201 Chapter 201: Desperate Fu Master

Gu Yang had a cold war on Fu Hengyi's cold eyes, "Big... Brother." Why was he so afraid of looking at him with such eyes.

Fu Hengyi had a face on his face, and now it was not good to see Gu Yang, he was already strong, and his cold face made Gu Yang cold. He secretly looked behind Fu Hengyi and saw it. Shen Qinglan sitting by the bed, his eyes lit up, "Sister-in-law, you are here."

Gu Yang wanted to come in, but Fu Hengyi stood still at the door, he couldn't get in at all, and the help-seeking look at Shen Qinglan was funny.

"Fu Hengyi." She spoke softly.

Hearing his wife's words, Fu Hengyi turned sideways. Gu Yang squeezed in quickly. Gu Kai was behind him. They came together. Just now Gu Yang was standing in front. Shen Qinglan didn't see Gu Kai.

"Why don't you come here for training?" Fu Hengyi opened her mouth.

Gu Kai's eyes turned around Shen Qinglan's body, especially for a second on her slightly reddish lips, withdrawn her gaze, and finally understood where the big brother was now.

Well, they really don't know how big brother can't wait, and it's not dark before, so they play with the younger sister-in-law. If you know that, killing them, they don't dare to come and disturb. The expression of dissatisfaction has changed any man being disturbed at this time, I am afraid that his mood will not be good.

Gu Kai said that he understood Fu Hengyi's mood at the moment, but Gu Yang, who had a big nerve, obviously didn't understand. He sat on the bed and chatted with Shen Qinglan.

"Sister-in-law, why did you come here? Did you come to see the elder brother? I told you that the army is boring. In addition to training or training every day, sometimes I have to get up and practice in the middle of the night. Why do you say that there is such inhumanity? local....."

Shen Qinglan's cold face looked a little strange in Gu Yang's eyes. Didn't he come to the army to see Fu Hengyi or came for sightseeing?

Barabara, Gu Yang vomited during the time in the army at this time, and did not notice Fu Hengyi's increasingly cold face at all.

Gu Kaifu had never seen such a person without eyesight. Now not only Shen Qinglan, Gu Kai also feels that his life with Gu Yang may be more difficult than it is now.

Gu Kaila pulled Gu Yang's collar, and Gu Yang snapped his hand away, "Oh, I haven't finished talking to my sister-in-law, what are you doing?"

Gu Kai glanced at Fu Hengyi, and if he didn't leave again, Brother Fu would really go crazy.

"Gu Yang, grandpa asked me to tell you a word before coming." Yu Guang glanced at the corner of the eye, Fu Hengyi, and Shen Qinglan spoke lightly.

"What?" Gu Yang asked subconsciously.

"Grandpa said that if you perform well after six months, he might consider letting you retire early," she looked at Gu Kai. "You are the same."

Gu Yang was overjoyed, "Really?"

Shen Qinglan nodded. This was indeed said by Mr. Fu. Gu Yang's company has been called by Mr. Fu for a week or so and said that Gu Yang is the penultimate in every project. Every test is not fifty-eight. Fifty-nine, people don't want to doubt that he did it on purpose. Although Gu Kai is better than him, he is not much better. He is just wandering on the passing score. These two people are obviously passive idlers.

Being a soldier pays more attention to your wishes, the soldier's duty is to protect the family and protect the country. In fact, for the brothers like Gu Yang and Gu Kai who were thrown in by elders and experienced them, the leaders in the army are very disliked. The old man called in person, I am afraid that even Gu Yang and Gu Kai would not be so easy to come in.

Calling Mr. Fu personally and telling him is also to give Mr. Fu a vaccination. If Gu Yang and Gu Kai continue, they must leave the army early.

Master Fu Rong Ma has made countless battles in his life, because the two juniors have lost such a big face, Shen Qinglan believes that if Gu Yang and Gu Kai were standing in front of Master Fu, I am afraid these two people really want Can't walk around without eating.

The old man also knew that they did not like the troops, and did not expect them to accomplish much. They only hoped that they left the troops themselves, rather than being driven out, so Shen Qinglan brought this.

"Grandpa said, as long as the recruits' assessment is half a year later, you can achieve excellent results, you can choose to stay." After a slight pause, Shen Qinglan's tone was slightly cold, "If you are driven back by the troops, the consequences will be at your own risk."

Gu Yang and Gu Kai glanced at each other, and there was a chuckle in their hearts, especially Gu Yang, who grew up under the stick of Grandpa Fu from an early age. Don't look at Grandpa Fu who laughs on weekdays, but he started. It was also a cruel master. When he was a child, because his parents were busy with their work, they unavoidably neglected Gu Yang's discipline. Gu Yang became a little bully, or an unreasonable little bully.

Probably when Gu Xiaoba was six or seven years old, he went to play in the military compound. He even grabbed the hair of other girls and lifted the skirts of other people, making them cry out of breath. Parents knew that naturally they would not be willing to give up, and took the girl to visit the teacher to ask for guilt. After listening to the story, Master Fu was angry, and he called Gu Xiaoba down for symptom. Gu Xiaoba refused, or the girl blamed him. Scolding people is very uncultivated.

Mr. Fu picked up the feather duster and greeted Gu Xiaoba. He didn't show mercy at the end. In the end, the girl's parents couldn't bear it anymore. After all, Mr. Fu's identity was there, and people also showed their attitudes. In the end, it's just a joke between the children, they naturally won't go overboard, and they stop Master Fu.

However, at that time, Gu Yang had been beaten by the old man and would not even cry. He started a high fever that night. Gu Yang's parents came back to see his son, and he was also given a lesson by Master Fu.

Gu Yang had been burning for several days in a row, and he was afraid when he saw Grandpa Fu, but Grandpa Fu didn't let people go, and Gu Yang's parents didn't dare to take them back. Gu Yang was taken by Grandpa Fu for a year, which changed his body. Bad fault, otherwise, if it is allowed to continue to develop, maybe Gu Yang is now a second ancestor.

Gu Yang had no doubt that Master Fu would fix him, his face changed a little bit, "Sister-in-law, I will definitely not embarrass my grandfather."

Gu Kai grew up with Gu Yang. When he was a child, he often followed Gu Yang to play at Fu's house. Grandpa Fu treated him like Gu Yang. He also received lessons from Gu Yang and nodded. "Little sister-in-law In half a year, we will let Grandpa Fu see our efforts."

"Since I know I have to work hard, what are I doing here now?" Fu Hengyi said coldly, without a smile on his face, and looked at Gu Yang coldly.

"Brother, we didn't hear that the younger sister-in-law is coming, so you want to have dinner with the younger sister-in-law." Gu Yang smiled cheekily.

"Go back to training." Fu Hengyi spit out a few words.

Gu Yang also wanted to say that Gu Kai pulled him and forced him out, "Brother, sister-in-law, let's go first."

"What are you doing for me? I haven't eaten with my sister-in-law." Gu Yang struggled, but Gu Kai's strength was stronger than him.

"You are an idiot." Gu Kai said coldly, and glanced at Gu Yang with contempt.

Gu Yang was shocked for a while, and then burst into hair instantly, "Gu Kai, you bastard, you speak as long as you speak, without personal attacks."

Gu Kai felt that Gu Yang's hair should be pale and white. How could there be such a person who has no eyesight? Stay there, we will not be able to describe it with water in the future, dumb!

The obnoxious person left, but Fu Hengyi's complexion didn't improve, and good things were interrupted. He was very depressed now.

Shen Qinglan chuckled, stood up, walked to his side, slightly tipped his feet and kissed him, "Well, they are not intentional, and it is daytime now." Still in the army dormitory, what, I really want to do something bad.

Fu Hengyi's depression disappeared in his wife's kiss, raising her eyebrows slightly, "That's it?"

Shen Qinglan raised her eyebrows, and she found out that the man was getting more and more intimate now, stepped back, walked into the bathroom, and continued to wash clothes.

Fu Hengyi touched his nose, his wife didn't hook it? He followed into the bathroom and wanted to reach out for help.

"The space here is so big, don't come in to make trouble." Shen Qinglan looked at the tall figure in front of him. As soon as he came in, the space in the bathroom became almost instantaneous.

Dismissed by his wife, Fu Hengyi retreated to the door, leaned on the door, and quietly watched Shen Qinglan wash his clothes.

Only some sweat on Fu Hengyi's training suit was very easy to wash. Shen Qinglan quickly finished washing and hung the clothes. Fu Hengyi had already sorted out other things, packed up a duffel bag, and carried it with Shen Qing Lan left.

"Is it okay to hang the clothes here?" Shen Qinglan glanced at the clothes that were still dripping.

"It's okay, I'll come and get it tomorrow."

Although the family building is also in the military area, it is still a little far away from here. Fu Hengyi took Shen Qinglan to return to the family building. He had to cross half a military area and appeared in the military area again. Shen Qinglan gained a series of eyes.

Everywhere people in green military uniforms are basically young faces, with smiles and vigor on their faces, Shen Qinglan's eyes flashed lightly. Such a scene is something she has never seen before. One day they have to undergo training of one kind or another, but everyone's face is even cold in their eyes.

Unlike the people here, there is light in their eyes.

Back at the family building, Shen Qinglan took Fu Hengyi's duffel bag, put his clothes and toiletries one by one, and the doorbell rang.

Shen Qinglan heard the voice of the child, soft and glutinous, and seemed to be a little girl. She walked out of the bedroom and saw a little girl standing at the door, about seven or eight years old, talking to Fu Hengyi.

"Uncle, my mother asked me to call you and my aunt to eat at my house." The little girl was not very beautiful. But he loves to laugh. When talking to people, there are smiles in his eyes. He is very lively and cute. He wears a school uniform and looks at the marks on it. It seems that he is from an elementary school.

Fu Hengyi touched the little girl's hair, "Thank you Jingjing, tell your mother that your uncle will come up soon."

The little girl nodded with a smile, and then turned and ran upstairs. She was wearing small leather shoes and stepped on the stairs to make a pedaling sound. Her footsteps were quick.

Fu Hengyi closed the door, saw Shen Qinglan, and explained with a smile, "This is Zhang's sister-in-law's eldest daughter, come and ask us to eat."

"Is there anything I need to bring?" Shen Qinglan felt a little embarrassed when he went to dinner at home for the first time.

"No, just go directly." He has a good relationship with Zhang Caodong, and he doesn't need to pay attention to it.

Shen Qinglan followed Fu Hengyi and opened the door to the little girl who had just come down and asked them to eat, as if it were Jingjing.

"Good uncle." Jingjing shouted with a smile, his eyes paused while watching Shen Qinglan, "Hello fairy sister."

Shen Qinglan's micro embarrassment was not the first time she was called an elder sister, but it was the first time she was called an "elder sister".

Fu Hengyi leaned down slightly and looked at Jingjing's eyes, correcting seriously, "She is the uncle's wife, you want to call aunt or aunt."

Fu Hengyi didn't think that before, but now I heard the children calling their uncle, but the sister Shen Qinglan, that depressed heart.

"But my sister is so young, isn't it calling her aunt to call her old." Jingjing also looked at Fu Hengyi very seriously.

Fu Hengyi: ...was worried.

Shen Qinglan's eyes were full of smiles, and he looked at Fu Hengyi, who was speechless by the children. "I am an uncle's wife, you should call my aunt, otherwise I am not a young uncle?"

Jingjing thought about it and nodded seriously, "Sister is right, then I will call you'Auntie Sister'".

What is this ghost call?Shen Qinglan Khan, she really can't understand the way children think.

"Why are you standing at the door, come in quickly, Heng Yi, and bring your wife in." There was a male voice in the door, somewhat rugged.

Shen Qinglan followed Fu Hengyi into the house and saw a man sitting on the sofa. He looked a few years older than Fu Hengyi and forty years old. His appearance was the same as his voice. It was very rough. This is probably Fu Hengyi's mouth. Zhang Caodong.

Zhang Caodong's eyes stayed on Shen Qinglan's face for a second, and then he looked away, "This is the younger sister, sit down and sit down, don't be polite, just like your own home here."

Shen Qinglan lightly hooked his lips, said thank you, and sat down on the sofa.

"Auntie and sister, please drink juice." Jingjing came out of the kitchen with a glass of juice in her hand, and Shen Qinglan took it. "Thank you Jingjing."

"Aunt is an aunt, and sister is an elder sister. What is your name, do you know?" Zhang Caodong reprimanded the daughter's name.He did not hear the conversation at the door.

Jingjing's children threw out their tongues and said Zhenzhen with words, "Sister is so young, calling her

aunt will call her old. Women like others to call her sister, so young, but the uncle and the sister are husband and wife. "I can't remember for a while, Jingjing tangled his small eyebrows.

"You can't mess up your life, so I called her 'auntie'."

The little girl is a big devil, with round eyes round and round, looking very cute.

Knowing her daughter's temperament, Zhang Caodong glanced at her daughter helplessly, "Brother and sister, I'm really embarrassed."

Shen Qinglan shook his head with a smile.

Just at this moment, Zhang sister-in-law came out of the kitchen with a dish. Zhang Caodong quickly got up and came over to help her, "Why don't you call me so hot, it's so hot." It makes people feel a different kind of warmth.

"I'm not muddy, it's so easy to get burned, there are guests at home, you are not afraid of Heng Yi and Qinglan jokes when you say this." Zhang sister-in-law said to her husband with a white look.

Zhang Caodong went into the kitchen and helped Zhang sister-in-law to bring out the dishes. Shen Qinglan wanted to go in to help, but don't let Zhang sister-in-law rush out. "You are a guest. Where do you need these jobs, you just sit and wait to eat Just do it." Then shouted in the direction of the bedroom again, "Jingjing, wash your hands and eat quickly."

Jingjing responded with a sound inside, ran out, and went to the bathroom to wash his hands.

The dishes at night are very rich, and the chicken, duck, and fish meat can be said to be all together. "Sister-in-law, you cook so many dishes, you can't eat too much waste." Fu Hengyi said with a smile.

"I don't know what my siblings like to eat, so I made a little bit of them. They are all home-cooked dishes. Don't dislike my siblings." Zhang's sister-in-law sat down and said to Shen Qinglan.

"I'm not picky eaters. My sister-in-law's dishes are full of flavors and flavors. It looks delicious."

Zhang Caodong and Fu Hengyi were drinking, while Shen Qinglan was chatting with Zhang's sister-in-law and occasionally said a few words to Jingjing. "You can eat more if you like it. You can often come to dinner at home." Zhang Sister-in-law is straightforward and enthusiastic. Shen Qinglan doesn't talk, and the two get along well.

Jingjing's etiquette for eating is very good, the table is clean and clean, and the food is only close to himself, and he will not rummage in the bowl. It can be seen that the parents have worked hard to teach.

"Why didn't you see the sister-in-law's younger son?" After dinner, she and Zhang's sister-in-law sat on

the sofa and chatted.

Zhang's sister-in-law was knitting a sweater, and it looked like a child. "That boy was crazy in kindergarten today. When he came back, he shouted sleepy and went to bed early. I didn't wake him up."

The two chatted one after another, and it was almost nine o'clock, and Jingjing's children had a little bit of head. Obviously they were sleepy. Shen Qinglan and Fu Hengyi offered their resignations.

"Brother and sister, come to the sky to play, your sister-in-law will be at home alone in the daytime, just as you are a companion." Zhang Caodong said with a smile.

Shen Qinglan responded well.

From the Zhang family, Shen Qinglan walked beside Fu Hengyi. "Sister Zhang's sister-in-law and brother Zhang have a good relationship?" From every move tonight, Shen Qinglan can see that Zhang Caodong and his wife have a good relationship.

Fu Hengyi nodded, "Their feelings are indeed very good. Brother Zhang is also from Shandong. He and Zhang's sister-in-law are university classmates. After graduating from university, they went directly to the army and served as soldiers. This relationship has been maintained for eight years, the two have never found a chance to get married.",

"Does the family not object?" Shen Qinglan was curious. In such a situation, most girls' families would object.

"No, my sister-in-law's family has always opposed her being with Brother Zhang. After all, the two have too little time together. Unless Brother Zhang retires, even if they get married, they will be separated. The sister-in-law was promoted because of her outstanding ability. Soon, the annual salary was not comparable to that of Brother Zhang's soldiers.

The family members persuaded them to break up, even Brother Zhang later hesitated. After all, Zhang Sister-in-law was too good. Even if he tried hard, he couldn't keep up with his sister-in-law's pace, and then he broke up. Zhang Sister-in-law resigned in a rage and ran to the capital to find him. In front of the people in the military area, she proposed to Brother Zhang, and the two of them got married.

Because Zhang Sister-in-law's unauthorized decision-making, the elders in the family were furious and threatened to break up with Zhang Sister-in-law. Later, Zhang's sister-in-law became pregnant and quit her job in Beijing directly. With Brother Zhang, she joined the army. It wasn't until the second child was born that her relationship with her family eased."

Shen Qinglan listened quietly, but did not expect that the hearty woman had such a dare to love and hate, but Shen Qinglan glanced at Fu Hengyi, she thought, she would choose to do it instead.

Entering the house, Shen Qinglan glanced at Fu Hengyi slightly, "How do you know so clearly?"

"Brother Zhang told me when he was drunk." Fu Hengyi said, the rough Shandong man, who was crying like a child after he was drunk, kept saying sorry to his wife, and let her suffer so much for his sake. Give up so much.

Even if he was just an outsider, he was very sad when he saw it. At that time, he and Shen Qinglan didn't know each other.

Fu Hengyi suddenly stopped and looked at Shen Qinglan's eyes, "Qinglan, I am a soldier. I love this army. In a short time, I may be like Brother Zhang. I have little time to return home and can stay with me. You have less time, you have to eat alone, sleep alone, and maybe even something is wrong, I can't appear beside you in time. Having a husband is like having no husband. Will you complain that I will pull you into this way? life?"

His eyes shivered slightly, exposing his inner tension at the moment.

Shen Qinglan sighed softly, stepped forward, hugged his waist, and opened his mouth gently, "Fu Hengyi, I never regretted my choice." On the contrary, I am very grateful to myself for making that decision. I am also grateful to you at the beginning and agreed to my decision.

Fu Hengyi's heart slowly landed, his eyes sparkling, "Even if regrets are too late, I don't want to let go of you anymore, I don't want to, and I don't want to. I'm destined to grow old with me in my life. ."

The low magnetic voice spit out the most touching love words in the world.

Shen Qinglan once again kissed Fu Hengyi's lips, which was different from the dragonfly spotting water during the day. This time, she protruded her tongue and portrayed Fu Hengyi's lips thinly and gently.

Fu Hengyi only felt a rush of heat rushing to his abdomen, his body tightened instantly, his eyes deep and deep, and one hand held Shen Qinglan's head, deepening the kiss.

At the end of the kiss, Fu Hengyi picked up Shen Qinglan and walked into the bedroom. The things that were not done during the day continued at night.

**

Yu Xiaoxuan felt that the recent Han Yi was very strange. He went to the company every day to report and did not say, and often appeared in front of her.

"Mr. Han, why are you here again?" Yu Xiaoxuan looked at Han Yi helplessly.

Han Yi's face is dark, this dead girl, I come to see you, but what do you mean by your disgusted expression?

Han Yi put a bag heavily on the table and responded angrily, "I can't eat enough?" He shouldn't have to queue up for an hour to buy this girl.

Yu Xiaoxuan shrugged his nose and his eyes lighted up, "Is Zhang Shengji's Shengjianbao, for me?" As he said, he reached out and opened the bag in front of him. The rich fragrance immediately spread in the space. Yu Xiaoxuan felt that he would instantly hungry.

"I feed the dog." Han Yi said maliciously, Yu Xiaoxuan had teeth, but he did not refute. Everyone had sent her food to her, and her attitude was really not good just now. Be considerate.

Well, she has a large number of adults and does not care about him.

The nose is pretty smart. Han Yi murmured secretly, watching Yu Xiaoxuan pick a bun and stuffed it in his mouth, eating a happy face, peach blossom eyes were full of smiles.

When Grandpa was still alive, he had heard Grandpa say that a person's eating can tell that person's blessing. Yu Xiaoxuan is a type of blessing. When you look at her for dinner, you will feel This world is really very happy. Living is a particularly happy thing. Watching her eat, even people with no appetite will become very appetizing.

Seeing Yu Xiaoxuan eating happily, Han Yi smiled, "I'm hungry too, why don't you give me one?"

Yu Xiaoxuan raised his head and held half a fried dumpling in his mouth, which looked very cute.

"I said I am hungry too, and I want to eat too."

Yu Xiaoxuan chewed the raw fried buns hard, but she wanted to talk, but now she couldn't speak, referring to the raw fried buns, and gave Han Yi an expression of "just eat if you want, I never let you eat".

Han Yiyi pointedly looked at the chopsticks in her hand. Yu Xiaoxuan suddenly realized that he handed the chopsticks to him, but Han Yi didn't answer it.

Yu Xiaoxuan twisted his eyebrows and swallowed the bun in his mouth. "Aren't you going to eat it?"

"You clip me." Han Yi said.

Yu Xiaoxuan's eyebrows tightened even more. "You don't have your own hands, won't you pinch?" A big man, who still needs to feed, is it hypocritical?

Han Yi's black face, this incomprehensible dead girl, how could he just look at her.

"I have been in the queue for such a long time, is it not too much for you to feed me a bun?"

This is not too much. Yu Xiaoxuan secretly slandered, picked up a bun and handed it to Han Yi's mouth, "Now, eat, Master Han."

Han Yi smiled and took a bite. Well, the taste is really good. No wonder this girl loves to eat. You can buy more next time. Like now, you take a bite of mine.

Han Yiwu thought cheerfully, but Yu Xiaoxuan looked at him with his eyebrows twisted, and eating a bun was so slow that he didn't finish a bite for a long time.

Han Yi swallowed the bun in his mouth and bowed his head to hold the other half in his mouth. This scene was not only seen by a passing assistant, who just arrived at the company and is currently serving as an assistant to another newcomer in the company. Just do it here.

Back to the new artist, the artist is losing his temper, because the advertising contract she just got was robbed by other artists. This contract was won by her, but she was robbed. It's strange not to be angry.

"Look at you one by one, you can't do anything trivial, I want you to do what? I invited you to work, not invited you to be an ancestor." The artist's angry face accused the makeup artist, And saw the little assistant come in, "And you, but you are asked to pick up a courier, did you go to Mars to pick it up?"

The little assistant didn't reply, silently lowered her head, she was used to it. She was her assistant, she could only suffer, but the makeup artist wasn't, she just came to a class today, and was flattened by the entertainer. It's very unsightly. I packed up things. "Since you think I'm not good at painting, please invite others. Also, my salary is paid by the company, not by you."

When you carry something, you have to leave. "It's not a skill, it's not bad temper."

The artist's face was blue and angry, and when he saw the other artists, he shouted, "Look what to see, what are you doing, all of you are idle and have nothing to do."

Other entertainers spent time with her and knew her temper and ignored her. She turned around and went to do her own job, too lazy to even look at her.

"I kept my head down and thought I didn't know you were scolding me in my heart?" No one can vent, and the artist transferred his anger to his little assistant, "I don't even look at me if I am red, I have you When crying, I was still stunned and quickly put things away."

The little assistant Wei Nuonuo responded well, went to put things, and went to a toilet.

"The temper of this artist in your family is really bad enough, that is, the tempers of the top stars are not as big as her, and they are not red. If they are red, they will not go to heaven. That is you. "The other artist's assistant just happened to come to the toilet. When he saw the little assistant, he couldn't help whispering.

The assistant smiled, "She can still do it on weekdays, even if she is in a bad mood these days, it's no big deal. She will be scolded and will not lose a lot of meat."

The assistant shook his head and disagreed with her attitude. They were assistants to entertainers, they were not their servants, and they did not sell them to them. How could they not talk to them properly? According to her, the assistant would often be scolded. It was her own cause. If you dare to resist, you can see if she dare to scold you like this.

"You are so good-tempered." The assistant said, and then suddenly approached the little assistant, whispering, "You know, the president came to the company again today, or came to Yu Xiaoxuan."

The assistant made a slight pause, remembering the scene he had just seen, hesitated and asked softly, "What is the relationship between Yu Xiaoxuan and the president?"

Assistant Wang looked around and found no one, so he whispered, "I heard, Yu Xiaoxuan was adopted by the president."

The little assistant widened his eyes, wouldn't it? Yu Xiaoxuan looked at someone who didn't look like that. Although she was not Yu Xiaoxuan's assistant, she had spoken to Yu Xiaoxuan's assistant. They all said Yu Xiao. Xuan's temper is particularly good, people are easy to get along with, and he is purely passionate. Will such a person be supported?

