

Chapter 214: Bite Mark

When Xu Youyou tasted a hint of metallic sweetness, she slowly loosened her bite. When she saw that the mark on his shoulder was bleeding, she looked like a child who had made a mistake. She muttered, "I'm sorry."

Mo Shenbai's face held no trace of anger at all. His eyes carried a hint of a smile as he asked, "Do you feel better now?"

Xu Youyou nodded in embarrassment. Indeed, she felt much better.

"That's good."

As long as she could vent her sadness and frustration, he would be willing to endure it even if she bit him another ten more times or tore off chunks of his flesh.

"You... Aren't you angry?" Xu Youyou asked. Although she was the one who bit Mo Shenbai, she looked as though she was the one who was wronged at this moment.

Mo Shenbai raised his hand and patted her head. "I'm not angry. This bite mark is from you. I like it very much."

Xu Youyou was so moved that her eyes reddened with tears again. She took the initiative to wrap her arms around his neck as she sobbed, "Mr. Bai, you're so nice! You're the best in the world!"

Mo Shenbai's shirt was half-open. His posture was languid as he asked in a casual tone, "Who is better? Xu Jialu or me?"

Xu Youyou: "???"

This question was no different from the 'Who would you save first if your mother and I fall into the river at the same time?' question.

"Do I have to answer?"

'This question is like a death sentence!'

Mo Shenbai scoffed. Then, he raised his hand and pulled down the left side of his shirt to reveal the mark on his shoulder. Then, he asked, "Is this question very difficult to answer?"

"Uh..." Xu Youyou bit her lip and did not dare to hesitate any longer as she said, "You, you're the better. You're the best."

Mo Shenbai's frown eased immediately, and a smile appeared on his face. His hand held her chin lightly as he lowered his head to kiss her.

Xu Youyou subconsciously closed her eyes.

Mo Shenbai did not kiss her for too long and pulled away after a brief moment. His well-defined fingers picked up the fashionable and simple golden bracelet she dropped on the couch before he held her

slender wrist and put it on for her. The golden bracelet looked very good on her wrist. His fingers gently stroked the bracelet and her snow-white skin as the light in his eyes turned scorching.

Xu Youyou lowered her head to look at the bracelet around her wrist before she reached with her other hand to touch it as well. This was left to her by her grandmother. From now on, the bracelet would represent her grandmother being by her side.

Mo Shenbai held her soft hand and looked at her as he asked with a smile, "Why aren't you buttoning my shirt up?"

Xu Youyou blinked at him. "Why can't you do it yourself?"

Mo Shenbai gave her a sidelong glance and said, "You should be responsible since you took it off. Otherwise, I won't be responsible for what I do later."

Xu Youyou understood his meaning immediately. His stamina was so strong that it was abnormal. Every time, when he was done with her, she would collapse on the bed, unable to even move her fingers. At that time, he would help her clean up and change. His words were clearly a threat.

"What's the big deal? Why are you threatening me?" Xu Youyou muttered. Despite her words, her hands were already helping him to button his shirt.

Mo Shenbai only smiled and did not say anything in response.

At this moment...

"Old Mo, bring my sister..."

When Xu Jialu pushed the door open, he saw Mo Shenbai with his clothes disheveled leaning against the couch lazily while his sister was draped across him. He was shocked and horrified!

When Xu Youyou turned around, she saw the wooden expression on her brother's face disappear as anger gradually surged in his seductive eyes. Then, she turned back and looked at the state that she and Mo Shenbai were in. Clearly, her brother must have misunderstood them. She had gotten herself into another embarrassing situation.

On the contrary, Mo Shenbai remained calm. Not a hint of panic or uneasiness could be seen on his face.

Xu Youyou was about to speak when Xu Jialu closed the door behind him before he roared, "Mo Shenbai, you bast*rd!"

Every word was like a knife intended to take Mo Shenbai's life.

"Brother..."

Xu Youyou wanted to explain, but Xu Jialu had no intention of listening. His handsome face was filled with anger, and the hand that was pointing at Mo Shenbai was trembling as he said, "We've just sent my grandmother off, and you tricked Youyou into doing such a thing! Old Mo, do you still have any basic decency as a human?!"

