

Nothing To Give But My Heart Chapter 84

"Lin Jiang, how dare you question me? What does this have to do with you anyway?" Shen Qi took a few steps back, trying to keep her distance from Lin Jiang.

She didn't know how she could be so blinded by the man in front of her right now when she was head over heels for him in the past. She could finally see how shameless he was now!

Was he such a great actor last time, or had she really been too stupid?

"Of course it's related!" Lin Jiang took a step forward and grabbed her shoulder. "How could you get together with another man right after we divorced? Why is he so nice to you? Considering how loaded he is, were you aiming for him from before? Or were you guys already together before our divorce? I always thought that you were a great woman, but I never expected you to do something so shameful for money!"

Shen Qi was dumbfounded.

She stared at this man in front of her in disbelief. She was really shell shocked by how shameless one could be.

There was no point in arguing any longer with him. As such, Shen Qi smirked and stared at him coldly. "Yes, I'm a gold digger! I admit that I'm shameless. Can you let go of me now?"

What an ex!

The first thing he did after their relationship of two years ended was to accuse her of cheating without even considering the possibility of him being wrong. He didn't even notice that she looked really pale in her hospital gown without wearing any shoes.

Shen Qi really felt that she had been blinded.

"Let go of you? No way, I want you to apologize to me!"

Shen Qi warned, "I said, let go of me."

"Qi, you need to apologize to me. Then, I'll bring you to apologize to my mother for lying to us—"

"I'll only say this one more time: let go of me!" Furious, she raised her hand and gave Lin Jiang a hard slap, thereupon the latter was enraged after getting slapped by her.

"Wow, you really have to be such a b*tch, huh? Fine. Since you're acting like this, I won't be holding back anymore!"

Lin Jiang then grabbed her arm and yanked her. Unfortunately, Shen Qi had no energy to fight against him. "Let go of me! Let go!"

"You shameless woman! I'll bring you back to my house right now so that you can apologize to everyone! I also want you to tell all of them what kind of shameless things you've done!"

"Let go of me!" Shen Qi's arm ached really bad from his grip, and the pain caused her to start feeling dizzy.

Suddenly, a tall man stood ahead of Lin Jiang, blocking him from going forward.

Lin Jiang stared at the man who appeared in front of him before frowning and dragging Shen Qi to the opposite direction. However, the man changed his direction as well, continuing to block Lin Jiang off his route.

Lin Jiang was displeased. "Who are you? Why are you in my way?"

The man smiled slightly before apologizing politely. "Excuse me, but the woman that you're dragging right now is my sister-in-law."

"Sister-in-law?"

Shen Qi looked up upon hearing a familiar voice before she saw Ye Linhan.

He was in a crisp white blouse that was ironed to perfection. Although he was blocking Lin Jiang's way, he still looked like a gentleman.

Therefore, Lin Jiang wasn't afraid when he saw that he appeared to be a polite man.

"She's your sister-in-law? She's still my wife! I can do whatever I want with her!"

"You're saying that my sister-in-law is your wife? Are you my brother then? Why do I not know of this?" Ye Linhan smiled slightly. However, a murderous glint was forming in his eyes.

Lin Jiang was annoyed. "Can you not bother us? Stop meddling in me and my wife's business!"

"Are you going to let her go or not? I'm giving you five seconds to decide."

At this, Ye Linhan took his phone out and dialed 911.

"If you still don't let go of her after this call gets connected, don't blame me for getting the police to come over. I think that the police would be interested in a kidnapping case like this."

He then set his phone on speaker mode.

Beep-beep-beep!

Ye Linhan's cold look made others take him seriously. Lin Jiang, who was stunned by him, finally let go of Shen Qi after hearing three beeps from the phone before glaring at her. "This isn't over yet. You won't be this lucky the next time we meet!"

With that, Lin Jiang hurriedly fled the scene.

Ye Linhan immediately ended the call. Staring at him, Shen Qi stuttered, "L-Linhan, t-thank you so much."

Shen Qi's body slumped down and she went unconscious right after that.

Ye Linhan's facial expression changed as he caught her in his embrace.

When he was holding her, Ye Linhan noticed that Shen Qi was really skinny to the point that he could feel her bones.

“Shen Qi!” Ye Linhan tried calling out for her. However, Shen Qi’s eyes were fluttered shut because she had completely lost consciousness.

Ye Linhan’s heart ached for her. He kept his phone back to his pocket, then supported her legs with his other hand before carrying her in his arms.

This was what Ye Moxuan and Xiao Su saw when they finally rushed over to the scene.

Xiao Su could feel Ye Moxuan’s mood change after he watched Ye Linhan carrying Shen Qi. Standing next to Ye Moxuan, Xiao Su felt like he was burning in hell right now.

Stuttering, Xiao Su tried to explain on behalf of Shen Qi, “Y-Young Master Ye, Assistant Shen fainted.”

Ye Moxuan chuckled bitterly deep down; of course he knew that she had fainted.

However, wasn’t she still strong when she was biting and hitting him? Yet now, she turned fragile when she saw Ye Linhan that she even fell into his embrace.

*Wow. What a sl*t!*

“Assistant Shen just ran out of energy because she hasn’t eaten anything since yesterday, so it’s normal for her to faint.” Xiao Su was still trying to help Shen Qi.

Despite that, Ye Moxuan didn’t say anything.

“Y-Young Master Ye... Are we... Are we still going to get Assistant Shen back?”

Ye Moxuan’s head snapped back immediately as he glared at Xiao Su, making the latter shudder. “Then, I guess we are not going anymore?”

“Why should we get her back?” Ye Moxuan chuckled coldly as he commented with hostility, “She can go to whoever she wants.”

Xiao Su then asked, “Young Master Ye, are you by any chance... jealous?”

Ye Moxuan glowered at Xiao Su as the latter subconsciously took a few steps back. “Young Master Ye, if you don’t wish to show up yourself, I could help you.”

“Don’t you dare!”

Alright then, not wanting to go himself but not letting me go as well. Not wanting to admit that he’s jealous, yet the rage that burnt within his eyes is so apparent as he watched Assistant Shen in another person’s embrace. Like, come on, it’s so obvious!

“Well then, Young Master Ye, where are we going now?”

Ye Moxuan replied, “Back to the company.”

“What about Assistant Shen?”

“Try speaking of her in front of me one more time.”

Xiao Su immediately shut up. Ye Moxuan then wheeled himself while he cursed and mumbled angrily.

*That goddamned woman! Being so intimate with me a few moments before, then jumping into another man's embrace right after! What a shameless sl*t!*