"Don't believe it, you think about it, your artist and Yu Xiaoxuan are at the same time, but Yu Xiaoxuan's commercials are one after another, and the TV series are also one after another. Now I have to work with Andrea Movies, this is obviously the company touted her. If she had the relationship with the president, would people help her like this? Divide her under Sister Linda, who is Sister Linda?"

The assistant gave a thumbs-up, "She is this in the agent, you look at how many artists in the circle are red with her."

"Perhaps the president is pursuing her. After all, she looks pretty." The assistant still didn't believe it.

The assistant chuckled, "Do you believe this? You look at how many artists in our company look better than her Yu Xiaoxuan. Let's say your artist is better than Yu Xiaoxuan, But who does the president look at?"

Besides, what is the identity of the president?The chairman and general manager of the Han Group, our Shengxuan is just one of the companies in his hands. With his family, is he actively pursuing a woman, or is it a mediocre woman?"

"Moreover," the assistant stopped. "The president is a famous playboy brother in Beijing. There are countless girls, but he has not been with the longest woman for more than three months. He changes women faster than clothes, as I see it. This is just one of Yu Xiaoxuan's. The president is still rare, so all

the resources are given to her. When the president looks at the newcomer, what might it be like."

"However," the assistant continued, "This Yu Xiaoxuan is also a bit capable. The former president did not come back to Shengxuan once a month. Recently, he often appears in the company. I also saw a bag in his hand today. It's estimated that it's not given to Yu Xiaoxuan. I just don't know how long she can hold the president."

The little assistant listened quietly, without interrupting. She didn't like to talk about people right or wrong, but she didn't interrupt others without permission. After listening to the assistant's complaint, she smiled, "This is all other people's business. It doesn't matter, we just have to do our job."

The assistant pursed his lips and said nothing, but he washed his hands, which was the end of the topic.

Outside the toilet, the entertainer stood there, clenching his fists with both hands, his face dull and unclear. When he saw that the person inside was coming out, he turned and left.

Back in the lounge, the more the artist wanted to feel the more uncomfortable, she just listened to the assistant's words. In fact, Yu Xiaoxuan signed a contract one month later than her, but the current development is that many people who have already signed the contract. In the first place, it is said that not being jealous is false.

She had never thought of starting with Han Yi before. Now think about it, Han Yi is the helm of the Han Group and the successor of the Han family. If you can climb him, even a short time is enough for her. When Han Yi is tired of her, then She could also get what she wanted, and Han Yi also looked good. She followed him without losing.

The artist looked at herself in the glasses, looked at her young and beautiful face, and smiled. She did have more capital than Yu Xiaoxuan, and Yu Xiaoxuan could do it. Then what was wrong with her?

Taking out the cosmetic bag, the artist carefully put on makeup for himself.

Chapter 202 Fight

"Hey, Yu Xiaoxuan, you eat so much, you are not afraid of fatness to you." Han Yi watched Yu Xiaoxuan eat the raw fried buns bit by bit, and even had no time to talk to him, could not help saying.

Yu Xiaoxuan raised his head from the raw fried bun, Han Yi bought fifteen raw fried buns, except for the one he just ate, all the remaining ones went into Yu Xiaoxuan's stomach, and the last one was in her hands at the moment on.

"I haven't eaten Zhang Shengji for a long time, and now I have to exercise every night so I don't get fat."

Han Yi raised his eyebrows, "Do you exercise every day?" Why did he not believe it?

"Of course, Qing Lan said, insisting on exercise is for better weight loss." Since the last time she entered the hospital because she ate more meat, Linda suddenly loosened her food control a lot, but also proposed a little Ask, you can eat, if your weight rises, then...hehe...

In order to eat better, Yu Xiaoxuan naturally put a lot of effort into the exercise. Linda could not help her blindly exercise, but also specially invited her for a personal training, from time to time to take two exercises for Yu Xiaoxuan The photo, which sent her to a specially opened Weibo, is also a means of publicity.

Because of Yu Xiaoxuan's serious exercise, Linda has not been so strict with her diet recently. Compared to before, Yu Xiaoxuan's life is much happier now.

Han Yi actually knew that Yu Xiaoxuan was exercising every day. After all, he followed Yu Xiaoxuan's Weibo. Thinking of this, Han Yi stretched out his hand.

Yu Xiaoxuan looked at the hand in front of him, and looked at Han Yi in confusion. "Why? You are still the last one to cook? You still want to grab it with me?"

Han Yi's black face, does he look so greedy?

"Take the phone." Han Yi was not angry.

"Oh." Yu Xiaoxuan handed him the phone obediently, Han Yi took it, looked at the combination lock above, entered a few numbers, and it turned on, he secretly shook his head, this girl was too hearty, the password The birthday is set directly.

Opening the Weibo on the phone, it turned out that the girl did not pay attention to herself, really a dead girl with no conscience, he had not paid attention before. After paying attention, Han Yi returned the phone to her.

"What are you doing with my mobile phone?" Yu Xiaoxuan realized afterwards.

"Yu Xiaoxuan, have you always been so slow in your response?" Han Yi sneered. He had finished the operation before she reacted, and she had never seen such a stupid person.

Yu Xiaoxuan gas, "You are dull, your whole family is dull."

Han Yi smiled and shook her head, knowing that she still had work next, so she didn't plan to pull her anymore. "Yes, I still have things. Let's go first."

The car key flickered in his hand, and he got up and left.

"Han Yi, thank you today." Behind him came Yu Xiaoxuan's crisp voice.

Han Yi hooked her lips gently, and she was in a good mood, but she didn't turn around and waved her hand behind her.

"Mr. Han." A female voice sounded behind her, charmingly and gently.

Han Yi's footsteps turned and saw a woman standing not far from him, looking at him with affectionate emotion.

Han Yi raised his eyebrows. He had seen more of this kind of drama, and he would not think it was a coincidence. Naturally, he was specifically waiting for him.

Seeing that Han Yi did not leave, the woman felt happy and walked a few steps. She walked in front of Han Yi and smiled softly, "Han, Hello, I am Su Ling. It is an artist under Sheng Xuan."

Su Ling is the entertainer that the young assistant who accidentally saw Yu Xiaoxuan feed Han Yi to eat steamed buns. She overhears the conversation between the assistant and others, and she is very worried about Han Yi, but there are many people in the company. Miscellaneous, she was difficult to get started, and did not know Han Yi's contact information, so she could only wait for him in the parking lot, and she was waiting for her.

"Something?" Han Yi said, his tone very calm, and he couldn't see the emotion in his eyes.

Before Su Ling came down, she changed her clothes deliberately to show her perfect figure, especially her proud upper body, which flickered under Han Yi's eyelids. No man saw such a picture. It should be indifferent.

Su Ling's eyes darkened, and he continued to work harder, and moved closer. "Mr. Han, I wanted to meet you a long time ago, and I came to Shengxuan just for you and me. I'm glad to meet you today. I don't know Han. Can you always exchange a contact?"

She said shyness and timidity. The hint in her eyes meant that as long as it wasn't a fool, she could

understand it, not to mention the wind-moon veteran like Han Yi. Han Yi crossed his eyes with irony. He looked like such a hungry person? He must accept any woman rushing?

"Done?" Han Yi's tone was slightly cold.

Su Ling was stunned for a while, and it seemed that some reactions could not come.

"I'm not interested in women of your type. Now that you're done, you can go." Han Yi was too lazy to talk nonsense to her.

Su Ling was really stunned this time. He looked at Han Yi who left unbelievably, caught up instinctively, and took Han Yi's hand.

Han Yi lowered his eyes and looked at his pulled wrist, his eyes chilling, "Release."

Su Ling fought a cold war and subconsciously let go of Han Yi's hand. The momentum of Han Yi was just too cold.

Han Yi turned around and looked at Su Ling. He faced this face for the first time. "If you want to make a change, you might as well improve yourself at this time. Although I have a lot of money, my company does not support idlers."

Su Ling's face was blue and white, especially the disdain in Han Yi's eyes, which made her even more helpless. She stood there at a loss. She actually did this for the first time, and felt embarrassed.

Han Yi didn't look at the woman, and drove away.

Su Ling stood in the same place, her face full of saucer purple, was embarrassed and angry, always the man holding her, the first time he was stepped on the foot by the man, or came to the door by himself, this kind of feeling simply wanted to die.

She stomped her feet resentfully and turned to go up, but when she saw Yu Xiaoxuan by the elevator, her face suddenly changed.

Yu Xiaoxuan came down to give Han Yi a wallet. After Han Yi left, she found that his wallet fell on a chair and quickly took it down to him, but did not expect to see such a scene.

"Why are you here?" Su Ling's tone was very bad.

Yu Xiaoxuan was a little embarrassed on his face. After all, even when he saw this kind of thing, he was hit by the person concerned, but Su Ling's tone made Yu Xiaoxuan uncomfortable. Your rejection by a man was not caused by me.

"Where I love is where I am, it's your business." Yu Xiaoxuan is also not polite, you are not polite to me, I

need to be polite to you, she has always been how others treat her, she How to treat others.

"Yu Xiaoxuan, didn't you just read my joke, what do you proud of, how long do you think you can be proud? But it's just a man." Su Ling hated, Han Yi would be so faceless, it must be that he just Seeing Yu Xiaoxuan here, deliberately embarrassed her.

Where did Yu Xiaoxuan know that he was so angry, even Han Yi didn't know that Su Ling thought so. After all, there was a pillar in front of the place where Yu Xiaoxuan stood. From the perspective of Han Yi, it looked like Miss her.

Although I don't know what Su Ling thought, Yu Xiaoxuan was very uncomfortable with her words. She entered the Shengxuan by means of relationships and got some resources by means of relationships, but she also made efforts. Now Su What does Ling mean, does she want to say that she betrayed herself?

"Su Ling, keep your mouth clean. If you talk nonsense, believe it or not, I tore your mouth." Yu Xiaoxuan looked obediently, that's because others didn't mess with her, she got her, she Become a little Tyrannosaurus in minutes.

"I am not bullshit, you know clearly, who in the company does not know that you have a leg with Mr. Han, otherwise, everyone is a newcomer, why do you have a non-technical background can be divided under Linda's hands, and get it So many resources." Su Ling looked disdainful, don't make a female watch and wanted to set up a torii, if you confess quickly I can still look at you.

Yu Xiaoxuan's face changed, "Su Ling, you need to prove the evidence, otherwise I can sue you for slander."

"You go to sue, the facts I said, what I am afraid, the big deal is that I'm not doing it in Shengxuan." Su Ling broke the jar, and her manager still had several entertainers in her hands. Now she doesn't even care about her, otherwise she It won't be so urgent to climb Han Yi. Since the development in Shengxuan is no longer possible, it is better to leave early. It would be better if Shengxuan actively terminated the contract with her.

"You're still afraid of people doing this kind of thing. In fact, these are nothing in our circle. You are not the first one, but Han Yi is a famous playboy in Beijing. He has slept a woman older than your age. There are so many, you, it's better to work harder, so that he won't kick you early." Su Ling said cheerfully, watching Yu Xiaoxuan's more and more blue complexion inexplicably happy.

Yu Xiaoxuan rushed up and waved a slap. This slap didn't leave his hand at all, and Su Ling's face was all over.

Su Ling looked at Yu Xiaoxuan in disbelief, "You dare to hit me, why do you hit me?"

Yu Xiaoxuan blew his hand. It was so hard just now, so painful, her palms were all red. "If you hit you,

you will be beaten. Do you have to pick a day?"

Su Ling's face was twisted and she had to slap her face at Yu Xiaoxuan. She was never a good-tempered person, and Yu Xiaoxuan started again. It was strange that she didn't fight back. The two of them were together in the parking lot. In the end, the security guard in Zi'an's monitoring room realized that something was wrong and hurried over to pull the two away.

Fortunately, this is the dripping parking lot of Shengxuan. The management is strict. The average paparazzi cannot get in, otherwise tomorrow they will become a joke in Beijing.

"Let's talk, what the hell is going on?" Linda looked at Yu Xiaoxuan with a cold face. She didn't see it at first glance, and Yu Xiaoxuan caused trouble for her, fighting with her company's artists in the parking lot. , You are really capable.

Yu Xiaoxuan shrunk her neck, "She scolded people first."

Su Ling was sitting on the other side, next to her was her agent Anna, and her face was embarrassed at the moment. Anna was also an old man in Shengxuan. Although Linda could not compare, she also had many entertainers.

"It was her who started the beating first." Su Ling pointed to Yu Xiaoxuan and screamed that her face could not be seen at all now, and she was swollen and bruised.

Women care about their own faces, not to mention the people who rely on their faces to eat. She doesn't need to look in the mirror. She knows what her face looks like now. She looks at Yu Xiaoxuan bitterly.

Yu Xiaoxuan stared back unwillingly, "If your mouth is not so stinky, I will hit you? Do you dare to say those words that you scolded me?"

Su Ling's eyes flashed a guilty conscience, she dared to say those words in front of Yu Xiaoxuan, she was not afraid in front of Linda and Anna.

"Yu Xiaoxuan, do you still have a reason to fight?" Linda angered, pointing at Yu Xiaoxuan's face, "You look at your ghost now, you can't shoot the afternoon commercial?"

Although Su Ling was beaten into a pig head by Yu Xiaoxuan, Yu Xiaoxuan didn't take much advantage of himself, and there were several traces of his nails scratched on his face. Although there was no bleeding, it was like this. The foundation can't be concealed.

Yu Xiaoxuan stopped talking. She was so angry at the time that she did not consider the consequences.

Anna hasn't spoken. She probably understood after the incident. She glanced at Yu Xiaoxuan, knowing that this is a newcomer recently greeted by Linda and President Han. She knows the temper of Su Ling,

and it must be said by Su Ling What two talents will do.

"Sister Linda, this thing is wrong with my family, Su Ling. You are a large number of adults, don't care about her generally. Su Ling, apologize to Xiao Xuan." Anna chose to calm down and go on, and it will definitely not benefit Su Ling, although she I don't like Su Ling, and I'm going to chill Su Ling recently, but after all, I am an artist under my hands and I can't ignore it.

"Anna, who is your agent in the end, I'm right, why did you make me apologize, obviously it was she who beat me first!" Su Ling was disappointed, very disappointed, disappointed with Anna, disappointed with Sheng Xuan, she was originally Why do you want to go to Shengxuan?

Others' agents help their own artists, but her agent, even with outsiders to blame her, you see Linda, although he was angry at Yu Xiaoxuan from the beginning, but all the sentences are For her goodness, where she is like Anna, let her apologize to Yu Xiaoxuan.

Can you tell which side is the pro and which side is sparse?! am your entertainer. In the future, I will be good if you become red. Are you helping others bully me now?

Anna can't understand the meaning of Su Ling's eyes. She just feels that this person is stupid and hopeless. She is helping her now. This matter can only be changed into small things. Yu Xiaoxuan and Mr. Han leave Get close, don't she know?If Mr. Han knows this matter, no matter who is right or wrong, the bad luck is you Su Ling, you can't understand the current form?

I have known for a long time that Su Ling's personality is wrong, and he is very proud and arrogant, but I didn't expect to be so confused.

"Anna, I still see it clearly, otherwise people really think we are Xiao Xuan bullying people. I know Xiao Xuan's temperament. He is very docile. If someone else does too much for her, Surely I won't do it. Xiao Xuan, what is going on today?" Linda said.

Yu Xiaoxuan hesitated. This made her say. Although she didn't think she was doing something wrong, she couldn't say anything about Su Ling.

"Speak clearly?" Han Yi's voice came from the door, and everyone looked at him.

Han Yi didn't look at them, but looked at Yu Xiaoxuan. When he saw Yu Xiaoxuan's face clearly, his face suddenly cooled down, and his eyes were distressed.

No one thought that Han Yi would come back suddenly, didn't he leave?

Han Yi did go, but halfway through, he found that the wallet was here, so he folded back again, and as soon as he walked into the company, he heard others talking about Yu Xiaoxuan fighting with others.

"Who will explain what's going on?" Han Yi said coldly, asking everyone, but it was Yu Xiaoxuan.

Yu Xiaoxuan has kept his head down since Han Yi came in, trying to reduce her sense of existence. Then, she didn't know what happened.

"No one speaks?" Han Yi's eyes turned around everyone, and finally fell on Su Ling, "Who are you?"

Su Ling stiffened, and they had seen each other just half an hour ago, and Han Yi immediately forgot, "Mr. Han, this is Su Ling." The word Su Ling deliberately bitten.

Han Yi immediately remembered that it was the woman who recommended the pillow to him.

Seeing Han Yi think of it, Su Ling's eyes are slightly happy, it seems that President Han is not completely impressed by her.

"You tell me, what the hell is going on, why did you do it?"

"Mr. Han, it wasn't me who started first," Su Ling explained, and raised his hand. "It's her hand that started. I'm just protecting myself." Didn't I see what I was beaten by her, Mr. Han, You see clearly, this is a tigress, you quickly dumped her.

"Tigress" Yu Xiaoxuan didn't say a word. Even when she faced Su Ling's accusation, she didn't refute it like Linda had just said. This thing was completely caused by Han Yi, and he was the culprit.

"Mr. Han, there is a reason for this incident." Linda stood up and explained that she could not make Han Yi feel that Yu Xiaoxuan was pampered and arrogant. "Although it was indeed Xiao Xuan's first move, Su Ling said Some of Xiao Xuan's words, Xiao Xuan will not start until he is anxious."

Han Yi's eyes were cold, "What did she say?"

Linda said, where did she know that she was about to go to Yu Xiaoxuan to explain the matter of taking an advertisement in the afternoon, and she was gone, and when she was found, she was like a ghost.

Han Yi looked at Su Ling. Su Ling lowered his head in a guilty conscience. If those words were known by Han Yi, she would definitely have no good fruit to eat.

"Mr. Han, Su Ling has been beaten up like this now, and he has learned a lesson, so let's just forget about it." Anna couldn't help it.

"Forget it?" Han Yi chuckled. Although he was laughing, no one present thought he was in a good mood. "Why don't you know that Yu Xiaoxuan can bring profits to the company now?" Now her face is like this, at least one week can not attend any activities, do you know the loss?"

Han Yi asked, in fact, not as exaggerated as he said. Yu Xiaoxuan is now the newcomer to be promoted by Sheng Xuan, but the commercial value is far less than the point that Han Yi said. Even if he cannot

attend the event for a week, it also causes Not much loss, at most, the commercial shooting in the afternoon will be postponed.

This is to stand on the side of Yu Xiaoxuan. None of the people present were fools. Naturally, Su Ling twisted a face. The meaning in Han Yi's words was plainly that he had no commercial value at all.

"Mr. Han." Su Ling said.

It's just that Han Yi didn't finish talking to her, and interrupted her. He glanced at Su Ling coldly, and then looked at Anna, "Su Ling's temperament is too impetuous and needs to be tempered. When will it be changed, what? When we meet again, we can't make people feel that our artists in Shengxuan are of poor quality."

This is to refrigerate Su Ling. Su Ling's face was white, and Anna's eyes dimmed slightly, but she didn't say anything, and nodded, "Got it, Mr. Han."

"Mr. Han, you can't do this to me. You can't help Yu Xiaoxuan because you are your woman." Su Ling refused to accept it. If she canceled the contract directly, she would change the company if it was a big deal. Sooner or later One day early, but if it is refrigerated...

Han Yi sneered, "I don't know if Yu Xiaoxuan is my woman, but I know that half an hour ago, someone came to me from the recommended pillow."

In a word, Anna's eyes changed to Su Ling, and there was nothing to understand now. Everyone else in the room knew it well. Yu Xiaoxuan looked at Su Ling and felt a little uncomfortable.

Su Ling's face was pale. Where did she know that Han Yi had said so.

Han Yi didn't look at her anymore, took Yu Xiaoxuan's hand, and left in disregard of everyone's eyes.

Yu Xiaoxuan followed Han Yi directly and went to Han Yi's office. His office was decorated like his home, which was very luxurious. Although Yu Xiaoxuan had been in Shengxuan for a long time, it was his first visit to him Office.

"Sit down." Han Yi said quietly, and Yu Xiaoxuan saw that he was in a depressed mood, and did not dare to refute. He sat down on the sofa and bowed his head.

Han Yi walked into the lounge and soon came out again, holding a small medicine chest and an ice pack in his hand.

"Look up."

Yu Xiaoxuan looked up.

Han Yi's face was very stinky. Looking at the blue and purple on Yu Xiaoxuan's face, his mood was even more depressed. He left for half an hour, and she tossed herself like this.

"Don't you know if you got beaten?" Han Yi took out alcohol and disinfected the wound on Yu Xiaoxuan's neck. Although the scratches on her face did not bleed, the bleeding on her neck was red, and the red marks it looked dazzling.

"I have a fight back." Yu Xiaoxuan murmured, did not see Su Ling's face is more serious than her?

Han Yi smiled, "You still have reason? Haven't you seen you so stupid, but you just do it? I don't know if it is the most stupid? Or do you do it in a large audience, which is fortunately in the underground garage, if it's outside, would you like your image?"

"Hiss, you lightly." Yu Xiaoxuan snorted softly after being stimulated by alcohol.

"Now I know that it hurts. What did you do at that time? You were really brave." Han Yi sneered, but his movements were subconsciously lightened.

"Then don't fight back, let her scold, I won't do it."

Han Yi would like to say that alcohol cotton is pressed heavily on the wound, and it hurts her to forget it.

"If you encounter this situation again in the future, don't do it in front of people, let alone do it first, and you who have been irrational will become irrational."

"Don't you endure it, forget it?" If so, she would definitely not be able to do it, and she was not the Virgin Mary. Why should someone bully her, she couldn't bully back.

"It's not for you to endure." Han Yi rolled her eyes and was really speechless about her IQ. They all said that the child's IQ follows her mother. What can his child do in the future?

Han Yi is very worried about his future children.

"Don't you know that there is a word called Qiuhou to settle accounts? There are so many things you can do in the background, why do you want to put people on the bright side? Stupid or not?" Han Yi reached out and nodded her forehead.

Yu Xiaoxuan grumbled and grumbled, "I can't help it." With a hint of coquettishness.

Han Yixin softened and sighed, "I will encounter this kind of thing in the future, call me and tell me, I will help you teach them."

"You still forget, I can solve it myself." Yu Xiaoxuan refused. What happened today is because he provokes him. If he is asked to help him again, his real hands will not be clear in the future.

Han Yi helpless, this dead girl, is it so difficult to accept his kindness?

"Put the ice pack on." Han Yi handed the ice pack to Yu Xiaoxuan. "Have a good rest at home in the past few days." This way, there is really no way to work.

Yu Xiaoxuan also knew that his image was terrible, and he did not refute it. He accepted the suggestion, "Is the salary deducted?" He glanced carefully at Han Yi.

"Do not deduct." Han Yi was not angry, and obviously did not live a hard life, so just sting.

**

When Shen Qinglan got up, Fu Hengyi was gone, and a note was placed on the dining table, telling her to warm her breakfast in the kitchen.

Shen Qinglan smiled slightly, walked into the kitchen and ate breakfast, then rolled up his sleeves, swept the hygiene in the room, and washed the clothes of the two.

Although it is a one-bedroom, the area is not small. The bedroom has a large bay window. Shen Qinglan grabbed the armrest and sat on the bay window. From this position, you can see the situation on the military playground from a distance.

A lot of people are training on the playground, shouting the slogan "one two one", clanging powerfully, from a distance, they can only see a piece of green clothes, probably a square team.

Shen Qinglan bent her legs, leaned her head on her knees, and quietly looked at the playground in the distance. This was her first visit to the army. It was not counted as a child. When Grandma Shen was alive, she had heard her grandmother say, When I was a child, my grandfather often carried her to the army and showed off in front of the group of old comrades, saying how cute and clever his granddaughter is. My granddaughter is the best in the world, and no one can match you. The old comrade would like to pounce on him and ask him to give him two. Just your granddaughter, just your humor, hum. When I go back, let my son give birth to a granddaughter, which is smarter and more lovely than your granddaughter.

Shen Qinglan thought, if she had been in Shen Parents' School since she was a child, would she be a member of this group of people in green clothes now?

In those years at the Devil Training Base, my memories of my childhood were already very vague. The only thing I remember clearly was the green uniform, grandpa's, dad's...

Shen Qinglan sat on the window sill for a long time, and watched it for a long time, his mind was flying, a scene of being trained in the base, a scene of fighting against wild beasts in the virgin forest, and almost swallowed by sharks in the sea. The scene was a moment when blood was sprayed on her face, a

moment when Fu Hengyi looked at her tenderly, and a moment when she was in the rain forest, when she and Fu Hengyi faced each other.

She stretched out a finger and gently stroked on the window glass. If you look closely, you will find that she is drawing a portrait, exactly like Fu Hengyi.

