen was so moved. After thinking for a while, she recklessly stretched out her hand to hug Walter’s neck, then took the initiative to climb to him and hug him, and said a word in a low voice.

After speaking, her face was flushed with blood.

“What did you say?” When Walter was actively embraced by her, his body shook severely, and his big hand held her slender waist: “What did you just say? Say it again.”

Ana Shen lowered her head, saying that once was enough, how could it be possible to say it a second time?

She shook her head and hurriedly replied: “No, I didn’t say anything...”

“Heh, isn’t it?” For some reason, Walter’s mood became a little cheerful, his thin lips curled up with an evil curve, and he said jokingly: “Why do I seem to hear someone tell me ...Is it okay to be lighter?”

Ana almost had no face to see people, and she was unwilling to show her face when buried in his chest. Her soft cheeks touched his chest like this, Walter felt that the softest string deep in his heart was touched. Up.

“Forget it, I’m afraid of hurting you, wait for it later.”

Unexpectedly, he finally gave up. Ana Shen quietly raised her head and blinked at him: “If you don’t do it, are you okay?”

“What’s the matter?” Her eyes were lingering, like a clear spring tempting him, Walter closed his eyes and suppressed his selfish desire.

After finally coaxing her back, if it hurts her, it will be her own headache then.

what is the relationship? Ana Shen blinked. Although she said it was okay, somewhere in him... he didn’t think so.

Ana Shen felt it clearly because she was lying on his body.

However, he can control his own desires without touching her, which can be said to be very heartwarming.

Ana Shen smiled and lay on his chest: “Thank you.”

Chapter 276

The first time.

For the first time, Ana thanked him so softly, Walter felt that the entire chest was warm, it turned out...it was such a taste to like someone.

Walter had never tasted this kind of warmth before, but now... he is particularly greedy.

He stayed in the dark for too long, coupled with the identity of Ana, made him very resistant.

But getting along with each other day by day, he didn't expect that he still didn't control himself. Her body... seemed to have a kind of magic power that made him just want to protect her.

Walter closed his eyes, put his big hand on her back and held it tightly, and the two of them hugged tightly.

At this moment, Ana knew that although their bodies did not communicate, it was the closest time their hearts were connected.

In the years to come, even if she was alone, she could always remember this moment.

It can be said that Ana and Walter had a heart-to-heart relationship. Although Walter had not told her what was going on with Karla Han, as his wife, Ana Shen felt... that she should trust him once and give him a chance.

So she never asked about Karla Han again, and waited quietly for him to reply to her.

It's just that... During this time, Walter still forbids her to run around, and only allows her to stay in the villa by herself. Every day there is a special person to take care of her diet and daily life. Walter goes out to work during the day and comes back at night. , And then accompany her to eat together, and the little days are a pleasant one.

When the servants saw an additional mistress in the villa, they became busy, thinking of ways to please Ana every day.

The originally cold villa scenic area was a lot of lively, Phillip was also happy to see the two people living in harmony, and felt that it would be better if they could go on for a long time.

However, Walter did not let Ana communicate with the outside world, all her news came from Walter.

So on this day, Ana asked Walter to get her phone back.

“My phone was confiscated by you, right? Give it back to me.”

Hearing, Walter frowned: “What do you want your phone for?”

“It must be friends who contacted me. Everyone is worried about me. I have to tell them.”

Ana was thinking about Jessica. She hadn't appeared for so many days. She should be the one who worried about her the most, so she had to tell her that she was safe, and she also had a lot of whispers to tell Jessica.

“No.” Walter rejected her directly.

“Why?” Ana Shen was puzzled, “Do I have to live here all my life and never use my mobile phone?”

Walter clasped her wrist: “It's okay to stay with me? Who do you want to contact with your phone? Curtis Ye? Indeed, he has been looking for you these days, but I won't allow you. See you.”

Curtis Ye...

Is he looking for her? Ana's eyes flashed, and then looking at Walter's indifferent look, she couldn't help but lifted her lips: "So the reason you confiscated my phone is because I am afraid I will contact him?"

Walter's pupils shrank and did not answer.

"Are you jealous?" Ana missed it with another question.

The servant next to him was still standing. Hearing the two of them teasing like this, he couldn't help but stretch out his hand to cover his lips and snickered. There was a small laughter, Walter suddenly straightened his face, but his ears were suspicious. The ground is red.

"What are you laughing at?" He scolded coldly: "Get out."

The servants' complexion changed, but when Walter's ears were red, they were not afraid, and they all went out with a smile.

Only Ana and Walter were left in the room.

Ana tilted her head and stared at his half-red ears, and asked innocently: "Why are your ears red?"

Walter gritted his teeth and glared at her: "Stupid woman, you did it on purpose?"

"Intentionally what?"

Walter sneered, and suddenly stretched out his hand to pinch her lower jaw, "Still pretending to be with me? It seems... you are itchy today?"

In the past few days with him, Ana Shen has become more courageous, because he is really good to her, she pursed her lips: "I'm just asking~"

“Really?” Walter leaned close: “Really just asking? No other meaning?”

Ana suddenly hugged his arm: “Give me the phone. I want to contact Jessica. She should be very worried about me.”

“Just contact Jessica?” Walter narrowed his eyes. “No one else?”

“If you are talking about your eldest brother, then I will definitely not contact him.” Ana made it clear, lest Walter would be jealous, “Why are you like this? Obviously you are jealous. You are willing to give me the phone, but I still refuse to admit it. If I don’t admit it, it’s fine. Give me the phone.”

After speaking, Ana reached out to find Walter’s suit pocket. Walter frowned and held her wrist, and said dumbly: “Don’t touch it.”

“Then you return the phone to me.”

“No.” Walter refused her again, suddenly thinking of something: “If you want to see Jessica, I can ask Phillip to bring her to see you.”

Bring Jessica to see her? There seems to be nothing wrong with this, but...

“Can Jessica come? This place...”

“She is your friend, of course.”

“The phone...”

“Ok, deal.”

Ana: “...”

The next day, Phillip brought Jessica over.

When Jessica stood in front of her, Jessica still felt unreal, and stood there staring at Ana blankly: “God, am I dreaming?”

“What happened?”

Jessica opened her mouth: “I just walked all the way, here... is Haijiang Villa??”

“Is there any problem?” Ana looked at her suspiciously.

Jessica stayed for a few seconds, then suddenly rushed forward: “You are fine! No problem! Tell me why you are here?”

Ana: “...you let me go first, I’m going to be strangled to death by you.”

Jessica just let go of her, “Don’t tell me, you just stay here and enjoy it if you disappeared these days, right? My God, Ana, you are too interesting. You are calling me now. For a few days, I’m afraid that something will happen to you, but it turns out that you have been enjoying it all the time.”

Ana glanced at Phillip who was not far behind Jessica, he nodded clearly, and then exited.

The two of them were left in the room, and Ana pulled her to sit down beside her.

“It’s not that I didn’t find you, but that my mobile phone was confiscated by Walter, and I couldn’t contact you.”

Jessica: “...what did he confiscate your phone?”

Ana paused, without speaking.

Jessica thought for a while: “Could it be...Is it afraid that you will contact others? Or are you imprisoned?”

Imprisoned?

Indeed, it is true that Ana herself is willing to stay here, because her mentality has changed later.

Thinking of this, Ana smiled slightly and told Jessica what had happened these days.

“That’s it.”
