Alpha On The Hunt Chapter 1

“Bastard’s ditched us!” Lexa snarls knowing we should have been one of the first to leave. Axton slaps the envelope on the table in front of me.

“Where did you get this?” Axton demands.

“You really should change your passwords, also two factor authentication is another way to secure your accounts.” I chuckle, grabbing my documents. Turning to leave, Axton steps in front of me, his eyes flickering as he steps so close my ass presses against the table top. Lexa growls, at him caging us in, while the stupid bond flares to life at his proximity.

“What do you think you’re doing Elena, you already had me sanctioned. And now this? What are you going to do, blackmail me?”

“Why? Don’t like having the tables turned against you?”

“This gets out, you’ll fucking ruin me!” he snarls.

“Like you ruined me.” I retorted. Axton growls, the sound threatening as his aura slips out menacingly.

“I swear if you have showed anyone these-”

“You’ll what? Get all growly, threaten me, anything new Axton because you’ve been that way since the day I met you. You

have a sex tape of me, we’ve been there, finished that scandal already, the entire city saw it, so what are you going to do next? Hmm.”

“You do not want to go to war with me!” he snarls.