Shen Qinglan sighed softly, Fu Hengyi, if you knew my past, what would you do?

At this time, Fu Hengyi was training, with a serious expression on his face, but Mu Liancheng, who was familiar with him, saw at a glance that he was absent and shook his head. Sure enough, he was a married man. It was different after he was worried.

"Captain." Mu Liancheng respected a military salute and shouted loudly.

Fu Hengyi looked back at him and gave him a cold look. Mu Liancheng smiled and walked in a step, "That captain, I heard that the sister-in-law was here, and asked her to have a meal together at noon, I will wait for the A canteen later Master Jiang's cooking a small stove for us."

Master Jiang's craftsmanship in the A canteen is a must, especially the braised lion head. It's not too delicious to cook, but he only cooks it once a week, and he can only eat it by grabbing. He hasn't eaten it for more than a week. .

Fu Hengyi wanted to accompany Shen Qinglan for lunch, and he naturally agreed to push the boat along the river. This time, besides Mu Liancheng, he also had three other team members who came to the military area as an instructor. Mu Liancheng simply called.

"Noon training can't fall, this batch of physical fitness is too poor, focus on physical fitness in the past two weeks, if physical fitness can't be pulled up..." Fu Hengyi gave a meaningful glance to Mu Liancheng.

Mu Liancheng was too familiar with Fu Hengyi's eyes, and he stunned him, "The captain rest assured that he will complete the task."

This selection is to select new recruits for the special forces. Naturally, the ability in all aspects should not be too bad. Mu Liancheng also knows that the importance of physical fitness is more clear. He took a whistle and took a whistle.

"All of them, five kilometers off-road, five kilometers armed crossing."

Fu Hengyi stood for a while, confirmed that there was no problem, and then returned to the office. He turned on the computer and began to write a report. His computer desktop was full of dense documents, all about this recruit selection training.

After writing the new training plan, Fu Hengyi picked up the phone and called Shen Qinglan. There was signal shielding in the military area, only the dormitory building did not, and of course, the family

building.

The landline at home sounded a bit, and Shen Qinglan still couldn't react. After all, she rarely used a landline since she had a mobile phone. After a glance, she picked it up and it was Fu Hengyi.

"At noon, Mu Liancheng and they want to have a meal with you. What do you mean?" Fu Hengyi asked Shen Qinglan for the meaning. If she didn't want to, he wouldn't force her.

"Okay. Where? Are you going outside?"

"No, in the cafeteria A, walk out of the family building at nine o'clock, 500 meters, the second floor." Fu Hengyi reported his position.

Shen Qinglan passed through her mind and knew, "Got it, pass now?" She glanced at the wall clock on the wall. It's a little early.

"No, you can come out after two hours, too."

"Have you eaten breakfast?" Fu Hengyi didn't forget to ask her, afraid she would be hungry.

"have eaten."

"Are you bored at home?"

"Fortunately." In fact, she is quite used to being alone.

Fu Hengyi knew that Shen Qinglan liked to read books, and said, "I put a few books on the table in the bedroom, did you see them?"

"I saw it, I was just watching it."

The two chatted with each other for a while, and they were both very boring topics, but the two of them were not bored at all. Shen Qinglan even liked this light and warm atmosphere.

After talking with Fu Hengyi for half an hour, I hung up the phone.

Shen Qinglan glanced at the desk. Sure enough, there were several books. She didn't even notice. She picked up one and turned it over. They were all geographical magazines or inference novels, and there was also a military novel.

Shen Qinglan picked up a military novel, turned two pages, and found it quite interesting. He moved a chair to the balcony and watched it quietly.

It wasn't until Fu Hengyi called again that she realized that the time was almost up, "I will come out

immediately."

"No hurry, time is up, you just walk slowly."

Shen Qinglan hung up the phone, put on his jacket, and then walked out of the family building. The sister-in-law Zhang came downstairs, "Sister, where are you going?"

Shen Qinglan smiled slightly, "Heng Yi said let me go to the cafeteria to eat."

"Hey, what canteen? Go to the sister-in-law's house to eat. The canteen is a big pot of rice. Where is the delicious food made at home. Just right. Your elder brother Zhang will not come back to eat at noon. I am also bored to eat alone."

"Heng Yi said he wanted me to meet his brothers." Shen Qinglan was a little embarrassed.

Zhang's sister-in-law smiled, "That's all right, you go, and you'll have to eat at home another day."

"Thank you sister-in-law."

"Don't be so polite, come often to play." Zhang sister-in-law went upstairs, Shen Qinglan continued to walk in the direction of A canteen.

Suddenly appeared in the strange face of the military area, the facial features are so outstanding, naturally it will attract a large number of eyes, but these eyes are more appreciated, without the slightest maliciousness, it is Shen Qinglan who is used to the dark side, bathed in this Under her eyes, her mood could not help but relax. No wonder Fu Hengyi would like the army. She thought that if it were her, she would also like the army.

The fundus slightly dimmed, with some regrets, this life is impossible.

Fu Hengyi saw Shen Qinglan from afar, "what do you think, do not concentrate on walking." Seeing that Shen Qinglan was going to walk towards a tree, Fu Hengyi was helpless.

Shen Qinglan looked back. When he saw Fu Hengyi, he naturally saw the big tree and touched his nose. "It's nothing. I'm thinking if there is any stationery store recently. I want to buy some painting and painting tools."

She hadn't planned to stay for a long time this time, so she didn't bring these things with her, and now it's still a little misthinking.

"I will go home with you after dinner." The nearest place is also three kilometers away from here, and it is still a small stationery store. It is sold by students. I am afraid that the professional tools Shen Qinglan wants are still in use. Go to the city to buy it.

"Will you not be delayed?"

"It's okay, I'll just ask for a leave later." He still has the right.

Chapter 203 Grandpa Fu is too handsome

"It's okay, I'll just ask for a leave later." He still has the right to do this.

There is a small box on the second floor of the canteen A, which is intended to be used by the leaders who come to the army to inspect. Today, Fu Hengyi greeted the canteen in advance, and the box was empty.

It was the meal, there were many people in the cafeteria. Fu Hengyi took more people when he passed Shen Qinglan from the cafeteria. Fu Hengyi bowed his head slightly and talked to Shen Qinglan. Shen Qinglan's face was cold, but not It makes people feel cold, but only feels that her temperament is elegant and dusty.

Fu Hengyi itself is a legendary existence in the army, and Shen Qinglan's appearance is so outstanding, the two people walking together only give people a feeling of being male and female.

Although Shen Qinglan had just arrived in the army, she was already accustomed to this kind of gaze, and she was only unaware of her attention.

Jiang Wen silently looked at the backs of the two, withdrawing his gaze, looking at the food in the bowl, but couldn't swallow it. Her eyes were dark.

She never knew that she and Fu Hengyi were separated by thousands of mountains and waters, but Fu Hengyi was the highest mountain in her heart. She would never give up without trying it once. Now that she is together, even she has to Admit that the picture of the two together is very harmonious and beautiful, so beautiful that one cannot bear to destroy it.

The joint of the hand holding the chopsticks was slightly white, and Jiang Wenjing's face was pale, and she could clearly feel the pain from her heart.

"Wen Jing, what's wrong with you? His face is a little pale, and his body is uncomfortable?" the companion asked softly, with concern in his eyes.

Jiang Wenjing shook his head. "It's okay. I was on night shift last night. I'm a little tired now. I just need to go back to sleep later."

The companion glanced at the direction of Fu Hengyi's departure, and sighed slightly in his heart. The emotional things were barely reluctant. Jiang Wenjing's feelings for Fu Hengyi might only be the best relief for her.

"Go back and rest early if you're uncomfortable, everything will pass." The companion said deeply.

Jiang Wenjing smiled and lowered his head to grab a bite of rice in his mouth.

Mu Liancheng hasn't come yet, only Fu Hengyi and Shen Qinglan are in the box. Fu Hengyi is taking the order with the menu. Shen Qinglan glanced at it, it's all home cooking, but...

Shen Qinglan glanced at the food ordered by Fu Hengyi, took the menu, and ordered a few things, which are all ordinary people can eat or love, Fu Hengyi glanced at him, smiling, he just ordered Shen Qinglan to eat. Yes, they are a group of rough old men who are not picky eaters. Although their daughters-in-law are not picky eaters, but since coming here, they will always give her some good food.

"Master Jiang's craftsmanship here is very good, I specially asked him to take charge today, you try it." Fu Hengyi said after taking the menu out to the comrades of the cooking class.

"Actually, it's okay to go outside and eat a big pot of rice." Shen Qinglan said. She just noticed that there were many officers in the cafeteria eating. Presumably Fu Hengyi usually eats in the cafeteria below. Since she came here, she didn't intend to Special.

Fu Hengyi smiled and said, "It's not just for you. There are more people eating this time. It's more convenient for everyone to eat here."

Shen Qinglan knew it clearly, but it was not broken, and the husband and wife didn't need to tell everything.

"Sister-in-law is good!" A strong male voice came from the door. Shen Qinglan looked for it and saw Mu Liancheng who had had a relationship between two sides.

"Hello. Mu deputy" Shen Qinglan spoke warmly, gently lifting the corners of his mouth, softening the coldness on his face.

"Sister-in-law, just call me by name." Mu Liancheng walked in, followed by several people, all selected from Fu Hengyi's troops this time as instructors. Shen Qinglan also saw a familiar face in it last year. Seen in the hospital.

"Sister-in-law is good." Everyone greeted Shen Qinglan one by one, betting on her with a curiosity in her eyes. Fu Hengyi introduced her to each person's name on the side. Shen Qinglan took a moment to match the person with the name.

"Sister-in-law, I have been listening to our vice team and other brothers mentioning you, and now I see your true face of Lushan." A thin, tall man said with a smile, Fu Hengyi said his name was Zhang Wei.

"Sister-in-law, when are you going to have a wedding with our captain? Our red envelopes are ready." Another person named Qian Fei asked, this was the one Shen Qinglan felt familiar with just now.

"Sister-in-law, do you have any older sisters or sisters in your family? There are more single dogs in our team, please ask for introductions." This is what Meng Liang said. As soon as this was said, Shen Qinglan knew that this person was definitely a self-employed Cooked.

"You keep asking questions one by one as soon as you come, and you can't let your sister-in-law eat." Mu Liancheng said in a deep voice.

Everyone suddenly calmed down, and their eyes were embarrassed. For the first time, they saw the captain's wife so excited that they forgot to eat.

Shen Qinglan doesn't care about these things. "Wedding will be held in June. Everyone is welcome to come in time. But red envelopes are not necessary. Drinks are enough." Fu Hengyi's comrades-in-arms, brothers, the wedding is bound to be without them.

Qian Fei had a good impression of Shen Qinglan. Although Shen Qinglan looked a few years younger than him, the words she said in the hospital last time made him think that the captain would choose this woman as his wife. There is no reason.

"Sister-in-law, did you come here with the army this time?" Meng Liang asked, knowing that he had asked a stupid question after the question. The captain only came to the Beijing Military Region as an instructor for a few months, and would go back half a year later. How could it be possible to follow the army here, and their troops would not allow it.

"Hey, sister-in-law, I'm brain-tucked, you didn't ask when I was." Meng Liang laughed.

Although Shen Qinglan didn't talk much, she would take care of anyone who spoke to her, and she would be able to pick up the topic. Meng Liang, who hadn't contacted Shen Qinglan before, had a very good impression of her.

He now finally understands why the group of people who followed the captain's mission last time are all

praising how good the captain's wife is.

The soldiers have been eating fast. Although they have slowed down the speed of eating in order to take care of Shen Qinglan's speed, one meal was quickly finished. Fu Hengyi had already paid the bill in advance because it was opened Small stove, naturally can avoid.

"What do you do on weekdays? Have you been training all the time?" Shen Qinglan asked curiously, she had a desire to detect Fu Hengyi's past.

Mu Liancheng smiled gently, "Sister-in-law wanted to ask the captain. Actually, we are all troops who entered later than the captain. When we entered, he was already our captain."

"And still our instructors." Qian Fei added that during a meal, their relationship with Shen Qinglan got closer, and they talked a lot.

"The first time we met, we were given a fierce Ma Wei, which destroyed our self-confidence and called it completely." Meng Liang's face was bitter.

Shen Qinglan raised her eyebrows, "Oh?"

Seeing Shen Qinglan interested, Meng Liang got excited and continued, "We had a total of three hundred people who participated in the selection process. They were all leaders from various military regions. Their capabilities are certainly not weak, and they have their own pride."

"It was Meng Liang's most stingy, sister-in-law, don't look at him like this now. It can be pulled when I first came. The oldest posture in the world, the one who is the most dissatisfied with discipline is him. The captain had to clean up a few times before he learned the lesson." Qian Fei interjected, gloating in his face, as long as he remembered the scene where Meng Liang was cleaned up by Fu Hengyi.

Meng Liang also remembered, touched his head embarrassedly, and said with a smile, "That's not young and ignorant."

"Sister-in-law, I will continue to tell you that there were a lot of thorns in our group at that time. It was naturally unsatisfactory to see the captain such a young instructor. It was very polite to speak, and the captain didn't say anything at first, just behind. During the training, the intensity continued to increase. Only half a day, the physical strength of our 300 people was almost exhausted. The captain came lightly and said, "Can you be called a soldier like you?", a sentence, caused Everyone was angry. Some people said that the captain's bulletin was private, and even clamored that if the captain is not an instructor, he is not as capable as us, and then there will be a project game."

Thinking of that game, Meng Liang burst into tears. It was because he was the worst person to be abused. He made him lead the provocation.

Armed crossing, weight-bearing cross-country, 400-meter obstacle, shooting, fighting...Everything was

hit by Fu Hengyi. After losing, he still had to accept Fu Hengyi's cynicism. At that time, Meng Liang just wanted to quit. , But he was rushed back on the first day of unwillingness to enter and gritted his teeth.

Others also challenged Fu Hengyi, who was also beaten, but not as stingy as Meng Liang, and Fu Hengyi didn't say anything unpleasant.

Meng Liang then challenged several times, but every time he slammed, he worshipped Fu Hengyi one more point. After a few times, he became a fan of Fu Hengyi.

Meng Liang's eloquence is very good. He speaks vividly. When Fu Hengyi came back, he was talking hard.

"What are you talking about so happy?" Fu Hengyi walked in and asked Wen Sheng.

Meng Liang stopped sounding for a moment, and Shen Qinglan looked at Fu Hengyi with a smile, "Talking about your heroic deeds."

Fu Hengyi glanced at Meng Liang with no emotion.

"Well, sister-in-law, we'll wait for the training and we'll go first. You talk to the captain." Meng Liang stood up and ran away, Qian Fei said to Shen Qinglan and ran away.

"Sister-in-law, I have been sorry for the last thing." There was only Mu Liancheng in the box. He looked at Shen Qinglan and said seriously.

"You've already said I'm sorry." Shen Qinglan said, "And you didn't blame you for the incident."

Mu Liancheng took a deep look at Shen Qinglan, "Sister-in-law, thank you."

Fu Hengyi has been watching beside him, just looking at Shen Qinglan's eyes with a different kind of tenderness. In fact, he has always known that she is definitely not a passionate person. This time he is willing to eat with his brothers. The chat is purely because They are his brothers.

"I didn't expect you to have such a venomous side." When someone left, Shen Qinglan said quietly, just now Meng Liang retelled Fu Hengyi's original words that stimulated them at that time.

"I will never have this side of you." Fu Hengyi said with a smile.

This man!

Shen Qinglan smiled slightly and ended the topic. She suddenly remembered that when Fu Hengyi was hospitalized, Shen Xitong came to the hospital to see him, and his mouth was so poisonous.

Fu Hengyi went back to the office first, made a phone call, and then took Shen Qinglan home.

Because in the army, Shen Qinglan's mobile phone was in a blocked signal state. As soon as he left the military area, a lot of information rushed out of the mobile phone, there were message prompts, and WeChat. She read it one by one, Fang Tong, Yu Xiaoxuan, Yan Xi, her mother, her brother, Jin Enxi and Andre.

She first called back the first few people. As for Jin Enxi and Andre, she just sent them a text message to explain her whereabouts. The last time she left was a temporary intent, but she forgot to notify them.

"Also bring a few pieces of changed clothes." Fu Hengyi saw that she had only packed up her drawing tools and opened.

Shen Qinglan's movements came to a halt. Was he planning to make himself permanently in the army? But thinking that she has been fine recently, she simply agreed and she can see him every day, and she is indeed very happy, "Okay."

Fu Hengyi moved everything to the car and the two of them got on the car. "Aren't we going back to the military area?" Looking at the direction opposite to the military area, Shen Qinglan spoke.

Fu Hengyi explained, "I have always wanted to take you to see the old Chinese medicine. Since I came out this time, I will pass by."

Fu Hengyi had always kept this in mind, and Shen Qinglan did not object.

Shen Qinglan looked at the hospital in front of her, which seemed more like a nursing home. Fu Hengyi led her and walked in.

"Dr. Zhong, this is Fu Hengyi." Knocking on the door, Fu Hengyi said warmly to the people inside.

Dr. Zhong raised his head from the case, pushed the glasses on the bridge of his nose, and smiled very kindly, "Come in." Fu Hengyi had made many appointments with her, but she had been back at her son's home outside recently.

"This is your wife?" Dr. Zhong glanced at Shen Qinglan and asked with a smile, the tone was very familiar, I must have known Fu Hengyi for a long time.

It is true that Fu Hengyi has known Dr. Zhong for a long time. It is precisely because Mr. Fu was unwell seven or eight years ago. He had taken Chinese medicine for a period of time. The doctor in charge was Dr. Zhong."

"Girl, sit down, I will give you a pulse." Dr. Zhong beckoned, beckoning Shen Qinglan to sit down.

Shen Qinglan sat on the stool in front of her and stretched out her right hand, revealing a snowy white wrist. Dr. Zhong rested on her wrist and carefully pulsed her pulse. Only three people could breathe in

the clinic for a time. sound.

It's just that as the pulse diagnosis continued, Dr. Zhong's brows were frowned. She glanced at Shen Qinglan and didn't speak. Shen Qinglan gave a chuckle in her heart. She knew that her body had suffered a lot of injuries due to training from an early age. A lot of hidden dangers were left. Although Eden had treated her, some injuries were left very early.

Fu Hengyi looked at Dr. Zhong's frown and was nervous. She put her hand on Shen Qinglan's shoulder and motioned her not to be nervous. Feeling the temperature on her shoulder, Shen Qinglan's heart gradually dropped.

Dr. Zhong withdrew his hand, glanced at Shen Qinglan, and glanced at Fu Hengyi again, "Do you want to go out first?" The words were spoken to Fu Hengyi.

Fu Hengyi's eyes narrowed and she glanced at Shen Qinglan, just in front of her gaze.

"Dr. Zhong, you just say it, it doesn't matter." Shen Qinglan said lightly. She had no need to hide from Fu Hengyi, except for that matter.

Since the person concerned didn't care, Dr. Zhong would naturally say nothing, Wen Wen asked Shen Qinglan: "Did you suffer from cold and serious injuries when you were a kid?"

Shen Qinglan hesitated for a moment and nodded. It is common to train in the environment of minus ten degrees in winter, not to mention serious injuries.

But Fu Hengyi's heart tightened when he heard this, and the hands on his side clenched into fists. He remembered the man who was with Shen Qinglan in the rain forest when he met her, although he had never seen that man. True face, but Fu Hengyi can be sure that this man's skill must be very good, and...

He glanced at Shen Qinglan, Qinglan, what did you experience as a kid? What is your past identity?

"Your body has been seriously injured, although the subsequent treatment is very successful, but it still leaves hidden dangers, and..." Dr. Zhong paused and continued to speak, "Will you get cold hands and feet in winter?" "

Shen Qinglan continued to nod, and she already guessed what Dr. Zhong was going to say, lowering her eyes slightly, looking at her abdomen.

"You are cold, so this is the case, but fortunately, you are still young, and you are still exercising. You have good health. You can take some Chinese medicine for a while, but you should still pay attention to it in the future. Ice or sexual cold Eat less food and try not to eat as much as possible."

Dr. Zhong glanced at Fu Hengyi, "Shouldn't you plan to have children in the near future?"

Fu Hengyi shook his head. He hadn't planned to have children for two years. "There is no such plan in the near future."

"Then I will prescribe some Chinese medicine for the little girl. Her body is not suitable for pregnancy now," said Dr. Zhong.

"This Chinese medicine tastes very bitter, but it has a good effect on your body. It takes three months to eat. Can you persist?" Dr. Zhong asked Shen Qinglan.

Shen Qinglan nodded, "Doctor, you can do as much as you want." She is not afraid of suffering.

"Dr. Zhong, if it can alleviate a bit of bitterness, can you give her..." Fu Hengyi said before Dr. Zhong prescribed the prescription.

Dr. Zhong smiled and saw that the young couple had a good relationship. Unexpectedly, Mr. Fu's grandson was such a painful wife.

Shen Qinglan slightly embarrassed, "Doctor, don't listen to him, you prescribe medicine."

"I'll open it for you for half a month, and you will come back in half a month. Are you frying on your own or frying yourself?"

"Fry yourself." She was in the military area recently, and it was inconvenient to substitute for frying.

Coming out of Dr. Zhong's office, Fu Hengyi went to pay for the medicine, and Shen Qinglan sat in the corridor of the hospital waiting for him, lowering his head and wondering what he was thinking.

"What do you think is so fascinating?" Fu Hengyi returned with the medicine, Wen Wen asked.

Shen Qinglan looked up, saw him, stood up, "Already?"

Fu Hengyi nodded and the two left the hospital.

"Fu Hengyi, sorry." At a traffic light, Shen Qinglan spoke softly.

Fu Hengyi froze for a moment, turning her head to look at her, "How can I say that?"

Shen Qinglan feels sorry, she actually wants to have a child for Fu Hengyi, and she knows that Master Fu has always been hoping for a great-grandson, but her body...

Fu Hengyi saw her silently and sighed slightly. After all, she was a sensitive girl and hugged her sideways. "Qinglan, I didn't plan to be a father so early, and for me, you are the most important, Even if you can't give birth, it doesn't matter, we can support each other for a lifetime, you are my daughter, I am your son, the world of two people in a lifetime is also very good. What's more, now your body is far from

reaching So bad." Even Dr. Zhong said, just three months of recuperation.

Shen Qinglan didn't speak, but took a deep breath. For Fu Hengyi's words, a gleam of crystals appeared in her eyes, which fell on Fu Hengyi's clothes on her chest, fainting a small dark trace.

The car behind honked the horn, Fu Hengyi let go of Shen Qinglan and started the car, but one hand held Shen Qinglan's hand and didn't let go.

Fu Hengyi also bought a pot for decoction before taking Shen Qinglan back to the military area.

Traditional Chinese medicine is fried in the morning and evening. In the morning, Fu Hengyi fries himself after getting up. In the evening, he can rush back when he is fried. If he cannot rush back, he does not forget to call back to remind Shen Qinglan.

"Sister, how does your family smell of Chinese medicine? Who is in poor health at home?" When Zhang Sister passed Shen Qinglan's house, she smelled the smell floating inside and knocked on the door.

"It is conditioning the body." Shen Qinglan explained.

Zhang's sister-in-law suddenly understood, "Are you planning to have a baby? That should be a good conditioning. When I was born in my family, I took Chinese medicine for half a year. I told you that women's firstborn is particularly important. If you are Good health, and the babies born are also in good health. My girl's body is very good, and she rarely gets sick."

Shen Qinglan wanted to explain, didn't say for a while, just listened carefully.

"Sister, if you are pregnant, you will eat less ice on weekdays. If you eat more ice, it is not good for girls. If you are pregnant, you must eat more fruit and walnuts..." Zhangsao Zi Talking, I can't wait to share my experience with Shen Qinglan in one go.

Although Shen Qinglan didn't prepare for pregnancy in a short time, he still listened carefully. These will always be useful in the future.

"Sister, if you don't understand anything after pregnancy, you can ask the sister-in-law. Although the sister-in-law is not professional, she has had two children, more than you know."

"Thank you sister-in-law." Shen Qinglan thanked seriously.

"Thank you, have time to sit at home." Sister Zhang looked at the kitchen, "Going to cook?"

Shen Qinglan smiled embarrassedly. She did not cook for the past two days, but she followed Fu Hengyi to eat in the cafeteria. She had no other dishes besides those dishes that she specifically learned from Songsao and Aunt Zhao. Too.

Zhang's sister-in-law is a wise man, seeing the embarrassment in Shen Qinglan's eyes, smiling, "Sister goes to sister-in-law's house with Heng Yi tonight for dinner. You should always get tired of eating in the cafeteria."

"No, sister-in-law, Hengyi will come back later, I'll just cook a few dishes."

