

Obsessed CEO Throws Himself at Me Chapter 1845

Chapter 1845 Won Their Hearts Over

It wasn't until Arielle heard what Vinson said that she felt she was overthinking it. It wasn't exactly her fault, though. She only felt that way because Vinson had objected to her wanting to have kids previously. Even so, she knew she was in the wrong and immediately turned around to give him a hug.

"I'm sorry. I may have been overthinking it a little bit," she said while giving him a kiss on the lips. That was not just a little bit, but it was my actions that made her feel that way, so I can't blame her for it...

Vinson hugged her tightly as he said, "I'm really happy that we're going to have a baby soon, Darling. From now on, I'll work even harder to make more money so I can treat you and the baby better."

Arielle flashed him a smile in response as she knew he would surely take good care of them. With Arielle being pregnant, it was only natural that they moved the date of their wedding forward. Vinson had actually been making the preparations for their wedding even before coming to Turlen.
