

Nothing To Give But My Heart Chapter 68

"Are you scared?" Ye Moxuan chuckled lowly when he noticed the fear in her eyes. "How courageous of you to replace your younger sister to get married into this family when you're actually a coward."

Although his smile was attractive, the piercing coldness behind his gaze was way beyond what a human could bear.

Shen Qi gulped; she could still feel the lingering taste of him on her lips as she sat up straight and stared right into his eyes. "I'm not scared."

Ye Moxuan narrowed his eyes. "You're not afraid?"

"I'm not!" Shen Qi was determined. "Xueyou would never plot anything against you! I only brought her here to visit. You can't do anything to her; I won't allow you to do so!"

Her last sentence was like a touch to his soul as he paused. "You won't allow it?"

"Yes! I won't allow it!"

"Woman, are you jealous?" Ye Moxuan suddenly chuckled lowly, and his laughter was so contagious that Shen Qi felt hot and heavy from it. The man in front of her was not only good-looking, but he was also a great kisser with a nice voice...

Hang on, what was she even thinking about?!

"Who said that I was jealous? I just don't want you to have the opportunity to harm Xueyou!"

Immediately, Ye Moxuan's eyes darkened and he pushed her away abruptly. Not fast enough to react, Shen Qi staggered and almost fell to the ground. Her head shot up as she glared at Ye Moxuan.

"Do you trust your friend that much? I really don't know if I should pity you for your stupidity."

Shen Qi frowned. However, he left in his wheelchair before she could argue further.

Shen Qi was furious but she didn't want to continue the fight anymore. She'd trust Han Xueyou no matter what as their friendship was strong after years of knowing each other.

Moreover, how could Han Xueyou like Ye Moxuan? He was obviously trying to piss her off!

Shen Qi went to change into her sleepwear angrily, laying on her bed and preparing to rest as she was worn out from all the tidying up.

Though she had been asleep for quite a while, Shen Qi could vaguely hear movements in the room. *Who is being so noisy in the middle of the night?*

Opening her eyes to peek, Shen Qi saw a familiar silhouette in her line of sight. However, only the back could be seen.

Still tired, Shen Qi subconsciously moved to cover her ears before her eyelids fluttered shut as she fell asleep again.

...

The next day, while Shen Qi was still asleep, the maid already came over to knock and inform her that Miss Han was here.

Still barely conscious, Shen Qi got up groggily and asked innocently, "Who is Miss Han?"

The maid blinked before explaining in a soft voice, "Second Young Lady, Miss Han is the friend that you brought over yesterday. We heard that Han is her surname."

Shen Qi finally caught on. *So, Xueyou came here.*

"I understand now."

Then, Shen Qi immediately turned around and headed out before stopping in her tracks. Something wasn't right.

Why did Xueyou come over so early in the morning?

However, she still instructed, "Ask her to wait for a while, I'll be downstairs right away."

"Alright, Second Young Lady."

After the maid left, Shen Qi immediately dashed to her side of the bed, opening the cabinet and taking out the outfits that she bought with her own money and prepared to change into them in the bathroom. Then, she dashed to the bathroom before realizing that Ye Moxuan was still inside.

Shen Qi was in a difficult position; she couldn't just ask him to get out, but she was too embarrassed to change outside so she could only wait where she was.

Ye Moxuan glanced at her before continuing what he was doing.

Shen Qi took a deep breath and waited patiently.

Then, she glanced at the time.

After a while, Shen Qi glanced at the time again before glancing at Ye Moxuan; he wasn't done washing up yet.

Some time later, Shen Qi checked the time again. This time, she finally asked with a hint of impatience, "Hey... Are you done yet? Can you be slightly faster?"

After all, Xueyou was still waiting for her downstairs.

However, Ye Moxuan acted as if he didn't hear her as he continued his routine slowly.

Shen Qi bit her lip. "Ye Moxuan..."

"Don't you know that I'm disabled? How fast do you want me to be?" Ye Moxuan suddenly argued.

Shen Qi was rendered speechless. She really wanted to call him out on him using his disability as an excuse. Would a disabled man even take more than 10 minutes to wash up? However, glancing at his legs that could no longer move, Shen Qi decided against it.

Whatever! Why should I even make a fuss out of someone's disability?

He was probably already traumatized. As his wife, she would be really horrible if she were to attack him at where it hurts the most.

Thinking about this, Shen Qi tried to suppress her anger and asked patiently, "How much longer are you going to take?"

Ye Moxuan chuckled coldly. "Are you rushing me?"

Shen Qi denied, "No, I just wanted to make sure!"

Ye Moxuan gave her a cold look. "Remember your place."

Shen Qi was furious. It seemed like she wouldn't have the chance to use the bathroom anymore. Giving him a death glare, Shen Qi took her clothes and went back to sit at her side of the bed.

Normally, he'd never stayed in the bathroom for this long, so why would he take such a long time today? It seemed like he was doing it on purpose.

Shen Qi's facial expression changed when she suddenly recalled what Ye Moxuan told her yesterday. Not having the time to mull over it, Shen Qi immediately started changing. After all, the room was locked anyway. If Ye Moxuan wanted to be in the bathroom so badly, then so be it.

Shen Qi was fast, and she changed into her outfit in no time. However, she caught Ye Moxuan staring at her in his wheelchair when she turned around, not knowing when he came out.

Shen Qi's eyes widened unknowingly. "When did you come out?"

Ye Moxuan's gaze was steely. "Weren't you rushing me to get out faster?"

Shen Qi was speechless again. How could he not come out when she was rushing him but came out after she stopped?

And in such a short time too?

"You saw everything?" Shen Qi asked after thinking for a while; this really mattered to her.

Although her back was against him, she was, after all, naked. She really didn't know if... he really saw anything.

Shen Qi's face flushed in embarrassment as she continued thinking about it.

Ye Moxuan gazed at her and taunted, "So what if I saw?"

Shen Qi's eyes widened and she subconsciously crossed her arms across her body.

So what if you saw?!

How could he act so entitled?!

"Ye Moxuan, you're shameless!"

“Shameless?” Ye Moxuan wheeled himself toward her as he raised his eyebrows, thereafter he grabbed her by her wrist and pulled her over. Although she refused, she still found her hands pressed against his thighs, her petite build arched as she neared Ye Moxuan.

Ye Moxuan circled his arms around her waist. “Do you want me to show you something even more shameless?”

Shen Qi’s face changed. She wanted to push him away but forgot that her hands were still against his thighs. After removing one hand, the support from her other hand became weaker. Moreover, with her struggling against him, her hand slipped and it fell... right... between... his thighs...