Zhang's sister-in-law was not reluctant, nor was it too early, and she didn't stay much, so she went home.

Shen Qinglan opened the refrigerator and took a look. There were quite a few ingredients. He took out a few things he would do and then made a phone call to Fu Hengyi's office. He was lucky. Fu Hengyi was in the office right now and knew his wife would cook at night. I promised to go home as soon as possible.

In recent days, the recruits who came to participate in the selection felt particularly happy. Why? Because the instructor no longer listened to their training at night, without the big Buddha Fu Hengyi, for them, the pressure reduction is not a little bit .

I know it is because the wife of the instructor came to see him in the army. I am very grateful to the instructor's wife. They all prayed psychologically that Shen Qinglan could stay in the military area for a longer time.

This directly led Shen Qinglan to walk on the road of the military area, and he would meet young men who greeted her enthusiastically, and looked at her like a savior.

But these were all seen by Fu Hengyi, and several instructors held a meeting overnight, and they had a long talk. The next day, the training of the recruits doubled directly, even if Fu Hengyi was not on site, the taste was not Feel good.Of course, these are words.

"Good fragrance." Fu Hengyi smelled a scent of food as soon as she entered.

Shen Qinglan is serving the last dish, "Go wash your hands and eat."

Fu Hengyi went to the sink to wash his hands, and by the way, he took out the dishes. Shen Qinglan took out the tableware and chopsticks. "I will only cook these dishes. You will eat them." The dishes are still the same as Fu Hengyi's birthday last year A few things, because I haven't done it for a while, the craftsmanship is rusty again, and the taste is naturally worse than before.

Shen Qinglan doesn't know how to cook other dishes, but the taste is really very general, which is totally incomparable with Fu Hengyi's craftsmanship.

"The wife must be delicious." Fu Hengyi smiled lightly. He really felt that as long as this person made it, even if it was poison, it was delicious in his eyes.

"Fu Ye, you are a major general anyway. You are so faceless and skinless. You are not afraid of your

brothers seeing the joke." Shen Qinglan is very speechless. This man's increasingly thick-skinned face is really sweet words.

"I boast about my wife, not someone else, what I'm afraid of, and I'm telling the truth. If they are a joke, they are envious and jealous."

Shen Qinglan had already tasted a bite of tomato scrambled eggs at this time, which were already salted, and the eggs were a bit old. After hearing Fu Hengyi's words, she blushed slightly.

Shen Qinglan didn't eat much for dinner. She was taking Chinese medicine recently, and her appetite dropped a lot. Fu Hengyi was very worried. She also specifically called Dr. Zhong for consultation, knowing that it was normal, and she was slightly relieved.

Fu Hengyi killed most of the dishes by himself, got up and went to the kitchen to wash the dishes. When he came out, he carried a bowl of wine-stuffed Yuanzi soup in his hand, "I eat less at night, try this, I didn't put a lot of sugar."

In fact, Shen Qinglan couldn't eat any more, but Fu Hengyi's eyes still took the bowl and silently ate half a bowl.

"Okay, give me the rest." Fu Hengyi knew that she couldn't eat any more. After taking half of the excess bowl, she ate it cleanly before taking Shen Qinglan out for a walk.

The military area is still busy at night, and there are many people training on the playground.

"Fu Hengyi, what did you get into the army?" Shen Qinglan walked on the road of the military area, looking at the soldiers coming and going, and asked.

"At eighteen, I went directly to the barracks when I came back from abroad." Fu Hengyi said. A figure ran in front of him, probably rushing to do something. He ran in a hurry. Seeing that he would hit Shen Qinglan, Fu Hengyi reached out. With a pull, Shen Qinglan was pulled into his arms.

The soldier stopped, his face embarrassed, "I'm sorry, Chief."

"It's okay, go, be careful later."

The soldier saluted Fu Hengyi and ran away.

This is a small episode, and neither of them cared. "You wanted to be a soldier since childhood?" Shen Qinglan was curious.

Who knows that Fu Hengyi shook his head, "No, I never served as a soldier in my dreams when I was a child. My father and mother were sacrificed for performing tasks. Since I was a child, my grandfather brought me up. I know the pain of losing my loved ones, So I didn't like troops at first, even though my

grandfather trained me according to the barracks model."

"Then why did you come to be a soldier?"

"Because of one thing. When I was seventeen, I had personally witnessed the situation where the students of country Z were bullied there. There were even veterans from that country. They felt that the military strength of country Z was too weak, plus history. For the reasons left behind, the people in Country Z gave them the impression that they are weak and easy to bully." Fu Hengyi said, he was impressed by the incident, and he clearly remembered that the student who was bullied had been beaten by them. It was wounded, but he stubbornly screamed at them that Country Z was already strong, no longer weak, and the soldiers of Country Z were even the heroes who defended the country. It's just that his words are more insults and beatings.

Fu Hengyi rescued the international student, which shocked him a lot, so he completed his studies and applied for graduation and returned to the country before entering the army. He wanted to use his own strength to prove that the soldiers of country Z are all good.

The student who was rescued was Mu Liancheng's younger brother.

"I liked the army later?"

Fu Hengyi nodded with a smile, "Only when I really touch this team, I know how simple and lovely the people are. They are honest, upright, and have their own beliefs. I love everything here, Qinglan, maybe I will not be in my life. Leave this unit."

Shen Qinglan smiled slightly, "Fu Hengyi, it's good to be able to do what you like to do. You can stick to your ideals and I will always be by your side." Unless one day, you give up on yourself.

The atmosphere between the two was very warm. Shen Qinglan liked the feeling of walking with Fu Hengyi. She thought that maybe she didn't hate the troops as she thought.

"Tongtong, why are you here?" Li Boming was surprised to see Fang Tong here.

Fang Tong did not expect that she just came to help Shen Junyu to send something to Han Yi, but she would meet Li Boming here.

"Bo Ming, why are you here?"

"I work here." Li Boming smiled gently.

Fang Tong's eyes widened slightly, "Are you working at the Han Group?"

"Well. Han Yi is my senior. Didn't I say that I would go to my senior's company for two years." Li Boming explained, looking at what Fang Tong was holding, "What are you?"

"I will send you something to Mr. Han, as my boss ordered."

"I will take it for you." Li Boming said.

"No, very light, not heavy." Fang Tong refused.

"Leave it to me." Li Boming took Fang Tong's hug, and it was indeed not very heavy. "Where did it go to Mr. Han's office?"

Fang Tong nodded. She didn't expect Li Boming to work in Han Yi's company. In fact, she rarely saw Li Boming after the year. Even if her mother called him to call him to eat at home, most of them refused. .

Fang Tong first pressed the elevator to facilitate Li Boming to go in. There were only two of them in the elevator, which made Fang Tong a little uncomfortable. Li Boming looked at the figure of Fang Tong reflected on the elevator wall.

"Is your work busy lately?" Fang Tong took the lead in breaking the silence.

"Well, I haven't been in this company for a long time. Many things are still in the exploration stage, and more energy needs to be invested. Since it has to be done, then naturally it has to be the best." Li Boming said warmly that he was wearing In a suit, the whole person looks more handsome and capable, with a smile on the corner of his mouth.

Fang Tong thought in a trance that the little boy who was chubby to play with his family when he was a child also liked to laugh and was very patient. As long as he still wanted to play, he would continue to play with him, obviously they have finished a lot of that game Many times.

When he was in school, he was a few years older than himself, but he was not much taller than her. He comes to her house every day to pick her up. The two go to school and go to school together. As a child, Fang Tong likes to eat sweets. Li Boming's school bag is like Doraemon's pocket, and he can always change all kinds of sweets. It tastes good and sweet, but only one at a time.

He would stand up when other classmates bullied himself, and obviously he was so fat, but he protected her behind him. As a result, she was not injured at all, and he was beaten by the senior classmates. , But smiled and comforted her when she was crying, "Tongtong is not afraid, brother protects you."

Yes, he always claimed to be his brother, but he never called him "brother".

Now I want to think about it. In fact, Li Boming has always been very good to himself. If it is not the elders in the family who deliberately matched her with Li Boming, she thinks that she and Li Boming should be closer than they are now, rather than every time she sees him. Feel embarrassed.

"Ding" the elevator door opened, Li Boming took the lead to go out, and then waited for Fang Tong to come out.

"Give me something, just go inside." Fang Tong said.

Li Boming did not reluctantly, handed her things.

When Fang Tong came out of Han Yi's office, he found that Li Boming was still waiting outside. "Why are you still here?"

Li Boming smiled, "It's almost lunch time, thinking about having a meal together, mind?"

Fang Tong shook his head and agreed to an invitation for lunch.

Li Boming chose a restaurant near the company, "I have been abroad for so many years, I am tired of Western food, and now I prefer Chinese food, don't you mind?"

Fang Tong smiled and shook his head, "Do not mind, I also prefer to eat Chinese food."

204 Chapter 204: Thoughtful Fu Ye (One More)

Fang Tong smiled and shook his head, "Do not mind, I also prefer to eat Chinese food."

Li Boming handed the menu to Fang Tong, and Fang Tong waved his hand, "You order it, I'm not picky."

Li Boming smiled and ordered a few dishes, most of which were Fang Tong's favorite food. He grew up together anyway, and had several meals at Fang Tong's house. Fang Tong's preference is natural.

Fang Tong didn't pay attention to this, but was a little absent-minded. Li Boming glanced at her, "Are you tired lately?"

Fang Tong snorted, didn't hear what he said, "I'm sorry, just lost my mind, what did you say?"

Li Boming repeated it, Fang Tong shook his head, "No, probably it wasn't a good night's sleep recently, so is it painful to watch people?"

"It's not haggard, it just looks tired in your eyes."

Fang Tong stunned and smiled bitterly. Did his emotions show so clearly?

"Fought with your boyfriend?" Li Boming asked jokingly.

"No, it's just a little problem at work, thinking about how to solve it, and it's not a big problem." Fang Tong explained that Li Boming was right. Recently, she and Ding Minghui were really in conflict.

The last time Shen Junyu asked her to accompany him in a social event, the company's rumours about her and Shen Junyu were a bit exaggerated. The gossip, which was originally circulated in the secretary's office, somehow reached Ding Minghui's ear.

Ding Minghui was angry, no matter how she explained, Ding Minghui refused to ignore her, which made her feel very weak, in fact, she and Shen Junyu really had nothing, although the man felt very dangerous for her, but she could also feel Shen Junyu didn't mean that to her.

She has never been a dull person. She still knows whether a person feels about her, such as Li Boming.

"If the work intensity is too great to adapt, you can raise it with your boss, and you can't overwhelm your body." Li Boming said.

Fang Tong nodded, "I know, but I can still bear it now." It would be nice if it was really work.

A meal was very quiet. Even if Li Boming didn't take the initiative to speak, Fang Tong didn't know what to talk to him.

"Thank you for your lunch today. I'll go back to the company first." Standing at the door of the restaurant, Fang Tong smiled and said goodbye.

"I will send you back?"

"No, it's convenient to take a taxi here."

Li Boming did not reluctantly, helped her stop a car before returning to the company.

He likes Tong Tongtong, and he has liked it since he was a child. He believes that Yifang Tong's cleverness will certainly be aware of it, and he will not deliberately alienate him without the

expectation.

Li Boming smiled, he also knows that Fang Tong has a boyfriend, but as long as Fang Tong is not married one day, he still has a chance, right?

Fang Tong returned to the company, first went to Shen Junyu's office to report work, and then returned to her office, watching her come in, the original lively office was silent for a moment, everyone looked down at the file, looking at the computer computer.

Fang Tong pretended to be invisible, walked to his seat, took out a document and looked at it quietly, but he didn't hear the whispering whispering in his ear.

"Hey, Fang Tong, did you go to the president's office just now?" Colleague A sat next to Fang Tong and came to ask Fang Tong lightly, his eyes flashing the gossip.

Fang Tong lightly tickled his lips, "Did you see that I went in to report to the president? It came out in less than three minutes." The tone was cool, she was kind to others, but no one could step on one foot.

Colleague A pursed his lips, his eyes flickered with contempt, and there was something remarkable, but he didn't come in through the back door.

Fang Tong looked at the documents on the table but did not turn a page for a long time. All she thought was Ding Minghui. A trace of tiredness appeared in her eyes. She didn't know what happened. After working, the problem between her and Ding Minghui seemed to be With more, Junlan originally intended to bring him closer to him, but now they feel that the two have gone further and further, so what is the point of her coming to Junlan?

In the ear is the colleague's whispering talk, the sight is Ding Minghui's angry and ignorant picture, Fang Tong feels unprecedented fatigue, she wants to call Shen Qinglan, but she knows that Shen Qinglan went to the military area to accompany Fu Hengyi, and Yu Xiao Xuan is also busy with his work. In this way, he doesn't even have a person who speaks.

Fang Tong laughed bitterly.

Waiting for the end of get off work, Fang Tong unexpectedly saw Ding Minghui downstairs in the company's downstairs. With a joy in her heart, she walked towards Ding Minghui.

Ding Minghui was indeed waiting for her. When he saw Fang Tong coming, he walked out. He knew that Fang Tong would follow, and indeed Fang Tong followed him.

Ding Minghui walked to a secluded corner, waiting for Fang Tong to come over.

"Minghui, are you waiting for me? Why didn't you call me?" If she knew that Ding Minghui was waiting for her, she would have come down early.

Ding Minghui didn't have a smile on his face and looked at Fang Tong definitely, "Tongtong, do you still love me?"

What does it mean?

"Of course I love you." Fang Tong puzzled.

"Since you love me, resign and leave Junlan."

Fang Tong froze, "Why?"

"Now there are rumors about you and Shen Junyu in the company. This is because they still don't know that you are my girlfriend. If you know, how would you let them see me?"

"I didn't explain it to you. I have nothing to do with Shen Junyu. Do you still refuse to believe me?" Fang Tong was hurt.

Ding Minghui explained, "No, Tongtong, I definitely believe you, but can you guarantee that Shen Junyu has no idea about you?"

"And you look at what the people in the company have said about you. You don't care. I am angry for you. There is also Shen Junyu who knows that you have been wronged but doesn't come out to clarify the facts. Such a person There is simply a problem with character." Ding Minghui said to himself, but he didn't notice Fang Tong's cool eyes.

"Speaking of it, you still don't detail me, Ding Minghui, in your eyes, what kind of woman is Fang Tong, watery poplar?"

Seeing Fang Tong was angry, Ding Minghui panicked immediately and explained in a panic, "Tong Tong, no, I don't mean that, I believe you, I just think that since Shen Junyu refuses to clarify the rumor, then you are the most Good way."

"Then have you thought about it, I left at this time and admitted that I really had a leg with Shen Junyu? Why should I carry such a black pot?"

Ding Minghui was stunned. Of course he knew this, but Fang Tong did not leave. Once people knew their relationship, then in the eyes of the company, he was a living green turtle.

He knows that his thoughts are a bit selfish, and I'm sorry Fang Tong, but he has more development prospects than her. He can go farther than Fang Tong in the company. Only when he keeps climbing up can he buy a house in Beijing as soon as possible. Marry Fang Tong, everything he does is for their future.

Ding Minghui analyzed his thoughts to Fang Tong, and Fang Tong heard his heart cold.

"Ding Minghui, I suddenly doubted whether you really loved me." Fang Tong said quietly.

"Tongtong, why do you think that? Of course I love you. If I don't love you, I won't even consider our future. The conditions of your home are better than mine. I know that your home is even capable of being in Beijing. Help you buy a house, but Tongtong, I hope it is the happiness I gave you, not your home." Ding Minghui looked at Fang Tong's eyes and said affectionately.

His eyes are full of love, but in the past, Fang Tong would be very happy to see such eyes, and only fatigue was left at this moment.

"I won't resign, I won't memorize this black pot, if you think I'm dragging you down, then let's break up." Fang Tong said tiredly, "Ding Minghui, I'm tired recently, really tired, every day When you go to work, you have to face rumors from colleagues, and you don't trust me like this."

"Tongtong, I don't distrust me, I just..." I care about you too much. Ding Minghui wanted to explain, but Fang Tong waved her hand. She was tired now and didn't want to listen to the explanation.

"Don't say it, it should be a happy thing to fall in love. If you feel that it is painful for me to be together, then we might as well break up."

Fang Tong finished, and turned to leave, Ding Minghui hugged her from behind, "Tong Tong, I don't want to break up, I love you, I love you very much, I just care about you too much, so I can't stand the gossip, Let's not break up, okay?" His voice was full of prayers and confusion.

Fang Tong felt a pain in her heart, and she paid no less than Ding Minghui for this relationship. But now, she is really tired. The pressure from her parents and Ding Minghui's distrust all make her physically and mentally exhausted.

She broke apart Ding Minghui and held her hand. "Let's calm down for a while, let's think about whether this relationship will continue."

Ding Minghui wanted to hold her, but eventually watched Fang Tong go away. Fang Tong didn't squeeze the bus like he used to, but hit a car.

She didn't go home either. She drove back to school by herself, wandering around the campus, looking at familiar scenes, her heart gradually calmed down. In fact, every corner of this university left her and Ding Minghui's footprints, they He once walked hand in hand on the campus and talked about his vision for the future.

In this relationship, she must be serious and willing to go through life with Ding Minghui, but now, faced with the pressure of reality, she suddenly does not know where to go.

"Tongtong, where did you go, why did you come back so late, and you didn't answer your phone." As soon as she entered the house, Fu Fanghua greeted her. She had been waiting for her daughter to come back in the living room, calling Fang Tong. After a lot of calls, but no one answered, I was worried.

Fang Tong just remembered that the mobile phone was set to mute. It was taken by her parents. They were missed calls from her parents. "Sorry, I accidentally pressed the mute. Things have happened in the past few days. I worked overtime for a while today."

"How about Dad?" Fang Tong asked without seeing Fang Chengzhi.

"Your dad is worried about what happened to you and just went to the company to pick you up." Fu Fanghua patted his head. "Yes, I have to call your dad to get him back."

"Tongtong, did you eat dinner?" Fu Fanghua cared after finishing the call.

Fang Tong nodded, "Already eaten." She actually didn't eat anything.

"Tongtong, you have a bad complexion, are you uncomfortable?" Fu Fanghua noticed her daughter's uncommon complexion and was worried.

"It's okay, Mom, just work is a bit tiring. I just sleep a little bit. I'm going to go first. When Dad comes back, you can tell me I'm sorry."

"If you're tired, take a break early. What's worthy? I'm sorry. Go and take a bath and rest." Fu Fanghua rushed her daughter into the bath and rested.

After lying in bed, Fang Tong looked at the ceiling of the building, his eyes dull.

When Fang Chengzhi came back, Fu Fanghua was still waiting for her husband, "What about Tongtong?"

Fu Fanghua pointed to Fang Tong's room, "Tired, already rested."

Fang Chengzhi nodded and said nothing. He did not tell his wife that he had just come out of the Junlan Group building when he received the call. Fang Tong, the security guard downstairs, had long since left the company, and there was no one in the company.

While taking Fanghua to take a bath, Fang Chengzhi knocked on his daughter's room, "Tongtong, are you asleep?"

Fang Tong was still asleep, heard his father's voice, got up and opened the door.

"father."

Fang Chengzhi looked at her daughter with a look of kindness, "Can Dad go in?"

Fang Tong let Fang Chengzhi enter the room, and then closed the door, "Dad, I'm sorry, I worried you today."

"It's nothing. It's just tongtong. You can't be like this in the future. Your mother was mad just now." Fang Chengzhi said in a warm voice, unable to hear a trace of blame.

"I know, Dad, it won't be in the future."

"Tongtong, did you encounter something?"

Fang Tong froze, shaking his head, "No, I'm fine."

Fang Chengzhi smiled, "Tongtong, although Dad didn't have much time at home, your dad still knows. During this time, you have always been very worried. If you want to tell Dad, Dad just When you are in your tree hole, if you don't want to say it, then tell your dad when you are willing to say it, OK?"

Fang Tong lowered his head and did not speak. Fang Chengzhi sighed softly, touched Fang Tong's head, and got up to go. "Tong Tong, if you are tired, take a rest early."

"Dad." Fang Tong shouted Fang Chengzhi's sleeve, and Fang Chengzhi sat down again.

"Dad is here."

"Dad, what do you say is the most important thing for a man?"

Fang Chengzhi looked at him and looked at Fang Tong thoughtfully, "Everyone's pursuit is different. For me, you, your mother, and work are very important."

"Then if your mother was told some gossip, would you let her leave the work because of it?"

Fang Chengzhi understood it a moment, "Is it contradictory with that boy?"

Fang Tong did not deny, "Dad, you have not answered my question just now."

Fang Chengzhi smiled, "Tongtong, the basis for two people to love each other is to trust each other."

Fang Tong understood, and his eyes were dark, Ding Minghui did not trust her, so she chose to let her resign.

"Tongtong, I know that your mother has pressed you too tightly recently, but you also have to understand the heart of a mother. She is just a daughter. I hope you are good. In the eyes of my parents, Li Bo is very clear. More suitable for you than Ding Minghui, but if you really don't like Li Boming, then your parents will not really let you stay with him. After all, marriage is a matter of a lifetime, and your

happiness is the most important thing."

"Thank you dad."

"Tongtong, other people's views do not need to care too much, you just have to sit and feel ashamed."
Fang Chengzhi suddenly stopped before he left.

Shen Junyu only learned about the rumors in the company this Friday. He has a lot of things in his hands. He does not pay much attention to the gossip news of the company on weekdays. No one has said this in front of him. If it was not an accidental opportunity, I heard The two women gossip about him and Fang Tong, I am afraid he is still ignorant.

"President." The two women who were discussing gossip saw Shen Junyu as soon as they turned their heads. They were scared and their faces were pale. It was nothing to talk about someone being caught in person by others, but if the person is his own boss, then It's another matter.

The gentle smile on Shen Junyu's face had disappeared, and he looked at them with fixed eyes, his eyes slightly cool, "I'm not asking you to gossip here."

The two women had a pale face. Although Shen Junyu just said this and left, the fear left for them did not decrease in the slightest.

"What should we do, the president won't expel us?" Who knew that was so small, was heard by the president.

The other face was stunned, "shouldn't it, the president didn't say much." And the president is such a gentle person on weekdays, although it is said that the boss's gossip is a taboo in the workplace during work hours, but Should it be fine?

The two returned to the office anxiously and spent the afternoon in a sit-in situation. Seeing that there was nothing wrong, the heart was just put down, and they received a notice from the personnel department. Starting tomorrow, neither of them will have to come again. Go to work.

When Shen Junyu returned to the office, he called Fang Tong and called Fang Tong into the office. When Fang Tong entered, Shen Junyu was burying his head in documents.

"Mr. Shen." Fang Tong shouted, these days because of the rumors in the company, unless it is called by Shen Junyu, otherwise she will never appear in front of Shen Junyu.

Shen Junyu glanced up at her with a pen in her hand, motioning her to sit.

Fang Tong sat very well, his hands folded on his lap.

"Why didn't you tell me what was wronged in the company?" Shen Junyu asked her.

Fang Tong was stunned for a moment, guessing what Shen Junyu was referring to.

"New colleagues will be bullied by old colleagues when they enter the company. This is common in the workplace. Originally, I thought that your personality always knew how to fight back. Now it seems that I still overestimate you."

In the afternoon, he specially asked assistant Yu Bin to understand the situation of Tong Xiong in the secretary's room. Unexpectedly, this question was really unexpected. If Qing Lan knew it, he thought he was bullying her friend.

"Actually, it doesn't matter. I'm still an intern. I should do more. I should have studied at the time." Although there are many jobs, it can still be handled in Fang Tong's eyes.

"What about the rumors in the company? You can't explain it, why don't you tell me?" Such rumors are actually very harmful to a girl, not to mention that as far as he knows, Fang Tong's boyfriend is also in Lan Group.

Fang Tong lowered his eyes slightly and looked at his hand. "This kind of thing is getting darker and darker. Even if it's explained, people won't believe it, so why bother to do it. I just want to be conscientious. Now."

"Fang Tong, have you ever heard a word?" Shen Junyu said, Fang Tong looked at him suspiciously.

"Human kindness is bullied, Ma Shan is riding. Kindness is a good thing, but it does not mean to be patient, it is still necessary to properly protect your rights."

Fang Tong is silent, she understands all these reasons, but she was only able to enter the Junlan Group because of Shen Qinglan's relationship. If you are so strong, people really think she is really bullying.

"I don't want to let myself be said to rely on relationships and walk through the back door, then use my own strength to prove it." Shen Junyu seemed to see her thoughts and said lightly.

Fang Tong nodded, "I know, President Shen."

"You just want to understand it yourself. It's always you who can help you."

