

Nothing To Give But My Heart Chapter 93

Shen Qi went back to her room with her head in the clouds. She took off her shoes, changed into room slippers and walked toward her bed. Then, she sat on her little bed dejectedly and stared hollowly at the card in her hand.

What should I do? How am I going to tell Han Xueyou about this? My head hurts. The status of the Han Family is actually as prestigious as the Ye Family so there isn't any problem for these two families to have a marriage. However, looking at the situation of the Ye Family...

As she was pondering, she suddenly felt something was off—the air was unusually chilly. She lifted her gaze and was met with a pair of cold and abstruse eyes. *Thud!* Shen Qi was startled and the credit card fell from her hand, where it landed on the cold floor.

Both of them looked at the card on the floor at the same time. Shen Qi blanched and leapt to her feet. "I can explain!"

"Miss Second-marriage, you've exceeded my expectations," Ye Moxuan sneered. When he lifted his head for the second time, a shadow was formed at the bottom of his eyes, like a dark undercurrent of an unexplored piece of ocean, which was enough to strike terror in the hearts of those who beheld it.

Shen Qi's pink lips trembled. "I..."

"Is this your aim for your marriage to me?" Ye Moxuan took a glance at the credit card. "Ha! The old man is so generous, but do you deserve this much money?"

Shen Qi clenched her fists and bit her lip. "It is not as you think. Can you listen to my explanation?"

"Do you want to explain how you convinced the old man to pay you willingly? Perhaps you really can explain it to me, with physical action."

Shen Qi turned pale and asked, "What do you mean?"

Ye Moxuan glared at her coldly. "You are quite skillful in bed, aren't you?"

"...Ye Moxuan, you b*stard!"

"Ha! Why didn't you directly marry the old man instead of me back then? Then you won't have to do this in the shadows."

Shen Qi finally burst out in anger and growled loudly as her gaze cast downward, "Enough! I have had enough of you!"

Ye Moxuan smirked coldly. "Have you finally had enough?"

Shen Qi bent down to pick up the credit card on the floor. She walked to Ye Moxuan and tossed the card roughly onto his lap.

"I've said that I won't take any of your money. Likewise, I won't take any money from the Ye Family either. This card belongs to your grandfather, so take it back!"

The credit card dropped onto Ye Moxuan's lap, where he picked it up and held it at the tips of his fingers, his face stony.

"Woman, are you sure that you want to give it to me? This is what you have worked hard for. Are you sure?"

"Yes, I'm sure!" Shen Qi gritted her teeth. "That's right. It's just like what you said just now—I spent a night with Old Master Ye and he was satisfied with my skills so he paid me for that. Are you happy to hear me say it this way? Ye Moxuan, since you want me to cheat on you so badly, I'll grant your wish! Just wait and see!"

After saying that, Shen Qi turned and stormed out of the room.

The hand that Ye Moxuan held the card in twitched violently, the vein on his forehead dancing in and out. "Where are you going?"

Shen Qi didn't answer him. Her eyes were pooled with tears when she turned. She really couldn't stand Ye Moxuan's insulting words anymore. They had clearly made a deal before this but he couldn't stop hurling insults to humiliate her, thinking that she wouldn't feel a thing.

At this moment, the only thing that she wanted to do was to leave this room! She wanted to be far away from Ye Moxuan!

"Stand right there! You are doomed if you dare to be unfaithful to me!" Ye Moxuan suddenly panicked as he thought of the sentence she had thrown down before she left.

However, Shen Qi, who was in rage at the moment, refused to listen to him. It was useless how fierce his threats were. When Ye Moxuan rolled his wheelchair out of the room to chase after her, Shen Qi directly ran away from him.

"Damn, woman. I dare you to take one more step..." Before he finished his scolding, she was already nowhere to be seen.

Ye Moxuan was stunned and speechless.

Maybe it was due to the huge commotion caused by their quarrel, the maids near to the room heard the noise and came out to have a look at what happened.

As soon as they saw Ye Moxuan's facial expression, all of them were frightened and shrunk away.

"The look on the second young master's face is so frightening. What did the second young lady do to make him so angry?"

"Beats me. The couple is probably having a fight."

"Second Young Lady is so daring. She dares to drive the second young master up the wall."

"To be honest, the second young master treats her well. Last time, he bought a lot of beautiful clothes and put them in the closet for her to wear, but she refused to accept his kindness. I have never seen her wearing the clothes he bought for her."

"Why? Second Young Master is so nice to her. Why doesn't she accept his kindness?"

"Perhaps...it's because of his disability?"

"Shh! Watch your mouth!"

"But I'm just telling the truth! Although the second young master is really handsome, he is a cripple! Combined with his impotence, which woman will fall in love with him?"

A few maids were gossiping behind the door. None of them noticed that Ye Moxuan had rolled his wheelchair to the front of the door.

"How dare you speak ill in front of my face? Do you think I'm deaf as well?" As a voice which seemed to be coming from the deepest part of hell reached their ears, the maids turned pale in an instant and turned to look at Ye Moxuan who was already at the door.

"S-S-Second Young Master..."

They were scared out of their wits and directly knelt down in front of Ye Moxuan to beg for forgiveness. One of the maids, who was really timid, had directly passed out from shock.

"Go and look for her! Get out of the house by tomorrow if you fail!"

Shen Qi didn't leave the Ye residence; instead she ran to the garden at the back of the house.

In the dark garden, she shed tears under a big tree while cursing Ye Moxuan in her heart.

Six months. I have to stand this for another six months. How am I supposed to survive these six months? Shen Qi suddenly felt a sense of despair for her future. She leaned against the roots of the big tree, letting her tears glide down her cheeks.

Just one last time. I must not cry anymore the next time I encounter trouble. I'm a mother now. I should not be angry merely because of those words.

Suddenly, a warm hand touched her cheek and wiped her tears gently. Shen Qi's eyelashes wavered slightly.

Who...?

A helpless sigh came from over her. Shen Qi opened her eyes and saw a pair of gloomy eyes full of concern looking at her.

Ye Linhan? Why is he here? Shen Qi stared at the man in front of her with teary eyes. A stark contrast from him in the day, Ye Linhan's eyes were full of sorrow in the dark, as if his heart ached for her.

Does he feel bad for me? Shen Qi never expected anyone to care about her. *After all, how would I expect others to love and care about me when I can't even get any kind of love from my parents?*

"Silly girl." Ye Linhan whispered gently and reached out again to wipe away the tears on her cheeks. **"No one will know your suffering if you cry to yourself in the dark."**

Shen Qi froze while looking at Ye Linhan and this time, his figure seemed to be blurred by the tears in her eyes. Immediately, her tears surged wildly as she could no longer bear the resentment in her heart.

Ye Linhan smiled gently and comforted her. **"You have to tell when you're in pain and let the people around you know that you're suffering. No one will understand you if you keep everything to yourself."**
