

Addicted Pampering You: The Mysterious Pampered Wife
of The Military Ye
(Master Fu's Mysterious Darling Wife)

Chapter: 11

Past events three years ago

Fu Hengyi reluctantly helped the amount, "Grandpa, she is only twenty-one."

"You are all thirty-one, and your grandfather, I am eighty-eight this year. Poor your parents go early, leaving me an old man, and when you are a mother, pull you a handful of urine. So big, I am easy? Now I just want to see you marry and have children before I die, let me hold the baby's fat grandchildren, my request is too much? Excessive?!"

Father Fu said that his voice was full of emotions. He held his heart in both hands, and he covered his face and cried for a while. He did not forget to sneak a look at Fu Hengyi's expression from his fingers.

Fu Hengyi looked at Fu's father's performance one hundred and eight times with no expression, and he was helpless.

For a long time, Fu Hengyi faintly said, "She will not consider her, but I am willing to accept the blind date you arranged."

Father Fu did not cry, put down his hands and took advantage of his grandson. "What are you talking about?"

Fu Hengyi was inexplicably infatuated. In the past, the old man was not looking for a living and wanting to make a blind date. Now he agrees, how is this expression?

"I said that I am willing to blind date, which fancy celebrity you have chosen, you arrange it." Fu Hengyi repeated.

"Put P, when will Laozi want to give you a blind date?" Father Fu was immediately blown up, and even the swear words that had not been said for a long time were all smashed out.

"Don't you worry about your great-grandson?"

"I am anxious to hug my grandson, but this great-grandson must come out of the belly of Qingtou."

"Grandpa." Fu Hengyi interrupted Fu's father's words, frowning, "I said she was only 21, I only used her as a sister."

Father Fu is angry and screaming at his grandson. It is like taking a class enemy. "What brothers and sisters, you don't give Laozi a whole set. I tell you, my grandmother must be a clear girl, change someone else, I Resolutely refuse to recognize unless I die."

When Father Fu finished, his sleeves left, and the steps were very big. Obviously, he was really angry.

Fu Hengyi stood in the same place, his face was serious, he couldn't understand, and he didn't go home for a year. How did Grandpa think so much about Shen's little girl?

To say that Fu Laozi will like Shen Qingyi so much, things have to start from three years ago.

After Fu's father retired from the army, he began to support the sky, but Fu's family was not prosperous. Fu's father had only one son and one daughter. His son was Fu Hengyi's father Fu Jingzhi, who was in a mission with his daughter-in-law more than 20 years ago. Both of them have sacrificed. The daughter Fu Jingting and the son-in-law are both diplomats. They are abroad all the year round. The only grandson is also a soldier. It is not necessarily a year to return home. It is inevitable that the elderly will stay bored at home.

When Father Fu was young, he was also a fun master. Later he entered the army and the temper converges a lot. But after retirement, the temper is living more and more.

One day three years ago, Father Fu took a security guard out of the door, and he was able to experience the people's feelings. He actually wanted to go out to play.

Who makes him a special person, usually go out, even if it is low-key, there are many guards around.

It's just that Fu's father didn't look at the Huang Li when he went out. He even accidentally dispersed with his own guard. He usually didn't bring his wallet, and even the mobile phone was not carried on his body. It can be said that there is no penny.

Father Fu thought about taking a taxi back to the gate of the compound and calling someone to send money, but Father Fu loved his face. If he did this, it would

definitely be known to the group of old friends. They might be ridiculed. He, he can't afford this face.

Near noon, Master Fu touched the empty stomach and decided to go to a restaurant to eat first, waiting for the security guard to come back to him.

There was nothing wrong with Mr. Fu's expectation. The guards did come back to him, but he just entered the restaurant. The guards found him and found him nearby. He was so anxious that he had lost his old head. He is dying of death.

In this way, the guards and Fu Laozi were perfectly missed.

Father Fu is not a person who will treat himself badly. Although he does not have a penny, he still has a lot of signs in this store.

Waiting for him to eat and drink enough, left and right, etc., no security guards came to look for it, and the waiter looked at him from time to time. A pair of feared that he ran away, Fu's face was a little unstoppable.

It's just that he can't remember the security number of the guard, that is, he can't call the guards by calling someone else.

Just when Fu's father scratched his head and didn't know what to do, Shen Qingqi, who was sitting at his next door table, stood up and went to the counter to settle the bill. By the way, he helped the father's father to give up.

Originally, Father Fu didn't know, or the waiter came over and handed him two bills, pointing his finger and

the back of Shen Qing's back outside the door. He said, "The lady just finished the post, this is looking for you. Please change your change."

It is said that it is change, but it is two whole, and Fu's father looks at it in the direction pointed by the waiter and only sees a clear back.

Father Fu immediately got up and chased it out, and even the money the waiter handed him did not take.

Shen Qingyi went unhappy, and Fu's father quickly caught up.

"Shantou, Shantou, etc. I."

Shen Qingyu vaguely heard someone calling himself behind him and stopped.

Father Fu's breath is breathless. In the end, he is old. Where is the body in his eighties can compare with young people.

"Shantou, you are going too fast, the old man almost can't keep up." Fu old man muttered.

Shen Qingyi recognized this as the old gentleman who had just met in the restaurant. He probably had no money to pay the bills. He sat in the position and scratched his head. Shen Qingyi paid the bill.

"Old man, do you have anything?" Shen Qingyi asked faintly, the sound is clearer.

Father Fu didn't think that his gimmick was so young. It looked like he was only seventeen or eighty years old,

but his body was calm and not at all suitable for her age.
"Taro, thank you just now."

Father Fu's old face is reddish.

"You don't have to worry about it."

"That, Shantou, send the Buddha to the West, that, can you help me with the old man?" Father Fu licked his old face and opened his mouth.

He is a good-faced person, and it is already unprecedented to say that it is a help for a gimmick.

"You said." Shen Qingyi is not a nosy person, but for the elderly, she always has a respect, not to mention, from this old man, she saw the shadow of her grandfather.

"The old man has gone away with his family. He has no money on his body. Can the girl give me the old man to go home?"

Shen Qingyi thought for a moment, there is nothing wrong with it today, so he nodded and promised, "Well. Where do you live?"

Listening to the address quoted by Father Fu, Shen Qing's light flashed slightly.