When Fang Tong left, Shen Junyu shook his head with a smile. In the end, he was young. Even if he was smart, he didn't have to do the facts well. Before he heard Fang Tong from Qinglan, there were many praises in his words. Now it seems that he is more clever. , Insufficient ability.

Shen Junyu couldn't help but take care of her sister's friend.

"Mr. Shen, you have invited Xinhe International's newly appointed President Wen to eat at noon, and

the time is almost up." Yu Bin walked in to remind Shen Junyu of the trip.

Shen Junyu stood up, picked up his suit jacket, put it on, and walked and asked, "Is the thing you let me do?"

Knowing what he was talking about, Yu Bin nodded, "I have already done it, and things will be delivered on time, and I will not miss the day."

Shen Junyu was relieved.

"Mr. Shen, please come here." The waiter brought Shen Junyu into the box. The person he had appointed had not arrived yet. This Xinhe International is an important partner of Shen Junyu. He has always been very happy to cooperate. Zhou, the original general manager resigned when he was old. The new general manager is said to have just returned from studying abroad. The surname is Wen. I don't know the specific circumstances. It is very mysterious.

Since it is a long-term partner, the other company has changed to a high-level company, so it is always necessary to come out to have a meal together and get in touch. This is not the first time that Shen Junyu has made an appointment with this Premier Wen. It was not until the third time that the other party agreed, but it was a big name.

The agreed time has come, but the other party is late, and Shen Junyu is not in a hurry, sitting calmly and drinking tea.

"Mr. Shen, do you need me to make a phone call?" Yu Bin watched the time passing by one minute and one second and asked. Shen Junyu has always disliked people who have no idea of time.

"Wait another five minutes." Shen Junyu said.

Yu Bin glanced at his watch, and after another five minutes, it was exactly half an hour.

"Let's go." Shen Junyu stood up. It was at this time that the door of the box was opened and a slim figure appeared at the door. "Sorry, I'm late." The facial features are exquisite, and the figure is slim, not once in the city. Who is Wen Xiyao who has had a relationship?

Shen Junyu looked at it, frowning, and was very surprised, "It's you."

Wen Xiyao raised his eyebrows, "Mr. Shen seems surprised to see me?"

Shen Junyu sat down again and looked down at the watch, "Wen Zong's concept of time is not so good. Isn't Mr. Wen's work like this in the same way?"

Wen Xiyao gritted his teeth. This stingy man remembers the last party.

"Don't President Shen know that being late is a woman's patent?" Wen Xiyao smiled and sat down slowly. In fact, she didn't like being late. Today, she was temporarily caught by a very important thing. late.

Shen Junyu did not speak with a smile. Now that everyone is here, he cannot leave.

"Unexpectedly, Xinhe International's new general manager turned out to be Mr. Wen." After all, Wen Xiyao looked too young, which was not in line with Xinhe International's past style.

"Mr. Shen didn't expect more things. I didn't expect that after I came to work in Beijing, the first meal with the client was with Mr. Shen." She just agreed to Xinhe International's invitation. She has been busy handing over work before. Where there is that American time to take care of others, of course, she does not deny that refusing Shen Junyu's invitation twice is a bit intentional.

Wen Xiyao graduated from the business school of Harvard University in the M country, got an MBA early, entered the famous investment company in the M country, and sat in the position of company executive. His personal ability is naturally undoubted. If this is not the hope of the parents at home When the daughter returned to her country, she persuaded her heart bitterly that she might not come back.

"Mr. Shen, Qinglan is your sister?" Wen Xiyao asked.

"Do you know my sister?" Shen Junyu was surprised, but it was a bit unexpected.

"She is my school girl in B, and I met her in Linshi last time. I just didn't expect you to be a family." Wen Xiyao said that the meaning is very meaningful. The difference between the personality of the brother and sister is too big. How can Qing Lan's so gentle and easy-going people have such a bad-tempered brother who loves revenge so much.

Shen Junyu naturally did not know Wen Xiyao's views on him, and later when Wen Xiyao joked and told Shen Junyu, Shen Junyu shouted injustice.

Knowing that she was Qinglan's friend, Shen Junyu's impression of Wen Xiyao finally improved a little.

Although I was a little unhappy last time, after all, I am an adult, and I will become a partner next time, so for that unpleasantness, both of them have forgotten to choose selectively.

"Mr. Wen, did you drive?" Shen Junyu asked when he walked out of the restaurant and saw Wen Xiyao standing by the road.

Wen Xiyao smiled embarrassedly, "My car was sent for maintenance, it was just a taxi."

Shen Junyu raised her eyebrows, "If Mr. Wen doesn't mind, you can take my car."

"Thank you so much." Wen Xiyao was good at it.

Shen Junyu sent Wen Xiyao back to the company, and Yu Bin first took a taxi back home.

"By the way, I don't know when Qinglan is free. I want to ask her to have a meal together." Wen Xiyao was speechless.

"Lan Lan went to the army with Heng Yi and is not at home at the moment." Shen Junyu said, "Mr. Wen and Lan Lan are familiar?"

"It's quite familiar, I met her at school, but I went abroad to study abroad, and I didn't come back very often in these years, so I didn't have much contact. I only contacted again last time when I encountered an accident in Linshi. "" Wen Xiyao explained.

"Where is Wen always?" After falling silent in the compartment, Shen Junyu also felt a little unaccustomed and took the initiative to speak.

"Haicheng."

Haicheng? Shen Junyu thought deeply, "Haicheng Wenjia and Wen are always?"

"I am a member of the Wen family in Haicheng, and Wen Bingchuan is my father."

Shen Junyu knew it, no wonder he saw Wen Xiyao at the Zhou family in Linshi last time. He turned out to be Wen Bingchuan's daughter.

Wen Bingchuan was the leader of Haicheng City. He studied in the same military school with his father in the early years, but later he joined the army and took part in politics. He also heard his father talk about this person, but he knew some.

"How can President Wen come to work in Beijing alone?"

Beijing and Haicheng are one in the north and one in the south, separated by more than half of the Z countries.

"Xinhe International sent me invitations many times when I was in country M. This time I was going back to China, and I simply accepted their invitation." Shen Junyu asked one question after another, Wen Xiyao did not have any impatience, just to avoid the embarrassment of being alone.

"Mr. Shen seems particularly curious about me?" Wen Xiyao said with a raised eyebrow.

Shen Junyu gave a slight pause, "I am just curious about the young general manager of Xinhe International." The implication is that if you are not the general manager of Xinhe International, I would not be curious about you at all.

Wen Xiyao pouted, this man really refused to eat at all.

"However, the last thing is to thank Mr. Shen for his help."

Shen Junyu smiled, "It's my pleasure to be able to help Mr. Wen, but I hope I can change the way next time."

Wen Xiyao has a dark face. This bastard man wants to open a dye shop with a little color.

Wen Xiyao sneered, "Is President Shen always so rude to people?"

"Different from person to person." Shen Junyu calmly answered.

Wen Xiyao chuckled and decided not to talk to this man again. This man was not only stingy but also poisonous. He really blinded him with his gentle and graceful face, and it was a shame in his heart. How could such a good girl like Qinglan stand up? It's a pity to have such a brother.

When he arrived at the company, Wen Xiyao perfunctorily thanked him and walked away without looking back.

Shen Junyu shook her head and smiled, and today she really lost her demeanor, even thinking about a woman.

**

When Fu Hengyi came back, she did not see Shen Qinglan on the balcony. At this time on weekdays, she likes to sit and paint on the balcony.

When he walked into the bedroom, he realized that Shen Qinglan was lying on the bed, frowning, and looking uncomfortable. Fu Hengyi was startled, "Qinglan, where is it uncomfortable?"

Shen Qinglan looked at the coming man and wanted to get up, but the heat from her lower body made her movements slightly, and Fu Hengyi was nervous. "Qinglan, what's wrong with you, are you sick?"

Seeing Shen Qinglan's forehead was covered with fine sweat, and his face was pale. He stepped forward and wanted to hug Shen Qinglan, "Go, let's go to the hospital."

Shen Qinglan grabbed him, "It's okay, don't need to go to the hospital, I just... just that is coming." The voice behind was a little soft, Fu Hengyi was nervous, and he was relieved that he wasn't sick.

Shen Qinglan has been suffering from dysmenorrhea. Fu Hengyi knows that before, he would prepare what she needed in advance. Warm hands and brown sugar water are not missing, but this time it seems to be a week ahead?

"Did you drink ginger sugar water?" Fu Hengyi asked by the sound, touching her hand, touching her hand, cold, and eating Chinese medicine for a week. Her body didn't seem to improve at all.

Shen Qinglan shook her head. She felt a little uncomfortable when she woke up in the morning. Then the official holiday came. At noon, Fu Hengyi couldn't accompany her for dinner. She simply lay in bed and ate nothing.

Fu Hengyi got up and took out a hand warmer from the bedside table and charged it up. This was the last time he bought it specifically for this time.

It takes a while to charge the hand warmer. Fu Hengyi sat on the bed and covered his big hand with Shen Qinglan's abdomen, rubbing it gently. His palm was dry and warm, and the strength of the kneading was just right. Shen Qinglan felt that the pain in his abdomen also seemed to be reduced. Some more.

"Isn't it effective to eat so many Chinese medicines?" Fu Hengyi frowned. He tasted this Chinese medicine and it was really bitter. If it's useless, he shouldn't take it anymore. There is no need to suffer this crime.

"The effect is still there, but the time is still short, not so obvious." For example, this time the amount is more than before.

Fu Hengyi got up, tucked her hand warmer into the bed, and placed it on her belly. The hand warmer was covered with a layer of fluff, but she was not worried that it would burn her. "Let's lie down and let me give you Cook brown sugar water."

Shen Qinglan looked at the back of Fu Hengyi's departure, and there was a light smile on the corner of his mouth. This man is really a very considerate person.

Knowing that her official holiday was coming, Fu Hengyi guessed that she must not have eaten lunch. After thinking about it, she took out the ingredients and started cooking.

Shen Qinglan drank ginger syrup and lay on the bed for a while, then got up and looked at Fu Hengyi's busy figure in the kitchen and smiled, "Fu Hengyi, has anyone said to you that the woman who marries you must be very happy ."

Fu Hengyi smiled lightly and looked at her, "Do you feel happy?"

After thinking for a while, Shen Qinglan nodded seriously, "I am very happy."

Fu Hengyi smiled softly, "Here is a lot of smoke, don't come in, sit in the restaurant, you can eat right away."

Shen Qinglan obeyed, just drank ginger syrup, her abdomen was warm, and the whole person was a lot more comfortable. She was funny in her heart, and she seemed to be coquettish. She didn't have this when she came to the official holiday, but she can, but now ...

Fu Hengyi's relatively light tastes are all in line with Shen Qinglan's current taste. "I'll take you to Dr. Zhong once after dinner and ask her if there is any way to ease it."

"You don't need to make such a big fuss. In fact, it's much better than before. That medicine is still very effective." Because of this, to see Dr. Zhong, Shen Qinglan thought she would be laughed at.

After the meal, Fu Hengyi did not take her to the hospital, but called Dr. Zhong, asked if there was any way to relieve dysmenorrhea, looked at him with a serious look, and asked the details of Dr. Zhong from time to time, Shen Qing Lan turned his face, but his eyes were full of gentle smiles.

Chapter 205 Do you want to fight with me? (Two more)

The next day, Shen Qinglan finally felt a little bit more comfortable, and when she was going out to buy food, she met Zhang's sister-in-law, "Sister is going out?"

"Sister-in-law, I want to buy some food nearby. Do you know where the vegetable market is?" It happened to Shen Qinglan when she just met someone.

"Exactly, I plan to go too. Let's go together."

After returning from the market, Shen Qinglan carried a few bags of ingredients in her hand. She saw that the refrigerator was empty in the morning. The things in the refrigerator were bought by Fu Hengyi, so she didn't know where the market was.

Refilling the refrigerator, Shen Qinglan rolled up his sleeves and planned to cook.

Turn on the phone, first check the practice of the dishes you want to cook, and then start to wash the vegetables. When Fu Hengyi came back, she saw Shen Qinglan holding the phone in one hand and cooking in the other.

"I'm coming." Fu Hengyi chuckled, she was not good at cooking.

"It's ok right away, you take those dishes out first, I will be able to get out of the pot soon." The application looked for Fu Hengyi, and Fu Hengyi found out that there were a few dishes beside him, and it looked pretty good.

When he brought it out, he came in again and took the tableware. Shen Qinglan had already got the pot and took the dishes out by the way.

"How do you think of cooking today? Is your body better?"

Shen Qinglan nodded, "It's okay." She only suffered from dysmenorrhea on the first day, tasted a dish, frowned, and looked pretty good, but it tasted...

"Let's go to the cafeteria." This dish is too salty.

"It's just a little bit salty. The others are pretty good. It's okay." Fu Hengyi comforted his wife. Rarely, his wife cooks and cooks, even if it's not good.

The bowl is still washed by Fu Hengyi. Shen Qinglan has nothing to do in the afternoon. She plans to visit her father Shen Qian. Shen Qian is also in this military area, but is a little away from Fu Hengyi. He walked for about an hour.

As soon as I walked to the training ground of the recruits on weekdays, I heard a familiar male voice, "Zhao Wei, you think I don't know that your fighting class in the morning is a private feud, and you are a mean villain."

Shen Qinglan glanced and found out that it was Gu Yang. He was angry with a man in a military uniform. He seemed to be a recruit.

"You think it's great that the recruits have no opponents in the recruits, right? You can't even beat a woman." Gu Yang was indignant because of something.

Zhao Wei didn't intend to ignore Gu Yang. He was guilty of private enmity. He just couldn't get used to Gu Yang and Gu Kai, the two younger brothers who walked through the back door.

I just heard that Gu Yang said that he couldn't beat even a woman. Zhao Wei stopped and stared at Gu Yang. His eyes were very dark, and his eyes seemed to be standing still. "Which woman, you say."

Gu Yang had a meal, he just remembered Shen Qinglan, so he said it casually, but now he can't go to find Shen Qinglan.

I just wanted to say that it was the women's team next door. As a result, I saw Shen Qinglan at a glance, and my eyes lit up, pointing at Shen Qinglan, "She is my sister-in-law, and I can hang you with just one of my sister-in-law." Gu Yang looked proud, Waved hard at Shen Qinglan, "My sister-in-law is here."

Shen Qinglan wanted to treat it as if she hadn't seen it, but she couldn't ignore Gu Yang's magic sound and she stopped.

Gu Yang ran over in two or three steps and smiled with white teeth. "Little sister-in-law, why are you here?"

Shen Qinglan glanced at him lightly, "If I were not here, what would you use as an excuse?"

It turned out that I heard what he had just said, Gu Yang tweeted, and laughed, "Then what, sister-in-law, I'm anxious. You don't know how abhorrent this kid is, and he is relying on his own skill in this morning's fighting class. , Beat Gu Kai, and I found him a theory."

"Fox fake power?"

Gu Yang smiled more and more embarrassed, "That sister-in-law, I am definitely not like this on weekdays, I promise."

Shen Qinglan ignored him and looked at Zhao Wei. "Gu Yang, you seem to have a hatred against the surname Zhao." The race was Zhao San. Although it was only Lin Hao's attendant, it was also the surname Zhao. The casino's time was even worse. He was so stupidly drilled inside by such a big set.

"Then what's up, sister-in-law, don't tell me my short." Gu Yang touched his nose.

"You are the woman in this kid's mouth who can hang me?" Zhao Wei said quietly, looking at Shen Qinglan with his eyes irregular. He didn't know Shen Qinglan. He was a martial arts lover. He usually practiced most of the time. Even after a break, he added various knowledge. Naturally, he had never heard of Shen Qinglan.

What is this kid, this man is so uncultivated! Gu Yang gritted his teeth, "My name is Gu Yang, not the kid."

Zhao Wei didn't even give him a last look, and looked at Shen Qinglan, "I heard that you are very powerful, I will fight with you. If you can beat me, I can not bully them, otherwise next time I don't think they're happy, they will still report their enmity."

He didn't cover up at all, and directly admitted that he was a private enemy of the communique.

Gu Yang black face, this bastard, great skill, my sister-in-law hangs you in minutes. Gu Yang is very confident in Shen Qinglan's skill. Looking at Shen Qinglan expectantly.

"I refuse, bully if you want to bully. They are not as capable as others, and deserving to be bullied is also deserved." Shen Qinglan said lightly, without meaning to help Gu Yang.

The expression on Gu Yang's face cracked instantly. Was this the one who would rush to the casino to take care of him? Is it his sister-in-law? This must be fake.

Shen Qinglan turned around and left, ignoring Gu Yang Petrochemical's expression at all. This time the nature of the matter was different from before. This is a military camp. They are all soldiers, even if they make troubles, she has no worries. Yang, and she also wants Gu Yang to know that anyone who can rely on anything is always herself.

"I'm going to fight you." Zhao Wei followed behind Shen Qinglan and said stubbornly. Although he had just entered, Zhao Wei was famous among the recruits because the person was very belligerent. He is okay. He wants to fight with people. There are no opponents in the recruits. He will post to the veterans, but his skill is really good. Even some veterans are not his opponents.

For a period of time, Zhao Wei attracted a lot of attention in the military camp. Even Fu Hengyi had specially invited a recruit who participated in the training to try Zhao Wei's skill. He was very satisfied with his skill, but Zhao Wei's others The aspect is much inferior, Fu Hengyi gave up the idea of including him out of the training team.

Shen Qinglan didn't even care about this person. Gu Yang was behind him, with his hands behind his head, watching Zhao Wei eating deflatedly. It didn't feel too good. The moment of depression disappeared instantly. His sister-in-law is still so powerful.

"Gu Yang." Seeing that she was about to reach her destination, Shen Qinglan yelled, Gu Yang conditioned to shout, and ran to Shen Qinglan, "Little sister-in-law, what do you ask?" That expression, Live off a dog's legs.

"Whoever gets in trouble will solve it."

Gu Yang suddenly realized that he turned around and looked at Zhao Wei, "Hey, I said Wei Da silly, my sister-in-law said, I don't want to fight with you, do you not understand, you act like a strong man."

Zhao Wei pretended not to hear Gu Yang's words, but his eyes remained on Shen Qinglan's body. "I want to discuss with you..." He changed a more elegant word.

Being completely ignored, Gu Yang gritted his teeth.

Shen Qinglan's eyes crossed a hint of undetectable smile, it seems that this person is not stupid, looking at his stubborn expression, more than anything, Shen Qinglan's mind surfaced in the face of another person, so stubborn temperament, His eyes dimmed slightly, "Do you really want to fight me?"

Zhao Wei heard the words and nodded, "This kid said you are very powerful, I can't beat you."

"You really can't beat me." Shen Qinglan said affirmatively, unless Fu Hengyi shot, the average person is really not her opponent.

Zhao Wei was not angry when he heard this, but his eyes lighted up a little bit, the excitement of finding his opponent.

This is really a militant, Shen Qinglan thought lightly.

"I still have things now and I don't have time to discuss with you. When I'm free in a few days, I may consider discussing with you." She said.

"Not now?" Zhao Wei asked. Although he likes to find someone to discuss, he never shoots without asking the other party for permission. This is probably why he challenged so many people, but did not spread any bad reputation. The reason.

Shen Qinglan shook his head, "Not now."

"At what time is it fine?"

Shen Qinglan thought about it and gave him an exact time, "Three days later."

Zhao Wei left with satisfaction, as long as Shen Qinglan agreed, he could wait for three days.

"Sister-in-law, you really promised to compare with him. This man is a lunatic. He wants to compare with others when he sees his skills. He has challenged a lot of people. He hasn't seen anything lightly, you didn't see it Gu Kai, the bruised face is so swollen, I don't think his mother would recognize it before him.

"Why did he feel bad about you? What did you do?" Shen Qinglan asked.

Gu Yang was also inexplicable, "I don't know, I've been good after Gu Kai and I entered the barracks, and never got into trouble, and the relationship is good, but I just don't get along with this lunatic, and I don't know if it's He has a good character."

Looking at Shen Qinglan's suspicion, Gu Yang looked back innocently, "Sister-in-law, I'm telling the truth, this person is aiming at me and Gu Kai for no reason."

Shen Qinglan didn't want to talk nonsense to Gu Yang here, and said lightly, "Gu Yang, you are Fu Hengyi's younger brother. If you are in danger, I will save you, but you can't rely on others for everything. Today you are beaten by someone. Because you are too weak, if you are strong enough, who can trouble you at will?"

After Shen Qinglan finished speaking, he left Gu Yang's thoughtful face standing on the spot.

206 Chapter 206 The Taste of the Cloud (One More)

Shen Qian and Fu Hengyi are now in the same military area, but belong to different troops. You must register here when you enter Shen Qian. The guard at the door first called Shen Qian's office. Soon, Shen Qian came.

"Qinglan, why are you here?" Shen Qian was surprised when she saw her daughter.

"Come and see you."

Knowing that this was Shen's daughter, the guards naturally let it go.

"How come this time you want to come to the military area?" And the guards at the gate of the military area actually let go.

"I come to see Fu Hengyi."

Shen Qian knew, but he forgot that Fu Hengyi would be in the Beijing Military Region this time, just next to them.

"Dad has forgotten, is everything okay at home?" He has also been busy in recent times and has never returned home.

"Very good, grandpa and mother are in good health." Shen Qinglan replied, Shen Xitong is also very good. This concert was very successful, coupled with a lot of publicity and praise in the media, Shen Xitong's popularity surged, and even some advertisers took a fancy to her business value and invited her to shoot advertisements. During this time, Shen Xitong was in a good mood.

"That's good, intend to stay here for a few days?" Shen Qian and this daughter usually spend little time with each other. I don't know what to talk with my daughter. I can only talk so embarrassingly.

Shen Qinglan also just stopped by and looked at it. She didn't answer Shen Qian's words, but said something unrelated, "The army is better than I thought."

Shen Qian froze for a moment, looked at Shen Qinglan, and met her still cold brows, "Want to enter the army?"

Shen Qinglan shook her head, she would not enter the army in her life. Her past identity was a time bomb. If it was exploded, I am afraid that both the Shen and Fu families would be affected by her. If she entered the army again, then the consequences ...

"Just suddenly realized that there are some things that you don't think are right." Shen Qinglan looked at the distance and said lightly.

Shen Qian smiled gently, "Qing Lan, Mom and Dad and your grandparents have never asked you too much, as long as you can live happily and happily according to your own wishes. You probably don't know that your grandmother is going to die, I once told me that if you encounter any unhappiness in the future, as long as I am alive, I will protect you."

Thinking of the old man who had left, Shen Qinglan still had a slight pain in her heart. That was the first warmth and the first sunshine she returned to the Shen family.

"Dad, I am fine now, and Fu Hengyi is also good to me. Grandma will be relieved."

"Qing Lan, it looks like you are so good now. In fact, my father is very guilty. He's doing something... Dad is sorry." If it wasn't his wife's illness, he wouldn't adopt Shen Xitong at all.

"If she did something wrong, you want to teach her, dad won't say anything, your dad will talk there." Shen Qian said softly.

"And Xi Tong has found his own biological parents. After a while, Dad will buy her a house in Beijing and let them reunite with the family." This is Shen Qian's consideration during this time, but there is no time to go. Only implemented.

Shen Qinglan's beautiful eyes flickered and glanced at Shen Qian, only to think that Shen Qian seemed to know a lot of things.

"Don't look at Dad like this, Dad hasn't been confused, and has no presbyopia." Shen Qian smiled gently, "You are my only daughter, always."

Shen Qinglan was silent. She didn't know how to pick up the words. More often, Shen Qian gave her the impression that she was a gentle, loving elder, but she couldn't get close again.

"If one day, I cause trouble to the Shen family?" Shen Qinglan said lightly, with a trace of temptation.

"Qinglan, you are the daughter of the Shen family, the only daughter of your mother and I. No matter what, I will protect you." Shen Qian said very seriously, without any trace of joke, this daughter is his wife Born desperately, Chu Yunrong had a difficult birth when he gave birth to Shen Qinglan. When Shen Qinglan was born, he was all purple, and he was suffocated. Chu Yunrong couldn't stand the stimulation, hemorrhage, and almost died on the operating table.

Both the mother and daughter were snatched back from Lord Yan, and it was because of this that Chu Yunrong was particularly fond of and cares about Shen Qinglan.

At that time, Shen Qian looked at his wife and daughter who were not in the operating room. The big man, who was a little over a meter tall, held his wife's hand and cried with tears.

Since returning to Shen's home, she has not accepted anyone except grandparents. She knows that Shen Qian has investigated her identity before she returns. More than once, she suspects that her return to Shen's home was used by others. So she couldn't get close to Shen Qian naturally.

