

# Nothing To Give But My Heart Chapter 6

It took Shen Qi half an hour to get to the Ye Group. After explaining herself to the security at the front desk for a long time, she finally got in the elevator with Ye Linhan's help.

"Go out to the right, and Moxuan's office will be at the end. I still have errands to run, so I won't be bringing you there. Can you find your own way?"

Shen Qi quickly nodded and thanked Ye Lihan, "Yes, I can. Thank you, Lihan!"

"No worries."

Looking at his back, Shen Qi couldn't help but shake her head. It's clear that both of them share the same blood; why is one so gentle, and the other so annoying?

Shen Qi took a deep breath and walked toward the end.

When she finally saw the office, Shen Qi was about to knock on the door when it opened automatically, followed by an unknown object coming out of it.

Shen Qi couldn't dodge in time and was pushed to the ground together with the unknown object.

"Argh! Ye Moxuan! How can you do this to me?!"

Shen Qi found that what just hit her was a woman with heavy make-up and disheveled clothes. After that woman fell, she quickly got up and pointed to the person inside as she cursed.

Sitting in his wheelchair, Ye Mo Xuan's black eyes were frightening, and his body exuded a strong aura. "F\*ck off!" he said through his thin lips.

"Y-You!" The woman was so upset her fingertip started trembling. "Ye Moxuan, who do you think you are? If you are not the Second Young Master of the Ye Family, do you think I'd even bat an eye at you? You're a cripple! Do you really think so highly of yourself? How dare you keep refusing me?"

Being insulted as a handicap, Ye Moxuan's eyes suddenly became cold and violent.

Just when the woman wanted to continue cursing, Shen Qi, who was at the side, suddenly got up and commented, "Miss, despite our Moxuan being physically disabled, here you are throwing yourself at him! You're just angry because you can't get his attention!"

The seductive woman, who got mocked, immediately turned to Shen Qi. Then, she pointed to her and said sarcastically, "Who are you? Are you in any place to talk here?"

Shen Qi smiled, raised her hand, and gave the woman a sudden hard slap.

Slap! The sound echoed through the hallway.

"How dare you slap me?" The seductive woman covered her face in disbelief.

Slap! She slapped the woman again.

Shen Qi's aura was extraordinary even though she was wearing flats and didn't have make-up on. She raised her chin confidently at the stunned woman. "I'm Moxuan's wife. How dare you seduce my husband in front of me? Do you think I'm blind?"

Looking at the woman who was still pointing at her, Shen Qi said through gritted teeth, "Get lost now! Or should I ask the security guard to pick you up and throw you to the streets?" She pretended to take out her mobile to call the security guard.

"Y-Y-You..." The embarrassed woman covered her swollen face. Before leaving, she said unwillingly, "Just wait. Sooner or later, you'll be begging me on your knees!"

Shen Qi raised her hand and tried to hit her again, which immediately scared the woman off.

Seeing the timid person in front of him turning into another person, Ye Xuan's eyes were filled with curiosity, judgment, and some other strange feelings.

Up until Shen Qi turned her head to look at him, Ye Moxuan immediately returned to his usual cold appearance. He then remarked in a monotonous tone, "It seems that I've underestimated you."

Shen Qi shrugged her shoulders disapprovingly. "Although it's nominal, we're still husband and wife. As a wife, how can I allow another woman to seduce and slander my husband?"

Ye Moxuan was stunned for a few seconds because those words came out of her lips so naturally. After noticing that he went out of character, he immediately sneered in a cold voice, "Hmph, divorced women are so experienced; they can call just about anyone their husband, huh?"

The sarcastic words made Shen Qi frown. After thinking of the task assigned to her by Old Master Ye, Shen Qi walked behind Ye Moxuan and grabbed his wheelchair before saying, "Okay, I've come to the office by myself just as you demanded. You should keep your word, right?"

Shen Qi didn't wait for him to answer and merely pushed him inside before asking, "What do you need me to do?"

Ye Moxuan didn't answer, though his aura became strong and forceful. He then sneered and teased, "It seems that you're really trying to mess with me."

Shen Qi pursed her lips. "I don't want to be your assistant as well, but this is your grandfather's wishes."

"Are you using him to threaten me?" His deep voice sounded dangerous.

"Why would I? I'm a victim too. Can't we compromise on this?"

Shen Qi noticed that the office was quite messy; some documents were even scattered on the ground. It must be the work of that woman who just left. With this in mind, she squatted down to pick up the documents and place them on the desk after finishing.

Ye Moxuan looked at this series of actions, and his eyes turned sinister.

It's such a joke for me to be moved by her previous behavior! She's just a vain woman as well as the old man's spy, and she did all that so that she could get close to me! I have to admit that her techniques are much better than any other woman from before.

Coincidentally, Xiao Su came in at this time.

"Young Master Ye, the meeting will start in another five minutes."

Xiao Su was startled for a moment when he saw Shen Qi; he didn't expect that she would actually walk to the company.

Ye Moxuan originally wanted to let Xiao Su push him out of the room, but he suddenly thought of something, thereupon he suggested, "You want to be my assistant, right? Very well, I'll give you a chance."
