Chu Feng was stunned.

"Yes, my mother told Duoduo that my father is a soldier and a hero!"
When Chu Feng was stunned, his big black eyes were full of pride and happiness: "he is more powerful than superman and more handsome than uncle iron man."

"Although my father never came to see Duoduo once, my mother said it was because my father wanted to protect more people and catch all the bad guys! Duoduo doesn't blame him, Duoduo just, just miss him -"

a circle of tears appeared around her eyes, but soon dried.

"But, but mother said, as long as Duoduo is in danger, as long as mother and Duoduo are bullied, father will appear in front of Duoduo and protect Duoduo!"

The little girl's big black eyes blinked and blinked, full of hope and desire: "uncle, you are so powerful. Your father must have sent you to protect Duoduo. He will come back soon. Come back to see Duoduo, isn't he?"

"Isn't it?"

Chu Feng only felt that his heart was filled with something, and he couldn't breathe. He reddened his eyes and nodded with a smile: "yes, Duoduo is really smart."

"Yeah, Dad's coming back. There's a dad in every flower!"

The little girl jumped up happily at that time, her smile was so pure, so clean, so pure as a dream, as if it would be broken with a touch.

Cloud Mu fine also beautiful Mou is one red, she secretly turns round to wipe the tear mark of cheek.

These years of bitterness and suffering, only their mother and daughter know, ordinary people can not understand.

"Strange uncle, I want to show you a secret, only the two of us know, oh, even the teacher and mother do not know." "Strange uncle, you see, this is my father, the man in military uniform and with a gun is my father, and the two little red men behind me are my mother and me!"

"When Dad comes back, mom won't be bullied by bad guys any more, and there's no need to be afraid of stray dogs to go home a long way. Little tiger, they don't dare to scold Duoduo for being a wild child without a father any more -"

"strange uncle, you know, Duoduo is so happy."

Chu Feng's hands trembled, holding the childish and simple graffiti painting, and his emotions surged out in an instant. He could no longer bear the kind of deep guilt and self blame.

"I'm sorry, son. Your father is not a hero."

"He is the most useless, selfish man, the most coward, the most bastard in the world!"

He wanted to slap himself in the face right away.

"Blame uncle, what's the matter with you?" Many blink innocent big eyes, small hand wipe Chu Feng cheek tears: "how do you cry?"

"Duoduo, I'm sorry, uncle has something else to do. I'll see you another day." Chu Feng turned and strode away.

At this moment, all his thoughts are gone, just want to quickly escape from the scene, escape from the guilt of their own!

"Chu Feng -"

Yun MuQing chased out and yelled, only to find that the latter had already disappeared. She frowned slightly and shook her head.

"What a strange man."

The weather is getting colder.

Chu Feng's upright posture leans on a maple tree, slowly lights a cigarette, and is in a state of melancholy.

Before, he had practiced 10000 ways to recognize Yun MuQing's mother and daughter in his mind, and even prepared to be scolded, accused, and even hated.

But he never thought that when he really faced their mother and daughter, he did not dare to recognize each other!

Yun MuQing is so sensible, so gentle and virtuous. She gave birth to a daughter for herself. She stayed in the empty boudoir alone for five years, even though she was driven out of the house and broke with the family.

And Duoduo regards her father as a hero. She adores herself so much. In her heart, she is so perfect.

But how can I bear this high expectation, how can I stand up to their mother and daughter?

Chu Feng, who hasn't given the slightest care in the past five years, has no face to stand in front of their mother and daughter for the so-called "family reunion"?

"I owe them too much. At least for now, I'm not qualified to be a husband or a father!" Chu Feng looked far away and breathed out a foul breath:

"still, don't recognize each other for the time being."

"I'm going to stay with their mother and daughter and do everything I can to protect them and compensate them until I think I'm qualified to look at myself."

However, in what way and in what capacity will they stay with them, so that they will not affect their mother and daughter's suspicion? Chu Feng felt that one head was bigger than the other, and he had a terrible headache.

He snuffed out the cigarette ends, thought all the way and left the community.

"Dragon head, are you back?"

Luo Gang, who had been waiting by the side of the road, came out of the car, upright and respectful.

"Well." In the car, chufeng nods.

"Dragon head, someone's doing it with you?" Luo Gang's sword eyebrows wrinkled. As a soldier, he could feel the anger of Chu Feng. "Do you want my subordinates to help you kill them all?"

Luo Gang's eyebrows show a kind of murderous spirit. Although in front of the military God Chu Feng, he is as respectful as a pupil. But at the same time, he is also Jiangling's powerful and powerful role.

At least, a second rate family like the Yun family and the Li family can only kneel down and beg for mercy in front of him.

"Some little fish and shrimp, forget it."

Chu Feng sat in the car, some lazy waving, eyes flashing.

Cloud family, after all, is cloud MuQing's relatives, this silly woman is soft hearted, or care about the family, I don't want to do too much, let the woman sad.

However, if they are stubborn and want to challenge their own bottom line, then they don't mind and send their families on the road by themselves.

"Yes." Luo Gang nodded his head, without any opinion or emotion fluctuation. The duty of a soldier is to obey orders.

"Dragon head, where are we going next?"

Where are you going?

Chu Feng looks at the traffic on the street through the window, and his eyes are full of reminiscences.

Jiangling City, as its second hometown, does have too many good memories of childhood.

For example, his adoptive father and mother.

Zhou lie and his wife, who had no blood relationship with themselves, were treated like their own.

In addition, the one who is always pestering herself and loves to wear floral skirts and braid sheep's horns, is a "chufeng elder brother" and a little girl, Zhou Ying.

It has been ten years since I left the army that night without saying goodbye.

"Ten years, they are quite old. It's time for them to go back and have a look at them."

Chu Feng's eyes show a deep feeling of missing and remembering. Anyway, Yun MuQing and Duoduo are in a hurry for the time being, so they should go back to see Er Lao and do their best.

"Luo Gang, go home."

"Home? Dragon head, are you going back to Kyoto? " Luo Gang was slightly surprised, but as soon as the words came out, he immediately let out a thump in his heart and screamed that it was not good.

This is the prohibition of dragon head!