Chu Yunrong did that again. Shen Qinglan watched with cold eyes and regarded himself as an outsider. Even Shen Junyu slowly accepted it later.

In that accident, the moment when Chu Yunrong pulled her away, and what Shen Qian said today left a trace in Shen Qinglan's heart, maybe she was wrong from the beginning.

"Dad, I was wrong before." For a long time, Shen Qinglan spoke softly.

Shen Qian smiled and said, "There is nothing right or wrong. You are the child of our Shen family and the

daughter of your father. Is it possible that if you do something wrong, your father will not beat you."

"It's okay if you want to fight, I won't fight back." Shen Qinglan pursed her lips.

Shen Qian couldn't hold back and laughed, sometimes he really thought his daughter's character was cute.

Shen Qinglan lightly hooked his lips.

"It's just Qinglan, your mother..." Shen Qian hesitated, after all, he didn't say that Chu Yunrong's depression is not good, and he has been taking medicine. This matter is known to everyone except Chu Yunrong himself. , Only Shen Qian.

Even Grandpa Shen and Grandma Shen thought that Chu Yunrong's illness had already been cured, so she was very dissatisfied with her attitude towards Shen Qinglan.

"Dad, I know."

Shen Qian knew that Shen Qinglan had an idea and didn't say much.

**

Shen Xitong can be said to be proud of her breeze recently. Newspapers and the Internet are full of praises for her. What a "genius pianist", "most beautiful pianist", "pianist with beautiful face and beauty", "piano goddess"...

The hot search list has occupied the first position for a long time.

As long as Shen Xitong went out, she could receive a large wave of attention, and some people chased her called "Goddess". Now she must wear sunglasses and a hat to cover her travels. If she is recognized, she will never again. Can't go, such a grand occasion is really more exaggerated than some stars.

It's just that Shen Xitong's good mood didn't last for a few days and was completely destroyed by the Li family and his wife.

Looking at Li Datou and Tian Cuifang standing in front of them, there was no trace of smile on Shen Xitong's face. "What are you doing here?" But here is the orchestra. If someone sees it, let her say. The last time Tian Cuifang came to her, she was very dissatisfied.

Tian Cuifang is still in the same way as if he was owed to the world, as if the whole world owed her. When she saw Shen Xitong, a smile appeared on her face, "Xi Tong, are you busy now?"

"I can't see if I'm busy?" Knowing their purpose, Shen Xitong didn't talk to them, "Speak, how much do you want this time?"

Li Datou's face sank, his eyes glared, and he looked dissatisfied in Shen Qinglan's eyes, "We are your parents, not for food, what do you mean by sending us money, do you not come to see us, do we still Can't I see my daughter?"

Shen Xitong smiled sarcastically, "So should I thank you for coming to see me? Now people have also seen that since it is not for money, then you can leave, and I still have a lot of things in the orchestra."

"That Xitong, you wait, my mother has something to tell you." Tian Cuifang reached out and grabbed Shen Xitong's clothing corner. Shen Xitong left the footsteps, and the corner of his mouth satirized, saying that it was not for money, who believed.

Turned around and looked at them, "Is there anything else?"

"You buy a house for your brother. He is such a big man. He doesn't even have a house. You are a sister. You have to take care of this only younger brother." Li Datou said of course.

Shen Xitong smiled angrily. This was not for the few small money. The house in the capital, because of the export they said, was a set of houses at the beginning. At the time, the cabbage market was selling cabbages.

"They are your son, not my son. Why should I buy him?"

Big head Li's eyes glared, looking at some fierce faces, "He is your only younger brother, the pillar of the family, you sister who has this condition, why don't you know how to take care of him, after you get married, your mother's family has brothers to support , You are more confident."

Shen Xitong smiled, "I depend on him? I will die in this life, and I won't depend on him. I want me to buy him a house and dream about it." Her words are very welcoming, to the Li family and her, she Never been polite.

Li Datou's face was green and he was going to scold. Tian Cuifang grabbed him, but here was outside. Shen Xitong was a face-saving person. If he was seen by others, Shen Xitong really got rid of them. No matter they, they would really cry. .

"Xidong, don't be angry. If you blame it, we blame our parents for their inconsistency. We still have to rely on you to feed us. We really have no choice. Your brother recently talked about a girlfriend. Well, you said that there is a good girl's house, let's not put on our pants and turn our heads away. I mean your father means to marry that girl. After all, your brother is so old, it's time to marry a wife. But There must be a house for marriage, we have no money, we can only come to you."

"The woman who can see him is certainly not a good bird. I think it's okay. If you get married, you just break up and you don't have a house. Li Yongai is just like that, I don't care."

No matter what Tian Cuifang said, Shen Xitong was just one sentence. This family is leeches. Once entangled, it won't stop without draining your blood. She is not a cash machine. Why?

"Then you will buy a house for me and your mother. I am old with your mother. There must always be a place to live in other people's homes. The monthly rent of thousands of dollars is what is going on." Li Datou The eyeball turned, and the second was the second. The man who had just found them came to them in the past two days and told them that Shen Xitong is so famous now that he makes a lot of money. The endorsement fee is several million. If the Shen family is so rich, she will definitely not want her money. The money she earns is all hers. Don't ask her for it now. Wait for her to marry. I took them to my wife's house.

When Big Head Li heard it, he immediately felt very reasonable. It is not good to have a daughter. In the end, they were all people from other people's families. She had to rush to find Shen Xitong, fearing she would marry tomorrow.

Shen Xitong looked at Li Datou incredulously, seeming to be taken for granted.

"Don't tell me that I don't have money, now you are in the newspapers on the TV, and you are in the advertisements, you must be rich, everyone else can say, what is it for, what a lot of money can be taken, we are you Parents, if you don't support us, we can sue you and say you are not filial." Li Datou continued, these words were taught by that person, but that person said something very complicated, some he forgot, but The general meaning is correct.

Shen Xitong's face was black, and he noticed the words in Li Datou's words. His face was heavy. "Listen to others? Who hears?"

A bit of confusion flashed in Li Datou's eyes, which naturally cannot tell the truth. If Shen Xitong knew, he would definitely not give them a penny.

"Whoever listens to what is said, is it necessary for others to say it? You are in the computer on the TV. We are not blind, can we not see?"

Shen Xitong looked at him suspiciously, but didn't see anything.

Li Datou secretly gave a breath, and almost missed it just now, "I know you don't want others to know that your biological parents are poor, and you want to be the eldest of the Shen family, we are not asking you to leave the Shen family to follow us. It's not possible to live together, but if you want us not to tell your life, you must let us live."

Finally no longer play emotional cards? Shen Xitong smiled sarcastically, but she thought they could persevere again, but she didn't expect it to be exposed so quickly, she knew that the couple could abandon their own children for their own comfort, and they would definitely not Any repentance, sure enough.

Shen Xitong was not sad, and had no feelings for them.

"I can't afford to buy a house now. Even a small house in Beijing is worth several million. I earn a lot now, but the money will only be given to me later. Where can I get money now? I saved all my living expenses."

They don't play emotional cards, and Shen Xitong really wants to play bitter cards.

Li Datou had expected Shen Xitong's reaction before he came. The man had already explained to them that he wouldn't believe her, "I'm illiterate, but you can't lie to me. I asked someone to ask before I came. You must be rich. If you refuse to buy a house for me, it is simple. I will go to a lawyer and let the judge judge. By the way, talk to your colleagues and talk about how you treat your biological parents. "

After Li Datou finished speaking, Shen Xitong turned blue, red, purple, and black, which was so beautiful. Can she ignore this threat?

"Stop, don't you just want a house, okay, I'll buy it. I'll buy it tomorrow, okay?"

Big head Li was full of joy, and added a condition, "I want to be close to the house in the city center. Don't take it too far. Neither your mother nor I will drive. It is not convenient to see a doctor too far."

Shen Xitong's face was very dark, "Can you go now?"

"This month's cost of living is gone, you get some." Li big head reached out.

Shen Xitong, with a face on his face, took out a stack of cash from the bag and handed it to Li Datou. Li Datou tucked into his arms and glanced at Tian Cuifang. Tian Cuifang looked at Fang Tong and said softly, "Xi Tong, Your dad will leave first. You need to be more careful at the Shen family alone. If you feel wronged, you can go home."

Shen Xitong waved her hands impatiently, and now just want them to roll quickly, it's best to get out of her sight, her chest undulates up and down, that's mad.

I looked around and found no one, so I left. After she left, I walked out from behind a tree not far away, with a strange smile on my face.

She is another piano player in the orchestra. She plays no worse than Shen Xitong, but Chu Yunrong wants to push Shen Xitong up. Many performance opportunities are not hers, and she has been uncomfortable for a long time.

A long time ago, she heard that Shen Xitong was the adopted daughter of the Shen family. She didn't believe it. After all, Chu Yunrong was too good for Shen Xitong. They said that they were not mothers and daughters. No one believed. She didn't expect it to be true. Not only that, Shen Xitong was actually In order to be the first lady of the Shen family, she didn't recognize her parents. Didn't she know this?

She looked at the phone in her hand, which contained a recording of their conversation just now. Although it was not particularly clear to hear because of the distance, it was still audible.

She smiled and walked back casually.

The next day, there was a sudden news on the Internet that Xinjin pianist Shen Xitong was not Shen's biological daughter, but adopted. Not only that, when his biological parents came to the door, he even refused to give up Shen's identity. Admittedly, not only the text, but also a recording were all those words that Shen Xitong said of Li Datou and Tian Cuifang. As for those words that threatened Shen Xitong, Li Datou was deleted.

As soon as the news broke out, it caused an uproar on the Internet. The first reaction of many people was that the recording was fake. It must have been done by Shen Xitong's black powder for hype. As a result, a big V jumped out and said that this recording was Really, those who haven't been passive in any hands and feet, and those who just said that they are fake are instantly beaten.

After disappearing from the Internet, she dared not come out to speak at all. The image of Shen Xitong immediately fell from the original perfect goddess to the altar.

The strong contrast caused Shen Xitong to smash her computer. Her first reaction was that this was done by Li and his wife. After all, they just threatened her yesterday, but they knew it was impossible when they thought about it. Buy it for them, and the fact that it broke out is not good for them at all.

Since it's not who they are doing? There is no one other than Shen Qinglan who has hatred against her. Shen Qinglan is not in Beijing at all. This should not be done by her. For a moment, Shen Xitong fell into a daze. What followed was phone calls from various advertisers, asking what happened to her online remarks.

These advertisers have recently signed an advertising contract with Shen Xitong. As long as Shen Xitong comes out of the schedule, he can shoot advertisements, and even some preliminary work has been done. The money invested has already been invested. Now Shen Xitong is out of trouble. The scandals, whether true or false, have a huge impact on her image.

When the Shen family received the news, the frypot was already on the Internet, and Mr. Shen called Shen Xitong back on a phone call.

Shen Xitong was uneasy when she stepped into the door of the Shen family. This incident not only damaged her own reputation, but also affected the reputation of the Shen family, although the impact was not great.

Looking at Grandpa Shen sitting in the living room with a serious face, Shen Xitong yelled "Grandpa."

Old Master Shen looked at her fixedly, and Chu Yunrong sat on the side without talking, so there was no

opportunity for her to speak.

"What happened to those things online?"

Shen Xitong's face stiffened and said dryly, "Grandpa, those are fake, and the recordings are also fake. I haven't failed to support them. I even plan to buy them a house to live in the capital these days."

Seeing Grandpa Shen watching her not speaking, Shen Xitong promised, "Grandpa, what I said is true. Although I don't like them because they abandoned me since I was a child, I have never resented them. I paid for my living expenses."

Shen Xitong said the grievances, Chu Yunrong was soft-hearted and said, "Dad."

Grandpa Shen glanced at his daughter-in-law, "Xi Tong, I hope you understand that although you are not my son's biological blood, but also raised it as my own child, I don't want you to go out, people will say that my Shen's People who are not educated and without conscience are greedy for vanity. People of the Shen family must shoulder their responsibilities on their shoulders."

"Since people say that you don't support your own biological parents, in order to calm down the rumours and for your own good, starting next week, you will move to live with your own parents. I will prepare the house for you and move in directly. Just do it, and stop those people's mouths with action is the best solution."

Chu Yunrong wanted to speak, but Mr. Shen glanced at him and shut up.

Shen Xitong lowered his eyes and looked at his toes. He didn't say good or bad about Mr. Shen's decision, but said quietly.

"Grandpa, if Shen Qinglan encountered such a problem today, would you let her face the gossip alone and ignore her? You always said that you also raised me as a child of the Shen family, and Shen Qinglan and There is no difference between brother, but is there really no difference?"

Master Shen's face hasn't changed, but Chu Yunrong's face is very ugly. She asked herself, she really took her heart out of Shen Xitong, but now the child said they didn't treat her as a family. Is this true and unborn The difference?

Chu Yunrong was a little hurt. Shen Xitong's words just made her sad.

Shen Xitong was completely unaware of this, and continued, "Grandpa, you ask yourself, after returning from Shen Qinglan, have you really done the same thing? Not to mention Grandma, from when I came to this house, she I didn't really like me. Even my mother, Shen Qinglan was the first to save when she was in danger. Do you dare to say that you really treated me like yourself? Outsiders think that Shen's family is good, even when treating a adopted daughter It's so good, but they don't see the hardship behind me. I have always been very careful to please you. I hope to get your approval. I want to make

myself good to make you like me, but Shen Qinglan, she doesn't need anything. Do, you treat her with all your heart. Isn't this different treatment?"

Some words have accumulated in my heart for a long time. Once an opportunity is encountered, it will burst out. Obviously, Shen Xitong can't help it now.

Children are the most sensitive. When Shen Xitong first came to this house, she was only nine years old. She stayed in an orphanage for a few years, making her very sensitive to people's emotions. From the first day, she knew that Granny Shen didn't like it. Not only did she not like her, but she was also very disgusted. It was just that the old lady was very well disguised on weekdays, so that outsiders thought how good she was to herself.

Old Master Shen looked at Shen Xitong coldly, "Since you think the Shen family is not good for you, it makes you feel hard, since you think the Shen family is bad for you, and now your biological parents are always looking for you, then you follow Let's live together, they are your blood relatives, and they are certainly better than the Shen family. The Shen family raises you so big, and all the responsibilities that should be fulfilled have been fulfilled."

Don't you think the Shen family is not close enough to you, then you should leave the Shen family. He should never have raised such a person.

Shen Xitong looked pale and looked at Grandpa Shen incredulously, "Grandpa, you drove me away at such a time?" Now that you left Shen's house at this time, it wasn't pushing her into the fire? She has always been that Shen Shen has never been as kind and eye-catching as he seems on the surface, but she never thought it was so cruel.

She turned to look at Chu Yunrong and prayed, "Mom, I don't want to leave Shen's house."

Chu Yunrong looked indifferent, and looked at Shen Xitong's eyes without the love he had in the past. The words Shen Xitong had really hurt her heart just now. My son is not familiar with it. At that time, she still felt that her mother-in-law was prejudiced against Shen Xitong. Now it seems that she still lives too confusingly. Anyone in the family can see better than herself.

"Tongtong, your grandfather is right. Now there are rumors, and you think that you do not support your biological parents. The best solution is to move to live with them and calm down the rumors, which will also benefit your future development." Chu Yun Rong said softly, just looking at Shen Xitong's eyes without the love of the past.

Seeing that Chu Yunrong didn't help her, Shen Xitong was hit hard, and she stepped back and forth a few steps, her face pale as paper. She looked at Grandpa Shen and Chu Yunrong again. She smiled and laughed louder and louder. , "Oh, you hypocritical people, it's fake to say anything you love. Isn't it that you want to drive me out of Shen's house? Tianqi wanted to do this, but now it's hard to find an opportunity, can't wait?"

"And you, my dearest mother, the one who loves me the most and shows the most affection for me on weekdays. When I am in danger, I have not pushed me away. Shen Qinglan can marry Fu Hengyi but I can't You can't even think about it. In order to cut off my thoughts, you even want me to marry those poor and sour people who have nothing. This is what you mean by love? It is extremely hypocritical."

"Shen Xitong, what nonsense are you talking about?" Shen Junyu just got home and heard this, his face was cold.

Shen Xitong was originally afraid of Shen Junyu, but at the moment, she did not feel scared at all, and looked at every Shen family member here coldly, "Am I wrong? Or that sentence, if I change to Shen Qinglan Yu today Would you let her move out to such a thing?"

Of course not, the answer is yes. But this cannot be said.

"What other wealthy clan do you think is full of hypocrisy? Since this family can't accommodate me, then I can just leave without you rushing."

Shen Xitong straightened her back, slightly raised her head, and maintained her pride. She glanced at the people present and walked out of the Shen family gracefully.

Walking to the gate, she looked back at the place where she had lived for more than ten years, and her eyes were full of hate.

The people of the Shen family are not looking well at the moment, especially Chu Yunrong, whose face is pale and transparent. Shen Junyu looked a little worried, "Mom, are you okay?"

Chu Yunrong didn't seem to hear his son's words, and turned to look at Mr. Shen, "Dad, have I always done something wrong?"

Grandpa Shen looked at his daughter-in-law and sighed deeply, "This thing doesn't blame you at all." Some people are so instinct, you are good to her ninety-nine points, as long as one point is not good, She will remember to hate you all her life, Shen Shentong is obviously such a person.

"Jun Yu, help your mother to take a break. For Shen Xitong, you will make an explanation to the outside world tomorrow. This matter cannot be allowed to continue. In addition, give her the renovated three-bedroom house in the city center. Our Shen family is kind enough to her."

The house was originally to be reserved for Shen Qinglan, but Shen Junyu did not say anything against it, and nodded. If he could buy out the relationship between Shen and Shen Xitong, he would be very happy. The house, he bought it again. Too.

Chu Yunrong stood up and went upstairs.

"Jun Yu, did you say that your mother did something wrong?"

Shen Junyu couldn't bear to hit her mother, but she didn't want her to go wrong, and she said heartily, "Mom, Shen Xitong has never been as harmless as she showed. You think Lan Lan is so ill-intentioned that she can't be with Heng Yi. Last time Lan Lan held a new bookmark sale for the album, and some reporters came out to mess with it. The messenger behind her was her. Fortunately, Lan Lan discovered it by herself. As early as possible, it's not just Shen Xitong who is caught in the rumor."

The more Shen Junyu said, the paler Chu Yunrong's face was, and her eyes widened. She didn't believe that she was always nice and nice in front of her, and the thoughtful and considerate adopted daughter was such a vicious person.

"Mom, I admit that I am partial, not only because she is my sister, I have guilt for her, the most important thing is her kindness, although she looks colder, but her heart is soft."

Chu Yunrong lowered his head and did not speak, but the tears fell down and hit the back of his hand. Shen Junyu reached out and wiped the tears for his mother. Looking at his mother, it was very gentle. He also recently discovered that Chu Yunrong was eating. The medicine for depression, that is to say, his mother's illness has not been good for many years.

"Qinglan, I will never forgive me again, right?" Chu Yunrong looked at his son, very sad. Shen Xitong broke her heart today, but what the son said to her, she stabbed in her heart. Use a knife to twist her heart to pieces. Thinking of the past, Chu Yunrong was suddenly frightened. Is she going to lose Qinglan forever?

"No, Lan Lan knows that you love her. She never blamed you." Shen Junyu comforted her mother and realized that her mother's emotions were wrong, he already regretted it, knowing that his mother couldn't resist stimulation, he just returned That remark stimulated her.

"Jun Yu, you go out and let your mother stay quietly for a while." Chu Yunrong chased people.

After Shen Junyu left, she immediately opened the drawer and poured out a few pills, which were stuffed into her mouth without drinking any water. She lay on the bed and only felt the pain in her heart.

After Shen Xitong left the Shen family, instead of looking for the Li family, he found a hotel and stayed. The next day, he received a text message from Shen Junyu, knowing that the house in the city center belonged to her, and she did not refuse it. The Shen family owes her, and she has a clear conscience.

Quickly moved into the apartment, under all the reluctance, the Li family also took over, and then Shen Xitong immediately held a press conference to clarify the current online rumors:

First, she is indeed the adopted daughter of the Shen family, but she did not fail to support her biological parents, and now she lives with her biological parents;

Second, the recording on the Internet is fake, and someone can frame her.

The husband and wife of the Li family were very happy these days because they lived in a big house, and Shen Xitong also said that if her reputation became bad, they would never get a penny, so today's reporter's meeting The couple also came.

When Shen Xitong introduced them at that time, Li Datou said that Shen Xitong was very good to them on weekdays, and she paid for her living expenses. Before she rented a house because Shen Xitong wanted to buy a house for them but they refused it. Those on the Internet She didn't say anything, everything was misunderstood.

Mr. Li's appearance is honest and honest, and he is getting older again. These words look especially credible. For a moment, everyone does not know how true or false.

"This woman is really a lot of drama." Jin Enxi looked at the online remarks and said to Sisley.

Sisley glanced, "You said we should help her in the back?" Her mouth smirked. Everyone with eyesight knew that this gang was definitely not really helping.

Digression

One more offering, oops, I'm about to start scumming, this time I want to completely solve the white lotus, what do you think?

The second is still at ten o'clock, and there are still rush answers.

PS: Continue to ask for paper tickets. Seeing for my hard work updating, do you want to smash me with the tickets in your hand?

207 Chapter 207: Falling into the Cloud

Jin Enxi's eyes lit up. "This is possible. Ann is now looking for her man. There must be no time to manage these things. As friends, we cannot always watch her being bullied."

Sisley is more fearful of the world than Kim Eun-hee, and she smiles enchantingly, "Oh, people like this kind of game the most, but how do you help Ann revenge? You said to capture her and enjoy our little cutie How about us, I haven't tasted the taste of "serving" people in a long time."

Sisley sticks her tongue out and licks her lips. Her eyes are very excited. The more she thinks, the more she thinks this idea is quite good. For those shameless sluts, the shot should be taken when it is shot. Ann is too good-tempered, so let this The slut slammed for so long.

"This will not work, I advise you to dismiss this idea as soon as possible." Jin Enxi immediately rejected the proposal.

"Why?" Sisley puzzled.

"This is Country Z. We can't cause trouble for An, otherwise she will be angry." Jin Enxi said.

Sisley understood it when she thought about it, shrugging her shoulders, and regrettingly said, "That can't be used with those little cuties, it can be done with my fist." Her fist is also very hard, and surely can make the one named Shen Xitong Taste it, it's absolutely wonderful.

"Sisley, you are a celebrity anyway. Can you not be so violent? I really doubt how Andrea endures your tigress-like temper." Jin Enxi disliked her proposal very much. We are civilized people, do civilized people understand?

"Then that's not good, what's not good, what do you say?" Sisley has always advocated violence and used violence to control violence, so her fighting has always been excellent.

"We want civilization." Jin Enxi said.

Sisley rolled her eyes, civilized a big-headed ghost, procrastinating, not at all happy.

"Show you a good thing." Jin Enxi started, and Sisley glanced over curiously, seeing the video on the computer, and finally Sisli's eyes flashed a little fun, "Yo, this pure jade girl still has Such a powerful side, where did you get it from?"

Jin Enxi laughed, "I once investigated her, this woman likes to go to the charm bar, I hacked into their monitoring system, and then found this, how, good things, I still have it here."

Say, click on a recording file, which is a dialogue between Shen Xitong and a man, as well as a dialogue between this man and another man. One of the men in the following dialogue is obviously messing up at the signing meeting of Shen Qinglan's paintings The reporter.

"This is what I robbed from that reporter. How come, give it a go, I will tell you, with these things sent, the saliva of those people can drown the woman, and we still need our hands?"

Sisley nodded, "This is a good idea, just do it. I said you have so many good things. Why don't you expose it earlier. If you expose it earlier, can the woman still be so lame?"

Jin Enxi smiled mysteriously, "You don't know. In Z country's words, the higher the standing, the worse the fall. Who knew who Shen Xitong was before, even if it burst out, it will be forgotten for a while. Where is the effect now, Ann said, let her get what she wants most, let her stand at the highest place, and then fall into the clouds, think about the taste, it is really wonderful."

"Yes, it's okay, it's Ann. It's so good to think about." Sisley's excited expression urged Jin Enxi to publish things online.

On the afternoon of the same day, I saw the calming Internet storm once again scrape, even more severe than before, and Shen Xitong screamed under the Weibo.

I'm a passerby: "Yo, it's pure jade girl, but it's a little bit worse than something."

Fenghuaxueyue couldn't help it: "The Shen family raised a white-eyed wolf, and the adopted daughter actually murdered her daughter. If it were my family, I would definitely strangle her."

ABCD: "On the surface it looks like everyone's girl show, but inside it is a viper's heart. This woman is amazing."

I can't forget you: "The previous reporter entertained me to see that the eight achievements were hype. Such a woman would abandon the Shen family and support her parents? I don't believe it, do you believe it?"