Mo Shenbai glanced at Xu Jialu disdainfully.

Xu Jialu was further angered by Mo Shenbai's nonchalance. "You're a beast dressed in human clothes! Aren't you worried my grandmother will return to look for you?! Are you a f*cking machine?! Every day, every day..."

Xu Youyou quickly rose to her feet and hugged her brother's arm before explaining in a hoarse voice, "Brother! He didn't! It's not what you think..."

"It's not what I think?!" Xu Jialu lost his temper. He roared, "His clothes are half taken off! If I didn't come in, you would've been eaten clean to your bones!"

Xu Youyou's face flushed red. Seeing that her brother did not believe her, she turned around and quickly pulled down the left side of Mo Shenbai's shirt, revealing her bite mark. Then, she said, "Brother, have a look for yourself. I was the one who removed his clothes to bite him. We didn't... Moreover, there are people outside. How could we..."

She was so embarrassed that she could not finish her words.

Xu Jialu was stunned. His anger dissipated immediately when he saw the bite mark on Mo Shenbai's shoulder. Only a speechless expression could be seen on his face at this moment.

Xu Youyou helped Mo Shenbai button his shirt as she turned around and glared at Xu Jialu. "Brother, your thoughts are really dirty!"

A hint of awkwardness flashed in Xu Jialu's eyes. He scratched his nose lightly in embarrassment as he forced himself to say righteously, "How would I know what both of you were really doing? Who knows if you were playing some strange hardcore game? Besides, is there a point in biting the meat of a capitalist?"

Xu Youyou retorted, "You're the strange and hardcore one! Why don't you let me take a bite?"

Xu Jialu shook his head immediately. "My body is so weak that I can't withstand your bite. It's still best to bite a capitalist! They have a black heart, black livers, and black blood. Shedding a little of his blood can be considered as helping us proletarians to vent."

Xu Youyou: "..."

'Weak body? Brother, you really dare to say such words...'

After buttoning the last button, Mo Shenbai rose to his feet and held her hand, leading her out. When they were passing by Xu Jialu, he paused for a moment. His eyes did not look at Xu Jialu as he said with a slight smirk, "People who are dirty in their hearts and minds see filth in everything..."

Xu Jialu: "..."

"You're the f*cking dirty one! Your whole family is dirty! Your ancestors for 18 generations are all dirty!"

Xu Jialu would never admit defeat in a war of words.

However, Xu Youyou kindly reminded Xu Jialu, "Brother, his family includes me as well..."

Xu Jialu: "..."

'I've lost! I've lost completely!'

...

The Old Madam of the Lin family wanted to attend Old Madam Xu's funeral. She had said she wanted to send her old friend off on her final journey. However, everyone in the Xu family knew that she came to plead on behalf of the Lin family.

Although Old Madam Xu's condition was not getting better, if Wang Xiaohui did not come and provoke Old Madam Xu or delay the doctor from resuscitating Old Madam Xu, Old Madam Xu would have been able to hold on until this coming winter at least. Wang Xiaohui could be considered to have indirectly caused Old Madam Xu's death.

Previously, the Xu family had called the police, and Wang Xiaohui was currently being detained. After the funeral, the Xu family planned to sue Wang Xiaohui.

Apart from that, although Xu Jialu had been busy with Old Madam Xu's funeral over the past few days, he did not forget to target the Lin family business.

Currently, the Lin family was facing enemies on all sides, and Lin Huai was so busy that he did not even have time to take care of himself.

As such, Old Madam Lin was naturally very anxious. Alas, the Xu family's attitude was tough and unyielding. They refused to let anyone from the Lin family attend the funeral. Earlier, Old Madam Yin was stopped outside of the cemetery. However, she did not give up and even followed them to the hotel before coming here as well.

Xu Youyou and Mo Shenbai came out knowing that Old Madam Lin was outside. After hesitating for a moment, they decided to go out and meet her.
