Alpha On the Hunt Chapter 16

“What’s up?”

“Do you know anything about pads?” I ask him.

“Pads?”

“You know pads, period pads?” Eli blinks at me.

“Are you having an identity crisis? Like I’m full support, but shouldn’t pads wait until after the sex change?” What the fuck is he talking about? He keeps rambling.

“I’m pretty sure you still won’t get your periods even with one,” he looks at the screen thoughtfully and I raise an eyebrow at

him.

“But this explains so much, your mood swings, your growing hunger. Alpha side effect? Or the hormone replacements?”

“Not for me, you idiot! For Elena!”

“Isn’t she breastfeeding?” Eli asks. Huh, what is it with breastfeeding and periods? I growl and he jumps.

“Fine, fine, turn the camera around. What are the options?” I turn the camera around, showing him, and he whistles.

“Wow! Okay, all this for a bleeding snatch, okay I can work with this! What size is she?” Eli asks. Huh? Size, what does he mean? There are sizes?

“What do you mean?”

“You know, is she a loosey-goosey, a tighty-” I snarl at him.

“You did not just ask me that!”

“I’m only trying to help!”

“Hang on, I will ask one of the guys!” he says.

“Slater! Come here!” Eli calls out. I glance around to find the cashier boy watching me, curiously.