XXX is a great eunuch: "I don't believe it either. I don't believe it if I kill her."

...

"Hahaha, really that sentence is good, the eyes of the people are sharp, look at the comments of the people, so cute." Jin Enxi chewed an apple in his mouth, with a lot of interest to see Sisley, from time to time issued Laughing voice.

Shen Xitong almost madly smashed the whole family. Tian Cuifang stood aside and shouted: "Hey Xitong, don't smash it, you are angry and you can't smash things. These are all bought by money. Old is expensive." Seeing another crystal vase smashed and crushed by Shen Xitong, Tian Cuifang's heart was sorely distressed.

"If I want to say something annoying, they are telling the truth." Li Yong sat on the sofa and said quietly, with a sullen face.

Shen Xitong, a dead woman, was so rich that she refused to buy him a house. He hated her a long time ago. If the house was not in his name, he would definitely applaud.

"Li Yong, you shut up for me." Shen Xitong stared at Li Yong with hate, all these people. If they weren't for her, she wouldn't fall into this situation now. The Shen family drove her out, she must be It won't just go back like this.

But she didn't know what to do with the video and audio on the Internet. She knew a few people, but they were incomparable to Shen Junyu. As for the people she knew, it would be nice not to add chaos. She thought of someone, the biggest sponsor of that concert.

Taking out his mobile phone, he played the manuscript in his heart. Shen Xitong dialed the man's phone, but the man's phone showed that the phone was turned off. Shen Xitong's heart sank sharply. Was it pulling her black or...

A trace of sarcasm flashed in her eyes. You see this is a man. She was still eating with her two days ago. Her affectionately told her to do so, but now she doesn't even answer the phone.

"Yo, people ignore you. If I were a man, I would ignore you. Look at you like this. Who knows if the hat on your head will change color when you marry you back." Li Yong said coldly, Tian Cuifang gave He blinded his eyes as if he could not hear them, and without the Shen family, Shen Xitong had not left them to say anything. If she dared to cross, he would dare to beat her.

Li Yong is a bastard, or an unreasonable bastard. He dares to fight except his parents. Last time Shen Xitong was beaten once.

Shen Xitong was originally upset, and Li Yong said so, picked up the vase on hand and smashed towards Li Yong. If it was hit, Li Yong wouldn't be blamed if he broke his blood.

Li Yong flashed fast, and Shen Xitong's quasi-head was not enough. The vase hit Li Yong's scream and suddenly made a scream. "Mom, she hit me, she wanted to kill me."

Tian Cuifang was also taken aback. Li Datou was originally sitting and watching a movie. Anyway, he couldn't control this matter. Shen Xitong didn't give it to him because he had money. She returned the house to him when she returned, and regretted it as soon as she returned.

I just saw that my baby son was beaten, and Li could not sit still. He took off his shoes and pumped them on Shen Xitong's body. "He is your younger brother. You dare to beat him. If you fight against you, you will lose him if you beat him. Does it work?"

"Dad, my foot hurts. I don't know if it broke." Li Yong poured oil on a side fire. His foot pain is real, but it is also true to watch a movie.

Shen Xitong rebelled, but her strength was comparable to that of Li Datou, the big man, only to be beaten. When Li Datou listened to his son, it was merciless.

When Shen Xitong arrived, he simply didn't resist, and he sat on the ground and looked coldly at Li Datou. "If you have the ability, you can kill me directly. If you kill me, you don't want to get a penny. I want you to give me everything. Get out of here."

The action of Li Datou was hesitant, and now their family is all leaning on Shen Xitong. If Shen Xitong doesn't care about them, they really have no place to go.

Shen Xitong sneered, these vampires.

Li Yong can't see Shen She Xitong looking at them with garbage eyes. You and our blood are close relatives, we are garbage, then where are you noble, and I really think that Shen is the eldest of the Shen family?

"Dad, don't listen to her bullshit. She has a bad reputation now, where is there any money. It is estimated that this house is left in her hand. We sold the house and left Beijing. She didn't want to recognize us all the time. Well, then we can just go."

When Li Datou heard it, he immediately felt very reasonable, but the real estate certificate was in Shen Xitong's hands, and her name was registered. They had no right to buy or sell.

The sneer on Shen Xitong's face didn't diminish. Suddenly, she was thankful that the time was short. She hadn't had time to go through the registration procedures with Shen Junyu. The house was still registered under Shen Junyu's name.

"Oh, I still want a house. You dream about it. I'm dead. I won't leave this house for you."

When Li Yong heard it, he was immediately angry and picked up the vase that Shen Xitong smashed just now and then smashed Shen Xitong on his body.

Shen Xitong's luck was not very good. The vase fell and hit her forehead. Her eyes were black and she fainted.

Bright red blood gurgled from her forehead. Six were on the floor. The three people present panicked instantly. Li Yong's face was pale. He just wanted to teach Shen Xitong, but never thought of her death.

"Mom..." Li Yong shook his voice, "Shouldn't she be dead?"

The murder is to pay for his life, he is still so young, he does not want to die.

Digression

The question today is: What is the name of the person who challenged Shen Qinglan?,

You said that White Lotus just died like this, okay?

208 Chapter 208 Chu Yunrong's Hospitalization

Tian Cuifang's legs were also shaking, watching the blood flowing out, panicking, but not forgetting to comfort her son, "No, she won't be okay, you won't be okay, even if the police are really here, that's what mom did. Yes, it has nothing to do with you."

Finally, Li Da head boldly stepped forward to probe Shen Xitong's breath, and found that there was still breathing, and suddenly sat on the ground, "alive, hurry to call."

Li Yong took the lead in reacting, knowing that the person was not dead, and was very happy, "Mom, she is not dead, I don't have to go to jail."

Tian Cuifang also breathed a sigh of relief. If they were killed, the three of them would be finished.

Jin Enxi immediately learned of Shen Xitong's admission to the hospital. It was said that he was covered with blood and seemed to commit suicide. Who made Shen Xitong the focus of media reporters these days? She was not as blessed as Shen Qinglan. Some people went to the reporters to say hello.

"Oh," Jin Enxi sneered. People like Shen Xitong would commit suicide, and she would not believe it. "But how did she enter the hospital in good order? Isn't it hype?"

Jin Enxi had to suspect that just after the scandal broke out, he was admitted to the hospital. Isn't it a bitter love card?

Sisley chewed on the chewing gum. "You don't care about her. It's not easy for her to be in sewage. It's not easy to wash white." Maybe someone will be guessed this time when you enter the hospital.

As for the reporter's pen, Sisley has a deep experience. She is a world-famous model and a character living under the eyes of reporters.

Not to mention that Sisley was right. As soon as the news came out, the online scolding appeared. Most of them were talking about Shen Xitong's hypocrisy and cruelty, and he even killed himself.

Shen Xitong was still in a coma and had too much blood loss. He didn't wake up so fast for a while. Naturally, he didn't know that the maliciousness against her on the Internet had deepened again.

Even black powder disguise came to the hospital to throw tomatoes and vegetables at Shen Xitong.

Tian Cuifang guarded Shen Xitong in the ward. Knowing that Shen Xitong was okay, Li Datou and Li Yong went home and began to search for property certificates through the box, but they could not find them all over the corners of the house.

"Dad, no." Li Yong spread out on the sofa, and he was really exhausted just now. Shen Xitong, this dead woman, could hide things very well. He couldn't find it at all, but found a few pieces of valuable jewelry. If you sell it, you can probably change it for tens of thousands of dollars.

Big head Li smoking a cigarette, and his face was irritable. "When she wakes up and ask her questions, you can also talk to the girl. Let her wait for a few days and I will definitely buy you a house to get married."

Before Li Datou said that Li Yong made the girl's belly bigger, it was not a lie to Shen Xitong. There was such a thing. The girl said that she wanted a child in her belly to buy a house and marry her, otherwise she would I went to beat this child, and everyone beat it twice.

Big head Li is old, and like ordinary old people, longing for the days when he has a grandson, he is such a son like Li Yong. Naturally, he cannot let his first child disappear, and the girl looks beautiful, The children born must be beautiful too.

It is rare that a girl is willing to marry his son, Li Datou will never give up.

Li Yong doesn't care about the child in the girl's stomach. What he likes is this person. As for marriage, if he can't, he really doesn't want to.

"Got it. Dad, I'm going out." Li Yong held a few jewels from Shen Xitong and rushed to exchange them for money.

Li big head waved his hand, he was still thinking about how to get this house from Shen Xitong's hand.

**

Shen Qinglan watched the development of the incident and lightly twitched his lips. Unexpectedly,

things developed more smoothly than he had originally expected. He picked up his cell phone and called Jin Enxi.

"Ann, are you back?"

"No, did you put the videos and recordings on the Internet?" Shen Qinglan asked with a firm tone.

Jin Enxi laughed, "Ann, you still know me, but the person who promoted it was not me. I didn't do anything except put the video and the recording."

Shen Qinglan knew she was for herself, and naturally she would not say anything, just asked another thing, "Is that woman still showing up?"

Jin Enxi reacted to who she was talking about, her face was dull, and she glanced at Sisley, "No, it seems that it has never appeared in Beijing since that time, but An, my heart is very uneasy."

Sisley also put away the laughter on her face, this thing is the shadow of the backlog of their hearts, as long as one day is not sure if the person is still alive, they can not really let go of the day.

"No matter what the woman's relationship with that person is, since his goal is me, it will definitely appear, and we don't need to be too nervous, we should always come." Shen Qinglan said calmly.

"What should come always?" Fu Hengyi heard the sentence when he entered the door and asked casually. Shen Qinglan took the line and smiled, "Why did you come back so early today?"

"There is a night assessment in the evening, come back in advance and tell you."

"Okay." Shen Qinglan nodded, and she never intervened about Fu Hengyi's work. Fu Hengyi glanced at her. "Nothing to tell me?"

Shen Qinglan was blindfolded, "What?"

Fu Hengyi chuckled, "Your heroic deeds have spread throughout most of the military area."

When he said this, Shen Qinglan knew what was going on. Zhao Wei challenged her three days ago. She said that three days later, she went to the cafeteria to eat today. As soon as she walked out of the cafeteria, she was blocked at the entrance of the cafeteria.

There is still no expression on Zhao Wei's face. He looked at Shen Qinglan and said quietly, "Three days after you said, today is the third day."

Today is the lunch that Zhang Sister-in-law and Shen Qinglan had together. Fu Hengyi was not there. Zhang Sister-in-law looked inexplicably and whispered in Shen Qinglan's ear, "Who is he? What three days?"

Shen Qinglan did not forget the agreement with Zhao Wei, but did not expect this person to be so impatient. Gu Yang and Gu Kai followed him and saw Shen Qinglan, and ran over, "Little sister-in-law, this kid asked for abuse, you Hurry and abuse him."

It was said by Shen Qinglan last time, Gu Yang went back to reflect on it deeply, and what Fu Hengyi said before, all made him feel like he was alive, so Gu Yang suddenly became angry. Strengthen up, was he training with Gu Kaijia at this time, but today there is a good show, he can't help but follow.

"Little sister-in-law." Gu Kai shouted. Shen Qinglan glanced at him and found that although he had bruises on his face, he was not seriously injured, which was not in line with the person who was beaten into a pig's head in Gu Yang's mouth. Xiaofei glanced at Gu Yang with a smile, and Gu Yang laughed dryly. Then, he did exaggerate a little, but there was absolutely no exaggeration.

"Want to learn from me?" Shen Qinglan used the term "study."

Zhao Wei nodded, "You said it yourself." In these three days, he already knew that Shen Qinglan was Fu Hengyi's wife, but he still did not change his determination to fight with Shen Qinglan.

"just now?"

Zhao Wei continued to nod.

It was really a martial arts fool. Shen Qinglan smiled, glanced around, and pointed to the playground not far away. "Go there." It's lunch time now. There are not many people on the playground, and there is plenty of space. It's easy to play.

But what Shen Qinglan didn't think of was that there were so many people who wanted to see the excitement, followed by a large wave of people, and people who rushed over after hearing the news.

"Sister, are you going to learn from him?" Zhang Sister-in-law, restlessly, followed Shen Qinglan, looking at the very strong man in front, and asked softly.

Shen Qinglan nodded, "Well, what I promised before, I always have to do it."

Sister-in-law Zhang glanced at Shen Qinglan's emaciated figure, and at Zhao Wei again, the worry in his eyes was even worse, "Sister, let's not count, the barracks are all a bunch of rough old men, they have nothing to do with it. ."

"Sister-in-law, don't worry, I'm sure."

Gu Yang, who was walking beside them, smiled and said, "This sister-in-law is at ease. My sister-in-law is very good. There is no problem in beating him alone."

Sister-in-law Zhang refused to say anything to Gu Yang, but she felt that Shen Qinglan was too successful. She knew that she was the daughter of the Shen family and should have some skill, but this is after all a barracks, and there are many people with good skills. A woman's challenge shows that there is no principle in doing things.

Although there is no distinction between men and women in the military camp, Shen Qinglan is not a soldier, she is only a family member.

Arriving at the playground, Shen Qinglan looked at the crowd watching and couldn't help but have some black lines. It was originally chosen here because there are few people at this time, now...

Zhao Wei doesn't care how many people look at it, "Can I start now?"

"Yes." Shen Qinglan stood in the middle of the playground, her posture was very casual, but the insider could see it at a glance. She seemed to be standing casually without any flaws, and the whole person was in a state of preparation.

The gamers in the lively people had already seen this, the light in the eyes changed instantly, and it was interesting to look at Shen Qinglan's eyes.

Zhao Wei also condensed his expression, clenched his fists in both hands, and struck Shen Qinglan's face in the most direct way. Shen Qinglan turned sideways to avoid his attack. One hand grabbed his wrist instantly, the other With a fist in his hand, he hit Zhao Wei's abdomen hard.

Zhao Wei stepped back two steps subconsciously and coughed a few times. Shen Qinglan started to take a heavy hand. At that moment, he only felt that his abdominal organs had moved.

But Zhao Wei's eyes are getting brighter and brighter, and he is very excited to look at Shen Qinglan. There are many people who can hold him down just after the move, but this certainly does not include the seemingly weak woman like Shen Qinglan.

Gu Yang's kid didn't lie to him, this woman is very strong.

Zhao Wei once again rushed towards Shen Qinglan with a fist, but this time, instead of attacking Shen Qinglan's face, it was the shoulder. If this punch was implemented, Shen Qinglan's shoulder would have to be folded.

Everyone thought that Shen Qinglan would avoid, but she stood still.

"Sister-in-law, be careful." Gu Yang exclaimed, hands clasped on both sides clenched into fists tightly, fearing that Shen Qinglan might miss.

Shen Qinglan held out a hand and grabbed Zhao Wei's fist. Obviously such a slender palm, but full of amazing power, Zhao Wei couldn't go in half.

Shen Qinglan took Zhao Wei's fist, pulled it homeopathically, and then fell over the shoulder beautifully. Zhao Wei lay on the ground, and the floor banged, even if he was watching the crowd, he felt pain for him, this Woman, it's too tough.

Everyone's eyes on Shen Qinglan have changed. Where is this weak woman? It is more powerful than the group of tyrants in the female soldier next door.

"Are you still here?" Shen Qinglan asked lightly.

Zhao Wei stood up from the ground and stood up, with a look of excitement, "Come again."

Everyone was speechless. This was obviously a unilateral cruelty. This person was still getting more and more powerful. Sure enough, normal people in the world of lunatics could not understand.

Shen Qinglan didn't care. He shrugged and his eyes changed. For the first time, he launched an attack actively. His fist clenched into a fist and went straight to Zhao Wei's face. Zhao Wei subconsciously reached out to block it, but he saw that fist had turned halfway. A bend went towards Zhao Wei's belly.

Come again. Zhao Wei gritted his teeth. His fist just now had to be shifted. He couldn't stand stupidly and was beaten this time. He stepped back and forth. The two of them quickly passed a dozen times. Shen Qinglan found a chance. One Simply sweeping his legs, Zhao Wei lay on the ground again and uttered a scream.

"Are you still here?" Shen Qinglan looked down at her with condescending expression, his expression cold and expressionless.

Zhao Wei got up and gritted his teeth, "Come again."

I don't know when, there are more and more people watching around, attracting some officers. I wanted to stop them from gathering around. When I saw the situation in the field, I stopped and suddenly, just like everyone, I stood on the side. Watch.

Zhao Wei is still being tortured by Shen Qinglan, but everyone can see that she has not exerted her full strength. Even if she is fighting Zhao Wei, it seems that she is the main component of the sparring.

Some officers knew Shen Qinglan. After all, Shen Qinglan often appeared in the cafeteria with Fu Hengyi. Many people had seen her and knew her identity.

"I didn't expect Captain Fu to be so powerful, and his married wife was so tough." A young man sighed.

"Such a woman can only be eaten by Captain Fu." The other soldier whispered to his companion in a whisper. If such a sturdy man, if he marries home, there will be physical conflicts due to family conflicts, and the man is properly the victim of domestic violence. .

Gu Yang and Gu Kai looked at Shen Qinglan who unilaterally abused Zhao Wei in the field. They were also very proud while excited, especially Gu Kai, looking at Shen Qinglan's eyes like a fan.

Someone was talking in a whisper here, the field was over, and Zhao Wei was lying on the ground, covering his chest, coughing violently, and the last foot kicked him sorely, and he hasn't slowed down yet, his head it's all sweat, and the energy on my body has been exhausted.

On the other hand, Shen Qinglan was clean and refreshed without changing his breath.

"Do you want to continue?" Shen Qinglan asked again.

Zhao Wei wanted to continue, but he could no longer stand up, he was tired, but his eyes were glowing. Looking at Shen Qinglan's eyes was like looking at a baby, "I lost today."

Zhao Wei struggled to get up from the ground. He knew that Shen Qinglan didn't exert his full strength. He guessed that if the woman exerted her full strength, she might not be able to beat even one move.

"Can I come to see you again in the future?" Zhao Wei's face finally appeared excitedly, looking at Shen Qinglan's eyes, looking forward.

Everyone is speechless, is this looking for addiction?

"I don't have time, and I will leave here soon." Shen Qinglan stated the fact that she is not a soldier here. This time she just came to see Fu Hengyi. Naturally, she won't stay long.

Zhao Wei was very sorry. Although she had been abused throughout the whole process with Shen Qinglan, she was very addicted. She acted mercilessly but very decently. And from her body, Zhao Wei found many loopholes in herself. This is what excites him the most. The place.

"Thank you today." Zhao Wei sincerely thanked.

A little smile flashed through Shen Qinglan's eyes, and the man didn't look stupid. She did have a heart of meditation today, it's because Zhao Wei's stubbornness is very similar to someone, but it's a pity that person...

Thinking of that person, Shen Qinglan's eyes showed a sorrow.

"Sister, I didn't expect you to be so powerful." Zhang's sister-in-law hasn't recovered from the shock that Shen Qinglan unilaterally abused a 1.8-meter-strong man.

Shen Qinglan slightly raised her lips, "Grandpa taught me self-defense at home for a while at home." She used Grandpa Shen as an excuse.

Zhang's sister-in-law sighed, "Heng Yi is so blessed that he has married such an excellent wife."

Shen Qinglan slightly embarrassed, she did not know how to take such a compliment.

And Zhao Wei challenged Shen Qinglan, and the news of being unilaterally abused quickly spread throughout the barracks. Fu Hengyi naturally knew that this was the question when he came back.

Shen Qinglan reacted to what he was referring to and whispered, "He was the one who came to me first." She did not say that Gu Yang was in trouble.

But he didn't say, didn't Fu Hengyi know? He sneered in his heart, Gu Yang's account will be counted with him later.

"I know, it's just that your body is ready?" Fu Hengyi was a little worried. He remembered that her official leave was not over.

"No effect." Shen Qinglan explained that this problem was not a problem for her at all.

"You, you still need to pay attention to it. If there are those who come to disturb you in the future, you will tell me that I will teach them what fighting is." Fu Hengyi said lightly.

Shen Qinglan smiled slightly, "Don't report on private enmity."

Fu Hengyi smiled and didn't speak. He went back to the room to change a dress and then left. He has done a lot of things these days. It's already time to look back at Shen Qinglan.

After Fu Hengyi left, the door of the house was knocked again. Shen Qinglan walked over to open the door and saw Gu Yang and Gu Kai standing outside the door.

Shen Qinglan raised her eyebrows, "Something?"

Gu Yang laughed, "Sister-in-law, can we go in and sit down?"

Shen Qinglan turned sideways, let the two brothers enter the door, sat on the sofa, Shen Qinglan looked at them, "Speak, what are you looking for me?"

"Hey, sister-in-law, how do you know that we are here to find you, not the elder brother."

This also requires asking, if you came to Fu Hengyi at this time.

"Sister-in-law, we want to ask you to teach us to fight." Gu Kai went straight to the subject.

Shen Qinglan raised her eyebrows.

Gu Kai continued, "My combat skills with Gu Yang are too poor, I would like to ask you to teach us."

"Yes, sister-in-law, you also know what Grandpa asked us, if the results were not satisfactory after half a year, we would not be able to choose whether to leave or stay."

"I remember you had fighting instructors, and your skills were trained by Grandpa himself." Shen Qinglan said lightly. Gu Yang was disciplined by Grandpa Fu for a period of time when he was a child. Gu Kai and Gu Yang have always been inseparable. Grandpa Fu also regarded Gu Kai as his grandson. While disciplined Gu Yang, he did not forget Gu Kai.

Gu Yang smiled embarrassedly. Then, his skill is better than the average person, but the veterans in the army are not enough to watch. It is really lack of actual combat experience.

"The experience of being beaten a few times came out." Shen Qinglan said lightly, and Gu Yang's face stiffened, thinking of Zhao Wei who was beaten up in the afternoon.

"Sister-in-law, is this the only way?"

"This is the fastest method."

Gu Yang instantly looked like an eggplant beaten by frost, and was downcast.

"Sister-in-law, even so, I still hope you teach us to fight." Gu Kai said seriously, he really admired Shen Qinglan, good skills, good car skills, especially a little behind.

In any case, Shen Qinglan refused in the end. Her fighting skills were actually not suitable for the army. What she learned at first was murderous skills. Today, she was deliberately controlled by Zhao Wei, otherwise Zhao Wei would suffer This is not a skin trauma.

Gu Yang and Gu Kai were very disappointed, but they both thought it was the reason why Shen Qinglan stayed here for a short time.

Shen Qinglan went into the bedroom, turned on the computer, and looked at the comments about Shen Xitong on the Internet.

The Shen family had already exploded the pan at this time. In fact, the recording that was burst out actually had a copy in Shen Junyu's hands. He was surprised when he saw the recording, because the recording is still in his hands. Then who invented the recording on the Internet.

Grandpa Shen didn't even think that this kind of thing happened in the middle. When I heard that, he madly smashed the cup in his hand. The old man's young temper was very bad. After he got older, he converged a lot. Less angry, Shen Junyu has not seen his grandpa so angry for many years.

"Grandpa, don't be angry. Beware of your body. If you get angry, Lan Lan knows to blame herself."

Grandpa Shen gasped for a few breaths, calmed down, and commanded, "The news was announced to the outside that Shen's family and Shen Xitong were cut off. Shen Xitong would no longer be a member of Shen's family. Her affairs had nothing to do with Shen's family. I will not allow someone who hurts my granddaughter to trample at home."

"Dad, wouldn't it be too much? Now it's all attacking on the Internet.... Shen Xitong's remarks, we are making such a statement now, aren't we just falling into the rocks and letting outsiders look at it, it seems that our family doesn't talk about emotions." Chu Yun Rong whispered.

Grandpa Shen was angry and glared at Chu Yunrong, "I don't talk about love, did she Shen Xitong talk about love? Our Shen family adopted her and raised her so big, how did she repay us? Lan Lan is me The granddaughter of the Shen family, what did she do to Lan Lan again. Yun Rong, you like Shen Xitong, and the eccentric Shen Xitong should have a degree. She is hurting your biological daughter now, and it is the daughter you owe for more than a decade.

Chu Yunrong has been married to Shen Qian for so many years. Old Man Shen has never looked at Chu Yunrong's daughter-in-law, let alone such a stern rebuke, Chu Yunrong turned white.

"Dad, I don't mean that. I'm not saying that Shen Xitong is right. I just don't want outsiders to feel that our Shen family is cold-hearted."

Old Man Shen's face was very cold, "Cold-blooded and merciless? The last thing I regret now is that I agreed with Shen Qian to adopt Shen Xitong!"

At the time, Shen Qian adopted Shen Xitong for Chu Yunrong's illness, but now it seems that this is the biggest mistake. Chu Yunrong's illness depends on him. Not only is it not good, but it is more serious.

"Yun Rong, I don't want you to intervene in this matter." Before going upstairs, Mr. Shen glanced at Chu Yunrong, whose face was pale and empty.

"Mom." Shen Junyu looked at Chu Yunrong and was very distressed. After accidentally seeing Chu Yunrong taking the medicine that day, she secretly took a few pills she took and showed them to the doctor. As a result, the doctor told him that this It is a drug used to treat depression and mild schizophrenia.

Shen Junyu realized that his mother's illness had never been better, even worse than before.

Chu Yunrong didn't seem to hear Shen Junyu's voice. She was immersed in her own world. Shen Qinglan and Shen Xitong were all in her head. Her face was getting paler. Finally, she clutched her chest and fell on the sofa on.

"Mom." Shen Junyu panicked and picked up Chu Yunrong and ran outside. Master Shen heard the movement and came out of the room, only to see Shen Junyu's panicked back.

"What's wrong with Yun Rong?" Mr. Shen asked Sister Song who came out of the kitchen. Sister Song was also confused, and she didn't know what happened.

Shen Qinglan was eating with Fu Hengyi when she received a call from Grandpa Shen. Her face suddenly changed, and she stood up, "Grandpa, I will come back immediately."

Fu Hengyi looked at her and frowned, "What happened?"

"My mother was hospitalized and suddenly unconscious."

Fu Hengyi couldn't care about eating anymore and stood up to stop Shen Qinglan, "You wait, I will go with you."

"Doesn't it matter that you leave now?" Shen Qinglan worried.

"I'll make a call first." Fu Hengyi went to call, and Shen Qinglan stood by the door waiting for him. After a while, Fu Hengyi came out, still holding Shen Qinglan's coat, "Go."

When the car drove to the gate of the military area, it came across Shen Qian who was about to go back.

At the hospital, Shen Qinglan found Chu Yunrong's ward according to what Shen said, but Chu Yunrong was not awake. Only Shen Junyu and Shen Shen were in the ward.

Shen Junyu sat on the sofa, lowered his head, and looked inexplicably. When he saw Shen Qinglan, his mouth was ripped, "Lan Lan, you are here."

"Brother, Grandpa, what the hell is going on, why did Mom suddenly faint?"

Hearing the words, Shen Junyu's face was dark, and Mr. Shen sighed deeply, "It's all blaming me. I'm too heavy to speak. If it weren't for me, Yunrong wouldn't..."

"Grandpa, this is not your fault." Shen Junyu exited, interrupting Mr. Shen's words.

Shen Qian frowned tightly, and said nothing after entering the ward.

"Dad, have you known for a long time?" Shen Junyu stared at Shen Qian tightly, her voice was very deep, "My mother has never been better, she has been taking medicine, do you know if this is the case?"

As soon as this remark came out, except for Shen Qian, everyone else's face had changed, especially Mr. Shen, who was shocked.

"I saw my mother taking medicine before, and took advantage of her inattention to secretly take a few to the hospital for identification. The doctor said that the medicine was for depression and

schizophrenia." Shen Junyu said word by word, looking at Shen Qian's eyes shouted blame.

Shen Qian looked quietly at his wife who was lying unconscious in bed. The bottom of her eyes was pity, it was distressed, Yun Rong, after all, she didn't hide it.

"Yes, your mother's illness has never been better. Since the second year of adopting Shen Xitong, her illness has been committed, but she won't let me tell you that it has always been suffered alone." Even he once thought Chu Yunrong refused to retire and take care of his wife. She said that as long as Qinglan didn't come back one day, she would not commit suicide one day. She would live alive and wait for her daughter to come back to find her.

But in the end, Shen Qinglan came back, but Chu Yunrong's illness was more serious. Sometimes Shen Qian looked at his wife in pain, but he felt distressed but unable to do anything.

"Dad, do you know what you are doing? The important thing for that kind of illness is the companionship and encouragement of your family, but do you know, because of your concealment, how much does she have to bear?" Shen Junyu was very angry and looked at There will be fire in Shen Qian's eyes, where there is still a gentle and gentle look on weekdays.

"Shen Qian, you have done something wrong." Shen Shen opened his mouth, and was very dissatisfied with this practice of Shen Qian and Chu Yunrong. If they can know the true situation of Chu Yunrong earlier, then maybe her illness is fundamental. Not so serious, it may have been cured already.

Father Shen also regretted what he said today was too heavy. If she didn't stimulate Chu Yunrong, would she be fine?

Shen Qinglan and Fu Hengyi stood on the side without opening. She looked at the pale woman on the bed. For some reason, she suddenly remembered how she stuck to her when she was very young, like a small tail.

"Yun Rong, she... is actually a good mother." Shen Qian looked at his wife with a gentle look. "In fact, the person who did the wrong thing is me." Only Chu Yunrong suffered the result.

"Qinglan, your mother has always been deeply guilty of losing you." Shen Qian looked at Shen Qinglan and began warmly. "She has been waiting for you to come back, not waiting for you until she is crazy, She had committed suicide during the period when her depression was the most serious. If she didn't find it in time, I'm afraid your mother would have gone. It's just that since then, her mood has been very low and she may not speak for a few days. I asked a lot of doctors to see her, and finally I planned to follow the doctor's advice and adopted Shen Xitong as her spiritual sustenance. The doctor hypnotized her, suggesting that she is Shen Xitong, her biological daughter, and her illness. It just got better."

In the past, everyone except Shen Qinglan and Fu Hengyi knew that Shen Junyu and Shen Shen were full of sadness when they thought about those days. Chu Yunrong was crazy looking in those days when Shen Qinglan had just lost it, as long as people wake up She was looking for her daughter outside, but no

matter how she searched, Shen Qinglan never found it back. As the days passed, Chu Yunrong was losing weight, and the people were haggard, leaving only skinny, and then one day, Shen Qian Chu Yunrong committed suicide after returning from outside.

Although the rescue came back, her people were also abolished, and her spiritual world collapsed. Shen Qian sought a lot of psychologists to treat Chu Yunrong. Finally, she had no choice but to adopt a child.

As a result, one year later, Chu Yunrong suddenly woke up, knowing that Shen Xitong was not his own daughter, and his daughter was still not found. The spiritual world almost collapsed again. Shen Qian couldn't but had to take Chu Yunrong out for a while. , And then see Chu Yunrong for a doctor.

Because Chu Yunrong didn't want his family to know, Shen Qian kept it very tight. Until Chu Yunrong could live a normal life, he returned to the compound to live with everyone, and that period happened to be the rising period of Shen Qian's career. Qian gave up a good promotion opportunity for Chu Yunrong's illness, otherwise Shen Qian's position may be even higher.

"Actually, your mother bears a heavy pain in her heart, especially after you came back, we lost you for ten years, looking for ten years, but after ten years of vicissitudes and too many changes, when we meet again, we have already made things wrong. We don't even know how to get along with you. I'm a failed father. I didn't do my duty as a father, but your mother, she is not, she always loves you, maybe because of hypnosis too many times. In her subconscious mind, Shen Xitong was her biological daughter, the daughter she was born in October, but when she was awake, she remembered that you were the daughter that she had forgotten. This kind of suffering made her sick not only Instead of getting better, she became more serious. Recently, she began to see a psychiatrist and do psychotherapy just to get herself to recover soon and fulfill her responsibility as a mother. Qinglan, if your heart is to blame your mother, Then please forgive her, the person who caused all this is actually my father."

In the ward, Shen Qinglan looked at Chu Yunrong's quiet face calmly. Her eyes were closed and she looked like she was asleep. What she remembered in her mind before she left was indeed.

The doctor said that Chu Yunrong's unconsciousness was not a physical reason, but because she closed her heart door and was unwilling to wake up. As long as she was unwilling to wake up one day, she would have been falling asleep.

Shen Junyu they had left, and even Fu Hengyi left together, as requested by Shen Qinglan, and only Chu Yunrong and Shen Qinglan were left in the ward. At the foot of Shen Qinglan, there was a box of yellow rosewood, which was just sent to her by Shen Qian's family, saying it was hers.

Digression

Today three o'clock, two o'clock at ten o'clock, three o'clock at three o'clock in the afternoon.

In the past few days, Ali has been catching up with the manuscript. I really don't have time to check the typos in the text. I hope you all excuse me.

209 Chapter 209

This is the first time Shen Qinglan has looked at Chu Yunrong so seriously. Since returning to Shen's house, she has not seemed to have a good relationship with Chu Yunrong. The mother looked at her with deep fear in her eyes. And still at a loss.

She wants to be kind to herself, but she has nowhere to go, can she be helpless in the end? Shen Qinglan couldn't tell.

With a small key in her hand, she lay in the palm of her hand. She picked up the box and opened it, and she looked stunned when she saw the contents inside.

Many memories that were so long forgotten that suddenly recovered when she saw these things, and she picked up the Barbie doll in a blue dress.

"Mom, do I look good in this skirt?" The little girl sat on the bench, letting the mother behind her brush her hair, not forgetting to look at the new skirt from time to time, and then asked her mother.

The mother smiled gently, fixed her daughter's head slightly, and prevented her from turbulence, so as not to hurt her. "Good-looking, Qinglan is the best-looking baby in the world. It looks good in everything."

"Will Brother Fu like it too?" The little girl tilted her head and glared at the black eyes.

"I will like it, but your older brother Fu is not at home now. He has gone abroad and will not be able to return until the New Year."

"When is the New Year?"

"It's March, and it won't come back until it snows."

"Then I'll wear a skirt to find a chubby play. He said I was not pretty that day."

Mother nodded with a smile, "Okay, wait a moment when my mother sends you to school, the chubby sees you, and she will definitely say you are beautiful. My mother tied a bow today." Said, picking up a

blue from the side The hairpin of the bow is put on the little girl's head, the butterfly's wings will move, the girl's head will shake, and the butterfly's wings will flutter up and down.

Shen Qinglan put the Barbie doll down and picked up the bottom album. In fact, she had forgotten what she looked like when she was a child. Although Granny Shen had this album there, Shen Qinglan did not go through it.

Turning page by page, Shen Qinglan looked very seriously, still with a cold expression, but the emotions in her eyes were very complicated, she could not understand Chu Yunrong's feelings, when she was looking for herself, she was already in the devil Base training.

The memories of the Shen family faded away in the mind of the young Shen Qinglan. What she remembered were all things after being abducted.

She remembers her fear when she was in the hands of a trafficker, the hopelessness of losing hope while waiting, and the fear of seeing the little girl being crippled.

She remembered the sound of whip whip and hot pain; she could not swim but was pushed into the water and was almost drowned by suffocation; she also remembered the blood touching the warmth on her skin and the rain in the rain forest Cold.

When she needed maternal love and care, Chu Yunrong was not by her side. When she found herself, she had already passed the age when she needed maternal love.

The photo album awakened her sleepy memory. She looked at Chu Yunrong with a touch of sadness in her eyes.

"Does this mean that we still have a lack of fate with each other? So we will keep missing them?" Shen Qinglan said softly, as if murmured, and soon dissipated in the air.

She held Chu Yunrong's hand. Her hands were as cold as her own. There were thin cocoons on her fingertips. They were slender and slender, and they looked good. Even in their fifties, the skin on their hands was still tight. Delicate. These are the hands of a pair of pianists.

Shen Qinglan's gaze paused on Chu Yunrong's left wrist. There was a shallow trace there. It seemed to be a knife wound. If he didn't look carefully, he couldn't find it. Things, sour in her heart.

"Mom." Shen Qinglan spoke softly, and yelled in Chu Yunrong's ear. This was the first time she returned to Shen's home and called Chu Yunrong "Mom."

"Dad, is it really okay to leave Lanlan alone?" Shen family, Shen Junyu was very worried about Shen Qinglan alone in the hospital.

"Jun Yu, Qinglan is an adult, she grew up, she is much stronger than we thought." Shen Qian said.

Shen Junyu was silent, he naturally knew, but... he looked at Shen Qian, "Dad, since you decided to hide us, why do you choose to tell us now?"

Since it has been concealed for more than ten years, why not continue to conceal it?

Shen Qian's eyes are distressed, "Because I don't want your mother to be misunderstood again, and hope that your mother is suspicious and get well soon, Jun Yu, your mother has been suffering very hard all these years. Outsiders envy her life and have always loved her. Husband, excellent son and daughter. But who knows that such an enviable wealthy wife is a mental patient who needs medication all the year round to stabilize her condition?"

"You shouldn't hide it from the beginning." Mr. Shen looked at his son with disapproval, because of Chu Yunrong's partiality of Shen Xitong. In the past, Mr. Shen and Granny Shen didn't blame her less. Now I want to come, in fact this Nothing can blame him.

"This thing is that I did not do it properly." Shen Qian admits to be neat.

"Yun Rong's things are put aside first, what do you think of Shen Xitong's things?" Mr. Shen told Shen Qian today's decision, and then asked.

Shen Qian glanced at the silent Fu Hengyi, pondered for a few seconds, and then said, "Dad, since Shen Xitong has moved out, then this matter will be slowed down first. Qinglan is now a celebrity, and his reputation is very important. Shen Xitong The wrong thing was done, so now the public opinion will be biased towards us, but if we issue a statement at this time, it will give people a feeling that Qinglan is the Shen family, and the spear of the public will be directed at her."

Mr. Shen listened to these words, and it was about Shen Qinglan. Mr. Shen would naturally seriously consider it. After thinking for a while, nodded, "Since this is the case, this is slow in advance. But the parents of the family have already come to the door. It is said that we dominate the daughter of others. You take the time to take Shen Xitong with you. The surname was changed."

"Okay." Shen Qian did not have any objections.

Fu Hengyi hadn't said anything, just looked at the time, it was close to supper time, and then stood up, "Grandpa, Dad, I'll give Qinglan some food."

Shen Qian nodded, "I will go with you later, and then you and Qinglan will come back first."

"Dad, let me go, I'll just stay there with my mother." Shen Junyu wiped his face and said.

Shen Qian waved his hand. He has been very busy recently and rarely talks to Chu Yunrong. Now it is rare to come back and he should be with her.

When Fu Hengyi and Shen Qian arrived at the hospital, Shen Qinglan was still sitting in the ward. She looked at Chu Yunrong and didn't know what she was thinking.

"Qinglan, I want to come over for dinner." Fu Hengyi said, Shen Qinglan stood up and walked over to dinner. Shen Qian sat down beside the bed, looked at his wife, and sighed deeply.

Yun Rong, am I doing something wrong from beginning to end?

Shen Qinglan was eating quietly. Fu Hengyi sat and looked at her. After she finished eating, she went home with Fu Hengyi, but when she waited for the elevator, she found that her bag was forgotten in the ward. Fu Hengyi Going to help her get a bag, Shen Qinglan stood there waiting for him, but did not expect to meet Shen Xitong.

Shen Xitong didn't expect that she would meet her even if she came out to get some water. "Why are you here?"

Shen Qinglan glanced at her, her gauze was still wrapped around her forehead, and her face was bruised. Was she beaten?

Shen Xitong looked at Shen Qinglan and looked at his own eyes. Then he remembered the embarrassed look at the moment, "Look, Shen Qinglan, now I am cast out of Shen's house, are you very happy? You finally got your wish, you can be proud."

Shen Qinglan looked at her inexplicably. Sometimes she really couldn't understand the brain circuit of this person. Whether she was in Shen's home, whether it was scenery or frustration, the eyes of Shen Qinglan were all the same. A passerby only, as long as Shen Xitong didn't Touching her bottom line, she could even allow her to leap in her life for a lifetime.

It's just a pity that Shen Xitong doesn't understand this, "Shen Qinglan, I know that you did the things on the Internet. Although I don't have evidence, I know it must be you. I won't forget it."

This is a senior ward. There are not many people. Their conversation did not attract the attention of others.

"Shen Xitong, you look like a mad dog biting people now." Shen Qinglan spoke lightly, but said Shen Xitong's face.

"Shen Qinglan." Shen Xitong gritted his teeth.

Shen Qinglan went further, and Shen Xitong took a subconscious step back. Her fear of Shen Qinglan

had not disappeared since the last time.

"Shen Xitong, people must learn to be taught, if you can't, I can continue to teach you until you learn."
Shen Qinglan's voice was slightly cold.

Shen Xitong's body shook, "What do you want to do?"

Shen Qinglan slightly lifted his lips, "You will know." The fall from the cloud is not over yet, I will let you lose everything you want, let you know, don't covet things that are not yours.

"Shen Qinglan." Shen Xitong wanted to stop her and asked clearly, her last words made her very uneasy, but when she saw another familiar figure, she turned around in a panic and hurried away.

She should not let Fu Hengyi see such awkward appearance.

"Let's go." Fu Hengyi actually saw Shen Xitong, but just glanced back and looked back. He didn't have any interest in why this woman appeared here.

"Fu Hengyi, you said I was too cold-blooded?" On the way home, Shen Qinglan suddenly said.

Fu Hengyi looked at it, and said slowly, "Why did you ask so suddenly?"

Shen Qinglan said quietly, "I remembered many things from my childhood today. In fact, when I was young, my relationship with my mother was very close. She was also very good to me, better than my brother. She kept all the photos of her childhood, even The toys I have played are all there." And they are well kept.

"I've been thinking today, if I acted closer to her after I came back, would the result be different?"

Her voice is a little low, and she can't hear her emotions very high. She is a person who can hide emotions very much, but now she rarely hides her true emotions when facing him.

Feeling her low emotions, Fu Hengyi emptied a hand, held her, and spoke softly, "Qinglan, this matter is not a unilateral reason, we don't know what happened during the time you left, but To be sure, you must have experienced more than we thought,"

Shen Qinglan suddenly looked up at Fu Hengyi, "Fu Hengyi, do you want to know my past?"

Fu Hengyi took a serious look at Shen Qinglan's eyes and gently shook his head.

"Are you curious?"

"Curious, but not now." He thinks that Shen Qinglan is not ready to tell him now, he can wait, even if he doesn't tell for a lifetime, as long as her people will always be by his side, know her past, Fu Hengyi does not matter.

Shen Qinglan smiled slightly and stopped speaking.

At a manor abroad, the gentle-looking man sat in a wheelchair and looked at the flowers blooming in the garden, holding a glass of red wine in his hand. Peter pushed the door in and saw him drinking again, frowning, "Alan, how many times have I said Well, drinking alcohol is not good for your injury recovery, if you want to stand up quickly, then give up drinking."

Allen ignored the man's words and drank the wine from the glass in one gulp before speaking. His voice was hoarse and unpleasant, like the sound of zigzag pulling on the metal, "Peter, your task is to heal my legs, Instead of saying these useless nonsense here."

Peter frowned, and it was a headache. The doctor was most afraid of encountering a patient like Alan who was not obedient at all.

"If you continue to be so uncooperative, I can't guarantee when you can recover, don't look at me." Peter shrugged indifferently when he saw Alan staring at him, "You're useless even pointing a gun at me, oh Or you can kill me directly and go to another doctor to see if you can heal your leg."

Allen looked at him eerily, "Do you think I dare?"

"There are things in this world that you don't dare to do?" Peter laughed. He had been with Alan for a long time. He wasn't afraid of the man in front of him. What's more, there were not many people in the world who could cure Alan. One.

"Three months. At the latest three months, I will stand up." Allen held out three fingers.

"Allen, you dream faster. In your current situation, it is already a miracle that I can make you stand up in a year. Do you think I am really God?"

Allen sneered, "If I can't stand up after three months, I will send you to God, Peter, don't think I'm kidding you."

Peter's face gloomed down and looked at Alan, "Are you serious?"

"Otherwise do you think?"

"Okay, I know. A new drug I have recently studied can really speed up your recovery, but the sequelae and side effects are very large, and the process is more painful than it is now. Do you want to try it?"

"Can I stand up within three months of using this medicine?"

Peter thought about it, estimated it in his heart, and nodded, "Yes, you can stand up."

"Okay." No matter what the price is, as long as he can get him up as soon as possible, he is willing.

"Then I will give you this medicine from tomorrow."

"Starting today, I don't want to wait for a day."

Peter frowned and looked at Alan puzzled. "Alan, what are you in a hurry about? You weren't in a hurry for so many years. Why are you in such a hurry now, what do you want to do?"

Allen's face changed, looking at Peter, his eyes gloomy, "This is not something you should manage."

Peter shrugged, okay, no matter what, he didn't really want to know. Too lazy to ignore this man with a snake disease, Peter went straight away, he was going to do some preparations.

Allen looked at the flowery garden outside the window, and a strange gentleness crossed his eyes. Xiaoqi, you were so disobedient, and you married another man. How can I punish you?

He glanced at his legs, and there was a cruel smile on the corner of his mouth. Have you forgotten me for so many years?

"Master, I'm back." A young woman walked in outside the door and gently called the man in the wheelchair with a respectful tone.

Alan turned around and looked at her. If Shen Qinglan was here, she would recognize that this woman was the one who had faked Leng Qingqiu.

"Promise, do you know what to do if you do something wrong?" Allen said sullenly, his voice cold and indifferent.

Promise shook his body, "Know."

"Go now if you know."

"Yes."

Before promising to walk out of the room, Allen said, "Without my orders, don't claim to do something you shouldn't do, otherwise..."

"Yes." The promise was answered, and he retired reverently, but before leaving, his eyes stayed on Allen for a moment, and his eyes were deeply buried in nostalgia.

Allen withdrew his gaze and continued to look out the window, his face somber, without a smile.

**

Shen Xitong met Shen Qinglan and Fu Hengyi in the hospital. After calming down from the initial embarrassment and anger, she began to think about why they appeared here. Looking at Shen Qinglan didn't seem to know that she lived here.

"Xi Tong, where did you go just now, my mother has been looking for you for a long time." Tian Cuifang greeted her anxiously, and I didn't know how much she really cared about this daughter. In fact, she was just afraid that Shen Xitong would sneak away. They The house is gone.

Shen Xitong looked at her indifferently, "You don't have to look at me like a suspect, you will only make me more disgusted."

Tian Cuifang's old face was stiff, her mind was exposed, and her face was all embarrassed. Shen Xitong smiled coldly, "I know what you want, I can tell you the truth, this house is from the Shen family, not I bought it, the house is not in me In the name, they just lent us to live."

"What? Isn't this big house yours?" Li Yong, who was sitting there and didn't speak, jumped up instantly.

"This house is worth at least 20 million in Beijing. Do you think the Shen family will give it to me?" Shen Xitong looked at Li Yong as if looking at an idiot.

"Aren't you the eldest lady of the Shen family? The Shen family has raised you for so many years, and you didn't even give you a house? Why are you so useless!" Li Yong was so badly damaged that he

regarded the house as his own. Yes, he even took photos to show his girlfriend, and even sent several articles in the circle of friends.

But now he is told that this house belongs to the Shen family, not Shen Xitong, so what does this house have to do with him?

Even if he was stupid, he knew that the Shen family was not something he could afford, and that Shen Xitong had done so much to the lost lady of the Shen family before.

"Li Yong, you wouldn't say cool words to me there. I'm useless. At least I can earn my own money to feed myself, and you are simply a worm." Shen Xitong said disgustedly.

When Li Yong was angry, he was about to beat Shen Xitong, but the moment his fist was raised, his eyes rolled, "Since you haven't bought a house, the money you made should be still there. Take it out and buy a house yourself."

"I have no money, and the partners are calling me these days, saying you want to cancel the contract with me. You don't know? I not only can't get the money, but also pay them a large amount of compensation. When you say this, I'm Thinking of it, now that you have recognized me, it is my family, should I help me repay the money."

Tian Cuifang and Li Yong's face changed when they mentioned paying back the money. Li Yong's eyes glared, "That's the money you owe. Why should I pay it back? I don't have any money." Pulling Tian Cuifang away.

Tian Cuifang left with his son. Before he left, he shouted at Shen Xitong, "That, Xitong, you have a good rest. Mom will go home and stew you soup."

Shen Xitong sneered, you see this is her family, selfish and indifferent, cold-hearted and ruthless.

She, Ye Ran. M. Editor-in-chief of E Entertainment News, specializes in digging first-line star scandals, with unique insights and meticulous thoughts, and is really a camera walking in the entertainment circle.

He, Gu Lengchen. The myth of Xinghai City, President Niu to Fly.

When the two met for the first time, the scene was awkward, and he rescued her in prison.

Then he met again and again, and God made love.

One day, a man with a black belly asked, "Is the editor-in-chief boss big or small, can I have a match?"

Ye Ran's lips slightly raised, flashing a hint of joking: "Don't worry."

A man: "I am missing a wife in my house, why not try it?"

An editor-in-chief is fearless, "Try it."

The first night after marriage...

Ye Ran covered his waist and looked up to the sky: "Where is the lack of a wife at home, obviously he lacks a woman!"
